### RAINEY SEES FAILURE FOR BONUS ISSUE

#### Democratic Leader Declares New-Money Plan Hasn't A Chance This Session.

Washington, May 4.—(AP)—Representative Rainey, the Democratic leader, told newspaper men today that the new-money plan for cash redemption of the soldiers' bonus "hasn't a chance of becoming law this session."

Commenting on proposals for the \$2,000,000,000 outlay after over three weeks of continuous hearings, Rainey said the House ways and means committee "is not going to approve any such idea."

"The committee won't approve any flat money plan and that is what this is," Rainey said.

The Illinois leader is a ranking member of the revenue group. It will hold its first closed meeting Thursday to discuss the bonus payment bills.

"The committee will not report such a drastic inflationary scheme and even if its sponsors do get it out on the floor, it cannot become law this session," Rainey said.

"If a petition to discharge the committee gets the necessary 145 signatures, May 23 would be the first day a vote could be had under the rules. Then suppose the House passed the bill, what chance would it have in the Senate that late in the session?"

"Personally, I wouldn't mind if they did get the bill out on the floor for action. It would assure the country that no flat money plan is going to become law and help business confidence."

Meanwhile, Representative Patman said in a statement that the action of the Senate finance committee in striking from the tax bill an estate revaluation provision, would prevent Secretary Mills "from making a personal inside raid on the treasury."

Patman charged yesterday before the ways and means committee that the treasury head would profit many millions through this provision of the tax bill he helped write but withdrew this criticism, when Acting Chairman Crisp of the ways and means committee pointed out that Mills had declined to make any recommendation on this section of the revenue bill.

### Senate Committee Tacks Flat Four-Cent Rate On Sale Of Each \$100 Bond

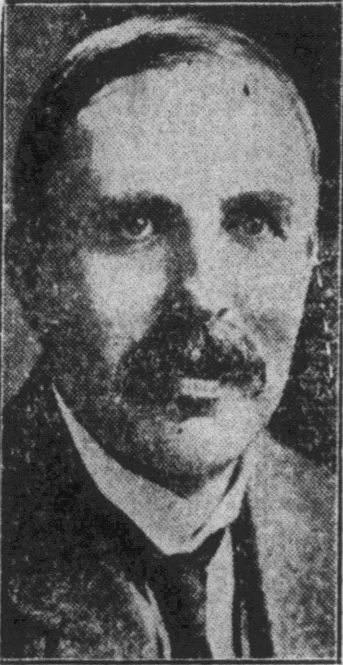

Washington, May 4.—(AP)—A flat rate of four cents on the sale of each hundred dollar bond was voted today by the senate finance committee.

The rate was the same as set yesterday for stock sales. The House had fixed its bond sales tax at two cents on each bond, or not less than one-eighth of one per cent of the selling price.

The committee disposed of this problem before plunging into another dispute which appeared impending putting tariff rates into the new revenue bill.

Estimates on the amount of (Continued on page six)

### Science Advances

Lord Rutherford, founder of the modern atom theory, announced in London that two young Cambridge physicists working under his direction had split an atom, one of the greatest goals of scientific research. He said the experiments were of great importance in extending knowledge of the atom.

### FLIER TO ACT AS ATTORNEY

#### Captain Lancaster Is Preparing Own Defense on Charge Of Murder at Miami.

Miami, Fla., May 4.—(AP)—Captain W. N. Lancaster, British war flier, framed his own defense in the county jail today and admitted his position in the case was such that Dade county grand jury may indict him for murder of Haden Clarke, writer and fiancée of his flying partner, Mrs. J. M. Keith-Miller.

"I should like to act as my own attorney, if I am brought to trial," Lancaster said. "I know that is (Continued on page six)

### FAIL TO OFFER EVIDENCE IN YORK'S TRIAL

#### Argument Begins In Slaying of Taxi Driver as Judge Refuses Non-Suit Motion.

Dobson, N. C., May 4.—(AP)—Defense counsel rested its case without presenting evidence today in the trial of Clarke York on a charge of murdering Jim Burris, Mount Airy taxi driver, and arguments were begun after Judge Thomas Shaw denied a motion for non-suit.

One attorney for the defense and one for the prosecution completed their arguments and another for (Continued on page six)

### CAPONE BOUND FOR ATLANTA

#### Gang Chief to Begin Eleven Year Sentence in Federal Penitentiary Tonight.

On Board Capone Train En Route to Atlanta, May 4.—(AP)—Al Capone, disillusioned and dejected gang chief, approached federal penitentiary at Atlanta, Ga., today with the assertion he was "through the racket."

Tonight he will start serving an eleven year sentence for evading income taxes and Capone, giving up hope at last, said there was "nothing to do but make the best of it."

As his train cut down toward the southland, the gangster jested and kept up a rapid fire conversation with guards, but did not try to hide his disappointment.

"How would you feel if you had eleven years starting you in the face?" he parried when newspaper men questioned him.

Although his long exile has been expected to rob him of his rule over Chicago's underworld, it was still Capone the big boss of gangland that was being taken to prison.

It was not a special car bearing Capone to prison but it amounted almost to that since it was occupied (Continued on page six)

### FALL WILL GET RELEASE SOON

#### Former Secretary Of Interior to Complete Prison Sentence in Next Four Days.

Washington, May 4.—(AP)—Albert B. Fall probably will be released from prison within the next four days.

By deducting the time allowed off for good behavior, May 8 is the expiration date for his sentence, imposed for accepting a bribe while secretary of the interior under President Harding.

Serving in the New Mexico state penitentiary because the climate at Santa Fe was considered favorable to his bad health, Fall is understood by Washington officials to have behaved well. Though the \$100,000 fine imposed with the year and a day prison term has not been paid, the sentence is not understood by the justice department to require his confinement until it is paid or Fall takes a pauper's oath.

Advocating reduction of governmental expenses to relieve the financial strain upon taxpayers, A. J. Maxwell, of Raleigh, State Commissioner of Revenue, spoke at the courthouse here last night in behalf of his candidacy for governor.

The address was heard by a good crowd of citizens from various sections of the county and the speaker was given a round of applause at the conclusion of his remarks.

Mr. Maxwell was accompanied to Greenville by Mrs. Maxwell. While here they were the guests of Mr. and Mrs. W. H. Woolard, who entertained at dinner in their honor last night.

Introduced by F. C. Harding as one of the best-informed men in the state on problems affecting the government and especially the tax situation, Mr. Maxwell bore from the strain of his campaigning. In a conversational tone of voice he told his hearers of his views on issues vitally affecting the people at this time.

He said he had no fight to make with other candidates seeking the nomination of governor, but he did refer to statements made by J. C. B. Ehrigshaus that the tax commissioner was the cause of tax troubles of the people and that he was a representative of the state machine.

Mr. Maxwell said he was the author of the tax measure started in 1921 with a view of lifting the tax burden from the shoulders of property owners. He held up the present system as vindication of failure (Continued on page six)

### POLICE SEEK MISSING MAN

#### Mystery Shrouds Disappearance of Frank Egan, Public Defender, in Calif.

San Francisco, May 4.—(AP)—Mystery today shrouded the disappearance of Frank J. Egan, San Francisco public defender. He vanished Monday night after Chas. Dulca, captain of detectives, had received a telephone call, supposed to be from Egan, saying:

"These men have got me, captain."

Deputy Coroner Jane Walsh revealed Egan had been named chief beneficiary in the will of Mrs. Jessie Hughes, widow, whose body was found in a street gutter several days ago. Police believed Mrs. Hughes was either struck by a hit-run driver or killed and then thrown from an automobile. She was a friend of Egan's.

The missing man's wife, on the verge of collapse, told authorities she received a telephone call Monday night from a man who said: "We've just taken Frank for a ride." She said her husband had set somewhat strangely recently, but she was unable to account for his disappearance.

### DOZEN CASES DISPOSED OF

#### County Court Continues Work on Congested Docket Here This Morning.

Twelve cases were disposed of in the regular weekly session of County court here yesterday and work was continued today in the hope of completing the congested docket before nightfall.

It was the first sitting of the court in two weeks by reason of the two weeks' term of criminal court which came to a close last Friday afternoon. The majority of cases consisted of charges of larceny violation and prohibition and traffic legislation and a few of the defendants found their way to the roads to atone for their crimes. ### HUGHES MAKES ANOTHER TRIP

#### Norfolk Negotiator Again Leaves By Water in Search of Lindbergh Baby.

Norfolk, Va., May 4.—(AP)—Another secret trip by water was made by John Hughes Curtis today as a negotiator in the Lindbergh kidnapping case.

Participants in the last cruise, after returning aboard the yacht Marcon last night, were believed to have remained at the naval base in readiness for still another boat trip.

Mr. Curtis could not be located and there was no indication of the results of the trip. Neither Rear Admiral Guy H. Burreage, retired, nor the Very Rev. H. Dixon-Peacock, the other two intermediaries had any comment to make.

Charlotte, N. C.—(AP)—The board of directors of the North Carolina Optometric Society, which closed its annual sessions here yesterday, will meet in October to decide the time and place of the next convention.

### Reversible Mule Causes Trouble to High Point Court

High Point, May 4.—(AP)—Magistrate C. C. Muse was somewhat perplexed today and the perplexity is causing to remain blank a charge in a warrant in which F. O. Yong alleges Roby Thomas sold him a mule "that won't go anyway but backwards."

Magistrate Muse said he didn't know of any law that mentioned the selling of a reversible mule and therefore he'd have to figure out what the charge should be.

Yong said Thomas of Davidson county, should make some restitution because "the mule will travel 100 yards tail foremost without stopping unless he runs into something."

"I bought it to go forward," Yong said, and repeated he wanted something done about it.

### Club Women Begin Meeting

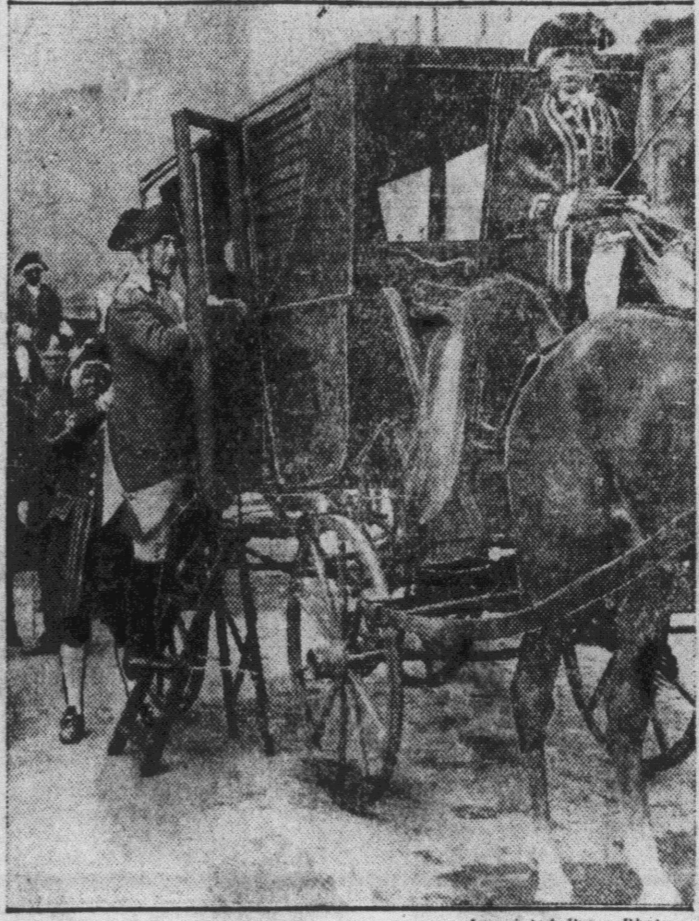

Winston-Salem, May 4.—(AP)—Urging club women to "elect carefully and support conscientiously" those who represent them in law making bodies, Mrs. J. M. Hobgood, of Farmville, president, opened the annual convention of the North Carolina federation of women's clubs here.

The president also urged careful consideration of the necessary re-entrenchment in the state's educational system.

### Seek Pay For Work on Roads

Raleigh, May 4.—(AP)—Jasper Sanders and Haywood Morcan, convicted of stealing a pig from Vernon Langdon in Johnston county which was later found trapped in a gully, have filed a claim with the State Highway Commission for 62 days "services rendered" on the roads before the court error was found.

### SCENE FROM HISTORICAL PAGEANT

George Washington's arrival in New York to bid farewell to his army and his inauguration as first President of the United States were re-enacted in an all-day pageant that marked the city's formal observance of bicentennial year. Above picture shows George Washington, impersonated by Kenneth M. Murchison, entering the identical coach which carried the real Washington to his inaugural. The coach led the procession through the financial district.

### Fail To Fix Blame For Situation In Manchuria

Geneva, May 4.—(AP)—The first report of the League of Nations Manchurian inquiry commission, published here today, makes no recommendations for fixing responsibility for the situation in Manchuria.

It cites data given by the Japanese authorities setting out that the Chinese Government does not now exercise authority in any (Continued on page six)

### ORGANIZATION PLANT THEFTS SHOWS GROWTH ON INCREASE

Hard hit by the shortage of tobacco plants because of recent cold weather and ravages of the Blue Mold, Pitt county growers were confronted by a new menace today in an increasing number of robberies of plant beds.

Whole farmers in some sections of the county sometime ago were reported as guarding their beds with firearms, others who failed to take such precaution were suffering from the nightly raids of marauders who are said to have deprived numbers of planters of the major part of their plants.

The latest theft occurred Sunday night on the farm of Julius Brown, on the hard surfaced road in the Sticks community. The robbers made a clean sweep of practically all beds, and today Mr. Brown offered a reward for information leading to apprehension and conviction of the culprits.

Farm experts predicted sometime (Continued on page six)

### Splendid Report Given at Annual Meeting of Home Building & Loan Here.

The shareholders of the Home Building and Loan Association held their 26th annual meeting at the Sheppard Memorial Library last night at 8 o'clock. The meeting was presided over by Dr. L. C. Skinner, president of the association. Dr. Skinner called the meeting to order and upon roll call found that 8,142 shares were represented in person and by proxy. The president then called on the secretary for his annual report, which was very gratifying to the shareholders.

The secretary reported that since last annual meeting the association had paid to shareholders in dividends \$48,890. The secretary's report also showed that shareholders received during the last 12 months \$184,200 through the maturing of 3 series.

A copy was read from the State department examination of the (Continued on page six)

### Morrison Denies Pledge To Support Bonus Plan

Charlotte, May 4.—(AP)—Senator Cameron Morrison and representatives of the North Carolina Veterans of Foreign Wars were at odds today over his stand on the Patman bill which would authorize immediate cash payment by the government of adjusted compensation certificates.

Answering a telegraphic query from the state convention of the organization, Morrison denied he had ever promised to support the measure.

D. M. Blankenship, commander of the Charlotte post, who headed a committee which interviewed the senator on the subject, parried with an immediate statement that Morrison had positively assured the committee of his support for the measure.

The convention wired Morrison when Blankenship reported to it that the senator had promised his support, but was said now to have changed his mind.

Morrison's answer was: "I did not make any such pledge as referred to in your telegram, but distinctly told you I would not make a private pledge to you or anyone else and referred you to my public speeches. I have not yet taken any stand on the bill you mentioned, and you grievously misunderstood me if you thought I made you a promise about it. I told you I did not make a private pledge or commitment on any measure, but expressed my views before the Senate or before one of its committees in public address."

Blankenship's statement, issued after receipt of Morrison's answer, was: "I headed a committee of three (Continued on page six)

### Texan Forges Ahead Of Roosevelt As Belated Reports Are Recorded

#### With 8,167 Precincts Heard From Speaker of House Receive Total of 191,612 Ballots, Roosevelt 150,022 and Smith 127,964; Garner Manager Claims He Will Win by 40,000 Majority.

Honolulu, May 4.—(AP)—Definite assurances that Lieut. Thomas H. Massie and three others convicted with him of manslaughter will not go to prison as long as their fight against conviction is in progress, were forthcoming today.

Both prosecution and defense counsel said the four would probably remain in custody of the navy at Pearl Harbor and it was authoritatively understood Judge Charles S. Davis would commit them to the custody of naval officers when they (Continued on page six)

San Francisco, May 4.—(AP)—steadily increasing margin of vote piled up for Speaker John N. Garner in California today as his backers claimed victory in the triangular Democratic battle of the state's presidential primary.

Taking the lead from the ticks of Governor Franklin D. Roosevelt by his strength in populous Los Angeles county, the Texan upped general predictions in favor of the New York executive.

With 8,167 out of the 10,271 precincts reported, Garner's total was 191,612 as against 150,022 for Roosevelt and 127,964 for Alfred J. Smith, the Democratic presidential candidate of 1928.

John B. Elliott, Southern California manager of the Garner movement, asserted the speaker had carried the state by a margin of 40,000 over Roosevelt and 50,000 over Smith.

Out of other primary contests Roosevelt appeared assured of a 24 Alabama convention vote as well as the ten from South Dakota which he took unopposed. These brought his total instructed, pledged and claimed to 303.

President Hoover's "regular" slate of delegates in South Dakota was running ahead of the "Progressive" anti-Hoover candidates, indicating a likelihood he would add the state's eleven to the 730 instructed pledged and claimed total he already holds. A Mississippi conference but without having succeeded in his efforts to bring about a five power conference on disarmament (Continued on page six)

Congressional races in Indiana showed four representatives fought by the wets leading their opponents. The four, Hogg and Purnell Republicans, Larrabee and Ludlow Democrats, had cast their vote against resubmission of the 18th amendment. Other incumbents running on wet platforms, however, were also leading in their respective districts.

Senator Hugo Black of Alabama apparently was winning Democratic renomination, though his vote still lacked the majority over four opponents needed to avert a run of primary.

Senator Peter Norbeck was leading his opposition in the South Dakota Republican contest by a vote which seemed to assure renomination.

Montgomery Ala., May 4.—(AP)—Candidates for Alabama's delegation to the Democratic national convention won favor the presidential nomination of Governor Roosevelt of New York led advocates of an unstructured delegation by majorities of approximately two to one today in a tabulation of votes from 644 of the state's 2,126 ballot boxes in yesterday's primary.

The lead of Roosevelt candidates for delegates from the state at large was whittled somewhat by the big boxes from Birmingham were completed and tabulated. It was here the unstructured tickets showed its greatest strength.

Meanwhile, Senator Hugo L. Black continued far in front of the field seeking to block his renomination and returns indicated he might do so without entering a run-off primary.

In the districts the Roosevelt majority kept pace with the state at large but in the ninth district the lead was narrowed down considerably with the vote nearing completion.

Brunswick, Ga., May 4.—(AP)—William G. McAdoo showed no interest today when advised Speaker John N. Garner was leading in the presidential primary in California. McAdoo, who supported Roosevelt, letted down the returns but said he preferred not to comment until more complete results of the election are received.

Oxford, N. C.—(AP)—Hartwell senior, John Hamilton and Tompkins were held in Granville county jail under \$1,000 bail each, charged with attempting to kill A. C. Wells, Oxford barber.

Cannes, France, May 4.—(AP)—Secretary of State Henry L. Stimson boarded the liner Vulcania today for home, having concluded his work at the disarmament conference but without having succeeded in his efforts to bring about a five power conference on disarmament (Continued on page six)

### SENATE GETS ECONOMY BILL

#### Measure Passed By the House After Being Stripped to Mere Shadow.

Washington, May 4.—(AP)—Virtually useless as an aid to budget balancing, the Economy Bill was through the House today, a mere shadow of the \$210,000,000 measure originally drafted.

It was passed and sent to the Senate easily enough last night, carrying \$42,300,000 of savings, but only after the insurgent majority had withstood on nine successive roll calls the desperate efforts of regular leaders to force reinstatement of big economies previously voted down.

The final outlook for the bill was uncertain. The Senate, busy with the tax bill and other legislation, has so far given the measure scant attention but, being attached to the legislative appropriation bill it is sure to get action.

All the bill can accomplish in its present shape is:

Authorize President Hoover to reorganize government agencies subject to Congressional approval and create a public works administration to concentrate all but military and rivers and harbors work; disbanding or reducing the Philippine scouts, and reorganizing the shipping board to save \$2,500,000.

Suspend all overtime pay, automatic promotions and salary raises, and retire all superannuated government employees, reducing traveling allowances of railway mail clerk and congressmen, and curtailing the transfer from post to post of officers and enlistments of the army and navy.

Cut by 11 per cent all government salaries above a \$2,500 exemption and prevent retired military and naval officers holding government positions from drawing more than \$3,000 a year through their retirement compensation.

Reduce government printing expenditures by \$4,000,000; set a \$10,000 limit on salaries in government boards, corporations and commissions, and transfer and consolidate several department activities.

Mrs. T. H. Flemmons who has been spending some time in Washington and Greenville, returned to Fairmont Tuesday.

MOYE-TUCKER.

Mr. and Mrs. Leon W. Tucker announce the engagement of their daughter Bruce, to Jesse Rountree Moyer, the wedding to take place in June.

The approaching wedding will be of interest to a wide circle of friends here and throughout the state. Both Miss Tucker and Mr. Moyer have always made their home in Greenville and are popular members of society.

Miss Tucker is the daughter of Mr. and Mrs. Leon W. Tucker and Mr. Moyer the son of J. G. Moyer and the late Mrs. Margaret Howard Moyer. He holds a position with the Imperial Tobacco Company.

Attending Bankers Meeting. Mr. and Mrs. John Mitchell, Mr. and Mrs. E. G. Flanagan and W. H. Woodard left this afternoon for Pinehurst to attend the North Carolina Bankers Convention.

In Winston-Salem. Miss Jesse R. Moyer left today for Winston-Salem where she will attend the State Federation of Women's Clubs. She will speak at the luncheon given by the Junior membership.

JUNIOR WOMAN'S CLUB MEETING POSTPONED

The meeting of the Junior Woman's Club has been postponed from Friday, May 6 to Saturday, May 14. This change has been made in order that we may have a report of the state convention being held in Winston-Salem during the present week.

Christian Church.

The second of a series of Mission Classes will be conducted tonight at the Eighth Street Christian Church by the minister. The text book being used is "Christ Comes to the Village." Tonight's assignment covers chapters two and three. All members of this congregation are expected to attend these classes and a most cordial invitation is extended to any others who may be interested.

The class opens promptly at 8:00 o'clock and closes at nine. In addition to the lecture, opportunity is offered for open discussion and for questions relative to the general work and program of the various church activities that come under the general head of missionary work.

Methodist Prayer Meeting. Due to the illness of the pastor, Mr. Walter E. Smith will conduct the prayer service this evening at 8:00 o'clock at Jarvis Memorial M. E. Church. All members are invited to attend.

Presbyterian Church.

This evening at eight o'clock the regular prayer services will be held in the churches of the town. Go to one of them. At the Presbyterian Church, the pastor will take up the parable of the Sower, in the 13th chapter of Matthew. Our services consist of praise, prayer and Bible study. Come and be with us for this service.

Linen Shower Given.

Elizabeth City, May 2.—Miss Mary Jane Carroll, teacher in the Elizabeth City High School, whose marriage to Henry Irwin Clark of Scotland Neck will take place in June, was honored at a lovely linen shower at the home of Miss Edna Taylor Tuesday night by the girls of the senior class. Several cantests and games were enjoyed during the evening. The gifts for the prospective bride were presented in a unique way.

Benefit Party.

The Daughters of the Confederacy and the Woman's Club are sponsoring a Benefit Party—bridge and ruck—Friday afternoon at 3:30 at the Woman's Club building. Phone your reservations to Mrs. J. L. Hassell, Mrs. J. L. Little or Mrs. Robert H. Wright.—(Adv.)

Mr. and Mrs. Carroll entertain. Mr. and Mrs. John R. Carroll entertained at a delightful barbecue at their home in Winterville Saturday evening, honoring Miss Mary Jane Carroll and Irwin Clark of Scotland Neck, who will be married in June.

The home was very attractive with decorations of vari colored spring flowers.

A tempting two course barbecue supper was served at attractively appointed tables.

After supper, bridge was played until a late hour.

About twenty-five guests enjoyed the hospitality of Mr. and Mrs. Carroll.

Stonewall Jackson Circle to Meet. The Stonewall Jackson Junior circle of the King's Daughters and Sons will meet Thursday afternoon at four o'clock at the home of Miss Gladys Gaston.

SENIOR NORMAL CLASS PRESENTS INTERESTING PLAYS. On Thursday and Friday evenings, April 28 and 29, the Senior Normal class of East Carolina Teachers College presented three one-act plays entitled, "The Wedding Present," "Neighbors" and "Witches Garden."

Those taking part in "The Wedding Present" were Evelyn Maynard, Howard Morning Brooks and Maxine Buchanan. This was a hilarious comedy which kept the audience in constant peals of laughter.

The characters in the second play "Neighbors" were Evelyn Turley Jones, Mary Elizabeth Harris, Mary A. Bullock, Martha Cole, Zuline Darden, Sadie Mae Gaskins, Adeen Shelton and Irma Dell Phillips. This play presented the fundamentals of life in a manner that impressed itself upon each individual. The beauties and paths of life were shown in it.

The last of the series of plays was "Witches Garden," a lovely fantasy made more effective by the use of the spotlights and other lighting arrangements. The leading characters in this were: Sally Bradley Pittman, Cathryn Lena Cherry Allbrook. Minor characters taking the part of the Good Fairy's attendants were Nell Shaw, Margaret Bessan, Lois Suffling, Bertha Fritchard, Claudia Wynne, Florrie Hooks, Edna Wilson and May Underwood.

The plays were coached by Miss Helen Dorch of Goldsboro, who was assisted by the Misses Margaret Clements, Elizabeth Thompson and Idell Britt. Hazel Ruth Turnage was pianist for the musical numbers in the plays.

Between the acts Alva VanNortwick sang many popular numbers. Miss Melba Wilson accompanied him at the piano and played several solos.

GREENVILLE BOY WILL COMPETE FOR CULVER SCHOLARSHIP

Names of the ten North Carolina boys selected as finalists in the competition for the North Carolina scholarship in Culver Military Academy have just been announced by Dr. W. A. Brownell of Duke University. They are Kiffin R. Hayes of Waynesville; Ralph Baum of Kitty Hawk; Ben Herring of Greenville; William A. Page of Huntersville; James P. Deaver Jr. of Brevard; Billy Dawson of New Bern; Gary H. Horne Jr. of Rocky Mount; Guy H. Elder Jr. of Charlotte; Philip Rosen of Asheville; and Estel B. Culbreth Jr. of Dunn.

These candidates are survivors in a competition in which 133 candidates of the state were entered. They have stood highest in exacting scientific tests and general all around qualifications. They will meet the committee at Duke University for final examination next Saturday, May 7. The winner and two alternates will be determined by the records made in that quiz, which will include a personal interview with the committee, a stiff physical examination and some further tests of mental capacity. The winner will receive a three-year course in the Indiana Academy with all expenses paid. The scholarship is valued at \$6,000.

Kiwans Have Right Spirit. Grimesland, May 3.—It was our privilege to have the Greenville Kiwanis Club to meet in our little town last Friday evening. Never have we seen a finer spirit of good will and brotherly love than was manifested by this club.

Several of our townsmen were invited guests, and despite the fact that some had a good case of the "blue mold blues" the spirit of the club was so infectious that only a few moments elapsed before all were having a jolly good time together.

We notice that their slogan or motto is "We Build," which is true. They not only help their fellowmen spiritually and mentally, but financially. Our W. M. S. had debt due. We were at a loss to know how to meet it in this time of depression. The Kiwanians came to our rescue by permitting us to serve them a supper.

We enjoyed having them. We hope that they will come again.

Mrs. S. A. Porter, W. M. S. President.

Picture Shown At College. "The Sacred Love Story of the Mass," as shown in picture, song, explanations and interpretations by Rev. George A. Keith, a Jesuit Priest of Creighton University, Omaha, Neb., was a revelation to the audience of both college and town people on Monday evening, at East Carolina Teachers College, not only to non-Catholics but to Catholics themselves.

The introduction to the evening was "Music of the Mass" by a selected choir, who gave the "Kyrie Mass of the Blessed Virgin Mary" from the 12th century; "Credo" Mass of the Angels" from the 17th century, and the "Magnificat," "Fals Bordeni." The leader that served in place of the program was illuminating, giving the history of the earliest stages of the mass.

Pictures from the greatest works of art, copies of the original, pictures of famous Cathedrals, artists conceptions of various parts of the sacred story and its symbolism were shown on the screen, while the interpreter in a marvelous way tied the pictures together into one harmonious whole and opened a new world of meanings through his comments and references. Misconceptions were swept away, realizations of the depth of spiritual meanings and feelings were established and a broadening of sympathy and understanding was the result of the combined influences of the evening.

It has taken 32 years to make the collection of pictures shown and they have been gathered from the art galleries and cathedrals of Europe and different sections of this country, with a sprinkling of some from the Orient. The distinction between the idol worship of the Buddhist and the symbolism of the Christian was strongly shown.

The atmosphere of the evening was more like that of a church than of a general auditorium and one felt that he was a part of a congregation rather than one in an audience, and there was a feeling of participation in a service.

Father Keith did not forget that he was talking to a North Carolina audience and to many young people who would be teachers, and showed that he knew something about this state and knew what was in the future for those who are to teach in the state. He has addressed audiences of thousands in the large cities, he served as chaplain during the war, and he has been connected with universities for many years, but there was a freshness of interest and fervor about his story to his southern audience that shows the old story is ever new to him.

What he calls "powerful pageantry" made the mass in its various forms, with its accompaniment of priestly vestments and purposeful action, something far richer and deeper than the pageant the average non-Catholic is apt to see unless initiated into its mysteries. The communion, nuptial mass, baptismal mass and all others emerged with special significance and yet were seen as parts of the great idea of the mass. Whenever any one in the audience on Monday evening hereafter attends a service in a Catholic church he will be able to enter into and understand it far better than ever before.

The souvenir programs, with a picture of the author and collector of the pictures, together with the program, added to the interest of the evening. The program was presented in the college under auspices of the Y. W. C. A. of the college.

Elizabeth City, May 4.—(AP)—Dr. Wilford Jackson, of Clinton, was installed as president for the next year as the North Carolina Dental Society brought its meeting here to close today. Chapel Hill was selected for next year's meeting.

Other officers elected and installed along with the new president were Dr. H. E. Nixon, of Elizabeth City, vice president, and Dr. D. L. Pridgeon, of Fayetteville, secretary.

Dr. Clyde Mines, of Rocky Mount, and Dr. Henry Carr, of Durham, were named to the state board of examiners.

Elected to the society's executive committee were Dr. Z. L. Edwards, of Washington, Dr. W. F. Clayton, of High Point, and Dr. R. M. Olive, of Fayetteville.

Harden Speaks at Revival Here

Rev. W. S. Harden, pastor of the Presbyterian church, last night delivered the sermon at the series of revival services being conducted at the Universalist church on Dickinson avenue.

He urged his hearers to accept the teaching of Christ and to use their influence in behalf of the expansion of His kingdom.

A. T. Brigers, of Spartanburg, S. C., member of the Billy Sunday club, will be the speaker at services tonight.

The revival will not be concluded tomorrow night as first planned but will be continued throughout the remainder of the week.

Four Injured In Tenement Blast

Mansfield, Ohio, May 4.—(AP)—Four persons were injured seriously and possible loss of life was feared in a mysterious explosion which wrecked and set fire to a two-story tenement building here early today.

A belief that Joseph Letozia, a tenant, and six members of his family perished in the blast was dispelled when they were found alive in Cleveland. Firemen said, however, they believed other occupants of the tenement may have perished.

Seeks Cultivation Of Idle Land By N.C. Unemployed

Raleigh, May 4.—(AP)—Declaring there is abundant uncultivated land in North Carolina, Governor Gardner has launched a campaign to have it turned over for tilling by the unemployed, to insure that no person in North Carolina will lack for food next winter.

"There is abundant idle land," said the governor. "There is abundant idle labor, due to unemployment. Landowners will, in most instances, I believe, be glad to contribute uncultivated land, free of rent, to those who would grow food crops this summer."

"We have just passed through a winter of gloom and privation, within six months another winter will be upon us. The past winter was unusual for its mildness. We have no assurance that next winter will be like it."

He said two to five acres of land properly cultivated, will produce a variety of foodstuffs and aggregate of which will be sufficient to keep the wolf away from the household next winter.

Orchestra Head Dies at Chicago

Chicago, April 4.—(AP)—Death came today to Carlton Coon, 38, and ended a 13-year partnership with Joe Sanders in the famous Coon-Sanders orchestra—a partnership born of a music store meeting of two world war soldiers and never broken in a rapid climb to national radio and vaudeville fame.

Coon died this morning in Heriot hospital of blood poisoning caused by an abscess on the jaw. Meantime, in keeping with all traditions of the show field, his friend and associate, Sanders, announced the orchestra would continue with its engagement here under the name of Coon-Sanders.

"Coonie would want it that way," he said. In December, 1918, after the armistice was signed, two soldiers home on Christmas furlough visited a Kansas City music store. Capt. Carlton Coon of the commissary department at Jefferson barracks, St. Louis, tinkled away at the piano and sang, and Sergeant Joe Sanders from Camp Bowie, Fort Worth, Tex., joined him. They had never met before. A lasting friendship was born.

After their discharge, they met in Kansas City and struck a partnership in a small pick-up band that played at clubs and private parties. Came radio and with station WDAF of the Kansas City Star. The Coon-Sanders band became the Kansas City Night Hawks and soon the nation listened to their sprightly jazz melodies and dancing feet shuffled to their music.

Columbus Woman Is Elected Mayor

Cerro Gordo, N. C., May 4.—(AP)—Miss Minnie Williamson is the first woman mayor in Columbus county, having been elected by a vote of 43 over M. B. Kellian, who got six votes, and W. H. Walker, who got 13.

Cerro Gordo voters set another precedent of electing brothers to membership on the board of aldermen. They are J. A. Williamson and W. M. Williamson, who are also brothers of the new mayor.

MANY KILLED IN FIGHTING

Japanese and Chinese Bandits Lose Heavily in Battle in Manchuria.

Harbin, Manchuria, May 4.—(AP)—General Hirose's three Japanese brigades continued their drive against the Chinese rebels north and northeast of there today, with heavy fighting in which many on both sides were killed or wounded. The revolt flamed afresh along the Hulan-Hailun railway north of here where the former followers of General Mah Chan-Shan went into action and dynamited a bridge. General Mural's Japanese brigade, just returned from the eastern section of the Chinese Eastern railway, set out northward from Hulan in armored trains to put down this new rebellion.

General Nakamura's forces continued his cautious way down the Sungari river on a fleet of gunboats, clashed with the rebels near Mulein 160 miles east of here. The rebels fled after a battle in which 30 Chinese were killed. The Japanese lost one killed and 16 wounded.

General Nakamura's men clashed with the rebels again further eastward, killing 50. General Yoda's brigade, after participating in a battle at Wukihio on May 2, joined with part of General Mural's force and advanced eastward along the Chinese Eastern railway, occupying Hailin and then continuing in the direction of Mutankiang, 15 miles farther east. There they engaged a force of 4,000 rebels and the battle was continuing today.

The Japanese lost 16 killed and 18 wounded in Monday's battle at Wukihio, Japanese reports said, while the Chinese lost 200 killed.

Says Banking Situation Much Better in N. C.

May 4.—(AP)—Gurney, state commissioner of banking, in his statement on the financial condition of the banks in this state, said that the banking situation in North Carolina is improving rapidly.

At Littleton, he said, citizens pooled their resources to re-establish banking facilities, while plans for re-openings are near a head at Winston, Ahoskie and Yanceville. He also said prospects for re-opening the four branches of the \$10,000,000 United Bank and Trust Company in Greensboro, Burlington, Sanford and Reidsville, were bright. He said it was expected this chain would be back on its feet before July 1.

Man and Woman Are Indicted On Charge of Assault

Greensboro, May 4.—(AP)—Mrs. W. E. French and B. B. Owens, insurance salesman, were under indictment today on charges of secret assault with intent to kill Mrs. French's husband on a lonely road near here February 1.

A Guilford county grand jury returned the indictment yesterday and court attaches said trial of the pair probably would not be called until the next term of court.

Owens was held in jail today in default of \$2,500 bail while Mrs. French, whose husband is a former machinery salesman, is at liberty under a like bond.

French was found wounded with two pistol bullets the night of February 1 by two Guilford College students who took him to a hospital where he remained until a hearing for Owens and Mrs. French last week.

He told police Owens shot him

down after he had driven to the scene with his wife at her suggestion. Owens at the hearing, claimed he knew nothing of the shooting and Mrs. French said he left her husband talking to two men unknown to her at the spot where the shooting occurred and returned home in another car.

**ABOUT TOWN**

The movement on foot at this time to bring a barrel manufacturing plant to Greenville is to be highly commended and it is hoped business men stick to the task until the ambition has been realized. If there is anything the community needs it is industries of this kind affording work to the unemployed and putting more money in circulation at the end of each week. The city has had an opportunity to obtain various other industries some time to time the last several years, but we failed to get them because some other section offered greater inducement. The time for concerted action has come and if we let this opportunity slip through our hands it is nobody's fault but our own.

Summer soon will be here and people who want to keep their premises free of mosquitoes ought to begin clearing away all rubbish and rank vegetation in addition to cesspools holding stagnant water. If premises are kept clean and free of breeding places the prevalence of mosquitoes should be greatly reduced and it is hoped very housekeeper in the city will give due attention to this matter before warm weather comes. Campaigns should be started in each neighborhood with a view to reducing mosquito emergence and this is done the city should be credited only to a slight extent during the hot summer days.

Red and reel enthusiasts will be interested in the announcement by county Game Warden Marvin Horn that they will be permitted to fish with hook and line Mondays, Fridays and Saturdays during the closed season from May 1 to June 1.

Information that the shad season is also extended from May 15 to 15 should also be gratifying to those who have been supplying their tables with liberal fish diet in last several weeks.

There were many sad faces about town when the closed season was announced but now that it has been modified to permit hook and line fishing at least three days to the week, the boys who suffer a large part of their time the funny trip will be found in places along creek and river banks trying to coax a "bite" at 10 hours of the day.

The shopping season for summer goods is here and prospective buyers would do well to visit Greenville stores before buying elsewhere, in spite of the economic crisis facing the nation, merchants here have stocked liberally with latest fashions of the great style centers and the best of materials are going at prices appealing to most any pocketbook. Greenville merchants are charged with the responsibility of sustaining the city's recognition as the left shopping center of Eastern Carolina and the only way they can do this is to compete with the large cities both from the standpoint of quality and price. It is surprising to note the number of splendid materials displayed and persons desiring to obtain the best in stores have to suffer should shop while they have choice of a wide range of offerings.

The farmers of Pitt county are busy at this time putting their crops in the ground and in a few months now the fields of the section will be waving with bountiful harvests of money and food crops. While it is generally believed the bacco crop will be cut extensively as result of the heavy toll taken by cold weather and blue mold, it is impossible at this time to say whether the food crops are going to be a bumper crop or not. It is the consensus of opinion, however, that growers who realize the importance of raising the things which they consume at home all year around will give due attention to such crops and not be napping at the end of the season. It is impossible to visualize the seriousness of conditions in this

**YOU CAN'T MARRY**  
 By Julia Cleft-Addams

**SYNOPSIS:** The thin circle of a wedding ring may ruin George Revell Townsend's plans. Though she has married Eddie Townsend, she is pretending her cousin Jenny married him, for her employer insists that his women employees remain single. When the car in which Eddie was driving the girls was wrecked, the doctor who examined him noticed Jenny was wearing no wedding ring. He comes to George, and tries to find out which girl is Mrs. Townsend. George is sure Jenny will lie for her. She does not know that Jenny is unhappy because Garth Aveney, the nephew of George's employer, has seemed attracted to George. Jenny has promised to go into the country for a day's ride with Aveney, although she does not realize that he really likes her. George telephones her employer, to learn if he has heard of the wedding.

Chapter 15  
**GEORGE'S TRUMP CARD**  
 "Good evening, Miss Loyalty!" came the cool voice of Garth Aveney.  
 "Oh—it's you, is it, you hired assassin?" With an effort George threw flippancy into her tone. "Put me through to my chief, will you, please?"  
 "You'll have to wait, I'm afraid. His doctor is with him. He had a slight attack after dinner. . . No, he didn't eat too much, he saw something in an evening paper that upset him."  
 George leapt at her opportunity. "Something about me?"  
 "I gathered so. At any rate, he was removed raving about the possibility of ever replacing you."

"He needn't worry. That report—in the Record, wasn't it?—is about my cousin Jenny. She and I have exactly the same name, you see. Will you tell him, please?" frowned, biting her lip.  
 "Hello—"  
 "Sorry!" came Aveney's voice. "I'm just trying to get the hang of it all. You want me to tell the Old Man that it was your cousin who married Townsend this morning?"  
 "Don't you believe it?" She hoped her laugh sounded more convincing over the wires than it did in this empty room. "Why don't you believe it?"  
 Again there was so odd a pause that she hurried out her trump card.  
 "If your uncle is as skeptical as you, Jenny had better go and see him herself and assure him it really is true!"  
 "Perhaps she had."  
 "What are you laughing at?" demanded George.  
 "At what time will she come?"  
 "Oh tomorrow morning, I should think. He's always at home on Sunday morning, isn't he? Ask him to see her for a few minutes at ten. . . What are you laughing at?"  
 "At myself, mostly. Good-night. George cupped her chin in her hands, frowning intently. She ought to phone the hospital—and Jenny, too—but perhaps it was more important to speak to Gill, the superintendent.

She swung out of the apartment and down the stairs. Gill was smoking a pipe just inside his own room, near the door. He sat astride a chair, his folded arms against his back, and not for the first time she thought how arresting he was in appearance. Had he been taller he would have been strikingly handsome. As it was, his big, rugged head, grey-haired, was poised on shoulders that were too square and too high. He rose as his lumbering movements seemed alien to his deep, shrewd eyes and strong mouth.  
 "Oh, Gill! I wanted to speak to you."  
 He moved his chair for her to enter his little office. The most imposing thing in it was the telephone. Here, Gill received and forwarded the imperious messages that sent George flying to Rochester Gate from wherever she might chance to be. Remembering how well she paid him for these services, George spoke with confidence.  
 "Gill, I expect you've read of the accident to Mr. Townsend? You know, the airman? You've seen him coming in and out here a lot." Gill nodded. He was by nature silent. In fact, his taciturnity was a by-word.  
 "You may have read, too, that he was only married this morning?" Gill said nothing.  
 "If anybody asks you," pursued George, "which of the two Miss Revells he married, what would you say? It's rather important you should get it straight in your mind because newspaper men may call."  
 "Gentlemen who came to see you just now asked me a lot o' questions," vouchsafed Gill.  
 "Oh, what did you—?"  
 "He didn't get nothing out of me."

part of the country had it not been for the bumper crop of foods produced by the growers. If suffering would have been far more widespread and relief committees would have found it impossible to care for the situation.  
 Money crops may bring disappointing prices, but as long as ample food is produced growers will be able to live comfortably until better price conditions prevail.

LEILA HYAMS and HENRY VICTOR in "FREAKS" State Theatre Thursday — Friday

Jenny's mysterious "Not at ten!" and Garth Aveney's laughter and Gill's sceptical grunt. George couldn't think why any of these people should have been so difficult to handle; Jenny, on whom she had so confidently reckoned, the most difficult of all. And suddenly she faced the fact that Jenny in spite of her promise, in spite of Eddie's breakdown—Jenny might refuse to tell that terribly necessary lie.  
 (Copyright, Julia Cleft-Addams)

Jenny makes her decision, tomorrow. Will she lie for George?

Don't let a few cents a day stand between you and a FULLY AUTOMATIC Kelvinator

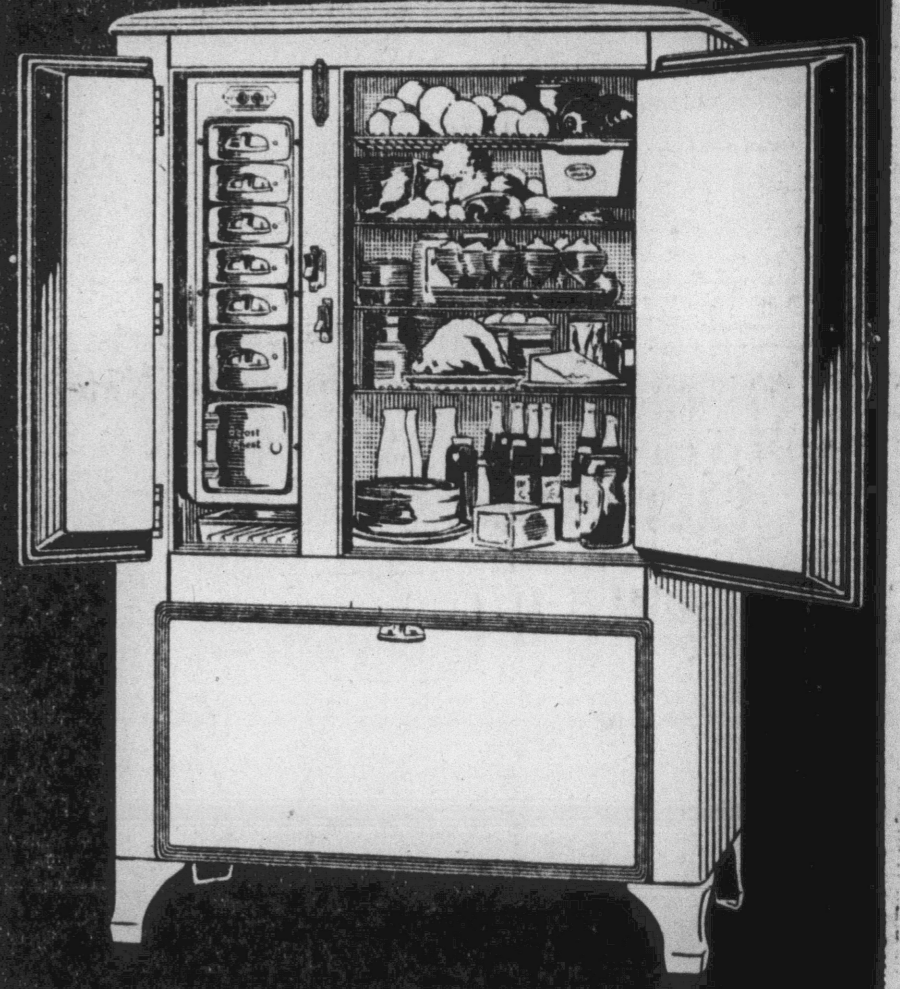

THERE actually isn't much difference between the price of a fully automatic Kelvinator, the finest in electric refrigeration, and an ordinary electric refrigerator. Over a period of time, it amounts to only a few cents a day.

But, think of the difference between the two when it comes to economical operation, performance, satisfaction, long-lived dependability, and the completeness of refrigeration service. Consider these advantages—features you cannot get except in a Kelvinator. There is 4-Zone Cold—four separate, distinct temperatures—each serving a different purpose—each necessary for complete refrigeration—and each fully automatic. There are no dials to set. Nothing to remember or forget. No danger of freezing the contents of the food compartment. In addition to fully automatic 4-Zone Cold, the most important feature in an electric refrigerator, consider the Frost Chest, World's Fastest Freezing Speed, the Kold-Keeper and the Kelvin Crisper, all of which can be had on either the Standard or Deluxe Models.

You buy an electric refrigerator not for one or two years' use, but for ten, or fifteen, or even more. And it is downright extravagance not to buy the best—especially when you can get a Kelvinator for only a few cents a day more. Your own good judgment will tell you this is sound reasoning so why not come in to-day and pick out your Kelvinator and pay for it on the ReDisCo Monthly Budget Plan, the easy, convenient way!

# Giants Take Cellar as Dodgers Win Slugfest, 11 to 6

## BRAVES HOLD LEAD BY WIN OVER PHILLY

By GAYLE TALBOT  
(Associated Press Sports Writer)

The Brooklyn Dodgers, who have had neither pitching nor hitting speak of since they completed their course in calisthenics this spring, at last show symptoms of covering their batting eyes.

The latest power in the bats of the Flatbush fliers burst forth in a sudden yesterday against the Giants. Trailing by five runs going into the ninth, they fell on the mercy of McGraw's curvers for eight runs to win 11-7, and leave the Giants in complete possession of the National League cellar.

The Boston Braves and Chicago Cubs maintained their fight for first place in the senior league, the Braves clinging to their one game advantage by beating the Phillies 4-1, while the Cubs were coming out behind to trim the Pirates, 6-4. Barbee, recruit Pittsburgh outfielder, hit a home run.

"Dizzy" Dean, the Cardinals' pitcher, finally came through with a shut-out victory over the Cincinnati Reds, 9-0, winning their last three games.

Although three Washington pitchers issued sixteen passes, only one shy of the major league record, the Senators staggered through a 5-4 win over the Yankees. It was the leaders' third straight over the Yanks and their sixth win in a row.

Cleveland's winning streak was snapped at nine straight when the St. Louis Browns outslugged the Indians 11-8.

George Earnshaw was in rare form, yielding only four hits as the Athletics won another from the Boston Red Sox 6-1. The A's pecked away at Danny MacFayden for three runs in the first eight innings and then fell on Pete Donohus for three more in the ninth. Al Simmons knocked in three runs with home run and a single.

Detroit and Chicago were rained out.

## CAPS AGAIN BEAT TWINS

Charlotte, May 4.—(AP)—The Raleigh Capitals, with two straight victories over the Winston-Salem winners, have set themselves up as the Piedmont League's giant killers.

The mighty sluggers from the garment city just couldn't locate Perry's offerings in their second night game at Raleigh, 11-7. They struck out five of them and hit six, and the Caps won 7-2. Raleigh touched Follard for nine safeties.

The Charlotte Hornets lost the third of their four starts with Asheville 9-5, while their owners were talking about throwing in the towel, and clinched the cellar position.

The Tourists battered Settlement and Kermode for eight runs in the first two innings, and got one more in the fifth before Langford replaced Kermode. The Hornets batted Main from the mound in the second inning, with five hits but not one good for but two runs, and then were held down by Bass except in the fifth, when they scored three more. It was a slugfest, Asheville getting 14 hits and Charlotte 13.

Greensboro evened its series with Wilmington and went into a tie for first place, putting the Pirates into a tie with Raleigh for fourth. The score was 5 to 2. Ostermueller yielded six hits, and the Patriot infield pulled four double plays to ease him out of every tight spot. The Pats got 9 safeties off Bennett.

The Durham Bulls found three high point pitchers for 12 safeties. Hile Lambert yielded but five, and scored three runs. George Earnshaw, Athletics—Held Red Sox to four hits.

Sam Rice, Senators—His double in eighth drove in two runs that beat Yankees.

Bill Herman, Cubs—Led Cub attack on Pirates with four hits.

Tom Zachary, Braves—His relief pitching stopped Phils with two hits in five innings.

Johnny Frederick, Dodgers—Hit home run and four singles, driving in four runs, against Giants.

Dizzy Dean, Cardinals—Won first game of year, scattering Reds' 8 hits in 9-0 victory.

## STATE WINS FAST GAME FROM U. N. C.

Charlotte, May 4.—(AP)—Staging one of the most sensational rallies of 1932 big five baseball competition, North Carolina State trailing 6 to 1 at the beginning of the ninth, scored five runs to knot the score and then went on into the 11th to score again and beat the University of North Carolina, 7 to 6, at Raleigh yesterday.

Griffith had held the Techmen well until that ninth when, with the game apparently well in the bag, he blew up. With one man out, Hinton stopped the Carnage and allowed but four hits in the 2-2-3 innings he worked. With two out in the 11th he let Jimmy Brown find him for a double, Allen Nelms ran, and scored on Fuller's Texas leaguer over second.

Two other big five carsties were out of the state, and not so very henny, yesterday.

Wake Forest tied the count at 7-all with the University of Maryland in the ninth, but Barnes eased up for a moment in his half of the inning and Maryland pushed over the winning run, ending the game 8-7.

At Princeton, Wilson held the Duke Blue Devils to three hits, while the Tigers found Alpert for 7, and Duke lost, 3 to 4.

Duke's freshman nine fell on the N. C. State yearlings without mercy, outting out an 11 to 1 decision.

Guilford beat Catawba 9 to 7.

## Yesterday's Stars

Star Mellino, Browns—Drubbed in pitching for four singles and scored three runs.

George Earnshaw, Athletics—Held Red Sox to four hits.

Sam Rice, Senators—His double in eighth drove in two runs that beat Yankees.

Bill Herman, Cubs—Led Cub attack on Pirates with four hits.

Tom Zachary, Braves—His relief pitching stopped Phils with two hits in five innings.

Johnny Frederick, Dodgers—Hit home run and four singles, driving in four runs, against Giants.

Dizzy Dean, Cardinals—Won first game of year, scattering Reds' 8 hits in 9-0 victory.

## Locals Lose to Snow Hill Nine

Greenville High School lost a hardfought baseball game in Snow Hill yesterday by the score of 4 to 2. It was the second meeting of the season between the two teams and the Snow Hill aggregation gained revenge for a 9-5 defeat handed them by the locals in the earlier part of the season.

Berry Dail, local hurler let the Snow Hill hitters down without a hit in the six innings that he worked but two errors a couple of walks mixed in with a passed ball and a wild throw counted three runs in the seventh and gave Snow Hill the game.

Dail struck out ten men in the six innings he worked and allowed

no hits. Taylor struck out seven and allowed two hits in the three innings that he was on the mound. Woodard and Taylor led the hitting for the locals with a triple and a double. For Snow Hill the work of Shirley a first was outstanding.

# Market Report

## Cotton--Stocks--Grain

### New York Cotton

New York, May 4.—(AP)—Cotton opened steady today at a decline of 7 to 10 points on local and scattered selling. July sold at 5.56. Reports of favorable weather in the South and reiterated talk of nothing more than moderate reduction in acreage seemed to be coming in for a little more attention while slight bulges right after the call met a little more selling, which may have been influenced by reports of weakness in stock market. July contracts sold off to 5.61 and December to 6.00 by the end of the first half hour, making net losses of about 11 to 13 points.

Liverpool cables reported hedging and liquidation combined with some selling on the advance in sterling and the weakness of Egyptian cotton in that market and houses with Liverpool connections were among the early sellers here. According to the New York Cotton Exchange Service, sales of fertilizer tags in the nine principal cotton growing states for April totaled 787,000 short tons against 1,065,000 for the same month last year.

### Grain Market

Chicago, May 4.—(AP)—Influenced by large export purchases of North American wheat, higher prices formed the rule today in the wheat pit here, despite weakness of securities.

In addition to buying of five cargoes of Canadian wheat for Russia, 1,000,000 bushels or more of Canadian and United States wheat was taken to be shipped overseas. The widest different for some time existed between Chicago and Liverpool quotations.

### Stock Market

New York, May 4.—(AP)—A moderate quickening of selling early in today's session of the stock market was followed by some abatement of pressure after midday.

On the whole, however, the financial markets still reflected uncertainty and discouragement. A further slight gain in steel production failed to impart appreciable encouragement. Weakness of U. S. Government Bonds and some further selling of the American dollar abroad, again reflected uneasiness over the federal government's difficulties in balancing its budget.

Selling of stock was somewhat more general than in the previous session, but was again largely concentrated in a few issues and appeared to reflect further special liquidation. Issues losing 2 to 3 points at the worst included American Telephone, Allied Chemical, Coca Cola, Hershey, American Tobacco B, Norfolk and Western, W. T. Grant, Jewel Tea, and a number of preferred issues, but after midday there were numerous recoveries of from fractions to a point. U. S. Steel sold off 13-8 to 26.3-8, then recouped a minor fraction. Oils still held up well, as did a number of other miscellaneous issues, including General Motors, North American, Lehman Corp. and International Shoe, which has seemed to be pegged around 37 for some time.

### Apple Blossom Festival Begins

Winchester, Va., May 4.—(AP)—It's apple blossom time in the Shenandoah.

Thousands of persons had arrived in this little Shenandoah Valley city today to participate in the opening of the annual apple blossom festival, and to roam under a canopy of white upheld by millions of tree trunks.

Miss Helen Ames Washington—Queen Shenandoah IX after her coronation today—was the central figure in a court of 35 princesses, from as many states, several of whom came from states west of the Mississippi river.

Bringing with him the good wishes of another apple producing land, M. Paul Claudel, French ambassador to the United States this afternoon will place upon the queen's head a crown of apple blossoms.

Five thousand school children and two score bands were in the huge crowd that gathered for the parade featuring the coronation ceremonies.

### Seek Waivers for Farm Loans

Washington, May 4.—(AP)—The farmers who have pledged their crops as collateral for 1931 drought and seed loans are being asked by the Agriculture Department to sign waivers, giving the department the authority to sell those commodities at will.

Those chiefly concerned are cotton farmers who have given the department warehouse receipts for 365,155 bales of their last year's harvest worth \$10,954,650.

These waivers are now coming in and, meanwhile, the department disclaims any intention of forced selling at a time when it would disrupt the cotton market.

The cotton was accepted as collateral on the basis of eight cents a pound to encourage storage to prevent market gluts and lower prices and to enable farmers to buy the necessities they needed over the winter.

If the department wanted to collect the loans due last November it would have to institute foreclosure proceedings in each case. The purpose of the waiver is to obviate this necessity.

### Arrest Negro In Connection With Slaying

Gastonia, May 4.—(AP)—Police today disclosed they are holding a negro, Alec Carter, and believe he killed Harold Griener, 18, filling station operator who was beaten to death early Sunday morning in his station on the Gastonia-York road.

The negro arrested late yesterday in the house of a negro tenant on Paul Howe's farm two miles south of here. His clothing was spattered with oil and blood.

Carter was beaten upon the head with three heavy glass oil containers. He died from fractures of the skull.

J. L. Huffstetler, young farmer who lives near the filling station, identified Griener as the negro he saw sitting in front of the station late Saturday night. A Mrs. Pennington, of Clover, who stopped at the station with her husband shortly after midnight also identified Griener as a negro who was there at the time.

Robbery was the motive for the slaying of Carter.

Griener has refused to make any statement.

### ORDER DRY LAW VIEWS PRINTED IN BOOK FORM

Atlanta—City, N. J. May 4.—(AP)—The Methodist general conference today ordered that the section of the Episcopal letter calling for more vigorous enforcement of the prohibition amendment be printed in booklet form and sent to President Hoover, members of Congress and all presidential candidates.

The conference was unanimous in its action, taken on a resolution presented at the opening of the business sessions by the committee on temperance, prohibition and public morals. A further recommendation that all Methodist pastors be urged to read the prohibition pronouncement from their pulpits and see that it was circulated among the young people of the church also was approved.

### Apple Blossom Festival Begins

Winchester, Va., May 4.—(AP)—It's apple blossom time in the Shenandoah.

Thousands of persons had arrived in this little Shenandoah Valley city today to participate in the opening of the annual apple blossom festival, and to roam under a canopy of white upheld by millions of tree trunks.

Miss Helen Ames Washington—Queen Shenandoah IX after her coronation today—was the central figure in a court of 35 princesses, from as many states, several of whom came from states west of the Mississippi river.

Bringing with him the good wishes of another apple producing land, M. Paul Claudel, French ambassador to the United States this afternoon will place upon the queen's head a crown of apple blossoms.

Five thousand school children and two score bands were in the huge crowd that gathered for the parade featuring the coronation ceremonies.

### Seek Waivers for Farm Loans

Washington, May 4.—(AP)—The farmers who have pledged their crops as collateral for 1931 drought and seed loans are being asked by the Agriculture Department to sign waivers, giving the department the authority to sell those commodities at will.

Those chiefly concerned are cotton farmers who have given the department warehouse receipts for 365,155 bales of their last year's harvest worth \$10,954,650.

These waivers are now coming in and, meanwhile, the department disclaims any intention of forced selling at a time when it would disrupt the cotton market.

### MORRISON DENIES PLEDGE TO SUPPORT BONUS PLAN

(Continued from Page One)

Including also C. L. Dickerson and Lee A. Baile, all of us members of Stenwall Jackson Post, and called upon Senator Morrison. He said we do not intend to reveal to the press what he told us in his private suite of rooms at the Charlotte Hotel, but he did say that he was 100 per cent for this particular piece of legislation, and that instead of calling on him to determine his status on this bill we should have come to thank him, instead of questioning him, for what he had done and would always do for us.

He said it was not his policy to make a pledge to a delegation, but that since we were representatives of this service organization he would tell us how he stood but that he did not want us to reveal it at that time. We gave out nothing of the interview except that we were satisfied. Those who followed the incident then will remember that.

Morrison's answer was received after adjournment of the state enactment's business sessions, and was not placed before the convention which closed last night after electing James F. Michel of Greensboro, as state commander.

It also quotes reports of the Japanese military authorities saying "bandit" forces appear to have increased in numbers since the Japanese occupation of Mukden in September.

The Japanese, it said, consider that withdrawal of their troops from Manchuria, as provided in the resolutions of the League of Nations council, depends on the progress of the organization of the Manchoukou army, which is estimated now to number 85,000 men.

ure of his effort and predicted that it would result in a complete lifting of taxes from real estate.

Denying that he is a "machine man," the speaker said he was bound by no faction, group or interest, and had entered the campaign principally for the purpose of giving the best of his service to the people.

Discussing his own issues, he advocated legislation that would provide security for depositors of banks of the country, and that would enable the institutions to render a great service to the people and at the same time eliminate the risk of depositors.

Referring to the profiteering by the state which takes over control of this problem by inaugurating a rental system that would reduce cost to tenants and increase efficiency of the results by giving them books earlier than if they bought them themselves.

He derided the plan to build a new state prison and throw away the splendid plant now in operation at Raleigh. He said the system could be made fire proof at nominal cost and that this would meet all requirements and save the state much money. Employment for idle prisoners was also suggested.

The speaker, asserting that this would also eliminate a tremendous expense and reduce the huge deficit which has faced the state in the last several years because of constantly increasing population.

Warning against the adjustment of public service to meet present depressed conditions was issued by the speaker as he considered his hearers to seek a solid ground and in that way find their way back to prosperity and safety more easily than going to the "bottoms."

Senator Reed argued that most bond transfers were outside the regular market and that the tax would merely penalize those sold in the exchange. In effect, he said it would lead to bond "bootlegging."

The committee struck out the exemption it had allowed for checks below five dollars and voted to apply its two cent tax to every bank check regardless of amount.

Secretary Mills in recommending them levy on bank checks estimated it would yield \$95,000,000. In previously voting the five dollar exemption, the committee had lost about half of that sum.

Assistant Defense Attorney Geo. S. Leasure said he would ask the court to leave the defendants at Pearl Harbor.

Public Prosecutor John C. Kelley told the Associated Press he had no objection to such action.

This would mean that they would remain at Pearl Harbor, where they are now, throughout the appeal expected to be pressed by Clarence Darrow, chief of defense counsel, and until the case is finally disposed of.

A petition is being circulated in Congress asking Governor Judd to pardon the defendants and he is about to receive a similar appeal from the citizens of the territory.
