Report Of Investigation Of N. Y. Stock Exchange Draws Public Interest

TRY TO HALT SHORT SELLING

Report Stimulated by Appearance on The Floor of the Exchange of a Leading Short Seller Who Had Been Inactive Until Yesterday; Officials of Exchange Silent, but Wish To Guard Against Bear Raids.

New York, Aug. 13.—(AP)—Widespread interest was shown in Wall Street today in reports that the New York Stock Exchange was inquiring into the course of selling orders which flooded the stock market on Friday and early today.

Officials of the exchange had no comment to make, but it was learned that its officers were particularly eager to guard against the possibility of an outbreak of excessive short selling. Under present regulations, it was stated, bear raiding is now virtually impossible, because in order to make a short speculator must make their sales at the last prices at which stocks were quoted.

It was also indicated that no new steps were taken by the exchange, because in its opinion the present regulations are sufficiently binding to furnish it with complete daily information on this subject. Nevertheless, the report gained wide circulation and was stimulated possibly by the appearance yesterday on the floor of the exchange of a leading short seller who until recently had been less active than usual.

Valdese Youth Is Set Free On Murder Charge

Morganton, N. C., Aug. 13.—(AP)—"Not guilty" was the official entry in the records today against the name of Alvin Eller, young Valdese man, who was charged with participating in the robbery and slaying of Gus Bonouns, Valdese grocer, in February.

A jury acquitted Eller last night after deliberating five hours. He was placed on trial on two charges, one of the murder, and the other of being an accessory before the fact.

Eller denied any part in the crime and the jury apparently took his word for it, although an alleged confession on which he purported to name Dwight Beard, Lenoir youth, as the actual slayer, was offered in evidence. In this confession Eller was said to have related that Beard paid him \$600 to keep silent about the affair.

Eller was arrested in California. Beard is still at large.

Auto Builder Drowns, Ontario

Chatham, Ont., Aug. 13.—(AP)—Roy A. Graham, 45, secretary-treasurer of the Graham-Paise Motor Company of Detroit, was drowned today in McGregor's Creek.

Police said witnesses told them that Mr. Graham had returned to his hotel after attending a church service, remaining there only a few minutes before he ran out and jumped into the creek.

The body was recovered twenty minutes later but efforts to revive him failed.

Graham was the youngest of the three Graham brothers who in 1927 acquired the Paige-Detroit Motor Car Corporation. He was credited with being the mechanical genius whose inventive faculties were responsible for first putting the three brothers, Joseph B., Robert C., and himself, in the motor truck business.

WOMAN FATALLY WOUNDED BY HUSBAND

Greensboro, N. C., Aug. 13.—(AP)—Mrs. Thomas Ramsey, of Rockingham County, was fatally wounded by her husband yesterday as the couple chafed a weasel near their home.

Ramsey was intent on shooting the animal when the gun he was carrying discharged. A coroner's jury termed the death accidental.

Inspired Revolt?

Political observers expressed the belief that the object of the monarchist revolt against the Spanish Republic was to enthronize Prince Juan Carlos (above), Alfonso's third son, who is now a cadet in the British navy. (Associated Press Photo)

COAL HEARING IS CONCLUDED

Decision in Anti-Trust Case Expected to be Returned Around October 3rd.

Asheville, N. C., Aug. 13.—(AP)—A decision is expected by October 3 in the government's suit to determine whether or not Appalachian Coals, Inc., selling organization for 136 coal operatives, is illegal under the Federal anti-trust laws.

Hearing of the case ended with final arguments by counsel late yesterday before a three-judge court. Counsel asked the court to make its decision as soon as possible in or— (Continued on Page Four)

ROAD PROGRAM BEGINS IN SEPT.

Initial Contracts to be Let by Commission at Capital City Next Week.

Raleigh, Aug. 13.—(AP)—North Carolina's highway program, to be financed by \$5,700,000 from the U. S. government, will be underway by September.

The State Highway Commission will meet here Tuesday to let initial contracts and hear delegations seeking improved roads or new routes.

A delegation from Davidson and Stanly counties will seek to have highway 66, which now runs from the Virginia line above Mt. Airy to Lexington, extended southward to join route 62 and afford a direct route between Lexington and Albemarle.

Leland Kitchin of Scotland Neck, district road commissioner, will present the petition of Greenville residents for the straightening and paving of highway 11 between Bethel and Oak City.

Meanwhile, the highway staff (Continued on Page Four)

FLIER AGAIN ON STAND IN MIAMI TRIAL

Lancaster Testifies Regarding Forgery of The Two Suicide Notes at Trial.

Miami, Fla., Aug. 13.—(AP)—State's Attorney W. Vernon Hawthorne, today halted attempts of counsel for Captain W. W. Lancaster on trial for slaying Haden Clarke to show evidence of physicians that Clarke took his own life.

RENEW PLEAS FOR FREEDOM

Irish Free State Besieges DeValera with Demands for Independence.

Dublin, Irish Free State, Aug. 13.—(AP)—Eamon de Valera, president of the Free State, was beleaguered from two sides today to declare the independence of a republic of Ireland.

The An Phoblacht, organ of the Irish republican army, an unofficial organization which demands independence, said in an editorial headed "A Emphatic Answer to De Valera" that the mere abolition of the oath of allegiance to King George would not alter the republican position.

"The Irish republican army," the editorial continued, "has entered a solemn compact to guard and defend (Continued on Page Four)

NEW CLUE IN MURDER CASE

Bloody Fingerprints Discovered on Foot Bridge Near Home of Aged Recluse.

Natchez, Miss., Aug. 13.—(AP)—Bloody finger-prints, newly discovered on a white bridge near the estate of the slain Jane Sudek Merrill, belle of the romantic '70's who retired from society to live in seclusion, provided a new clue in the strange case today.

The youthful sheriff, C. P. Roberts of Adams County, invoked secrecy about his continued investigations as experts were reported to have photographed the little span across St. Catherine's Creek close to Glenburney, century-old plantation home (Continued on Page Four)

WILL NOT BACK PRES. HOOVER

The State Republican Leaders declare they will Stick to Their Dry Program.

Charlotte, Aug. 13.—(AP)—Official leaders of the Republican party in North Carolina are showing no inclination to follow President Hoover on the prohibition question.

Jake Newell, nominated by the state convention on a bone-dry platform, issued a formal statement here saying he would adhere to the state platform, while in Greensboro James S. Duncan announced he will not agree with the President's views as set out in his acceptance speech Thursday night.

Newell's statement follows: "I think the acceptance speech of President Hoover was able and patriotic. There was no way of misunderstanding him in regard to issues on which he spoke. Besides this, there was a note of solemnity, sincerity and spiritual power that was almost compelling; my guess is that he is an infinitely bigger man in the eyes of the American people today than he was yesterday."

"I do not concur with him on the liquor question, though he is exactly in accord with the Republican national platform. I believe the only way to deal with liquor is to make it an outlaw and keep it so."

His work in that direction, he told newspapermen, has progressed far enough for the business to be called (Continued on Page Four)

WALKER IN ALBANY FOR OUSTER HEARING

A band, serial bombs and cheering thousands greeted Mayor James J. Walker of New York when he arrived in Albany to face Governor Roosevelt and fight for his political life. His removal was demanded on charges of official misconduct. Forecast Big Reduction In State Tobacco Crop

Raleigh, N. C., Aug. 13.—(AP)—A decrease of more than 200,000,000 pounds in North Carolina's 1932 tobacco crop under the 1941 production was estimated today by the State-Federal crop reporting service here.

The revised estimate indicated production this year for the State's four belts of 266,569,000 pounds compared to 479,256,000 pounds last year.

"The tobacco crop has experienced unfavorable seasons," the report said. "While the cultivation has been (Continued on page four)

ROAD PETITION IS PRESENTED

Woman's Temperance Union Will Resist Every Effort To Change Dry Law.

Seattle, Aug. 13.—(AP)—Pledged anew to resist every effort to repeal or submit to vote the Eighteenth Amendment, the Women's Christian Temperance Union today began the business sessions of its fifty-eighth annual convention.

Delegates last night adopted the key-note speech of President Mrs. Ella A. Boole, of Brooklyn, N. Y., in which she said the Union "can not accept either the repeal amendment proposed by the Democratic platform or the amendment proposed by Mr. Hoover." She urged members to concentrate on election of dry Congressmen and legislators.

Unable to approve either of the two Presidential candidates because of their views favoring a change in the liquor laws, Mrs. Boole suggested "it may be your convictions upon other great questions will help you in reaching a decision as to how to vote."

Prolonged applause greeted her statement. She challenged the wets to prove prohibition is responsible for drinking, political corruption or the present economic situation. Drinking she attributed to law violators; political corruption to illicit liquor (Continued on Page Four)

Hoover To Call Confab For Boosting Business

Washington, Aug. 13.—(AP)—President Hoover is applying to a new drive for better business one of his oldest and favorite ideas—that of asking help directly from the men he thinks can give it.

He will present to business and industrial leaders in a conference shortly his plans for "united and concerted action on a broad front throughout the country." The date of the meeting he expects to announce Monday.

At that gathering, Mr. Hoover will expound his nine-point economic program to men of importance from each of the twelve Federal Reserve Districts. That was the plan he had in mind when he said in his acceptance speech: "I am today organizing the private industrial and financial resources of the country to cooperate effectively with the vast governmental instrumentalities which we have in motion."

His work in that direction, he told newspapermen, has progressed far enough for the business to be called (Continued on page four)

MARTIAL LAW GRIPS CHILE

Drastic Steps Taken by Government Following Short-Lived Rebellion.

Santiago, Chile, Aug. 13.—(AP)—Martial law was proclaimed throughout Chile today after police and soldiers had put down a short-lived rebellion against the government by 400 students of the University of Chile.

The government explained that the proclamation of martial law was a precautionary measure. A police officer, a student and a boy bystander were known to have been killed in the hour and a half battle last night, and there were unconfirmed reports that five others were dead. Twenty were wounded.

The students seized the university buildings at 5 p. m., demanding the restoration of Colonel Marmaduke Grove as head of the government instead of Carlos Davila. Colonel Grove was a colleague of Senor Davila in the first Socialist revolution several weeks ago, but was ousted by a counter-revolt.

Two regiments of troops were called out immediately and opened up (Continued on Page Four)

PREDICT NEW FEDERAL CUT

Reduction of \$800,000,000 in Government Expense Seen for Next Year.

Washington, Aug. 13.—(AP)—At least another \$800,000,000 reduction in Federal expenses is expected of the next session of Congress by the Chamber of Commerce of the United States.

Henry Harriman, president of the Chamber, said so in a statement today as the executive committee of the non-government agency met.

Federal appropriations for this year are \$800,000,000 less than those for last year, he said, adding: "Analysis of the appropriations made by Congress for the current (Continued on Page Four)

TWO WOMEN STILL IN AIR

Ladybirds Buzz Thru Air Over Valley Stream Trying Set New Record.

Valley Stream, N. Y., Aug. 13.—(AP)—The old-fashioned bucket that swung in the sky brought an endurance flight by two women to an untimely end today.

Frances Marsalis and Louise Thaden took off late yesterday in an attempt to establish a new refueling endurance record for women.

They got through the first night all right and completed their first refueling operation successfully this morning.

But then the refueling ship let down a bucket full of breakfast and the bucket struck one wing of their plane, ripping the fabric. The girls landed for repairs. They may start again late today.

Valley Stream, N. Y., Aug. 13.—(AP)—The "Ladybirds" Frances Marsalis and Louise Thaden, who aim at a new endurance flight record for their sex, still buzzed through the air today after a night aloft.

At an average of 3,000 feet, they circled the metropolitan area in their "Flying Boudoir," so named because of its special appointments for comfort. (Continued on Page Four)

\$5,000,000 Fire Sweeps Manila

Manila, Aug. 13.—(AP)—Fire swept through three blocks of the old walled city of Manila tonight, destroying the building of the insular bureau of public works, two colleges, the Ateneo Museum and other structures antedating the American regime. The loss was estimated as high as \$5,000,000.

The colleges burned were the Ateneo De Manila and the Santa Isabel, the latter a girls' school.

Flames raged through the structures, mostly woods, for three hours. Many records of the Public Works Bureau and the branch insular land registration office were lost.

Berlin, Aug. 13.—(AP)—Adolf Hitler, fiery chieftain of the National Socialists, upset the plans of President Von Hindenburg and the present government today by declining an offer of a vice-chancellorship in the new cabinet which is to be formed soon.

Hitler announced his decision to Chancellor Franz Von Papen at a conference which began at 11:45 a. m. He informed the chancellor that his policy would be one of determined opposition to the present government. He also declined an offer of the Ministry of the Interior for one of his party lieutenants.

HITLER TURNS DOWN NEW JOB

Socialist Leader Refuses Vice-Chancellorship in German Cabinet.

Berlin, Aug. 13.—(AP)—President Von Hindenburg talked for fifteen minutes this afternoon with Adolf Hitler, head of the National Socialist Party, and announced after the conference that the present cabinet under Chancellor Franz Von Papen will remain in office.

Hitler reiterated his demand that on the strength of his party's power in the Reichstag he be made Chancellor of Germany.

The president refused "for moral reasons and for the sake of the Fatherland."

Garner Passes Thru Charlotte

Charlotte, N. C., Aug. 13.—(AP)—Speaker John N. Garner, the Democratic nominee for Vice-President, passed through Charlotte today en route to Albany, N. Y., to confer with his running mate, Governor Franklin D. Roosevelt.

The ruddy-faced Texan, always up with the dawn, said he left his Pullman berth three hours before his train arrived here at 8:15 a. m.

He declined to discuss President Hoover's speech accepting the Republican nomination for President.

"I can't do any talking yet," he said, explaining he would make no comments on politics until after conferring with Roosevelt.

Complete State Claim to Bank

Raleigh, N. C., Aug. 13.—(AP)—The State Department of Conservation and Development has completed North Carolina's brief setting forth a claim for this division's bank of the Home Loan Board and it is in the hands of the Bank Commissioner Gurney P. Hood.

Hood will forward the brief to Congressman Frank Hancock in Washington, chairman of Governor Gardner's committee seeking the bank for this State, who will present it to the Home Loan Board.

ABOUT TOWN

The Greenville "good roads" delegation went to Scotland Neck yesterday and presented the petition for improvement of the road between Bethel and Oak City.

Just how the Highway Commission will receive the request is problematical, but in view of the fact that about \$6,000,000 is available for construction in this state during the next year, it is believed the link in question will be provided.

Straightening and paving of this road will furnish this part of the state a direct paved route to northern cities and save motorists thousands of dollars annually.

It is the hope of the delegation that a definite decision may be forthcoming in the near future so the territory can begin enjoying the benefits to be derived from such improvements.

President Hoover's position on the prohibition question definitely removes any strong talking point which the Republicans had for the forthcoming presidential campaign in the opinion of those who have watched political developments the last few months.

At a time when members of his party were preparing to launch a concerted campaign on the Democratic prohibition plank, President Hoover informed the nation that he favored state's rights on this important question. It meant he is in favor of a different way of handling the liquor question and would give each state the opportunity of doing as it thinks best, providing, of course, saloons are not considered.

Followers of the President were completely stunned by the daring of his announcements and dry forces which have been preparing a concerted assault on the forces of Roosevelt, were equally affected.

It is difficult to understand where the Republicans will get new material for campaign ammunition. There is nothing in their past administration reflecting credit upon them, and certainly they can't hope to get any support in this direction.

President Hoover has produced a dilemma unprecedented in the political life of his party and the public will be interested in learning the next move to counteract the effect of the staggering import of the words uttered in the acceptance speech.

The chances of the Democrats have been increased two-fold by the utterance of the chief executive and all we have to do is to await election day to receive the story.

The stock market has improved the financial condition of some people by the phenomenal rise this week, but there were the usual number of suckers taken for a ride from which probably they will never be able to recover.

The unexpected advance of the bulls caused some people to invest their last cent in an attempt to get back on the high road to independence, and while some probably boosted their cause, there were others who lost everything they had and are in far worse shape than they were before.

This is always the case. Some make money and others lose it. It seems to be one of the general rules of life, but wouldn't it be wonderful if it applied to both factions. If some of the losers could be winners for awhile, and some of the winners losers, everybody would be more appreciative of the happy medium stage of the average citizen and attempt to find a common plane of existence and attempt to stay there.

One of the most encouraging changes in connection with the favorable change in the business world is the resumption of operation of mills in this and other states.

SYNOPSIS: Too late, Sondra Kent realizes she loves John Anderson. She has secretly married Mark Merriman, who now is returning home, ill, from the Congo. When Anderson proposes to her, she tells him of her marriage. He tells her she must be loyal to Mark, who needs her now.

Chapter 30 WAITING

"Am I mad or just utterly bad and fickle?" Sondra wondered hopelessly. Only a little while ago I felt like this when Mark went away...

It made her want to laugh, and it made her long to weep. She could hear him talking to Ellen, and presently he came back and stood beside her.

"Good-bye, Sondra—" She raised her eyes to his face. "Good-bye—" she said flippantly. Her hands were resting on the table behind her and she did not offer to move them.

"I want you to be happy—that's all that matters," he said. "Thank you," she laughed—it seemed so strange that he should wish her happiness when he was taking it from her.

"What people think does not trouble me. But I am not stealing another man's wife. "Oh, you saint, you saint!" she mocked him, then suddenly the tears were running down her face.

"I suppose even you have made mistakes in your life?" she sobbed. "My dear, I've made more than I can remember, but I've had to stand by them."

"I'm honest now, but it's no use." He passed a hand across his eyes. "Good-bye, Sondra—" He waited a moment, but she made no reply, and so he left her.

How it rained! Sondra stood on the pier staring out over the water. A little distance away John Anderson and Mark's mother stood talking together. Sondra had wandered restlessly away from them finding it almost impossible to listen any more to Mrs. Merriman's eternal questions.

"What time is it now?... Did you think the boat will be late?" She was a small, spare woman, as much unlike Mark as it is possible for mother and son to be.

She had not seen Anderson since the evening he left her at the cottage till this morning when he had motored her up with Mark's mother to meet the boat.

It had seemed a queer sort of journey—the three of them united by such strange ties—divided by emotions even more strange. Sondra knew that Mrs. Merriman disliked her and disapproved of her; but it did not seem to matter—nothing mattered.

Even the fact of Anderson's presence had hardly hurt her—he seemed somewhat so far removed. He was kind, attentive—courteous, but there was something gone from his manner; she had felt all the time as if he were stretching out an arm to keep her away from him.

Presently he came across to her. "The boat won't be in for an hour yet, Sondra. We'll go and get some to meet demands of their customers. Employment is what this country needs to improve conditions and when the hundreds of giant industries which have been idle the last year or so get back to work, the property Mr. Hoover has seen around the corner for so long will quickly make its appearance."

When men are at work the money which they receive in exchange for their services is spent in the improvement of the business life of the communities in which they live and this affects not only that community but the entire nation and the world. Work is what we need and must have to find the way back to prosperity.

HELD IN MURDER OF RECLUSE

R. H. "Dick" Dana (right) and Miss Olivia Dockery, his housekeeper, were held at Natchez, Miss., on a charge of the murder of Miss Jane Surget Merrill, aged recluse, at her secluded plantation.

Five relief pitching have contributed to the sport.

There was nothing wrong with Bill Clark's pitching yesterday, however, as the Dodgers blanked the New York Giants, 1-0. Clark gave up only four hits. His mates collected 12 but made only one run as the Giants completed six double plays and equalled the major league record, Joe Stripp's double, O'Doul's single and a long fly by Frederick scored the only run in the fifth inning.

Chuck Klein hit two home runs, his 34th and 35th of the season, and drove in five runs as the Phillies trounced the Boston Braves 8-1. Virgil Davis and Hal Lee also hit for the circuit. Phil Collins held the Braves to six hits.

In the American League, the Cleveland Indians moved into tie with the Philadelphia Athletics for second place by beating Detroit again while the A's were dropping a 2-1 decision to the Boston Red Sox. Clint Brown held Detroit to six hits, three of which came in the eighth frame and accounted for the Tigers' only run. A hit batsman, Brown's double, singles by Porter and Burnett and a fumble by Johnny Stone gave the Indians all their runs off Vic Sorrell in the third.

Ivy Paul Andrews broke the Red Sox' 11 game losing streak as he held the A's to five hits and fanned eight men, Simmons three times.

CAPS DROP WEIRD GAME TO DURHAM

Charlotte, Aug. 13.—(AP)—The free-lancing Capitals of the Piedmont League, now playing under the Raleigh banner but radiating a change of base with High Point favored today stood a notch lower in the club standings, and only five percentage points separated them from the cellarites of Winston-Salem.

The Caps lost a weird contest to the Durham Bulls 9-6 and swapped places with their conquerors. The league leading Hornets were idle, rain causing a postponement of the scheduled contest with Wilmington, but their hold on first place was strengthened. The Greensboro Patriots, in second place, dropped a close contest to the Twins 2-1, and thereby saw the gap between them and the Bees stretched to two and one half games.

The Raleigh team, operated by members of the club on a player-take-all basis, hopes to finish out the season at the capital city, but a definite decision is being deferred until after the next home games, set for Monday and Tuesday with the Twins. If the attendance is regarded as unsatisfactory, Bobby MacPayden, pitcher and spokesman said the team will likely be moved.

High Point is considered the most probable choice, if removal is decided on, inasmuch as the furniture city held a berth in the league until after the second half of the split season got under way.

Marion, N. C.—(AP)—Policeman Lee Erwin shot a crazed dog here when it attacked him. People believe the dog was the "wild animal" that has killed a number of dogs here in the past several days.

DODGERS MAKE BIG BID FOR NATL. HONORS

By HERBERT W. BARKER (Associated Press Sports Writer) Max Cagney's Brooklyn Dodgers have become a distinct and formidable contender for the National League pennant.

Triumphant in 16 of their last 20 games, the Dodgers today rested in third place, only three games back of the second place Pittsburgh Pirates and only three and a half behind the pace setting Chicago Cubs.

What makes the Dodger streak all the more remarkable is that they have won without the benefit of consistent pitching. In their last 20 games only eight times has the starting pitcher remained around for the finish. Heimach, Clark and Mungo have hurled two complete games apiece and Vance and Thurston one each. Timely hitting, especially by Lefty O'Doul, and effective relief pitching have contributed to the sport.

WAKE UP YOUR LIVER BILE — WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning 'Karin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul. Acid often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, soothing when it comes to making the bile flow freely. But don't tank for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

RUTH CHATTERTON IN NEW FILM AT SPATE NEXT WEEK. "The Rich are Always With Us," starring glorious Ruth Chatterton, will be the feature attraction at the State Monday and Tuesday. In this picture Miss Chatterton appears as a wealthy member of the wealthy set, happily married until she discovers her husband cheating with a heartless debutante. From then on the story moves in a swift fashion ending with a surprise climax. A new Charlie Chase comedy and Sound News complete the bill. On Wednesday, "Crooner," featuring David Manners and Ann Dyerak promises to hold the interest of both movie fans and radio fans. The story is about a radio Romeo's hoop-a-dooops and loves. "What Price Hollywood" with that outstanding star Constance Bennett will play two days, Thursday and Friday. It is a picture that rips the veil from life behind the screen, a story of the world, the flesh, and the movies.

Tells of Damage From Hail Storm. Leaves of tobacco from the Renston section which was struck by a hail storm last Monday afternoon were brought to the Reflector office today and placed on display by L. C. Fletcher, one of the heaviest losers.

Leave For Short Vacation. Rev. and Mrs. W. S. Harden, their niece, Miss Katherine Norman and Miss Frances Harvey are leaving Monday for a short vacation at Montreal. They will be away for about ten days.

While away, Mr. Harden will meet with two committees of importance, one of which plans the work of the entire church in North Carolina, and which makes its report to the annual meeting of the Synod of North Carolina, which will be held in Greenville September 20th, at East Carolina Teachers College. He will also meet with a committee to arrange the program for this convention.

Child Completes Rabies Treatment at Health Office. Icelene Williams, eight-year-old child residing on the Ayden road about a mile from Greenville, completed treatment for hydrophobia at the Pitt County Department of Health this morning.

Bitten by a mad dog at her home about three weeks ago, the child was brought to the local health department where Pasteur Antirabic vaccine was immediately administered. Twenty-one daily injections are required to complete treatment against rabies, and as an unusually large hypodermic needle is used in administration, it requires considerable nerve to complete the course.

Health department authorities marveled at the equanimity of the little girl who received each injection without a whimper, and smiled brightly after the sting of the needle had subsided.

When she completed the treatment today, Icelene was presented with several toys and sufficient clothing to give her a good start along the trail of winter. She left the Health Department all dolled up in her new apparel and with the fear of hydrophobia definitely removed.

Bell Arthur News. Miss Ethel Nice and Mrs. Mabel Randolph of Greenville, were here Wednesday.

Misses Frances Dilda of Fountain and Olive Clarke of Greenville, spent the day with Mr. and Mrs. Mack Smith Tuesday.

Dr. Joseph Smith and son, Joe Jr., are visiting Mr. and Mrs. Ivy Smith this week.

Mrs. Katie Eum and Misses Geneva, Bruce, Rosa and Novella Eum visited Mr. and Mrs. A. C. Jackson Thursday.

FURNITURE SALE STARTS OFF WITH GOOD RESULTS. Sale of the stock of goods of the former Home Furniture Stores, Inc., which began yesterday morning, is drawing large crowds, according to the sales managers. It is planned to sell out everything in the store, including fixtures, etc., and those who need furniture, etc., at this time and want to save much money are promised rare bargains.

EDWARDS-NEUBORN. Farmville, Aug. 13.—Of interest to their many friends here and elsewhere in the state is the marriage of Miss Sarah Laurenda Neuborn of this city, to Mr. George William Edwards of Snow Hill.

The wedding was solemnized in the spacious reception room on the second floor of the Davis Hotel, the home of the bride's parents, which was attractively decorated for the occasion with summer flowers and ferns, and the ceremony was performed at 9:45 o'clock Friday morning, August 12th, by Elder S. B. Denny, minister of the Primitive Baptist Church of Wilson. The ring ceremony was used. Miss Neuborn is the attractive

and accomplished daughter of Mr. and Mrs. J. A. Neuborn of this city. She is a graduate of Meredith College, Raleigh, and for the past three years has held a responsible position on the teaching staff of the Snow Hill high school. The bride wore a blue ensemble with touches of white and accessories to match.

Mr. Edwards, a promising young attorney of Snow Hill, is a son of Mr. and Mrs. John Harvey Edwards. He attended Porter Military Academy, Carolina, and Wake Forest, receiving his law degree from the latter college. He is auditor for the county of Greene, which position he has held for several years, and also mayor of the town of Snow Hill.

Only members of the immediate families of the bride and groom and a few intimate friends were in attendance.

Mr. and Mrs. Edwards left shortly after the wedding on a motor trip through western Carolina. Upon their return they will be at home in Snow Hill.

Canning. The recent rains have helped the gardens very much—and the canning program has started again in Pitt county kitchens. While canning for home use each club member (and others who will help) is urged to can five quarts for charity needs this winter. There will be many calls and we must be ready.

Club Picnics. Two home demonstration clubs have found time for picnics this month. The Simpson club went to Public Landing. About fifty were present including members of the families. The Red Banks club served a picnic supper and gave a program at the Red Banks school. They had an attendance of fifty to sixty.

Beauty Spot. What can you see from your kitchen window while you are washing dishes? Mrs. N. O. Hodges near Renston, has a beautiful shrub "The Star of Brilliance." She has many other shrubs but this one—the brightest of them all—can be seen while she does her work.

New Club. A new home demonstration club is being organized below Farmville. Their first meeting was a "canning demonstration" held at the home of Mrs. J. B. Lewis. Next month they will re-bottom chairs. Each woman who came last week will see her neighbors and invite them to the September meeting.

State Short Course. Several women are planning to attend the entire program in Raleigh the week of Aug. 29-Sept. 2. Why not go with them? If five go together the transportation costs much less, and you will have a better time. Watch newspapers for programs. Every club should be represented in the state meeting at Pullen Hall Thursday, Sept. 1.

N. C. Masons to Hold Celebration at Greensboro

Greensboro, N. C., Aug. 13.—Masons and Eastern Stars from all over North Carolina will be gathering at the Masonic and Eastern Star Home in Greensboro on Thursday, August 25, to participate in the annual Robert Morris day celebration. This is the one general meeting each year and will commemorate the birthday of Robert Morris who founded the Order of the Eastern Star.

Many prominent Masons and Eastern Stars are expected. Last year at the same celebration over six hundred persons attended. This year a greater number is anticipated.

A special meeting of the Grand Chapter, Order of the Eastern Star in the Masonic Temple on West Market Street at 10 a. m., will begin the activities of the day. At the same time Mrs. Clyde P. Fitzgerald, grand conductress, of Raleigh, and Miss Bessie Gaddie, Grand Martha, of Wingate, will be installed into their respective offices. Their installation was held over from the last session of the Grand Chapter.

The remainder of the program, in charge of George R. Bennette, Grand Patron of the Grand Chapter, and also superintendent of the Home, will be held on the north lawn of the spacious grounds surrounding the Home, which is located on the old Winston-Salem road west of Greensboro.

Greensboro's Fireman's Band will give a concert at 10:45 o'clock while the Masons and Eastern Stars gather. Rev. J. H. Barnhart of the First Methodist Church of Reidsville, will invoke divine blessings, which will open the program.

Mrs. Marjorie Hogan, of Charlotte, who is Grand Matron, will speak on Robert Morris. Over seventy years ago in a log cabin in Pulton, Ky., Morris, a descendant of Robert Morris, of Revolutionary fame, founder of the Order of the Eastern Star.

There will be short talks by Herbert C. Alexander, Grand Master; Mrs. Daisy Mae Davis, Past Grand Matron, of Andrews, and Cressy K. Proctor, Superintendent of Oxford Orphanage.

Market Report

Cotton--Stocks--Grain

New York Cotton

New York, Aug. 13.—(AP)—Cotton futures opened steady, 1 point lower to 7.31, or about 2 points net lower. Liverpool cables which was apparently offset by Southern selling and liquidation.

The early offerings were quite readily absorbed by trade buying and covering, and after selling off to 7.31, or about 2 points net lower, December rallied to 7.37, or 4 points above yesterday's closing quotation. Continued reports of weevil activities in some Eastern belt sections and unfavorable private crop advices from the West probably promoted some buying, but the advance met a renewal of realizing or liquidation and prices tased again with the active months showing net losses of 1 to 3 points at the end of the first half hour.

Liverpool cables reported hedging and Bombay selling absorbed by trade calling and covering in the market, but houses with Liverpool connections were among the early sellers here. The amount of cotton on shipboard awaiting clearance at the close of the week was estimated at \$64,000 against \$47,000 last year.

Grain Market

Chicago, Aug. 13.—(AP)—Unable to stem a decided downward trend, wheat tumbled to new depths in the last half hour of trading today.

Advances were difficult to maintain, and served but to bring about increased pressure to sell. Slop loss orders were forced into execution, despite prospects of a further decrease of the amount of wheat on ocean passage to importing countries.

Wheat closed unsettled 7.8 to 11.8 under yesterday's finish; corn 1-8 to 1-3 cg; oats 1-4 to 3-8 dc. Cline and provisions unchanged to a setback for 5 cents.

Stock Market

By CLAUDE A. JAGGER (Associated Press Financial Editor)

New York, Aug. 13.—(AP)—Bears took their profits on the sharp reaction in the stock market today, their repurchases giving the list strong support in the late dealings.

The market ran into a backwash of selling from yesterday's slump in the second hour, and a number of issues were carried down about 1 to 5 points, in extension of the even sharper losses of the previous session. But the further losses were almost wholly regarded under the influence of short covering and fresh buying in the last hour, and many issues recorded gains of fractions to a point over the previous close, but selling was resumed in the final dealings and most leaders closed with small losses.

Trading was moderately active, running not far from two million shares for the two-hour session. The market dipped partly in sympathy with a lower opening in wheat in the earlier trading, but some of the commodities improved along with stocks later.

Bonds, however, eased off for the first time in about ten days, after managing to go ahead in the face of the break in stocks in the previous session.

Despite the widespread improvement in business sentiment, the weekly report of freight car loadings, as did earlier statistical evidences of the week, failed to indicate important change in basic conditions. Freight car loadings for the week ended August 6 were reported at 496,033 cars, off 14,654 cars from the previous week, and more than cancelling the gain of 9,557 reported for that week.

Wheat met support after an opening sag, and cotton converted early moderate losses into net gains of 5 to 7 1/2 cents a bale at the finish.

Representatives of Government to Visit N. C. Island

Manteo, N. C., Aug. 13.—(AP)—Representatives of the United States Government were expected to make a visit to Roanoke Island today, site of the first English colony to be established in the new world. The purpose was to determine the nature of the government's participation in the celebration in 1934 of 350th anniversary of the planting of Sir Walter's unsuccessful settlement.

Two members of the commission, Representative Lindsay C. Warren, of North Carolina, and Sol Bloom, of New York, arrived in Norfolk last night, and a third, Senator Joe T. Robinson, of Arkansas, was expected there early today.

Arrangements were made for them to board the coast guard cutter Pamlico early today and to proceed by water to the island. Representative Warren said it was planned to stay in the vicinity for several days.

W. O. Saunders, of Elizabeth City, president of the Roanoke Island Historical Association, joined the members of the Commission and will accompany them on their inspection trip.

Two members, Senator George H.

HITLER TURNS DOWN NEW JOB

(Continued from Page 1) conference with President Paul Von Hindenburg was postponed. Plans had been laid to offer Hitler a vice-chancellorship which include the premiership of the state of Prussia which has been vacant since a virtual dictatorship was established by Chancellor Von Papen a few weeks ago.

The best guess in political circles was that the veteran president was kindly disposed toward the Nazi leader, but not kindly enough to offer him the chancellorship which Hitler wants. The belief also was that there would be no solution of the cabinet problem until next week at the earliest.

Chancellor Von Papen made it clear last night that he was leaving to the president his decision as to whether he would continue in his post, as head of a non-party cabinet, or whether Hitler would be chosen and the new cabinet formed as a Nazi party government.

Stock Market Recovers After Sharp Decline

New York, Aug. 13.—(AP)—The stock market recovered in the last hour today, after a further sharp dip in the earlier trading.

Losses of \$1 to \$5 in many of the leaders, on top of even sharper declines yesterday, were largely regained, and a number of issues closed with advances ranging from a few cents to \$1 over yesterday's final prices. Trading was moderately active, or somewhat under 2,000,000 shares for the two-hour session.

MARTIAL LAW GRIPS CHILE

(Continued from page one) a heavy fire upon the students. As soon as the firing began the students abandoned their barricades and fled. All but fifty of them were captured.

Before the soldiers arrived a company of police had rushed the administration building and made prisoners of thirty-six of the students with a sharp hand-to-hand battle. Twelve students were wounded in this fray.

An officer of the carabinieri was killed during an exchange of sniping between the police and the students, who fired from the windows of the university buildings.

Armour Named Haitian Minister

Washington, Aug. 13.—(AP)—President Hoover today appointed Norman Armour, of New Jersey, to be Minister to Haiti.

Armour is 45 years old, a graduate of Princeton University and a career man in the diplomatic service. Since 1928, he has been counselor of the American Embassy in Paris.

FORECAST BIG REDUCTION IN STATE'S TOBACCO CROP

(Continued from page one) excellent, the lateness of setting much of the crop combined with dry conditions has offset the favorable factors and is expected to produce low grade quality.

The indicated production by belts an dthe 1931 figures follow:

	1931.	1932.
Old belt	179,016,000	\$7,880,000
New belt	251,850,000	147,200,000
Border belt	43,222,000	4,200,000
Burley belt	5,438,000	4,200,000
State	479,526,000	266,560,000

The condition of the crop on August 1 was reported to have been only 49 per cent of normal compared with 57 per cent a month previous.

HOOPER TO CALL CONFAB FOR BOOSTING BUSINESS

(Continued from page one) has not said, but he has used it many times. In November of 1929, for instance, he held separate meetings with farm, utility, railroad and other business leaders. They told him how they expected to help in the future.

A group of industrialists with whom he met in that month promised not to initiate moves for wage reductions. It was that promise to which the President referred in his acceptance speech.

Since then he has met at various times with real estate, stock exchange, bank and other leaders. The stock exchange meeting brought a denunciation of short sellers; the discussion with bankers was followed by establishment of a huge credit pool.

The President is known to feel that appeals to individual leaders of various groups are more productive than blanket requests for cooperation. He thinks these leaders have influence in already established organizations that would be helpful.

FLIER AGAIN ON STAND IN MIAMI MURDER TRIAL

(Continued from Page One) Clarke's body, each testified that the pistol that fatally wounded Clarke April 21 in the home of Mrs. Jessie M. Keith-Miller, his fiancée, was pressed firmly against the head.

The state's objection was sustained when defense counsel, James M. Carson, asked the physicians if they could say whether Clarke committed suicide.

In each case, the witness said he could not make such a statement of his own scientific knowledge, but could only speak of probabilities.

The defendant took the stand briefly during the morning to elaborate upon his earlier testimony.

His testimony concerned a letter from Clarke to Lancaster which he

not been found.

"I recall now that when I forged two suicide notes after Haden was shot I attempted to copy his signature on one of the letters," Lancaster said. "I recall seeing the letter after the shooting but have not seen it since."

Captain Lancaster testified that the room in which Clarke was fatally shot is not now in the same condition it was at the time of the shooting.

The jury, the defendant and Circuit Judge H. F. Atkinson visited the scene of the shooting yesterday.

The defense has maintained that Clarke was a suicide in view of testimony of Arthur H. Hamilton, criminologist of Auburn, N. Y., that a suicide bullet would show evidence of a pistol being held against the head of the wounded person.

ROAD PETITION IS PRESENTED

(Continued from page one) proper authorities in near future.

Members of the delegation today stated that a second delegation would be sent to Raleigh in the near future to present the matter to the highway commissioners. Another petition will be presented at that time and it will contain the names of leading business men and organizations not only of the city but of surrounding communities.

The Bethel-Oak City route is the most important between this section and the north and its improvement would play a big part in the economic condition of this part of the state, supporters of the paving movement believe. Although the importance of paving of this link has been realized for years, this is the first time any definite action has been taken and promoters were hopeful of seeing their ambition become an actuality.

COAL HEARING IS CONCLUDED

(Continued from page one) der that an appeal may be taken to the U. S. Supreme Court as its October term.

Senior Judge John J. Parker, of Charlotte, replied he felt confident the decision could be announced by October 3, when the fall term of the Circuit Court of Appeals opens at Richmond, Va. Sitting with him in his case were District Judges Elliott Northcott, of Huntington, W. Va., and Morris A. Soper, of Baltimore.

The government's case, directed by John Lord O'Brien, Assistant to the Attorney General, was based on the contention that the selling agency is a combination in restraint of trade, and therefore in violation of the Sherman act.

William J. Donovan, former Assistant Attorney General, who headed defense counsel, insisted the organization was necessary to save the coal industry from chaos, and argued that it was not a combination

NEW CLUE IN MURDER CASE

(Continued from Page 1) where Miss Merrill was killed a week ago.

Meanwhile final results of fingerprint comparisons were still awaited while two members of aristocratic old families face formal charges of murder in the slaying. Previous reports said their finger-prints tallied with two sets found in the mansion. Officers are now seeking to connect a third person by means of the prints.

Richard (Dick) Dana, elderly and eccentric son of an Episcopal rector, is one of those charged with murder. The other is Octavia Dockery, 60-year-old daughter of a Confederate general. She is Dana's legal guardian and housekeeper at his dilapidated old home site which is overrun with goats, pigs and chickens.

After finding the blood marks on the bridge officers said they suspected that the slayer of Miss Merrill went to the creek with away stains. The sheriff has issued an order for arrest of a negro who worked about the Dana farm.

Dana and Miss Dockery cling to statement they know nothing about the slaying.

TWO WOMEN STILL IN AIR

(Continued from page one) As dawn broke, preparations were made for the first refueling contact.

The women were determined to break the record of 122 hours and 20 minutes set last year by Bobby Trout and Edna May Cooper at Los Angeles.

The plane carries sufficient gasoline for 24 hours. Arrangements for refueling twice a day were made with bases at Curtis airport here, New Brunswick, N. J., and at Hartford, Conn.

PLANE CARRIES SUFFICIENT GASOLINE

While the flying were cruising over Jamaica Bay, food consisting of chicken soup, chicken salad, peaches and toast, was passed down to them from another plane last night.
