BODY OF DEAD FLYER VIEWED BY THOUSANDS

Remains of Carranza To Leave N. Y. Wednesday After Great Military Funeral.

New York, July 16—(AP)—The body of Captain Emilio Carranza will be started on its journey to Mexico City Wednesday by one of the largest military funeral processions New York has ever seen.

The coffin is to be borne through the streets on a gun caisson draped with the Mexican and United States flags and followed by 10,000 soldiers, marching to the beat of muffled drums.

Leaving here at 3 P. M. Wednesday over the Pennsylvania system the special funeral train will make no stops until it reaches Laredo, Texas where it is expected at 5 P. M. Friday.

Ten thousand persons, many of them Mexicans, yesterday viewed the body of Carranza's "Lone Eagle" killed last Thursday night in the pine belt of New Jersey when his plane crashed shortly after he had taken off from Roosevelt field for Mexico City.

Hundreds more viewed it Saturday. No religious services will be held in this country, in line with the request of Arturo Elias, Mexican consul general in New York.

Sebastian Carranza, father of the flyer, who is attached to the consul general's office here, did not visit the funeral establishment.

GIRL ADMITS SHE KILLED STEP-FATHER

Missouri High School Girl Kills Parent to 'Bring Peace Into Family.'

Bismarck, Mo., July 16—(AP)—Ada Biggs, 19-year old high school graduate, was in the county jail at Farmington, today after police said she had admitted killing her step-father, William Silas Simpson, garage owner and mechanic.

The girl who was graduated from the Bismarck high school this spring said she shot her mother and uncle and planned for some time to do away with Simpson to bring peace into the family.

According to stories of the trio, Greenwald and Mrs. Simpson loaded a shotgun and gave it to the girl. She cocked the weapon because she was unfamiliar with firearms.

Ada was then sent outside while Mrs. Simpson and Greenwald raised a window. She managed to get open unexpectedly before the open window where she was shot in the head by her stepfather.

Four small children of Mrs. Simpson by her present marriage were asleep in the home at the time the uncle had been living on the Simpson home and working in Simpson's garage.

The shooting brought a crowd of people to the Simpson home and efforts to track the slayer with bloodhounds were futile. Greenwald was later arrested on suspicion and his confession paved the way for the confession of the girl and her mother, police said.

The car was driven by J. B. Johnston, who with two other occupants Mr. Joe Boyd and Mrs. Elizabeth Thibault, also received painful cuts and bruises. They were bound for Morehead City.

The car caught fire immediately after turning over and the occupants barely had time to extricate themselves before flames reached the place where they were confined.

The accident occurred when the car in which the local people were riding was forced out on a slick abutment by two cars parked in the road, one of which came to a sudden stop directly in front of them.

Mr. Johnston left the road in an attempt to avoid a collision, and his car served and turned over on the top before it could be brought to a stop.

The car was badly damaged both by fire and the impact.

HERB HOOVER STOPS OVER AT SUPERIOR

Presidential Nominee Visits President Coolidge at Summer White House.

Superior, Wis., July 16—(AP)—Secretary Hoover arrived here today at 8:27 A. M. on board his special train from Washington to visit President Coolidge. Sirens were blowing and bells were ringing as the train pulled into the station with a large crowd waiting.

Large crowds had been waiting for over one hour. The presidential nominee appeared on the rear platform of his car before they came to a standstill. Loud acclamations greeted his appearance, coupled with cries of "He will give us the St. Lawrence Canal."

Mrs. Hoover joined her husband on the platform, causing a new ovation, especially from the large contingent of women in the crowd. Former Senator Irvine L. Lenroot of Wisconsin, was first to greet the party. He introduced prominent members of the reception committee.

Everett Sanders, Secretary to President Coolidge and Col. Oshun Latrobe were on hand to convey to the Republican nominee the greeting of Mr. Coolidge.

Secretary Hoover smiled and waved at the crowd which pressed all around the car and prevented him and his party, including representative and Mrs. Tilson of Connecticut from descending to the platform.

Police reinforcements made a way through the crowd and enabled secretary Hoover and his party to abandon the train. Two bands struck up at this point competing with the applause of the crowd in bidding Mr. Hoover welcome. Amid this roar the Republican nominee was introduced to more members of the reception committee.

Superior, Wis., July 16—(AP)—The hospitality of the summer White House today was offered to Secretary Hoover by President Coolidge for a two-day break in his long trip to the Pacific coast.

Awaited at Superior by a clamorous demonstration, the Republican presidential nominee was called upon to participate in a parade organized in his honor before being greeted by Mr. Coolidge at his Cedar Island Lodge.

Patterning his plans upon those elaborated by the city when Mr. Coolidge arrived a month ago, the local Hoover Club had made preparations for a welcome as impressive as that which met the chief executive. All local agencies and organizations had been called upon to aid in the ceremonies and to urge the greatest number of citizens to welcome Mr. Hoover to Superior.

The city had been prepared for the occasion. Streamers and banners had been distributed to shops and houses along the line of the parade and lamp posts had been

PLANE FALLS INTO LAKE

Lieut. Bradshaw Missing After Plane plunges into Lake S. Clair Today.

Detroit, July 16—(AP)—Lieut. Charles E. Bradshaw, army flyer, who only a week ago joined the First Pursuit Group at Selfridge Field, was killed today when a plane in which he was practicing flying plunged into Lake St. Clair near the field, from an altitude of 1,000 feet.

The plane was towed to shore but the body of the pilot was missing. A pilot book found in the wreckage bore the name of Lieut. Bradshaw and was identified by Col. Charles H. Danforth, commandant at Selfridge Field.

MEXICO'S GOODWILL FLYER KILLED IN CRASH

Capt. Emilio Carranza, Mexico's air hero, was killed when his plane crashed during a storm in a secluded section of New Jersey soon after his take off on an attempted New York-to-Mexico City nonstop flight. Picture shows the battered fuselage and part of the wreckage, which was strewn for a quarter of a mile.

CAPTAIN OF GREAT OCEAN LINER DEAD

Commodore Sir James Charles Dies After Boat Docks at Southampton.

Southampton, England, July 16—(AP)—Blue water fever, or an ex-sailor's longing for the sea, never will be experienced by Sir James Charles, commodore of the Cunard fleet, who made 728 trans-Atlantic voyages.

After 48 years on the ocean, which he was reluctant to leave, Sir James was stricken with a fatal illness in his last voyage on the Aquitania prior to his retirement formally on Aug. 2, his 63rd birthday. He died in a hospital soon after the liner docked here.

Passengers said today that on this last voyage the captain showed signs of emotion and distress from time to time. Whether this was an emotional struggle between the prospect of rest and his attachment to the long career on the sea they were unable to say.

He spent more time than ever on the bridge. Though he was as affable as ever in conversation he seemed reluctant to spend much time talking.

During the last two days of the trip, Sir James was almost constantly on the bridge. He rejected the offers of other officers willing to relieve him and ignored the warning of the ship's surgeon that he should take a proper rest.

The night before the Aquitania reached Cherbourg a futile effort was made to persuade Sir James to allow Staff Captain Dolphin to navigate the vessel into the harbor. The commodore stayed at his post and until the pilot, who was to take the ship to Southampton, came aboard would be retired.

Instead of going to his cabin he lay down on a couch in the chartroom. He had been there only a few minutes when a violently ringing of the chartroom bell warned officers that something was amiss. Two officers entered and found Sir James in a state of collapse and in great pain from internal hemorrhage. He was treated with narcotics all the way across the channel.

His wife had been warned of his illness in advance. She hastened to the quay at Southampton and was there when the Aquitania docked. Sir James was unable either to recognize her or speak to her. He was taken in an ambulance to a hospital before passengers had left the ship. The commodore's flag was lowered to half mast, announcing his death.

Cargo of Wine Adrift, Holds Up Navigation

Havre, France, July 16—(AP)—The lower Seine was closed to navigation until further notice today because of the danger to ships propelled by 6,000 barrels of wine adrift from the French steamer Comgreb Aossa. The vessel, coming from Algiers, went aground in the Estuary near Montfleury.

The underwriters were offering a premium of four dollars a barrel to persons retrieving the wine. The ship was stated to be a total loss together with the rest of the cargo which consisted of wheat and sulphate. The cargo estimated to be worth nearly a million dollars.

Texas "Bolters" Plan Alliance With G. O. P.

Dallas, Tex., July 16—(AP)—Effecting an anti-Smith alliance, Texas Democratic party bolters today were mobilizing with a view to effecting an alliance with the state Republican organization before the primary balloting July 28.

While the week-end brought more names to the roster of Democrats opposed to the election of the New York governor, candidates for state offices who are aligned like this faction continued to face the prospect of having their names scratched from the primary ballots in several counties. A case intended to test the authority of county executive committees to bar party bolters from the ballots is pending before the court of civil appeals at San Antonio.

In this suit Thomas B. Love, candidate for Lieutenant Governor and a former national committee man, seeks to compel the executive committee of Cameron county to recognize his candidacy despite his declaration that he would not vote for Governor Smith. Love appealed after the district court held the Cameron county committee was justified in not recognizing his candidacy. The Galveston county committee, in taking similar action, pointed to a supreme court decision several years ago, holding party bolters could be barred from primary ballots.

With this case pending, Love and others avowed "bone dries", who unsuccessfully sought to instruct the Texas delegation to the Democratic national convention against Governor Smith, went ahead with plans for an alliance with the Republicans which the hope to perfect at a meeting here tomorrow. Among the plans advanced for the alliance, was the proposal to name an anti-Smith group of presidential electors to be substituted for the Republican electors.

THREE GREAT POWERS ARE AGAINST WAR

Secretary Kellogg's Treaty for Renunciation of Warfare Receives Favor.

Washington, July 16—(AP)—Secretary Kellogg's proposed treaty for the renunciation of war today bore the approval of three great European nations.

To Germany's unqualified acceptance there was added over the week-end the endorsement of Italy and France. Neither nation mentioned any reservations or qualifications. Foreign Minister Briand declared simply that France is "entirely disposed to sign" while Premier Mussolini set forth that Italy "is disposed to proceed" to placing its signature upon the covenant.

To add to the gratification of Washington officials, word was at hand that Great Britain stood ready to approve the treaty and might dispatch a note to that effect some time this week. Spain, too, was said to look favorably upon the American proposal.

The French and Italian notes were made public last night at the State Department. In expressing its approval France reviewed the provisions of the treaty and took occasion "to render homage to the generous spirit in which the government of the United States has conceived this new manifestation of human fraternity."

The Italian note was concise, consisting, in addition to the usual felicitations, of scarcely seventy words. It expressed approval of the interpretations of the proposed treaty, as conveyed by Secretary Kellogg in his recent note, and Italy's willingness to sign.

Including Great Britain and Spain, replies from eleven countries have yet to be received. A draft of the proposed treaty and Secretary Kellogg's note of interpretation were dispatched on June 23 to fourteen nations, including British dominions at the suggestion of the London government and Belgium, Czech-Slovakia and Poland at the suggestion of France.

Child Killer To Die at Toledo

Toledo, O., July 16—(AP)—Charles J. Hoppe, 26, must die in the electric chair for the murder of Dorothy Sielgowski, 7, his wife's cousin whom he killed after he had kidnapped her from her bed May 29. The death penalty was announced today by decision of the three common pleas judges who heard the evidence on his sanity after he confessed to the slaying. Hoppe also signed an alleged confession that he killed Miss Lily Dale Croy, a Toledo school teacher, two years ago. Hoppe was sentenced to die October 26.

SEEK RELEASE IN POSTOFFICE CASE IN MISS.

Three Men Indicted on Patronage charge Attempt to Arrange For Bond.

Biloxi, Miss., July 16—(AP)—Three men under arrest on indictments returned by a federal grand jury investigating alleged bartering of federal patronage by state Republican leaders in Mississippi were prepared to seek their release from custody under bond following their arraignment today. Each had retained counsel and arranged for bail.

The three men held are charged with violation of the federal act of December 11, 1925, prohibiting purchase and sale of public offices and also with conspiracy under that offense. They are William E. Miller, postmaster at Wiggins, Miss., J. C. Tannehill of Sumrall, Miss., former deputy United States marshal, and Ed Patton, Jackson, Miss., negro political leader.

Tannehill and Patton were arrested Saturday in Jackson. Miller was taken into custody yesterday here, for the department of justice heads the group of attorneys working on patronage indictments, Mrs. Mabel Willebrand, assistant United States attorney general, having left yesterday to attend the American bar association convention in San Francisco after a stop over in Chicago.

Miller was said to have made a comprehensive statement to federal authorities concerning the method by which he gained his appointment to the Wiggins postmaster-ship. But details of the statement have not been obtainable. The grand jury, it was said today will continue its investigation.

Jackson, Miss., July 16—(AP)—Four men were arrested here today on indictments brought by the federal grand jury at Biloxi charging "the purchase and sale of public offices."

They are Scott Hubbard, deputy United States marshal; D. Redmond Jackson, negro attorney; A. M. Redmond, negro, Jackson; and E. L. Patton, Jackson.

This was the seventh charge against Patton who was arrested Saturday on six indictments. The men made temporary bonds in the amount of \$2,500 for their appearance at Biloxi tomorrow.

PLAN INQUIRY INTO NOBLE'S POLAR FLIGHT

Burying Alive of Dr. Fin Malmgren Causes Storm of Criticism in Russia.

Moscow, July 16—(AP)—The Russian aviator Chukhrovsky and his four companions, who were marooned by a forced landing near Cape Platen on July 12, were taken aboard the Russian ice-breaker Krassin, at 10 p. m. Sunday. News of the safety of the party came by radio from Prof. Semolovitch today.

Stockholm, July 16—(AP)—Swedish officials today were considering what steps could be taken toward a formal inquiry into General Umberto Nobile's fatal expedition to the north pole. The newspapers were suggesting a judicial investigation.

The newspaper Dagbladet printed a report, of which the source was not given, saying that General Nobile "in fact the Italian government's prisoner and he is forbidden to leave the base ship, Gitta di Milano before he has given the world a clear account of the Italian catastrophe and later events."

Swedish flyers in Spitzbergen have been ordered to clear up the mystery of Dr. Finn Malmgren's fate. His Italian companions buried him alive in the ice, but the admiral announced it had received no confirmation of the Swedish scientist's death. The search was ordered on the slim chance that he might be alive.

An expert on international law said that it offered no hindrance to a formal inquiry into the Nobile expedition but that difficulties of a political nature might be encountered. He suggested that Sweden might propose a Norwegian trial of some sort since the Spitzbergen archipelago is under the jurisdiction of Norway.

It was thought by others, however, that such an investigation would be hard to arrange as the jurisdiction of any country could only be vaguely defined. It was pointed out that Dr. Malmgren had been left to perish in a sort of "No Man's Land," and this no country would have a clearly defined right to command a judicial inquiry.

General Nobile sent a message to Stockholm saying that he had no misunderstanding with Dr. Malmgren. He asserted that relations of the whole party were at all times frank and cordial.

Moscow, July 16—(AP)—Statements by companions of Dr. Finn Malmgren, who survived the crash of the dirigible Italia, that he was buried alive in a grave of ice caused a storm of criticism in Russia today.

A radiogram to Tass, Soviet news agency, from Prof. Semolovitch, head of the Russian relief expedition aboard the ice-breaker Krassin said he asked the Swedish scientist two rescued companions, Captains Mariano and Zappi, for details of Malmgren's death. He was told how they dug a grave for Malmgren who waved them on, saying: "Go! Go! At the price of my life you'll save all."

Strong criticism was voiced in the Soviet press not only of the burial of Malmgren alive, but also of General Umberto Nobile's being rescued first and the conduct of the Italia expedition.

The feeling in certain circles was reflected in a poem by Valdimir Mayakovsky, noted Soviet poet, printed in the newspaper Komsomolskaya Pravda. A translation of its closing lines reads: "Now say you who flew how your leaders botched the job? We await Nobile's live word: why have you fled?"

Where is Malmgren? Has he died or have they left him alive? Captains Mariano and Zappi and Dr. Malmgren started from the scene of the crash of the Italia across the ice for land on May 30. In their march they suffered untold privation. For days they drifted on floating ice. Zappi was quoted as saying that several miles to the southwest of Brok Island Malmgren was buried alive.

Chinese Leader Shot To Death

Shanghai, July 16—(AP)—Nationalist authorities were informed today that Yang Chen Hsin, military governor of Chinese Turkestan, had been shot to death on July 7 by soldiers of the escort of the commissioner of foreign affairs.

The governor was distributing prizes at the Russian school of language at the time. The assassin reported to have been arrested. Chinese fear that the assassination portends an outbreak of the trouble in Chinese Turkestan which is believed to be permitted by Soviet influence.

MANY LIVES CLAIMED BY HEAT WAVE

European Countries Report Many Prostrations and Drownings Last few Hours

London, July 16.—(AP)—All parts of central and southern Europe were reported to have beenharassed wave which has claimed many victims through prostrations and drownings.

Five days of high temperature in England culminated Sunday with the mercury reaching 91. In Vienna it reached 112 and large parts of Germany, France, Belgium and Holland recorded the temperature at various points between 91 and 97.

Four deaths and eleven prostrations in Belgium. There was great increase in the number of bathing casualties in Austria, more than 100 bathers having been drowned in rivers and lakes since July 1. Many bathing accidents and heat prostrations were recorded in England.

Seaside and river resorts in England on the continent were crowded the visitors spend most of their time in the water. The public swimming pools and baths in all of the cities were packed with persons unable to go to the shore.

decorated with flags and standards. Large photographs of the Republican candidate had been offered to shops for window display.

Superior had been warned that Mr. Hoover would make no speeches on this visit. The crowds were prepared therefore to be satisfied with nothing more than to see Mr. Hoover appear on the rear platform of his train with Mrs. Hoover by his side.

The program next called for the Republican standard bearer to lead a long parade of automobiles through the city on his way to the summer White House. Two more bands had been conscripted to set a slow pace along the city route and to attract as many onlookers as possible to the sidewalks.

American Legion members and Boy Scouts had been detailed along the streets at 20 yard intervals to keep pedestrians off the streets and to stop traffic at street intersections. These had been ordered to salute smartly and stand at attention as the parade passed.

The line of march closed at the city limits to allow Mr. Hoover to proceed alone to Cedar Island Lodge.

At Cedar Island Lodge Mr. Coolidge was reported as awaiting Secretary Hoover with the expectation of long political discussions before his guest's departure. Until Mr. Hoover's arrival, however, the chief executive was represented as having received no specific indication direct from the Republican nominee as to what matters the latter wanted to consult President Coolidge about.

gren was unable to march on. He told his two companions to go on ahead and take all the provisions. Zappi's account continued:

"Before leaving Malmgren asked us to dig a grave in the ice and he lay down. Quietly he stretched out his hand bidding us adieu, and handing us his compass, requesting us to give it to his mother.

"We plodded only slowly. In 24 hours we were only 100 meters from Malmgren. We saw Malmgren raise his head. Hoping that driven by hunger he would go on with us, we waited. Realizing this, Malmgren cried:

"Go! Go! At the price of my life you'll save all!"

"We marched on."

A mile from Brok Island Mariano became blind. Again they drifted with the ice. During their wanderings they saw six airplanes only about a mile distant but the Soviet flyer Chuknovsky from the Krassin

SOUTHERNERS AT SORORITY CONVENTION

was the only one to see them. For twelve days they had not eaten anything Mariano felt death approaching. He begged Zappi to place his body aboard the Russian plane if the airman should succeed in landing. His ebbing life revived when the Krassin approached to pick them up.

The Krassin then pushed on to secure the five men commanded by Lieut. Alfredo Viglieri at the scene of the disaster. The group heard the Krassin's sirens and sighted her shortly after 4:15 p. m. Thursday. They radioed their position directing the ship to them. Smoke signals and rockets were sent up by the Viglieri group. Five and a half hours after they had heard the siren they were safe aboard the vessel.

The Viglieri group was found to be well provided with food and warm clothing. They had three pneumatic boats ready for emergencies such as the break up of the ice.

Saved From Drowning.

Lake Lure, July 16.—(AP)—Miss Virginia Pope, 16, of Charlotte, narrowly escaped drowning here yesterday. She was saved by Leonard Snyder, life guard, as she was going down for the third time.

It was necessary to use artificial respiration to revive her.

Woman Hurt By Plane Propeller

Washington, July 16.—(AP)—Suffering from a fractured skull, the result of walking into a whirling airplane propeller, Mrs. Hugh D. Auchingloss, who is prominent socially both here and in New York, was in a critical condition today at the Providence hospital.

Landing at the naval air station late yesterday after a short flight over the city, Mrs. Auchingloss emerged from the cabin of the airplane and hurrying to the other side stepped directly into the orbit of the spinning blade.

A naval ambulance was hurriedly summoned and the injured woman rushed to the hospital. On the way, emergency treatment was rendered by an army physician attached to Bolling Field. A blood transfusion was ordered at once and Dr. H. G. Grove gave more than a pint of his blood in an effort to save her.

The physicians said she had but a remote chance for recovery.

BOGOTA FLYER FORCED DOWN AT DILLON S. C.

Billon, July 16.—(AP)—With one wing of his plane damaged in landing on the Dillon fair ground here

yesterday afternoon, Lieut. Camillo Daza Colombian flyer en route from Washington to Bogota, Colombia, was waiting here today for trucks and mechanics from Pope Field, Fort Bragg, N. C., to help him make repairs.

The aviator who was unhurt in landing here spent the night in a hotel. Plans for resuming his flight were undecided pending the arrival of repair men from Fort Bragg.

Daza made his landing here yesterday after losing his way. He had intended to stop at Pope Field.

WOMAN DEMOCRAT TO SUPPORT HOOVER

Huntington, W. Va., July 16.—(AP)—Mrs. Frank W. Mann, former Democratic national committee woman for West Virginia, announced today that she would support Herbert Hoover, Republican nominee for President at the November election. Mrs. Mann, an anti-Smith delegate to the Houston convention, was ousted as national committee woman by the Smith delegates, who elected Mrs. Rose Burchinal. Mrs. Mann protested the election but the state committee upheld the delegation.

Auto Race Driver Badly Injured in Dirt Track Event

Detroit, July 16.—(AP)—George Souders, youthful auto race driver and winner of the 1927 classic at Indianapolis, was in a critical condition today at a hospital as the result of injuries received in a dirt track race yesterday.

Traveling at a terrific speed to regain mileage lost when forced to the pits, the Lafayette, Ind., pilot's machine plunged through the inner rail of the fair grounds track and crashed into the infield, turning over several times. Souders was taken from the machine suffering from a compound skull fracture, fractures of both arms and severe contusions about the body.

At the hospital, physicians indicated there was little hope for recovery.

The race, a 100 mile affair, was won by Howard Taylor, of Flint, Mich., who negotiated the distance at an average speed of 73 miles an hour.

Latzo Out For Light Crown

Wilkes Barre, Pa., July 16.—(AP)—Pete Latzo, pudgy scranton miner sets his second shot at the light heavyweight crown in six weeks when he takes on Tommy Loughran, clever Philadelphia titleholder, in a 10 round bout here tonight.

Pete is hoping for a little better luck tonight than he had in his first tangle with Loughran at Ebbets Field Brooklyn, June 1. The coal miner entered the ring that night conceding no chance of even making the champion work hard enough to breathe, but Pete astonished the experts by carrying the fight to Loughran the whole way.

For ten rounds Latzo held an edge on points but Tommy speeded up in the last five and boxed his way to a close decision.

They were brought to Greenville where bond was arranged for the appearance at the next sitting of county court.

DR. HARDING TO SPEAK AT COLLEGE WEDNESDAY

The noted astronomer, Dr. A. M. Harding, will give one of his interesting lectures at East Carolina Teachers College, on Wednesday evening, at 8:30 o'clock. His subject will be "Our Heavenly Home" and the object of both the talk and the pictures will be to make every one feel at home among the heavenly bodies.

Some of those who heard his lecture at the College three years ago are looking forward to this more than to any other attraction in the series of entertainments. While he is a scientist who knows his field he also knows how to translate the technical language into everyday language and to bring the remote,

SIX NEW MEN ACQUIRED BY TOBACCONISTS

Six new players acquired by the Greenville club of the East Carolina League, will be seen in action during the present week, according to announcement made today by Tommy Abbott, manager of the local club.

It is more than probable that three or four of the new men will appear in the line-up today, Abbott said. This, however, will be largely determined by the way they show up in practice. The club will play on the home lot today and Tuesday. The next four days they will play in Goldsboro and Fayetteville.

The new players are: Bickhum, Grosjean, Crow, Brunner, Barton, and Boswell.

Bickhum is an outfielder. Grosjean is a shortstop. Both appeared in Saturday's games at Wilmington. Bickhum is a giant in size and is noted for his ability to read the ball. While Grosjean did not register much with the bat in his initial appearance, his fielding proved to be an exceptionally brilliant nature. He is expected to deliver with the stick, also.

Lee Crow, veteran third-sacker from the disorganized Sanford club of the Florida State League, arrived in Greenville yesterday. He is a veteran player, and has an enviable fielding record. He also has a high rating with the willow.

Brunner and Barton, infielders, and Boswell, pitcher, also reported for duty yesterday. Brunner is a product of the Eastern League. The later two come from the Eastern Shore League, and reported to the local club in response to wire for help from Jack Dunn's Baltimore club. All three are considered good material and Manager Abbott is expecting them to come through with some real playing.

Abbott said he expected much from Lee Crow, not so much from his playing ability, as his experience and ability to steady young players in the heat of battle.

With the local outfit resting serenely in the cellar, the Tobaccoconist manager started off the week with a determination to climb the standing of clubs column until he reaches the top. He said he realized a long, hard fight lay ahead, but with new material and every man battling for club supremacy, prospects for the future are brighter than they have been at any other time this season.

Local people were urged to turn out in large numbers and boost the club on to victory during the last two months of play.

GENE TUNNEY RESTS TODAY

Spectacular, N. Y. July 16—(AP)—Believing himself to be almost at the peak of his fighting form Gene Tunney decided to omit all boxing from his training program today. A few miles of roadwork was the only exercise he was willing to undertake to fit himself for the defense of his world's heavyweight title against Tom Heenev, the New Zealand blacksmith, on July 26 at the Yankee Stadium.

Tunney's decision to forgo his daily ring session with sparring partners and punching bags followed close on the heels of Tex Rickard's statement that the champion was a bit too fine for this stage of his training with the titular bout still ten days away.

Rickard saw Tunney work out for the first time yesterday when he made his initial visit to Spectacular where Gene's scheduled training quarters are located. Rickard was accompanied by a large party of business executives and newspaper men and the combination made it a unique occasion.

For their benefit, Gene went through all his training routine, omitting only the roadwork, and his physical appearance, as well as his boxing impressed the visitors.

Though Tunney was hit often by Harold Mays, his Bayonne, N. J., heavyweight sparring partner, the champion flashed impressively. Mays caught him with several left hooks to the head in the first session of their three round bout and one of these blows opened a slight cut on Gene's lower lip.

Tunney then settled down to business and rushed Mays about at a furious pace, landing blows from all angles. Mays said after the workout that Tunney was hitting harder than ever and was more accurate than he has been since he started training for the coming conflict.

PIRATES WIN DOUBLE BILL FROM LOCALS

Greenville took a firmer hold on the cellar position Saturday when they dropped both games of a double header to Wilmington, at Wilmington, by the scores of 5 to 3 and 2 to 1.

Newsome pitched effectively for the Pirates in the first game, holding the visitors to three hits. Weaver, Wilmington manager, came through with two home runs in this contest. Greenville was held scoreless until the seventh frame when two free passes to first and a circuit drive by Bailey netted three runs.

Pirate mound work was done by Cusack, Cuban hurler, from the Florida State League, in the final game. Allen started out to do the mound work for Greenville, but retired after an argument with the umpires. He hit a home run before doing this, however. He was replaced by Dudley.

The game was witnessed by three thousand people.

TOM HEENEV ALL SET FOR BIG BATTLE

Fairhaven, N. J., July 16—(AP)—This is Tom Heenev's day of rest, his last before engaging Gene Tunney for the world's heavyweight championship in the Yankee stadium a week from Thursday night.

The sturdy New Zealander, after working an equivalent of nine rounds last night, will pick up his training tomorrow night and carry through until the finish without any further lay-offs.

When he resumes boxing he may have the opportunity of trading punches with Mickey Walker, middleweight champion. Walker watched the challenger in action last night and seemed to feel the urge of scrambling into the ring with him. He made no definite promise, however, but said he would like to work out at least a couple of rounds. He may box tomorrow.

"Heenev looks like he is in condition and will give Tunney plenty of trouble if the contest ever passes the tenth round," Walker said. "He can take a lot of punishment and keep on going forward in face of heavy shelling. Tunney, no doubt, will stab him frequently with his lefts but he will catch plenty of punches in return. Make no mistake about that. Heenev in my opinion will crowd him from the start and Tunney doesn't like to be crowded."

On the eve of his final ten days of training, Heenev is confronted with managerial dissension that may become an open break at any time unless his American and English managers decide to patch up their differences. The friction is between Charley Harvey, Heenev's American business representative, and John Mortimer, brother of Bernard Mortimer, of London, who holds a five year contract for Heenev's services, expiring in July, 1929.

The contract between Harvey and the Mortimers is reported to be equitable but there have been sharp controversies over details which have smoldered until it appears that the least wind of argument may make them take place. The issue apparently, is the present financial arrangements and the future services of Heenev.

PATRIOTIC NEWS NOTES

Two games have been decided in the Patriotic league, or Red, White and Blue league, to which a fourth team, the Green has been added because of the number of boys who wanted to play in the league. Sumner's Bluebirds thus take rank with the White Ghosts in the lead by a 9 to 0 win over Settle's Green-villians. Each week four games are to be played, thus giving each team two games. No games will be played on Monday, which will be considered a general practice day for all. Saturday will be considered a day to make up any games lost by reason of rain.

This week's schedule will bring Red and Blue together tomorrow (Tuesday); White and Green on Friday. This will be a swing once around the circuit. The league season consists of three games around August the season will end about August 11, with a final game between the champions and a picked team at the Fair Grounds, and a special one day outing for the winning team.

DODGERS STOP FAST PACE OF SAINT LOUIS

(By Herbert W. Baker)

Thanks to Del Bissonette and the Brooklyn Dodgers, the National league pennant race has not yet developed into a runaway affair with the St. Louis Cardinals doing the running and the rest of the field panting along a city block or two to the rear.

The Dodgers in general and M'sieu Bissonette in particular continued to upset the league leaders yesterday for the second successive day, 3 to 1 and the New York Giants, defeating Cincinnati again, moved up to within four and a half games of the Cardinals.

Bissonette has been responsible for most of the mystery of Cardinal pitchers the last two days.

Freddy Fitzsimmons won his own game at Cincinnati when he doubled in the eighth inning, scoring Mel Ott with the run that gave the Giants a 2 to 1 victory over the Reds.

Taking over the Phils 6 to 3 for their sixth straight victory the Chicago Cubs clung to their third place post, two percentage points back of the Giants.

Babe Ruth and Lou Gehrig made it 53 home runs for the year as the New York Yanks captured both ends of a double header with the Cleveland Indians 3 to 0 and 6 to 4. Herb Pennock ran his string of consecutive scoreless innings to 26 in the first encounter and his single in the sixth drove in two of the three Yankee runs. Ruth hammered out his 34th homer of the year in the first inning of the nightcap and Gehrig got his 19th in the fifth.

Ruth now stands fifteen games, 13 days and four home runs ahead of his 1927 record. Myle Thomas, making his first start of the year for Yankees, got credit for the win.

The Senators finally yielded in the 12th inning when the Browns pushed across two runs and won 6 to 4.

AMERICANS PLAN TO REGAIN SPRINT HONORS

S. S. President Roosevelt enroute to Amsterdam, July 16—(AP)—With Charley Paddock's amateur status apparently settled after a blustery week's debate, Lawson Robertson, head coach of the American Olympic tract and field team, has mapped definite plans designed to regain Olympic sprint supremacy for the United States.

The last chance of any new development in the California sprinter's status seemingly was dissipated yesterday when the Olympic committee rejected the appeal of Roland Locke, Matt McGrath, Weems Baskin and Norton Jackson, that they be included on the team when the final entries are filed July 19.

Locke had been official athlete.

which Paddock's status was upper fire just before the Olympic team sailed but it was understood that the coach favored running Henry Russell, former Cornell sprinter, in the 200 meters at Amsterdam if Charley were moved from the squad. It is planned now to adhere to the final selections in each sprint with the maximum nomination of eight in the four hundred meter relay.

Market Report Cotton--Stocks--Grain

COTON
New York, July 16—(AP)—Reports of improving crop conditions over a large part of the belt seemed responsible for a renewal of liquidation in the cotton market today and a decline of approximately \$4 1/2 a bale.

October contracts sold off to 21 1/2-cent level, but this price evidently brought in a little more buying as the mid-season market showed rallies of several points from the lowest.

Futures closed steady 26 to 38 points lower; spot quiet; middling 21.60.

CHICAGO GRAIN
Chicago, July 16—(AP)—Word of 3,008 cars received at chief terminals southwest, against 1,286 last year sent wheat down today to new low price records for the season.

Weather conditions here were favorable with cooler temperatures auspicious for spring wheat predicted for the northwest. There was also an increase of 1,148,000 bushels in the United States wheat visible supply total.

Wheat closed unsettled 7-8 to 1 1/4 net lower; corn 3-8 to 1-2 to 1 3/8 off; oats 3-8 to 1 down and provisions unchanged to a 1/8 of 30 cents.

STOCK MARKET
New York, July 16—(AP)—Extreme dullness again characterized today's stock market, with the general list drifting lower on a resumption of selling for both accounts.

Standard Industrials and rails fell 1 to 5 points as supporting orders were withdrawn, and a few of the high priced specialties broke 5 to 11 points.

Call money renewed at 6 1/2 per cent and was in such plentiful supply that the rate was dropped to 6 in the early afternoon. There was no appreciable calling of loans.

With the prospect that all Federal Reserve banks shortly will establish the 5 per cent rediscount rate, and a further advance is likely before the end of the summer, speculators for the advance showed little disposition to go ahead with their operations.

Despite the favorable character of most of the current sales and earnings reports, the motors yielded rather readily to selling pressure. General Motors fell 3 1/2 points before it encountered effective buying support, and Chrysler, Studebaker, Packard, Nash and Hudson yielded a point or more. Steels failed to respond to reports of expanding operations in some districts.

Airplane shares were again the targets of bear attacks, Wright being hammered down 4 points and Curtiss 3 1/2. Oils, which showed signs of starting a new forward movement last week, also joined in the decline, Houston breaking 6 1/4 points, Indian Refining preferred, 5 1/4 and Indian Refining common and certificates and Atlantic Refining about three each.

American Seating and New York Dock sank to new low levels for the year.

With the exception of Delaware & Hudson, which advanced a point, most of the rails receded with the Industrials, but the losses were not as large. Southern Railway and Wabash each dropped more than 2 points and Missouri Pacific, Union Pacific and Baltimore & Ohio all yielded a point or two.

SECRETARY WILBER TO VISIT PACIFIC COAST
Washington, July 16—(AP)—Secretary Wilbur will leave Washington next Saturday for the Pacific Coast and enroute will visit President Coolidge at his summer house in Wisconsin.

The navy secretary also will attend the ceremony notifying Secretary Hoover of his nomination on August 11th at Palo Alto, California.

While on the Pacific Coast the secretary will spend from August 18 to September 6 at sea with the Pacific fleet.

Georgia Girl Weds Prince
Rome, July 16—(AP)—Miss Marianne Berry, of Oakhill, Ga., today became the bride of Prince Sigismundo Chigo, son of the Prince Ludovico Chgo. The couple went through the civil ceremony yesterday and today's religious ceremony was held at the Chateau of the brides Aunt, Princess Ruspoli, the former Mrs. George E. Bruton, of Georgia.

After yesterday's civil ceremony the couple were received in private audience by Pope Pious who imparted the Apostolic benediction.

PRICE HANGS OVER HEAD OF WILDCATS
Raleigh, July 16—(AP)—Wild cats, provided they are dead, will be worth two dollars in North Carolina this fall. Crows and hawks will bring a price of 25 cents each.

Wade H. Phillips, Director of the Department of Conservation and Development, announced yesterday that \$10,000 has been appropriated to be paid as bounties on the birds and cats, beginning this fall. The move is designed to protect and increase game birds and animals, he said.

Wounded By Robber.
High Point, July 16—(AP)—Bill McGinnis was perhaps fatally wounded by an unidentified white robber who shot him three times last night and escaped. The cash register was robbed.

Firemen to Meet Aug. 6.
New Bern, July 16—(AP)—Miss North Carolina will be selected at the annual convention of the State Firemen's Association, to be held here August 6, Chairman C. Green said yesterday.

Each of the 121 fire departments in the state has been requested to start a beauty contest in their cities and the winners will compete in the state contest during the convention week.

Robbery Proves Costly.
Pozarevatz, Serbia—Ten gypsies have been sentenced to 20 years imprisonment in irons for killing three watchmen in robbing a bank here. They carried away the safe only to find it contained three dinars—about three cents.
