Chinese Counter Attack Regains Lost Ground

JAPS DIFFER WITH VIEWS OF STIMSON

Spokesman Questions Validity of Stimson's Assertions as to the Nine-Power Treaty

Tokyo, Feb. 25.—(AP)—A high foreign office official after reading press dispatches quoting excerpts from Secretary of State Henry L. Stimson's letter to Senator Borah on the Sino-Japanese situation today questioned the validity of Secretary Stimson's assumption that America's naval concessions in the Washington treaty were predicated on guarantees embodied in the nine-power pact.

The terms of the naval agreement he said, actually were completed at the Washington conference before the powers began a real consideration of Chinese problems and Japan had agreed to the naval terms, leaving many problems of the utmost importance to her for settlement in later stages of the conference. Japan, he asserted, accepted a 60 per cent battleship ratio early in the conference, thereby leaving the Japanese delegation open to a charge of having laid all their trump cards down early in the game.

Mr. Stimson displays an ignorance of the history of the Washington conference, he said. The views of the Japanese government regarding the applicability of the nine-power treaty to the present situation in China, he said, were presented clearly in Tokyo's reply to the recent note of the League council and also in foreign minister Yashizawa's statement of Feb. 21, written for the Associated Press.

The spokesman recalled that in the American and British navies found it necessary to bombard Nanking, despite the nine-power pact, when Chinese Nationalist troops ran riot in that city. Japan is doing the same thing now in principle at Shanghai, he said, and the only difference is in the scale of the operations.

He demanded to know how Japan could have involved the nine-power treaty for protection of her rights in Manchuria, and to whom she could have appealed.

"Certainly not to the Chinese as signatories of that pact," he said. "We do not believe we could have protected our rights except by direct action. Treaties do not remove a nation's fundamental right to act in self-defense."

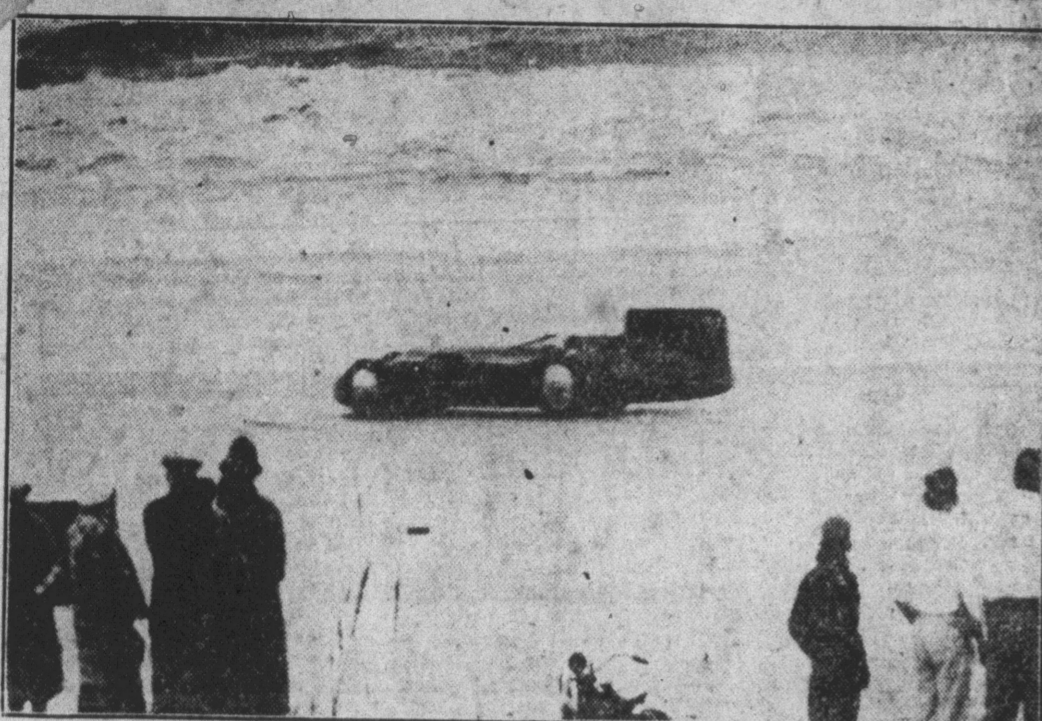

As for the Manchurian issue, he asserted that Japan is doing nothing there in violation of the nine-power treaty, and he added that Japan has no intention of infringing upon Chinese sovereignty in the region of Shanghai.

Tokyo, he said, contends that the powers signing the nine-power pact in 1922 hardly could have taken the "naive" view that Chinese sovereignty and integrity actually existed at that time.

The spokesman remarked that Mr. Stimson appears to believe the Chinese still are able to achieve full sovereignty and territorial integrity if they are left to their own resources. Japan holds a different opinion, he said, contending that the Chinese by themselves never will be able to achieve these qualities.

In his desire that China achieves strength and peace and unity, said the spokesman, Japan differs in no way from the United States in spirit—she merely advocates different methods.

BRITISH SPEED KING IN ACTION ON FLORIDA BEACH

Sir Malcolm Campbell, English sportsman and speed record titleholder yesterday set three new speed records in his twelve-cylindered Blue Bird, pictured above, at Daytona Beach, Fla. He set up a record of nearly 254 miles per hour.

Urge Americans To Get Ready Leave War Area

Shanghai, Feb. 25.—(AP)—All Americans who reside at the Astor Hotel, one of the landmarks of Shanghai facing Soochow creek, were cautioned today by American officials to leave there and retire to a safer location but most of them had declined to move up to late today.

The advice was given because of the apparent danger from Chinese shells which fell last night very near this spot as the artillery attempted to shell the Japanese flagship Idzumo anchored in the Whangpoo.

The women and children of employees at the German consulate which is within a stone's throw from the flagship already have been evacuated.

GARNER NOT A CANDIDATE GA. PRIMARY

Friends Urge Withdrawal of Garner-Proxy Candidacy in Cracker State

Washington, Feb. 25.—(AP)—The country today was treated to the contradictory spectacle of Speaker Garner's strongest supporters for the Presidency pleading against efforts to secure for him the Georgia delegation to the Democratic national convention.

Representative Sam Rayburn of Texas, chosen leader of the pro-Garner forces and intimate friend of the speaker wired Judge G. H. Howard of Atlanta a request that he withdraw his Garner-proxy candidacy in the Georgia primary. The request was coupled with the flat assertion that the speaker was not a candidate and would not file in any state primary. Nevertheless word from Georgia was that Judge Howard would continue his efforts.

That Garner would not go into any primaries requiring consent, direct or indirect, of the candidate himself, was a foregone conclusion in view of the speaker's determined stand to have nothing to do with the movement on his behalf. The Rayburn move may be interpreted as an effort to protect the speaker from any appearance of tacit consent to the proxy race. It might be a move to prevent a decisive defeat, since the state's vote has been considered to be in

CAMPBELL TO TRY FOR NEW SPEED RECORD

Englishman Not Satisfied With Three New Records Established Yesterday

Daytona Beach, Fla., Feb. 25.—(AP)—Three terrific automobile speed records Sir Malcolm Campbell, 47-year-old Englishman, established yesterday, were unsatisfactory to him and he prepared to try to better them today.

Striking down the beach at low tide yesterday in the face of none too favorable course and wind conditions, Campbell broke his own previous marks by driving the mile at 253.968 miles an hour, the kilometer at 251.340 and the five kilometers at 241.569 miles an hour.

His twelve-cylinder Blue Bird racing car was clocked one way over a five-mile distance at 244.200 miles an hour but timing traps failed to work on his second run and he was not allowed a record for that distance. Regulations require that a driver be timed two ways over a designated course to establish a record.

On his first run south over the 12-mile course, Campbell was clocked at 13.46 seconds over the measured mile for the astounding speed of 267.469 miles an hour. His second trial was timed at 14.89 seconds for a speed of 241.773 miles an hour. The average for the runs was 14.175 seconds for a two-way speed of 253.968 miles an hour.

The new record for the mile exceeded by 8.255 miles an hour the former mark of 245.723 he established in the same car here last year. He bettered his own time over the mile by 47 of a second. Campbell's average two-way time over the kilometer, approximately 2,000 feet less than a mile, was 8.90 seconds for an average speed of 251.340 miles an hour. His previous kilometer record was 240.983.

Because of a strong head wind, Campbell said he was greatly dissatisfied with his trials yesterday and that if the wind subsides by low tide late today he should be able to boost all his records by a wide margin.

Following the model of the Nanking Chinese constitution the Manchurian document provides for three councils, known as a legislative Yuan, a national affairs Yuan and an inspection Yuan. The cabinet, consisting of a premier and seven ministers, is placed under the national affairs Yuan.

There was no provision in the constitution for participation by the people in the government except a provision that the chief executive

Mrs. Judd to Die On the Gallows

Arizona State Prison, Florence, Ariz., Feb. 25.—(AP)—Sentence to hang May 11, Mrs. Winnie Ruth Judd, convicted "trunk" murderer, today occupied a cell in condemned row, hopeful her attorneys may yet save her from the gallows.

Mrs. Judd was brought to the prison from Phoenix late last night, having left Phoenix a few hours after Superior Judge Howard C. Spearman denied her a new trial and sentenced her to death.

Although the execution date was set for May 11, state authorities said it was not likely she would be hanged for at least 15 months.

Under Arizona law, an appeal to the State Supreme court is mandatory in all cases where the death penalty is set. If the defense does not make an appeal, the state must ask for a review of the evidence. Because this appeal must be made the execution cannot take place for more than a year.

NEW TAX BILL WILL BE READY AT EARLY DATE

Speaker Garner Says Measure Will Include a Manufacturers' Sale Tax

Washington, Feb. 25.—(AP)—Speaker Garner today forecast that the new tax bill would contain a levy on manufactures sales and that it would be completed within a week or ten days.

The Texas Democrat said the ways and means committee had gone over the sources of revenue "with a fine tooth comb" and found that "the only place to get the money is through a manufactures sales tax."

Instead of \$400,000,000 needed to be raised through excise taxes as proposed by the treasury, he explained, that it was found \$800,000,000 was needed. Secretary Mills has estimated that about \$1,241,000,000 must be had to balance the 1933 budget.

The committee already has decided on increases in income and other taxes to raise about \$450,000,000.

Garner said he thought the ways and means committee was "pretty well convinced" that the sales tax was the best method of raising the needed funds.

Garner's statement was made shortly after Representative Snell of New York, the Republican leader, had said that when the new tax bill is drafted the cost of maintaining the luxury tax of modern government would be firmly impressed on the nation.

Snell said he would personally oppose extraneous projects before Congress requiring additional outlays from the depleted treasury.

"It's my judgment that Congress should spend more time reducing government expenses instead of spending so much time trying to find new sources of revenue," he declared.

"In order to get money enough to balance the budget and operate the government on a sound financial basis. Every man and practically every known product will have to be taxed."

Meanwhile, the ways and means committee decided against the proposed repeal of foreign tax credits, which was estimated to bring in about \$35,000,000. It decided that such a move would have a harmful effect on American export business.

This was the second of three administrative policies to be disposed of.

Apparent Defeat Is Turned Into Victory

Stimson Letter Puts Stop To Note Writing

Washington, Feb. 25.—(AP)—Secretary of State Stimson's frank letter to Senator Borah outlining American policy in China was seen today as a definite effort to inform world opinion and stop the barrage of notes between Tokyo and Washington.

The letter to Senator Borah calls for no reply from the Japanese foreign office and does not invite international controversy. But it lets all powers interested in the international settlement at Shanghai and its perils know that the United States believes existing treaties sufficient, if strictly adhered to, to protect the interest of China, as well as those of all other nations which signed the nine-power treaty, framed at the Washington conference in 1922.

By his indirect method Japan's suggestions that there should be treaty revisions or at least treaty interpretations to permit of foreign intervention because of Chinese

demands for a re-elected again. Leaders of the convention, McCormick said, refused to answer a question whether the Anti-Saloon League would ask presidential candidates to state definitely whether they were for or against the prohibition law. The question was asked, he said, and the reply was that it would be referred to the league's legislative committee.

McCormick labeled himself as "a strong prohibitionist," but declared "the temperance people of this nation, both in the church and outside of the church, are not at all satisfied with the status of affairs"

It is because of past failures, he said, that he continues to believe that the power of reorganization should be lodged with the President. This the Democratic-controlled House has refused flatly to do. Mr. Hoover made no mention whatever of Speaker Garner's sharply critical statement last Sunday refusing to give blanket authority to Mr. Hoover, questioning his motives in asking for it, and upbraiding the Republicans for trying to claim all the credit accruing from the reign of cooperation in Congress.

Settle Edison Will Contest Invite Hoover To Unveiling At Edenton

Edenton, Feb. 25.—(AP)—A delegation from Edenton will go to Washington within the next 10 days to invite President Hoover to attend the unveiling here April 28 of a monument to Joseph Hewes, one of the North Carolina signers of the Declaration of Independence.

The secretary of the navy and state officials will also be invited.

Japs Begin Big Troop Movement To Shanghai

Admitting that their previous estimates of the strength required to destroy the Chinese 19th army were in error, the military authorities assert that that will soon be removed.

The previous estimates they said, were insufficient owing principally to unexpected difficulties of the terrain at Shanghai. The handicap of the proximity of the Japanese left wing to the international settlement, and the unexpected resistance of the Chinese.

The conflict was brought closer to Tokyo's millions today by reason of certain dispositions in nearby territory. Troop trains passed close

JAPS TAKEN BY SURPRISE

Japs Crash Chinese Lines and Surround Kiangwan Only to be Turned Back by Tide of Chinese Counter Attack

Shanghai, (Friday), Feb. 26.—(AP)—The thunder of heavy guns crashed on the Chapel front early this morning at the Chinese, victorious in yesterday's terrific engagement in the Kiangwan sector, bombarded the enemy base in the Hongkwai park.

Shells dropped along the northern boundary of the international settlement, new pillars of smoke and flames rose from the ruins of Chapel and the Japanese answering fire made the morning a pandemonium.

The fighting appeared to have shifted from the Kiangwan sector where the Japanese made considerable advances yesterday (Thursday) but lost much of the ground they had gained when the Chinese, apparently reinforced by fresh men from Chiang Kai-Shek's 88th division, launched a counter-attack which won back nearly everything the Japanese had taken.

All through the night and early this morning a strong wind carried to Shanghai the sound of machine gun and rifle fire at intervals on the Kiangwan front. The Chinese, holding that village against the full power of the enemy, were still hanging on.

The ground which the Japanese managed to hold brought the western bulge of the right flank to a point due north of the western tip of Kiangwan. Every man not needed for defense of other points had been thrown into the wedge driven into the Chinese force a mile north of Kiangwan.

Before they called a halt for the day the Japanese had gained about 60 yards in the face of vicious machine gun fire from the defenders along the central and south sectors. To the north, near Woosung creek the Chinese were fighting on even terms.

Despite the fact that they had lost much of the day's gain, the Japanese high command described the day's advance as a "substantial victory."

At the Chinese headquarters there was jubilation over the resistance of the Kiangwan troops.

Shanghai, Feb. 25.—(AP)—Hammered all day long by a terrific Japanese bombing, the Chinese army in the Kiangwan sector swarmed out of its trenches tonight, launched a surprising counter-attack and won back nearly all the ground it had lost during the day.

In the afternoon the Japanese threw their full force on the handful of defenders northwest of the Kiangwan village, beat back the Chinese first line and drove it into a disorderly retreat.

The attack swept forward around the village, ripped through the line and virtually surrounded the Kiangwan garrison. The artillery pounded the Chinese second line and a fleet of forty Japanese planes rained 250 pound bombs on the defenses.

Then the attack halted for a time while the heavy guns continued their withering fire on the Chinese rear.

American Soldiers Find Hard Life on War Front

The Americans were replaced in the most dangerous positions within the settlement lines by the Scottish and Sutherland "Ladies From Hell." The bare-legged, pink-kneed and killed Britishers went in for their share of the uncertainties along the Chapel line.

The Americans had earned their rest. The boys had come up only recently from Manila where tropical breezes blow unceasingly. Since their occupation of the danger zone they have been breathing biting winds within their sandbag barricades. Their position was most dangerous because they had the their barracks bunks.

Urges Economic Boycott to Stop Sino-Jap Row

New York, Feb. 25.—(AP)—The American committee on the Far East crisis today announced receipt of a statement from Gov. Henry H. Horton of Tennessee saying:

"I am unhesitatingly opposed to war in any form. War is no more justifiable than is personal combat. The world should be at the point where war is not recognized by a civilized people. The nations should stop the Japan and China affair by economic boycott."

Paymond T. Rich, director of the committee which gave out the statement, said the organization was backed by disinterested Americans seeking peace.

Anti-Hoover Move Is Discussed By Governor Pinchot

Washington, Feb. 25.—(AP)—An anti-Hoover presidential campaign in the Republican primaries was discussed today by Governor Pinchot of Pennsylvania, in a round of conferences with Senate Republican independent leaders.

There was a conviction at the capital that the Pennsylvania governor was seriously considering going into the presidential race himself but he declined absolutely to discuss politics when seen by newspapermen.

Pinchot saw both Senators Borah of Idaho and Johnson of California, who have been frequently and prominently mentioned as possible Republican opponents of Mr. Hoover.

Believe It Or Not, Ripley Is Sued

New York, Feb. 25.—(AP)—Breach of promise suit asking \$500,000 against Robert L. Ripley, Believe-it-or-not cartoonist, was revealed yesterday when attorneys for Ripley filed notice of transfer of the suit from the State Supreme Court to Federal Court on grounds of diversity of citizenship.

The suit was brought by Marion Ohnisk, also known as Haru Onuki, of Long Beach, Calif., and is based on Ripley's alleged promise to marry her.

No details of the charges were revealed.

WARM SESSION ANTI-SALOON LEAGUE HELD

St. Petersburg, Fla., Feb. 25.—(AP)—Shouts of "Down, down, down" broke into the convention of the Anti-Saloon League of America here today as M. H. McCormick of near Columbus, Ohio, charged that President Hoover never definitely stated he favored retention of the prohibition law.

McCormick hurled his statement into a warm discussion that started as the audience cheered a declaration by J. N. Wilkinson, retired minister of Canada and the United States, that President Hoover "is going to be re-elected again."

Leaders of the convention, McCormick said, refused to answer a question whether the Anti-Saloon League would ask presidential candidates to state definitely whether they were for or against the prohibition law. The question was asked, he said, and the reply was that it would be referred to the league's legislative committee.

Round Table Club Meets.
On Tuesday, Feb. 23, Mrs. H. E. Austin entertained the Round Table Club at the Sheppard Memorial Library. Bowls of spring flowers, pots of ferns and informal groups of chairs made the assembly room a very attractive place for the meeting. Guests for the afternoon were Mrs. J. W. Higgs, Mrs. Herbert Barker, Mrs. Closs Hearne and Miss Ruth Henderson.

The program for the meeting was arranged by Mrs. R. G. Fitzgerald, who gave an excellent paper on Musical Italy. This will be followed by other programs dealing with Italian music and musicians. Mrs. Fitzgerald's paper discussed in part early musical developments as shown in folk dances, and a class of children trained by Miss Bettie Dixon, gave a group of Italian folk dances. Italian colors in the costumes and ease and grace of the young performers, resulting from careful training, made this a very pleasing feature.

"Forever and Ever," by Tosti, was sung by Mrs. E. W. Griffin, accompanied by Mrs. Closs Hearne. No musicians please Round Table members more than these two. Altogether club and guests are much indebted to Mrs. Fitzgerald and those who assisted her.

Mrs. Austin, assisted by little Mary Elizabeth Austin, gave as favors baskets suggestive of February birthdays, which were filled with red and white mints.—Reported.

OFFERS TWO SILVER CUPS IN MILK POSTER CONTEST

Raleigh, Feb. 25.—Dr. James M. Parrott of Kinston and Raleigh, state health officer, is offering two silver cups as prizes for the best posters submitted by school children in the milk poster contest, an educational feature of the state-wide milk-for-health campaign that is being conducted by the State Board of Health. Dr. Parrott considers that interest in the use of milk for health created through educational processes such as the poster and essay contests sponsored by the schools, is not only lasting, but will produce permanent results.

One of the cups offered is for the best milk poster made by a boy or girl in any graded school in the state, and the other is for the best poster by any high school pupil in the state. Not more than five posters from each group may be submitted from any one county to the state committee, but every school in every county is expected to enter the county contest. All competing posters should be in the office of the State Board of Health by April 25, 1932 and should be in sizes either 14 by 22 inches or 22 by 28 inches. The chief requirement is that the message of the poster be brief, based on facts, not overstated and that it make no unfair comparisons.

Two Patrolmen Killed

Mineola, L. I., Feb. 25.—(AP)—Two Nassau patrolmen, riding in a police car, were killed instantly today when a speeding machine in which rode four or five scouting men crashed into their smaller car and then sped away.

The accident occurred near the Belmont Race track.

The Patrolmen, who were hurled from their car, were Alvin Borgwaldt and Milton Verity. Both stationed at the Belmont, Long Island, station of the Nassau county police.

The 16-year-old girl, daughter of Countess Tolstol by her first marriage to Wesson Seyburn, wealthy Detroit man, underwent the operation yesterday. Dr. LeGrand Guerry, of Columbia, who performed the operation, said she was "doing splendidly." She became ill early this week at the Fernata Girls School at Aiken where she is a student and was brought to Columbia Tuesday.

Her mother's marriage to her father was dissolved in 1922 and some years later her mother married Count Cyril Petrovich Tolstol, a descendant of Count Leo Tolstol, the Russian novelist.

WRAE WARD, Chief Marshal

Marshals Will Act as Ushers at Founders Day

WRAE WARD IS CHIEF MARSHAL

The marshals will act as ushers at the Founders Day Celebration at East Carolina Teachers College on March 5. They will be on duty at the program and later at the luncheon that will be served in the dining hall. They will dress in white evening dresses for the occasions. Wrae Ward, who is president of the Lanier Society last year, is chief marshal.

The marshals have done outstanding work all during the year. At all entertainments they act as marshals, and at the picture shows on Saturday nights they see that every student presents her season ticket.

The first big entertainment at which they were on duty was the Don Cossack Russian Male Chorus. Because of their system of service no confusion existed in attempts to find seats. At Galli-Curci's concert they also checked confusion by finding the seats for both town people and the students.

Each society has five marshals, besides the chief marshal, who is elected from one society one year and another the next year. She never comes from the same society twice in succession. The Poe marshals are: Wilhelmina Livingston, Laura Eare, Hattie Lee Humphrey, Katherine Holland, and Virginia Taylor.

The Laniers are: Annie Rosemond Horne, Tucker Lynch, Olive Parker, Nell Shaw and Louise Price.

The Emersons are: Marjorie Griffin, Frances Swindell, Frances Harvey, Lena Cherry Aillsbrook and Virginia Woodsbury.

Committee Favors Warren Road Bill

Washington, Feb. 24.—The Roads Committee of the House of Representatives this morning unanimously reported a bill of Representative Lindsay C. Warren providing for an emergency Federal aid road appropriation which may be expended by June, 1933. It allows the states to match their annual Federal aid appropriation, which so many states are unable to do at this time, with state funds. The bill carries \$120,000,000 for this purpose, and also authorized appropriations for roads in National parks, national forest and Indian reservations. Beginning in 1933 the amount advanced to each state is deducted in ten annual installments thereafter from the regular annual Federal aid appropriation. The bill also carries a provision allowing those states which have almost completed their federal aid system to add one per cent. additional mileage. This will greatly aid North Carolina. Mr. Warren expressed the hope that the House would pass the bill sometime within the next two weeks.

Vote Against Plan for Total Disarmament

Geneva, Feb. 25.—(AP)—The world disarmament conference today voted down Russia's proposal for immediate total and universal disarmament throughout the world.

The proposal was presented by Maxim Litvinoff, Soviet commissar for foreign affairs, at the opening of today's session. When the vote taken, only Turkey and Russia supported the proposal.

"The special interests of the munition makers," Litvinoff said, "are stronger than the pacifist groups. Civilization would not suffer much if all the fighting in the Far East would be done with bare fists."

Former Chinese Hero Assassinated

Shanghai, Feb. 25.—(AP)—Chinese reports from Hsibin today said General Ma Chan-Shan, once called the hero of Tsitsihar, had been assassinated there.

For his defense of Tsitsihar against the Japanese advance last autumn General Ma won the gratitude of his countrymen. Subsequently he joined with other local chieftains in the establishment of the new independent Manchurian state under Japanese protection. Only a few days ago he was formally inaugurated as the governor of Heilungkiang province.

Three Held for Criminal Assault

Lexington, S. C., Feb. 25.—(AP)—Two white men and a negro were held today in the Lexington county jail for investigation in connection with an attempted assault yesterday upon a white girl near Irmo.

Sheriff H. Cromer Oswald said he is seeking another white man, but that the trio will be held pending a clearing up of the case.

The girl, who was taken to a Columbia hospital, told Sheriff Oswald her assailant was a white man.

A negro woman went to the girl's rescue when she heard screams, but the men then had disappeared.

ASK DARROW DEFEND FIVE AMERICANS

Noted Lawyer Considering Taking Part in Hawaiian Lynching Case

Honolulu, Feb. 25.—(AP)—A possibility Clarence Darrow, noted criminal lawyer, may come to Honolulu, to defend Mrs. Granville Fortescue, society woman; Lieut. Thomas H. Massie, U. S. N., her son-in-law and two naval men charged with lynching a Hawaiian may result in changing the order of trial of this city's two most widely known criminal cases.

The Chicago attorney has been cleared the case and is reported to be considering it favorably. Dispatches from New York said both Darrow and Dudley Field Malone, New York attorney, have been invited to join the defense. It was learned that they conferred in New York over the proposal.

In the event either or both accept, it was considered probable the second degree murder trial, scheduled for March 10, would be delayed to permit the new counsel to become acquainted with details, and possibly the so-called Massie assault case would be retried first.

Mrs. Fortescue and her co-defendants are accused of shooting Joseph Kahahawai, one of five suspected assassins of Mrs. Masie.

The first trial of the alleged assassins of Mrs. Masie resulted in a jury disagreement.

ALFALFA BILL FIGHTING MAD

Murray Says He Will Go to Georgia to Get His Name on the Primary Ticket

Atlanta, Feb. 25.—(AP)—Governor Franklin D. Roosevelt of New York today suggested that Governor W. H. Murray of Oklahoma be permitted to enter the Georgia presidential preference primary, but the rules committee of the State Democratic party declined to comply with the suggestion.

Gary, Ind., Feb. 25.—(AP)—William H. (Alfalfa Bill) Murray, says he is "fightin' mad" so he's going "to take a run down to Georgia to tell the people there about the skulduggery used to keep me out of the presidential primary in that state."

The Oklahoma governor, an aspirant for the Democratic presidential nomination speaks at Fort Wayne and Indianapolis today, completing his Indiana tour. He talked here last night. Before he left for Fort Wayne, he received word that he could not mandamus Georgia officials to put his name on the ballot. Previously he had been informed that his entry was received too late for filing.

"It was there in plenty of time," the Oklahoman said. "That is, it was there unless the mail system has broken down, like lots of other things. They knew I'd beat Roosevelt in that state just like I'll beat him in North Dakota. That's why they don't want me in that primary."

"All right I'll fix 'em. I'm going

my North Dakota speaking dates. I'll tell my friends there about the skulduggery and get them to scratch Roosevelt's name off as a protest, if they can't write mine in."

Murray said he would go to Georgia early in March.

APOLOGIES WHILE YOU WAIT

In the amenities of courteous language Japan has no equal. When Germany broke a treaty, it had the moral frankness to admit the act and defend itself that a treaty is only "a scrap of paper".

When an American consul is beset up by Japanese soldiers, who invade neutral territory, what does Japan do? It is "exceedingly sorry" and presents an apology, but goes on its bloody way of aggressive warfare.

Germany's diplomatic representatives have evacuated their consulate tonight in the face of the possibility that the Chinese army would shell the Hongkew sector.

They were the first foreign diplomats to withdraw following a warning by Mayor Wu Teh-Chen that the Hongkew sector was dangerous for foreigners as long as it continued to be used as a Japanese military base.

STIMSON LETTER PUTS STOUT TO NOTE WRITING (Continued from page one)

inability to maintain domestic peace and safeguard foreign interests, are definitely rejected by the United States without giving Japan direct rebuff.

Congressional sentiment is aligned strongly behind the new Stimson statement. Individual leanings the interpretations placed on the letter but no note of objection has been voiced.

The forceful reminder by Stimson that the treaties fixing naval ratios are interdependent with the nine power pact for the preservation of China's territorial integrity and her free trade, and that this pact is threatened by the present conflict, was seized upon by big navy advocates as fuel for their fire.

Mr. Stimson in a letter to Senator Borah made public yesterday, went to the heart of the entire question of treaty violation when he suggested that no one of the treaties can be disregarded without disturbing the general understanding and equilibrium.

Japan, for example, is a party with the United States in an agreement for a limitation upon naval armaments. The taxpayers of the United States have a very vital interest in Japanese treaty obligations when a policy of military aggression on the part of Japan jeopardizes American defensive adequacy under international agreements and may necessitate a vast and accelerated program of army and navy expansion.

This is one of the immediate possibilities of Japanese treaty violation. It cannot be dissipated by an apology from Tokyo, no matter how smoothly worded.—(News and Observer)

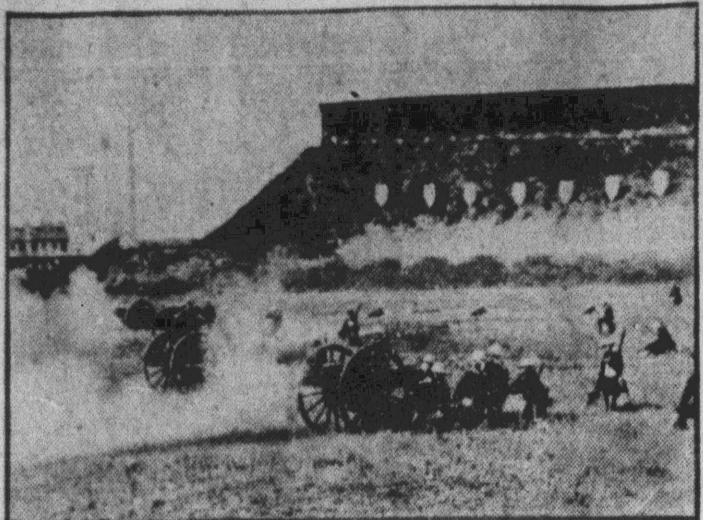

URGE AMERICANS TO GET READY TO LEAVE WAR AREA (Continued from page one)

Earlier today American officials announced they would soon make public a plan for a general evacuation of the city by American residents in case this became necessary. The plan, they said, would include the naming of centers where the Americans would be called upon to gather in case an emergency were declared so they could be picked up easily.

In the event these districts became generally untenable, Americans would be removed to steamers in the harbor and to American properties on the opposite side of the river. After this was accomplished, evacuation of other localities would begin, with Manila considered most likely location although many undoubtedly would proceed to the United States.

A renewal of Mayor Wu Teh-Chen's warning to United States Consul General Cunningham against permitting the Japanese to use the settlement as a base of operations, caused fresh apprehension that the Chinese were planning to increase their artillery fire upon Hongkew with a view to eradicating from that portion of the settlement all Japanese bases of operation, including the Japanese

BEFORE AND AFTER BOMBARDMENT

As Japanese bluejackets tried to blast Chinese troops out of Chapel, native quarter of Shanghai, they turned a target range on the outskirts of Shanghai into an artillery position (above). When the bombardment died down it left dozens of smoldering buildings like the one shown below, although in this case the Chinese Rising Sun flag was still flying.

wharves, the consulate and the flagship Idzumo at anchor nearby. It is as simple as that, if you read the naive Japanese statements.

Japanese naval officials aboard the Idzumo said today they did not intend to move despite Chinese warning and American, British and Italian officials on their cruisers nearby took a similar attitude.

TROOPS MOVED TO FRONTIER

Correspondent Says Several Thousand Russian Troops Are Marching

Mukden, Manchuria, Feb. 25.—(AP)—The Rengo (Japanese) News Agency correspondent at Harbin said today that unconfirmed reports had come there on a movement of several thousand Soviet-Russian soldiers toward the Siberian frontier, presumably because of apprehension in connection with Japanese troop movements in Northeastern Manchuria.

At the same time it was learned here that General Jiro Tamon's expedition against Chinese rebels in the vicinity of Imienpo had been delayed because of difficulties in obtaining transportation on the Chinese Eastern Railway.

This railway is jointly owned and operated by Russia and China. The line officials said they were unable to furnish trains requested by the Japanese because instructions to do so had not arrived from Moscow.

The Japanese, however, said these Soviet railway officials were trying to prevent any Japanese advance along the railway in the direction of Vladivostok although General Tamon has said his only purpose is to disperse the Chinese rebels.

Travelers reaching Harbin from the frontier region reported unusual military activity along the whole line from Kharbarovsk to Vladivostok.

Rob Postoffice At Bentonville

Bentonville, N. C., Feb. 25.—(AP)—The postoffice here and the store of J. M. Beasley in which the Postoffice was housed, were entered about midnight last night and the postoffice and safe and considerable goods of the store were stolen.

Postmaster Beasley discovered the robbery early today. He said the postoffice safe contained Wednesday's postal receipts and some supplies but he did not know what the amount of loss was and would not until a postal inspector, en route here from Raleigh, made a check-up.

A check of the records later in the day indicated that the postoffice lost about \$100 in cash and an undetermined amount in stamps. Goods stolen from the store were valued at about \$350.

BILLY'S UNCLE

Boy Crazy

By GRACE PERKINS
AUTHOR OF "PERSONAL MAID"

SYNOPSIS: Marriage to Rusty Crandall seems dull to Hope Ross when she remembers her elopement with Dickey Dale. She never wanted her marriage to Dickey annulled, but her father took advantage of her being under legal age and persuaded her that Dickey regretted the marriage.

Chapter 23 "I HAVEN'T ANY HOPE"

In a desultory way Hope began to buy her own trousseau. Occasion at pieces here and there. But the shopping lost all tinge as Mama Ross and Goody began to take it over in an experienced manner, running all out of bounds with their ideas.

Yet Hope was happier as days went by. With a safe feeling. A quiet satisfaction in Rusty's tender possessiveness. A strange comfort in the thought that she was being owned and taken care of.

Her engagement was officially announced in September, just a few weeks before Judy's wedding was to be performed. And Hope went about with a flashlight on her finger at last, a new diamond brooch at her bosom, and a strange buzzing in her head.

All and would have been well. Very well indeed. Were it not for another newspaper announcement right alongside of her own in the Times. Another announcement that caused Hope to go weak with panic, with a painful flash of hot excitement through her blood.

Eileen Angley, her picture beside the announcement, (a nice picture of a nice, dainty little girl), admitted that her engagement to Richard J. Hickson Dale was postponed indefinitely.

Now what difference would that make to Hope? None at all. None whatsoever! What possible concern could it be of hers?

And yet. . . . There was a sharpness in Rusty's voice when he called up an hour later and asked Hope to luncheon. There was an unhappy questioning in Rusty's eyes as she sat opposite him and avoided his direct glance, smiling broadly and chatting continuously. . . . Rusty had seen it in the paper, and Rusty knew she had seen it, and Rusty wondered. . . . Poor Rusty! She mustn't let him be hurt.

Desperately Hope forced herself to be in love. Earnestly she set out to prove to everyone how truly happy she was with Rusty. Until the worried light died down from the eyes all around her that had seen the two announcements side by side in the Times. And Mama, and Papa, and Caddy, and Rusty were satisfied at last—and silently thankful.

Nervously she refused to set a date for her own wedding with Rusty, begging him to wait until Judy's excitement was over and she had time to think. With boundless energy Hope threw herself into the madcap of Judy's wedding to the boy who had cast away his E-flat saxophone and engaged a publicity expert.

And then, the night before Judy's wedding, Hope found one last item in the newspaper—merely a line in Winchell's delicious gossip column that Dickey Dale and she were "to mal-de-mer on the Paris manyana."

It struck home, that simple state ment, like a bolt of lightning into Hope's unconquerable soul. It was as if she had been waiting for something just like that! Dickey was to sail on the same boat that Judy would take! The same boat—going off with his father. . . . Further arguments were useless. Hope saw that thirty cigarettes were consumed as she paced her floor. . . . No use trying to think things out. There wasn't any answer to all the endless questions—no use to do anything except what you want to do. What you had to do—regardless of the cost!

Quite calmly Hope made her plans. Quite calmly the next day she marched down the aisle behind Judy and Thomas Post as maid-of-honor. Without arousing the slightest suspicions, she slipped two of her own suitcases in with Judy's luggage. And in the evening with checks and passports in her purse, and Sassy under her arm, Hope got into her roadster and followed Tom Post's car into New York "to see Judy off on the boat!"

In her heart was only one wild desire. One thought that drowned if she could just see Dickey! And out every shameful guilty feeling that beat in the back of her mind, if by any chance she felt as she knew she would feel at the sight of him. . . .

Then devil take all her sins! And might everyone forgive her for the wretched treatment she was giving them. Too unspeakably bad if Rusty would be hurt, but sometimes people weren't responsible for what they do, or how they feel. . . . With a jerk, Hope stopped her car in a garage near the wharves and fled out to the curb to call a taxi. Down to the boat she went, edging her way through the crowds, inquiring where Judy's stateroom might be.

And suddenly, just when she least expected it, Hope caught sight of Dickey. Right in the center of the grand saloon, which was crowded with excited voyagers and their friends, she caught sight of him and stopped short. Stared over at the tall, erect figure, the unmistakable broad shoulders, the sternly cut profile of the tanned and handsome face, the smoothly combed shock of curly hair. . . . Heard him laugh. . . .

Rocky Mount Boys Defeat E. C. T. C.

Last night, the East Carolina basketball team went to Rocky Mount and were defeated by the score of 41 to 25. Yelverton and Roberts, the "Y" forwards could not be held in check and scored 14 and 13 points respectively. Barker, Teacher forward, did some scoring of his own and looped the basket for 15 points for high scoring honors of the game. This boy Barker just couldn't miss the basket and any way he threw them they rolled in the basket.

Rocky Mount "Y" team will come to Greenville and play the local collegians Saturday night. As this will be the last chance the local fans will ever see this team playing together, a record breaking crowd is expected. The Teachers will be putting forth their best efforts to win their last game with a foreign opponent.

Pa Stribling Tells Bill to Go for Knockout

Chicago, Feb. 25.—(AP)—"Pa" Stribling has instructed his fighting son, W. L., to go out after a knockout and nothing less when he tangles with Ernie Schaaf, hard punching Bostonian, in their important 10 round battle at the Chicago Stadium tomorrow night.

"My boy's future depends on the result of this match and a mere decision victory will not be satisfactory to us," the father-manager of the Georgian said. "A knockout victory would elevate W. L. to third ranking among the heavyweights, a spot that would enable him to harass Sharkey and Schmeling." Schaaf, who will have Sharkey in his corner, has exactly the same battle plan mapped out—a knockout. He wound up his heavy drill yesterday in fine condition and expects to outweigh Stribling by a margin of 20 pounds at ringside, scaling around 208 to Strib's 188. With the match only a day off, the box office reported a new rush of business, indicating the gate may be around \$15,000.

Market Report Cotton--Stocks--Grain

N. Y. COTTON

New York, Feb. 25.—(AP)—Cotton opened steady today at an advance of 7 to 10 points on covering and trade buying. May sold at 12 1/2.

Both domestic and foreign trade interests were credited with buying on the opening. But the advance which carried May back to within a point of last week's high met considerable realizing and southern selling.

This was sufficient to check the upturn and cause reactions of several points, with May selling around 7.11 and October 7.47 at the end of the first half hour or about five to six points net higher.

Liverpool cables attributed the firmness of that market to continental and Bombay buying and reported an increase cloth demand from the British home trade and India.

GRAIN MARKET

By JOHN P. BROUGHAN
 Chicago, Feb. 25.—(AP)—Strong indications of export buying of United States hard winter wheat at the Gulf of Mexico gave a stubborn upturn to grain values to today despite fractional downturn.

Helping to steady the wheat market was an official statement that the domestic wheat crop this season would be probably 18 to 20 percent smaller than last year. Acreage reduction was estimated at 30 to 12 percent with the crop condition 8 to 10 percent off.

STOCK MARKET

By CLAUD A. JAGGER
 (Associated Press Financial Editor)
 New York, Feb. 25.—(AP)—The stock market drifted idly today, with a slow undercurrent of selling apparent, despite occasional ripples of buying.

Another wide break in Auburn at the opening unsettled the general list so little that professional buying was encouraged for a time but selling cropped out in some volume after midday.

After opening up 11-2 at 100 1/2 Auburn dropped to a new low for 1932 at 87, the recovered moderate. During the morning rally, some of the minor issues showed gains of a point or so, and some of the leaders sold off fractionally, but by early afternoon, American Telephone was off 2 points net, and issues down a point or more included U. S. Steel, General Electric, American Can, New York Central, Union Pacific, Santa Fe, DuPont, Westinghouse Electric, Alask Junco and others. General Motors and Radio sagged fractionally under fairly active selling. Kreuzer and Toll and International Match preferred were also under notable pressure. Union Carbide lost 11-2 in reduction of the dividend to \$2 annually from \$2.60.

In the main, the market continued to reflect tardiness of business pickup. There have been numerous rumors over prospective bullishness developments in Washington, but at least some of these reports were set to rest when Secretary of the Treasury Mills denied the administration was contemplating any statement on war debts or prohibition.

The money market remained about stationary and failed to forebode any reduction in the Federal Reserve Bank's rediscount rate this week, although the impression persists that money rates are going to come down during the next few months, as indicated by the action of the bond market.

HOOVER HONORS FIRST PRESIDENT

President and Mrs. Hoover as they left Christ church, Alexandria, Va., after attending George Washington memorial services. They occupied the pew which was used many years by George Washington and members of his household.

international settlement if a bomb were to hit it.

Although the Chinese appeared to be being blasted from their front line positions, their rifle and machine gun fire continued and occasional booming of their artillery from the rear indicated that their heavy guns were still working although their bombardment was weak compared with the thunderous fire from the Japanese guns.

Late in the afternoon the weight of the Japanese artillery onslaught was directed against the Chinese rear positions which Japanese military officials said they were trying to weaken so they might occupy them as soon as the demolition of the Chinese first line was completed.

Japanese consular officials said Chinese sniping activities continued within the battle areas to take an additional Japanese military toll. Eight Japanese civilians have been killed, they said, and 33 wounded in the Hongkew section of the settlement since the outbreak of fighting last Saturday. Two of the wounded were women, they said.

Japanese patrols within Hongkew were continuing their attempts to eradicate the snipers, they said, but were experiencing great difficulty. Five blocks of Japanese property in the sector also were damaged by Chinese they said.

Today's battle began after a threat of a Chinese offensive intended to block the landing of additional troops from Japan. In the face of the threat of having their reinforcements cut off, the Japanese gathered their forces for the most powerful attack of which they were capable. The air armada which they sent out today was the largest used thus far.

The first movements were made with the break of day. Large numbers of big guns were moved forward and twelve Whippet tanks took up positions. As soon as the haze, always thick in the morning, cleared sufficiently for visibility, the guns began to roar and the tanks plowed forward. In a short time

the first squadron of airplanes appeared overhead, followed soon by the rest of the air fleet.

The Japanese supply stations immediately were moved up close behind the lines in anticipation of an advance. The headquarters of Lieut.-Gen. Kenkichi Uyeda seethed with activity. Apparently preparing for any eventuality, his soldiers have thrown up entrenchments during the night about the headquarters and machine guns bristled from these, pointing in all directions.

No one was allowed to enter the Japanese zone without the closest inspection by the sentries. Officers said their highly drawn lines were necessitated by the continuation of Chinese sniping.

Senate Approves Justice Cardozo

Washington, Feb. 25.—(AP)—The expected unanimous approval of the nomination of Judge Benjamin N. Cardozo of New York as associate justice of the Supreme court was given by the Senate without any more than the bang of a gavel.

It took ten seconds at the close of yesterday's session to ratify President Hoover's choice of a successor to the venerable Oliver Wendell Holmes, who retired under the weight of great age.

Justice Cardozo is not expected to take his place on the highest bench until March 14.

FREIGHT RATE REVISION TO BE GIVEN HEARING

Raleigh, Feb. 25.—(AP)—Railroads and representatives of Virginia cities which are opposing North Carolina's petition for freight rate revision will be given a hearing before Examiner Howard Hamer, of the Interstate Commerce Commission here today.

The problem of truck competition with railroads was aired at the hearings yesterday, during which North Carolina and southern Virginia cities sought to convince the examiner of their need for new rates putting them on a par with cities north of the Virginia railway line.

McFARLANE CONTINUES WINNING STREAK

St. Petersburg, Fla., Feb. 25.—(AP)—Willie MacFarlane, Tuckahoe, N. Y., Scotchman, has tucked into his pocket another \$500, won as he played his way to first place in the \$1,500 St. Petersburg open golf tournament yesterday with a 54-hole score of 209.

MacFarlane was runner-up in the recent Gasparilla open at Tampa, where he won \$625, put together cards of 72-68-69 to nose out Dave Hokeney of Lowell, Mass., by one stroke. Hacknet set a course record of 66 for one round but his two others were 72-72, he collected \$300.

Thief in Prison

Joliet, Ill.—Warden Hill of the state penitentiary lined up all the inmates and said: "One of you is a thief." This came as a bombshell to the murderers, hijackers, gangsters and crooks.

The warden said somebody had stolen the prison football and two football suits. If the low person who did it fails to return the articles, there will be no more football.

WAR MISSIONARY SALOON LEAGUE HELD

(Continued from page one) as administered by the Anti-Saloon League.

"There isn't a man mentioned now as the possible Democratic presidential candidate, who has a chance to come within eight of the White House, because they are all wets," Wilkinson said as the audience applauded.

He declared there should be no attempt to block a prohibition referendum.

"I'm not afraid but what the people will vote overwhelmingly for retention of the prohibition law," he added.

Sam Fickel of Westerville, Ohio, editor of the American Issue, official publication of the Anti-Saloon League, said the action of the American Legion in voting at its Detroit convention in favor of a prohibition referendum "was not representative of the rank and file of the boys who went to France to fight for the constitution."

He termed a referendum "just another way of getting at prohibition repeal."
