JOHN RASKOB GIVES BIG SUM TO DEMOCRATS

Chairman Wipes Out \$100,000 Debt Owed Him by the National Committee

New York, June 9.—(AP)—John J. Raskob, Democratic national chairman, it was learned today, has wiped off the slate \$100,000 owed by him by the Democratic national committee and has thus converted into an outright gift his \$100,000 pledge which was to have been paid on completion of the \$1,500,000 victory drive.

A report of the assistant treasurer of the national committee filed with the clerk of the House of Representatives in Washington today, revealed that Raskob had cancelled and surrendered two promissory notes of the committee for \$50,000 each. The report covers the period from March 1 to May 31.

The report showed that the committee still owes Raskob \$120,250 and that the deficit between March 1 and May 31 was reduced from \$78,117 to \$559,358. Included in the deficits, according to the report, is the sum of \$433,767 in notes held by the County Trust Company of New York.

The County Trust Company in March filed suits to collect \$50,000 and \$20,000 respectively from Timothy J. Mara and Patrick F. Kenny, a Yonkers plumbing contractor, who replied with charges that they never received the money but that they were among nine friends of Alfred E. Smith who in the autumn of 1928 signed a blank check for \$225,000 to cover up "illegal contributions" from the bank of his campaign fund.

The two notes: It was said at the committee's headquarters today are included in the \$433,767 in notes held by the County Trust Company. At the time when Mara and Kenny made their charges, Raskob pledged himself to make good on them.

Against its \$559,358 deficit on May 31, the party had a cash balance of \$117,627, the report showed, an expenditure during the three-month period had totaled \$238,026.

Contributions from March 1 to May 31 amounted to \$229,158 and the committee on May 31 had \$109,235 in unpaid pledges, including a pledge of \$75,000 from the Chicago Citizens' committee.

Complete Merger of Two Churches

Raleigh, June 9.—(AP)—Merger of the Christian and Congregational churches of the Carolinas was completed here at a meeting of representatives of both at which Dr. C. H. Rowland, of Greensboro, was elected president.

Other officers selected were the Rev. J. Edward Kirby, Raleigh, vice president, and Miss Ruth Sargeant, Southern Pines, secretary. The officers are to draft a constitution and by laws and present them to the conference next spring.

The Association of Congregational Churches of the Carolinas, a unit of the new organization, elected the Rev. William T. Scott, of Winston-Salem, moderator, and the Rev. Milo J. Sweet, of Salisbury, registrar and superintendent.

Send Officers to S. C. Mill Strike Zone

Columbia, S. C., June 9.—(AP)—A "sufficient number of state constables to handle the situation" will be sent to aid in keeping order in the Arcadia mills strike at Spartanburg.

This announcement was made at the governor's office yesterday after Spartanburg authorities had requested assistance in handling the situation in the strike zone where several arrests have been made on charges ranging from disorderly conduct to assault and battery.

The governor's office also announced state highway patrolmen would be ordered to augment the force of constables in the strike area if they were needed.

Approximately 200 workers in the two Arcadia mills plants walked out Friday. Since then, non-strikers have charged strikers with ambushing them, and the strikers also have brought charges against several persons.

Man Sought In Lindbergh Kidnap Case Surrenders

Detroit, June 9.—(AP)—Harry Fleisher, sought for many months in connection with the Lindbergh baby kidnaping and Detroit's Collingwood apartment massacre, surrendered at 10:20 A. M. today, arriving at police headquarters accompanied by two attorneys.

Later Fleisher came from the prosecutor's office, seemingly less nervous, and posed for photographs. He refused to answer questions. "Where did you get that tan, in Texas or in Canada?" he was asked.

BONUS ARMY ORGANIZES

Washington, June 9.—(AP)—Federal aid for the thousands of war veterans who have converged on the capitol to demand immediate cash payment of the soldiers' bonus was sought today in resolutions introduced in both branches of Congress.

Meanwhile, the bonus expeditionary force established an organization they claimed would be permanent to agitate their demands. A House vote on whether to give the legislation a formal consideration has been promised for next Monday.

Washington, June 9.—(AP)—A special detail of plain clothes men watched over communist headquarters today as the bonus expeditionary force, meanwhile, established an organization they claimed would be "permanent."

This organization which will handle the affairs of the 8,000 bonus payment seekers now here and additional groups en route, included a treasurer to receive and disburse funds for food purchase.

Police paid special attention to the communists' activities to preclude any surprise demonstration. Their headquarters has been open to all members of the Workers Executive Men's League, a radical or-

Prohibition To Furnish Big Fight At Convention

By the Associated Press. Prohibition, the unbidden guest of politics for a decade, has started for the Chicago conventions with main entrance tickets and a seat on the platform.

The White House took occasion last night to repudiate reports that President Hoover had approved a re-submission plank for the Republican party, but other leaders of the party have indicated that such a plank is receiving approbative consideration. James R. Garfield, who

SAYS WALKER UNFIT FOR JOB

Seabury Files Charges Against Mayor James Walker With Governor Roosevelt

Albany, June 9.—(AP)—The whole story of the financial transactions of Mayor James J. Walker and Russell T. Sherwood, as they appear to Samuel Seabury, was today in the hands of Governor Franklin D. Roosevelt, who has said that a public official whose income is obviously far greater than his salary is obligated to explain the source of that income.

Stressing the fact that he was acting, not as counsel to the Ho-stadter committee, but as a private citizen, Seabury in a letter accompanying data on the Walker case received by the governor last night pointed to the evidence indicating that the missing Sherwood had handled nearly \$1,000,000 in five years and reiterated his charge that Sherwood was actually Walker's financial agent.

One of the main purposes of Seabury's drive against Walker was to link the mayor with these big transactions, but the mayor denied on the witness stand that Sherwood was his fiscal agent.

The Walker case, packed with potential political dynamite, was dropped on the governor's doorstep last night, less than a week after Roosevelt demanded that the New York investigators take action if they believed action warranted.

The governor was abed when the papers, calling Walker "unfit" and likening his explanation of his funds to a "tin box" alibi, were delivered by two of Seabury's assistants. He has indicated that he will study the record before commenting. A decision as to

BUILDING ON MEND IN SOUTH

Upward Spring in Construction Reported by Manufacturers Record

Baltimore, Md., June 9.—(AP)—An upward swing in southern building and engineering contracts is reported for May by the Manufacturers Record with the monthly total of \$35,000,000 approximately thirty-five per cent ahead of that for April.

The May figure brought to more than \$124,000,000 the South's estimated awards for the first five months of the year and the publication estimated inclusion of smaller contracts in its capitulation would raise the total above \$165,000,000.

City, county, government and state contracts awarded last month totalled more than \$10,482,000 for the sixteen southern and southwestern states included. Miscellaneous projects accounted for \$6,220,000 and sewers, drainage and waterworks jobs for \$1,548,000.

Apartment houses, hotels, fraternal structures, office buildings, banks, schools, churches and stores made up the remainder of the total. Along with dwellings costing more than \$10,000 which accounted for \$735,000 of the May figure,

CHIEF JUSTICE AT ASHEVILLE

Charles E. Hughes Addresses Fourth Circuit Judges at Mountain City

Asheville, June 9.—(AP)—Chief Justice Charles E. Hughes, addressing a conference of federal judges of the fourth circuit here today, said the judiciary should interpret the constitution in the light of new conditions.

"We should be faithful to our supreme obligation," he said, "if we interpreted the great generalities of the constitution so as to forbid flexibility in making adaptations to meet new conditions, and to prevent the correction of new abuses incident to the complexity of our life, or as crystallizing our own notions of policy, our personal views of economics and our theories of moral or social improvement."

JUNTA SEIZES CHILEAN BANK

Central Bank to be Operated by New Socialist Regime at Santiago

Santiago, Chile, June 9.—(AP)—Chile's new Socialist government took over the Central Bank today, rechristened it the "Banco Del Estado" and informed the board of directors that it was dissolved.

This institution which was set up in 1926 on the advice of Prof. E. W. Kemmerer of Princeton University, who helped Chile reorganize her financial affairs. The junta government is to name a new board which will operate the bank along lines similar to those of the Central Bank.

By taking over the Central Bank the government assumes the function of issuing currency and supervising the rediscount of paper from public and private banks.

TWO HELD AS EXTORTIONISTS

Camden, N. J., June 9.—(AP)—Two youths were held as extortionists today after walking into a trap set by detectives and the intended victim—George W. Norris, governor of the Philadelphia Federal Reserve bank.

They are alleged to have demanded \$5,000 from the banker in a series of threatening letters and to have accepted a dummy package of banknotes with which federal agents and city police baited the snare last night.

The prisoners are Joseph Wiltman, Jr. of Audubon, N. J., and Fred Fictel, of Mt. Ephraim, N. J., both 19 years old. Fictel's father, Ludwig, has been custodian of the bank building for 15 years.

BYRD BOOSTED BY VIRGINIANS

Former Governor to Be Endorsed for the Presidency at Convention Today

Richmond, June 9.—(AP)—With the name of Harry Flood Byrd on every lip, Virginia Democrats today assembled for their state convention eager to endorse the former governor for the Democratic presidential nomination and with a prohibition plank apparently satisfactory to the majority of the 3,000 delegates.

The prohibition plank, which has loomed large on the horizon as the only controversial issue, in its present form calls for meeting the issue squarely and promptly thru a referendum in the form the national convention deems to secure speedy action, and commends to the national body the referendum amendment plan of Harry F. Byrd.

The plank condemns the saloon and asserts unalterable opposition (Continued on page six)

NEGRESS GETS TERM IN JAIL

Maybell White Colored, charged with possessing liquor for sale, was sentenced to thirty days in jail by Judge W. L. Whebed presiding over yesterday's session of County court.

Only one other case was disposed of, that being the charge of larceny against Bonnie Squires. Prayer for judgment was continued upon condition that the defendant be committed to Dix Hill.

Following completion of the two cases court adjourned until next week. Seven or eight cases were disposed of the previous day, and several continued until next week.

PREPARE FOR CHICAGO TEST

President Assembling Forces in Preparation for Party Gathering Next Week; Only Contest in Prospect is Over Prohibition, Bone of Contention of Both Parties

Washington, June 9.—(AP)—Republican leaders at the capitol definitely counted President Hoover in favor of the principle of prohibition resubmission today as convention plans moved ahead.

It was emphasized at the White House, however, that Mr. Hoover has not approved a specific prohibition plank for the platform.

Congressional chieftains did not hesitate to affirm their belief that the head of the party had indicated acceptance of the Resubmission principle.

Meanwhile, the president was assembling his forces for the convention next week. Secretary Mills made plans to leave Saturday for Chicago.

The only contest in prospect at the convention is on prohibition. Republicans on Capitol Hill who last Sunday decided in favor of the resubmission plank are on notice to be ready to leave congress, if necessary, for the platform contest. A drive in the convention for a repeal plank is feared by the party command.

To all appearances the prohibitionists in congress are marking time to await the convention's decision. No effort has been made to reassemble the conference of prohibitionists which Tuesday dismissed a dry fight at the convention.

Word from Indiana today of the resubmission plank in the state Republican platform added to the strength of the gossip over the attitude of the president. Senator Watson, the administration leader, comes from Indiana.

Local Thieves Make Away With Porch Furniture

Thieves, operating extensively in this community the last several months, are turning their attention to porch furniture, according to latest reports of their activities made public today.

A thief or thieves carried away virtually all of the porch furniture at the home of Miss Apple Smith, on Greene street, Tuesday night. Only one piece of furniture was left.

Although the theft was reported to the police department, no clue has been obtained as to the identity of the thieves.

Senate Committee Gives Favorable Report on Release of Wheat for Relief

Washington, June 9.—(AP)—A favorable report on the McNary resolution authorizing use of 50,000,000 bushels more of Farm Board wheat for relief was voted today by the senate agriculture committee.

The action was taken without a record vote. Chairman McNary announcing the committee had approved it unanimously.

Congress already has authorized use of 40,000,000 bushels by the Red Cross for relief and Chairman John Barton Payne of that organization notified McNary this week there was enough on hand to last

New Funeral Home Ready for Service Here

Workmen were busy today rushing to completion the remodeling of the old Wilson home, recently known as the Wayne House, on Dickinson avenue, which has been leased by S. G. Wilkerson & Sons for one of the most modern and complete funeral homes in this section of the state.

Although the improvements to the building will not be completed before the first of next week when the formal opening will be held, Mr. Wilkerson stated they would be able to take care of any kind of funeral business tomorrow. An extensive line of caskets and other stock arrived today and will be ready to take care of the demands of the public.

The building is being remodeled both inside and outside and will afford every convenience when completed. Every room is being utilized and a large garage and storage room is being added to the back of the structure to insure the most rapid kind of service.

The inside will be artistically arranged including a reception room, private family room, and display room on the left of the hallway downstairs. An office, display room, private bath for guests, and preparation rooms are located on the right of the hallway. The upstairs will be used as display room and bedrooms for attendants who will remain on duty night and day.

The building when completed will be the most modernly equipped of its kind in Eastern Carolina, Mr. Wilkerson said, and will afford every convenience. The private family room will offer complete privacy for relatives of the dead. Bodies will be placed there after preparation and members of the family may gather there to pay last respects to their dead.

The personnel of the establishment, which will go under the name of S. G. Wilkerson & Sons Funeral Home, will be Mr. Wilkerson, his daughter, Miss Christine, son Charles, Miss Wilkerson will assist in general office work and preparation of ladies' bodies, while the sons will assist in the general conduct of business. The firm will also maintain regular ambulance service. Mr. Wilkerson has seen long years of service in this line of business, having conducted a funeral home here several years ago before becoming connected with one of the largest casket manufacturing concerns in the country.

Pitt Countains Take Big Part on College Program
Pitt county names appeared frequently on the programs of commencement of East Carolina Teachers College this year. There were 31 from the town and county in the two graduating classes, 15 in the four-year class receiving degrees and 16 receiving diplomas in the two-year class. These figures are worthy of note because they are so nearly equal, showing those who live in the community are taking the longer course.

Henry Oglesby, the only young man to receive a degree and the first young man ever to receive either degree or diploma from this college, is also a Pitt county boy.

from Winterville. Miss Nannie Smith, president of the Senior class, and one of the leaders in her class throughout the four years, is from Farmville.

A number of honors have gone to students from the county during the past year. Most of the 48 young men enrolled in the college were from this county, and young men have played a conspicuous part in the affairs of the college during the year.

Mr. C. M. Thomas, whose mother and sisters have been living in Greenville for some time, took the solo part in the anthem sung on graduation day, the first time a man has ever taken a leading part in the music programs of the college.

Wadesboro, June 9.—(AP)—Anson county authorities today were searching for the unidentified slayer of H. J. Sellers, once of South Carolina, a widely known resident and large landowner of

the Lilesville section, who was slain by a bullet fired into his back from a wood near which he was plowing.

Bloodhounds from Fayetteville joined in the search, but no definite clue had been picked up early today.

Members of Sellers' family, hearing a shot, said they hurried to the field, some 600 feet from the house, to find him near death at the end of a row he had plowed. The bullet had pierced his back, came out through his side and shattered an arm. He died on the way to a doctor.

No explanation of the killing was available, Sheriff J. F. Martin said.

Twenty years ago Sellers left the state, going to South Carolina, saying he feared retaliation because he had accidentally shot a member of the Cagle family which lives across the Pee Dee river from the Sellers family.

Three years ago he returned, repurchased his old homestead and has been there ever since.

More recently he was reported to have had trouble over a road right-of-way in the neighborhood.

More recently he was reported to have had trouble over a road right-of-way in the neighborhood.

Wadesboro, June 9.—(AP)—Anson county authorities today were searching for the unidentified slayer of H. J. Sellers, once of South Carolina, a widely known resident and large landowner of

the Lilesville section, who was slain by a bullet fired into his back from a wood near which he was plowing.

Bloodhounds from Fayetteville joined in the search, but no definite clue had been picked up early today.

Members of Sellers' family, hearing a shot, said they hurried to the field, some 600 feet from the house, to find him near death at the end of a row he had plowed. The bullet had pierced his back, came out through his side and shattered an arm. He died on the way to a doctor.

No explanation of the killing was available, Sheriff J. F. Martin said.

Twenty years ago Sellers left the state, going to South Carolina, saying he feared retaliation because he had accidentally shot a member of the Cagle family which lives across the Pee Dee river from the Sellers family.

Three years ago he returned, repurchased his old homestead and has been there ever since.

More recently he was reported to have had trouble over a road right-of-way in the neighborhood.

Cotton--Stocks--Grain

New York Cotton

New York, June 9.—(AP)—Cotton futures opened steady 4-6 lower with July selling as low as 4.97, an all time record low under liquidation, easiness of stocks and favorable crop advices.

Near month liquidation was more active, sending the price of July off to 4.95 during the early trading, while the break through the low levels of last week evidently brought in some spot orders. This pressure was coupled with considerable selling through houses with Liverpool and Japanese connections while there was also some selling from New Orleans and southern sources. Offerings were absorbed by covering and trade buying at the decline of about 6 points from yesterday's closing quotations. However, and after the early pressure subsided, prices rallied 5 or 6 points from the lowest with the market somewhat steadier at the end of the first half hour. Liverpool cables said that liquidation had been absorbed by trade calling in that market.

Grain Market

Chicago, June 9.—(AP)—With virtual exhaustion of sustained buying power late today, wheat, corn and oats all outdid season low price records.

Export sales of 1,000,000 bushels of wheat by Canada served only to emphasize absence of foreign demand for wheat from the United States. Dispatches from Toronto quoted bank authority for assertions that low prices were due very largely to a huge government financed carry over of wheat in the United States.

Wheat closed nervous 1-4 to 3-4 under yesterday's finish; corn at 1-4 decline to 1-8 advance; oats 1-2 to 3-4 down and provisions unchanged to 5 higher.

Stock Market

New York, June 9.—(AP)—A short squeeze in Auburn gave the stock market a much needed boost today, just as it was slipping back to the bear market lows of last week.

After a somewhat heavy tone at the opening, the list quickly met support, and a run-up of about 10 points in Auburn was accompanied by numerous gains of 1 to 3 points elsewhere. The list turned dull after midday, however, and there were some slight recessions from the best levels. The advance in shares was undoubtedly helped by marked improvement which developed in U. S. Government bonds, and by a better tone in some of the principal commodities.

The sorely depressed B-M-T issues recovered substantially. The preferred regained two-thirds of yesterday's 9-point drop, and the common pushed up 3. American telephone recovered an early loss of a point, and sold up more than 2 net. The short squeeze in Auburn, famous for its market gyrations, was apparently in connection with its sharp reductions in the prices of its models, and its announcement of an aggressive bid for a larger share of the business in the lower-priced field. A considerable short position had apparently been built up in anticipation of an adverse market response to announcement of the price reduction, but the shorts found a very limited supply of stock available to cover their commitments. The B-M-T issues rallied on the statement by President Dahl that he anticipates no difficulty in arranging to meet the \$13,500,000 note maturity on Aug. 7, although he said plans were as yet uncompleted.

MAN SOUGHT IN LINDBERGH KIDNAP CASE SURRENDERS (Continued from page one)

Fleisher shrugged his shoulders. "Did you have anything to do with the Lindbergh kidnaping?" he was asked. Again he shrugged his shoulders, and said nothing. Prosecutor Toy said he had instructed police to notify federal authorities of Fleisher's arrest. He said Fleisher had been sought on a charge of violating the federal prohibition laws. He also stated that Fleisher would be arraigned Friday in Recorder's court on a warrant outstanding for several months, charging him with complicity in the Collingwood massacre.

PROHIBITION TO FURNISH BIG FIGHT AT CONVENTIONS (Continued from page one)

should be returned to the states. Another outstanding Democrat, William Gibbs McAdoo, studied today the reaction to his suggestion that a national referendum, authorized by Congress, be conducted next year at which all the people could vote "yes" or "no" on the question, "Shall the eighteenth amendment be repealed?"

The referendum, under the McAdoo suggestion, would be advisory. He believes it is the quickest possible solution of the problem. John D. Rockefeller Jr.'s pronouncement that in his opinion prohibition has failed and that both major parties should adopt resubmission planks, continues to draw prominent comment, commendatory and condemnatory. Dr. John Grier Hibben, retiring president of Princeton University and formerly a dry, said that in his judgment the Rockefeller statement "both crystallizes and marshals opinion on this subject."

Dr. Clarence True Wilson, long a leader among prohibitionists as executive secretary of the Methodist Board of Temperance, Prohibition and Public Morals, said last night in Chicago that the statement of Rockefeller was "unlike and unworthy of him." "Prohibition," Dr. Wilson said, "gave us ten years of unbroken prosperity and it will bring it back." Bishop James Cannon, Jr., speaking at Fairfield, Ia., criticized "the influences that surround Mr. Rockefeller." "Living as he does where literally Satan's seat is, in the home city of Alfred E. Smith, of Jimmy Walker and of the 'Rammy Tiger,'" was the way the bishop described it. Of more concern to politicians of both parties than the spoken opinions of individuals, however, were developments in states where prohibition has been an issue at the polls. Of particular pertinence was the emphasis prohibition is receiving in parts of the South long listed as dry. At Baton Rouge, the Louisiana Legislature gave final approval yesterday to a referendum on repeal or

modification of the eighteenth amendment. The State Senate also approved a resolution for submitting repeal of the state enforcement law to the voters. There was little opposition to either measure.

MRS. McLEAN TESTIFIES IN MEANS CASE (Continued from page one)

000 ransom money to a mysterious man who she called "The Fox." The identification was made in the cross-examination of the society woman at the trial of Means on charges he stole the ransom and \$4,000 expense money from Mrs. McLean, estranged wife of the Washington Post publisher.

Earlier Mrs. McLean had testified that she had asked Means to drop negotiations similar to her own, between Means and Colonel M. Robert Guggenheim, friends of Charles A. Lindbergh.

The memorandum, read to the court by T. Morris Wampler, counsel for Means, said: "For Gaston B. Means: This is your authorization to turn over to me or to Williams the \$100,000 in your possession." (Signed) Evelyn Walsh McLean.

"That name," Wampler asked, "referred to 'The Fox'?" "Yes," replied Mrs. McLean.

United States Attorney Leo A. Rover immediately demanded that the note be impounded. Wampler agreed. It was accepted by Justice James M. Proctor. Means, the jaunty defendant, meanwhile, casually fingered the pages of a little book.

In his opening statement Rover had emphasized occasions on which Mrs. McLean instructed Means to turn over the ransom money only to the kidnapers after the return of the baby, or to Father Francis Hurney, a Catholic priest.

Wampler asked Mrs. McLean whether, soon after she sought and hired Means last March 4, she asked him to stop negotiations which he already had initiated toward contacting Guggenheim. She said she did.

Then Wampler asked if she had asked Father Hurney to telephone Guggenheim and suggest that he drop the negotiations. Again she replied affirmatively.

Disclosing the expected line of defense—that the whole transaction with Mrs. McLean was a straight business deal, a "scientific investigation" for Means—Wampler closely questioned Mrs. McLean regarding "The Fox." He questioned apparently in an attempt to show her faith in "The Fox," but she gave him little satisfaction.

EXPECT SECOND RACE OF TWO COMMISSIONERS' SEATS (Continued from page one)

contest would be called for the Board of County Commissioners during the late afternoon, although actual filing had not taken place at 3 o'clock. Only three of the ten candidates in the race for the five seats on the board received sufficient votes for nomination in the primary last Saturday, leaving two other seats unoccupied. Those involved in the race for these two positions are McLayborn, Smith and Summerell. Williams, Dudley and Cox were nominated in the first primary.

Considerable interest also centered about the probability of another race for the House of Representatives, but John Holmes, incumbent of Farmville, declined to say what action he would take. Neither Holmes or Jack Edwards obtained a majority vote. It is up to Holmes to ask a run-off if he so desires.

Mr. Holmes was in Greenville this morning but said he had not fully decided what he would do. It was understood some of his friends were urging him to make another bid for the seat, and he was to make known his determination during the late afternoon.

Gus Stokes, runner up for constable of Greenville township, stated emphatically several days ago that he would ask for a second election, but he had not filed up to the mid-afternoon. Confidence was expressed by friends that he would file before the day is over in view of the fact that he has already started organizing for the campaign. He will be opposed by Richard King, who obtained the greatest vote of ten contestants running for the office.

BONUS ARMY ORGANIZES (Continued from page one)

The veterans received today the last food which will be contributed from funds administered by the police. Their commander, Walter W. Waters, of Portland, Ore., appointed a commissary immediately to obtain food encampments. Pelham D. Glassford, superintendent of police, will turn over about \$2,500 realized at a boxing benefit last night. Waters repudiated on behalf of his army Robert Williams of Cleveland, Ohio, who had sought out Rev. James R. Cox, of Pittsburgh, leader of an unemployed march to Washington several months ago, in an effort to get Cox to persuade the veterans to leave. Police offered them a chance early in the day to ride on trucks 50 miles toward their homes. Reports from Pittsburgh said that Williams had claimed to represent the Veterans' committee in urging Cox to come to Washington to persuade the men to leave. Waters emphatically denied this. "I don't even know who Williams is," Waters said. "With all due respect to Father Cox, this organization is not going to respond to any one's influence. We are here and we are going to stay until the bonus is paid."

SAYS WALKER UNFIT FOR JOB (Continued from page one)

whether Walker will or will not be removed is not expected for several weeks. The papers sent by Seabury included a record of the Walker hearings, an analysis of the record and a letter in which Seabury said it was now up to the governor to determine whether "the maintenance of decent standards among public officials" require that the mayor be removed.

Nobody at the capitol expects the case to be concluded before the Democratic national convention. The procedure in previous, similar cases, took several weeks.

CHIEF JUSTICE AT ASHEVILLE (Continued from page one)

"We should be equally faithful to our duty if we failed to remember that it is an American institution and we are expounding. It is premeated with American ideas, infused with an American conception of liberty. We cannot take the great phrases of the constitution and disregard their historical background and fundamental purposes. These purposes were so expressed as to permit a broad range for new methods and achievements, but they were expressed in limitations. These limitations were imposed so as to safeguard rights believed to be fundamental."

Attending the conference are the judges of the fourth Circuit Court of Appeals and the district judges of North Carolina, South Carolina, Virginia, West Virginia and Maryland.

The Chief Justice at the same time said he was not interested in labels "liberal" and "conservative" sometimes placed upon judges.

"I know," he said, "of no accepted criterion. Some think opinions are conservative which others would regard as essentially liberal, and some opinions classed as liberal might be regarded from another point of view as decidedly liberal. Such characterizations are not infrequently used to foster prejudices and they serve as a very poor substitute for intelligent criticism. A judge will do his work in an objective spirit, as a judge should, will address himself conscientiously to each case, and will not trouble himself about labels."

through the summer. Payne said approximately 15,000,000 bushels remained uncommitted. As this store would be exhausted before congress can reconvene next fall, McNary will press for authorization of the additional amount before congress adjourns.

Washington, June 9.—(AP)—Legislative right of way to the Fulmer bill to turn over 40,000,000 bushels of Farm Board wheat and 500,000 bales of cotton to the Red Cross to feed and clothe the hungry was given in the House today by the rules committee.

Cont'd from Page One

Norris received a letter May 26 in which he was threatened with harm unless he paid \$5,000 "for protection." The letter instructed him to notify the senders by newspaper advertisement whether he would meet the demand.

The banker notified authorities and inserted the advertisement. He received another letter instructing him to have an agent with the money in front of a theatre here at 9:30 o'clock last night. The representative was to be recognized by a package containing the money and a newspaper, both held under arm.

Detectives and federal officials posted themselves at the spot where one of their number would act as the representative. They said Whitman and Finkel drove past slowly in an automobile and presently a 12-year-old boy, Nicholas Patz, who approached the "agent" and asked for the package, said "two men in an automobile" had paid him 50 cents to get it.

The boy took the package, authorities said, and handed it to the youths. They were captured as they started to speed away.

Negro Is Given Death Sentence

Gastonia, June 9.—(AP)—Found guilty of first degree murder for the slaying of Harold Carter, young filling station operator, in a hold-up, Alex Grier, negro, was sentenced to die in the electric chair July 28.

Clyde Smith, accused by Grier in a confession with being the actual slayer, was found guilty of second degree murder and sentenced to 30 years in state's prison.

Both prisoners were taken to Raleigh immediately. Carter was beaten to death in his filling station, which was robbed of slightly more than three dollars.

NOTICE OF SALE Under and by virtue of that certain order entered this date by J. F. Harrington, Clerk of the Superior Court of Pitt County in Special Proceeding Number 3242, entitled Mrs. Sudie Belle Hodges, Admrx., on the Estate of R. H. Hodges, deceased, et al., vs. J. T.

Hodges, N. O. Hodges et al., upon the Special Proceeding Docket of Pitt County, the undersigned Commissioner will on

Monday, June 20, 1932 at 12 o'clock Noon

Get ahead— stay ahead of the weevil

THAT is the whole story this year. Either you get ahead of the weevil or he will get ahead of you. Fields are full of weevils this year, according to reports. If they find squares, there won't be much cotton at picking time.

Cotton squares are the weevils' favorite food! Therefore don't give them any squares to eat in your field. Set your crop before they are ready. A side-dressing of 100 pounds per acre (200 pounds would be much better) of Chilean Nitrate will do it. There is nothing like Chilean to pick up a crop of cotton and hurry it right past the weevil.

What else can you do that is so easy, so cheap, so safe and so sure?

Side-dress—100 pounds Chilean Nitrate per acre—right after chipping.

See your dealer now and impress on him you want Chilean "Natural" Nitrate. He is anxious to get you just what you want.

Cincinnati Drops Contest to New York Giants, Score 9-2

CUBS TAKE 7-5 GAME BROOKLYN

By GALE TALBOT
Associated Press Sports Writer
The Cincinnati bubble, one of the prettiest of the spring crop, appears to have exploded in Manager Dan Howley's lap.

Seven straight defeats have removed the Reds from the first division and dropped them into seventh place.

Chick Hafey's illness, which has deprived the club of its cleanup hitter, and Pitter St. Johnson's inability to take his regular turn have contributed to the Red's rapid tumble.

They committed four errors in the first four innings yesterday to lose their second to Bill Terry's revived New York Giants, 9 to 2. All the Giant's runs were unearned.

The see-saw scrap for the league leadership saw the Chicago Cubs bounce up again by defeating the Brooklyn Dodgers, 7 to 5, in 14 innings while Boston was taking a 15-3 beating from the St. Louis Cardinals.

Charlie Root, relief pitcher for the Cubs, held Brooklyn to one hit for the last six innings of their struggle and finally was rewarded in the 14th when Gabby Hartnett tripped and Bill Jurgens doubled to drive across the winning runs.

The Cardinals pounded four Boston pitchers for 20 hits in scoring their fifth straight victory.

The Phillies took a free-scoring affair from Pittsburgh, 11 to 10. Dave Barbee provided three Pirate runs with a homerun in the ninth.

The two eminent southpaws, Connie Gomez and Bob Grove, continue to burn up the American League in their battle for individual pitching supremacy.

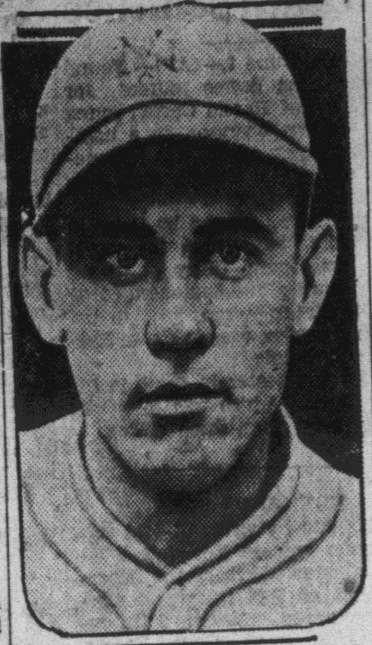

Gomez won his tenth victory in eleven games as the Yankees took a close one from Detroit, 5 to 4. Grove scored his eleventh victory of the year and his tenth in succession in beating Cleveland 3 to 1.

Grove gave the A's their winning run with a homer in the eighth. Babe Ruth and Lou Gehrig knocked in all five Yankee runs, each hitting a homerun and a single.

The day's most timely blow was delivered by Charlie Berry of the Chicago White Sox. Two were out in the ninth inning and the bases filled when he tripped to center and thereby defeated Washington.

Goose Goslin delivered a homerun, a triple and single and drove in four runs as the St. Louis Browns crushed Boston, 11 to 4.

McGraw's Successor

Bill Terry (above), hard hitting New York Giants first baseman, succeeds John McGraw as manager of the Giants. Illness forced McGraw to quit the game.

TWINS FALL BEFORE PATS 15-2 COUNT

Charlotte, June 9.—(AP)—The Piedmont League pennant race, with less than a month of the first half to go, today remained tied in a knot, with early week changes of important standing changes having gone by the board.

Winston-Salem, although stopped 15 to 2 by the Greensboro Patriots yesterday, still remained the class of the loop, with the Pats, who went into second place when Asheville divided a double bill with High Point, three games behind.

But other positions were less secure. In fact, they were anything but secure. Wilmington, in thing but secure. Wilmington, in thing but secure. Wilmington, in thing but secure.

High Point, batting more than 300 for the season now, and showing no sign of letup in the club's mendous base hit spree the club started more than a week ago, bids fair to set some kind of new record.

The Pointers got 32 hits out of 84 times at bat, in a double header yesterday, bringing their average for the week to .384. In the first game with Asheville, which they won 13-5, they got 21.

Big Tom Wolfe, of Durham, hit in his 20th consecutive game, contributing a double and a triple, but the Bulls lost 2-8 when Walsh and Lambert allowed Raleigh 15 hits.

Mike Meola, who has been and "up and down" worker this season, has been shipped home under suspension by the Charlotte Hornets because an ailing arm made him useless for mound duty.

A GOOD CLEANSING LAXATIVE

"For fully 30 years I have, by using it, known Black-Draught to be a great medicine," says Mr. A. L. Cone, of Perkinston, Miss. "I found it so satisfactory, I haven't seen any need to change. When I get constipated, I feel all out of sorts, and tired and sluggish. I take a few doses of Black-Draught. It regulates my bowels and I get all right. It will cleanse the system and help you, if you use it as we have.

Try this purely vegetable laxative medicine which so many men and women praise and recommend.
