## GAMEST KID IN AMERICA DIES IN N. Y.

### Clarence Hastings Passes Away After Spending 177 Days in Respirator

Eyrause, N. Y., March 18.—(AP)—Friends of Clarence Hastings, the lad who called "the gamest kid in America" is dead.

The 14-year-old boy, whose case was known in all parts of the country, after spending 177 days, or nearly half a year, in a respirator, prevented his moving any part of his body but his head, died at City Hospital this morning of infantile paralysis complicated by the shock of an operation on Tuesday for an abdominal obstruction. The infantile paralysis had paralyzed his respiratory organs, so that he depended for life upon the hospital's respirator.

Almost to the very end freckled Clarence smiled his infectious smile. While nurses and doctors stood this morning around the breathing apparatus and watched his life ebb away, he turned his head and said:

"Please shut off the machines. They're making too much noise."

He had just died when a telegram was received from Bert Acosta, trans-Atlantic flier, and Townsend McAllister, an aviator, who had taken an interest in the case. It said: "You will be alright. I mean in good health. When you recover look me up at Roosevelt Flying Field and I'll take you for a good flight for being so brave."

It wasn't the first such telegram sent to the boy in his long fight to recover his health. Scores of them, and thousands of letters have poured in as a result of some kind words addressed to the boy a month or so ago by Kate Smith, singer. On one day he received two mail sacks full of correspondence—more than any other individual in the city.

Clarence was a son of Mr. and Mrs. Robert Hastings of King Ferry on Cayuga Lake. When he was first stricken in September, last, he was taken to Auburn City Hospital. The institution was not equipped with an artificial respirator such as the one in the City Hospital here so he was transferred in an ambulance.

## Swallows Gang Bullet

Chicago, March 18.—(AP)—Bullets were flying around in one section of Chicago last night and Daniel Conway, 65, swallowed one of them.

He and his wife were walking along the street, en route to wake, as three hoodlums in an automobile were firing pistol shots at two motorcycle policemen.

Suddenly Conway felt a pain in his nose, but what bothered him more was the fact that the bullet had gone into his stomach.

Physicians at a hospital said this was because he swallowed it. It came, investigation showed, from one of the hoodlums' weapons.

## NOTED SINGER PASSES AWAY

### Chauncey Olcott Dies at Monte Carlo; To Hold the Funeral in New York

Paris, March 18.—(AP)—Chauncey Olcott, noted American singer, died at Monte Carlo this morning.

He was born in Buffalo July 21, 1880. Although his greatest fame in the United States was as a singer of Irish ballads, Olcott first appeared on the stage as a member of a minstrel troupe. He also achieved a considerable reputation in comic opera roles.

In more recent years, before his retirement, he specialized in romantic comedy, clinging to the celtic tradition that had grown up about him. "My Wild Irish Rose," which achieved a tremendous popularity from one end of the country to the other.

## OUTLOOK FOR PEACE BETTER

### Japanese Government Foregoes Conditions Which Have Held up Negotiations

By MORRIS J. HARRIS (Associated Press Correspondent)

Shanghai, March 18.—(AP)—A more definite prospect for a Sino-Japanese peace parley arose on the horizon today at the same time that three Japanese transports, crowded to the rails, steamed down the Whangpoo carrying the first contingent of troops back to Japan.

Japanese peace negotiators received instructions from Tokyo saying the government decided to forego "certain conditions" which thus far have held up the peace parleys and was anxious to see the conference proceed.

What these conditions were was not revealed, but Yosuke Matsukata, representative of the Japanese government here, said he expected a formal conference to be held Sunday or Monday.

The 3,000 soldiers who left for Japan were members of the 24th mixed brigade. They left from Woosung, loaded down with souvenirs and gifts. A rousing send-off was given them by the Japanese civilian population.

## Rackets Cost Chicago Million Dollars Cash

Chicago, March 18.—(AP)—The racketeer has taken a million dollar "rap" in Chicago within the last year.

His craft, gleaned from paying on legitimate business, charity enterprises and jobless men, has been reduced at least 20 per cent. It was estimated today by the Chicago better business bureau.

That slash in racketeer revenue represents a saving of untold millions to the city where the term "racket" originated.

Numerically racketeers have increased since business began to feel the pinch of economic stress, with

## TWO SERVANTS TO BE QUIZZED

### Lightfoot Butler and Cook to Be Questioned in Kidnapping of Lindbergh Baby

Hopewell, N. J., March 18.—Police at the Lindbergh home announced today that the two Franklin Park servants who disappeared the day after the kidnaping of the Lindbergh baby had been located and are to be questioned.

The pair were cook and butler for the C. Lindro Lightfoots and the circumstances of their sudden departure caused the Lightfoots to make a report to police investigating the kidnaping.

They said the servants, known to them as Mr. and Mrs. Paul Thornbergh, left at a moment's notice in Germany. After they had done the Lightfoots missed some rough wood similar to that used in the ladder employed by the kidnapers a nd a chisel like one found beneath the Lindbergh nursery window.

The chisel was found at the Lightfoot home yesterday and it was generally believed that the whole investigation concerning the missing servants had been dropped as a result of this.

But the official bulletin issued this morning by H. Norman Schwarzkopf, superintendent of state police, revealed that the investigation was still in hand and had already resulted in location of the missing pair.

It also disclosed that the servants were known to police by another name than Thornbergh.

## U. S. PLANNING SALES DRIVE

### Government Hopes to Place Surplus Wheat and Cotton on European Markets

Washington, March 18.—(AP)—Official contemplation of an "intensive sales campaign" by the United States to place some of the country's large surplus of wheat and cotton in European and other countries was reported today by Secretary Hyde.

The agriculture secretary told newspapermen that although plans for such a campaign were at present nebulous, there was a definite "hope" that some such procedure could be followed in lifting the weight of these enormous surpluses from the American market.

Conference on the possibilities are being held in official Washington, ranging from the White House to capital hill.

A possibility that part of the \$200,000,000 farm loan fund of the Reconstruction Finance Corporation might be employed in such a surplus selling campaign also was voiced today by Hyde.

A resolution to make this fund immediately available has been adopted by the Senate and sent to the House.

## POLICE FOIL MURDER PLOT

### Four Men and a Woman Are Arrested at Washington in Plan to Kill Union Men

Washington, March 18.—(AP)—An alleged murder plot against officials of a labor union was foiled last night by an eleven hour police raid in which four men and a woman were arrested.

The plotters, police headquarters announced, had intended to kill C. E. Hairy, representative of the International Union of Operating Engineers later in the night when he left an executive meeting of the union. John Bessell, president of the organization and Frank E. Lambton, editor of the unions journal, were to have been murdered later.

Police said they obtained evidence of the attempt by listening in on conversations of a group after an anonymous telephone message to the intended victims gave the tip.

These union officials figured last year in another attempt which nearly cost Langdon his life. He, Possell and Arthur M. Huddell, then president of the union, were trapped in a cafeteria by a lone gunman. Langdon had an eye shot out and was otherwise seriously wounded, while Huddell's pocket (Continued on page six)

## North Dakota Election Has Important Bearing On Politics in America

### NEAR VOTE ON REVENUE BILL ROOSEVELT GIVEN BOOST

The House accepted amendments by Rep. LaGuardia (R. of N. Y.) leader of the Independents, opposing the sales tax.

"They would increase the rates (Continued on page six)

## FOOD PRICES STILL FALLING

Bureau of Labor Statistics Shows 32.3 Per Cent Decline Since January 15

Washington, March 18.—(AP)—The bureau of labor statistics today announced that retail food costs throughout the United States dropped about 31.3 per cent from January 15 to February 15.

The bureau's weighed index showed food costs on February 15 were only 5.3 per cent above the average for 1913.

Fresh eggs showed the greatest decline dropping 19 per cent with pork chops and butter next with 9 per cent. The only increases were onions, which went up 8 per cent; oranges 2 per cent and cornflakes 1 per cent.

Jacksonville, Fla., led the 51 cities studied in lowering prices for the month and year. Costs for the month fell 7 per cent and for the year 23.

Other decreases for the month included: Baltimore, Dallas, Little Rock and Mobile 5 per cent; Atlanta, Birmingham, Louisville, Norfolk, Richmond, Savannah, and Washington, 4 per cent; Charleston S. C., New Orleans, 3 per cent; and Memphis.

For Roosevelt, the North Dakota triumph falls into a class with his conquest of New Hampshire a week ago. Only ten delegates were at stake and until the final count he was not assured of every vote, but it was a decision won at the polls and not in convention, and won against a candidate having special appeal to the section. The psychological advantage of such a victory is unquestioned by any politician.

The New York governor now has pledged to him more than 50 delegates, every one from states bordering on Canada. He has a prospect of more from the same northern tier, and a reliable promise of substantial help from the south. Next week Georgia is expected to make a formal pledge and other states will follow.

There remains, however, that restless stretch of country between the extreme north and the extreme south. From New York to Missouri, Roosevelt has not yet the pledge of a single delegate and he needs many if he is to win. His problem from now on will be largely in that territory—and in Massachusetts, where he has been entered in a severe trial of popularity with Alfred E. Smith.

Proportionately, the North Dakota results mean more to Murray than they do to Roosevelt. With only his own state behind him thus far, the Oklahoma governor had high hopes that his campaign of dissent from the present order would sweep the northwestern farmers off their feet.

He had pinned his hopes on the west and a part of the south. An earlier plan to enter New Hampshire was put aside so that he could take his baptism of fire in a state where the dominant industry—agriculture—now is in its second decade of almost continuous depression. His friends had hoped that, at the very least, he would run Roosevelt a close race, giving his prestige in neighboring states and insuring that he would be a real factor in the convention.

## BONUS WOULD HELP NATION

### Pitt County Veterans Would Receive \$666,663.84 Under Proposal.

The proposal before Congress for payment of the remainder of the federal bonus to veterans of the World War has received considerable attention of former service men in Greenville recently and it is believed such action would be a great stroke for relief of the serious economic situation confronting veterans and the country generally.

According to a compilation by Representative Wright, of Texas, who has had statistics inserted in the Congressional Record, the payment of the total amount due the veterans would involve a sum of \$2,200,000,000. He asserted there are 750,000 able-bodied World War veterans now unemployed, 75,000 veterans with disabilities, unemployed and 800,000 veterans who are working part time from one to four days a week, and in most cases at greatly reduced wages. He further stated that 1,600,000 veterans need their money at this time.

Mr. Patman pointed out that 3,600,000 adjusted service certificates are now held by that many veterans of the World War, who reside in every nook and corner of the country. The average value of the certificates is estimated at \$1,000. The Texas claimed there is sufficient gold in the United States treasury to authorize the issuance of treasury notes to pay the debt in full. He further declared the debt could be paid without a bond issue by expanding currency, and that everybody would be helped if the money were paid by the government at this time.

## Federal Payroll Slash Reported In Prospect

Washington, March 18.—(AP)—A thorough slash of the federal payroll from cabinet members down is now in prospect as a result of the special House economy committee decision to favor saving more than \$50,000,000 this year.

The pay cuts sponsored by individual legislators since early in the session, had appeared to be defeated by general sentiment against such economy means but the barraging job of bringing the four billion dollar federal budget down to a size commensurate with the present national income, forced it to the front again.

Two plans are under consideration by the committee. One calls for a ten per cent cut from top to bottom. The other would provide a graduate scale beginning with twenty per cent on the cabinet members of Congress and all others receiving \$10,000 or more, and a smaller reduction on the bottom of the salary roll. Whatever system is adopted a bill is promised by the end of the week.

So far President Hoover has maintained steadfastly a strong position against federal pay cuts, but there has been no official (Continued on page six)

## RELIEF ASSOCIATION TO MAKE SECOND DRIVE

Farmville, N. C., March 17.—The Farmville Relief Association of which Attorney John B. Lewis is chairman, met Wednesday evening to consider ways and means of coping with the situation which has become more acute with the cold wave. It was estimated by those heading the different committees that there are more than 500 persons in this community in need of work, food and clothing, that in many instances ten or twelve are crowded together into a small house of two rooms with insufficient furnishings, including bed cover, and that the funds raised during the campaign last November have been expended. The problem has become more serious than ever before experienced in the history of the town.

A second campaign which will include a personal canvass for money, food, clothing and work for the jobless will be launched during the next few days.

## D. A. R. TO COMPILE HISTORY OF PLANK ROAD

Farmville, March 17.—Mrs. T. C. Turnage, regent of the local chapter D. A. R., and chairman of the patriotic committee of the Farmville Sixtieth Anniversary organization, reports that research work is being done by the Daughters, who are being assisted by various citizens in their efforts to compile a history of the old Plank Road, post taverns and toll houses formerly in this vicinity, which will be applicable to the coming celebration. Committees will be appointed at a meeting to be held next week when an appropriate program will also be mapped out.

Misses Smith Entertain D. A. R. Farmville, March 17.—Misses Helen and Hulda Smith were gracious hostesses to the Major Benjamin May chapter D. A. R., at the home of the regent, Mrs. T. C. Turnage, on Saturday afternoon. A color note of purple and yellow was carried in the floral arrangement of iris and jonquils.

The life of Nehemiah was reviewed by the regent as an outstanding nationalist of the Hebrews, in a devotional period. Splendid reports of the recent state conference were given by the delegates, Mrs. W. C. Holston, Mrs. Bruce Eagles, the page, Miss Al Fountain, and Mrs. J. W. Parker, who was a guest of the chapter at this time.

The proposed Student Loan Emergency Fund was discussed and the chapter planned an early program to arouse interest in the present condition of the University of North Carolina, for the purpose of swelling this fund.

The Daughters heard delightful papers on "George Washington, the Man of Action in Military and Civil Life," by Miss Tabitha DeViscanti, and "Colonial Gardens," read by Mrs. C. M. Parks of Morehead City, an outstanding figure in the state organization, who was a house guest of the regent at this time. Several patriotic vocal numbers, rendered by Mrs. John Dwight Holmes, with piano accompaniment by Miss Serene Turnage, brought the program to a close.

A sweet course was followed by black coffee and salted nuts. In addition to the chapter members the hostesses had as guests Mrs. C. M. Parks of Morehead City, Mrs. J. W. Parker, Mrs. F. M. Davis and Mrs. John Dwight Holmes.

**PLANNING LIBERAL 'DRY' STAND**

**Hurley Says Republicans Will Adopt Liberalized Platform at Chicago**

Chicago, March 18.—(AP)—Patrick P. Hurley, the Republican secretary of war, has expressed the opinion a "more liberal" stand on the prohibition issue would be taken by his party's national convention in Chicago this June.

Here to give a St. Patrick's Day address Secretary Hurley told the interviewer yesterday he thought the prohibition question eventually would be settled on the basis of state's rights, with federal enforcement limited to preventing liquor traffic into states that wish to be dry.

"A great many people are going to look for wet candidates on the ballot next fall," he said in discussing the convention's prohibition attitude.

He appeared last night on the same program of the Irish Fellowship club at which United States Senator Otis F. Glenn, Republican of Illinois, voiced a forecast the prohibition law in time would be repealed.

"The handwriting," Senator Glenn said, "is on the wall and fear stalks behind those members of the House and Senate who are using parliamentary rules to safeguard their private opinions from their private practices."

Hurley, during the interview, declared the prohibition amendment and the federal income tax were the only two provisions in the constitution which interfered with state's rights and observed that the Democrats put them both here during the Wilson administration.

**James Seeks Judgeship of County Court**

Dink James, local attorney, announced today he would be a candidate for Judge of County Court. He is a son of Mrs. Georgia James and the late Will B. James, and nephew of Col. F. G. James of the local bar.

He is a graduate of the local high school and the University of North Carolina. He was admitted to the bar in 1925 and has been engaged in the active practice of law in Pitt county since that time. Mr. James has been active in the political affairs of the county for some time and is now a member of the County Democratic Executive Committee and chairman of the Young People's Democratic Club.

**Roosevelt and Hoover Win Out**

Fargo, N. D., March 18.—(AP)—Gov. Franklin D. Roosevelt of New York who defeated Gov. William Murray of Oklahoma in the contest for the state's Democratic presidential preference vote, won 9 pledged national convention delegates in Tuesday's primary election, it was indicated today in returns from all but 213 of the state's 2,235 precincts compiled by the Associated Press.

In the Republican delegate contest, 10 candidates pledged to President Hoover, and on unstructured delegate, held the favored 11 positions in returns from 1,933 precincts out of 2,235 in North Dakota.

President Hoover was not a candidate for the Republican presidential preference vote for which former Senator J. I. France of Maryland and Gen. Jacob S. Coxey, mayor of Massillon, O., contested.

# Kitty Frew

By Jane Abbott

**SYNOPSIS:** The future looks empty and terrifying to Kitty Frew, when she runs away from her husband, Gar, and asks his half-brother David to help her decide what to do. Brought up to take marriage seriously, Kitty can't adjust herself to Gar's constant round of good times, to his lack of any responsibility about finding a job. She has been staying with Gar and his father and mother, but has begged for an apartment, where she and Gar could be alone. Overhearing a conversation, she realizes that Mrs. Frew is trying to make Gar dissatisfied with his marriage, and tells him that she won't stay with him while his mother is buying him. David Frew had a disagreement with his family, and understands Mrs. Frew's domination of Gar. He takes Kitty to Dorcas Taber, whom he calls a "doctor of souls." Kitty dreads the interview, but wants Dorcas' advice.

Chapter 15

## SYMPATHY AND TOOTHBRUSH

Hurry—I have tamales left! It was arbitrary, low level voice. In her shrinking Kitty had imagined herself baring the unhappy details of her story to a masterful woman, calloused by social service, and here in the lighted doorway stood a girl no larger than herself, no older at first glance, in a man's straight-lined flannel dressing robe and soft heeled leather slippers on bare feet.

"I'd vowed I wasn't going to let anyone in tonight," she was saying when she saw Kitty.

"It's Mrs. Garfield," David explained. Dorcas caught Kitty's elbow and drew her into the room. "I'm glad to know you." Her tone made Kitty feel that she was glad. "You'll eat with me, won't you? You've had dinner? Well, some coffee, anyway. David can tell you that my coffee is just a little better than the best ever made. David—chairs and things."

It was a long room of soft light and color and inviting comfort. The meal of tamales was spread at one corner of an old refectory table set in an alcove. Close to it was a chest of the same fine old polished wood; from shelves hanging over it David was taking down cups as Dorcas directed. And into the cups, delicate old Spode cups over which at any other time Kitty might have wondered, Dorcas poured coffee from a squat silver coffee pot so like Grandmother Brandon's coffee pot at home that Kitty had an irresistible desire to put out her hand and caress it.

A great relief had lightened the terror which had gripped her below stairs. She wished she could give David some sign to tell him that she liked Dorcas. It was just that, at once. Wondering that this could be so she appraised Dorcas, a little shyly. From all claims of prettiness Dorcas fell short, for her nose was too broad, her mouth too wide, her body was curveless and flat like a boy's, her shoulders square and lean. But Kitty did not single out any such features; she was trying to put into definition the unaffectedness of the other, the forthrightness that was smoothed and friendly, the directness of speech and manner that won instant liking.

Dorcas had made no apologies for her dress, and the flannel robe seen in a fuller light was faded from much washing and ragged about the cuffs. And she had shown no curiosity over the unusual news of Kitty's coming, with David, at this hour.

When they finished their coffee she told David to build up a fire. "Well clear these dishes out of the way." And Kitty was heartened by the sharing of that task, working elbow to elbow with Dorcas in the limited space before the tiny sink.

His fire kindled, David had drawn two chairs up to it. Dorcas pushed Kitty into one and took the other. David sat down on a cushion on the floor, his long legs drawn to his chin, just as he had sat in his father's library.

"I call this bliss—now let the world go by." And Dorcas put her small slippered feet toward the blaze. "It's been a stupid day, David." But she said it gayly, as if its stupidity only made this moment of ease the more pleasant.

larily serious crime, has been greatly reduced among Negroes.

The Board of Agriculture of Pitt County, always on the alert for the best interest of the farmers, has outlined its program for the present year and growers would do well to look it over and give it the consideration which it deserves.

The program represents the work of some of the best experts in the field of agriculture, and if faithfully carried out should be instrumental in improvement of farm conditions.

Growers of this section have had a hard time the last two years because of low prices for principal crops, but they are better off than some other communities by reason of the fact that they planted sufficient food crops to take care of their families until another harvest season rolls around. The same idea should be followed this year and if prices fail to improve, there will be enough food on hand to prevent widespread suffering.

Live at home should be the war cry of growers everywhere for as long as they do that they will be able to live comfortably despite collapse of the money crop market.

ing about, yielded to the cheer of the fire, to the apartment of this room. Now she was more aware of the room itself, of the fine lines of the old secretary against the further wall, the prints hanging on each side of it, the old silver candlesticks on the narrow mantel over the fireplace. A curious home for this girl in the old flannel robe and yet she seemed not incongruous in it.

A doctor of souls—David had called Dorcas Taber that. This Emil Drinkwater, Mrs. Schelling, had she doctored them? David had seemed different now, younger—there was a more vital look about him. Himself—Her wandering thoughts came sharply up against the fact that she had been brought here for doctoring.

David saw the distress in her face, interpreted the involuntary movement of her hand toward him. He stopped abruptly half-way in a careless retreat to something Dorcas had said.

"I suppose you've guessed, Dorcas, that we've come to you for advice. Kitty's declared an ultimatum. It needs some thinking out." Dorcas merely inclined her head. But when David started to speak she stopped him.

"Suppose you run along home, David. Kitty and I can get things straighter if you leave us alone."

Kitty: "You'll stay with me tonight? I've everything you'll want—

even to a toothbrush." David glanced questioningly at Kitty and Kitty confirmed his dismissal with a little smile intended to show him that she was not afraid, now.

It was easier to tell Dorcas than it had been to tell David—there was in her listening a quality of understanding that helped Kitty over the things she could not say. And when she had finished Dorcas did not answer for a few moments, as if she were weighing what Kitty had told her.

### SAYS TAX SYSTEM LEGALIZED ROBBERY

Mr. Editor: In last Sunday's News and Observer a statement credited to J. Z. Green was made that by the end of this year nearly fifty per cent

of the homes of farms in North Carolina will have been sold for taxes.

Here is an extract from the article relative to another state.

"At the edge of a certain Indiana town, a place around five thousand population, lives a farmer whose gross income runs about \$3,000. He pays every year, \$1,200 in taxes.

"In the same town is a doctor with an income of \$7,000 who pays \$38 a year in taxes, and another professional man with an income of \$4,000 who pays \$35. These men have two children each, all pupils still in the grades. The average cost of a year's schooling in the elementary grades in our Indiana township schools is \$74, and in the township high schools \$140. Each of these professional men is getting at least \$148 worth of school service alone for his meagre \$35 or \$38. That farmer who has to dig up \$1,200 out of his \$3,000 gross income happens not to have any children at all.

"He is obviously paying somebody else's taxes.

"The head of a certain institution in the same town, receives \$6,000 a year salary and his wife \$2,500. They pay a property tax, to support state and local government, of just \$19."

Everybody knows that thousands of just as glaring inequalities in the tax burden can be cited in North Carolina.

How much longer will red blooded men submit to such an unfair system of taxation? If such a system is not legalized robbery then in Heaven's name what is it?

## ABOUT TOWN

Greenville, the largest bright leaf tobacco market in the world. This slogan will appear on thousands of pieces of advertising material during the next several months the city goes about the business of letting the outside world know of the achievement.

There was some doubt as to the merit of the title this year because of the closeness of the race won by Greenville and Wilson, but doubt has been dissipated by announcement of official figures by the United States Crop Reporting Service giving Greenville over a 1000 pound lead over Wilson, the holder of the world's bright record.

Although Greenville for years has had the distinction as the second largest market in the belt, the distinction of first place has been a dream of tobaccoists for years. Now they have realized the goal of their effort, they will be glad to hold the title in 1932.

Constant improvement of facilities was the contributing factor in capture of first place honor, and expansion in the future should be as great as the past, the city will have little fear about its ability to cling tenaciously to the lead.

Tobaccoists, who have worked for years for the success of the city, are to be heartily congratulated upon their achievement. The entire city is deeply indebted to them for the distinction because it not only affects the market for every other branch of business depending upon the industry for its success.

M. Epps, principal of colored schools here, was recently named member of the Committee of Hundred on Interracial Relations. This is an honor well deserved because Epps has been largely instrumental in the splendid progress made by his race in this county over a period of many years. He has always encouraged spirit of confidence and sympathy between white and colored people believing that complete understanding of conditions affecting races would be conducive to their progress.

The appointment of Epps to this important committee was made by Governor O. Max Gardner in appreciation of the splendid services rendered by the leader of colored education here from time to time.

Three score years of progress in North Carolina has brought the red man in closer contact with the economic life of the white race, the way he has taken advantage of the situation is to be highly commended.

In 1920, according to the United States census, 22,277 Negroes owned 1,864 acres of farm land in North Carolina, valued at \$38,695. Buildings, stock and equipment on these farm lands were valued at \$69,749,038—a total of \$128,444,733. While figures are not available, it is probably true that in property owned by Negroes is at least equal to three-fifths the value of their farm property, that is, about \$75,000,000.

Progress in education, health and recreation in crime has been remarkable. Eight hundred Rosenbergs, containing 2,300 classes, have been built at a cost more than \$5,000,000, in which ones contributed \$665,236; one hundred four-year accredited high schools (public and private) enrolled 15,370 (1929-1930) students with graduates (10,650 such graduates) in the last seven years; two hundred and six hundred enrolled in colleges and normal schools (2,500 graduates in the last eight years); thousand eight hundred teachers with averages of one and one-half years of college training—of these have four years of college, 2,000 two to three years of college, state, county, and city departments in co-operation with Negroes themselves, have lessened the burdens of disease and the economic loss caused by crime. Superior court judges have declared that crime, particu-

# INDIANS TO STOP ERRORS

New Orleans, March 18.—(AP)—Why the Cleveland Indians lost some twenty games last year through errors is a question that is receiving the close attention of Roger Peckinpaugh at the training camp down here.

Stop these errors and he believes the Indians will be sitting up closer to the pennant at the close of the season.

He has not found any specific cause for the mistakes.

"They were just errors, that's all," he says.

To plug these errors he is tightening the lines all around. He is stressing physical condition, correction of faults and team play.

Peckinpaugh is pleased with his squad's performance at bat.

In fact, he expects his young, hardy team to hit its way up the ladder this season. For years the Indians have been a hard hitting lot and since they will be in better tune on the mound, a better team is expected to emerge from camp.

The Indians are different from most majors this year. There aren't any rookies in camp, Peckinpaugh being content to build on the same foundation for three years. He feels that a polished 1931 Indian will be his best bet. He has shifted his players around and has tried this one and that one at various positions but the complexion will be about the same.

Asked for a pre-season line-up of his first line squad, Peckinpaugh marked these down:

First base, Connasser, Morgan; second base, Burnett, Hodapp; third base, Kamm; shortstop, Montague; catchers, Myatt, Pytlak, Sewell; outfielders, Averill, Jamieson, Porter, Sees, Vosmik; pitchers, Brown, Connolly, Ferrell, Harter, Hudlin, Jablonowski, Lawson.

The squad represents power and youth, hard hitters and strong pitchers with only a couple of infielders needed to oil the machine. But Peck sees only a little more chance of finding this oil than he does of seeing a real gusher break through the diamond at Heinemann park, particularly at shortstop.

(Tomorrow—St. Louis Cardinals).

# Sport Jots

Clearwater, Fla., March 18.—(AP)—Manager Max Carey of the Brooklyn Dodgers, has one of the smallest injury lists in baseball. It consists of Del Bissonette. He is suffering from a leg injury.

St. Petersburg, Fla., March 18.—(AP)—Babe Ruth got two singles in the New York Yankees' game against the Boston Braves yesterday and the boys wanted to know what the idea was—the Babe being a right fielder. "What's the use of trying to drive a ball into that gate from dead right," the Babe wanted to know.

San Diego, Calif., March 18.—(AP)—The New York Giants went over to Agua Caliente yesterday to watch the horses run.

Bradenton, Fla., March 18.—(AP)—Charley Gelbert, holdout shortstop, may be back in a Cardinal uniform before long. He is expected to arrive here tomorrow or Sunday.

West Palm Beach, Fla., March 18.—(AP)—Dick Coffman, big right hander, shows signs of being the same kind of pitcher this season that he was toward the end of last year, when he aided the St. Louis Browns mightily.

Coffman, the first Browns' pitcher to go five innings during spring training, cut loose yesterday in a seven inning practice game and showed he still possesses his old prowess.

Tampa, Fla., March 18.—(AP)—Babe Herman was on his way today to join the Cincinnati Reds in camp here Monday, and the hopes of the Reds rose correspondingly. No difficulty in coming to contract terms is foreseen.

Oakland, Cal., March 18.—(AP)—It probably was a coincidence that "Smoky Joe" Sewell, recruit pitcher, hit a home run and held Oakland to three hits in four innings on the very day Manager Bucky Harris began talk seriously about where the axe will fall on his Detroit Tiger squad. The Tigers won the game 4 to 0.

Savannah, Ga., March 18.—(AP)—The hirings of Manager Shono Collins of the Red Sox await with hope and trepidation their long promised 18-inning game.

Shono says the cold wave and rain can't last forever—an 18th many times postponed 18-inning game is on the schedule again today.

### Nine Months School Term

In a period of reconstruction such as we are now going through there are vital changes which will result in new conditions, new standards, and a keener sort of competition. To meet this keener competition, it is necessary for the citizen in the future to have an equally efficient preparation. A half century ago, when a young man wished to establish himself in business, he would learn the three "R's", leaving grammar school and start in as office boy. When near fifty years, through earnest and diligent labor, he might be president of the company. In this day, however, science has made it so that intensive preparation is ultimately necessary for employment. Newspapers, engineering skilled reporters, electrical engineering, demands skilled electricians, business concerns require expert knowledge of economics.

These facts bear heavily on the question: In it practical to continue the nine months school term? Is it real or false economy to deprive the future citizens and breadwinners of the preparation which conditions now demand?

In spite of the old-time ballyhoo about "Wish the School would burn down", the average student of today realizes the advantage of attending the accredited school and the necessity of higher education.

The adjustment of credits for college entrance, the realignment of plans for this and next year can be, with difficulty, arranged, but the loss of the time will still be felt, literally, if not nominally.

The effect upon the morale such action would be adverse and far reaching. When government admits the inability to maintain the educational standards, the something has eaten into the base of civilization itself.

In trying times as these, luxuries have to be cut down, even the list of necessities must be curtailed; but every effort must be made to hold up the standards of education, for upon the pillars of knowledge, our future builds itself.

### Sophomore Girls Win From Kinston

On Tuesday evening Miss Evelyn Smith and her freshmen and sophomore basketball teams went to Kinston for the last games of the season.

Both teams came back with a victory tucked neatly away in the bag. Lucille Hill and Winifred Etheridge were high scorers for the freshmen, and Lillian Etheridge for the Sophomores.

The freshmen and sophomore teams have had an unusually successful season, and much is being expected of these groups during the next two seasons.

### Easter Program This Morning

Since Friday the twenty-fifth is Good Friday and a holiday, the Easter program of the high school was presented a week in advance.

This morning at the regular chapel period volunteers from Miss Horne's French classes presented an Easter program of unusual beauty and effectiveness. This was the ninth of a series of character education programs, and was directed by Miss Connie Horne.

First on the program was an Easter song, "Welcome, Happy Morn", by the entire school. Martha Scoville explained "The Derivation and Meaning of the Term Easter"; Willie Warren spoke on "Some Customs and Superstitions Connected With Easter". A discussion of "Why Easter Is Not an Established Date" was given by Joseph Hatem, and was followed by a special musical number, "The Palms", rendered by the Glee-Clubs.

"After Three Days", a poem by Grace Crowell was read by Minnie Belle Craft. Victor Hugo's "Immortality of the Soul" was read by L. C. Powell. The next item,

"There is No Death" written by John L. McGrady was read by Mattie Moye Gaylord. The scripture reading was given by Laura Smith Fleming, and a prayer by Charles Cobb. Mendelson's "Spring Song" was beautifully done by Ruth and Marion Wood at the piano.

Naomi Gaskins acted as chairman of the program, and under her leadership, and Miss Horne's direction, one of the best programs of the year was presented.

# Board Of Agriculture Prepares Farm Program

Agricultural extension work in Pitt county is conducted in cooperation with the County Board of Agriculture, which is appointed by the county commissioners by selecting a representative from each township. The following constitute the present board:

- J. E. Winslow, chairman, Greenville township.
- John T. Thorne, vice-chairman, Farmville township.
- J. C. Galloway, vice-chairman, Chocod township.
- J. P. Davenport, vice-chairman, Pactolus township.
- Henrietta Hyde, secretary.
- W. M. Taylor, Swift Creek township.
- M. O. Speight, Winterville township.
- A. L. Thigpen, Belvoir township.
- Marcellus Smith, Falkland township.
- A. L. Woolard, Carolina township.
- S. A. Congleton, Bethel township.
- Blaney Sumrell, Ayden township.
- J. C. Parker, Fountain township.
- Mark H. Smith, Beaver Dam township.
- J. L. Wooten, member at large.

This board prepares annually a program of work in cooperation with the county agent, which is submitted to the farmers who assemble at an annual banquet. In the early part of 1929, before the crop failure from rain and the following drought in 1930 which was followed by the slump in prices for farm produce in 1931, this board made the following recommendations to guide the farmers through the succeeding crop years:

1. Plant within your own capacity, both from a labor and financial standpoint.
2. Plan to grow your own food and feed crops.
3. Plan to market all surplus from these crops.
4. Plan to use your county agent.

Following this meeting a meeting was called by B. Troy Ferguson, district agent, for the purpose of mapping out a long-time program in Pitt county somewhat similar to that being carried on in other eastern counties. Acting upon this suggestion the farm board appointed two committees, one known as the Field Crop committee and the other as the Live Stock committee. These committees and their recommendations follow:

Live Stock committee is composed of F. C. Taylor, George Dail, L. H. Ellis, C. E. Case, J. B. Tucker, William McArthur, A. C. Turnage, E. C. King, W. H. Dail, Jr., T. E. Parker, E. A. Tripp, C. G. Little, and A. R. Barnhill. This committee urges each farmer to plant for each unit of live stock as follows:

For one cow: One acre pasture, one acre corn, one acre soy bean hay, 1-19 acre sorghum.

For one sow and two litters: One acre pasture, five acres corn or 100 to 125 bushels.

50 hens: One-half pasture, 25 bushels wheat, 35 bushels corn, 35 bushels oats or grow all corn and exchange for small grain.

Seven sheep: Acre pasture, provide soy bean hay and some grain.

One mule or horse: Acre pasture, 1-10 acre sorghum, 2 acres corn, one acre soy bean hay.

The Field Crop committee is composed of John R. Carroll, E. O. Smith, C. W. Humbles, W. E. Smith, L. A. Stocks, E. M. Tyson, L. A. Moore, B. F. Lewis, L. W. Cherry, S. M. Harris, L. L. Cherry, Coy Forbes, and William Cauncey. This committee approves the live stock plan and suggests the following varieties or plantings:

Corn: Biggs' Latham's, Cocke's, Jarvis (yellow).

Pasture: 20 pounds Carpet grass; 5 pounds Dallis grass; 15 pounds Lespedeza.

Soy beans for hay: Otocootan, Laredo and Herman.

They urge the use of larger unit farm machinery. They recommend that each tenant be required to have at least two pigs to feed waste to, and -2 acre garden.

They submit the following crop rotation for general farming:

First year: Corn (for grain) with soy beans or velvet beans for seed, grazing, and turning under.

Second year: Cotton, peanuts, potatoes and Abruzzi rye in fall (for grazing and turning under).

Third year: Tobacco, hairy vetch or crimson clover in fall (for turning under).

Standardize varieties by communities. Use the hog, poultry, and cream market service through the County Farm Agent's office.

## NOTICE OF TRUSTEE'S SALE OF LANDS UNDER POWER IN DEED OF TRUST

Under and by virtue of the power and authority conferred by a certain deed of trust dated May 10, 1926, executed by J. Carolina Munford and husband, C. T. ### N. Y. COTTON

New York March 18.—(AP)—Cotton opened steady today, unchanged to 2 points off on southern selling off by some trade buy-in. Business was generally quiet with May selling at 6.93.

Offerings increased slightly after the call but they were absorbed within a narrow range and the market held fairly steady at the end of the first half hour with the active months about 1 to 3 points net lower.

Liverpool cables said that covering and continental buying in the market had been supplied by realising, but reported improved cloth demand from Egypt and the near east.

### GRAIN MARKET

Chicago, March 18.—(AP)—Under a big wave of general selling, largely due to stop losses, wheat collapsed about 2 cents a bushel today and corn more than a cent.

Lowest prices since Jan. 15 were reached. Fears of semi-demoralization in the world's wheat markets were expressed following announcement by Secretary of Agriculture that an intensive effort was contemplated to sell abroad stocks of this country. A bearish construction was also placed on announcement that President Hoover was seeking further financial assistance for the Farm Board so that the board could make sales of wheat abroad on credit.

### STOCK MARKET

By CLAUD A. JAGGER  
(Associated Press Financial Editor)

New York, March 18.—(AP)—A flurry of selling centered in the Public Utility shares gave the stock market a jolt in the early trading today, but pressure lightened after midday, and the list recovered somewhat.

The sources of the selling were difficult to trace, and in some brokerage quarters, the view was held that bears were taking advantage of the uneasy state of mind arising from the approach of the general price level to the bottom of the trading area of recent months.

Shares of companies controlled by electric bond and share notably the issues of American and Foreign Power, Electric Power and Light, and American Power and Light, dropped about 2 to 4 points to new lows. Such issues as Consolidated Gas, North American and American Water Works also lost 2 points or so. American Telephone dropped about 5 points, then rallied 2 1/2. U. S. Steel sold off more than 2 points, before recovering 1 rail. Also slumped. Santa dropped 4 before meeting support, and Union Pacific nearly 3. The American Tobacco issues, DuPont, Allied Chemical, American Can and Eschman were among other issues getting down to 2 or 3.

Sources close to the management of Electric Bond and Share intimated that irresponsible rumors may have provoked much of the selling in that group. The only important bank loans in the group are \$50,000,000 of American and Foreign Power, due Oct. 24, and \$21,250,000 of United Gas subsidiary of Electric Power and Light, due July 21. Interest charges on these loans are being earned many times over, and neither the companies or the bankers are concerned over these loans.

present five. The committee had recommended that these be taxed six per cent.

The House also approved increases from 11-2 per cent to 2 per cent on incomes of \$4,000 and an increase from three to four per cent on the second \$4,000 as recommended by the committee.

Washington, March 18.—(AP)—The billion-dollar revenue bill after a week's bitter debate, today underwent its final passage in the House, as the stage of voting on amendments was reached.

Late last night the bill was slammed down on unlimited talk, most of which has been for and against the sales tax upon which half of the money to be raised depends.

Under the procedure now undertaken the bill is to be read, paragraph by paragraph, each section open to amendments upon which the opponents may test their voting strength. In all more than a hundred changes are to be offered, several representing the decision of the bill's authors, the Ways and Means committee, to ease up on some of the more controversial provisions. A week is expected to be consumed before the bill is passed.

The turbulent opposition to the sales tax, which already has resulted in formation of a Democratic bloc of 59 against it, will seek tonight to capture the Republican House organization. The anti-sales tax men succeeded in obtaining a caucus to determine the party attitude and the leaders decided to hold it after the end of the day's House session. Apparently, the insurgent group is well in the minority, so a decisive battle with the entire Republican contingent to vote the way it is not likely that the anti-tax men hoped to win over more votes.

**BOONS WOULD HELP NATION**  
(Continued from page one)  
The compilation contained in Mr. Priddy's report in the Congressional Record, showed that World War veterans in Pitt county would receive \$255,963.34 under the proposal.

Other counties in this immediate territory would receive the following amounts: Beaufort, \$28,718.24; Craven, \$475,359.60; Edgewood, \$33,222.51; Lenoir, \$437,168.54; Wilson, \$549,747.35.

It is the consensus of opinion here that total payment of the bonus not only would carry relief to hard-pinned veterans, but also to its port toward relief of the entire country.

**NOTED SINGER PASSES AWAY**  
(Continued from page one)  
The singer in his time was one of his most famous ballads. It was in Irish roles, and Irish lyrics, that he publicized his best.

He made his debut on the legitimate stage as Pablo in "Pepita" at the old Union Square Theatre in New York in 1883. Then he played in "The Old Homestead," famous rural American comedy opera in which Dennis Thompson played. The play ran two years, from 1883 to 1885, which was an unusually long engagement for that period.

He had suffered from amnesia for the past 11 years and was reported in a dying condition yesterday. The end came this morning at the Villa at Mount Carl where his wife and son had been caring for him.

Mrs. Glavin said the funeral would be at New York and she hoped to sail with the body from Villafraanca tomorrow.

**RETRIBUTION FOR BANKHEAD**  
(Continued from page one)  
Committee which considered the censure against Bankhead, yesterday sharply challenged the findings of the committee to wit: that Bankhead was not legally elected.

The Democrats, George of Georgia, and Britain of New Mexico, took issue with the Republican contention that Bankhead was nominated illegally as well as the charge that widespread violations of law made his election fraudulent.

They said the Senate had no jurisdiction over the primary and that to overturn the expression of popular will because of irregularities would be "the subordination of popular government to highly technical considerations."

A meeting of the full elections committee is to be held soon to consider the two sub-committee reports which were voted along strictly party lines by the three Republicans and two Democrats ordered to consider the contest brought by former Senator J. Thomas Heflin, whom Bankhead defeated.
