BECK CHOSEN TO LEAD WET REPUBLICANS

Pennsylvania Representative Instructed to Confer with Democrat Leader.

Washington, Dec. 16.—(AP)—Sixty-four House Republicans today elected Representative Beck of Pennsylvania, to lead them in an anti-prohibition movement.

Beck was instructed to select a committee to confer with Representative Lathrop of Maryland, who heretofore has been chairman of the House wet bloc and who is considered the anti-prohibition leader for the Democrats.

A special executive committee, the Republicans proposed, should handle affairs of both parties and direct the forces against the national dry laws.

The meeting today made no agreement as to what type of change would be supported, deciding to leave that to the joint executive committee.

The Republicans appointed Representatives Britten of Illinois, Florence Kahn of California and Clancy of Michigan to confer with Lathrop.

Beck later, in a statement, said: "Any intention to refuse cooperation with the members of any party was disclaimed, as it is the purpose of the Republican group to cooperate with any similar Democratic group which may be formed in this session of Congress for consideration of measures which will bring about a change from the present prohibition system."

"It was believed that with two groups, one Republican and one Democratic, presenting a united front of the floor, and working for a common end, greater progress could be made in bringing about the result which both groups have in mind."

Rail Presidents To Discuss Wage Question in N. Y.

Chicago, Dec. 16.—(AP)—Railroad presidents of the United States will meet in New York Friday to consider plans for entering into negotiations with railway union executives on wage and unemployment problems.

The meeting was called after western railway executives decided to take no action on union labor's invitation to a conference on readjustment of wages and unemployment until after a meeting with eastern and southern executives.

John W. Higgins, chairman of the Association of the Western Railroads, announced that arrangements for the New York meeting had been completed through W. R. Cole, president of the Louisville and Nashville railroad and chairman of the Southern railway group, and Leander F. Loree, president of the Delaware and Hudson railway and chairman of the eastern group.

The western executives asked that the meeting be called after an all-day meeting yesterday.

Shoe Theft May Cost Negro Life

Winston-Salem, Dec. 16.—(AP)—Theft of a pair of shoes may cost John Moore, negro, his life.

He was convicted of first degree burglary, although his counsel pleaded that he was insane when he entered the home of Mitchell Keyes and stole the shoes.

The jury recommended mercy, but the conviction carries the death sentence in North Carolina. Judge John H. Harwood, sitting in Forsyth Superior Court, was expected to pass sentence today.

Says No Navy Men Had Part In Disorders

Honolulu, Dec. 16.—(AP)—Captain Ward K. Wortman, commanding submarine forces at Pearl Harbor, said today an investigation had revealed no navy men at liberty Saturday night were connected with an attack of Horace Ida, Island-born Japanese which led to rioting here.

Ida, one of five defendants whose recent hearing on a charge of attacking the wife of a naval officer ended in a mistrial, was kidnapped by twenty men, beaten and threatened.

The city was quiet under a heavy police guard. Captain Wortman said 25 men had been added to the shore patrol because of six different instances in which civilians annoyed navy personnel—wives of officers in two instances.

Predicts Appropriation For Veterans Payments

Washington, Dec. 16.—(AP)—Chairman Byrns of the appropriations committee today predicted passage by the House tomorrow of an emergency \$200,000,000 appropriation for meeting payments on veterans' bonus certificates.

Byrns said the only other item in the bill would be for funds to establish additional employment agencies for the labor department.

Other deficiency appropriations requested by President Hoover will not reach the House until later, the chairman said.

PUSHES PROBE OF UTILITIES

Congressional Investigation Will Be Sought Early Next Month

Washington, Dec. 16.—(AP)—A Congressional investigation into all public utility holding companies is the first item on the program outlined today by Chairman Rayburn of the House Interstate Commerce committee.

The Texas Democrat said also he would push action on his bill to place all railroad holding companies under the jurisdiction of the Interstate Commerce commission.

Rayburn said he hoped action on the public utility holding company bill would be taken early next month.

CULBERTSON TAKES LEAD

Forges Ahead of Sidney Lenz in Seventh Session of Bridge Marathon

New York, Dec. 16.—(AP)—Mr. and Mrs. Ely Culbertson today had 410 more points than Sidney S. Lenz and Oswald Jacoby in a marathon test of rival systems of contract bridge.

The lead was accumulated during the seventh session of play which developed much argument as to whether each side was using its own system as stipulated and agreed.

Eight rubbers were played and each team won four. But the Culbertsons (Continued on Page Six)

LEGION OUT FOR MEMBERS

Pitt County Post Will Stage Membership Campaign During Latter Part of Month

An intensive drive for new members will be made by Pitt County Post of the American Legion from now until the latter part of the month, it was decided at the regular meeting of the organization at the Rotary club last night.

Following the national program for increased membership during the month of December, the post will attempt to greatly increase its roster by the end of the month.

Discussion of membership was the principal subject taken up last night, but members were called on to buy liberally of Tuberculosis Christmas seals and in that way aid the national campaign against the dread disease.

A delightful turkey supper was served by a bevy of pretty girls under direction of Mrs. Leo? Reeves, C. C. Martin, of Ayden, post commander, presided over the session.

LAUDS WORK OF PRESIDENT

Secretary Hurley Holds Up Concrete Record of Achievement of Hoover

Washington, Dec. 16.—(AP)—A concrete record of achievement by President Hoover was set up today by Secretary Hurley against an assertion that the Democratic party has no program.

"They (the Democrats) are probably waiting to get all the president's ideas," said the cabinet member "to use them in an attempt to set up a program of their own. We hear the Democrats mumbled a lot about 'fiddling while Rome burns' but notwithstanding all of that kind of talk, the president's program is before Congress and if there is any fiddling being done during the confagration, Congress is doing it."

Hurley spoke at the last session of the Republican national committee meeting here to arrange the 1932 convention plans he shrugged off criticism of the president and his aides with the words of Abraham Lincoln:

"I shall not try to read, much less answer all the criticisms of me and my associates. Else this office might as well be closed for any other business."

Taking this line, the war secretary devoted practically his entire speech to enumerating the things done by Mr. Hoover since circumstances first brought about the economic upheaval.

"From the very beginning the president has had a program, not only for the meeting of temporary emergencies, but for the future. This nation has passed through 15 depressions in the last century. Never in our history has a president been called upon to direct the nation's commerce, industry and banking; to create jobs for millions to provide funds for the care of the unemployed; to lead in the mitigation of the effects of the depression; to mobilize public opinion and the economic forces of the nation for its recovery. All these things have been done by the present Chief Executive of the nation."

SEEK TO CUT WARSHIP SIZE

Disarmament Conference Will Probably Ask Reduction in Size of Battleships

Paris, Dec. 16.—(AP)—A drive probably will be made at the world disarmament conference at Geneva in February to secure a reduction in the size of battleships according to reports current in international circles here today.

Great Britain and France were said to advocate cutting battleship displacement from 35,000 tons to 30,000 or less, the cuts to become effective when the time arrives for replacing existing craft.

The greatest interest was shown in whether the United States delegation will support such a measure which its backers emphasized would effect economies by reducing the cost of battleships.

There also was a rumor that an effort will be made to reduce the total battleship tonnage of the five great naval powers, the United States, Great Britain, Italy, France and Japan. League circles here predicted the Geneva conference will result at least in a decision to limit armaments to their present level. This, it was stated, should be considered a gratifying result for the first general conference.

Clifton Writes State Treasurer Regarding Failure to Show County Payments

In spite of the fact that Pitt county has not been given credit for making remittances to the State for collection of the 15 cent ad valorem tax levied by the county for the support of the State six-month school term, remittances have been made and county records so indicate, it was stated today by Thomas J. Clifton, county auditor.

In a letter to Nathan O'Berry, state treasurer, regarding the failure to show Pitt county payments in reports published recently, Mr. Clifton stated that the county had made remittances even as late as December 12, and that failure of the state to show this fact was considered a reflection on the (Continued on Page Six)

Produce Facts on Stocks Market "Short Selling"

New York, Dec. 16.—(AP)—In a vicious report of stock dealings, showing the ebb and flow of speculation for the "bear" account in relation to total transactions, the New York Stock Exchange today placed before the public facts and figures which will provide the munitions for what is expected to be a nation-wide controversy over the effect of short selling on stock prices.

High lights in the report follow:

1. The number of shares of the total short interest on Nov. 30, last, was 3,745,642. This compares with 5,589,700 shares on May 25, last, a reduction in the short interest of 1,844,058 shares, or 33 per cent.

2. The total number of issues in which a short interest was reported Nov. 30 was 555. This compares with 616 on May 25, a reduction of 60, or 9.7 per cent.

3. The market value of the total short interest on Sept. 18, the latest week to which the particular figure has been revised in the report, was \$186,693,800. This compares with \$53,164,400, or 25 per cent.

4. The per cent on short sales covered the same day in relation to total transactions was 7.27 per cent on Nov. 30. This compares with 1.76 per cent on Sept. 26, last, when the first figures of this calculation were compiled for use in the report.

5. This record since September 28, shows that the percentage of (Continued on Page Six)

Senate Defers Work on World Court Protocol

Discussion Laid Aside Until Domestic Problems Are Disposed Of

Washington, Dec. 16.—(AP)—The protocol for American adherence to the world court was laid aside today by the Senate Foreign Relations Committee until domestic problems confronting congress are out of the way.

The decision putting the protocol back in the pigeon hole was reached by common consent of the committee and after a brief discussion.

Chairman Borah, said postponement was "with the understanding that as soon as pressing domestic matters are disposed of, the committee will take it up and report it out."

GOVERNOR OF AREA NAMED

Conference in Prospect Between Taang-Shih-Yi, New Governor of Manchuria, and Governors of Two Other Manchurian Provinces; Scattered Fighting Still Reported Between Chinese and Japanese

(By Associated Press)

Tsang Shih-yi has been set up by the Japanese as governor of the Manchurian province of Fengtien, with his capital at Mukden, and this appeared to be a move in the direction of establishing a new autonomous Manchuria.

A conference was in prospect between the new governor and the governors of the two other Manchurian provinces but whether such an arrangement as appeared to be in view would command the loyalty of the country's 30,000,000 Chinese was a matter of speculation. No matter how it works out the Japanese intend to be the real government power, it appeared.

There was still scattered fighting with Japanese troops in action against Chinese bandits, primarily to protect millions of dollars invested in railways and farms.

Tokyo and Nanking, where governments have changed in the past few days, were negotiating compromises. The new Japanese regime is in the minority in parliament, but the opposition does not want to spend money for a general election and it appeared unlikely that any attempt would be made to overthrow the government now in power.

With Chiang Kai-shek out in China, a coalition government, with the Cantonese faction having the upper hand for the time being, seemed the most likely outcome.

J. R. Wendell Leaves Los Angeles for New York in Effort to Beat 10-Hour Mark

Pueblo, Colo., Dec. 16.—(AP)—J. R. Wendell landed here at 11:03 A. M. Mountain Standard Time today and called off his transcontinental flight record attempt because of the slow time made to this point.

The New Orleans racing pilot took off from Los Angeles at 5:06 A. M. Pacific Standard Time. He said he would leave this afternoon for New Orleans with his brother, W. W. Wendell, who was in charge of refueling arrangements here.

At New Orleans, he said he would prepare for another attempt to break the record next Spring. Wendell had hoped to span the continent (Continued on Page Six)

DOZEN CASES IN COURT HERE

John Henry Lewis, Colored, Given Six Months on Whiskey Charge

John Lewis Leary, colored, was sentenced to six months in jail on a charge of possession and sale of whiskey in yesterday's session of County Court. Nora Brown and Mabel Snow, also colored, connected with the same case, were given 30 and 60-day sentences, respectively, although judgment was suspended in the case of Mabel Snow.

Prayer for judgment was continued on payment of one-half cost in the case of Walter Wood, colored, charged with transporting and possession of whiskey.

Enoc Morris, colored, charged with possession and transporting liquor, was sentenced to four months on the roads.

Jack Jenkins was taxed \$25 and cost for assault with a deadly weapon.

Joe Jones, colored, charged with transporting liquor, was required to pay one-half cost or go to the roads for 60 days.

Judgment was suspended in the case of John Whichard, charged with assault with a deadly weapon. Staton Butler was adjudged not guilty in the same case.

Marvin Smith was found not guilty of having wine for sale.

Kenly Faircloth, colored, charged with larceny and assault with a deadly weapon, was sent to the roads for sixty days. Minnie Bell Johnson, colored, held in the same case, was given 90 days in jail.

With two or three more cases to be completed, court continued sitting this morning, but work was expected to be completed by the noon hour.

Memorial Baptist Church.

The mid-week service of prayer, praise and Bible study will be held tonight at 7:30. We shall give our attention to the topic, "Kept for the Master's Use" and base our discussion on the Lord's Prayer recorded in John 17. Come, spend this hour with us away from the rush of the busy world of every day affairs, and gain renewed spiritual poise, courageous faith and hope. You will find a blessing in the hour of fellowship with Christians and communion with the Lord.

Jarvis Memorial M. E. Church.

Have you read the second chapter of the book of Hebrews? Remember that will be the chapter to be studied at the prayer service this evening at 7:30. The theme of the chapter is "The Supremacy of Jesus Christ." It is eminently befitting these days that men shall know to whom they must go for succor. Anyone interested in this vital theme will be welcome to this service.

Presbyterian Church.

At 7:30 p. m. today the regular mid-week service for prayer and praise will be held in the Presbyterian Church. The study book for the evening will be Titus, one of the pastoral letters of Paul. Read it and come.

ANNUAL PAGEANT AT THE PRESBYTERIAN CHURCH

Much preparation is being made for the annual pageant at the Presbyterian Church on Sunday evening, the 20th, at 7:30.

The pageant this year will be much more elaborate than before, and is a combination of two pageants. The title is "There Was No Room."

Many characters will be used, including the shepherds, shepherd's children, wise men, Joseph, Mary, angels, Roman soldiers; and many more in crowds which comes to the manger and Bethlehem. In all, about 50 people will be used. The choir is composed of some of the best singers in town, and will render Christmas music in connection with the pageant. Mrs. Knott Proctor is the soloist for the service. The whole pageant is intended to impress all with the coming of Christ to earth for our salvation, and calls for a consecration of self, service and possessions.

The special offering to be taken, will go to relieve and support infirm ministers, aged widows of ministers and missionaries, and the orphans of deceased ministers. It is hoped that the offering will be very generous, as the cause is a worthy one and is in great need of funds.

CHORAL CLUB IN CONCERT

Splendid Program Given At the High School Auditorium Here Last Night

The Greenville Choral Society appeared Tuesday evening in concert at the High School auditorium this being their first public appearance. The organization is a new one and was begun several weeks ago under the direction of Mr. F. E. Hufty, of Wilson. There are about 40 members of the city's best talent.

The first concert last evening was received by a large and appreciative audience. Each number was well rendered and showed excellent training.

The program was divided into three parts. Part one was selections from the opera "Faust," consisting of Ladies' chorus, Gentlemen's chorus, mixed choruses, a tenor solo by Mr. R. T. Pittman, and soprano solo by Miss Carolyn Fullilove. This part of the program was beautifully given and enthusiastically received.

The second part of the program "The Garden of Flowers" consisted of ladies choruses and a soprano solo by Mrs. J. Knott Proctor. This part of the program was thoroughly enjoyed.

The "Lost Chord," as a new chorus, was the concluding number and was well rendered and equally as well enjoyed.

To the accompaniments of Mrs. Guy V. Smith was due much of the success of the concert.

The Choral Society will give concerts from time to time and will be a real treat to the music-loving public, as was the first concert.

Other members are urged to join and take part in the next concert.

The following program was rendered:

- Selections from Opera "Faust"**
- Careless, Idle Maiden—Ladies' Chorus.
 - Come Forth, Ye Reapers—Gentlemen's Chorus.
 - Youth's Ever Bright and Gay—Mixed Chorus.
 - Even Bravest Hearts May Swell—Unison Chorus.
 - Gainst the Powers of Evil—Mixed Chorus.
 - Light as Air—Mixed Chorus.
 - Highborn Maid and In the Language of Love—Mr. R. T. Pittman, tenor, Miss Carolyn Fullilove, soprano, and chorus.
 - Solter's chorus and Angels Pure—Finale.

- Part II**
- The Garden of Flowers**
- Ladies' Chorus**
- Rise Up, Rise Up—Chorus.
 - White Butterfly—Chorus.
 - Lovely Rosebuds—Solo, Ada Gray Proctor.
 - Over the Hills—Chorus.
 - The Death of the Garden—Finale.

- Part III**
- The Lost Chord—Mixed Chorus Officers—Mrs. Charles A. White, president; Mrs. Ray Tyson, vice-president; Mrs. E. W. Harvey, Secretary and treasurer; Mrs. Guy V. Smith, pianist; Mr. Frank R. Hufty the director.
 - Floral decorations were through the kindness of the Greenville Floral Company.

ASSERTS FAILURE TO RATIFY MORATORIUM WOULD DAMAGE U. S.

day denounced President Hoover's moratorium actions in the House, should be heard by it.

McFadden was rebuffed by the adoption by 23 of his Pennsylvania House colleagues of a resolution expressed complete confidence in the president's moratorium measure, but declaring against debt cancellation.

Mills told the Senate committee collection of the inter-governmental debts was dependent upon a moral principal and any wavering in his country in its regard for moral principles might be regarded as giving the others a justification for default.

Stimson said every source available to the government had been utilized to gain a clear picture of the situation abroad and that before the president acted he sought the advice of such experts as Owen D. Young, author of the plan for reparations payments.

The secretary of state submitted with his formal statement a copy of the letter written to President Hoover in June by President Von Hindenburg, of Germany. This

was published exclusively by the Associated Press last July 21. It detailed the plight of Germany, saying the country was in "urgent need of relief."

The secretary said the purpose and result of the moratorium were to persuade those who had made loans that the surest way to get the money back was not to withdraw.

"If conditions had been permitted to go on, the chances of ever again getting payments was infinitely small," he added.

When the committee began its cross-examination, Stimson suggested that some questions could best be answered behind closed doors, and a few minutes later it excluded spectators and reporters.

At its morning session the commission also disposed of a volume of routine business but had not reached the appeal for re-instatement of R. H. Beck, of Marion, suspended lieutenant of the highway patrol.

100 for relief work here this winter. It shows that the public has been sufficiently impressed with the suffering existing among the destitute and is going to do its best to see that it is relieved.

By liberal donations of money, food and clothing the relief committee should be able to ameliorate the condition to no little extent and enable the poor to pass through the cold winter months with as little suffering as possible.

Other communities of the county are pushing their campaigns forward as Greenville is doing, and within a few days it should be possible to begin actual work of carrying relief to the sufferers.

Scores of families are suffering from the lack of proper food and clothing and so far have declined to receive public aid, but the time is coming when they must have help and it is the purpose of the committee to see that they are taken care of.

It is one of the worst economic upheavals this section has confronted in the memory of the oldest inhabitants, but that it will work out to the best interests of the world, is the opinion of men and women of the various schools of thought.

Studies Argument In the Casey Case. Kinston, Dec. 16.—(AP)—Judge Clayton Moore today was studying arguments presented to him when Herman Casey, sentenced to die for the murder of James C. Causey, Suffolk, Va., lumberman, entered a motion for a new trial.

State's attorneys opposed the motion. Casey, 46, a truck driver, was convicted in 1930. A long fight to save him resulted in the first victory when the State Supreme Court ruled the defendant had the right to appear before the lower court in a move for a new trial.

At Casey's trial Milton Wood, Craven county youth, testified he saw him shoot Causey near here July 4, 1930, and take money from the slain man's pockets. Causey's body was found in his burned automobile.

Continues Probe G. O. P. Activity. Greensboro, Dec. 15.—(AP)—Records of the North Carolina Republican executive committee had been returned to its officers today, but District Attorney E. L. Gavin continued his investigation of the party's methods of gathering campaign funds.

Gavin, who seized the party records Friday with the announcement that he was investigating reports of violations of the law prohibiting solicitation of campaign funds from federal office holders, was ordered by Judge Johnson J. Hays yesterday to return them.

Judge Hays granted a petition by James S. Duncan, chairman of the state committee, for the return of

the records and held Gavin's seizure of them had been in violation of the constitutional rights of Duncan and W. H. Foster, state treasurer.

The grand jury was called to meet tomorrow when Gavin first began his investigation. He said he would continue the inquiry and would have the grand jury question witnesses.

Akron Flying Along Coast. Washington, Dec. 16.—(AP)—The U. S. S. Akron was making good time down the Atlantic coast today and was expected by naval officials to reach New Orleans before sunset.

The Navy Department announced the big airship's position as over Columbia, S. C., at 7:15 a. m.; Augusta, Ga., at 8:10 a. m., and Milledgeville at 9:20 a. m., with Macon to be reached at 10 a. m., and Atlanta at noon.

The airship, numbering among its passengers Rear Admiral William A. Moffet, chief of the Naval Bureau of Aeronautics, was routed from Atlanta to New Orleans via Montgomery and Mobile.

NEWS BRIEFS From Over The City and County

E. C. T. C. COED TEAM DEFEATS GREENVILLE STARS

On Tuesday night the Coeds of E. C. T. C. defeated the Greenville all-stars with a score of 23 to 17. This was the opening game of the season for the coeds, and from the looks of things it will be a very successful one. Both teams showed a great deal of spirit. Bullock was the flashing star for the opponents, being the high scorer; Tucker being the high scorer for the Coed team.

The line-up follows: All-Star Coeds: Hunstucker, Bullock, Barker, Eason. Forward: Tucker, Hicks. Center: Forbes, A., Foress, King, Broodhurst. Guard: Dupree, Smith, Brown. Subs: Noz.

SALVATION ARMY BEGINS CAMPAIGN TO CARRY CHEER TO POOR DURING YULETIDE

The Salvation Army has started its annual campaign to carry cheer to the poor during the Christmas season.

Kettles have been placed along the streets in the business section, and workers ringing bells, are calling attention of the public to what they are trying to do for suffering humanity.

A Christmas tree will be erected in the citadel on Dickinson avenue and presents will be distributed to children of the poor Christmas Day.

Boxes for receiving offerings for the poor have been placed in stores of the city, and army workers have called on the public to give liberally to their cause.

FIREMEN WILL REPAIR TOYS FOR THE POOR

Firemen, wishing to do their part for the poor during the Christmas holidays, have opened a toy repair department and will mend all toys to be contributed to the poor, it was stated today.

The firemen adopted the same plan last year and scores of broken toys were made almost as good as new and distributed among the children of the indigent population.

The toys will be distributed thru the Salvation Army. All persons having toys they wish to contribute to this cause are urged to send them to the firemen so they may do their bit toward carrying cheer to the fireless of those who would know little of the joy of Yuletide without such action.

BOARD OF TRUSTEES OF COLLEGE TO MEET SOON

There will be an important meeting of the board of trustees of East Carolina Teachers College Thursday, December 17, at 11 o'clock. It is expected that all members of the board will be present. Preliminary to the general meeting will be a meeting of the committee on salaries and policies.

The students and members of the faculty heard Mr. Minter, the traveling secretary of the Student Volunteer Group, on the campus Wednesday night and Thursday. Mr. Minter is a graduate of the University of Texas and has done great work with the Student Volunteer group of Y. W. C. A.'s and Y. M. C. A.'s. On Wednesday night he spoke to a large group on the subject "Do We Really Know This Jesus?" He began his very interesting talk by reading "One Solitary Life."

Useful Gifts should be given, more so this year than ever before. We have them in Furniture from an odd piece to any kind of a complete suite. Quinn, Miller & Co.

ABOUT TOWN

City automobile license tags went on sale yesterday, and the public has been urged to provide themselves with the new tags as soon as possible. This is one of the ways the city has of meeting regular expenses of government and the more plates sold the more the city will have to meet its obligations.

Authorities usually experience difficulty getting some people to realize that it is necessary for their cars to carry city licenses, and in recent years police were forced to stop numbers of cars and order the drivers to obtain tags at once or explain to the mayor.

It is hoped no such difficulty will be experienced this year and that sales will be completed much earlier than formerly. The city clerk has over twelve hundred licenses on hand, and the automobile owner should not have the slightest trouble decorating his old boat with the new colors, even when sales are the heaviest.

A few homes have started the annual task of decorating for the holiday season, but work will not hit its stride until the latter part of the week.

By the first of next week, if expectations of decorating committee members are fulfilled, the residential districts will provide stiff competition for the business district.

It is to be hoped the housewives will leave nothing undone to brighten up their homes because this will do much toward lifting the cloud which has hovered over the community the last several months as result of the financial depression.

This is the season of the year when human hearts should turn to thoughts of making others happy and there is no better way to do it than making surroundings bright and merry, in complete keeping with the spirit of the occasion.

The concert given by the Greenville Choral club last night was a credit to the men and women who have labored day after day in the preparation of the program.

It was a masterful portrayal of what can be accomplished when a group of people confine themselves to the realization of a specific ambition, and the singers are to be congratulated upon their achievement.

The concert, the first given by the club since its organization, was staged in behalf of charity, and the proceeds will be turned over to the relief organization for use during the winter campaign. While receipts were not as large as they might have been, they will play a big part in the campaign for the poor and help drive the wolf from the doors of those who would know little of the joy and pleasure of Yuletide without this help.

The club has a long and useful career ahead of it in the training of young men to a keener appreciation of music, and Greenville people will give it the support of which it is so surely deserving.

The only way to keep things business men are going to have to resort to a one year holiday on debts before this country and the world are able to recover from the depression felt from one end of the globe to the other.

The time has come when people are unable to meet many of their debts. If they are pressed for payment and sold out their only source of income will be removed and the nation will be in much more serious condition than it is at this time.

The only way to keep business alive is to keep general business as thriving as possible and this cannot be done by forcing business men to the wall.

This business of recovering from the depression is something in which every person must take part, and moratoriums such as that the government is working on at this time seem to be about the only solution to the problem.

If anybody should think of anything better, the government would certainly like to hear of it.

Gratifying indeed is the news that the people are responding liberally to the campaign to raise \$5-

You needn't tell me — I know Camel is the fresh cigarette!

Here's

why

they're

FRESH!

CAMELS are never parched or toasted

THERE is of course a sound reason why the Camel Humidor Pack can deliver to Camel smokers a cigarette that is genuinely fresh.

Camels are made fresh to start with, fresh with natural moisture—blended of the choicest, delicately mild, full-mellow, sun-ripened tobaccos that money can buy.

The full natural goodness of these fine tobaccos is safeguarded at every step in their handling—they are never parched or toasted—the Reynolds method of scientifically applying heat guarantees against that.

That's why we can say with every assurance that Camels are truly fresh. They're made fresh—not parched or toasted—and then they're kept fresh in the Camel Humidor Pack.

The delights of a genuinely fresh cigarette are so rare and desirable that Camel popularity continues to mount daily to new highs.

Test these delights for yourself—see what true freshness means in cool, slow-burning, delicate mildness—switch to Camels for just one day, then leave them—if you can.

CHICAGO OUT FOR ANOTHER RING BATTLE

Chicago, Dec. 16.—(AP)—Chicago is back in the heavyweight boxing championship market, with an offer of \$200,000 to Max Schmeling to defend his title against Mickey Walker, welterweight and middleweight ruler for charity in the Chicago Stadium early next year.

The offer was made yesterday by Matchmaker Nate Lewis of the stadium, acting for George Getz, member of Governor Emmerson's unemployment relief committee, and co-promoter with the late Tex Rickard of the historic Dempsey-Tunney battle at Soldier field in 1927. Should the match be made, the stadium would handle the details, with the profits going to the relief committee.

Getz today was in Springfield to ask the Illinois Legislature to permit 15 round championship fights. Upon his success, depends Chicago's chances of bringing the bout here, as Schmeling and his manager, Joe Jacobs, have refused to consider anything shorter than a 15 round bout if the title is involved.

The bout, if made, would be held in the stadium in February or March, with prices scaled from \$5 to \$25. With its seating capacity of around 23,000, a sellout in the stadium at such prices would produce a gate of more than \$300,000.

Lewis also is negotiating for another battle—Battalino, the featherweight titleholder, meeting Tony Canzoneri, champion of all the lightweights, for the latter's crown.

Lewis said the match, which is just about closed, will be staged January 15 or January 20.

A match between Ernie Schaaf of Boston and W. L. (Young) Stripling, planned for early this month, again is in the making for the stadium, with January 7 or 28, as likely dates.

Navy Seeks New Material for Its Football Squad

Annapolis, Md., Dec. 16.—(AP)—Navy is going out into the highways and byways seeking promising material for its football team.

Meeting in New York the Naval Academy Graduates' Association decided the time had come to interest prep school gridiron stars in matriculation at the academy.

Long, lean years with no occasion for celebration because of victory and a possible return of Army to the regular schedule, was pointed to as the reason.

And the academy too gave tacit approval to the proselyting maneuver. The Graduates' Association will not have as good a spy system as the Army, it was pointed out, as the Navy only operates on the coasts, while the Army is scattered all over the nation.

The association will send out speakers to prep schools to interest football players in Annapolis. It men who will be willing to appoint these promising young players.

Once accepted at the academy they will be required to maintain the regular scholastic standing.

If necessary the graduates declared the prospective students will be groomed for a year or more before taking the entrance examinations.

St. Petersburg, Fla.—Tony Leto, Tampa, Fla., knocked out Bruce Britt, Terre Haute, Ind., (7).

Montreal—Lou Brouillard, world welterweight champion, and Baby Joe Gans, California, drew (10); non-title.

Jacksonville, Fla.—Jimmy Finley, Louisville, Ky., drew with Johnny Demarca, Philadelphia (10).

Los Angeles—Newsboy Brown of California, outpointed Panama Al Brown, New York (10).

Portland, Ore.—Fidel La Barba, Los Angeles, outpointed Benny Pelz, Portland, (6).

Market Report Cotton--Stocks--Grain

N. Y. COTTON

N. Y. STOCK LIST

New York, Dec. 16.—Cotton opened steady today at an advance of 1 to 6 points on covering and reports of buying by commission houses, January sold at 6.10.

Liverpool was also a buyer here during the early trading and there was some demand from brokers who frequently operate for Japanese interests. The market worked up to 6.15 for January and 6.53 for May, or about 7 to 9 points net higher on the active months. This advance met a little hedging and realizing but prices were within 2 or 3 points of the best at the end of the first half hour. Liverpool cables said Bombay buying had absorbed hedging there but that the cloth demand from India was disappointing.

GRAIN MARKET

Chicago, Dec. 16.—(AP)—In a remarkable display of strength which prices rose late today to the top-most level reached since November 24. Reports that temperatures as high as 100 prevailed in Argentina gave impetus to buying. There were also predictions that France would have to enlarge soon the quota of foreign wheat allowed to millers. New export purchases of North American wheat totalled upward of 1,000,000 bushels, including some United States hard winter.

An overbought situation in the wheat pit, however, disclosed just before the finish. Speculators started to sell and found support lacking as a result of a quick price break at Winnipeg. Wheat here closed nervous 3-8 to 7-8 lower than yesterday's finish; corn 5-8 to 7-8 down; oats 3-8 to 1-2 off and provisions unchanged to 10 higher.

STOCK MARKET

New York, Dec. 16.—(AP)—Wall Street agog over publication of complete statistics on the bear interest in the stock market today, but share prices continued to wobble uncertainly.

The market opened with a mild rally, had a period of weakness during the morning, and recovered rather feebly after midday. The volume trading shrank considerably from that of recent sessions. The most encouraging development in the financial market was probably an improved tone in bonds.

Early advances of a point or more in shares were quickly lost, and several sold 1 to 3 lower, with rails experiencing a notable relapse. Union Pacific sold off more than 5, before partially recovering. U. S. Steel common sagged 2 to 39.5, then recovered above 40. Bethlehem also got down nearly 2. American Telephone sold off more than 3 to duplicate its low, then came back moderately. American Can sagged more than 2, then recovered somewhat.

The address by Richard Whitney, president of the stock exchange last evening, and the figures on short selling, enlivened the controversy over short selling. A gain of about a million shares in the short interest during November was used as an argument both pro and con in brokerage circles. Those who believe short selling to be a market stabilizer asserted that the increase in the short interest was a good sign, improving the market technical position.

Signs of lifting of pressure in both stock and bond markets, was widely regarded as encouraging.

Pitt Case Before Supreme Court

Raleigh, Dec. 16.—(AP)—The Supreme court today was engaged in completing the hearing of appeal arguments for the fall term.

Three especially set cases, Myers vs. Foreman from Mecklenburg, State vs. Rhodes from Henderson, and Hooper vs. Pitt county from Pitt, were to be argued as the last cases of the term.

Opinions were to be handed down by the court late today.

The Texan said the recommendations of the commission for an investigation of all transportation systems, including motor transports and waterways, would be brought to the attention of this committee.

He added he also would call attention to other commission recommendations.

Rayburn said his committee approved a bill last Congress to regulate motor buses, but said unless support of a similar measure could be had in the Senate there was little hope for action in the House at this Congress.

He said he would sponsor a bill to revise the recapture clause of the transportation act of 1920, which permits the Interstate Commerce commission to take from railroads all earnings exceeding 6 per cent profit on their investment.

Discussing railroad consolidation, Rayburn said he thought the Interstate Commerce commission, and not Congress, should handle the proposed consolidations of Eastern lines.

SAYS COUNTY AND STATE

(Continued from Page One) county. Mr. Clifton's letter follows: "Under date of November 21st we mailed you our voucher C-214 for \$8,536.55 covering collections on ad valorem tax and our voucher C-215 for \$335.87 covering collections on poll taxes. We also mailed you in time to be in your office on the 15th our voucher C-282 for \$3,560.37 and C-283 for \$559.81. These checks cover our remittances on state taxes through December 12, amounting to \$12,096.92 on ad valorem taxes and \$895.68 on poll taxes.

"Your failure to show these payments on your published reports is considered a reflection on this department in the performance of its duties and we feel that you should make a correction and state the reason why you failed to show that Pitt county had not complied with the law governing remittance of state taxes."

ATTEMPT NEW SPEED RECORD

(Continued from Page One) ment from Los Angeles to Newark, N. J., in ten hours, with stops at Pueblo and Bloomington, Ill. Los Angeles, Dec. 16.—(AP)—Shooting at a ten hour record from Los Angeles to New York, J. R. Wedell, New Orleans racing pilot, took off from the United States airport here at 5:09 A. M., P. S. T. today.

The speedy, stream-lined red and silver monoplane, with its pilot packed in a cockpit barely large enough to hold him and 140 gallons of gasoline, lifted quickly after a short run and roared away into the starlit heavens.

Wedell disappeared quickly into the east, flying at tremendous speed. His immediate objective was Pueblo, Colo., which he expected to reach in three hours and land for fuel. A second was planned for Bloomington, Ill., about three hours and a half farther on, for more gasoline, and the third lap will be into New York.

Wedell got away after a delay of several weeks because of storms. He had fairly good weather reports before he mail across the continent.

The little, sandy-haired southerner expected to cruise at 245 miles an hour, but the plane has a top speed of 55 miles above this mark. It is the same ship in which he recently set a record of 6 hours, 40 minutes between Agua Caliente, Mex. and Vancouver, B. C.

If Wedell is successful, America's reigning speed king of the air, Doolittle and Hawks, will have to give him a seat on their perch. Major Jamis Doolittle holds the fastest record between the two cities, 11 hours, 16 minutes, set last fall, and Captain Hawks, flying in the other direction, New York to Los Angeles, holds the record of that way of 14 hours, 50 minutes set in July, 1930.

CULBERTSON TAKES LEAD

(Continued from Page One) sons converted a deficit of 15 points into a plus.

With virtually one-third of the match—48 rubbers—finished, the Culbertsons have won 23 rubbers, two less than their rivals. The plus of the Culbertsons for the series and for the seventh session is explained largely by the fact that the representative of the "official" system have lost more by sets, especially when vulnerable. Earlier in the series Lenz and Jacoby often went down deliberately. That policy has ceased paying dividends for them.

It cost the Culbertsons points also after one a. m., today.

After the 47th rubber had been played they were 1,550 ahead. Two more hands and their lead rose to 1,760, the greatest it ever has been. Lenz and Jacoby made a game. The Culbertsons started in to save the rubber regardless. Down, down they went and never did they get up to the point at which they started to sink.

Lenz and Jacoby were a bit timid about doubling at this time. Five rubbers previously they had doubled Mrs. Culbertson at five spades and make it she did. On the only successful double of the session Lenz was set one when vulnerable. On another occasion when vulnerable

No one was able to give any information as to how the bandits left town. Jarvis said they walked about four blocks and disappeared behind a filling station. That was the last seen of them.

Two men approached Jarvis at the station. They covered him with a gun and escorted him to the jail. The telegraph operator pleaded with them not to lock him in and the men then took him to the telephone office.

The three were kept under guard while the safe blowers worked. One of the robbers, authorities said, evidently was an expert in the use of explosives.

The damage to the bank was estimated at \$1,000. Both robbery loss and damage are covered by insurance.

Because of the wrecked condition of the institution, it was impossible to conduct business today.
