South's Tornado Death Toll Passes 300 Mark

Estimates Of Injured Run As High As 2,500; Over 7,000 Homeless

FIVE STATES ARE AFFECTED

Somber Work of Relief and Rehabilitation Gets Under Way in Alabama, Georgia and Other Affected Area; Rescue Workers Send Back Reports of Additional Dead; The Property Damage is Undetermined.

Birmingham, Ala., March 23.—(AP)—The south's tornado death toll went above 300 today as the somber work of rescue and rehabilitation progressed.

Estimates of the injured ran as high as 2,500 while the homeless were estimated upward of 7,000. A dawn check of fatalities, which have increased steadily since first reports of seven dead Monday, disclosed 246 known killed in Alabama today, 35 in Georgia, 17 in Tennessee, 2 in South Carolina and 2 in Kentucky for a total of 302 in the five states struck by storms.

Relief workers sent back reports of some of the additional dead after they made their way over storm littered roads to aid communities laid flat by the freakish spring winds. Other reports came from regions isolated by the blasts were able to re-establish communication lines. And still others followed the search of wreckage.

None was able yet to estimate the property damage in dollars and cents. The hundreds of homeless had a wave of cold weather added to their discomforts and farmers over the hardest hit areas faced the prospect of a planting season without shelter, implements or livestock.

As highways were opened today, injured were removed from makeshift hospitals in churches, court-houses and other available buildings pressed into emergency service to hospitals in the larger cities. National guardsmen hurried tents, cots and blankets to the devastated areas of Alabama while welfare agencies solicited food and clothing for survivors. Rescue and relief workers called on every available resource to aid the stricken.

Governor B. M. Miller of Alabama, issued a formal proclamation calling on the people of the state to contribute to the relief of storm sufferers and the Red Cross organized for speedy aid to the injured.

National guardsmen patrolled Tuscaloosa and Talladega counties in Alabama to prevent looting and patrols were established at Northport and Sylacauga. An airplane was sent to Linville, Ala., to survey storm damage there and in surrounding Clay county towns, and a truck was held in readiness at Montgomery to send out supplies if needed.

There were reports of damage from high winds in states bordering those hardest struck. Today chief efforts were devoted to caring for the injured and providing shelter for the homeless.

Spartanburg, S. C., March 23.—(AP)—Into the devastated Berry Shoals and Fairmont communities, in the southwestern section of Spartanburg county, relief workers went today to carry aid to the scores left homeless by a raging storm that struck early yesterday.

The tornado dipped down into three counties—Greenville, Spartanburg, and Cherokee—leaving in its wake two dead, more than a score injured, 100 homeless, and unlimited property damage.

It was in the Berry Shoals and Fairmont district, this county, that the destruction was wrought. The storm raked a path nearly eight miles long and from a quarter to a half mile wide, tearing down houses, leveling trees, power, telephone poles and other obstructions.

The relief workers estimated that 30 houses were destroyed. Lurlee Bonar, 30, a negro tenant farmer, was killed when his home crumbled down on him. Near Gaffney, in Cherokee county, another negro, Eva Littlejohn, (Continued on page six)

Says Americans Dying of Hunger

Washington, March 23.—(AP)—Representative Conner (D. Mass.) today told the House rules committee that "Americans are dying of starvation by the hundreds," in appealing for legislative right of way for his bill to provide \$700,000,000 for loans to states for relief purposes. "Their bodies are found in their rooms and pneumonia or something else is given as the cause," he said.

ROOSEVELT IS SURE OF GA.

Third Popular Test of Strength of the N. Y. Governor in Cracker State Today.

Washington, March 23.—(AP)—The third popular test of the Roosevelt strength comes today in Georgia's presidential preference primary, a contest in which the New York governor is sure to win, but which is looked to for statistical evidence of his popularity in the south.

Georgia will complete a double three-way test for Roosevelt. He won New Hampshire in New England over Alfred E. Smith. He won (Continued on page six)

MRS. FLETCHER PASSES AWAY

Death Follows 2-Day Illness; Funeral At Home Near Winterville Thursday.

Mrs. Letha C. Fletcher, 44, wife of Luther Fletcher, of the Winterville community, died this morning at 9:30 o'clock after two days' illness. Her death came as a profound shock to the community and was received with sorrow by hundreds of friends.

Funeral services will be conducted from the late home Thursday afternoon at 4 o'clock by Rev. R. P. Pittman, of Ayden, assisted by Rev. J. C. Mose. Interment will be in the Louis McGlohon cemetery.

The deceased was the daughter of the late Elder Fred McGlohon and always took an active part in the social and religious life of the community in which she lived. She was a faithful member of Bethany church. She is survived by her husband and the following brothers and sisters: Mrs. J. R. Smith, of Ayden; Mrs. J. L. Hobgood, and Mrs. W. A. Forbes of Winterville; L. G. C. McGlohon of Stokes and Dock and Dixie McGlohon of Ayden.

Prepare For Decisive Vote On Revenue Bill

Washington, March 23.—(AP)—Proponents and opponents of the manufacturers sales tax in the new revenue bill today prepared for a decisive vote tomorrow in the House when consideration is resumed. Majority Leader Rainey said he still believed the sales tax will stay in the bill, in view of the proposed ways and means committee exemptions of food, clothing, medicine and farm implements. THREE SHOT IN SCHOOL FEUD

University of Missouri Students Injured in Attack on Fellow Students.

Columbia, Mo., March 23.—(AP)—A bitter campus feud which inspired reprisal for the "kidnapping" of a pretty University of Missouri student was the cause police were informed, of the shooting early today of three students by a fellow student who helped engineer the "abduction."

It was a bloody culmination of a rivalry of long standing between the schools of engineering and law, a rivalry that developed from innocent pranks to pistol play.

One of the three engineering students felled by bullets may not recover and his alleged assailant, who went to the university to study law, also is in critical condition.

Frank Luckey, of Columbia, was in a critical condition from a bullet wound in the stomach, and Jerry Cebe of St. Louis, captain-elect of the university wrestling team, was suffering from wounds in an arm and leg. A third student, Bus Love, of Jefferson City, Mo., was slightly wounded by a bullet that grazed his leg. They were all in the school of engineering.

Burns Frederick, of Union Star, Mo., a student in the school of law who was quoted by Prosecuting Attorney Franklin E. Reagan as admitting he fired the shots, also was taken to a hospital suffering from a possible fracture of the skull, inflicted, he said, by a group of students who attacked him near the university campus just before the wounding of three students.

The shooting was the climax of a feud of long standing between students of the engineering and law schools. Last Saturday afternoon, Miss Mary Butterfield of Kansas City, who was to have been crowned St. Pat's Queen at the engineering school's dance, was "kidnapped" as she was leaving her sorority house and was held captive until almost midnight, when she was returned to the campus too late for her coronation as queen.

Prosecutor Reagan said he and Frederick that as he and (Continued on page six)

Washington, March 23.—(AP)—Secretary Stimson stated today in a letter to the Senate foreign relations committee that he believes the revised protocol for American adherence to the world court "fully accepts" the Senate's reservation against advisory jurisdiction by the court.

FAVORS PAY FOR VETERANS

Congressman Warren in Accord with Resolutions of Pitt County Post.

Lindsay Warren, representative of this district in U. S. Congress, has always been in favor of legislation for full payment of Adjusted Service Certificates to veterans of the World War and is still in favor of it.

This fact was revealed today in a letter from Congressman Warren to Dr. R. S. McGeahy, vice-commander of the Pitt County Post of American Legion.

Dr. McGeahy recently wrote Mr. Warren and enclosed a copy of resolutions of the local post calling on members of Congress to support the Patman bill asking for full payment of Adjusted Compensation certificates, and the reply was received today.

"I have always favored this legislation," Mr. Warren wrote, "and no one in the House worked harder in behalf of the same last year than I did when we were forced to accept the compromise bill." (Continued on page six)

PRESS VOTE ON THE DRY LAW

Drys Confident Showdown on Prohibition Will be Had at Early Date.

Washington, March 23.—(AP)—Senate anti-prohibitionists have the assurance of their dominant dry opponents that a showdown recorded vote on the issue will be taken soon.

Not to be outdone by their house colleagues, the Senate foes of prohibition yesterday put before the Senate a motion to discharge the judiciary committee from further consideration of resolutions for repeal or modification of the 18th amendment.

The dry leaders promptly welcomed an immediate roll call on Senator Tydings (D. Md.) who presented a petition signed by 24 members asking for a roll call said he would wait until March 20 to press his motion.

The new anti-prohibition move is part of the campaign of the wet advocates to get Congress on record. They have the House members marked down in black and white. They want the Senate recorded equally definitely before the next campaign begins. This seems satisfactory to everyone except some few, anxious not to meet the issue.

Shad Swarming Along Coast

Manter, March 23.—(AP)—In the wake of Eastern North Carolina's recent storm which swept away many fishermen's nets, shad are reported swarming in sections along the coast.

Fishermen report the waters "alive" with shad in Croatan Sound and other waters and that those men whose nets were not wrecked are making heavy catches.

Only the lack of nets is now worrying Ware county people and many of the larger and smaller have combined their materials from the salvage and have managed to make one stand from what was two or three before the storm.

John Shea, watchman on the J. Seward Johnson estate in Highland Park, N. J., fired on and frightened away an intruder who attempted to enter the Johnson house by means of a ladder.

SEEK SILVER CONFERENCE

House Committee In Favor of International Meeting to Consider Metal.

Washington, March 23.—(AP)—The House committee studying silver has asked economists, bankers, or government officials of eight nations what their attitude would be toward an international conference on the metal.

Chairman Somers of the House Finance committee made this known today as his group sat down to hear Bernard F. Baruch, financier, approve the international conference idea and say he thought the initiative for such a conference should be taken by the United States.

The requests for expressions on a conference went, among others, to Sir Robert S. Horne, member of parliament; Montague Norman, governor of the Bank of England, and Sir Charles Adde, Bank of England, in Great Britain; Clement Moret, governor of the Bank of France; Emil Moreau, Banque de Paris and Des Pays; and Joseph Caillaux, chamber of deputies, France. Sir Herbert S. Holt, president of the Royal Bank of Canada; Augustin Legorreta, general manager of the Banco Nacional de Mexico; and Alberto J. Pani, minister of finance, Mexico; Hans Luther, president of the Reichsbank, Germany; Sir Osborne A. Smith, governor of the Imperial Bank of India; Tsuyi Pei, manager of the Bank of China; Professor Justav Cassel, of the University of Stockholm; Sweden.

Major Mendez himself the father of a two weeks old son, said he hoped he would be able to help Colonel Lindbergh and that he would do anything to assist in the recovery of the child. It takes two days to get to Buena Ventura from here by train but he said he could fly it in three hours.

A direct flight between the two cities never has been made and at some points the trip is extremely dangerous for the plane must be lifted to 20,000 feet over three ranges of the Andes. The islands off the coast, once were a pirate stronghold and there are hundreds of them.

Allan Dawson, American charge d'affaires, sent a personal cable to Col. Lindbergh telling him of the Colombian government's desire to aid. Mr. Dawson said that he regarded the presence of the baby near Buena Ventura as highly improbable but that he was anxious to assist if he could. He said that Major Mendez would be accompanied on the flight by John Todhunter of Rockford, Ill., aviation advisor to the Colombian government.

Mrs. John Buchanan of Durham Receives Letters Demanding \$10,000.

Durham, March 23.—(AP)—The home of Mrs. John A. Buchanan, daughter of C. W. Toms, vice president of the Lissett and Myers Tobacco Company, has been under heavy police guard because of death and kidnapping threats, police revealed after 10 days of secrecy.

Releasing John Enoch, former city fireman who had been held for questioning in the case, authorities said Mrs. Buchanan had received two telephone calls and five letters demanding payment of \$10,000 under threat of death for herself and kidnapping for her two children.

Enoch was arrested when he called the Buchanan home from a pay station, but established his claim that he had been drinking and got a wrong number when he attempted to call his boarding house. (Continued on Page Six)

REMANDED TO COUNTY JAIL

New Bern Syndicate Head Unable to Furnish \$5,000 Bond and is Returned to Jail to Await Trial; Said to be to Liquor Interests In This Section What Capone is To Gangsters of Chicago.

Andrew J. Purifoy of New Bern, said to be the head of a large liquor syndicate operating from Virginia to Florida, was arrested by federal and county officers during a raid in Green Wreath park, several miles west of Greenville, yesterday afternoon.

Officers said the man was believed to have been in connection with the operation of a still seized in that community during the afternoon.

Purifoy was given preliminary hearing and remanded to jail in default of \$5,000 bond.

A fugitive from justice after years in the whiskey business, the prisoner was described by officers as "being to the liquor ring of this part of the country what Capone is to the gangsters of Chicago."

Receiving a "tip" that Purifoy was in this section, officers recognized him while completing details of the raid of a large still in the Green Wreath vicinity. The man was immediately taken in custody and returned to Greenville. Federal authorities were notified of the capture, and upon their arrival the man was given preliminary hearing. He was unable to give bond and was returned to jail. The district attorney, it was said, specifically instructed that the prisoner not be released under less than \$5,000 bond.

Purifoy, according to records furnished by federal agents, had been trailed by government agents and detectives of the Eagle Detective Service through South Carolina, Georgia, Florida, Norfolk and to Greenville. He has been convicted four times previously for violation of the national prohibition law and was believed to have maintained a syndicate at New Bern having contact with representatives in several states.

Purifoy at one time was worth a quarter of a million dollars accumulated through connection with the whiskey traffic. He is originally from New Bern but since becoming a fugitive from justice has jumped from one part of the country to the other in an effort to conceal his identity and avoid apprehension.

Officers expressed opinion he was prominently identified with operation of the large still captured in Green Wreath park area, and had visited the site yesterday afternoon to make arrangements for shipment to other sections.

Purifoy, officers recalled, was connected with the shipment of a carload of whiskey by freight from New Bern several years ago. The cargo consigned as "potatoes," was discovered before it reached its destination.

The capture is considered one of the most important made in this part of the country in years and is expected to play a tremendous part in disorganizing the syndicate which has been instrumental in the distribution of thousands of gallons of whiskey not only in this section but hundreds of other parts of the country.

Refuses to Hear Capone Appeal Chicago, March 23.—(AP)—The United States Circuit Court of Appeals refused today to listen again to Al Capone's appeal from his conviction for dodging Federal income taxes.

Church to Give Cantata Sunday

An Easter cantata will be given at Memorial Baptist Church Sunday evening, March 27th.

The ministry of music is one of the most blessed gifts granted men by our Lord. Through this means we may be drawn into oneness of spirit before Him as we worship.

Therefore let us avail ourselves of the opportunity that will be afforded us to render praise unto the Lord Jehovah when our choir presents the cantata, "The Dawn of the Kingdom." We are confident you will find this service one of exceptional inspiration to you. Men need God, though they may not recognize the need, more than ever before.

Our appeal is that you will set aside this hour, and join with our choir in their effort to lead us to the throne of grace, and stir our hearts with the challenge of our common task in His kingdom.

The choir, led by Mrs. J. L. Fleming, is, Sopranos, Miss Bessie Brown and Mrs. W. Z. Morton; Altos, Mrs. Earl Carier and Mrs. E. S. Homic; Tenors, S. F. Allen and E. E. Pavi; Baritone, W. W. Lee and W. T. Lipscomb; Miss Brown is assisting the choir in the service. A cordial invitation is extended to our friends to be present.

Two Indicted For the Slaying Of An Officer

Lexington, March 23.—(AP)—George A. Younce, of Greensboro, former solicitor, and W. F. Brinkley, Lexington attorney, are scheduled to face trial March 29 on a charge of manslaughter in connection with the death of Sheriff James A. Leonard February 5.

The two men were indicted yesterday.

Younce and Brinkley, former chairman of the Davidson County Democratic Executive Committee, blamed the shooting on liquor. They said Leonard was killed when Younce sought to take away the officer's pistol after he had seriously wounded Neal Wimmer, 18, of Roanoke, Va., in an argument over responsibility for an automobile wreck.

Younce said he sought to prevent Leonard from shooting E. F. Sullivan of Palatka, Fla., Wimmer's companion, and that the gun was discharged in the tussle. Younce and Brinkley told their stories at a second inquest after having denied all knowledge of the shooting at an initial hearing.

Both resigned their official positions immediately after the second inquest.

Charles Ireland Dies in Guilford

Greenville, March 23.—(AP)—A long illness proved fatal to Charles H. Ireland, 73, former president of the National Hardware Association and for 50 years a leader in business and civic life here.

Mr. Ireland died yesterday at his winter home in Melbourne, Fla.

Tentative plans called for funeral services here Friday.

Born in Lovington, Va., Mr. Ireland entered the hardware business in Lynchburg in 1877. In 1882 he came here and soon became president of the Odell Hardware Co.

He was one of the founders of lay activities in the Southern Methodist Episcopal Church, and was six times a delegate to its general conference. He had attended 41 Western North Carolina conferences. He was continuously a member of the Guilford county board of education from 1903 until his death, was for several years a member of the city board of education, and was a trustee for 32 years of Greensboro College.

He was a prominent figure in the fight for prohibition in North Carolina, and in 1928 served as treasurer of the North Carolina anti-Smith organization.

He married Miss DeLavoie Alderman, daughter of the late Prof. W. F. Alderman, of Greensboro College, and the following children survive: Charles H. Ireland Jr., Frank and William Ireland of Greensboro.

District clubs of Rotary will gather here for their spring meeting...

The meeting will bring to the city some of the best known Rotarians...

Similar meetings have been held in past years but it is believed that now in the offing will be the best...

Prohibition enforcement officers are making it mighty uncomfortable for members of the illicit whiskey traffic...

It has been claimed that for every still captured, there are two others to take its place...

It is not to be doubted there are plenty of stills in the woods yet, but that the distillers feel less secure than they ever felt before...

With prices lower than they have ever been before, and consumption considerably reduced...

It is a perilous trade at the best, and now the officers are hounding traffic members until they don't know what to expect next...

The hundreds of lives claimed by storms in five southern states brings North Carolina people to a realization of the blessings they have received from lack of attacks by the elements.

It is true the coast suffered from storms recently but the loss was nothing compared with that suffered by Alabama, Georgia, Tennessee and other states swept by tornadoes.

This part of the country is truly a God-chosen territory, and people who have been complaining about depression should cease their lamentations and express thanks for their freedom from disastrous elemental disturbances.

Greenville is in the midst of one of the most pronounced rat extermination campaigns probably ever prosecuted here before...

With an estimated 20,000 rats daily eating away the profits of the citizenship, the need of Pied Pipers was never more pronounced than at this time...

It is impossible to estimate the loss from rat depredations in this county in the course of a year...

The Red Cross, always ready to render aid in time of distress, has sent relief forces to these sections of the south hard hit by tornadoes.

Although North Carolina has never been in need of much assistance...

Kitty Frew

By Jane Abbott

SYNOPSIS: Kitty Frew runs away from her husband, Gar, because he thinks a rich man's son doesn't need to work...

Chapter 19 "DON'T BE ALARMED" "That's exactly what's been the trouble, mother," Gar said.

"Of course, dear. She must learn your father has spent the best part of his life in building up a fortune and an honorable place in our community.

"You're wonderful," Gar repeated warmly. "Now run away, dear. I've a very busy day ahead of me."

"I'm sorry, Gar. I have had to dismiss Pound. I discovered that he was shockingly dishonest."

"It distressed me to send him away. But to have kept him on would have undermined the whole service in the house."

"You must have hated to fire him! How long—fourteen years, isn't it? He came that fall I was getting over the measles.

"Gar left his mother's room and went to his own to dress. Half-dressed he called Marge on the telephone.

"Good!" Marge cried. Then she laughed. "I mean it, Gar—I need you so much just now.

"He spent the greater part of each day that followed with Marge and Decker, the architect.

"Every morning going down earlier than was his custom he asked Jones, the new butler, if there'd been a telegram for him or a letter.

"You won't believe your eyes, mother, when you see that old barn—Marge sure is an artist.

"But after a little shutting himself out of his room, rushing here and there with Marge and the others could not crowd down his hunger for Kitty.

"He sought her out early one morning. Cora had not yet begun her operations, and her chaise-longue, the newspaper spread before her.

"China, torn by war, is now threatened with famine and disease. It is impossible to estimate the extent of suffering in the thickly populated areas of the country, but observers say it is indescribable.

Hardly had China recovered from floods, when Japan declared war, and this not only resulted in continued destruction of life and property but minimized the chances of the country recovering in the near future.

Famine and disease are the outgrowth of the terrible conflict forced upon the country by Japan, and unless aid is rendered the future of the Chinese people is problematical.

it's selfish to ask you to go with me when you so long to go to Kitty—"

"Gar's concern was all that she could want, his answer prompt. "Mother, of course I'll go! But you ought not to take the trip, I'll ask Riggs if you ought to—"

"No, no, no. He might say I couldn't go and I must. It's a very important conference. And the change, the drier climate—"

"I know, dear boy, how you feel!" Her voice was a little detached and seemed by its detachment to put Gar's loneliness in the background.

"There's to be a National Conference on Child Welfare, and I must. It's a very important conference. And the change, the drier climate—"

"You're good to me, dear boy. Am I asking too much? A few days—"

"A few days later the Winton Times informed its readers that Mrs. Dalton Frew and her son, Mr. Garfield Frew were in Denver for

the National Conference on Child Welfare. And, less conspicuously in the column: "Mrs. Garfield Frew is spending November in Bridgewater, the guest of Mr. and Mrs. John Brandon."

It was Kitty's habit to read the Times while she ate her breakfast in the restaurant where David had taken her that first night she had come to Ketchum Street.

"You're good to me, dear boy. Am I asking too much? A few days—"

All the dreary discouragement, the ache of waiting lifted from her. Of course Gar hadn't worried about

her because he thought she was home with her father and mother. He'd shown himself stubborn but she could smile even at that, now, in her great relief.

But if a letter went to Bridgewater addressed to her, her family would think that something was wrong! She considered such a complication, a little dismayed.

She could telegraph them. She pushed her uneaten breakfast away from her and went out hurriedly; she could not waste so much as a minute.

Probably that's because they're not really what you would call sweet... Chesterfields are just natural flavored... if you know what I mean.

"And have you ever noticed the paper?... Well, neither have I! "That's certainly a compliment... to be able to say you can't taste or smell the cigarette paper. RED SOX TO OFFER STEEP COMPETITION

By ALAN GOULD
(Associated Press Sports Editor)
Savannah, Ga., March 23.—(AP)—The Boston Red Sox, who went into a prolonged tailspin after flying high in American League circles for many pre-war years, no longer can be lightly dismissed in the advance calculations.

Not only did they scramble out of the American League cellar last season but they exceeded the expectations of their most optimistic followers by finishing sixth with a spirited drive down the stretch, thanks to some superlative pitching by Danny MacFayden, Wiley Moore and Jack Russell and a few other hard working boys.

Shifting their camp from Pensacola to Savannah, where the baseball enthusiasm of the old south still lingers, the Red Sox by now have convinced themselves that they are going somewhere.

No pennant fever raises the temperature of the athletes here but Manager John F. Collins, whose nickname is the good old Irish "Shaun," all reports to the contrary, has surrounded himself with a hustling collection of young talent.

"If we get the right combination around second base and a little more consistent hitting, we will at least give any club a fight," Collins said.

The answer to the club's need for a dependable second sacker appears to be John Dashiell, a Texan who has been going good in the Southern Association. If he can hit he will win the job from Marvin Olson who played with Buffalo last season.

Al Van Camp has been shifted from the outfield to first base permanently. Harold (Rabbit) Warstler has the call at short and the veteran Marty McManus is a fixture at third.

The outfield trio is Jack Rothrock, Tom Oliver, a real ballhawk, and Earl Webb, who hit 333 last season and packs the team's clean-up punch. George Stumpf, from Quincy, Ill., is a good looking prospect and so is John Lucas from Richmond.

The battery department needs no apologies whatever, with a first class receiver in Charley Berry, a former Lafayette all-American, to handle a staff headed by MacFayden who won 16 games last year; Jack Russell, Horace Lisenbee and Bob Kline, all right-handers. The southpaws are Ed Durham, a slim but effective youngster; Bob Weiland, big portlander obtained from the White Sox; and John Michaels, recruit from Buffalo. For relief work, Collins has two seasoned men in Wiley Moore and Pete Donohue, who is staging a comeback after a good year with Kansas City.

Behind the bat, Berry's aides will be Ed Connolly, Brooklyn boy with the club last season, and Howard Storie, a 20-year-old Pittsfield, Mass., product.

Sport Jots

Bloomington, Miss., March 23.—(AP)—Young Mike Delaney, former Chicago sandlotter, was called on today to show Manager Walter Johnson of the Washington Senators some of his pitching against the Baltimore Orioles.

Savannah—The Red Sox play their first exhibition of the season today, against Hartford, of the Eastern League, and have been ordered by Manager Collins to "bear down."

St. Petersburg, Fla.—Manager Bill McKechnie and the board of strategy of the Boston Braves were hunting today for rabbit's feet and four leaf clovers. They're about ready to try anything to break up the batting slump that has hung over the tribe.

San Francisco—The conduct of the Chicago Cubs' new kid infield pair, Stanley Hack and Bill Herman, is putting something like a smile on Rogers Hornsby's face. The youngsters have fielded well from the beginning, and their hitting has improved at an encouraging rate.

San Antonio—This was an important day to the Chicago White Sox, mostly because Urban (Red) Faber, was due to bow himself into his nineteenth season as a member of the club against San Antonio.

Tampa—Babe Herman will not appear against his former teammates, the Brooklyn Dodgers, at Clearwater today in their game with the Cincinnati Reds. He has been told to take his own time in conditioning, and so may not see action for another week.

New Orleans—Johnny Burnett, utility man in the Cleveland fold, has startled the Indians in general, and Johnny Hodapp in particular, with his fight for the regular second base position.

Winter Haven—The Phillies received the St. Louis Browns today undaunted by their 15-7 setback at the hands of the Athletics at Fort Myers yesterday.

Bravery Marks Plane Smashups Along Pacific

(By The Associated Press)

Mishaps to airplanes, accompanied by instances of personal bravery, figured largely in news of the Pacific coast yesterday.

Colliding over Los Angeles harbor, planes piloted by naval ensigns Elliott W. Parrish and Clayton C. Marcy, were damaged. Displaying cool heads, the naval officers piloted the ships to the water's surface where harbor crafts rushed to rescue the pilots and two observers.

At San Diego, Corp. Himer N. Turner of the Marine Corps, forced his way into the cockpit occupied by Staff Sergeant Orla S. Hofer, when the latter became ill at an altitude of 5,000 feet and fell over the controls. Turner, without piloting experience, brought the ship safely to a landing.

BOWIE CARRIES FIGHT TO MOCKVILLE

Mockville, March 23.—(AP)—Judge Tam C. Bowie, of West Jefferson, brought his campaign for the Senate to Davie county with an address here today.

He rapped the Federal Government for spending \$500,000,000 yearly for boards and commissions and accused Senator Cameron Morrison of being a tool of the Reynolds Tobacco Company and the power interests.

Judge Bowie also advocated a protective tariff of 25 cents per pound on tobacco.

Woman Tries To Kill French Tennis Star

New York, March 23.—(AP)—A woman in red, screaming her fury from a front row balcony seat at the Seventh Regiment Armory, attempted unsuccessfully to hurl a knife at Jean Borotra, French tennis star, during a doubles match of the Franco-United States indoor championship last night.

Her arm, flashing with gems, was drawn back as though to send the long paper knife her fingers held down upon the court, when it was seized by a man nearby. His fingers tightened about her waist, and the knife fell harmlessly to the floor.

At the time of the attempted attack Borotra, paired with Antoine Simon, was playing against the American team of George Lott and John Van Ryn.

Half a dozen men seated nearby went to the aid of the man who had stayed the woman's hand. She fought them furiously. Her red evening gown was torn, and she lost a sloop. She still was screaming when police later sought to question her. Finally they sent her to Bellevue Hospital for observation.

SOUTHERN ENGINEER DIES AT THROTTLER

Saluda, N. C., March 23.—(AP)—John L. Bishop, 67, veteran Southern Railway engineer, died at his throttle while his Spartanburg-to-Asheville train climbed a steep grade between Tryon and Saluda, today.

C. Townsend, the fireman, said he saw Bishop slump over in his seat while the train was a mile from Saluda. He investigated and found the engineer dead. Townsend then took the throttle and brought the train into Saluda.

Market Report

Cotton--Stocks--Grain

N. Y. COTTON

New York, March 23.—(AP)—Cotton opened easy today at a decline of 5 to 10 points on southern and foreign selling. March sold at 6.53.

Brokers with Liverpool, continental and Japanese connections were reported among the early sellers here, but offerings were attributed largely to further liquidation and were absorbed at the decline by trade buying and covering.

The market showed very little rallying power, however, and was barely steady at the end of the first half hour with May selling around 6.52 and October 6.91 or about eight to ten points net lower.

Liverpool cables reported general liquidation in that market promoted by the fear of labor trouble in Lancashire and said the demand for cotton cloth and yarns was restricted.

GRAIN MARKET

Chicago, March 23.—(AP)—Aggressive buying which developed in the late dealings today lifted the wheat market about 2 cents a bushel as compared with lower prices yesterday.

Some of the late buying was based on assertions that upturns were to be looked for, as wheat values of late had suffered a shrinkage of almost 18 per cent. Furthermore, exporters were represented as good buyers at Winnipeg, presumably on account of overseas business.

Flour mills were reported selling flour to Europe for the first time in six years.

STOCK MARKET

By CLAUD A. JAGGER
 (Associated Press Financial Editor)

New York, March 23.—(AP)—The stock market drafted aimlessly today, absorbing occasional trickles of selling without difficulty.

The mid-week business statistics failed to provide any fresh sustenance for the market, and uncertainties surrounding the fate of the tax measure in Congress tended to keep traders cautious.

The list sagged a point or so in the early dealings, recovered during the morning, then eased off slightly after midday. Leaders ranged fractional ylower by early afternoon. Some special selling appeared in Proctor and Gamble, which dropped about 4 points to a new low in the early dealings, then recovered. Early losses of a point or so in U. S. Steel American Telephone and American Gas were recovered, then these issues ceased off rationally. Trading was again extremely sluggish.

Wall Street is now awaiting with keen interest the intensive automobile sales campaigns planned for early April. Any pickup in sales should bring a beated upturn in steel production.

Electric Power production for last week was off 8.6 per cent from last year, the least favorable comparison thus far reported, save for that shown in the week ended March which was off 8.7 per cent.

ROOSEVELT IS SURE OF GA.

(Continued from Page One)

North Dakota in the west over Gov. Murray of Oklahoma, and in Georgia, he is opposed by Judge G. H. Howard of Atlanta, who seeks to throw the state's strength to John N. Garner.

The vote today shared attention with another outstanding prospect—Roosevelt development in the capital. Here last night Senator Barkley of Kentucky, gave his support to the New Yorker as a candidate offering the right leadership for the party's greatest chance at victory since Woodrow Wilson was elected in 1912. Barkley made the declaration in a letter to Dr. James H. Richmond, Kentucky state superintendent of instruction, in which he definitely turned down an offer of a favorite son vote for himself from the Blue Grass delegation.

His statement came soon after William G. McAdoo's call on Speaker Garner and his ensuing prediction that though the Texan had nothing to do with it, California would cast her 44 votes for Garner rather than Roosevelt or Alfred E. Smith, the other candidates entered in that state.

Another Democratic spokesman turned his attention to Republican affairs. Senator Bratton of New Mexico, in a statement issued through his party's national committee, said it seemed to him that President Hoover's duty towards his dry supporters if not the entire country is to give his position on prohibition. He said the Republican party seemed bent on adopting a platform for a more liberal prohibition attitude, and that the President's acceptance of or objection to such a stance should be known.

keys to replace General Chiang Kuang-Nai. The latter walked out of the conference this morning, complaining the Japanese had sent General Kenkichi Ueda who was only a lieutenant general and beneath his rank.

The prospect tonight was that the parleys would be delayed at least until Thursday.

An opinion was freely expressed among the public that the Chinese military leaders were anxious to escape participating in the parleys, believing they would be subjected to criticism regardless of the outcome.

PREPARE FOR DECISIVE VOTE ON REVENUE BILL

(Continued from Page One)

The Georgia Democrat has been put under a terrific strain in the last three months in working out the tax bill.

Rainey said many representatives were under the impression that, when they voted yesterday for the Ramseyer amendment to the revenue bill, they were placing a maximum levy of 65 per cent on estates in excess of \$10,000,000 instead of a 45 per cent tax.

"They thought that the 45 per cent was in addition to the existing twenty per cent maximum, because of the involved wording of the amendment," he said. "As a matter of fact, the Ramseyer amendment only increases the committee's recommendation by five per cent, but it does lower the exemption from \$100,000 to \$50,000."

SAYS WORLD COURT HAS ACCEPTED SENATE CHANGE

(Continued from Page One)

opponent of the court, declared after the session that "the secretary's statement is at variance with what he has said heretofore."

The committee is sharply divided over whether the revised protocol which Elihu Root helped to frame amply safeguards the reservation voted by the senate in 1926 to prohibit the court from rendering an advisory opinion in matters in which America is concerned, without first obtaining the consent of this government.

The other powers never accepted this reservation and the revised protocol was drafted.

Secretary Stimson, who was unable to appear before the committee today because of a cold, ended his letter to Senator Borah with the following statement:

"By joining we incur absolutely no liabilities, except the insignificant liability to pay our share of the court's expenses, while on the contrary we gain a power to exercise our influence not only in the choice of the judges of the court but in its methods of procedure as well, which we do not now have."

"Never before was the world in greater need of the orderly development of international rules of conduct by the wise method of judicial decision, which we Americans are so well acquainted with in the development of the common law of this country."

"We have delayed long in availing ourselves of that opportunity. I sincerely hope that we will now assume the privileges and the responsibility of taking a part in that growth in the future."

URGES ACTION OF CHRISTIANS

Rev. W. S. Harden Speaks at Union Service at Methodist Church Today.

Rev. W. S. Harden preached at the early service this morning at Jarvis Memorial Methodist church, using as his text, "And Peter Stood and Warned Himself." As this early disciple warned himself by the comfortable fire while his Master suffered at the hands of his enemies so have countless other comfort loving people through the ages warmed themselves while the cause of Christ suffered.

The speaker said that many of our people are staying away from church this week simply warming themselves by the fires of their own comforts. Professing people should love Jesus more, but like the three disciples in the Garden of Gethsemane they sleep too well. Like those who watched the doings about the cross they continue to sit down and watch Him there, not being moved by the tragic scenes of the day. We must not be contented to warm ourselves by an easy service but go to others with the bread of life. The need is great and we must forget ourselves in the face of that need.

Fine attendance was noted this morning and all who are interested are urged to attend the services in the several churches at night and also the united services each morning at Jarvis Memorial church. The sermon tomorrow morning will be delivered by the Rev. W. A. Lillycrop.

SENATE CONSIDERS JONAS NOMINATION

Washington, March 23.—(AP)—The Senate today began consideration of the contested nomination of Charles A. Jonas as United States attorney for the western District of North Carolina.

Jonas, a former member of the House, is now serving under a recess appointment.

His nomination was adversely reported from the Senate judiciary committee because of charges that he had made unfounded attacks on the senate's campaign investigating committee.

RICH WOMAN THREATENED BELIEVE ARRESTED MEN VICE RING MEMBERS

(Continued from Page One)

Smithfield, March 22.—(AP)—Federal officers today expressed the opinion that three men arrested in connection with recent robberies in this section were members of a "vice-ring" which trafficked in white slavery, narcotics, liquor and stolen goods throughout the state.

No further arrests had been made this morning but Mayor Hare of Selma requested the resignation of Bradley Pearce, chief of police there, until the matter is straightened out to the satisfaction of town officials and residents.
