## NEW AIR SPEED RECORD IS SET BY DOOLITTLE

### Makes Unofficial Record of 293.193 Miles Per Hour at Cleveland Meet

Cleveland, Sept. 1.—(AP)—A flying triumvirate challenged France for the speed supremacy of the world today and jolted American sporting aviation out of nearly a decade of the doldrums.

The trio—Major James H. Doolittle, James G. Halzlip and James R. Wedell—took to the starting line three of the fastest racing ships of the country for an official try at the 8-year-old mark of 278 miles an hour set in 1924 by Warrent Officer Bonnett of France.

Father Time received his first launching at the national air races yesterday when Doolittle rocketed his super-charged 800 horsepower low wing monoplane over a measured three kilometre course for an unofficial record of 293.193 miles an hour.

Doolittle's spectacular straight-away dash, although the fastest ever flown in a land plane, will not be recognized by the Federation Aeronautique Internationale because he did not carry a barograph or file formal notice in advance of his flight.

Today, however, he had installed two barographs in his ship and made formal notice of his official attempt upon the world record.

Likewise filing were "Jim" Halzlip, who Tuesday set a new transcontinental speed record and James R. Wedell, veteran pilot and designer of Patterson, La.

Doolittle said before his official dash that he expected to extract a 300 mile an hour speed from his stubby little racer.

Last night he unshipped the propeller and installed a new one as a means of gaining the extra "ten or fifteen miles an hour" he believed the plane would do. No other adjustments were made, since the plane handled well in the "practice hop."

Jimmy Wedell and Halzlip are flying ships designed and built by Wedell, one of them the plane in which Halzlip crossed the continent. Both are low winged jobs and super-charged for racing.

Doolittle's plane is the one turned over to him by Russell Boardman of Springfield, Mass., after Boardman was injured in the course of a test flight and forced to withdraw from racing this year.

Sweeping low over the course in the semi-dusk of the sun's eclipse Doolittle's tiny barrel-shaped racer was hardly more than a blur of red and white when it passed the stands on the first lap at a speed of 294 miles an hour. The return dash was clocked at 296 miles an hour, while the remaining two laps were done in 291 and 290 miles an hour.

The four dashes qualified the flier for the free-for-all speed contest to be flown here Labor Day.

Doolittle, 35-year-old Californian whose home is now at St. Louis, has long been a world known figure in aviation. He began flying in 1917 when he left the University of California to enlist in the Army Air Corps. His first big achievement was in 1922 when he made the first transcontinental crossing of the country in less than 24 hours, flying from Jacksonville, Fla., to San Diego. Since then he has become one of the peace time aces of the United States.

## Ayden Woman Laid to Rest

Ayden, Sept. 1.—Mrs. G. W. Dall, 68, who died here last night at 9:30 was buried today at 4 p. m. in the local cemetery. The funeral service was conducted from the late home by her pastor, Rev. R. F. Pittman of the Free Will Baptist church, assisted by Rev. E. T. Phillips.

Mrs. Dall was the wife of G. W. Dall, prominent citizen of Ayden, and before her marriage was Miss Mary Nobles of Winterville. She was a life-long member of the Free Will Baptist church and was very active in religious work until stricken with paralysis some years ago while making a speech in a religious convention at Marlboro, since which time she has been invalid.

She is survived by her husband; three brothers, J. N. Nobles of Winterville and W. A. and T. F. Nobles of Dover; two sisters, Mrs. Addie Jolly of Winterville and Mrs. W. L. Nicks of Ayden and a number of nieces and nephews. Mrs. Dall was the foster mother of two orphans: John Andrews, editor of the Ayden Dispatch and Mrs. Steve Eure both of whom survive her.

Active pallbearers were: R. W. Smith, Robert Worthington, M. M. Gauld, B. G. Prescott, C. K. Dunn and J. R. Smith.

## LARGE CROWDS AT REVIVAL BUSINESS IS LOOKING UP

### Large Congregations Have Heard Rev. Mr. Scarborough at Red Oak

Another large congregation heard the sermon delivered last night at Red Oak church by Rev. L. B. Scarborough who is continuing revival services at the church through this week. The services so far have been well attended and strong spiritual messages have been delivered at each service.

Taking his text for last night's sermon from Luke 16:19-31 Rev. Mr. Scarborough spoke on "The Silence of the Dead."

His message in part follows: Jesus met a social condition; He dealt with the superstitions of the day and with people who thought people communed with the dead. The parable of Lazarus will fit into many lives. It doesn't take money to cause one to neglect his duty; but one can be dead spiritually. We need more silent, quietly moving men, who will prove what they are by living it instead of trying to make a display.

Do people talk to the dead? No! If one is in hell he certainly can't come back and if in heaven he would not want to.

Discard superstitions and ignorance; some people are miserable because of so many traditions. Study the Bible and think more sensibly. There isn't any record where one was brought back after death except Lazarus and he couldn't trace back what was done.

Is heaven and hell physical or spiritual? Not physical; if it was we would perish, associated bodies would soul heaven and there would be physical limits. The spiritual side is the burning conscience, one has so much hell or his conscience is burning within him so that we have the illustration of the suicide to escape consciousness. There is little hope for a death bed conversion.

## Four Navy Fliers Killed in Crash

Colon, Canal Zone, Sept. 1.—(AP)—Four United States navy fliers were killed today when their plane crashed from 400 feet near the fleet air base.

The dead: J. H. Schmitz, 35, Brooklyn, N. Y.

W. F. Manthorn, chief radio operator, 32, Brockton, Mass.

D. R. Glaze, aviation ordnance man.

Burnham, 22, Binghamton, N. Y.

## Governor Roosevelt Is Ready For Campaign

Albany, N. Y., Sept. 1.—(AP)—With the presidential election still more than two months away, Governor Franklin D. Roosevelt is ready to step his presidential campaign into high gear.

When the governor boards a train twelve days from now for his Western speaking tour, his picture as the Democratic nominee, his close supporters feel, already will be indelibly painted in the minds of voters.

Since July 2, when he dramatically flew to Chicago to deliver his acceptance speech, events have kept Mr. Roosevelt constantly in the public eye.

"My campaign starts today," the governor told the Chicago convention which the day before had offered him the nomination. Since then, although actively campaigning only part of the time, Mr. Roosevelt's managers have seen scarcely a day go by without the name Roosevelt being thrust forward in an event of national interest.

In this his campaign differs from that of Alfred E. Smith, the Democratic nominee in 1928. Smith's campaign did not get actively under way until the middle of September. By the middle of this month Mr. Roosevelt will be swinging through the Western States.

During the first two months of his campaign the public has found the governor cast in various roles, as candidate, yachtsman, student of national and international affairs and, finally, as the judge in the Jas. J. Walker case.

At the half-way mark in his race for the presidency, Governor Roosevelt has made three major political addresses, at Chicago, Columbus, O., and Sea Girt, N. J., has enlisted the support of a group of men who strenuously opposed him at Chicago (Continued on Page Six)

## MRS. JENNISS MORRILL DEAD WEATHER MAN SETS RECORD

### Beloved Falkland Woman Passed Away Late Yesterday Afternoon

Mrs. Jenniss Morrill, 64, passed away at her home in Falkland yesterday afternoon at five o'clock following an illness extending over a period of six months. Funeral services were conducted at the home at 4:30 o'clock this afternoon by Rev. W. A. Lillycrop, rector of St. Paul's Episcopal Church, followed by interment in the Falkland cemetery.

Mrs. Morrill had been a resident of Falkland for more than 40 years and had taken an active part in the religious and social life of the community. She enjoyed a host of friends by whom she was much loved.

She is survived by her husband, Dr. Jenniss Morrill; two sons, Jenniss Jr., and David Lawrence Morrill; three brothers, Hassell and Peyton Mayo of Falkland, and Carey B. Mayo of Greenville; and four sisters, Mrs. W. H. Moore and Mrs. Anna Newton of Falkland, and Mrs. Maude Warren of Farmville.

Active pall bearers will be her nephews: William B. Morrill of Snow Hill, Sam P. Morrill of Wilson, Jennis Moore of Falkland, Carey Mayo, Jr., of Greenville, and Brown Mayo of Falkland.

Honorary pall bearers: F. C. Harding, J. C. Gaskins, W. H. Dail, B. S. Warren, Dr. C. C. Joyner, R. L. Davis, Dr. L. C. Skinner, Dr. E. B. Beasley, R. A. Fountain, J. T. Matthews of Palmyra, Ed Matthews of Washington, K. R. Wooten, G. H. Pittman, H. C. Smith and W. P. Bryan.

## Walker Attends Brother's Funeral

New York, Sept. 1.—(AP)—The mayor of New York, James J. Walker, wept beside the grave of his brother George today while his friends expressed deep concern because of his appearance.

The executive, who must again take up the defense of his administration before the governor tomorrow, was extremely pale and throughout the rites of his brother's funeral he appeared to be exerting great effort to save himself from collapse.

St. Patrick's Cathedral, seating 3,000 persons, was filled to capacity for the solemn high requiem which began at 11 o'clock. The great plaza in front of the church was crowded with persons unable to gain entrance.

Many notables attended. They included James A. Farley, chairman of the Democratic national committee, and Mrs. Farley.

Zepplin Completes Flight. Pernambuco, Brazil, Sept. 1.—(AP)—The Graf Zepplin arrived here today, completing the flight from Friedrichshafen, Germany, in three days.

Mollison Leaves For Quebec. Sydney, N. S., Sept. 1.—(AP)—Captain J. A. Mollison, abandoning his plan to fly back to England, took off today for Quebec where he will start for home by steamship.

## FARM STRIKE MORE SERIOUS FRANK S. HILL NAMED JUDGE

### Farmers Out to Get Men Who Wounded Fourteen Pickets Early Yesterday

Cherokee, Ia., Sept. 1.—(AP)—Upon reports that 200 farmers holiday adherents were gathering at Walnut Grove with the avowed intention of coming here for five persons they said were responsible for shooting 14 pickets, Sheriff Tiltin today stationed 75 armed deputies in the courthouse to guard against trouble.

Leaders of the farmers' holiday workers, who seek higher farm prices by preventing marketing of goods, declared they had eight witnesses to the shooting early yesterday when nine men in two speeding automobiles raced through picket lines and fired on the farmers with shotguns and rifles, wounding 14.

The leaders said five men allegedly concerned in the episode are known to the witnesses and that the group planned to march on Cherokee to "get" the assassins.

Yesterday a delegation from the pickets met with business men and officials and were promised an investigation of the shooting.

Rodman telephoned Governor Dan Turner, he said, and quoted the governor as saying he was in close touch with the situation and asked to be advised concerning developments.

Rodman said that "all persons known to have been members of a mob that stormed the courthouse Monday will be subjected to the grand jury on all possible charges including criminal conspiracy and criminal syndicalism."

Developments today renewed the tension felt here Wednesday, when a group of farmers congregated at Pierson, 30 miles southwest in Woodbury county, and sent a delegation to wait on the officials.

The authorities, after promising a probe of the shooting, declared they would countenance no more barricades in Cherokee county highways, a demand to which the "strikers" said they would accede.

However, 40 pickets were stationed on highway 31 southwest of this (Continued on Page Six)

Shelby, N. C., Sept. 1.—(AP)—Frank S. Hill, of Murphy, was a special Superior Court judge today, appointed by Governor Gardner to fill one of four vacancies on the Superior Court bench.

Governor Gardner, in making the appointment last night, said Mr. Hill supplies the section from which Judge Cameron McRae, came. If should feel it necessary to appoint another judge, he will be named from the Piedmont or central section of the State.

The recent sudden death at Fayetteville of Judge McRae, of Asheville, brought the Superior Court vacancies to four and the appointment of Hill was in aid to fill one of them.

A statement was issued by the governor as he made the appointment, and in it he said he had made the move "after careful consideration."

Mr. Hill possesses all the qualifications for this important office, and he comes highly recommended," the statement said. "He is a young man of unquestioned character and ability. In addition to his (tness, he (Continued on Page Six)

## Important Discovery Made During Eclipse

(By HOWARD W. BLAKESLEE Associated Press Science Editor) Boston, Mass., Sept. 1.—(AP)—One important radio discovery, several new scientific feats, and some queer human experiences, summed up today the accomplishments of the fifty-two total eclipse expeditions.

Clouds completely ruined the work of more than half the largest expeditions.

Clouds completely ruined the work of more than half the largest expeditions, but a few had perfect views.

Two persons were reported so frightened at Island Pond as to require medical attention.

A disquieted sight-seer at another big eclipse expedition camp, where clouds dimmed the orona, dropped his eye shield and worked a cross-word puzzle during "totality."

The "cows came home" for milking at a number of farms. Flocks of birds got wildly excited, then calmed down and dived from sight, evidently putting up bird-fashion for the night.

## FRANK S. HILL NAMED JUDGE

### Murphy Man Appointed to Fill One of the Four Vacancies on Bench

Raleigh, N. S., Sept. 1.—(AP)—Special Judge Frank S. Hill, of Murphy, whose commission was forwarded him today after his appointment by Governor O. Max Gardner late yesterday, will hold his first court in Stanly county.

Judge Hill was ordered today to start a two weeks' term of special civil court at Albemarle September 5. This assignment came through a three-cornered exchange of courts which sends Judge Clayton Moore to Albemarle for the same two weeks and Judge M. V. Barnhill to Durham for the same period.

Judge Michael Schenck was commissioned to hold two weeks of court in Wake starting September 19 and Judge N. A. Sinclair was sent to Watauga and Burge for the same period.

## SEVERAL CASES GIVEN HEARING IN COURT HERE

### Grand Jury Fails to Find True Bill Against Mrs. Annie Ballard

The Pitt County Grand Jury yesterday afternoon failed to find a true bill against Mrs. Annie Ballard indicted on a charge of aiding in arson. The charge against Mrs. Ballard grew out of the alleged firing of a house here sometime ago by her now deceased husband, G. H. Ballard. At the time of Ballard's arrest on the charge, Mrs. Ballard was indicted as aiding in the alleged crime. Shortly after being released on bail pending trial, Ballard left the state forfeiting his bond. Later it was reported that he died suddenly in Georgia.

The failure of the grand jury to find a true bill against Mrs. Ballard brings to a close one phase of a series of court trials and cases in which the Ballard's have figured during the past twelve months.

Cases disposed of in criminal court here yesterday afternoon and this morning were as follows:

Hoyt Summers was given 12 months on the county roads on a charge of breaking and entering. Walter Ebron tried on the same charge, was found not guilty.

Francis Hardee, charged with assault was adjudged not guilty.

Charles Bryant and Don Bryant faced a charge of larceny of corn from Clarence Taylor. Don Bryant pleaded guilty and was sentenced to eight months on the roads. Charles Bryant was adjudged not guilty.

Perry Wilson and Leroy Tyson, colored, faced a charge of secret assault upon another negro. Tyson received a sentence of 12 months on the roads, while Wilson was given four months to be added to the four years he was sentenced yesterday on a charge of shooting his wife.

V. W. Heath was charged with procuring gasoline from a filling station and then running off without paying for same. He was given a 12 months sentence, to be suspended provided he pay the costs and pay for the gasoline.

The case against T. H. Barnhill, aged farmer of the Bethel community, charged with the murder of his ward, Jesse Barnhill, to collect his life insurance, was scheduled to be called during the afternoon session and will probably take the rest of today and a good part of tomorrow in the hearing.

## Tropical Storm Losing Its Force

Mobile, Ala., Sept. 1.—(AP)—The Government Weather Bureau here said today the tropical disturbance which blew in from the Bahamas struck southwest of Mobile between 1 and 2 a. m. this morning and was moving in a north-northeasterly direction with greatly diminishing force.

The wind reaches its highest velocity of 52 miles an hour in Mobile proper between 11 o'clock and midnight. The Bureau announced, leaving only slight damage. No loss of life was reported and the greatest damage was caused by falling limbs blown from trees. A few windows were smashed.

The barometer went up from 29.21 at 1:45 p. m., to a reading of 29.47 at 7 a. m.

At Bayou La Batre and Coden, fishing centers in the southwest part of the county, a high tide had sent a sheet of water over streets this morning. High winds hit Bayou La Batre during the night, but little damage was reported.

Mobile River, which empties into Mobile Bay, was running high this morning with sections of the water-front submerged.

## McAdoo - Tubbs Win Nominations

San Francisco, Sept. 1.—(AP)—William Gibbs McAdoo, member of the Woodrow Wilson Cabinet, and Young Tallant Tubbs, San Francisco rope manufacturer, will be opponents in the November election for the California State seat held by Samuel M. Shortridge, Republican.

With only 336 precincts unrecorded of the State's 10,831 returns from Tuesday's primary indicated definitely the nomination of Tubbs, Republican, and McAdoo, Democrat, and the defeat of Shortridge, for 12 years California's junior senator. More than half the State's record number of 2,665,000 registered voters participated in the primary.

All but one incumbent Congressman seeking renomination appeared safely ahead of opponents, and that one, H. E. Barbour, was only eleven votes behind Glenn M. De Vore for the Republican nomination by unofficial count with one precinct missing.

Tubbs is an advocate of elimination of the Eighteenth Amendment from the Constitution. McAdoo is running strictly on the Democratic national platform, in which there is a repeal plank.

Tubbs is only 35 years old. McAdoo is 68. Tubbs started his political career in the State Senate when 25 years old.

## Mrs. Delia White Died Yesterday

Mrs. Delia Ann White, 94, died yesterday afternoon shortly after 1 o'clock at the home of her daughter, Mrs. Heber Evans, near Cox Mill. Funeral services were conducted at the home this afternoon at 2 o'clock by Elder W. H. Laughinghouse, followed by interment in the family burying ground.

Mrs. White had made her home with her daughter for some time and was well-known in the community. She is survived by her daughter, Mrs. Heber Evans, and a son, Louie White, also of the Cox Mill community.

## CONFESSES ROBBERY OF PINE LEVEL BANK

Smithfield, Sept. 1.—(AP)—In jail today here with three other men, Ralph Barbour had confessed he robbed the Bank of Pine Level Tuesday.

He led officers to his mother's home where he delivered \$703 of the \$800 stolen from the bank.

John Hamilton, Rupert Wilson and Victor Wallace, the other three held, will be charged with aiding and abetting in the robbery, officers said.

**John A. Staton** of Bethel, and **Bob Keel**, manager of the Staton farm on highway number 11 near Bethel, yesterday entertained a number of friends and all the Staton tenants at a harvest festival at the Staton farm.

With the completion of the tobacco curing on the farm, Mr. Staton said, and with good cotton and other crops in the offing it was suitable that the occasion should be celebrated by those who had had a part in it and thanks to the Almighty that through His goodness a harvest was possible.

The celebration feast yesterday consisted of a barbecue dinner with all the usual trimmings and the occasion was greatly enjoyed by all those attending including a number of Mr. Staton's friends from Greenville.

## Shallow Water in Pool Tomorrow

The water in the Westbrook swimming pool will be shallow again tomorrow and ideal for the youngsters. **Manager C. W. Porter** announced this afternoon. While there has been a considerable drop-off in the crowds at the pool in the past few weeks, this warm weather for the past few days has caused much increase in the number of daily attendants. The pool will remain open but a short time longer, and if your child has not already learned to swim this summer, don't put it off any longer. Let the children visit the pool tomorrow.

## Accepts Resignation

**Washington, Sept. 1.**—(AP)—President Hoover today accepted the resignation of **Hanford MacNider** as American minister to Canada.

## Makes Record Score

**Camp Perry, Ohio, Sept. 1.**—(AP)—A target score rarely equalled was chalked up yesterday by  **Homer H. Jacobs** of Dayton, Ohio, in winning the **Camp Perry** individual small bore contest of the national rifle matches. Jacobs scored 298 out of a possible 300, getting 100 points at 50 yards, 99 at 100 yards and 99 at 200 yards.

## ROTES LOSE TO KIWANIANS

The Greenville Kiwanis Club baseball team won its second straight victory over the Greenville Rotary Club team yesterday afternoon at the Third Street school park, the score being 21 to 10. The game, played for the benefit of the local Salvation Army unit, attracted only a very small crowd due to the excessive heat.

**President Kinch Cobb** started on the mound for the Rotarians and was touched for twelve runs and fourteen hits in the first inning, seventeen men going to bat in the merry-go-round. **Howard McGinnis** pitched the second inning, yielding four hits and three runs. **Wayman**, in the star pitcher of the Rotarians in the game two years ago, twirled the last five innings, giving up eight hits for a total of six runs.

**President Guy Smith** twirled the entire seven innings for the Kiwanians, allowing four runs in the first, one in the sixth and five in the seventh, blanking the Rotes in the second, third, fourth and fifth innings. The twelve hits were well scattered with the exception of the first and seventh. Two fast double plays, **Berry Bostic** to **Duncan** to **Futrell** and **Bostic** to **Futrell** to **Massey**, fast fielding by **Dave Moore** in center field, and the all-around work of the Kiwanis infield, helped **President Guy** pull through with an easy victory. **Moore** made a circus catch of a hot drive off the bat of **Roebuck**, **Rotary** catcher, **Lebron Spence** made a nice catch in center for the Rotes.

Home runs were made by **Conley**, **Clyde Bullock** and **Roebuck**. **Roebuck** also made a triple and a single to feature the stick work of the Rotes. For the Kiwanians, **Captain Joe Taft** made three hits out of four times at bat, and **Donald Conly** made four out of four to feature the Kiwanis hitting.

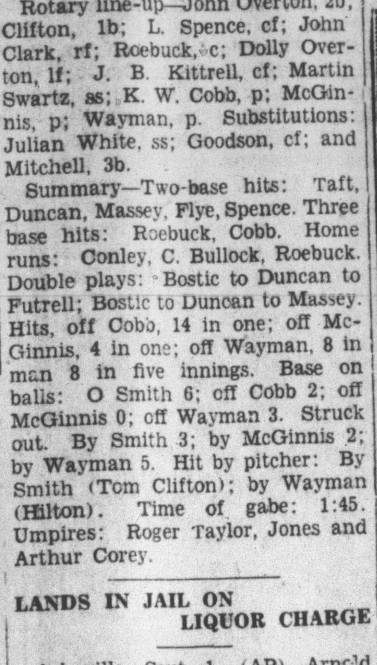

The most of the comedy came in the last inning when **Charles Fife** hit a home run and was called out when he circled the bases via third base instead of first. Not to be outdone, **President Cobb** came to bat in the last of the seventh, and after teasing **President Guy** by his antics at the plate, finally came across with a hit to right field which went for a triple when the ball was lost in the high weeds.

The score by innings, line-ups and summary follow:

Greenville Kiwanis—	R. H. E.
(12) 34 110 1—21 25 4	
Greenville Rotary—	
4 00 001 5—10 12 7	

Kiwanis lineup—Taft, 2b; Duncan, ss; Conley, 3b; Fife 1b; Moore, cf; Futrell, 1b and 3b; Massey, 1b; Hill, rf; Bell, rf; Clyde Bullock, cf; Guy Smith, p.

According to persistent requests, the manager of a local store has installed eight hitching posts and a watering trough in a vacant lot back of the building.

## Named Eclipse

**New York—Keepers** don't have to think long before finding a name for a 15-pound baby Yark born at Central Park zoo during the eclipse yesterday. They promptly named him "Clipsie."

## Went Up in Smoke

**Sydney, Australia.**—Perhaps the moral of this: Wives shouldn't hold out on their husbands. A **ballarat** man lit a cheerful grade fire as a favor to his wife, who was out shopping. When she returned she screamed. She had been using the grate as a savings bank and twenty-five pounds she had put aside for a fur coat had gone up the chimney.

## Dark Dog Day

**Charlotte, N. C.**—Eclipse day was "dark dog day" to old-time Southern negroes. The title apparently originated from eclipses during "dog days." Old negroes say it means bad luck and "folks should stay in the house all day."

## Sea Gulls' Eggs

**London.**—Hostesses here are serving sea gulls' eggs instead of plovers' eggs, recently forbidden as a table delicacy by law. They have shells so thin that they must be hard-boiled before shipping.

## Eclipse For Prisoners

**Danmora, N. Y.**—Clinton prison officials figured that some of the convicts might take advantage of the astronomical stir and depart. So every inmate went into eclipse in a locked cell while the moon was gnawing away at the sun.

## Peas Too Small

**London.**—The pea of peas caused a crisis in the pea-shelling profession. Sixty of seventy shellers in **Covent Garden** market went on strike because, they said, peas are much smaller this year, and it therefore takes them much longer to earn their tuppence per quart.

## Return to Work

## Beauty and Health Depend on Minerals

Science Discovers that Health, Beauty and Life Itself Depend on Proper Mineral Balance of the Body

**Beautiful Skin Sparkling Eyes Health and Beauty All Depend on Mineral Balance**

**Lack of Sufficient Minerals and Vitamins Destroys Health and Brings on Untold Pain and Suffering.**

No man, woman or child can look their best, feel well and strong and enjoy life, as God intended, unless the Mineral content of the body is kept in proper balance. This fact has been proven conclusively.

**FOODS DEVITALIZED**  
Modern methods of refining foods rob them of much of the Mineral content so necessary to health. Poor cooking and unbalanced diets are another source of trouble. The body is starved for the essential Minerals and Vitamins. Soon we suffer with indigestion, constipation, headaches, nervousness, pimply skin. We lose weight, feel tired and listless, fail to get enough sleep. Health deserts us and we wonder why.

**NATURAL WAY TO HEALTH**  
After years of research, a new and remarkable formula has been perfected that supplies the body with the essential Minerals. This preparation is not a "patent" medicine but a scientific blending of Minerals and Vitamins that aids Nature in quickly balancing the mineral content of the body, clearing away intestinal poisons and building new strength and vitality.

**ARE YOU REDUCING? If so, you need Minerals to keep you strong and well.**

**LEE'S MINERAL COMPOUND With Vitamins The Foundation of Health**

**NOW YOU, TOO, CAN ENJOY Health, Strength and Vigor of Youth, Eat with a Keen, Hearty Appetite, Enjoy Sound Refreshing Sleep, and Feel Like Yourself Again.**

**MAKE THIS 10 DAY TEST Convince Yourself!**

Stop doing yourself with "patent medicines," harsh purgatives, oils and cathartics for just 10 days. Go to your nearest Druggist and secure a bottle of LEE'S MINERAL COMPOUND. Take it regularly, and watch the results. You'll be amazed at the feeling of renewed strength and vigor that soon appears. No narcotics or alcohol to "boost you up" but a natural method of restoring health and energy.

ABOUT TOWN

OURS STILL BEST

With all the conferences regarding the cost of electrical energy in the various cities of the state and the publication of the comparative rates, we are still of the opinion that municipal ownership, as in our own case, is the best and cheapest.

While on many occasions we have gone fully into a discussion of the water and light situation here and the advantages offered by our system, there are always those who differ in the opinion. It is not our idea at this time to go over all this again but the recent publication of the comparative rates gives our people something to be thankful for and we pass the latest figures on to our readers in order that they might know just where our city stands in comparison to others in this state with regard to electric rates.

Here are the latest figures:

Talking about boosting our town of Greenville—look at that nice ad in the Water and Light Department had in Sunday's News and Observer. It is revenue-producing; but this department is deriving a large amount of its revenue from sources in direct competition with some of Greenville's taxpayers. How many towns in North Carolina operate in direct opposition to its taxpayers?

This article refers particularly to water and light's invasion of the electrical field such as the sale of appliances, fans, electric clocks, etc. How many business firms in Greenville handle electrical appliances? We assure you there are quite a few of them. If water and light is to continue in the merchandise field against some of Greenville's taxpayers, why not make it equal and have them operate against other merchants, too? They could put in some beds and run a hotel, could sell men's furnishings and ladies'

Nothing Venture

By PATRICIA WENTWORTH

SYNOPSIS: Nan struggles to make her husband, Jervis Weare, believe his life is in danger from a plot between Robert Leonard, a distant connection of Jervis' and a taxi driver. He scoffs at her fear and resents her hint that the plot is a sequel to Rosamund Carew's attempt to secure Jervis' large inheritance for herself, as she might have had had not Jervis married Nan on a few hours notice. To Jervis Nan is a business proposition yet she loves him madly.

Chapter 10

TERRIBLE SUSPENSE Nan knew very well what would happen to Jervis Weare's property if he died without children. Everything would go to Rosamund Carew—Rosamund Veronica Leonard Carew. She had typed old Ambrose Weare's will, and she remembered its provisions. If Jervis wasn't married within three months and a day of his grandfather's death, everything went to Rosamund. And if Jervis died without leaving a child, everything went to Rosamund. Rosamund Veronica Leonard Carew. Nan was unshaken in her conviction that she had heard Robert Leonard arranging for an accident to happen to Jervis. Perhaps Rosamund didn't know. She had gone on into the house, and Robert Leonard had come back to speak to the driver. A faint cold shudder ran over Nan. Rosamund Carew couldn't know.

She began to walk, and came out of the ferry house. What was she going to do next? There wasn't anything for her to do. The affair had passed out of her hands. She had warned Jervis, and he didn't believe her. Yet a man who has been warned can never go back to where he was before the warning. The weight that had been upon her lifted.

She began to think about the evening. If she need not be frightened about Jervis, how frightfully exciting it would be to look forward to dining at the Luxe with Ferdinand Francis. How extraordinary to meet him after all these years! She had always wondered whether she would know him again.

She got into a bus and sat there thinking how strange life was, and how interesting. Ten years ago Ferdinand Francis, walking on Croyston rocks, had chanced on an unconscious young man and a frantic child of twelve. She shut her eyes and saw the rocks, the low grey sky, and the sea coming up, coming nearer, with its frightful irresistible force. It was a picture that had never faded. Like the scar on her arm, it no longer hurt.

Then Ferdinand and the high, kind voice with its unfamiliar accent going right on through her half-consciousness. She was met terribly pleased to have met him again. But not for the world was he ever to guess that they were meeting again. A grown-up Mrs. Weare, couldn't possibly evoke any memory of the half-drowned child of ten years ago.

Nan got out of the bus. If she was going to dine at the Luxe it was quite certain that she must buy herself a dress for the occasion, and she knew just what dress she was going to buy. She had bought for Cynthia, and had resisted the temptation to buy for herself; but there had been one temptation which it had been very difficult to resist.

She opened the door of the shop. Suppose it was gone. The pleasant dark girl, who had been so interested in Cynthia came forward. Nan had a sudden idea. "May I telephone?" "Oh, certainly."

She gave Mr. Page's number, and then had a nervous reaction. Suppose Villiers didn't answer the telephone. She heard the click of the receiver, and the voice of Miss Villiers. "Hello!"

Nan felt a difficulty about giving her name. She said quickly, "Oh, Villiers—don't tell anyone I rang up. I only wanted to know if Mr. Weare had arrived." "Just come, dear. Yes, that's all right."

"Oh, thank you!" said Nan. A feeling of happy relief bubbled up in her.

She rang off and turned to the now all-absorbing question of the grey dress. She put it on and looked, half frightened, at her own reflection.

"I'm going to a rather special party tonight," she said to the nice dark girl. "Well, you couldn't have anything that suited you better," she said.

She bought the dress, and the coat that went with it, heard the amount of the bill without a tremor, and wrote the first check on the account which Mr. Page had opened in her name. It was not only the first check on the new account, ready-to-wear; a drugstore would be a good idea, and gee whiz, couldn't they make something out of tobacco? Tobacco is selling some better this year than last, and just think of tobacco's revenue-producing power. They might even run a newspaper.

Folks, some of our tax-paying merchants are getting quite perturbed at water and light's invasion of their field; believe it or not. Do you blame them?

# PITTSBURGH PIRATES ARE BUSY AGAIN

**By ORLO ROBERTSON**  
(Associated Press Sports Writer)

The Pittsburgh Pirates, fighting to hold their runner-up position in the National League pennant race are away on another winning streak.

They accounted for their fifth consecutive victory yesterday when Captain Pie Traynor parked a home run in the bleachers with Comorsky aboard to defeat the Braves 2-1.

The Chicago Cubs ran their winning record to 12 consecutive games in a wild 10-9 decision over the New York Giants. The Giants chased Lon Warneke, the league's leading hurler, to the showers in the first inning only to have the Cubs tie the count in the ninth when Kiki Cuyler singled, scoring Demaree.

The Giants came right back with four runs, thanks to Guy Bush's wildness, but Mark Koenig and Cuyler teamed to give the league leaders five in their half of the frame. Koenig hit a homer with two out and then with two mates on base. Kiki came through with a four base blow.

The Dodgers took two from the Reds, winning the opener 7-1 behind the four-hit pitching of Bill Clark and the nightcap 11-10.

In the American League the Tigers broke Tony Freitas' winning streak at ten straight, when Elton Hoggsett hit two homers and Gehriginger one to defeat the Athletics 5-4.

The Washington Senators completed their sweep of a three-game series with the Browns, winning 7-6 with the aid of some hard and timely hitting and six St. Louis errors.

All other teams were idle.

# FIRST YEAR STARS BOON TO COACHES

**By DILLON GRAHAM**  
(Associated Press Sports Writer)

Atlanta, Sept. 1.—(AP)—A bumper crop of first year stars moving up to varsity ranks next month may make Southern Conference football coaches forget some of their woes brought on by the graduation of senior veterans last June.

Every team in the conference uncovered freshman aces last season and experiments during the spring training showed that several would fit well into the first string lineups this fall.

Tulane, the conference champion of a year ago, expects aid from three players—John McDaniels, quarterback; Robert Tessler, tackle; and J. E. Lofton, fullback. McDaniels, especially may see service since quarterback owell Dawson who guided the Green Wave for two years, is missing.

Coach Frank Thomas at Alabama one of the favored teams in the coming campaign, likes the looks of two halfbacks, Bill Rhordanz and Millard Howell. Rhordanz is more than six feet tall and weighs 190. Howell is small and fast and a crack punter.

Meredith Urlick, a six foot, 170-pound halfback, appears a sure starter for V. M. I. Urlick is one of the fastest men on the cadet squad and has a nice change of pace.

A young sophomore quarterback, Harold Mauney, may prove of real value to Coach Billy Laval at South Carolina. He showed much noise in the spring practices.

Earl Widmyer of Maryland probably will be the fastest halfback in the south. He was beaten by a step by Emmett Toppina, the Loyola speedster in the 100 meter Olympic try-outs at Boston some months ago.

Up at North Carolina State the football enthusiasts are predicting a bright future for Ray Rex, husky sophomore fullback, while Captain Bill Jones of Louisiana State has a speedy halfback in George Bowman, whose brother Sidney, was a football and track state for three years at L. S. U.

Boy Neyland, Tennessee coach, believes Murray Warmeth will be a sure starter at one of the end positions for the Volunteers. Ralph Gardner, son of Gov. O. Max Gardner of North Carolina, will be a center candidate at the Tar Heel camp.

## TRUSTEE'S SALE OF RESIDENTIAL PROPERTY

By virtue of power vested in me by that deed of trust which was executed to me on the 11th day of September, 1930 by Roy B. Kittrell and wife, Maggie N. Kittrell, and which appears of record in Book L-18 at page 219, of the register of deeds' office for Pitt County, default having been made in the payment of the bond therein secured and in other stipulations therein required, I shall offer for sale at public auction in the Courthouse door in the Town of Greenville, N. C., at 12 O'clock Noon on

**Friday, September 16, 1932**

the following described parcel of real estate, lying, being and situate in the Town of Greenville, Pitt County, State of North Carolina, to-wit:

Lying and being in the Town of Greenville, and being Lot No. 3 in the plot of land formerly owned by W. H. Long, plat of which appears in Map Book 2, at page 103, of the Pitt County Registry, and more particularly described as follows: Beginning at a point on the North side of Fourth Street, one hundred (100) feet from the intersection of Fourth and Reade Streets, and runs thence fifty (50) feet with the northern line of Fourth Street to a stake; thence in a northerly direction, and parallel with Reade Street one hundred and thirty-three (133) feet to a stake; thence in a westerly direction, and parallel with Fourth Street fifty (50) feet to a stake in the line of Lot No. 2; thence in a southerly direction, along the line of lot No. 2, one hundred thirty-three (133) feet to the beginning on Fourth Street, and being the same parcel of land that was conveyed to the said Roy B. Kittrell by J. C. Lanier by deed duly recorded in the register's office for Pitt County in Book S-13, at page 57, and also being the identical lot set out and described in the deed of trust aforesaid executed by Roy B. Kittrell and wife to Albion Dunn, Trustee, of record

in Book L-18, at page 219 of the Pitt County Registry.

A ten per cent (10) deposit on the amount of the bid will be required of the successful bidder pending confirmation of the sale.

This the 16th day of Aug., 1932. Albion Dunn, Trustee.

## SECRETS OF WAR CHEMISTRY DISCLOSED

EXPLOSIVES, FERTILIZERS AND OIL MADE FROM AIR, WATER AND COAL BY HYDROGENATION

It is now revealed that in the discovery of "hydrogenation" Germany's ability to "carry on" may be explained. Hydrogenation provided for an unlimited supply of explosives and fertilizer. It even promised a solution of the oil problem.

## STANDARD OIL ACQUIRES HYDROGENATION

The development of the process of hydrofining (the catalytic hydrogenation of petroleum) to make motor oil is generally regarded as of the greatest importance to the oil industry and to the world.

The American rights to the process of hydrogenation have been acquired by the Standard Oil Company (N.J.) from the I. G. Farbenindustrie of Germany. (Copr. 1932, Esso, Inc.)

# HYDROFINED OIL REPLACES

## "STANDARD" MOTOR OIL

Essolube, the only hydrofined oil, is now available to every motorist at the price of ordinary motor oils.

This oil is a result of the great hydrogenation discovery. Hydrogenation of atmospheric nitrogen was the chemical secret that enabled Germany to produce unlimited quantities of explosives and thus to "carry on" years after the experts considered her continued struggle impossible.

Hydrofining, developed by the Standard Oil scientists, is an advanced process which makes the hydrogenation of motor oil commercially possible.

Hydrofining gives Essolube all the five essential qualities for complete lubrication.

Paraffinic oils have three of these essential qualities. Naphthenic (Asphaltic) oils have two of them. Essolube, by hydrofining, combines

all five qualities. There has been no commercial method before hydrofining that could combine in one lubricant the good qualities of these two types of oil.

Essolube is so superior to all other oils that we are not only proud to name it after its companion product in quality, Esso, "more powerful than any gasoline," but we have replaced the widely known "Standard" Motor Oil with this new product.

Hydrofined Essolube sells at no extra cost.

It is on sale at all stations and dealers of the following companies: Standard Oil Company of New Jersey, Standard Oil Company of Pennsylvania, Standard Oil Company of Louisiana, Standard Oil Company, Incorporated in Kentucky, Colonial Beacon Oil Company, Inc.

# Essolube

FREE BOOKLET—"Essolube, A Five-Star Motor Oil," gives you the story of the great hydrofining invention which makes Essolube possible. Ask for it at your "Standard" station.

## NOBEL PRIZE TO DR. BOSCH AND BERGIUS

### HYDROGENATION SCIENTISTS GET HIGHEST HONOR

Announcement of the division of the 1931 Nobel Prize for chemistry between Dr. Bosch and Dr. Bergius, both of Heidelberg, Germany, brings before the world the story of what is perhaps the most important single achievement of modern industrial chemistry—the fixation of hydrogen to reproduce by synthesis a variety of natural basic products of enormous commercial importance.

Although not collaborators, and only by chance both residents of this same ancient seat of European learning and romance, the activities of these two scientists followed converging lines almost from the beginning of their labors, and from the standpoint of chemical industry merged in the achievement of commercial hydrogenation of a new type.

## Cotton--Stocks--Grain

### New York Cotton

New York, Sept. 1.—(AP)—Cotton futures opened steady, 8 to 12 points higher on steadier Liverpool cables and less favorable weather.

There was trade buying as well as covering promoted by nervousness over the Gulf storm which was reported central between Mobile and Meridian, Miss., this morning. The demand was supplied by further realizing or liquidation, however, and after the first wave of buying had been supplied, prices broke sharply.

December contracts which had advanced to 8.63 sold off to 8.40, with the general list showing net losses of about 7 to 10 points at the end of the first half hour. Some of the early buyers seemed to be re-selling on the setback. Trading was fairly active, but the volume of business was smaller than recently. A private crop report was published placing the condition of the crop at 54.2 and the indicated yield at 11,373,000 bales.

Liverpool cable reported liquidation and hedging in that market and said the uncertainty of deliveries was restricting business in cotton cloth.

The decline from the opening advance extended to 8.37 for December, making net losses of about 10 to 13 points.

Offerings were absorbed by covering or trade buying around these figures and prices steadied later when there appeared to be some buying for a rally following the decline of about 120 points from the high levels of last Monday.

At midday the market was steady with the more active months about 3 to 7 points net higher. According to reports reaching the trade, the Gulf disturbance which moved inland last night showed diminishing intensity, but another disturbance was reported, central about 150 miles northwest of Puerto Rico and moving west-northwest.

### Grain Market

Chicago, Sept. 1.—(AP)—Wheat was unsettled today by further liquidation of the September delivery, induced by unexpectedly heavy deliveries of 5,729,000 bushels of contracts. Support appeared on all grades and at one time the market was a fraction above the finish yesterday.

Reports of export bids for winter wheat around 1-2 cent off a working basis were ignored because of Canadian and Russian grain of freed chapter. Corn was also subject to switching of lines with cash houses buying September and selling December futures. Oats showed independent strength. Provisions followed hog.

### Stock Market

By CLAUDE A. JAGGER (Associated Press Financial Editor) New York, Sept. 1.—(AP)—The stock market simmered down to a quiet professional trading affair today, with bulls easily dominating the situation.

Selling quickly dried up after the first hour, and a number of shares rallied to show net advances of 1 to 4 points. What looked like professional bullish activity was in progress in a number of minor issues, but the market was obviously restricted by the approach of the holiday week-end.

The improvement in cotton and tobacco prices made for a friendlier feeling toward some Southern issues. Gulf States Steel, Louisville and Nashville, and Atlantic Coast Line rose about 2 to 4 points to new highs for 1932.

Rails generally were higher, with Union Pacific, Santa Fe and Pennsylvania up about 2. Westinghouse rose more than 2 points to a new high and miscellaneous issues up 2 to 3 included Colorado Fuel and Iron, Allied Chemical, Case, Liggett and Myers "B," Gotham Cilk Hosiery, and others. Gains of a point or so appeared in such issues as U. S. Steel, American Telephone, Consolidated Gas, International Harvester, Union Carbide, Radio United Aircraft, and others. Losses of a point or so in some of the leaders in the

first hour were quickly erased. Market activity in some of the eastern rails was accompanied by gossip over prospects of completion of the four-system merger plan. In some usually well-informed railroad quarters, however, the view was expressed that some of the gossip was too optimistic. While it was felt that real progress was made at yesterday's meeting of executives, there are still some knotty problems to be ironed out. One of the most frequent rumors has been that Delaware and Dodsdon Company was a large buyer of New York Central and Lackawanna, but this has been repeatedly denied. D. & H. is left independent in the merger plan.

### No Pay Checks for Solons in Alabama

Montgomery, Ala., Sept. 1.—(AP)—The glory in statesmanship was the only compensation Alabama legislators could find for their services today for the state treasury is bare and their salaries, to say nothing of running expenses were not forthcoming.

They tried to negotiate a loan from the First National Bank of Montgomery for actual expenses, but the negotiations struck a snag. S. H. Bian, state treasurer, said the state coffers are about empty.

### OFFERS TO LEASE FIRE DEPARTMENT

Jacksonville, Fla., Sept. 1.—(AP)—The Jacksonville city commissioners want it understood the fire department is not for lease.

They turned thumbs down on a proposal, presented by John E. Teate in behalf of an unnamed person to lease the department and operate it privately.

Teate said the man represented believed he could take over the fire department and operate it at less expense than the city does.

"I never heard of such a thing before," said Commissioner Fred M. Valz. His motion that "we give a positive answer of 'No' right here and now," was adopted.

### FRANK S. HILL NAMED JUDGE

(Continued from Page One) is a native of Cherokee County, a county that has never, in its long history, furnished a State officer.

For ten years he was a law partner of the late Horn John D. Dillard, for many years a leader of the bar in Western North Carolina. Mr. Hill has been active as a trial lawyer and has made many appearances before the Supreme Court. He has been strongly recommended by the bar and a number of Supreme Court judges and leading citizens throughout the State.

"It affords me real satisfaction to have an opportunity of recognizing the far west, a very important section of our state, by the appointment of this able and distinguished representative."

### GOVERNOR ROOSEVELT IS READY FOR CAMPAIGNING

(Continued from Page One) and has held numerous conferences with leaders in business, labor and international thoughts. Besides this he has groomed Lieutenant-Governor Herbert H. Lehman for the Democratic gubernatorial nomination, and has devoted many days to the Walker case.

Early in the summer the governor prepared himself for the busy weeks ahead, relaxing on his week's yachting trip from New York to New England.

Then, between studying the Walker case and several hundred thousand words of testimony taken by the Hofstadter legislative committee, posted him on many national affairs, political and otherwise.

Among his guests have been Governor Albert C. Ritchie, of Maryland; Melvin Traylor, of Chicago, "dark horse" at the Chicago convention; Owen D. Young, Vincent Astor, and four men who were strong supporters of Alfred E. Smith, at Chicago—Governor Joseph B. Ely, of Massachusetts; Mayor Frank Hague, of Jersey City; Senator David I. Walsh of Massachusetts, and Herbert Bayard Swope, former New York editor.

To the conference list was added yesterday the names of Richard Washburn Child, former Ambassador to Italy, a Republican and a friend of Mr. Herbert Miles, of the Fair Tariff League, and Mr. Swope.

### IMPORTANT DISCOVERY MADE DURING ECLIPSE

(Continued from Page One) Fate was kindest of all to the Japanese expedition from the Tokyo Imperial Observatory under Professor Okuroh Okawa. They came the longest distance of any expedition and selected Barlett, N. H., for their site.

But bad luck prevented them from reaching Barlett, so they settled down at Riferd, Maine. There the seeing was perfect, while Barlett was in the middle of the cloudy belt where numerous important expeditions had their hopes wrecked.

Two eminent astronomers charged that the "celestial express," the moon's shadow, was late. Two or three seconds behind schedule, said Dr. Frederick Sloum of Wesleyan University, observing Center Conway, N. H.

Ten seconds late, said Dr. Philip Fox, director of the Adler planetarium, Chicago, who observed at Island, Vermont.

### FARM STRIKE IS BECOMING MORE SERIOUS

(Continued from Page One) city, and 21 took up their posts on another road south of here.

Des Moines, Sept. 1.—(AP)—The farmers' war for higher produce prices was officially suspended for a nine-day period today, but an air of tenseness still hung over the affected areas as news of the truce permeated the Midwest.

Som farmers, who have been picketing highways in an attempt to keep all farm produce off the markets, were evidently inclined to accept the suspension, while others continued at their posts and stopped trucks trying to run blockades.

The order for the truce was issued by Milo Reno, president of the National Farmers' Holiday Association. It stipulated that activity should cease until after the conference of mid-western governors at Sioux City, Ia., September 9. Plans for the conference, which will seek to arbitrate differences between producers and buyers and plan legal methods of increasing farm prices, were going forward today.

Omaha, Sept. 1.—(AP)—Nebraska's striking farmers continued to picket two main highways leading into Omaha from the west today.

The forces were small and no violence reported. Deputy sheriffs patrolled the road to escort any trucks that might need help into the city.
