PATMAN SEES NEW ATTEMPT TO 'RAID' TREASURY

M. E. BISHOP DECLARE FOR THE 'DRY LAW'

**Episcopal Letter to
General Conference
Upholds Method of
National Prohibition**

Atlantic City, N. J., May 3.—(AP)—The Board of Bishops of the Methodist Episcopal Church in their episcopal letter to the general conference met the movement for the return of liquor control to the states today with a declaration in favor of national prohibition.

The letter also sounded opposition to militarism and unjust war, a plea for a Christian standard in industry and a receptive spirit toward unification with other kindred denominations.

The prohibition pronouncement said in part:

"Prohibition has proven itself embarrassing in certain regions, where public opinion protests, just as in the previous order of things, dry states doing their utmost to outlaw the liquor traffic had liquor imposed on them against their will. This dilemma is the crux of the opposition to the 18th amendment. In view of two very dynamic things—the commercial power of Congress and our present travel and transportation facilities—cities and states can neither in law nor in effect restrain the liquor traffic without nationalizing prohibition."

The epistle, commenting on overtures for unification with kindred denominations, said:

"The attitude of our church toward Christian unity has been unvarying. In our organization and spirit we are well situated for unity with other Christian bodies. We strictly repudiate all conceptions of prelacy. Recent years have witnessed a very evident trend toward union, particularly within denominational families. Definite results have not yet been secured, but genuine progress has been achieved in mutual understanding and good will."

Fire Threatens Pulpwood Area

Port Alfred, Que., May 3.—(AP)—One thousand men continued today to fight the great fire which is sending their hopes for employment—after long idleness—in smoke. The blaze roared through the 250,000 cords of pulpwood of the Port Alfred Paper Company, shooting flames 125 feet high.

The tongues of fire were visible 25 miles away.

Six hundred thousand gallons of water from 50 pumps were being poured into the fire with little effect. The fire which started last Saturday already has consumed much of the pulpwood stored near the mill.

A dredge, the General Mentealm, has been ordered here so that its powerful pump can be added to fire fighting equipment. It is not expected before tomorrow morning at the earliest.

The fire has come just at a time when the mill was about to reopen and provide employment for virtually every able-bodied man in the village as well as in the Lake St. John district. The pulpwood had been brought to the mill and stored in anticipation of the mill opening, set for today.

The plant, a subsidiary of Consolidated Paper Company, has been closed approximately one year.

Mrs. W. O. Wilson Buried Near Ayden

Funeral services for Mrs. W. O. Wilson, 42, who died at her home several miles from Ayden Sunday night, were conducted from her late home yesterday afternoon at 3:30 o'clock.

Rev. F. P. Eure, of Ayden, officiated, and a large floral tribute attested the high esteem in which the deceased was held.

She had been in ill health for some time, and little hope was entertained for her recovery following a stroke of paralysis days ago.

She was a member of Macedonia Methodist church and showed much interest in development of work of the congregation prior to her illness.

She was a native of Pitt county and lived in the community where she died the major part of her life. She is survived by her husband and four children.

Veterans Ask Morrison for Position on Bonus

Charlotte, May 3.—(AP)—The North Carolina department, Veterans of Foreign Wars, today wired Senator Cameron Morrison demanding a statement as to his position on the veterans' bonus bill. The action was taken after D. M. Bankenship, commander of the local post, told the state camp-

FAIL TO PLAN FOR TAX SALES

Raleigh, May 3.—(AP)—The tendency among North Carolina counties to ignore or openly flout the state law requiring immediate advertisement and sale of property for delinquent taxes has taken on additional emphasis this week.

Among the more populous counties refusing to be bound by the state law are Durham, New Hanover (Wilmington), Forsythe, and Wake. The Forsythe commissioners simply met, heard a delegation opposing sales in June, and adjourned without regard for the law requiring them to meet the first Monday in May and arrange for advertisement and sale.

The Wake commissioners were even more forceful. They postponed the sales for 60 days in the first Monday in June. New Hanover's sales were ordered postponed until July.

Other counties known to have injunction was made returnable Wednesday before Judge E. H. Cramer at Bayboro.

Macklenburg and Guilford both had the matter up for discussion, but officials decided there were no grounds on which the sales could be delayed legally.

The Durham commissioners have not ruled either way. The Durham real estate board threatened an injunction if sales were not delayed.

In official circles here it was said county officials could, if anyone desired to press the law, be held personally responsible for interest on the money to be brought by the sales during the period of delay.

Huey Long is Declared Man Without Committee

Washington, May 3.—(AP)—Huey Long's resignation from Senate committees in a one man revolt against the leadership of Senator Robinson, of Arkansas, was accepted today by the Democratic steering committee.

The vacancies caused by Long's resignation were filled by the committee, leaving the Louisiana a "man without a committee."

Long's resignation was made in a dramatic way last week, when he arose in the Senate to attack Robinson's party leadership.

Robinson immediately challenged the insurgent senator to a contest over party leadership and offered to call a conference of Democrats to consider selection of a new party chieftain any time Long wanted him to.

CHARGE FLIER WITH MURDER

Miami, Fla., May 3.—(AP)—Captain W. N. Lancaster, British flier, has been charged with first degree murder in the strange shooting of Haden Clark, writer and fiance of Mrs. Jessie Keith-Miller, the aviator's flying partner, on his reported confession to forging two suicide notes.

Can Fish Three Days a Week in Pitt-Beaufort

During the closed season from May 1 to June 10 he is fishing is permitted in Pitt and Beaufort counties on Mondays, Fridays and Saturdays, according to announcement made today by County Game Warden Marvin Horton.

Mr. Horton also stated that season for taking shad in the inland waters has been extended from May 1 to May 15.

During the three fishing days of each week there is no restriction on the kind of fish that can be taken. It was also pointed out that rock is not considered a game fish and can be caught by trolling at any time.

Capt. Lancaster, British Airman, Held at Miami for Slaying of Haden Clark

The flier was detained yesterday on a warrant sworn to by State Attorney N. Vernon Hawthorne who said he probably would refer today to seek an indictment. Hawthorne has exonerated Mrs. Keith-Miller in whose home the two men were guests at the time of the shooting April 21 but said she would be called as a grand jury witness.

Hawthorne, who described the position of the trio before the shooting as forming a "love triangle," said Lancaster confessed, in the face of statements by a nationally known handwriting expert, that he wrote the two notes, addressed to himself and Mrs. Keith-Miller, as from Clark, but denied killing the writer, Lancaster, Hawthorne said, explained he wrote the notes to remove suspicion from Mrs. Keith-Miller and himself.

When Clark was shot, he was collaborating with Mrs. Keith-Miller in writing her life story for publication. It was during this work that their romance began.

Upon their decision to marry, each wrote letters to Captain Lancaster, then in St. Louis. After telegraphing his congratulations

California Will Settle Choice for Presidency

Primary vote was on today in California which may come near settling the Democratic party's choice for President.

The state which only twice has gone Democratic in a presidential contest since 1896, was given the opportunity to arbitrate between Franklin D. Roosevelt's far-leading candidacy and the forces that are out to stop him and throw the nomination into the party's convention.

A record Democratic list of voters had to choose between Roosevelt, his outstanding opponent Alfred E. Smith, and John N. Garner, supporters of all three claimed victory.

This significant primary came on the heels of an unusual Republican contest. Yesterday in Maryland President Hoover grasped by a good margin the preferential vote from his one campaigning opponent on the latter's home soil. Apparently it spelled the end of former Senator Joseph I. France's single-handed campaign for the nomination, heretofore ignored by the Hoover forces.

Yesterday also the Democratic state convention of Rhode Island gave the state's ten votes to Smith. He ranks now third among the party's candidates with 46 votes, twelve behind the "favorite son" strength of Senator J. Hamilton Lewis of Illinois. Roosevelt has 279. RAPS ESTATE TAX PROVISION IN HOUSE BILL

Texan Declares Sec. Mills Would "Profit by Many Millions" Under Revaluation of Father's Estate

Washington, May 3.—(AP)—The House ways and means committee today closed all hearings on cash payment of the soldiers' bonus and will meet behind closed doors on Thursday to begin consideration of the \$2,000,000,000 new money plan.

Washington, May 3.—(AP)—The bonus hearing was converted today into a dispute over whether Secretary Mills influenced the incorporation of a provision in the tax bill under which the secretary of the treasury would profit by revaluation of his father's estate.

Representative Patman (D. Tex.), a leading advocate of full payment of the bonus, charged before the ways and means committee that the secretary would get millions and said the action would amount to an "inside burglary of the treasury."

Democrats and Republicans on the committee came alike to the defense of Mills.

Acting Chairman Crisp said the secretary declined to comment on the provision because he would be a beneficiary under it. The House (R. Mass.), Doughton (D. N. C.) and Chindblom (R. Ill.), joined in behalf of the secretary.

Patman was attempting to refute the arguments of Mills and Eugene Meyer, chairman of the federal reserve board, have made against the issuance of two billion dollars of new currency to redeem the outstanding bonus certificates. He offered to modify his plan to provide for the issuance of bonds which he said would control the expansion.

Turning then to the secretary, Patman asked the secretary if the tax bill which allows 18 months for revaluation of estates left by persons who died in 1928, and January 1, 1929, to allow for depreciation in value due to the period of economic stress.

"When this bill was pending before the committee it was not stated that the date set in the respective provision would permit the revaluation of Mr. Mills' father's estate," Patman said.

Members of the committee objected immediately to Patman's testimony.

"Several witnesses urged that provision," Acting Chairman Crisp said. "Secretary Mills said he did not care to comment because he would be a beneficiary."

"When on the floor I found a \$100,000 estate would be affected by this provision I voted to strike out of the bill."

Plan Inquest in Carter Death

Gastonia, May 3.—(AP)—An inquest will be held tonight in the death of Harold Carter, 18, who was robbed and beaten to death Sunday in his filling station near here.

Meanwhile, police said there were no developments. Officers conferred last night with Governor S. C. authorities. They would not reveal the nature to the conference.

Carter died Sunday night after a passing motorist found him unconscious in his filling station. He had been robbed. The interior here signs of a terrific struggle, police said.

Yesterday a negro was arrested but later was released.

Mrs. Andrews Hostess

Bethel, April 28.—The members of the Wednesday Afternoon Club were delightfully entertained by Mrs. William Andrews at the home of Mrs. Leland Andrews Wednesday.

Beautiful spring flowers formed a pretty setting for the two tables of bridge. When cards were laid aside Mrs. Grimes Beverly was given a pretty silhouette for making high score.

Light refreshments were served by the hostess.

Cheerio Club Meets

Bethel, April 29.—Miss Thelma Bunting gave a lovely party at her home Thursday evening when she delightfully entertained members of the Cheerio Bridge Club and a few additional guests.

Amid a lovely scene of beautiful spring flowers and shaded lights five tables were placed in the spacious living room. At the conclusion of six interesting progressions of bridge, Mrs. John Burton Bunting was found to hold high score for the club members, while Miss Annie Dare Hooker won high score among the visitors. Both were presented lovely prizes.

The hostess, assisted by her mother and Mrs. Claude James, served Island salad with iced tea. Each plate was made more attractive with lovely rosebuds, while in center of each table bud vases of beautiful flowers were placed.

PLANS FOR SPRING SHRINE CEREMONIAL

New Bern, May 2nd.—As a feature of the week-end spring ceremonial of Sudan Temple Shrine, to be held June 16-18 at Atlantic Beach near Morehead City, all towns in the temple jurisdiction are being requested to sponsor a candidate for a gala bathing beauty contest to be held Saturday night, June 18, at the beach casino. It has been announced by Charles A. Seifert, recorded of Sudan Temple.

Much interest is being taken already throughout the temple, reports Mr. Seifert. Already Rocky Mount, Raleigh, Durham, Wilmington, Washington, Beaufort, Fayetteville, Weldon and New Bern are taking active steps towards the selection of their bathing queens. About 80 other towns are expected to send representatives.

Many competitors are assured by the fact that Sudan Temple is offering a prize of a gold piece to every contestant. A more valuable prize will be awarded by Atlantic Beach officials to the winning queen of East Carolina Shriners. Al King and his Atlantic Beach orchestra will furnish music for the program.

Rocky Mount has already worked out a novel way to select its contestant and pay her expenses to the beach. A series of script dances is to be given there proceeds to go towards the expenses. A Shrine committee will select several attractive local girls to sell tickets for the dances and the one selling the largest number will be named Miss Rocky Mount, to represent her city at the beauty contest.

Returned From Charlotte

Herman Mattocks and his orchestra have just returned from Charlotte, where they had the unusual opportunity of playing for a week-end dance at the Myers Park Country Club, one of the most exclusive clubs in North Carolina. Over 200 couples attended.

ALABAMA FOR NEW YORKER

Only Opposition to Roosevelt Instructed Slate is State - at Large Slate

Montgomery, Ala., May 3.—(AP)—Alabama Democrats in a statewide primary today voted for delegates to the Democratic national convention and the only opposition to a Roosevelt-instructed delegation came from a slate seeking to represent the state-at-large and from a similar slate in the 9th district.

Those slates wanted too unopposed to Chicago but said they were not unfriendly to Governor Franklin D. Roosevelt of New York. They said they merely want to vote for the most available man at the time.

Alabama will have 21 votes at Chicago.

Selection of nominees for United States senator and nine congressmen was also voted on in the primary. Senator Hugo Black is opposed by Henry L. Anderson, of Birmingham, a former attorney general; J. Morgan Burns, of former Governor Thomas E. Kilby and Charlie C. McCall, also a former attorney general.

Senator Black has been designated by J. Bibb Mills, superintendent of the Alabama anti-saloon league as dry. Anderson has repeatedly declared for strengthening the dry-laws. Kilby has advocated a referendum although saying he personally would vote for the anti-saloon amendment.

Burns is an advocate of the rights and McCall is a referendum amendment.

Seeks Change in Waterway Project

Washington, May 3.—(AP)—Major General Lytel Brown, chief of army engineers, has recommended to the House rivers and harbors committee that the plan for the inland waterway network in Cape Fear river, North Carolina, and St. Johns river, Florida, be changed so the United States would pay for constructing bridges over the waterway in Surry county, S. C.

The cost of the bridges is estimated at \$350,000. The recommendation said Horry county is unable to bear the cost and will derive little advantage from the waterway.

The county, however, will be obligated to maintain the bridges and to guarantee against any construction of the waterway claims for "damage arising from

Gangster Wins More Votes Down Blue Laws

Baltimore, May 3.—(AP)—Baltimore can go to its moving picture shows, buy a loaf of bread or go to a baseball game legally next Sunday for the first time in history.

By the most overwhelming vote ever registered on a question, the voters yesterday repealed the state 20-year-old blue laws, insofar as they applied to the city. In a special election which overshadowed the presidential primary between President Hoover and former Senator Joseph I. France.

Baltimoreans cast 142,000 votes on the question, and passed the repeal by a majority of 83,990, while the entire state put but 41,000 ballots into the boxes on the presidential question.

The repeal became effective upon passage of the referendum, which was authorized by the last session of the legislature after a 25 year battle by the city to gain the right to decide its sabbath observance independent of the more conservative county elements.

YOU CAN'T MARRY

By Julia Cleft-Addams

SYNOPSIS: "Mrs. Townsend?" George Revell Townsend is asked abruptly, and she realized that danger threatens her efforts to keep her recent marriage to Eddie Townsend a secret.

married; and I noticed that your cousin wasn't wearing a wedding ring. Doctors do notice such things, you know. I'll push off now, Miss Revell, and tell Mrs. Townsend how I wish I could have brought better news. Don't trouble to see me out. Goodbye.

Chapter 14 A SPY CALLS The doctor sat down. His bright, bold eyes held her ruthlessly.

"What happened was that the traffic made him hysterical that the driver turned and brought him back to the hospital. And as they were helping him out of the cab some planes went over and he fainted."

"Afterwards he begged the nurse to hide him, because if he was sent up again he would crash. He's been given a sleeping-draught and no doubt he'll get over this particular phase of terror. But Dalling thought it only fair to warn you that he won't be fit to fly again for a long time, if ever. I am coming up to town, so I said I'd call."

"There was a long, dreadful pause. George put out her cigarette. Presently she heard her own voice. It was shrill and a little roughened. 'It's bad luck, isn't it? On—on his wedding day.'"

"His wife?" The doctor abandoned his scrutiny of the room. He, too, seemed to speak very slowly and carefully. "Then you are not Mrs. Townsend? I've made a mistake?"

"Where is Mrs. Townsend? May I see her?" "She's not here just now. She's at the hotel where—where she expects Eddie to join her tomorrow."

"There is only one way for you to help. See your physician personally and encourage your family and friends to do likewise. You have heard of diphtheria, typhoid and mumps. They are not new. The important thing is: have you and your families been inoculated against these diseases?"

"The anger fell from her. Better face things. She would not at twenty-eight have been private secretary to Gratton Marching at a salary of five hundred a year, if she hadn't always faced things."

"Eddie's marriage was public knowledge. It was reported in the Record already. The Old Man read the Record. Anyway, all the papers would have it tomorrow."

"Suppose the Old Man didn't believe it? If he didn't believe it, he would dismiss her. He would not employ a married woman worker. She would get a month's salary and she would go."

"What about all the rest of the bills? What about the trousseau?" "Eddie's savings were there but they would not support the two of them for very long. They would not even support Eddie alone for very long. And who was to know, who was to say how long Eddie must, somehow, be supported?"

"I ought to have told you, at once," she added. "But I thought it might be better if I were the first to hear any bad news than to find it, Jenny—well, she's very inexperienced. Very easily alarmed."

"You'd have to talk to Dalling about that but I don't imagine he'll see any sense in keeping the poor chap there for long. It's not a suitable place for a nerve-case, you see, anyway."

"When I got bilious, I had a bad taste in my mouth, and then severe headaches that put me to bed," writes Mrs. Anna-Copeland, Anderson, S. C. "I found Black-Draught relieved this. I felt better after taking it. Black-Draught is a good medicine."

Prohibition to Feature Fight in South Carolina

Columbia, S. C., May 3.—(AP)—Fights at the South Carolina State Democratic Convention over two issues—a referendum on prohibition and whether delegates shall be sent to the national convention pledged for Franklin D. Roosevelt or unstructured—were forecast today.

Although a majority of the conventions avoided a definite stand on prohibition, eleven counties went on record as endorsing it, or at least against its injection at the state convention while the same number of counties favored its re-

peal of a referendum. Two of the state's largest counties, Charlotte and Richmond, were in the latter group. Anti-prohibitionists hailed as a victory the action of the Greenville Democrats in tabling by narrow votes two resolutions favorable to prohibition.

Gardner Denies He is Aspirant for V-President

Raleigh, May 3.—(AP)—Answering newspaper speculation which has arisen since the governor's conference in Richmond last week, Governor O. Max Gardner of North Carolina has put at rest reports that he is being groomed for the Democratic vice presidential nomination.

"I am not now and have never been a potential or possible candidate for the Democratic nomination for vice president," said Governor Gardner. "I have never known of any man who was a candidate for vice president to be nominated, and will do nothing to promote a campaign in which I have no interest."

The cut also will be effective for new officers when they take over their duties December 1. This cut is in addition to a 10 per cent cut made last summer.

BAILEY OPPOSED TO CONGRESS RECESS

Raleigh, May 3.—(AP)—Senator Josiah W. Bailey, here on private business, today expressed opposition to proposals that congress recess June 10 as he said he did not believe needed legislation could be enacted by then.

The senator said he expected to return to Washington tonight to be there tomorrow if Senator Shortridge, Republican of California, carries out an announced intention to press for action on the contest of Bailey's seat by George M. Pritchard, Republican, whom Bailey defeated in 1930.

Victorious Indians Prepare for Hard Fight in the East

TRIM BROWNS BY SCORE OF SIX TO FIVE

By GAYLE TALBOT
(Associated Press Sports Writer)

With the year's first inter-sectional warfare only two days away the Cleveland Indians again shape up as the west's best bet to break into the eastern club's monopoly on American League laurels.

Roger Peckinpaugh's tribe was running a strong second today, only one game behind the Washington Senators, after winning nine straight against western opposition. Detroit, in front SHREDLUPU tion. Detroit, in fourth place, also will invade the seaboard in excellent position.

The Indians, who have been winning largely on sheer offensive power, will make their eastern debut against the Athletics Thursday at Philadelphia. Wes Ferrell, who has won his first five starts, likely will get the nomination against the Mackmen.

Two big innings that netted all their runs gave the tribe a 6 to 5 victory over the St. Louis Cardinals yesterday.

The leading Senators handed Vernon (Lefty) Gomez his first reverse of the year in slugging cut. To 3 decision over the Yankees, Joe Cronin led the way with a home run, a double and a triple. Henry Johnson, an appendicitis victim in the spring, made his first appearance this season when he relieved Gomez in the fifth. He was hit solidly.

Jimmy Foxx's home run in the 11th inning broke up a mound duel and gave the Athletics a 3-2 triumph over the Boston Sox. Lefty Grove, third Athletic hurler, was credited with the win.

Sad Sam Jones collapsed after allowing only four hits in eight innings. The Detroit Tigers scored five runs in the ninth and beat out Chicago 5-3.

National League fans were treated to a pair of superb pitching performances by Sylvester Johnson of St. Louis and Steve Swetonic of Pittsburgh. Swetonic allowed only three hits in blanking the aspiring Chicago Cubs, 2-9, while Johnson let the Cincinnati Reds down with four to win 2-1.

Jimmy Collins' sixth home run of the year in the fourth inning with Starky Adams on base enabled Johnson to get the better of a tight slug duel with St. Johnsens the Reds, who allowed only five hits himself.

All three blows off Swetonic were singles and only one Cub reached second base. The Pirates scored both their runs off Pat Malone in the sixth on two hits, a sacrifice, a pass and Danny Taylor's miff of Dugan's fly.

Dazy Vance's tight pitching and Glenn Wright's timely hitting gave the Brooklyn Dodgers a 3-1 victory over the Giants. Wright tripled with two on in the eighth to break a deadlock.

The Phillies went on another hitting rampage behind Ed Holley's seven-hit pitching to subdue the league leading Boston Braves 7 to 2.

Going into the eighth trailing 5 to 4, the Caps bunched hits off Andrews for three runs. Although the Twins scored once in the ninth, their last minute rally was short lived. Baylin and Boykin, Winston hurlers, had already been sent to the showers.

Francis had the slugging Twins well in hand after the first three innings, in which they got all of their earned runs, and they got, for them, the sensationally low total of seven safeties.

Wilmington took a double fisted grip on third place by a ninth inning rally which gave the Pirates an 8-7 win over the second place Greensboro Patriots. The Tars got 13 hits off Kleinhaus, Simms and O'Brien, while Veach held the Pats to five.

The Charlotte Hornets and Durham Bulls continued their race for the cellar position. Although getting four home runs, the Bulls could not keep up the race, and lost a 10 inning slug fest to High Point 12-11. Chervinko's triple, scoring Perry, turned the tide for the Pointers at the last moment.

The Asheville Tourists got to Bud Shancy for 11 hits at the proper times to hand Charlotte its fourth straight defeat and its fifth of the season, 9-1. Kola Sharpe gave the Bess but four hits.

The High Point-Durham game was a big day for the home run hitters. Perry, Pointer left fielder, got two, to bring his total to four for the six games played. Shires, Durham second baseman, also got two, while McCarter, catcher, and Long, center fielder, for Durham,

Eleanor Holm of New York, one of America's swimming champions, appeared in this new low-cut swimming suit at the Olympic pool in Los Angeles. Miss Holm, a leading candidate for the United States' Olympic swimming team, is in training for the National Amateur athletic union indoor championships.

CAPS SLOW DOWN TWINS

Charlotte, May 3.—(AP)—The Winston-Salem ball of fire, which swept unchecked through the first five games of the season, was brought under control, at least temporarily, by the Raleigh Caps as the Piedmont League entered its first full week of play.

Wilmington took a double fisted grip on third place by a ninth inning rally which gave the Pirates an 8-7 win over the second place Greensboro Patriots. The Tars got 13 hits off Kleinhaus, Simms and O'Brien, while Veach held the Pats to five.

The Charlotte Hornets and Durham Bulls continued their race for the cellar position. Although getting four home runs, the Bulls could not keep up the race, and lost a 10 inning slug fest to High Point 12-11. Chervinko's triple, scoring Perry, turned the tide for the Pointers at the last moment.

The High Point-Durham game was a big day for the home run hitters. Perry, Pointer left fielder, got two, to bring his total to four for the six games played. Shires, Durham second baseman, also got two, while McCarter, catcher, and Long, center fielder, for Durham,

got one each. Stevens, Raleigh first sacker, got the other circuit smash of the day. He also had a double and a single cut of five trips.

Hard Campaign
Marion, May 3.—(AP)—If the new 11th district doesn't get a congressman it won't be because C. F. James and J. Gilkey of Marion didn't cooperate.

James was given the Republican nomination for the post and Gilkey will have to win the Democratic primary before he can be his party's nominee.

But both men are planning to do their fall campaigning together from the same platforms and traveling over the same stumping route.

The Triumph of Beverage Perfection

The New NuGrape

MADE WITH WELCH'S GRAPE JUICE

From Maine to California millions are enjoying today the supreme achievement of the makers of NuGrape. Truly this is a gala day in the history of beverage making. It marks the final victory of science over the ancient King of all Fruit Juices—King Grape Juice!

After years of expensive research our labors are rewarded. Our laboratory working in conjunction with the Welch Grape Juice Company, has produced a New NuGrape . . . A delicious, carbonated beverage deriving its entire flavor and color from Welch's Grape Juice.

Never before has there been a drink like this introduced to the American public. The New NuGrape has a smooth, fresh piquancy of flavor—a delightful, bracing tartness about

Market Report Cotton--Stocks--Grain

New York Cotton

New York, May 3.—(AP)—Cotton opened steady today, unchanged to 6 points off on southern and local selling. July sold at 5.67.

Prices dipped slightly right after the call selling off to 5.64 for July, but the offerings were quite readily absorbed, and while trading continued quiet prices worked about 1 to 5 points net higher by the end of the first half hour when July was selling at 5.73 and October at 5.82. The announcement of the Federal Farm Board selling policy, eliminating recent uncertainty, was evidently considered a constructive feature by many in the trade as a long-range proposition, and probably brought in some of the early buying.

Liverpool did not fully meet yesterday's local advance, but reported that there had been covering and trade calling with buying for a reaction in that market. According to the New York Cotton Exchange service world's consumption of American lint cotton for March amounted to 1,157,000 bales against 1,066,000 for February and 979,000 for March last year.

Chicago, May 3.—(AP)—Selling of wheat bought of late on correct expectation of bullish private crop estimates led to sharp setbacks in prices today after an early advance.

At the bottom of the downturn, wheat showed a loss of more than 9 cents a bushel from the recent high. The decline carried the market to the lowest prices touched in more than a month.

Stock Market

New York, May 3.—(AP)—A sprinkle of selling was sufficient to keep the stock market still on the downgrade in another listless session today.

Weakening of the dollar in the foreign exchange markets was one of the notable developments of the day in Wall street, and was generally attributed in international banking quarters to the obstacles encountered in Washington in the way of budget balancing, and the passage by the House of the Boldborough bill, directing the reserve system to endeavor to restore commodity prices through manipulation of credit and currency.

Stocks showed little change from recent sessions. Oils, and some of the leaders such as U. S. Steel and American Telephone, held up well. The entire market rose a point or so in the first hour, but this was lost later, and a number of shares declined 2 to 3 points, including American Can, J. C. Penny, Lehman Corp., Safeway Stores, Western Union, Columbian Carbon, Hershey, Coca Cola, Drug, Inc., and a few others. Declines of a point or so were numerous.

LOCAL NOTES GO ON THE AIR

(Continued from page one) with several members participating. Acting as announcer, Johnson introduced J. J. White as principal speaker of the evening along with several quartet numbers.

Mr. White told of plans now underway for bringing a barrel manufacturing plant to the city and urged support of the club to make this possible. He enumerated the good results derived from operation of industries of this kind and said they were playing a prominent part in relieving unemployment sweeping over all sections of the country.

Quartets headed by Johnnie Overton, J. B. Kittrell and Judson Blount were put on the air, and that of J. B. Kittrell was so good the announcer received a request for an encore number.

The program showed what Rotary talent is able to do when put to the "crucial" test, and in spite of the "static" the major part of the program was put across in fine style.

President Howard McGinnis presided and the program was in charge of T. Y. Walker. The usual supper and song program were enjoyed.

SECOND ELECTION MAY DECIDE RACE IN THIRD

(Continued from Page One) lins, incumbent, and M. J. Moyer, making a second election inevitable if Collins, second highest man, desires it. The vote for Taft was 116; Collins 110; Moyer 64.

Collins said today he had not determined what action would be taken as yet, but would decide after a plurality over J. A. Col within the next five days, the expiration of the time limit for the filing of notice for run-off elections. Should he decide to run, the next election would automatically take place two weeks from the date of the first contest, making it the third Monday in May.

With a plethora of candidates making bid for honors in all but the Fourth Ward, where W. H. Norris was re-elected without opposition, voters went to the polls in large numbers to register approval of their favorites. The total vote of 1,266 was probably the largest cast in a regular aldermanic election here in years, and candidates probably put in more time rounding up their constituents than has been done in sometime.

The most pronounced fight was in the Fifth Ward, "the bloody fifth," where A. E. Hcbgood, incumbent, literally ran away with three opponents seeking to claim his seat. The vote for Hcbgood was 222; L. C. Evans 68; Dal Cox 41; A. G. Walters 14.

Norris' vote in the Fourth Ward was 34. In the First Ward, where Closs Hearne and Joe Johnson were running for the uncontested seat of J. N. Williams, Hearne won out by a vote of 113 to 72.

In the Second Ward, J. L. Hassell, incumbent, won over W. H. Dail Jr., by a vote of 230 to 143. The election was conducted in a quiet and orderly manner and nearly five hundred persons voted during the morning hours in spite of overcast skies threatening rain at any moment. Voting picked up sharply during the afternoon when candidates launched their last round-up of supporters in all parts of the city.

Small groups of candidates and supporters gathered along the streets in front of the court house, wisecracking of the day, and as usual, was the order of the day, and those seeking mental diversion were able to find it almost at any time.

The aldermen will serve for a period of one year. Three other members of the board are elected for terms of two years like the mayor and will not come up for election until next year.

VETERAN CASE FOR PRISON FOR POSITION ON BONUS

(Continued from Page One) ment has "information came to be at 3 o'clock this morning that he would not support and vote for the bill.

Blankenship said if the information was true, Morden had reversed his position, for he had

assured him and other members of the local post who called on him recently that he would vote for the bonus.

"I would like to have the state department wire and demand a reply before the adjournment here today explaining his position," Blankenship said.

Major J. C. Minnette, of Greensboro, made an address this morning in which he urged the veterans to fight legislation intended to cut the size of the military forces of the nation.

CALIFORNIA WILL SETTLE CHOICE FOR PRESIDENCY

(Continued from Page One) ters indicated it regarded the hundreds of favorite son ballots as its own "ace in the hole" Lewis' 58. Governor George White's 52 in Ohio, and former Governor Byrd's 24 in Virginia were among those it claimed after the complimentary first vote. Roosevelt may need these to secure the 770, or two-thirds, required to nominate.

Today brought also the selection of 24 Democratic delegates in Alabama and 10 in South Dakota. The latter were counted on as certain for Roosevelt and at least a majority of Alabama's also was claimed.

President Hoover was unopposed for California's 47 Republican votes and expected to win most of 37 more to be chosen in Alabama, South Dakota and Mississippi.

FEAR SPINAL MENINGITIS AT STATE PRISON; 3 DEAD

(Continued from Page One) not thought to be the epidemic variety.

Dr. James M. Parrot, state health officer, said this morning that every precaution was being taken in case investigation showed that the suspected meningitis is of the dread epidemic type. He said it would be this afternoon or later before he would have definite information.

Henry White of Passapatan and Walter "Bill" Autry of Amon, both 16-year-old negro prisoners, have died since Saturday and Van Slieman, white prisoner sentenced in Burke county, died in a hospital here last night.

White died in the prison camp in Surry county. The camp was placed under quarantine for 10 days and Dr. John H. Hamilton, epidemicologist of the state board of health, sent there late yesterday to investigate the death of Parrot said he expected a report late today or tomorrow morning. Dr. Parrot said he was inclined to believe White died of pneumonia but that a thorough diagnosis had been ordered.

Autry died in the central prison here. Dr. Parrot said that E. Norman, state's prison physician reported to him that an examination of fluid from his spine was negative so far as presence of spinal meningitis was concerned. A thorough investigation of the case was still underway, however.

PLAN TO TAKE CAPONE TO PEN

(Continued from page one) will after it had received a certified copy of the United States Supreme Court's decision yesterday relating to review Capone's case.

A mittimus ordering Capone to prison was then made out and it was stated that he would be started for Leavenworth, Kansas, tonight.

Marshal H. C. W. Laubenhimer kept his plans for the prison trip secret, saying he wanted no crowds or interference.

Chicago, May 3.—(AP)—Jail days for Al Capone appeared to be about over, with prison looming ahead, and Capone's not very happy about the prospect.

Government officials were preparing today to transfer him to a federal penitentiary to start him on his eleven year sentence for failing to pay the government income tax on the enormous profits he is reputed to have made on his gangland activities in Chicago.

U. S. Marshal H. W. C. Laubenhimer said last night following news that the U. S. Supreme Court had refused to intervene in Capone's conviction that he was practically certain that the gangster would be started to jail tonight.

"It's not fair," he is reported to have said in his cell when news of the Supreme Court's action was received. "I'm the victim of public clamor. My sentence should have been two and one-half years, but just because I went to a few baseball games they made it 11 years. I'm still willing to fight if my lawyers are with me."

The short sentence Capone referred to was reported to have been recommended by federal prosecutors in consideration of Capone's plea of guilty, which he subsequently withdrew when Judge James H. Wilkes declined to be bound by any agreement. That was last summer in October Capone went on trial and was convicted. Ever since then he has been held in the county jail, while his attorneys have fought through the courts all the way to the highest in the land in an effort to set aside the conviction.

Capone's mother was with him when the news came from Washington. He refused to see newspaper men, but jail attaches said he was furious.

If Capone goes to Leavenworth he will be in the same prison with the reputed "business manager" of the Chicago "who is 'doing time' on an income tax law violator. Records of financial transactions Capone is believed to have had with other men brought into Capone's life and which brought about his conviction, the Danenico Roberts, a Chicago ally, convicted of violating the immigration law, was sentenced to Leavenworth yesterday.

Frank Smith, reputed "enforcer" of the Capone gang, recently finished his sentence for income tax violation and returned to Chicago. Federal officials said there would be no special favors for Capone either in prison or enroute. With the other 17 other "convicted" prisoners convicted of various offenses—narcotic, smuggling, bootlegging, counterfeiting, Mann act violations and others.

NEW MOVE IN BABY SEARCH

(Continued from Page One) "Baby" planned for yesterday but the weather caused the cruise to be postponed.

Mr. Curtis was expected to be accompanied today by Lieutenant

George L. Richard naval air pilot and Edwin B. Bruce, of Elmira, N. Y., both of whom have taken an active part in the work of the Norfolk intermediary. Plans for another cruise, the fourth during the lengthy negotiations, were announced by Mr. Curtis upon his return from a trip aboard the Marcon Sunday night.

Results of his last trip and the status of the negotiations at present have been kept secret by Mr. Curtis and his associates. Rear Admiral Guy H. Berridge, retired, and the very Rev. H. Dobson-Peacock. It was indicated however that weather conditions during the various trips by water seriously interfered with the work of the negotiators.

The Virginian-Pilot said today it learned from an authoritative source that Colonel Charles A. Lindbergh is accompanying Mr. Curtis aboard the yacht as an active participant, in the efforts to recover his infant son. The paper said it learned that the famous flier has been aboard the yacht on its various cruises made since April 22.

Mr. Bruce when asked if Lindbergh had been aboard the Marcon said, "I will not say that he has or that he has not."

The Marcon, owned by Colonel Charles H. Consolvo, of Baltimore and Norfolk has been used in the negotiations since April 22. The boat, refueled and provisioned, has been held in readiness at its dock at the naval base.

Lancaster and Mrs. Keith-Miller were held three days at the start of the investigation. The fliers have been partners since a hazardous flight from England to Australia in 1927. Recently, Mrs. Keith-Miller told Hawthorne, they encountered aerial misfortunes and low finances caused her to solicit the aid of Clark in writing her life story.

Since the shooting the aviatrix has affirmed her love for Clark but maintained her belief he took his own life. The charge against Lancaster under Florida law precludes admission to bail.

KOREAN FACES ASSAULT CASE

(Continued from Page One) against Joseph Young, 22-year-old Korean, accused of attacking a young Chinese girl. His trial being today.

Interest, however, focused on the forthcoming retrial of four men of mixed races accused of assaulting Mrs. Thalia Massie, whose husband and mother were convicted of manslaughter for lynching the fifth defendant in the first attack trial.

Legislation to prevent acquittal of the four accused men by a second trial was pending before Congress and Governor Lawrence M. Judd of Hawaii. The Senate to the House. A similar measure introduced by the territorial legislature last Saturday and now

awaits the governor's signature. Attention also was given the expected request for a new trial of Lieut. Thomas H. Massie, Mrs. Granville Fortescue and two naval enlisted men from the manslaughter conviction. The veteran defense attorney, Clarence Darrow, is expected to seek retrial when the quartet comes up for sentence Friday.
