MRS. CLARA J. FOBRESPASSED AWAY TODAY

Beloved Woman Died This Morning Following Illness of Over a Year

Our community was overwhelmed with sorrow early this morning when it was whispered that our beloved Mrs. C. J. Forbes had answered the call—"Come home and enjoy the fruits of your labors of love."

Mrs. Clara Jane Forbes, 84, passed quietly away this morning at 4 o'clock, following an illness extending over a year. She was the daughter of James T. Williams and Clara Vines, and granddaughter of Colonel Samuel Vines and Mary May, the granddaughter of Major Benjamin May of Revolutionary fame.

In the spring of 1871 she married Alfred Forbes, a prominent merchant of this city and a philanthropist of this day. For thirty-four years this devoted couple lived together; Mr. Forbes having preceded her to their last resting place twenty-seven years ago.

She was the oldest member of Jarvis Memorial Methodist Church, continuing through life a loyal and faithful member. She exemplified a beautiful Christian life, whose price less adorning, a sweet and gentle spirit consisted in that which is in the sight of God a great price. She exerted a benign influence amid the precincts of her home where the power of true womanhood can ever claim supremacy for good. Her deeds of love and charity will ever radiate in the lives that have touched hers.

"In the bosom of God, in the hand of rest, Afar from all turmoil and strife; In the aramath bower immortal above, She has entered eternal rest."

Funeral services will be conducted from Jarvis Memorial Church Thursday afternoon at four o'clock by her pastor, Rev. E. L. Hillman. Interment will be made in Cherry Hill cemetery.

Surviving her are six children, Mrs. Hortense F. Moye, Mrs. S. T. White, Mrs. W. L. Best, Mrs. George B. W. Hadley, Messrs. F. J. and C. S. Forbes, and fifteen grandchildren, all of Greenville. She is also survived by one sister, Mrs. Nan Tucker, and a half brother, Mr. Joe Williams of this city.

Full bearers will be: Active—Dr. L. R. Meadows, Dr. J. M. Barrett, Hinton Best, C. A. Bowen, C. C. Pierce of Rocky Mount, Jim Wiggins of Tarboro.

Honorary—Joe Moye, Jesse R. Moye, A. H. Critcher, C. T. Muncie, J. L. Little, T. A. Person, Dr. J. C. Greene, L. B. Garris, J. L. Kilgo, C. T. Reid, Dr. Joseph D. son, Dr. R. H. Wright Sr., J. O. "Ma" Ferguson Leads Race For The Governorship

Dallas, Tex., Aug. 31.—(AP)—Mrs. Miriam A. Ferguson held a lead of 1,899 votes over Governor R. S. Sterling today for the Democratic gubernatorial nomination. The vote cast at a run-off primary last Saturday was: Ferguson 475,735; Sterling 473,836.

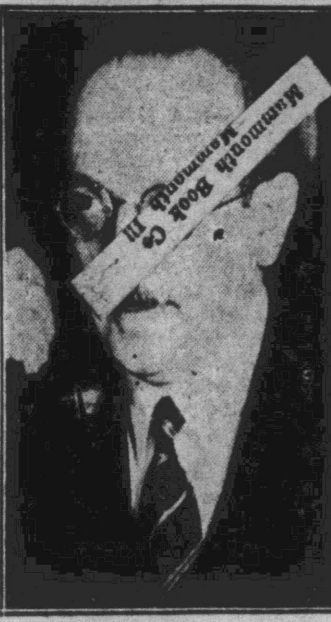

The Texas Election Bureau had received complete returns from all but eight of the state's 254 counties. It estimated that not more than 2,000 to 3,000 votes could be outstanding, since partial returns had been made by the eight.

Democratic nomination is tantamount to election in Texas.

ARREST FOUR ON CHARGE OF BANK ROBBERY

Four Men Jailed at Smithfield For Robbery of Bank of Pine Level

Smithfield, Aug. 31.—(AP)—Four men were lodged in jail here today charged with participation in the \$1,000 robbery of the Bank of Pine Level a few miles from here yesterday.

One of the quartet, Ralph Barbour, was said by Waverly Jones, assistant cashier of the bank, to be the man who actually committed the crime. Jones came here and identified Barbour shortly after he had been arrested with John Hamilton near Ingold early today. Rupert Wilson of Roseboro and Victor Wallace also were in jail following their arrests not far from here.

Deputy W. P. Creech of the sheriff's office of Johnston county said Barbour would be charged with robbing the bank while the other three would be charged with aiding and abetting.

None of the four made any statement about the robbery when arrested, Creech said, but Wilson was quoted as saying he was with Barbour yesterday, that Barbour stole an automobile in Raleigh and that the two then went to Pine Level.

Creech said Barbour stole the machine and abandoned it following the robbery and that Wallace picked him up in another machine. Hamilton was not directly connected with the robbery by officers who said he was arrested because he was in the company with Barbour today when they were taken in custody by deputies who were tracing a machine they believed to be that used by the robber in making his escape.

Durham, Aug. 31.—(AP)—C. C. Cole, teller, and W. M. Ervine, patron of the West Durham branch of the Fidelity Bank, left today for Smithfield to view four men under arrest on the possibility that they may have been one or all of three men who robbed the Fidelity bank of \$13,000 Thursday.

Abandons Return Flight to Europe

London, Aug. 31.—(AP)—Amy Johnson announced today that her husband, Captain J. A. Mollison, had definitely decided to return to England by steamer, abandoning his plan to fly back across the Atlantic.

Sydney, N. S. Aug. 31.—(AP)—Captain J. A. Mollison said today he had abandoned his plan for a transatlantic flight to England and would sail for home from Quebec on September 3.

Dr. Freeman O'Neil, Captain Mollison's host here, said he had recommended that the flier rest for at least three or four weeks.

M'ADOO LEADS SENATE RACE IN CALIFORNIA

War-time Secretary of Treasury Has Substantial Lead Over Four Opponents

San Francisco, Aug. 31.—(AP)—Victory for William Gibbs McAdoo, war-time secretary of the treasury seeking the California Democratic senatorial nomination, and a threat of defeat for Senator Samuel Shortridge for renomination on the Republican ticket featured the returns early today from the state primary election.

State Senator Tallant Tubbs of San Francisco, a "dripping wet" had a lead of more than 20,000 over Shortridge, staunch supporter of the administration, in returns from 7,737 complete and incomplete precincts out of 10,531 in the state.

Despite the Tubbs margin, Shortridge headquarters issued a statement asserting the final returns, as estimated from a tabulation of outlying counties, would give the senator the nomination by a margin of 42,000.

McAdoo, who started his political comeback campaign after aiding Speaker John Garner to victory in the California presidential primary and later helping to swing the California and Texas votes in the Democratic national convention to Roosevelt, had a virtually indestructible lead over the four other Democratic contenders. His headquarters claimed victory.

Returns from 7,737 complete and incomplete precincts out of a 10,531 total for the Republican senatorial nomination: Tubbs 161,678; Shortridge 139,871; Grail 115,515; Shuler 90,227; Youngworth 35,822.

For the Democratic nomination for senator, 7,704 precincts complete and incomplete of a total of 10,531 in the state: McAdd 160,767; Wardell 107,098; Shuler 41,879; McCarty 12,825; Hale 4,284; Abbott 9,002.

HOOVER CARTS FILL HIGHWAYS

Hard Times Have Forced Farmers of Section to Use "Depression Chariots."

Charlotte, Aug. 31.—(AP)—The "depression chariot" an automobile with a mule for a motor, is solving the transportation problem for hundreds of Eastern North Carolinians. At the same time, the conveyance is proving a new problem to filling station operators for the driver buys no gas, oil, spare parts, few tires and has no repair work done. All he asks is air and water—and both are free.

The "chariot" is a product of adversity, a child of mother necessity and father ingenuity. When adverse times hit the farmers, they stored their automobiles. Then they found some means of conveyance was necessary and wagons and buggies were fewer, having been replaced by machines. New buggies cost money. So did gas (as did the upkeep of an auto). So the farmers fitted their abandoned machines with shafts, hitched up mules and horses, and created the "depression chariot."

Variations have appeared. Some have only an axle and front wheels of a discarded automobile with a burlap sack for a top over a make-shift seat. Others run more to the limousine type, retaining the complete body of the auto.

On Sunday, the owner may load his family and take them to church and then for an outing later in the day. During the week, he uses the vehicle for business or pleasure, for hauling about the farm or for carting his produce to town.

Many of the carts are equipped with original automobile springs from which a few leaves have been removed to make riding more comfortable. Some have tops and backs, some have neither.

Some have air-filled tires; others have solid ones. Some have stuffed with cotton. One man stuffed his tires with cotton and pumps water into them to fill out the cotton after it becomes dry and flabby.

The contrivances have offered no traffic problem as yet. Highway patrolmen cannot arrest their operators for "hearse driving" for the "chariots" are not motor driven. Anyway, they get over the road at a lively rate of speed.

Greene county boasts between 300 and 400 of the new means of locomotion. Wayne county has many, as has P. H. Beaufort, Lenoir and others. The once queer vehicles are now becoming a common sight on highway and farm.

As one "depression chariot" owner said: "It ain't a handsome thing but it's turned useful."

WOULD KEEP SONS OUT OF FILMS

Charles Chaplin's legal fight to keep his former wife, Mrs. Lita Gray Chaplin, from placing his two little sons in motion pictures was aired in a Los Angeles court. Mrs. Chaplin shown above with Sidney, 6, (left) and Charles, Jr., 7, negotiated a contract for them to appear in pictures. Part Of Nation Shivers While Other Sections Suffer With Intense Heat

By the Associated Press
Waning summer, as if to display its versatility, presented a weather medley as it blew hot and cold across the nation.

While Chicago, Detroit, Cleveland and Cincinnati splattered under a heat wave yesterday, and Oklahoma City felt the gust blasts of a sand storm, old timers in the Rockies were seeking to recall when, if ever, they had seen an earlier snow fall.

Texas and Kansas reported normal weather. Elsewhere, however, the unusual farewell of August resulted in heat prostrations. One death was reported in Chicago and another in Cleveland.

A 20-day drought was broken at Baltimore by a 1 1/2 inch rain fall. The mercury climbed to 9. Northwest winds were counted on for relief to the middle west but Detroit, where the mercury reached 94 degrees yesterday, had no promise of surcease today.

The snow fall occurred in the upper reaches of the Rockies in Utah, Wyoming, Colorado, and Montana, and in eastern Washington and North Idaho. Same (Continued on Page Four)

Thousands Gather To Witness Eclipse Of Sun

By the Associated Press
The odds were with the scientists who gambled on New England's weather as morning brought clearing skies after a cloudy night to a large part of the area in which the solar eclipse will be total today.

At Barre, Vt., on the edge of the totality area, the sun broke through the clouds at 8 a. m. It had rained in northern Vermont during the early morning and daybreak was none too cheery. Through New Hampshire the skies were overcast but in a great part of the Granite state there were also indications of a late morning sun.

Down along Cape Cod there was a haze but local forecasters predicted cleared weather as the day wore on. At Fryeburg, Me., the weather was clear with a few clouds high in the sky.

Millions filtered into already overcrowded New Hampshire last night to park in vacant lots and open fields.

Reclining chairs were rented out that tourists might view the eclipse at ease and many stores reported they were unable to supply the demand for smoked glass.

The railroads running into the area of the total eclipse ran special trains, all of them loaded as they left the stations for northern New England points.

While millions prepared to watch the spectacle on land, thousands of others had booked passage on the fleet of excursion steamers leaving Boston, Salem and Gloucester, Mass.

A coastal steamship line altered its sailing time that its passengers, bound South, might see the eclipse and the course was changed so that the ship would pass through the totality area.

MORE STRIKERS JOIN WALK-OUT AT HIGH POINT

Number of Strikers Increased to Over 3,000 When Silk Workers Quit Jobs

By the Associated Press
The number of striking industrial workers in North Carolina increased to approximately 3,100 today when 300 Stehli silk mill employes at High Point joined 200 others who struck last night in protest against a wage cut.

Last night the employes on the night shift of the mill quit their posts, saying a wage reduction reduction instituted the latter part of July had forced them to their action.

The additional walkout today took virtually every employe from the plant which, however, was open with a mere handful of operatives back at their posts.

Meetings were held last night but nothing accomplished was announced and the strikers met again today in an effort to work out, if possible, some means of a strike campaign.

The Stehli workers joined approximately 1,400 who struck in furniture plants and a cotton mill at Thomasville last week, and about 1,200 who are idle in Rockingham because of a strike which began in plant number one of the Hannah Pickett cotton mill.

There were no disorders at the High Point plant as the night shift left its work.

All was quiet at Thomasville. A thousand of the strikers there are employes of the seven plants of the Thomasville Chair Company; 100 work at the Boylen Veneer plant and approximately 100 at the Amazon cotton mill, a subsidiary of the Cannon Towel interests.

RESCUE THREE MARINE FLIERS

Men Returned to Civilization After Nine Days in Wilds of the Jungle

Bluefields, Nicaragua, Aug. 31.—(AP)—Three marine corps airmen who crashed in a tropical storm sixty miles west of Bluefields, nine days ago en route from Managua were rescued from the jungles today by a patrol of the Guardia Nacional, under command of Lieut. Theodore M. Stevens and were brought to Rama.

The rescued men, Lieut. Clovis C. Coffman, Gunnery Sergt. Walter E. Scofield and Corp. Raymond B. Townsend, said they are none the worse for their experience.

Marine Corps planes, which have guided the rescue patrol and daily rationed the marooned airmen, conveyed the marines to Bluefields this afternoon. These plans were under command of two marine aces, Lieuts. Hayne D. Boyden, of Statesville, N. C., and Pierson E. Conrad, of St. Louis.

Coffman's plane went into a spin before it crashed but he pulled it out. During a second spin, it was decided that the jungle was safer and Coffman and his two companions donned parachutes and jumped from an altitude of 3,500 feet.

Strong Sermon Is Delivered at Red Oak Revival

Another strong sermon was delivered at Red Oak Church last night by Rev. L. B. Scarborough, who is conducting a revival.

Speaking on the subject of "The Universal Saving Power of Jesus," and using as his text John 18:1-15, the evangelist's message was in part as follows:

"There was the idea that Judas was predestined to be lost. There is a difference in predestine, foreknowledge, and fore-ordain. Predestine means to pre-determine, fore-knowledge, to fore-know (service), fore-ordain, to set apart for future.

Popehpy was not the cause of the coming of Christ or of His death. There was a message for the people and it was not accepted, therefore, the Messiah had to come. No human being could save a human being; so in order to save the world it took more than man—some super-being.

"Was the lift of Christ chosen or pre-determined? Jesus was tempted and was just as human as we. If not, He could not have tasted (Continued on Page Four)

COTTON PROBE IS CONTINUING

Says Government In Too Many Lines Of Competitive Business.

New Orleans, Aug. 31.—(AP)—As private cotton traders continued testimony before the Shannon congressional committee investigating government competition with private business, Congressman E. E. Cox, of Georgia, a member of the committee, interrupted to express the opinion the "case had been proven."

In a statement read into the Record, Cox asserted Chairman J. B. Shannon of Missouri, who investigated the investigation, "has proven his case, that is that the government is in too many lines of business in competition with its citizens and should withdraw."

Cox added, however, he believed there was a legitimate field of activity for the Federal Farm Board and the board-supported operatives, both of which were caustically criticized by private cotton interests heard here, if certain changes in policies were made.

"As relates to the Federal Farm Board and the Cooperative Associations, against which much has been said, the hearing has convinced me there is a field in which both the cooperatives and the private traders can legitimately and profitably operate," he said.

"Both the board and the cooperatives have undoubtedly made mistakes. This was expected, but all that is necessary to the recapture of public confidence and support is for the cooperatives to clean up the bad spots that exist throughout the country, reject salaries, etc., and for the board to be more business-like in the administration of the agricultural marketing act.

"The cooperative movement is bound to spread and it will spread because of the unquestioned value of the service that the cooperatives render."

Capt. J. F. Jenkins Is Dead at Shelby

News was received here today of the death at eleven o'clock this morning of Capt. J. Frank Jenkins at his home in Shelby. Funeral services will be conducted Friday.

Mrs. Jenkins' death, the report said, was the result of a short illness from heart trouble.

Captain Jenkins, who is the father of Mrs. H. Dall Laughinghouse of this city, has visited Greenville on several occasions and has made a number of friends here who will regret to learn of his death.

MANY OTHER CASES HEARD

Because of Their Ages Fleming Boys are Permitted To Plead Guilty of Attempted Arson; Sentenced to 15 to 25 Years and 5 to 10 Years Respectively.

Bob and Mack Fleming, ages 19 and 16 respectively, were sentenced to the penitentiary by Judge W. C. Harris this morning in Pitt County Superior court, the boys having pleaded guilty of attempted arson growing out of the firing of the home of A. C. Foskey near this city, in which Foskey and other members of his family received painful burns and injuries and narrowly escaped death.

The house was burned during the early morning hours of August 16 and later Mack Fleming was arrested at his home nearby as a result of discovery of tracks leading from the scene of the fire. After spending two days in jail here under questioning Mack broke down and confessed his part in the firing of the Foskey home and implicated his brother, Bob Fleming. Bob was immediately placed under arrest and since that time the two brothers have remained in jail here to await trial. On account of the ages of the two boys they were permitted to plead guilty to a charge of attempted arson rather than a first degree charge and Bob Fleming, the older of the two, received a prison sentence of 15 to 25 years while Mack received a sentence of five to 10 years.

On yesterday afternoon a special venire of 100 men were called to appear tomorrow for the trial of T. H. Barnhill on a charge of murdering his wife, Jesse Barnhill, to collect life insurance, but it was announced this morning that the first degree charge would not be pushed and instead, the defendant would be tried on a charge of second degree murder or manslaughter as the jury might find it. In view of this change the call for the special venire was canceled and the case is slated for hearing tomorrow before the regular jurors.

Other cases disposed of yesterday and this morning included the following: Jesse Corey, colored, was sentenced to two years on the roads on a charge of breaking and entering. Sherman Green, colored, likewise received two years on the roads on a charge of breaking and entering and John Ivey Speight, colored, on the same charge, received one year on the roads.

Arthur Johnson, colored, local negro, held on a charge of breaking and entering the Methodist church, was sentenced to five years in the penitentiary at hard labor.

George Gibson, colored, on a charge of breaking and entering, was sentenced to the roads for 18 months.

At 11:30 yesterday morning the court took a recess of 10 minutes out of respect for Hon. Cameron McRae, whose funeral was in progress at that hour.

Heber Ross pled guilty to three charges of drunk and disorderly conduct and was ordered to pay a fine of \$10 and costs in each case and serve 30 days' road sentence in each of the cases.

Jasper Cherry, local negro, who ran amuck with a knife in a negro barbershop here killing another negro, was adjudged guilty of manslaughter and sentenced, to not less than six nor more than 15 years in the penitentiary.

William Murphy and Robert Lang were each given two year suspended sentences on a charge of breaking and entering on condition that they pay the prosecuting witness \$10 to cover the value of meat stolen from him.

Claud Harper and Joe Smith, both colored, held on a charge of stealing tobacco plants, had judgment suspended upon payment of costs and \$5 for the tobacco plants.

John Shackelford, charge with possession of liquor, was found not guilty.

Perry Wilson, colored, charged with shooting his wife with intent to kill, was sentenced to four years on the roads.

Ephraim Moore, colored, was given a year on the roads on a charge of breaking and entering. Clifton Edwards, colored, received a sentence of six months on the roads on a charge of forgery. John Williams, colored, was sentenced to the county in years. (Continued on Page Four)

ABOUT TOWN

People over in Red Oak and Bell Arthur communities appreciate now that New Yorkers endure when stock market bears go on a rampage. The bear that recently took heavy toll of livestock in the Pitt county localities is nothing compared with those of stock market fame.

Candidates for important political offices in North Carolina will be asked by the state women's organization for National Prohibition how they stand on the dry question. If they are wet, bloody-unt goes their chance of winning votes from this faction, but if they are dry, nothing too good can be said about them.

Prohibition is one of the most controverted questions the nation is faced with at this time. Millions are for it and millions are against it.

Now that Mayor Jimmy Walker of New York has lost hope of halting the Roosevelt investigation through court action, he should resign himself to the inevitable and take his medicine.

The fact that Walker opposed the nomination of Roosevelt at the Chicago convention will not influence the decision of the New York governor. He may not feel as friendly disposed toward the jaunty mayor as he does to some others, but he will not let this prevent him from ruling fairly and impartially.

Nothing Venture

By PATRICIA WENTWORTH

SYNOPSIS: Nan, horrified at what she is sure is a plot to kill Jervis Weare, the man she has married as a "business proposition" to save him a large fortune, dashes to meet and warn him.

Chapter 9 A "FAIRY TALE" Francis left Nan and Jervis standing where he had found them. Nan and Jervis looked at each other, and for a moment a shared glint of humor gave to each of them a sense of intimacy.

"You'll explain about my not being able to dine with him—won't you?" she said. Jervis put his head back a little; it made his chin jut out. It was an obstinate chin.

"Why can't you dine with him?" If Nan had assumed that she was going to dine with them, Jervis would probably have felt annoyed. "You'll have heaps to say to each other. I should be in the way."

"Do you want me to come?" she asked. "Well, I do—if it wouldn't bore you too much." "Oh, it wouldn't bore me."

"You see," he said, "if you don't come, he'll think it odd, or he'll think you're angry. I'm very fond of F. F. and I hate to have his feelings hurt that way, and—" He hesitated, then flashed her a look of something like appeal.

"I'll come if you want me to," said Nan. Their eyes met, and Jervis felt something that he had not felt before. Both of them came out of that moment with a faint sense of shock.

With a queer leap of pulses Nan realized that she had forgotten, actually forgotten, why she had come to meet Jervis. She said, "Please," and then, "I haven't told you why I came to meet you. It's very important."

"What for?" "Money," said Nan in a shred of a voice. Jervis stared harder. She was pale. Her eyes were wide, and solemn, and frightened.

BATTLE FOR GOLF TITLE BEGINS TODAY

By PAUL NICKERSON (Associated Press Sports Writer) St. Paul, Minn., Aug. 31.—(AP)—Survivors of Kellers' big wind, which blew such favorites as Billy Burke, Harry Cooper and Tommy Armour from the fairways to the sidelines, opened hand-to-hand warfare today for the professional golf championship of America.

Heading the contending brigade in the battle that doesn't end until Sunday were Tom Creavy of Albany, N. Y., the defending champion; Olin Dutra, star windjammer of the game from Santa Monica, Calif., and tournament medalist with 140 shots, and the five-time king of the nation's money players, Walter Hagen of Detroit, who ran into the classic match play struggle of the opening round by matching shots with Johnny Golden of Noroton, Conn.

Thirteen states, representing all sections of the nation, had survivors in the field and safely past one of the wildest qualifying rounds in years. New York led with nine and was followed by Illinois, which had Horton Smith as its chief hope of six in the long battle.

Cooper, Burke and Armour were victims of a 10-man play-off for 32nd place, which was won by birdie three of the clubs of Abe Espinosa of Chicago, and Aly Collins of Kansas City.

The Chicago Cubs set a season's record in the National League by defeating the New York Giants 4-3 for their 11th straight victory, scoring the winning run in the ninth on a hit batsman, two walks and a fumble by Critz.

Pittsburgh picked up a half game by outslugging the Boston Braves twice 10-7 and 3-2. The Pirates rallied to score five runs in the eighth inning to win the first game and again in the nightcap put over the winner in the eighth.

The Brooklyn Dodgers made only six hits off Syl Johnson and Tex Carleton, but they built them into a 5-4 victory over St. Louis. Cincinnati and the Phillies were idle.

'LONG JIM' LYLE IS LEADING IN MOUND WORK

Charlotte, Aug. 31.—(AP)—There was another notch in the victory belt of "Long Jim" Lyle today and his goal of leading pitchers of the Piedmont League in winning ball games this season.

Lyle won his 21st game of the season last night when the league leaders nosed out Raleigh 9-8, by virtue of a startling five-run rally in the ninth. The Bee hurler has lost six contests, giving him an average of 778.

Kleinhaus, one of the Greensboro mound corps, is Lyle's closest rival for hurling honors with 19 wins against seven defeats.

Tom Wolfe, big Durham outfielder continues well in the batting league, hovering around the 380 mark, but Perry, Wilmington, and Curbreth of Charlotte, are having a hot battle for second place. The latter moved back into second position last night, getting two hits in five rips, while Perry went hitless.

Charlotte restored its nine game lead over Greensboro, as the Bulls lost to Wilmington 4-3 in 10 innings. Stuffy McCrone opened the tenth with a triple and scored on an infield out. Burns won a twirling decision over Livengood.

High Point moved back into fourth place by trimming Durham in another overtime game 9-4 in the tenth inning. Oddly enough, it was Durham's first extra inning game of the season as they showed it by the way the visiting runners tore around the bases.

Hank Lieber was the hitting star of the evening, rapping out a triple, double and two singles in five times at bat.

The schedule shifts tonight, sending High Point to Wilmington, Durham to Charlotte and Raleigh to Greensboro.

"I NO LONGER HAVE TO TAKE LAXATIVES OF ANY KIND.... SARGON SOFT MASS PILLS HAVE ENTIRELY FREED ME OF CONSTIPATION"

The commonest cause of mankind is constipation. It poisons us, breaks down youthful strength and vigor, ages us prematurely, and leaves us an easy victim of countless diseases. Millions are slaves to the laxative habit. The effect of ordinary cathartics is only temporary; they weaken bowel action, and lose their effect the more we take the more we have to take.

A New Discovery. Bile, prepared by the liver, is Nature's great weapon against constipation. It is a natural laxative, antiseptic and antacid. Bile is also a digestant without which sound digestion is impossible.

Until the discovery of Sargon Soft Mass Pills, we have been blasting out the intestines with cathartics and purges, believing that they stimulated the liver. Science now knows that calomel, salts, oils and other ordinary laxative drugs have no effect whatever on the liver.

Sargon Soft Mass Pills contain an amazing substance which, when taken, stimulates the liver to produce bile, the only effective stimulant to the bile pro-

ducing activity of the liver known as Materia Medica. Unlike ordinary cathartics, this substance does not shock or upset the system. It does its work by gently stimulating the liver to cleanse itself by increasing its production of bile—a more natural and thorough laxative than can ever be devised by man.

Sargon Soft Mass Pills are not like any laxative you have ever taken. They are so gentle and thorough in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all, their directions call for a gradual reduction of the dose until the point is reached where you no longer require a laxative of any kind.

This remarkable medicine may be obtained from For Sale By Hill Horne Drug Store

Farmers Meet Raleigh Today

Raleigh, Aug. 31.—(AP)—A program stressing approved methods of growing and grading tobacco absorbed the attention of many delegates to the annual North Carolina farmers' convention here today.

Scheduled to make addresses were Dr. W. W. Garner, authority on tobacco and F. B. Wilkinson, expert on grading of the golden weed. More than 1,000 farmers are attending the convention, opened yesterday.

In the president's address yesterday, W. Warren Watson of Hyde county, advocated repeal of the 15-cent ad valorem school tax and absorption by the state of county debts for highway projects and consolidated school buildings.

Watson declared for further economies in state, county and municipal governments.

Other speakers included W. A. Graham, commission of agriculture who said he foresaw better times; Dr. E. C. Brooks, president of State College; Mrs. D. A. McCormick of Robeson county, president of the Women's Federation; T. B. Parker, president of the Farmers' Alliance of North Carolina, and W. Kerr Scott, master of the State Grange.

WAKE UP YOUR LIVER BILE — WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

They can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Request a substitute, 25c at all stores. © 1931 C. M. Co.

Market Report

Cotton--Stocks--Grain

New York Cotton

New York, Aug. 31.—(AP)—Cotton futures opened steady, 3-8 higher on steady Liverpool cables and trade buying.

There was further liquidation and some southern selling on opening advance, but it was taken by a fairly active demand for the trade and commission houses, while there was also considerable covering.

The buying seemed to become a little more active after the call and December contracts sold up to 9.01, with the general list showing a net advance of 18 to 21 points at the end of the first half hour. Houses with Liverpool connections were credited with buying here heavily but there was some selling attributed to brokers with continental and Japanese connections.

A private crop report placing the condition at 59.5 and the indicated yield at 11,924,000 bales appeared to be without much effect on the market. Liverpool cables reported Bombay and Japanese selling absorbed by trade calling and covering in that market, but said Manchester was at a standstill with the strike in the Lancashire mills spreading. Reports that a tropical storm was approaching the east gulf coast may have accounted for some of the early buying here.

The advance extended to 9.04 for December and 9.94 for March of 20 to 24 points net higher, but the weekly report of the weather bureau, placing less stress on unfavorable crop features than some anticipated, brought in a flurry of liquidation. December sold off to 8.63 and March to 9.62 with the general list showing net declines of 18 to 20 points at mid-day.

Grain Market

Chicago, Aug. 31.—(AP)—Heavy liquidation in the September delivery of wheat and corn swept all grains sharply downward today.

Weakness of stocks and cotton in New York was reflected in early grain dealings, but a wave of selling later by traders disposing of September wheat and corn before deliveries are made on contracts tomorrow carried the market down about 2 cents on wheat. Numerous stop-loss orders were uncovered. Buying of deferred months on the break steadied both grains, but persistent selling, said to come from Chicago professionals, held prices down. Oats weakened with other grains, provisions sagged with wheat and corn.

Last minute rallies erased some of the losses, but wheat closed weak 5-8 to 15-8 lower than yesterday's finish; corn 5-8 to 13-8 off and provisions showing a drop of 5 to 15 cents.

Stock Market

New York, Aug. 31.—(AP)—The stock market recovered the second month of swift recovery with traders actively cashing in their paper profits today.

Rather disappointing reports from the steel industry, and the approach of the Labor Day weekend, accelerated the selling movement, which embraced cotton and wheat as well as stocks. A brief upturn in the morning failed to attract an important following, and by midday the list had receded to show many losses of 1 to 4 points. There were some recoveries of a point or more from the bottom in the fourth hour, but they were not fully maintained.

There was an obvious feeling in speculative quarters that it might be well to let the market drift momentarily, giving business a chance to catch up.

But there seemed to be no deterioration in Wall Street in the restored confidence in the future. Merely a feeling that recovery should not be discontinued by the market too far in advance. While steel production sagged under its 14 per cent of capacity level, it was pointed out that a temporary sag in late August might not be important. But what was important, was whether it would be able to get up to 30 per cent or better during the next two months.

Locate Scene of Miracle

Vatican City—Church archaeologists believe the scene of the miracle of the loaves and fishes has been found. Tradition says a church was built on the spot where Jesus fed a multitude with five barley loaves and two fishes. The Rev. Evarist Andrea Mader has uncovered the ruins of a church containing a stone supposed to mark the spot.

WILL ACCEPT FARM PRODUCTS FOR TUITION

Clarksville, W. Va., Aug. 31.—(AP)—Officials of the Aderson-Broadbuss College at Phillippi announced today all kinds of farm produce will be accepted at market prices in payment of tuition fees.

Aderson and Broadbuss colleges, both Baptist institutions, consolidated recently. The fall term opens Tuesday.

temptation as we or taught us morrow for selfish purposes, it was always for some human need.

"Could Judas have been saved? Yes, he loved Christ; but he had a greed for money and through this end he betrayed Jesus. He thought Jesus would trick the Pharisees as upon other occasions, but Jesus submitted himself to arrest, thus disappointing Judas; he was heart-broken, and threw the money at the Pharisees' feet. He chose the wrong course, didn't live close enough to Jesus, he was a quitter, a coward, didn't have manhood enough to gather the threads of a broken life and retie them to Jesus.

"Jesus is bigger because He chose to live as a real man; He tasted life and death with us; if we are lost it is our fault. God fore-knows but does not tie a man. He creates a man with a free will, the privilege to choose for himself."

Happy Days Again

Chicago—Bonus days are here again for employees of Ettinger & Brand, brokers. The firm announced the help has had to work so hard taking care of increased business that they will find ten per cent extra in their pay envelopes for August.

ERNIE SCHAAF AND MAX BAER TO 'MIX IT' TONIGHT

Chicago, Aug. 31.—(AP)—Two of the world's better young heavyweights, Blond Ernie Schaaf of Boston, and dark handsome Max Baer of Livermore, Calif., will meet in a ten round bout at the Chicago Stadium tonight for the right to petition those who outrank them for engagements.

The only boys in the heavyweight picture who have the bulge on Schaaf and Baer are Jack Sharkey, the heavyweight champion of the world and a half-owner of Schaaf; Max Schmeling, the former heavyweight champion, and Mickey Walker.

Schmeling and Walker will meet soon, and the winner of tonight's battle will be in line for a shot at the victor in the other engagement.

Island Pond, Vt., one of the first places to see the shadow coming across the Canadian border, reported that several airplanes were expected to bring visitors from Chicago. Yerkes Observatory, at Drake University, the University of Indiana and a number of eminent astronomers were attracted there.

This eclipse begins north of Siberia. Actually it starts on the other side of the line where international time changes, so that the eclipse begins on Thursday and ends on Wednesday. Starts in September and ends in August. It travels 2,000 miles an hour and ends out in mid-Atlantic, where it meets the sunset.

GOOD—THEY'VE GOT TO BE GOOD
Or They Couldn't Pass This Inspection
Chesterfield's Standard Demands That No Detail Be Overlooked

One of the most interesting machines in a Chesterfield factory is this almost human "making" machine, which stacks up 750 finished cigarettes a minute. End-on, the tray-full looks like a huge honey-comb. But the job isn't ended there, for white-gloved inspectors, eagle-eyed and expert from long practice, remove with tweezers each torn or imperfect Chesterfield. Every possible precaution is taken for cleanliness and perfection of product. Every 4 1/2 minutes the air in the factories is changed. The cigarette paper is pure, and burn without taste or odor.
