EVANS WARNS OF DANGER OF HIGH PRICES

Farm Director Says Improved Trend For Cotton and Tobacco May Hurt Diversification.

Raleigh, N. C., Sept. 7.—(AP)—J. A. Evans of the United States Department of Agriculture in Washington, today warned farm and home agents of North Carolina that the south will be faced with the problem of preventing a complete back to cotton and tobacco if those two products reach normal prices.

Evans pointed out the "commendable" progress made in recent years in acreage reductions of cotton and tobacco and predicted normal prices for the two products will raise a "tremendous problem" for those farmers who again neglecting dairying, poultry raising and other diversification so that they may return to the two money crops.

The agricultural expert spoke at the morning session of the agents who are holding their annual farm outlook conference here.

Last night 73 extension workers took the sixth degree work of the North Carolina grange, being the largest group of extension workers in the nation to take this degree at one sitting.

Numerous agents reported on the work done in their counties during the past year during the general session today.

Rapid Progress Made on Public Building Program

Washington, Sept. 7.—(AP)—Rapid progress on the \$700,000,000 public building program was reported today by the Treasury Department in a review of authorized projects.

The report said that specific authorizations aggregated \$496,463,942, and that 230 buildings costing \$71,460,219 had already been completed. It further reported 392 projects with a total cost limit of \$324,588,323 were under contract in whole or in part.

In regard to 130 projects costing \$42,172,000, the Treasury said they either were in the speculation stage or that bids had been received for their construction. Sixteen projects to cost \$2,534,500 were reported in the drawing stage while plans for thirty-nine projects, costing \$17,673,000, were being drafted by private architects.

It was explained that Secretary Mills had not yet determined on the expenditure of the \$100,000,000 provided in the relief act for public buildings. However, it was said that if Secretary Mills ruled that funds could be made available for this construction the money would be applied to the \$700,000,000 program.

The entire program calls for the construction of 1,800 buildings in the District of Columbia and throughout the country. Under Secretary Ballantine estimated that eighty additional projects would be added on contract during this fiscal year even though Secretary Mills did not authorize the relief construction.

Mercury Hits Toboggan Here Following Rain

Autumn swept over this part of the State today on chilling wind which caused the mercury to topple perceptibly and bring an end to the unseasonal hot weather of the last several days.

The chilling temperatures followed in the wake of rain, yesterday and a slight drizzle last night and caused people to cast about for more comfortable clothing this morning.

Summer temperatures which set new records held this part of the State in their grip the last two weeks, and while warm days are still expected during the month, it is believed by weather observers that the extended heat wave had been definitely broken.

Cloudy skies were the order of the day this morning, indicating that further rain might be expected before the section is through with the effects of the storm reported moving along the coast early today.

BULGARIAN CABINET MEMBERS RESIGN

Sofia, Bulgaria, Sept. 7.—(AP)—Premier Nicholas Muscharoff and his cabinet resigned today, but King Boris commissioned him to form a new government immediately.

Kinston, N. C.—(AP)—Two men were slightly injured when a tire on their "depression chariot" blew out, throwing the mule-pulled automobile into a ditch.

MELLON BACK IN ENGLAND

Ambassador Says His Trip to America Has No Significance To World Finances.

Southampton, Eng., Sept. 7.—(AP)—United States Ambassador Mellon, returning from a visit to the United States, said today that his trip to America had absolutely no significance as a matter of world finance.

"Nobody is thinking about war debts now—there is nothing to think about them," he said in answer to a question. "I have had no serious business to do in America. I went over because I felt that I

SEVEN KILLED ON HIGHWAYS

Highest Death Toll of Year Recorded in This Patrol Division During August.

The highest death toll of the year was recorded in this highway patrol district during the month of August when seven persons were killed in a series of automobile accidents, it was revealed today in the monthly report of Lester Jones, patrol lieutenant.

Nineteen persons were also injured in a total of sixteen accidents investigated by the patrol. Total arrests made by the patrol were listed at 84, and 15 of that number were for operating automobiles while under the influence of whiskey. Seventy-four persons were found guilty and two not guilty.

The patrol collected a total revenue of \$4,397.24. Persons convicted of violation of traffic regulations were given a total of eleven months in jail or on the roads. The report, in part, follows:

Warned for parking on highway, 255; for hogging the road, 62; improper hearing driving, 19; entering highways without stopping, 39; walking wrong, 193; speeding, 112; obscure tags, 76; driving on shoulders, 29.

Two Men Arrested For Participation In Bank Robbery Denton, N. C.

High Point, N. C., Sept. 7.—(AP)—After a spirited chase of several blocks today, police here captured Joe Horne and Walter Brigham, 22-year-old High Point men, and lodged them in jail on suspicion in the \$7,000 robbery of the Carolina Bank and Trust Company at Denton yesterday.

STORM HITS STATE COAST TRY TO HALT STRIKE MARCH

30-Mile Gale Sweeps Along Atlantic without Doing any Serious Damage.

Manteo, N. C., Sept. 7.—(AP)—At 12:30 p. m. today Cape Hatteras reported rain falling in a northeast wind that was maintaining a velocity of 50 to 62 miles an hour.

The barometer stood at 29.70 and was falling slowly. Reports were that the center of a tropical disturbance centering off the North Carolina coast after leaving Florida was well off-shore south of Hatteras but the tide was running across the beach at several low places between Oregon Inlet and Hatteras Inlet.

Wilmington, N. C., Sept. 7.—(AP)—The North Carolina Coast, in the path of a tropical disturbance moving up from off the coast of Florida, was visited early today by winds of twenty-five to thirty miles an hour, but the sea, while rough, was not considered "stormy" by coast guard stations.

The disturbance was reported directly for Hatteras, north of Wilmington, but appeared to be still a considerable distance south and at sea. Advisory storm warnings were ordered up north of Savannah, Ga., to Hatteras.

Reports from the Weather Bureau at Manteo said the wind there rose from ten to twenty miles per hour last night, and early today the coast guard station at Manteo estimated the velocity at twenty-eight miles an hour.

Barometer readings along the coast hovered slightly below 30, which was not considered especially low.

Ahoskie Bank Re-opens With Good Business

Raleigh, N. C., Sept. 7.—(AP)—The Bank of Ahoskie, which reopened yesterday after being closed since December 30, 1931, today reported that it had a net increase in deposits of \$25,000 its first business day, Gurney P. Hood, State Bank Commissioner, announced.

To reopen new paid in stock was secured together with other cash resources sufficient to pay all preferred claims and set up a 50 per cent reserve against the bank's deposit liability.

Amputate Arm of Tarboro Man

Tarboro, N. C., Sept. 7.—(AP)—C. C. Young, drug store clerk, had his arm amputated today because he struck it from the side of his automobile.

Last night as he rode along with the arm out, a trailer attached to a passing truck hit it, breaking it in several places. The amputation was deemed necessary.

Attendance at Colleges Mounts in N. Carolina

Raleigh, N. C., Sept. 7.—(AP)—College students returning to North Carolina colleges and universities, are boosting attendance at several institutions higher than that of last year.

NO CLUES IN BERN DEATH

Police Plan to Further Question Domestic Help in Death of the Movie Producer.

Los Angeles, Sept. 7.—(AP)—Conflicting stories of week-end events which preceded the discovery of the body of Paul Bern, film producer and husband of Jean Harlow, platinum blonde screen star, confused police investigation of the apparent suicide today.

David A. Davidson, head of the police homicide squad, said he was dissatisfied with the progress his men have made in the case and, pending the inquest Thursday, he would again question the domestic help of the producer. The inspector of detectives said the servants' accounts differ as to the events of last Saturday and Sunday.

MAN KIDNAPS HIS OWN SON

Louisville Man Sought by Police for Abduction of Ten-Year-Old Youth.

Louisville, Ky., Sept. 7.—(AP)—Hubert Johnson Jenkins, electrical engineer, brought his son home to Louisville after taking him from the boy's grandmother's home in Dallas, Texas.

The fact that the father and son arrived yesterday became known today. Jenkins, whose act in taking his son resulted in his being indicted in Dallas on kidnapping charges, left there Monday about noon in an automobile, and sharing the wheel with his brother, William H. Jenkins, covered the 940 miles in twenty-seven hours.

Dallas, Tex., Sept. 7.—(AP)—Ten-year-old Hugh Bradford Jones, grandson of Dallas' millionaire mayor, T. L. Bradford, who died two weeks ago, was missing today and his father was under indictment for kidnapping him.

The father, Hubert Johnson Jenkins, an electrical engineer of Louisville, Ky., allegedly left Bradford home with his son Monday morning, promising to return later. He has not been heard from since.

Guardianship of the boy has been held by the grandfather since the death of the mother seven years ago in a motorcar accident. At the time of her death, she was divorced from Jenkins, and had remarried.

Friends of Jenkins in Louisville were quoted as saying Jenkins did not kidnap the boy but merely went for him because the grandfather had died. Neither the father nor his son could be located by police in the Kentucky City.

A court order which in 1927 made the grandfather the boy's legal guardian also prohibited Jenkins from molesting him or taking him out of Dallas county. The boy's grandmother is living.

Tobacco Prices Reflect Greater Strength Here; Offerings, Light Today

Price Trend Stationary Over Bright Leaf Belt

Raleigh, N. C., Sept. 7.—(AP)—Sales were light on the new bright belt tobacco markets of Eastern North Carolina today as farmers apparently held back their best offerings to await establishment of a market standard.

N. Y. MAYOR CUTS SALARIES

Joseph McKee Begins Economy Program to Save City 2 Million Annually.

New York, Sept. 7.—(AP)—Joseph McKee, mayor for less than a week, pulled tight today the purse strings of "six years of spending," as he called it, slicing \$15,000 a year from his own \$40,000 salary and setting \$2,000 a year maximum for other officers under his control.

By these salary slashes and allied economies he said an annual saving of \$2,000,000 a year would be effected. Employees receiving \$2,000 a year or less are to be protected in their

HEAVY DOCKET IN COURT HERE

County Court Continues Work Today After Disposing of 20 Cases Yesterday.

Nearly twenty cases were disposed of in the regular session of County Court yesterday and several others were to be settled in a brief sitting of the court today.

The docket was one of the most congested in sometime by reason of the fact that it was the first time court had been held in two weeks because of the two weeks' term of Superior court which came to a close last week.

Judge W. L. Whedbee presided over the session and work was pushed along rapidly during the initial session. Although several cases were scheduled to receive consideration today it was believed work would be completed during the early afternoon.

Neal Nobles, colored, charged with larceny, was sentenced to 90 days on the roads. Ernest Langley, charged with assault with a deadly weapon and reckless driving, was adjudged not guilty.

Joe Heath, colored, was required to pay a fine of \$25 on a charge of larceny. Paul Coward, colored, was adjudged not guilty of transporting liquor.

Frank Clark, colored, had judgment suspended upon payment of cost on a charge of having whiskey for sale. The case of J. W. Meeks, Mamie Meeks and M. T. Harrington, charged with assault and battery, was transferred to Superior court.

Perry German, colored, was given 90 days on the road on a charge of larceny. Elmer Whitley asked for a jury trial on a charge of stealing gas here and the case was transferred to Superior court.

Albert Smith, colored, paid one-half cost on a charge of having liquor for sale. Charged with carrying a girl away and without returning her home as promised, Lewis Bynum, colored, was sentenced to 90 days on the roads.

POOR GRADES IN EVIDENCE

Sales Completed Before Noon Hour and Market Turns To Preparing for Sales Tomorrow; Prices for Good Tobacco Show Pronounced Upward Trend Over Opening Yesterday.

Prices showed greater strength as the Greenville tobacco market entered the second day of the 1932-33 season today with offerings considerably lighter than the opening day in evidence.

The market handled 110,930 pounds of tobacco at an average of \$9.34 per hundred pounds, and paid out \$10,580.28, it was stated in the official market report.

Sales were completed before the noon hour and warehouses turned their attention to preparation for larger sales tomorrow. Cloudy weather, together with work in the cotton fields was held as largely responsible for the light offerings today.

Prices for good tobacco showed a pronounced upward trend over yesterday when the market averaged \$9.95 per hundred pounds on 656,750 pounds of leaf offered for sale on the opening. The total amount paid out by the market, it was revealed in the official report of K. W. Cobb, supervisor of sales, was \$59,036.43.

The grades offered for sale today were similar to those in evidence yesterday, consisting of a large number of black tips which cut sharply into the general market average both yesterday and today.

The general market average was about \$2 a hundred higher yesterday than on the opening day last year, and tobacco selling under ten cents were from three to five cents higher than the previous season.

Competition among the large buying companies represented here was sharp today and bidding was spirited throughout the sale. The price situation was expected to continue to show life as better grades of leaf are marketed.

Good crowds were on the market today in spite of overcast skies, although the pilgrimage was much less than yesterday when probably the largest attendance in history of the market was recorded.

NEGRO SLAYS N. C. OFFICER

Charlie Rose Shoots Policeman Following Alleged Affront to White Girl.

Waynesville, N. C., Sept. 7.—(AP)—Charlie Rose, 17-year-old negro, confessed today that he fired the shot which fatally wounded Will Ray, 25-year-old deputy sheriff, during a man-hunt in the Ninevah section of Haywood County Tuesday afternoon.

The confession came after a grilling which lasted for several hours, while a large crowd milled about the jail. Threats of violence subsided, however and the crowd dispersed early today when Sheriff J. A. Lowe told the crowd he was not going to remove the negro for sake-keeping because he was confident he could maintain order.

The negro had been sought since Friday on a charge of criminally assaulting a five-year-old white girl at the Gordon Hotel here where he was

Waynesville, N. C., Sept. 7.—(AP)—Sheriff J. A. Lowe early today dispersed a large crowd that gathered at the Haywood county jail here where Charlie Rose, 17-year-old negro, is being held on charges of affronting a white girl and fatally wounding the officer who attempted to arrest him.

Secret Inquest in Reynolds Case Held As Legal

Raleigh, N. C., Sept. 7.—(AP)—An echo of the secret inquest into the death of Smith Reynolds, young heir to tobacco millions, at Winston-Salem early in July, was heard here today in a ruling by the Attorney-General's office that a closed inquest is legal in North Carolina.

Previously, an informal opinion had been expressed by a member of the Attorney-General's staff that a secret inquest was not only illegal, but that any findings it might make would be invalid.

Two secret sessions were held by the coroner's jury investigating the fatal shooting of young Reynolds. After a third and open session, a verdict was returned blaming his death on parties unknown.

Later his widow, Libby Holman Reynolds, former Broadway actress, and his youthful chum, Albert Walker, of Winston-Salem, were indicted by a grand jury on murder charges. They are under \$25,000 bond each awaiting trial.

The opinion of the Attorney-General's office held that no statute or constitutional provision requires any North Carolina court to be open to the public, but cases that are open courts for the trial of cases is "sound public policy."

A coroner's inquest, however, the opinion held, is in the category of an inquisition, and the rule of public policy does not require it to be open to the public.

The ruling was made upon the request of L. M. Waring, coroner of Wake County.

Gastonia, N. C.—(AP)—Representative A. L. Baughnack will formally open the Gaston County Democratic campaign here Friday night with an address.

### Chilly Weather Breaks Hot Wave

Charlotte, Sept. 7.—(AP)—Lower temperatures prevailed generally, as far as was known, over the two Carolinas last night, indicating a break in unseasonal hot weather, government weather forecasters here said today.

Last night's low here was 66, read at 7:30 a. m. today, when the thermometer was still falling. Yesterday's high was 90 degrees.

This contrasted with a low the previous night of 73.

Forecasters here said the temperature drop had nothing to do with a storm moving off the North Carolina coast from Florida but that the lower readings were caused by cooled winds descending from the northwest.

Forecasters said there was no way to determine whether intense, hot weather would or would not visit this section again but that present temperatures indicate a break in the recent hot weather.

### Mrs. Rudy Vallee Denies Divorce

Reno, Nev., Sept. 7.—(AP)—There will be no divorce for the F. J. Vallee, the former Fay Webb, actress wife of the crooning radio singer, said here today.

"It was all a mistake," Mrs. Vallee said. "I love my husband and always have loved him. I am leaving at noon for Santa Monica and will join Rudy later in New York. I'm so happy."

Reno, Nevada, Sept. 7.—(AP)—Mrs. Rudy Vallee, divorce bent, was here today to establish residence preparatory to filing a complaint against her crooner-band leader-husband.

She said she has not decided what grounds to use but said firmly there could be no reconciliation ever.

Hyman Bushel, her husband's attorney, agreed there could be no reconciliation. But he added he believed both the crooner and Mrs. Vallee, the former Fay Webb of Santa Monica, Calif., were "very foolish to be divorced."

"I told them so," Bushel said. Mrs. Vallee and her father, C. E. Webb, former Santa Monica police chief, arrived here from New York. Mrs. Vallee was wearing her husband's engagement rings when she stepped from the train.

**Auto Tools Fall Off**  
Raleigh, N. C., Sept. 7.—(AP)—Sales of new motor vehicles in North Carolina in August totalled 1,702 compared with 2,118 sold in July. L. S. Harris, Director of the Motor Vehicle Bureau, reported today.

There were 1,423 passenger cars and 279 trucks sold in August in the State. In August, 1931, there were 2,564 cars and 570 trucks sold.

### Fogleman Faces Murder Charge

Ridgeway, N. C., Sept. 7.—(AP)—Clay Fogleman, charged with the slaying of W. J. Carter, filling station operator near Spray, on May 6, and with fatally wounding Deputy Sheriff J. A. Robertson at Spray a week later, faced trial here today.

Possibility that he will be tried by a special venire was seen in the ordering of a Stokes County venire to report in Rockingham Superior Court where Fogleman's case is docketed.

Fogleman, former convict and twice a participant in gun battles with officers of the law, was brought to this State from an Ohio city where he was arrested after wounding a Cincinnati policeman when threatened with arrest.

Carter was killed when two men robbed his filling station. Robertson was fatally wounded while investigating a light burning in a schoolhouse.

**NO CLUES IN BERN DEATH**  
(Continued from Page One)

Monday in the dressingroom of his home. A pistol, one chamber discharged, was gripped in Bern's right hand and a bullet wound was in his head. A note signed "Paul," addressed to "Dearest Dear," and confessing a "frightful wrong" lay near a picture of Miss Harlow.

Carmichael said the producer dined with Miss Harlow, his bride of two months, Saturday, but Harold A. Garrison, chauffeur, told police his employer left the film studios in Culver City and drove to the Ambassador Hotel a few minutes after 6 p. m. Garrison further declared Miss Harlow was at the home of her

mother both Saturday and Sunday evenings.

Miss Harlow was questioned by police last night after they had been forced to wait for more than 24 hours due to her hysterical conditions.

"I can't understand why this terrible thing should have happened," she said. "As for the note left by Paul, I have no idea what it means. This 'frightful wrong' he apparently believed he had done me is all a mystery. I can't imagine what it means."

"Paul often talked to me of suicide as a general topic, but never once did he intimate that he himself contemplated such an act. There was nothing between us that I can think

of that would have caused him to do this."

A cryptic telegram to Louis B. Mayer, general manager of the film studios where Bern was associate producer, from Dr. Ed. B. Jones, Bern's personal physician, now in Honolulu, only added to the mystery of the case. It reads:

"Understand motive. Will leave at once to testify for you and Miss Harlow if necessary."

Miss Harlow, hysterical and delirious at the time, attempted to throw herself from a small balcony within the home of her mother yesterday afternoon. She was restrained by friends. The balcony is more than ten feet in height.

JELLY LEFTWICH TO PLAY AT HIGH SCHOOL TONIGHT

The Greenville Cotillion Club will give a dance tonight in the gymnasium of the high school.

The music will be furnished by Jelly Leftwich and his Duke University orchestra. This band is direct from Wrightsville Beach where they have furnished music during the season for the dancers at Lumina dance pavilion.

Due to the popularity of this orchestra and the fine personnel which comprise it, a large crowd is expected, including many out-of-town people.

The Greenville Cotillion Club takes this opportunity to cordially invite all spectators who are interested in their dances and in their continuance of the fine way in which they are conducted. Ample space has been provided for onlookers and seats will be plentiful.

The music will begin exactly at ten o'clock and will stop promptly at two. All members are urged to co-operate in being present when the ban begins to play.

The Cotillion club will have as its guests members of the German club.

Chaperones will be Mr. and Mrs. R. C. Stokes, Mr and Mrs J. H. Rose and Mr. and Mrs. E. B. Ferguson.

ABOUT TOWN

Prices did the tango on the tobacco market yesterday and if the general advance registered continues conditions in this part of the state should be improved during the next year.

This is what this section of the country has needed for the past two or three years and if prices had shown as much life last year as they did on the opening yesterday much of the suffering and hardship experienced last winter would have been eliminated.

The markets of the great bright leaf belt got away to a good start and it is hoped the strength will be retained until the last pound of leaf has been disposed of.

If the growers ever needed money they need it now and the rise of prices could not have come at a more acceptable time.

The improvement of prices will affect every field of industry and the millions of dollars to be turned loose here this season will find its way into the pockets of every body—both great and small, doing its bit toward ameliorating a condition that has cost the nation inexpressible mental and physical suffering.

The money will increase the purchasing power of the growers, and their own finished product will enjoy a far greater sale by reason of the increased revenue placed in their hands.

Dr. Clarence True Wilson faces a verbal spanking from the Methodist Church as result of his criticism of President Hoover's desertion of the dry forces of America.

Whether the spanking will have desired effect remains to be seen. Dr. Wilson is one of the fearless type of preachers realizing what ment for whiskey means to the nation and is doing his bit to combat it.

Whiskey not only affects the church but every organization of the nation and if a minister desires to criticize a public official for leaning toward the wet element, it is his prerogative in defense of the cause which he serves.

If the voice of the church were to be silenced we would not only have legalized sale of whiskey, but there would be a renaissance of the saloon such as civilization has never experienced.

The church does more to hold social decadence in check than all other influences combined. Silence the voice of its leaders and we might as well write reformation upon the portals of public life, and get ready to go to the dump heap.

The fact that the government will hold its stabilization cotton and wheat off the market during the next year should do much toward stimulating prices for the two crops. Cotton has already shown the

Nothing Venture

By PATRICIA WENTWORTH

SYNOPSIS: Jervis Weare has refused money to Rosamund Carew, his former fiancée, who threw him over in an attempt to cheat him of a fortune. Ferdinand Francis was recognized Nan Weare, Jervis' wife, as the girl who ten years before saved Jervis' life. Nan needs an ally, and tells Ferdinand that Rosamund's friend, Robert Leonard, has tried to kill her husband. She is tortured with worry because Jervis refuses to believe in his danger.

Chapter 15

A GIRL WITH GRIT

"Jervis was going down to swim," Nan Weare told Ferdinand Francis, eager because at last she had found a trusting listener in whom to confide her gnawing fears. "He went behind those rocks where the pool was. It was ten years ago."

"What were you doing?" asked Francis. "I was sitting on the beach," said Nan with her chin in the air. "There was a way down the low cliffs just beyond me. A man came down and went across to the rocks where Jervis was. I didn't see his face. I think he was walking on the cliff and saw Jervis and came down."

"He went behind the rocks, and in about five minutes I saw him again. He was going straight to another path up the cliff, before you come to Croyle Head. He went up that. I saw him, half way up it. I never saw his face at all."

"Go on," said Ferdinand. "I waited a long time. The tide began to come up. I wondered where Jervis was. I climbed up on to the path and looked out to sea, but I couldn't find him. The rocks hid the pool—I want you to remember that—I don't think anyone on the cliff could have seen it."

Mr. Francis nodded. "That's true." "I got frightened about Jervis. I went down to the pool, and he was lying half in and half out of it with his head bleeding and the tide coming in. The water was up to his shoulders. If I hadn't come then, he would have been drowned. If you hadn't come later, we should both have been drowned."

"What are you meaning?" asked Francis. "That man went behind the rocks and came out again," said Nan rather breathlessly. "Now what do you mean by that?"

"You know what I mean—but I don't mind saying it. I mean that the man went behind those rocks because he knew that Jervis was there and that they couldn't be seen from the cliff. I mean that he picked up a bit of rock and struck Jervis with it, and went away and left him there with the tide coming in."

"You can't prove that, you know." "Of course I can't," said Nan. "That man went behind the rocks and came out again, and I mean that the man went behind those rocks because he knew that Jervis was there and that they couldn't be seen from the cliff. I mean that he picked up a bit of rock and struck Jervis with it, and went away and left him there with the tide coming in."

Stimulation of prices is what the nation has needed for the last several years and if the condition should continue much of the financial stress experienced by every branch of industry should be eliminated in part at least.

Greenville, the largest bright leaf tobacco market in the world, the principal shopping center of Eastern Carolina, and the capital of the largest bright leaf producing county in the world, is offering vast opportunities to the fifty shoppers this season and values will be the best in years.

Always on the alert to give the best of service to their patrons, merchants like tobacconists, are striving to provide the best of values comparing with the greatest style centers of the country.

Recognition as the principal shopping center of this part of the state was achieved after long years of service and it will be necessary to continue to provide the best to be had within reach of everybody.

The public is urged to visit the city the next several months and to stock liberally with values offered here. Money spent in Greenville will insure better values next year as the business men continue their effort to give the best the market has to offer.

typed it. I've got a settlement. I shouldn't get anything else. If Jervis had an accident, everything would go to Rosamund Carew." "She pushed back the rose-colored curtain and stood up. The big, still room was empty. "I'm frightened," she said. Her eyes implored him. "They crossed the room in silence. At the door Nan turned to him. "If he asks you to come down to Weare, will you come?" "Well, as a matter of fact he asked me," said Mr. Francis. "And you said?" "I said I'd got a lot of work to get through."

"Please, please come," said Nan. "Well—I'd like to," said Mr. Francis.

PRICE TREND STATIONARY OVER BRIGHT LEAF BELT

(Continued from Page One) tween \$12 and \$13 per hundred. Common grades were much in demand there, and commanded high bids.

Williamston reported offerings "unusually light," with the average price about \$10.50, slightly above that of Tuesday the opening day. Prices were better, but sales lighter, at Smithfield, where about \$13.50 per hundred was paid for approximately 50,000 pounds.

Tarboro also reported an extremely light break, with the average price running around \$12 or slightly more. The highest price commanded by top grades was \$44. Offerings at Kinston dropped from \$30.00 Tuesday to 200,000 today, but prices apparently were a shade higher than the \$9.92 official average for opening day, which in itself was \$2.28 per hundred above the same day of 1931.

Wendell and Zebulon reported extremely light offerings, with the average price at Zebulon ranging from \$14 to \$15 and at Wendell slightly less than \$11. Rocky Mount reported 75,000 pounds offered at an average of around \$12.

ATTENDANCE AT COLLEGES MOUNTS IN NORTH CAR.

(Continued from Page One) ston-Salem open September 14. All three announced registration would be about the same as last year. At Davidson, where the college's 97th session begins September 8, enrollment was better than expected and officials said accurate check would be impossible until a later date.

A freshman class of 700 or more was expected at the University of North Carolina where classes will start September 23. New men will arrive in Chapel Hill September 18 and the round of activities will start the following Monday.

September 23 is registration day for freshmen at State College at Raleigh while upperclassmen register the 27th, classes starting on the 28th and 29th. Recent indications were that freshmen enrollment would be slightly less than that of last year.

Duke University freshmen report on September 15 with the University's first opening set for the 24th. Classes start the next day with an expected enrollment of 2,800.

Elch College expected to open September 13 with a student body exceeding 300 and already more than 125 freshmen have enrolled for the college's 43rd session. Classes begin the 15th.

Meredith College at Raleigh begins its classroom work Friday with returning students registering the previous day. Guilford College opened its doors for its 95th session Monday with a registration of freshmen slightly less than that of last year. A number of other first year students came in late, however.

GREENVILLE IS TO HAVE A CIRCUS THIS YEAR ANYHOW

The Barnett Brothers' 3-ring circus will exhibit at the Winslow lot on Wednesday, September 14. The show had such a successful day's business here last year, that the management has put Greenville on its annual route," said the press agent.

Grandpup will not be disappointed, because all the old time favorites are retained. The acrobatics, aerialists, tumblers, human butterfly, trained animals, dancing horses and an army of clowns; but many new features ever before seen with any circus will be presented this year.

A gorgeous new spectacle opens the performance. Entitled "Patriotic America," the theme is taken from the life of George Washington and is lavishly produced. A large ballet of beautiful girls is carried especially for this presentation.

The Rogers-Chapin troop of high wire artists are another new feature. The aerial Lakes, aerial Grants and a Jap troop new to America are some of the year's headliners.

The street parade will be downtown promptly at noon. The parade boasts of five bands. Ira Hynes and his military band, Jerry Martin and his North Carolina colored band, the clown band, the Scotch bagpipers and the Barnett Brothers' girl drum and bugle corps.

The side show this year is attracting a great deal of attention. Dr. Joseph M. Heffren, late of the Barnum, Dorsey Bros. and John Robinson circuses has been secured as manager. Freaks, novelties and curiosities are presented with Jerry Martin and his Carolina minstrels.

Two performances will be given, 2 o'clock and eight o'clock, with doors opening one hour earlier. Prices 25 and 50 cents t. all.

commander of the American Legion disaster relief units of Florida, said from 25 to 50 trucks were transporting Everglades residents back from Okeechobee where they had fled on reports of the approaching storm.

United States coast guard patrol boats and cutters were ordered into port at Fernandina, Fla., out of storm born winds yesterday, and a fleet of twenty-five shrimp boats anchored in the S. Mary's and Amelia Rivers for protection.

Observers here said last night virtually all danger from the storm to this region had disappeared.

New Bern, N. C., Sept. 7.—(AP)—A northeast wind of about 20 miles an hour velocity sprang up here early today, but later this morning had diminished to about 15. Morehead City reported a wind there of about 15 to 20 miles velocity.

Elizabeth City, N. C., Sept. 7.—(AP)—Coast guard headquarters here today reported no sign of a storm located earlier today about 250 miles off the North Carolina coast.

Washington, Sept. 7.—(AP)—The Weather Bureau today reported the eastern coast of the United States safe from the tropical hurricane which has been moving northward for several days, but ships off the Southern States were catching terrific seas.

The hurricane's center was plotted about 300 miles east of Daytona Beach and moving northward away from the continent. It had attained terrific force; advices to the Bureau said.

Although storm warnings were displayed from Savannah northward to Cape Hatteras no winds of hurricane force were expected.

N. Y. MAYOR CUTS SALARIES

(Continued from Page One) present incomes, he said. In some cases the pay cut amounts to more than 50 per cent. That is a truce of the corporation counsel and superintendent of schools, each of whom now receives \$25,000 a year. Dr. William Schroeder, Jr., chairman of the sanitation commission and personal physician to former Mayor Walker, will be reduced to \$12,000 from his present \$22,500. The heads of the police and fire

departments will be reduced \$3,000 a year to get within the \$12,000 a year maximum.

Fifty city magistrates now receiving \$12,000 may be cut to \$10,00, the mayor said. The salary of the chief magistrate, \$15,000, will be cut \$3,000. The city pay-roll was found to have increased \$48 per cent since 1926. General pay increases have been effective since September, 1930. The bill providing for the increases was signed by Mayor aWalker on the first day of his second term—the term from which he unexpectedly resigned last week.

McKee as mayor has full power both as to the tenure of office and the salaries of all commissioners and bureau heads appointed by him, and his action does not require the approval of any other city agency.

The mayor also ordered a systematic census by police to determine the number of destitute unemployed in the city and the percentage of them who are permanent residents.

"We are spending millions of dollars a month on relief," he said, "yet there never has been a complete analysis of the situation."

Granada, Spain—The Marquis of Dedilar was fined \$40 here today for displaying monarchistic emblems on her automobile.

Greensboro, N. C.—(AP)—Rain that blew into Greensboro from the north drenched one-half the city, then receded, leaving the southern half virtually dry.

Paris—Senator David Reed, of Pennsylvania, and General John J. Pershing will leave tomorrow for an inspection of the World War battlefront.

WAKE UP YOUR LIVER BILE — WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blows up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

# GRID TEAMS BEGINNING TO FORM SQUADS

Atlanta, Ga., Sept. 7.—(AP)—Now that Southern Conference coaches have learned just about what kind of material they will have to use in their bid for 1932 football fame they are beginning to round out squads and get down to serious practice.

The first two days of the fall grind were occupied mainly with check ups on the missing veterans and new material, but today there was a general trend toward experiments with line-ups and plays.

At Georgia Tech, Coach Bill Alexander shifted Halfback Jap Hart to quarter and tried him out at calling signals. Coach Wynne of Alabama, Polytech at Auburn, gave Fullback Marlon Talley a try at halfback to supply needed weight in that position. Four teams ran signals there yesterday, and had dummy scrimmage with Hitchcock and Kimbrell doing the kicking.

South Carolina, Clemson, North Carolina State, and Duke all had stiff workouts. The South Carolina squad was reinforced by the arrival of Linesmen Fortson and Johnson and Clary, star back, reported he would arrive shortly. Quarterback Joel Morris reported at North Carolina State.

Twenty-three of an expected squad of seventy reported at North Carolina University yesterday, and the Tar Heel coaches made ready to put the full quad at practice today.

A tentative first team was formed at Virginia with Captain Lewis Reiss center, George Coles and Charlie Palmer at guards, Buck Posa and Ray Burger at tackles, Bill Condon and Gene Wager at ends, Bill Edgar at quarter, Frank Sippley and Milton Abramson at halves, and Buckley Harris at fullback.

The V. P. I. squad was swelled to fifty by the arrival of Red Negri, sophomore end; Martin Cunningham and Bus Hall, halfbacks; Sonny Miles, end, and Scrapper Day, halfback.

Washington and Lee had drills in fundamentals and limbering up exercises.

Vanderbilt's squad settled down to routine workouts, and three more men reported at Sewanee. Georgia's squad was swelled by seven yesterday, and Coach Mehre announced he would give the candidates two workouts daily beginning with today.

### FOOTBALL PRACTICE TO BEGIN NEXT MONDAY

Ayden, Sept. 6.—Coach McBane will begin football drills with his squad of hopefuls on Monday, September 12, a week prior to opening of school.

Ayden has had successful football elevens for the past five years, and last year the team went thru the season of twelve games without suffering but one defeat. This came at the hands of Elizabeth City, which team was runner-up in the eastern series of the state and later defeated the state champions, Reidsville.

Ayden will be in the state district eliminations and will face Elizabeth City, Hertford and Edenton in its group in early play.

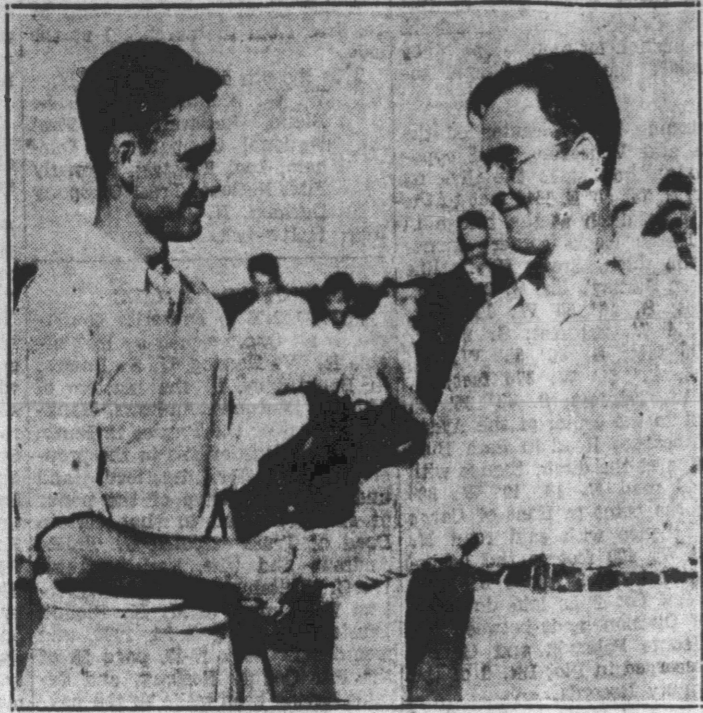

Although losing such regulars as J. R. Taylor, Boyd Cox, David Dodd, William Oscar Jolly, William Brunson and others, Coach McBane has reserve strength to fill the gaps left by these players who graduated.

Three regular back field men in Rogerson, Hooks and Mumford will be back, and regulars as Cox, Sumrell, Highsmith, Gaskins, Cannon, P'tman, Turnage and Dunn in the line. A number of other candidates are expected to report also.

Mocksville, N. C.—(AP)—William Cleary, 87, Confederate veteran and farmer of Clarksville Township, died at his home there after a short illness.

(By The Associated Press) Paris—Ten passengers were hurt when the Riviera express left the rails today in the suburbs of Marseilles.

# WINS GOLF TITLE AND TEAM BERTH

It was a big day for 21-year-old Gus Moreland (left), Texas golf star, when he won the Western Amateur championship at Rockford, Ill., from Ira Couch (right), Chicago "week-end golfer," for midway of his final match Moreland received a telegram inviting him to play on the United States Walker cup team against England. # CUBS EXPECT EASY SAILING DURING WEEK

By HERBERT W. BARKER, Associated Press Sports Writer

The Chicago Cubs are not the best road club in the National league but there's nothing in the records to indicate they'll lose much of their present six-game lead on their current eastern invasion.

The second place Pittsburgh Pirates can boast a better record on the road but the Cubs have overcome this by a vastly superior showing at home. Chicago has played 718 ball at home and 459 on the road. The figures for Pittsburgh pirates are 592 at home and 500 on the road.

The remainder of the schedule also favors the Cubs, six of whose remaining 22 games will be played at Chicago. Pittsburgh must play all of her remaining 20 games on the road.

There's just a chance that the Pirates can pick up enough ground in the next couple of weeks to make a "crucial" series out of the four games they will play with the Cubs at Wrigley field September 20, 21, 22.

Action in the major leagues yesterday was restricted entirely to one double-header in the American league, the Cleveland Indians taking both nds. George Connelly was in form in the second game and blanked the Browns.

# ACTION GETS UNDERWAY ON STATE GRIDS

Charlotte, N. C., Sept. 6.—(AP)—Varied reactions came today from North Carolina Big Five coaches after taking their first glances at the squads of young athletes who reported Labor Day for the pre-season football training period.

"They looked terrible, very terrible indeed," was the way Coach Doc Newton, newly arrived at Davidson, described his group of forty-eight.

"The boys looked good," said Clipper Smith, who took a crew of forty-two in hand at North Carolina State.

Pat Miller, at Wake Forest, arrived too late yesterday to work his men and Wallace Wade, at Duke, failed to make any comment on his squad of forty-six.

North Carolina, where Chuck Collins is the head drill master, doesn't get started until today.

Despite Newton's moaning, which sounded very much like the pessimistic Monk Younger, who Newton succeeded, the Davidson crew appeared to be heavier than usual.

It will not be as heavy, however, as some reports have had it. Newton and his assistant, Gene McEver, of Tennessee fame, said the team would average about 176 pounds. This, however, will be boosted considerably if Tubby Hand, a 262-pound tackle-guard, makes the grade.

Captain Buddy Gardner, Davidson center and the only man ordered to report who failed to show up yesterday, is expected in today.

Coach Smith and Frank Rees, his chief aide, put the Wolfpack through a workout that included line charging, side-stepping and signal drills. Twelve lettermen were included in the group.

In addition to the loss of Captain Charlie Cobb, who will not return this year, State will be minus John Bowyer, a ten-second man whose 190 pounds were expected to make him a battering fullback. Bowyer was recently operated on for appendicitis and will probably be out the greater part of the season.

Duke also lost men it had counted on when Richard McAninch and E. B. Dunlap, freshmen stars last year, failed to report. McAninch was a halfback and Dunlap center on the yearling team.

Some cheer was injected into the scene, however, with the appearance of Carl Shock, veteran guard, who was not expected to return this fall.

# HORNETS COP SECOND HALF IN PIEDMONT

Charlotte, Sept. 7.—(AP)—It's been such a certainty for so long that there's hardly any news in it, but the Charlotte Hornets today officially and legally had won the second half of the Piedmont League.

The Hornets clinched the honor last night by defeating Wilmington 3 to 2, while Greensboro was dropping a free-slugging contest to High Point by the score of 17 to 15.

The win and the defeat gave the Bees a six and a half game lead over Greensboro, and there are only five regularly scheduled games to be played.

The Bees will open the post-season series for the pennant at Greensboro, first half winners, on September 13. The first team to win four games will cop the rag. The games will alternate between the two cities, the first two being played in Greensboro, the second pair here and then swapping cities daily until it's all settled.

# MARKET REPORT

## Sell Your Tobacco in Greenville FOR MORE MONEY

Our market sold on yesterday's opening 659,750 Pounds, average \$8.95, which was \$2.05 more, or 30 per cent. higher than last year's opening. More black tips were noticeable than any opening for years, which of course reduced the average. A better spirit prevailed and much encouragement was felt.

**REMEMBER** — We always give official figures, rather than estimates and guess-work. Such estimates are misleading, and we are asking you not to be deceived thereby. These wild publicity estimates are often from \$2.00 to \$4.00 higher than the facts. This market will give to the public what they are entitled to—namely, the TRUTH.

The buyers were much pleased with the improved grading of tobacco by the growers. A great many farmers from the lower counties were looking over our sales and many sold here on the opening. They were of one accord that our prices were much higher than the border markets.

Keep your tobacco dry and market it in best possible condition.

### Government Report For 1931:

The report of the Government for 1931 showed that the GREENVILLE TOBACCO MARKET sold 66,154,756 pounds for a general average of \$9.40. The state averaged \$8.86. The New Bright Belt \$8.95.

Market Report Cotton--Stocks--Grain

New York Cotton

New York, Sept. 7.—(AP)—Cotton futures opened steady, 4 points higher to 3 lower with near months higher on steeper Liverpool cables while the late months were lower under Southern selling.

Orders seemed to be pretty evenly divided at the opening, and after a few minutes of irregularity, prices turned up from 9.01 to 9.10, making the general list about 4 to 7 points net higher at the end of the first half hour.

There may have been some buying on the reports of further rains in Texas last night, but much of the early business was attributed to further evening-up of accounts in preparation for the government crop tomorrow. Houses with Liverpool connections were among the buyers here during the early trading.

Liverpool cables reported Bombay liquidation and hedge selling in that market, but the decline there was not considered sufficient to meet the local reactions of yesterday.

Table with columns: Open, High, Low, Close. Rows for various dates from Oct. to July.

Grain Market

By JOHN F. BOUGHAN Chicago, Sept. 7.—(AP)—Bearishly affected by reports of ideal weather for crop movement in Canada, wheat, values averaged lower today.

Canadian country deliveries of wheat were much larger than a year ago, and houses with Winnipeg connections were persistent sellers here. Speculative buying in Chicago was a minimum.

Table with columns: High, Low, Close. Rows for WHEAT, CORN, OATS, RYE, LARD, BELLIES.

Stock Market

New York, Sept. 7.—(AP)—With traders still eager to "buy on reactions," the stock market had little difficulty in resuming its advance today, after the setback late yesterday.

Trading was in moderate volume, and for the most part, advances were modest. Outside of copper, the market received little fresh stimulus from commodities. Nerv. estimates, subject to occasional interruptions, the list moved almost steadily forward, with utilities, copper, oil and miscellaneous industrials in the lead.

Among miscellaneous issues up 2 to 3 points were American Telephone, North America, Stone and Webster, American Smelting, National Cash Register, Johns Manville, Northern Pacific, Southern Pacific, Santa Fe, United Aircraft and Western Union.

Among many issues up a point or more were U. S. Steel, General Motors, Radio Corp., International Telephone, American Can, Sears, Roebuck, Penney, International Harvester, Republic Steel, American Rolling Mill, McKeesport, Standard Oil of California, Atlantic Refining, General Foods, American Sugar, Borden, and others.

Bears showed little courage in opposing the advance, although some quarters turned to the view that the market was over-ripe for a reaction, and a little short selling was reported during the first few minutes.

Buying of utilities was accompanied by reports that a substantial pickup in power consumption during September was anticipated by utility executives.
