DEMOCRATIC CONVENTION FACED BY WET REVOLT

Britain Turns Thumbs Down On Hoover Arms Proposal Roosevelt Forces Call Off Fight On Rules Change

Movement for Repeal of Eighteenth Amendment Gains Surprising Force

SMITH FAVORS REPEAL PLANK

Drive Launched By Senator Walsh Following Conference with Wet Leaders; Twenty States And Territories Reported Behind Movement; Believed within Dozen Votes of Majority for Nomination.

Chicago, June 28.—(AP)—Bringing into the open the first of the disputes which have threatened the dominance of Franklin D. Roosevelt, the Democratic convention was swept by an outpouring of fervent oratory today as it moved on from the opening formalities to grapple with the problems of credentials contests and election of a permanent chairman.

Backing Senator Thomas J. Walsh of Montana for the chairmanship, and the delegates of Huey P. Long of Louisiana and Einar Holdale of Minnesota in their contests for a place among the convention membership, the Roosevelt managers sent a succession of speakers to the platform and a numerous group of workers among the delegates to work for the solidarity of the Roosevelt lines.

The opposition fought stubbornly, but there was some evidence that the Rooseveltians were gaining ground.

Several wavering southern delegations seemed to be steadying and Missouri, pledged to James A. Reed for president and counted heretofore for J. P. Morgan for chairman, gave a caucus majority to Walsh.

Chicago, June 28.—(AP)—A wet revolt of proportions surprising even its organizers was moving on the Democratic convention today demanding repeal of the eighteenth amendment and immediate modification of the Volstead act.

This platform plank was proposed by Alfred E. Smith and the drive was launched by Senator Walsh, of Massachusetts; after a conference of the wet forces Senator Walsh conceded to his own astonishment in announcing that a preliminary estimate showed 20 states and territories behind the proposal, with a total vote of 666.

This is within a dozen votes of the majority necessary for adoption of a platform plank expressing the party in favor of repeal. However, the total is a hurried estimate and presidential-minded delegates have not been polled.

Southern and western forces were rallying behind the neutral repeal submission plank which the resolutions committee is preparing to report out tonight. It is the plank advanced by the Roosevelt leaders.

The advocates of Governor Roosevelt of New York for the presidential nomination pulled a surprise last night in the rules committee in reporting a proposal to have the platform considered by the convention after the nomination of the president. It is a new plan and what effect it will have on the impending prohibition battle is problematical.

WOMAN'S PAST LIFE ATTACKED

Defense Counsel Assails Record of Myrtle St. Pierre in Alienation Suit.

Los Angeles, June 28.—(AP)—The "past life" of Myrtle Joan St. Pierre was the object of an attack by defense counsel today in her suit for \$200,000 for alleged breach of promise against David Hutton, choir singer and husband of Almee Semple McPherson, evangelist.

Defense attorneys said Hutton probably would take the witness stand. His appearance will follow (Continued on Page Four)

Lindbergh Tells Of Long Trips With John Curtis

(AP)—Col. Charles A. Lindbergh testified today that the activities of John Hughes Curtis had impeded both his own and police efforts to trace the kidnap-murderers of the Lindbergh baby.

Col. Lindbergh completed his direct testimony at the morning session of Curtis' trial for hindering capture of the criminals.

Pleads For Bonus

Harold B. Folkrod, representative of the bonus expeditionary force, made a plea for cash bonus payments before the democratic platform committee.

GOVERNMENT SEEKS MORE NAVAL SHIPS

Cabinet of Opinion that a Plan Permitting Fewer Larger Vessels and More Smaller Ones Would Suit Empire Better.

London, June 28.—(AP)—The British cabinet was understood today to have turned down more or less diplomatic thumbs on President Hoover's disarmament proposals.

After a discussion of the Hoover plan for more than two hours last night the ministers were reported to have agreed the plan did not provide for enough naval vessels for the needs of the empire.

Sir John Simon, foreign secretary, and Sir Herbert Samuel, who remained here for the conference last night, prepared today to return to Geneva to report on the conference to Prime Minister Ramsay MacDonald. No formal announcement (Continued on Page Three)

RITCHIE BOOM HITS CHICAGO

Attempt Made Whip Strength of Alfred E. Smith Behind The Maryland Governor.

Chicago, June 28.—(AP)—With all the enemies of Franklin D. Roosevelt pooled undivided energy today in the struggle to pull him down, talk began of combinations to lift one or two rival candidates out of the ruck.

Discussions, with no actual results visible, were undertaken last night over the possibility of linking Tammany's votes, those of New Jersey and other Alfred E. Smith states behind Governor Ritchie of Maryland. The idea was that John F. Curry, Tammany leader, although still maintaining neutrality, was becoming doubtful of Roosevelt's victory chances, and was therefore receptive to plans for another candidate.

N. C. Democrats Parade With 'Wets' At Chicago

Chicago, June 28.—(AP)—North Carolina Democrats at the national convention were on record today as paraders in a wet demonstration on the convention floor.

Whether the Tar Heels would vote for a repeal plank in the platform was not known, but when other delegations cheered wet talk in the convention and started a jubilant procession, the Tar Heels fell in line. Not all of them, however, took part.

There was a little bickering among the delegation when the parade was not known, but when other (Continued on Page Three)

Speaker of House In 1931 Charges Gubernatorial Candidate with Big Machine.

Whiteville, N. C., June 28.—(AP)—Willis Smith of Raleigh, Speaker of the House in the 1931 General Assembly, charged in a political speech here today that R. T. Fountain of Rocky Mount, who is seeking the Democratic gubernatorial nomination, "has been constructing a mighty machine in many parts of North Carolina by way of patronage at the expense of the state."

Smith spoke advocating the nomination in Saturday's run-off primary of John C. B. Ehringhaus of Elizabeth City, who led Fountain in the first primary by 47,000 votes. (Continued on Page Four)

Roosevelt Denies Taking Part In New Rules Plan

Albany, June 28.—(AP)—Governor Franklin D. Roosevelt said today he had no part whatever in the adoption by the rules committee of the Democratic national convention in Chicago last night of a resolution that would do away with the two-third nomination rule after the sixth ballot.

"I've only read about it in the newspapers," he said as he arrived at his office in the capitol shortly after 11 o'clock. "I haven't talked to Roosevelt yet—I imagine they're still sleeping."

"I had absolutely no hand in the formation of that rule," he added. "I thought Jim Farley gave out a statement on that in Chicago last night. The last I heard from Jim he was going to."

No direct reference was made at this morning's press conference to the telegram Roosevelt sent Farley yesterday directing that the fight against the two-thirds rule be dropped.

Abandon All Plans For Forcing Abrogation Of Hundred-Year-Old Rule

PUSH DRIVES FOR PRIMARY

Candidates in Run-Off Race Saturday Carry Artillery Into Enemy Territory.

Raleigh, June 28.—(AP)—The quartet of candidates fighting for the senatorial and gubernatorial nominations in Saturday's Democratic run-off primary today continued intensive drives in "enemy" territory.

While the candidates busied themselves in swinging through territory which went against them in the first primary, June 4, Attorney General Dennis C. Brummitt still had under consideration the findings of an investigation of alleged illegal voting in Surry county. Brummitt held a two-day investigation at Dobson last week and a number of irregularities were uncovered.

TWO-THIRDS PLAN HOLDS

The Convention Rules Committee Votes To Retain Old Plan Of Nominating Candidate During Present Session; Recommend Adoption of Platform Before Nomination of Candidates; Would Abolish Two-Thirds Rule Next Time.

Chicago, June 28.—(AP)—Roosevelt leaders called off all proposals for any change in the two-thirds nominating rule today as the report from the rules committee is pending.

A new meeting of the rules committee was ordered by Chairman Kremer after James A. Farley, spokesman for Governor Roosevelt of New York made a surprise appearance before the committee this morning and announced he favored retention of the two-thirds rule throughout the convention.

The majority of the committee which last night voted for a special rule permitting abrogation of the two-thirds precedent by a majority vote after six ballots, withdrew from the committee and went into conference with Farley.

Later Kremer who is supporting the special rule calling for amendment of the two-thirds requirement if six ballots fail to nominate, returned to the committee room where the minority members were assembled and announced that a special meeting of the committee would be held on the convention floor later today.

"This new meeting will be held," explained Kremer, "with a view to getting a report acceptable to the minority."

Leaders of the minority, headed by Daniel F. Cohalen, of New York, leader of the minority, halted the move as a "complete surrender."

The anti-Rooseveltians had agreed earlier to take to the convention floor a report calling for adoption of a resolution frowning upon use of the rule at future conventions.

Chicago Stadium, June 28.—(AP)—The rules of the last Democratic convention requiring a two-thirds majority for nomination of a presidential candidate were adopted by the rules committee today after the compromise was cast aside.

Completely reversing the position it took yesterday, the committee also decided to recommend the convention adopt its platform before nominating candidates for president and vice-president.

The committee opened the way for adoption by the next convention of a plan for abolition of the century-old two-thirds rule. It recommended the 1936 convention abrogate the rule, but specifically stipulated that it would not be bound by the recommendation.

A recommendation that the speeches placing candidates in nomination be limited to 30 minutes and that speaking time be no longer than five minutes was also approved. The committee also advised the convention to limit the time allotted to any delegate to 20 minutes.

Chicago Stadium, June 28.—(AP)—Senator Huey Long's Roosevelt-backed Louisiana delegation was voted admission to the Democratic National Convention today.

ABOUT TOWN

The long expected fight over the
 two-thirds rule didn't last as long
 as some anticipated, but now it has
 been abandoned maybe Democrats
 at Chicago will be able to get down
 to the serious business of nominat-
 ing a presidential candidate, decid-
 ing on a prohibition plank and
 then go home to await the real
 battle—the November election.

In calling off the movement to
 abrogate the hundred year old
 party rule, Governor Roosevelt said
 he did so with best interest of the
 party in view. He deplored the
 idea of internal party strife at a
 time when the ability of every
 Democrat is needed in the fight to
 wrest the government from the
 hands of the Republican party.

It was an eloquent plea for har-
 mony and one every member of the
 party should consider and abide
 by if he would succeed in doing
 away with animosities which would
 retard future progress.

This convention is a very impor-
 tant affair and it delegates would
 only consider it as such and for-
 get everything else but the fact
 that they are Democrats working
 in behalf of the same cause it is
 believable they would emerge with
 the crown of victory on their brow
 next November.

Alben Barclay of Kentucky, the
 Democratic keynoter, holds the Re-
 publican party responsible for in-
 flation of stocks in this country,
 and also blames them for causing
 the economic crisis through high
 tariff walls.

He intimated that the adminis-
 tration for the last several years
 had done nothing to halt the fix-
 ing of fictitious values on stocks
 until it was confronted with a con-
 dition that virtually paralyzed the
 financial fabric of the nation when
 the bottom dropped out several
 months ago.

He believes that the Democrats
 through lower tariff would be able
 to restore some of the prosper-
 ity lost by the Republicans and
 would not allow a recurrence of
 stock market disasters such as that
 which paralyzed the imagination of
 the most astute of financiers.

One thing is certain and that is
 the Democrats would be more care-
 ful about the way they spend gov-
 ernment money. Instead of devot-
 ing staggering sums to big business
 they would make an effort to re-
 lieve the distressed little man.

They believe by starting at the bot-
 tom they would be able to build
 up to a new era of prosperity, and
 think that beginning at the bot-
 tom like the Republicans is en-
 tirely impracticable and foolhardy.

Conflicting claims come from
 the camps of the various candi-
 dates to be voted upon in the sec-
 ond primary Saturday, but it is
 impossible to do more than specu-
 late upon who will be elected at
 this early date.

Morrison and Reynolds claim
 they are going to win from the
 Senate, and Ehringhaus and Foun-
 tain apparently feel confident of
 coming out with colts flying. In
 Pitt county, John Holmes and Jack
 Edwards feel sure they are going
 to capture the seat in the House
 of Representatives which Holmes
 has occupied the last two terms.

Gambler's Throw
 By EUSTACE L. ADAMS

Synopsis: "Marry me," Jerry Cahoun tells Nancy Wentworth when she says that Lamby Ashwood, the gangster who is keeping her and four men on an island for ransom, has threatened to make her become his wife. Jerry, Emory Battles and Stevens have been captured while trying to rescue the prisoners.

Chapter 26
A THOUSAND DEVILS
 The three stared at Jerry as though he had lost his mind. He sifted loose sand through his fingers not looking up.

"Of course," he continued slowly, "you understand that the marriage would be in name only. If we ever get back to civilization we could all work together and have it quietly annulled. Steve and Emory would be witnesses to prove that it had been done as the lesser of two evils.

A thousand devils were grinning from Emory's dancing eyes as he glanced from the sober - faced, flushed Nancy to the embarrassed Jerry.

"Fine scheme, if you ask me," Stevens said hastily. "You probably won't have to worry about a divorce, or an annulment, either, because if you aren't a widow by the time you leave here, it won't be Jerry's fault. He's more anxious to go and get himself killed than any feller I ever saw—unless it's his addle-headed running mate, here."

Jerry's ears burned as he saw the girl survey him thoughtfully. He had never been much of a ladies' man. But he did feel foolish, somehow. Talking about even this kind of a marriage as though they were discussing a missing engine or a spavined horse.

A small hand suddenly rested upon his knee. He looked up to see Nancy smiling at him through tear-washed eyes.

"You are a dear boy, Jerry, and I trust you," she said, simply. "I'll leave all the details to you three."

She rose and walked rapidly toward the house. Emory broke into a chuckle. Jerry glared at him.

"What are you laughing at, you sap? I've got a good mind to poke you in the nose!"

"I'm laughing out of pure relief," gasped Emory. "That I wasn't the fair-haired laddie who thought of that wonderful scheme! Oh boy! Our little Jerry, restless wanderer of the air trails married!"

"Shut up!" growled Jerry morosely. "Didn't you hear the conversation?"

"Sure, I heard it," Emory's grin was maddening.

"Didn't you hear me say that the marriage would be in name only?"

"Sure, oh sure, we heard it, didn't we, Steve?"

The detective's eyes were twinkling, but his face was impassive.

"Well, then don't be an ass!" muttered Jerry.

PATS TRIM POINTERS BY 5-3 MARGIN

Charlotte, June 28.—(AP)—The Greensboro Patriots were at High Point again today on their climb toward the top of the Piedmont league which had already placed them in second place.

Good fielding and ten hits when hits counted gave the Pats a 5 to 3 victory over the High Point Pointers last night.

The Tourists, however, were showing no weakness in Durham. The Asheville nine, after trailing behind for six innings last night, took advantage of the Bull pitcher's weakness in the seventh and eighth innings and grabbed victory from the Durham team.

The Raleigh Capitals lost their place just under the rooftop when Bud Shaney of the Charlotte Hornets proved himself master of the three hurlers the Caps used. Shaney let the Raleigh batsmen take twelve safeties, but kept them well enough separated to save his game.

The Winston-Salem detegation's long streak of losses was broken last night when the Twins bested the Wilmington Pirates in a close game, 3 to 2.

Another park disturbance was narrowly averted when a pop bottle was hurled from the Winston-Salem bleachers. Wilmington's receiver, Galvin, was ordered off the field when he had a dispute with Allen, of the Twins, at the plate. Brittain, relief catcher, was called to the field, and as he approached he caught a bottle flying from the bleachers toward Galvin. He sent the bottle straight back where it came from and quick work by policemen prevented further hostilities.

Club owners and fans alike took some consolation today from a statement made last night by Judge Bramham, that the close race for the pennant, participated in by so many teams, would mean the certain financial success of the league.

Judge Bramham also said he had instructed club owners and umpires to speed up the games all they could in order to hold the interest of the spectators.

Stevens evolves a plan to trick Ashwood, in the next instalment, but it threatens to lead to pitched battle.

Arested On Assault Charge

BILIOUSNESS CLEARED UP

BILIOUSNESS may show itself by a coated tongue, bad breath, headache, spots before the eyes, dizziness, poor appetite, "dopiness," but prompt relief may be expected from taking Thedford's Black-Draught.

"When I got bilious, I had a bad taste in my mouth, and then severe headaches that put me to bed," writes Mrs. Anna Copeland, Anderson, S. C. "I found Black-Draught relieved this. I felt better after taking it. Black-Draught is a good medicine."

It would not have been used so long, or by so many, if it wasn't really good. Get a 25-cent package at the drug store, and try it.

Swimming Pool Being Refilled

Westbrook swimming pool was being cleaned and refilled today and the shallow water afforded a splendid opportunity for the kiddies to enjoy themselves.

The pool will be filled by tomorrow and everybody will have a chance to enjoy this fine diversion.

The pool opened last Saturday afternoon and since that time hundreds have taken a plunge in the recreation center provided by a group of Greenville business men in an effort to throw a safeguard around children while swimming.

First Cotton Blossoms Here

The first cotton blossoms of the season were brought to the Reflector this morning by E. F. Duke, manager of R. E. Hris & Company.

The blossoms were taken from several acres of the staple, all of which is either in bloom or preparing to put forth delicate blossoms.

Mr. Duke said the entire acreage is planted in the Mexican variety, the seed being obtained from State College about three years ago. He said the crop was in excellent condition and gave forth promise of splendid yield.

The second blossom was brought to the office later in the day by R. E. Corbett, for Mrs. Watson, tenant on the farm of Mrs. R. E. Harris, ten miles from Greenville. Mr. Corbett said the crop was in healthy condition and presaged heavy fruitage.

Bomber Goes On Wild Goose Chase

Norfolk, Va., June 28.—(AP)—It was a wild goose chase after all.

Five men in a big navy bomber set out yesterday to fly to the rescue of wild geese reported as dying of starvation in the back bay and Currituck Sound sections of Virginia and North Carolina. Once the fowl were located, they were to be supplied with food to strengthen them sufficiently to continue their migration toward Canada.

"We didn't see a goose or a duck, either flying or on marshes," H. A. Renner, secretary of the Norfolk chapter of the Isaac Walton League and a member of the party, reported on their return. He opined that the birds found enough food somewhere to continue their journey in spite of adverse reports.

Old Episcopal Church Bldg. Is Being Razed

Work of razing the old Episcopal Church building on Pitt street was under way today and was expected to be completed the latter part of the week.

The building was abandoned by the congregation of St. Paul's Episcopal Church about two years ago following completion of the handsome new structure just above the ravine on Fourth street.

The structure was erected in 1888 and was the oldest place of worship in the city. Members of the congregation decided some time ago that the building must go because of complaints of residents of the neighborhood that it might fall down and endanger the lives of passersby.

Bricks and other materials will be salvaged to pay the cost of demolition, it was said, but no arrangements have been made for disposition of the lot, although it will be held for sale.

Tender memories are associated with the old structure which is giving away to the march of progress, because it was here that some of the most constructive work of the congregation was done, though the lack of accommodations for the increased membership had been felt some time before inception of plans for the new building, considered one of the most handsome in this part of the state.

MEDAL GOLF CONTEST SET WEDNESDAY

Greenville golfers were making preparations today to go to Wilson tomorrow to participate in the annual medal tournament of the Carolina Golf Association.

This is the outstanding golf event of the year in this part of the state and scores of players were expected to be in attendance to offer competition for the various prizes to be offered winners and runners-up.

The tournament will consist of three flights. The first will be for those scoring under 79, the second 80, and the third, a free for all, for those scoring over 89.

It was said that there might be some team play but plans had not been completely worked out today.

Prizes will be presented to winners and runners-up, and there will be a chance for all participants because each will be placed in his class.

The tournament is for men only, and no women will participate as in other tournaments staged under auspices of the association during the year.

No entrance fee will be charged it was stated, and all are urged to attend and compete for honors in what is generally considered as the biggest link event of the season.

PUSH DRIVES FOR PRIMARY

(Continued From Page One)

Hill, state manager for Robert R. Reynolds in his fight for the senatorial nomination, awaited a reply to a letter he addressed yesterday to Secretary of State James A. Hartness, in which he questioned the legality of the expense statement filed by Senator Cameron Morrison on his primary payments.

At the secretary of state's office it was said the letter would probably be answered late today. The communication, Hill announced, asked for a ruling by Attorney General Brummitt on the matter of itemizing expenditures. Morrison's preliminary statement for the second primary showed he had made only two payments of \$3,000 and \$2,500 both to Col. Don Scott, his state manager.

Yesterday, for the first time since the June 4 primary, all four candidates in the gubernatorial and senatorial races were on the stump the same day, and today or tonight all had engagements.

Senator Morrison, who last night at Raeford, declared he was "willing to die politically" for the cause of prohibition, was in Raleigh today and had visits scheduled for Lenoir and Franklinton before he speaks in Henderson tonight.

Reynolds was "doing work" in Burks and Catawba counties and tonight will speak in Morganton as he carries on his fight against prohibition.

NEW ARREST IN MEANS HOAX

(Continued From Page One)

Police said Whitaker is wanted in Washington, D. C. on a charge of conspiracy and grand larceny.

Gaston B. Means, native of North Carolina and a former government operative, was convicted of obtaining \$104,000 from Mrs. Edward McLean, of Washington, by misrepresentation that he could reach the kidnapers. June 15 he was sentenced to 15 years imprisonment for his hoax.

Whitaker is 42 years old and recently has been living at 17 Lake Street, Brooklyn. He was arrested in the vicinity of that address by detectives of the alien squad.

Police charged that Whitaker was Mean's confederate in the hoax.

EHRRINGHAUS HERE TONIGHT

(Continued From Page One)

Eastern campaign forces of the Elizabeth City man met here Saturday two weeks ago and outlined plans for the second campaign and it was at that time he decided to fill his final speaking engagement in Greenville. He will, however, appear in the central and western parts of the state after visiting Greenville.

Although no organization units have been established in all parts of the county, Mr. Lanier stated today he believed Mr. Ehringhaus would receive a larger vote in this part of the state than was accorded him in the first primary. Although he ran far ahead of Fountain in the three-cornered first race, he did not obtain a sufficient vote to assure nomination.

The public was given a cordial invitation to attend the speaking tonight and hear Mr. Ehringhaus discuss issues which have been on thousands of tongues for months. He is a forceful speaker and was expected to make a powerful appeal in behalf of his cause.

GOVERNMENT SEEKS MORE NAVAL SHIPS

(Continued From Page One)

The cabinet was reported to have been of the opinion that a plan which permitted fewer larger ships and more small ones would save just as much money and suit Britain better.

The dominions would have to be consulted Sir John said, before any formal decision could be announced. Stanley Baldwin, Conservative leader, who acted as president of the cabinet in Mr. MacDonald's absence, told the House of Commons there were many other counter-proposals at Geneva which the British would have to consider as well as the Hoover plan.

He added that the conference itself might have to adjourn.

Lausanne, Switzerland, June 28.—(AP)—Prime Minister Ramsay MacDonald called in the French and Germans today and told them that if the reparations conference is to get anywhere they will have to bury the hatchet.

He was making a determined effort to prevent the conference from breaking up without accomplishing anything. That danger was threatened yesterday when Chancellor Von Papen of Germany told Premier Herriot of France that his country insisted upon cancellation of reparations.

That brought the two right back where they started, for the French premier cannot retreat from the stand that France will not permit cancellation until she is assured of adequate compensation for the money she would lose if the German payments stopped.

LINDBERGH TELLS OF LONG TRIPS WITH JOHN CURTIS

(Continued From Page One)

And then he testified that Curtis told him the kidnapers had disclosed to him that a member of the flier's own household was implicated.

Curtis' story of the kidnaping, as he told Lindbergh he learned

from the kidnapers, was as follows according to Lindbergh's testimony today:

The kidnaping was staged by two men, John and another known as Eric or Nils, who came from Newark. After conferring with the unnamed member of the Lindbergh household they chloroformed the baby, taking him from the house through the pantry door downstairs. A green sedan was parked a few hundred yards from the house and the baby was taken away in that, under care of a nurse called the kidnapers drove, to Cape Cod. With the baby lying in an improvised cradle in the May, N. J., where they boarded the schooner.

Lindbergh said Curtis told him that Gretchen wrote all the ransom notes.

All during Lindbergh's testimony Curtis sat at the defense table, his head held high, listening intently.

Shortly before he put out on the boat Cachalot on May 9 in a new effort to contact the kidnapers, Lindbergh continued, Curtis told him of meeting "Hilda," one of the alleged kidnap band, in a New York railroad station.

"I feel I know too much for my own good about the people I'm dealing with," Colonel Lindbergh quoted Curtis as telling him on that occasion.

Colonel Lindbergh said that on numerous occasions when Curtis told him of contacts with the kidnapers and instructions they gave him, both Edmund Bruce of Elmira, N. Y., and Lieut. George Richards, U. S. N., were present.

Bruce is an old friend of Curtis who drove him about on his reputed contact trips. Richards is a navy flier who piloted Curtis on many of his journeys. Both are expected to be called as state witnesses.

nomination rule. They decided this by a vote of 41 to 8 yesterday shortly before Governor Roosevelt of New York instructed his leaders here to stop their drive for abrogation.

Josephus Daniels who urged the Tar Heels to support their candidate by voting to change the rule had the backing of Lee Robinson of Anson county. Senator Josiah W. Bailey and Congressman Lindsay Warren vigorously opposed it.

Speaking through long distance telephone, with an amplifier attached at this end, Roosevelt made a personal appeal to the North Carolinians to be "loyal Democrats" but he delegation refused to support the move to change the rule.

Bailey Free On Killing Charge

Sylva, June 28.—(AP)—Ray Bailey, 22, of Yancey county, was free today, South Carolina officers having failed to produce enough evidence to take him to Greenville on a charge of slaying A. B. Hunt, Greenville motorcycle policeman.

Judge Walter E. Moore, in Superior court, granted habeas corpus proceedings brought by attorneys for Bailey yesterday, ruling that Bailey was not a fugitive from justice from South Carolina. He ordered that Bailey be discharged from custody.

South Carolina attorneys said they would take the case to the North Carolina Supreme court for review and ask for a writ of certiorari.

Attorneys for Bailey produced an affidavit signed by him and swearing that he was elsewhere at the time the Greenville officer was killed.

Durham, June 28.—(AP)—Dr. Mike Roberson, of Durham, was free under \$2,000 bond today under indictment charging performing an illegal operation upon a young woman. R. M. Jackson, Jr., was also free under \$1,000 bond as a material witness. He told police yesterday that Dr. Roberson had told him to take Miss Daphne Cann, Raleigh stenographer, upon whom the doctor is alleged to have committed the abortion, to a home in Raleigh. Jackson said he had paid Dr. Roberson \$50 to perform the operation. The charge against the physician was made after Raleigh police raided the home in Raleigh of Mrs. C. C. Forsyth where Miss Cann was staying after the alleged operation.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL And You'll Jump Out of Bed in the Morning

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of bile flowing freely and makes you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills on the red label. Be sure a substitute. 25c at all stores. © 1931 C. M. Co.

A resolution committee consisting of Congressmen Conroy of Massachusetts, Rankin of Mississippi, Patman of Texas and the Rev. We favor allowances to widows and orphans of world war veterans and the immediate payment in full in cash of the adjusted service certificates."

WOMAN'S PAST LIFE ATTACKED

(Continued from page one) the testimony of witnesses who, Hutton's attorneys said, will reveal that the 30-year-old twice married attractive nurse entertained men at her home prior to and subsequent to her alleged romance with the baritone. Miss St. Pierre, in cross-examination of her story of alleged betrayal by Hutton prior to his marriage to the evangelist, denied having told a woman friend Hutton was "a pud" that she had "no use for him." The statement was in response to the defense query seeking to determine if it was not Miss St. Pierre who had broken the alleged romance.

He requested that he be given the same kind of support which had marked the administration the past year and expressed belief they would be able to carry on to a new plane of achievement. Committee members who failed to complete their reports at the previous meeting were permitted to do so last night, and their statements added to the character of service rendered by the various bodies during the past year. In addition to the installation of the new officers, the club enjoyed the usual supper and heard several song numbers under direction of John Clark, club song leader.

RITCHIE BOOM HITS CHICAGO

(Continued From Page One) However, in delegate conversations it is assumed to be certain that if Roosevelt forces fail to win they will at least pull down any candidate picked by Smith. The theory, or rather the gossip, is that then the Smith delegations would swing to the generally unopposed Newton D. Baker who, except for his vigorous objection to the Roosevelt plan for majority rule nomination, has kept fairly well out of the convention picture so far. Apparently there is no intention to do any coalescing until the Roosevelt strength has been tried out in repeated ballots. If the convention passes the third ballot mark, the hunt for another candidate with a chance to win is expected to become active.

SMITH RAFS R. T. FOUNTAIN

(Continued From Page One) Fountaine, he said, has complained vigorously that a "machine" was being used to defeat him. "Though Fountaine talks about the machine of the state administration," Smith said, "his mighty machine rolled up a majority vote for him in Wake county, where there are more state employes than in any other county of the state." "Fountaine and his friends have sung a hymn of hate throughout North Carolina that if taken at face value by the people of the state at large would forever damn the Democratic party in the eyes of loyal North Carolinians," Smith asserted, adding that he believed the people of the state would rise in "righteous resentment" against such accusations Saturday and would support Ehringhaus.

Defers Hearing Petition For A Ballot Recount

Elizabeth City, June 28.—(AP)—Judge F. A. Daniels will hear later the petition of Sheriff W. M. Forbes, of Camden county, for a recount of ballots in the June 4 primary. Judge Daniels yesterday denied a petition for writ of mandamus for the recount because of irregular procedure in filing the petition. He said the denial, however, was

without prejudice to the petitioner. Sheriff Forbes, who was defeated by four votes by Jake Forbes, claimed that the registration list did not number as many votes as were recorded for both candidates.

ANNOUNCEMENT! I hereby announce my candidacy for membership in the House of Representatives from Pitt County, subject to the action of the Democratic Primary to be held July 2nd. I believe the first and most important function of Democratic Government is the education of its youth. The state should pay the entire expense of the six month's school term WITHOUT ANY TAX ON LAND. I am opposed to spending more for any kind of Governmental service than the people are able to pay and then issuing bonds to pay deficits, as we have sometimes done in the past. There should be no bond issue without a vote of the people, except for refunding bonds already outstanding. I favor re-valuation of land and all real estate at its true value. I stand for strict, though sound economy in all departments of our Government. Your vote and support will be greatly appreciated. J. W. HOLMES
