LEGISLATURE PUSHES SEARCH FOR TAX SOURCES

Solons Hold Hearing To Give People Chance To Talk Over New Proposal

SEN. CLEMENT SEEKING TAX ON INDUSTRY

Says Tax of One Half Mill On Fabricated Products Would Be Best Way to Raise Revenue; Estimates Bill Will Bring \$5,500,000 Annually; Every Manufacturer Would Be Subject to Small Tax

Raleigh, N. C., Feb. 3.—(AP)—The General Assembly's Finance Sub-Committee today heard sponsors of various types of taxation discuss the merits of proposals as it launched a search for new sources of revenue.

Senator Clement, of Chowan, who introduced the bill in the Senate to levy a production tax of one-half mill on the fabricated products of industry, told the group he believed it impossible for the Legislature to find sufficient revenue without adopting a production tax.

He estimated his bill would raise a minimum of \$5,500,000 annually. The Rowan Senator went into detail description of the benefits of his measure, saying it was the simplest form of tax on gross receipts of gross incomes and would cost the State less to collect than any other form of taxation.

The tax would be collected from the distributor and would be too small to be passed on to the consumer, he said.

It would subject every manufacturer to a small tax and would be large enough to affect out of State competition.

Senator Gives Roses to Solons

Raleigh, N. C., Feb. 3.—(AP)—Senator Kirkpatrick of Mecklenburg today dressed up the Senate.

The Mecklenburg Senator has appeared at the legislative sessions each day wearing a tallisman rose, red and yellow, and a small cut of fern on his coat lapel.

Today he carried fifty roses and tufts of fern to the Senate and pinned on the lapel of each member.

"It just clears the smoke away," the Senator explained.

Says Relief Labor Must Assist Highway Forces

Raleigh, Feb. 3.—Complete cooperation between county relief organizations and the State Highway Commission was urged today in a memorandum sent to all relief directors by Dr. Fred W. Morrison, state director of relief. The memorandum called attention to the fact that dwindling revenues from motor vehicle and gasoline taxes have already necessitated the dropping of a considerable number of regular highway employes in certain districts and that in many instances these employes would have to be replaced with relief labor or the roads would suffer.

It was pointed out that the Highway Commission had not released employes except in cases where retrenchment made it necessary. Retrenchment by the highway department has become necessary on account of shrinkage in gasoline and auto license revenues, and has become inevitable regardless of relief.

The memorandum from Dr. Morrison follows: Revenues for the State Highway Commission have been and are continuing to drop at a rate that is compelling sharp retrenchment. Aside from Federal appropriations for construction, revenues for the use of the commission are derived from two sources: tax on gasoline; tax on motor vehicles. Both sources are falling.

MISSING MAN IS SAFE AGAIN

Willie Parrisher Rescued After Harrowing Experience In Alligator River

Elizabeth City, N. C., Feb. 3.—Willie Parrisher, of Columbia, is in a hospital recovering from effects of being adrift without food or shelter six days in a boat in the Albemarle Sound.

He went fishing off the mouth of Alligator River January 25 and a gale swept over the sound and drowned the craft's motor and waves tossed the frail boat about.

Parrisher dropped anchor and there remained despite his efforts to hoist it. Six days passed, his knees were worn and bleeding from bailing out the water. His feet were sore and his hands swelled.

Finally last Monday Mr. and Mrs. Lester Hyman, Captain Clair Killeit and Chester Hayden, all of Elizabeth City, found the boat while fishing, picked up the distressed man and headed for a club where he was given a few spoonfuls of oatmeal, the first food he had had in six days.

SENATE BUSY WITH TARIFF

Round of Debate Features Johnson Amendment For Use of American Goods

Washington, D. C., Feb. 3.—(AP)—A round of debate on the tariff faced the Senate today as it took up the Johnson amendment which would require the government to use strictly American materials and supplies on all Federal construction. The measure was offered by Senator Johnson, Republican of California, who the day before testified on the postoffice bill.

It was indicated the proposal would be adopted despite opposition from the inadvisability of action against foreign goods.

A vote is also to be had on an amendment by Senator Byrnes, of South Carolina, which would make it still more difficult for Congress to interfere with the movement to reorganize the government which is to be undertaken by President-Elect Roosevelt.

ASK ELIMINATION OF BACK TAX PENALTIES

Wilmington, N. C., Feb. 3.—The city of Wilmington today asked its two representatives in the General Assembly to enact a bill providing for the elimination of all penalties on back taxes for the city.

Proposal To Annex 'Bama' Meets Defeat

NINE WOMEN PERISH IN FIRE AT CLEVELAND

Fire Believed of Incendiary Origin Wrecks Psychiatric Hospital

Cleveland, O., Feb. 3.—(AP)—Nine women psychiatric patients who fled in panic before flames that destroyed the dormitory at Ridgecleft Sanatorium in suburban Wiskliffe early today were burned to death despite heroic efforts of nurses to save them. All of the bodies had been recovered eight hours after the fire, but most of them were burned beyond recognition.

As workers dug into the debris for bodies, Dr. William Glendenning, superintendent of the hospital and staff of doctors branded the fire of incendiary origin.

At his request, police and fire marshals took into custody for questioning a farmer with whom they said hospital physicians had been in dispute.

Dr. Glendenning said the farmer had threatened them with death yesterday. In a telephone message to the institution, he said:

"I'll get even if it kills me."

The shrieks of the women, all suffering from nervous or mental disorders, rent the night air as the flames spread rapidly through the frame house. Smoke and heat was so intense that entrance to the cottage in which twenty-four patients and three employes were confined, were impossible.

W. H. Skinner Dies Following Short Illness

W. H. Skinner, 71, died this morning at 6 o'clock at his home in the Lang's Cross Roads community. Death followed an operation and illness of a short duration.

Funeral service will be held from his late home tomorrow afternoon at 2:30 o'clock by Elder Jack Tyson. Burial will follow in the Moore graveyard near the home.

The deceased was a member of the Free Will Baptist Church at Marlboro, and was a prominent farmer.

The following children survive his first marriage: E. G. Skinner, Snow Hill; J. T. Skinner, Greenville; Mrs. P. G. Phillips, and Mrs. Frank Manning, Greenville, Route 6; W. R. and Roy Skinner, Farmville. The following survive his second marriage: Mrs. Annie Wiggins, Kingston; Cecil Skinner, Snow Hill; Agnes, Carl, Selma, Eta, Alton, Elvira, Stearns, and Marvin, all of the Farmville community.

SENATE BUSY WITH TARIFF

Round of Debate Features Johnson Amendment For Use of American Goods

Washington, D. C., Feb. 3.—(AP)—A round of debate on the tariff faced the Senate today as it took up the Johnson amendment which would require the government to use strictly American materials and supplies on all Federal construction. The measure was offered by Senator Johnson, Republican of California, who the day before testified on the postoffice bill.

It was indicated the proposal would be adopted despite opposition from the inadvisability of action against foreign goods.

A vote is also to be had on an amendment by Senator Byrnes, of South Carolina, which would make it still more difficult for Congress to interfere with the movement to reorganize the government which is to be undertaken by President-Elect Roosevelt.

ASK ELIMINATION OF BACK TAX PENALTIES

Wilmington, N. C., Feb. 3.—The city of Wilmington today asked its two representatives in the General Assembly to enact a bill providing for the elimination of all penalties on back taxes for the city.

RETURNS TO PRISON WITH BABY

Mrs. Beatrice Snipes is shown with her two weeks old baby as she left the hospital to return to South Carolina penitentiary cell to serve a life sentence for the slaying of a policeman. The baby, named Frances Joan, was born at the hospital after the 29-year-old woman's death sentence had been commuted to life imprisonment. (Associated Press Photo)

MOYE SUIT IS COMPROMISED

City Agrees To Pay \$450 For Street Running Through Moye Property

Compromise in the damage suit of Mrs. Lucy Moye and son, Robert Moye, against the City of Greenville, was announced at the regular meeting of the Board of Aldermen last night. The judgment was accepted by the board and the matter closed.

Two or three years ago Mrs. Moye filed suit against the city for \$2,500 as payment for a street run through her property on Dickinson Avenue. She contended the street damaged the property and deprived her of a considerable amount of territory.

The city contended the street had been used for many years and that it afforded quite an improvement to the property as well as to the entire district.

When the case came up for hearing in Superior Court the jury awarded the plaintiffs judgment for \$1,200. The city filed notice of appeal to the Supreme Court and sometime later was granted a new trial.

Since that time Mrs. Moye started efforts to compromise and this was reported to have been affected several days ago upon condition that the city would pay the plaintiffs \$450.

NEW VOTE SEEN ON STATE BODY

Sen. Johnson Pushes Movement to Abolish State Corporation Commission

Raleigh, N. C., Feb. 3.—(AP)—Senator Moore, of Craven County, chairman of the re-organization committee of the General Assembly, said today he expected the Senate to reconsider the vote by which it yesterday refused to abolish the Corporation Commission.

Directors elected for the year are: M. F. Bond, Jr., F. W. Hooba, W. S. Priott, E. C. White, R. H. Bachman, R. C. Holland, O. H. Brown, Fred P. Wood, and R. P. Iadham.

Fiber Muffles Legislators

Oklahoma City Feb. 3.—(AP)—The Oklahoma House of Representatives is going to be quieter, whether its members know it or not. Workmen have installed fiber tile at strategic spots to eliminate annoying echoes in the chamber.

GEN. SANDINO MAKES PEACE WITH ENEMIES

Nicaraguan Rebel Goes to Presidential Palace and Pledges Peace

Managua, Nicaragua, Feb. 3.—(AP)—A promise of peace after six years of revolt against the American-advised government of Nicaragua was left behind today by the colorful General Augusto Sandino as he headed back to the mountain headquarters of his army. The importance of his message was forgotten in the excitement caused by the sensational manner in which he delivered it.

A plane from his jungle retreat arrived here yesterday with the commander, his father and the political allies.

With his automatic pistol swinging from his hip, Sandino walked into the presidential palace, sat down with President Juan Sacasa and made his pledge of peace.

Then the man who had hunted and been hunted by Nicaraguan soldiers and American marines since 1920, enjoyed the luxury of a night's sleep in the presidential palace.

PRES. HOOVER TALKS TAXES

Addresses Gathering Of Legislators At Washington City Today

Washington, D. C., Feb. 3.—(AP)—Declaring the present system of taxation presented a perfect maze of overlapping taxes, President Hoover today told the Interstate Conference of legislators here he had hoped the meeting might help thresh out the problem.

Leaving the White House early before 10 a. m., the President in his brief address before the opening session of the legislators, said the problem had risen through evolution of government of municipalities, townships, counties and States.

MISS SUTTON PASSES AWAY

Funeral Services Conducted From Late Home This Afternoon

Miss Sallie Sutton, 76, died at the home of Herbert Allen, on the Farmville road several miles from Greenville, last night at 8:30 o'clock. She had been in declining health for the last several years, but death followed serious illness the last two weeks.

Funeral services were held this afternoon at 3 o'clock from her late home by Elder Luther Joyner, Primitive Baptist minister. Interment was made in the J. W. Allen burial ground about two miles from the home.

Miss Sutton was one of the oldest residents of the community, and was quite active in the work of the Primitive Baptist Church. She was a native of the community in which she died and was held in high esteem by a wide circle of friends.

She is survived by a half-brother, J. W. Sutton, and several nephews and nieces, all of that community.

FORSYTH SCHOOLS TO ECONOMIZE ON COAL

Winston-Salem, N. C., Feb. 3.—(AP)—Unless \$241,17 is enough funds to buy coal for Forsyth County schools for the remainder of the winter, some plans will have to be made to purchase more fuel or else the school-houses will go cold.

Of the \$2,846 allotted by the State to purchase coal for the county schools, only \$241.17 is left with two more months of the six months term remaining.

Aldermen Refuse Vote To Extend Corporate Limits Of Greenville

In Hospital

A young blond woman booked as Corlies Palmer (above), former movie actress, Georgia beauty winner and estranged wife of Eugene Brewster, former screen magazine publisher, was taken to a San Francisco hospital for treatment for alcoholism. (Associated Press Photo)

FOUNDERS DAY FOR COLLEGE

School to Observe 26th Anniversary Here On The Fourth Of March

Founders' Day at East Carolina Teachers' College will be celebrated this year on March 4, the Saturday before the twenty-sixth anniversary of the date on which the bill for the establishment of the school was passed.

The Pitt County Chapter of the Alumnae Association took the initiative last year in the first celebration of the day, making it Homecoming Day for the alumnae, with the idea of establishing a precedent that would follow in the years to come. The Pitt County alumnae are sponsors again this year.

The program will be in two parts. At 10:30 o'clock in the morning, T. Wingate Andrews superintendent of High Point schools, will deliver the address in the auditorium of the Campus Building, and Miss Mabel Evans, an alumnae, will sing. The second part will be an Arbor Day feature and will be outdoors.

A tree will be planted and dedicated to Mrs. Kate R. Beckwith, who was a charter member of the staff, and for the first sixteen years was lady principal of the school. Mrs. Beckwith, who now lives in Miami, Fla., has been invited to be the guest of honor of the occasion.

The speaker at the tree planting will be Dr. Leon R. Meadows, who has been a member of the faculty since the first year. Three of the alumnae who were in college under Mrs. Beckwith's regime will take part in the exercises. These are Mrs. L. P. Thomas, of Farmville; Miss Louie Pittman, of Greensboro and Mrs. C. M. Warren, of Greenville.

The speaker of the day, T. Wingate Andrews, is familiar with the product the college turns out and the test of the success of a teachers' college is the class-work of the teachers.

Late News Flashes

Today In The Legislature

Raleigh, Feb. 3.—(AP)—As its finance sub-committee started search for new sources of revenue the General Assembly today continued action on re-organization bills with the Senate bringing back to life the bill to abolish the state corporation commission.

The finance sub-group listened to suggestions of production of a tax by Senator Clement of Rowan and this afternoon was to have finished Moore of Craven and Hindsdale of Wake.

Moore was for a kilowatt hour tax on electricity and Hindsdale a luxury tax advocate.

The bill to abolish the present corporation commission of three members and create a single public utility commissioner was referred to the reorganization committee for re-writing.

OPPOSITION PROVIDED BY MILL OWNERS

Representatives of Industries In Affected District Tell Aldermen This Is No Time For Increasing Their Taxes; Mayor Urges Committees To Continue To Remain Within Budget; Board Votes to Change Term of Aldermen In Two Ward From One to Two Years

The movement to annex the "Pamlico" and adjacent territory to the east and north met decisive defeat at the monthly meeting of the Board of Aldermen at the city hall last night.

It was the second time in the last two years that the proposal sponsored by Alderman J. H. Boyd, Jr., met with unfavorable consideration.

The board made short work of the measure last night. After hearing proponents and opponents, Alderman Boyd made a motion that the district be made a part of the city, but it failed to receive a second and was tabled.

Only one speaker appeared in behalf of the proposal to take in the manufacturing district of the city and that was Alderman Boyd. He told of the advantages to be derived from the annexation plan, declaring that the hundreds of people living in the area would receive complete police and fire protection in addition to the advantages of water, light and decreased insurance rates. He asserted that lower insurance rates would take care of the increased tax incurred by property owners of the district, who already pay 52 cents into the special chartered school district fund.

The speaker asserted this was the time to bring about improvements of this kind in view of cheap labor and materials, and declared both the city and people affected by the annexation plan would receive insubstantial benefit.

Mat Long, operator of the Greenville Cotton Mills, the first speaker for the opposition, said the mill was already paying around \$8,000 annually to the city for power service in addition to the school tax. He stated that between four and five hundred employes of the mill spend around \$50,000 annually with city merchants and urged the aldermen not to tax them out of the city.

J. I. Morgan of Farmville, representing Greenville Oil & Fertilizer Company, expressed belief the expense of improving the Pamlico territory would be too great to justify the taking over of the district. He asked postponement of the undertaking until financial conditions became favorable enough to permit the affected industries to pay without (Continued on Page Six)

News OF THE Day IN Pictures

Farm Relief-The Plea Heard 'Round The Nation

With mortgages being foreclosed, their farms sold for delinquent taxes and their produce bringing low prices, farmers of the nation are sending up a mighty plea for relief. State legislatures are considering a wide variety of aid measures out of the demands of farmers some of which are depicted above.

Chicago, Ill.—(AP)—Mortgage-harassed farmers are banging on legislative desks this winter all the way from Atlantic to Pacific, from Great Lakes to Gulf.

They are watching Congress with an eye that has a gleam, but they are fighting more quickly than the ponderous national machinery can give it to them.

Every legislature meeting this year, with rare exceptions, has heard the farmers' proposal and demands presented in a voice which, because it is just outside the door, has the note of thunder.

The "farm relief" proposals with which the nation's legislatures are wrestling differ from those which confront Congress, chiefly because they directly concern the farmers' possession of his land, and because the relief sought would be tangible and immediate.

The proposals in general have one of three major objectives:

(1) To stave off farm mortgage foreclosures.

(2) To reduce the farmer's taxes and prevent tax sales.

(3) To facilitate the farmer's recovery of his property once he has lost it.

Proposals to declare moratoria on real estate mortgages have become almost legion. They have been introduced in nearly every Mid-West

legislature and in scattered States elsewhere.

Proposals Differ
The moratorium proposals differ in legal methods and in extent, but not in principal.

Illinois, for instance, hears a proposal for a five-year moratorium on mortgage payments. An Indiana plan would authorize stays of execution on mortgage foreclosures. Michigan is asked to extend the time for mortgage redemption.

Oklahoma considers a proposal for a two-year moratorium on mortgage foreclosures. A Kansas bill asks extension of the mortgage redemption period to three years, and a ban on deficiency foreclosure judgments. Washington weighs a plan to deny action on foreclosures.

Appeals Made To Courts
In Iowa the State Banking Superintendent invoked extra-legal procedure to ask receivers of closed banks not to foreclose on farm lands or chattel mortgages. Georgia and Arkansas legislatures have appealed to the courts to delay hearing of foreclosure actions.

In Wisconsin both administration and anti-administration forces have urged proposals investing the courts with power to scale down the value of foreclosed property, to facilitate redemption. The council of agriculture in that State sponsors a state

board with mandatory powers to adjust mortgage payments.

In far Western States taxation relief transcends almost every other approach to the farm problem, but the legislatures of other States have had to lack of measures intended to lift some of the tax burden off the farmer's shoulders.

These proposals mainly are of two kinds—those intended to aid the farmer by developing sources of revenue to replace the ad valorem property tax, and those intended to grant the farmer respite through installment tax payments, postponement of payments, cancelling or reduction of penalties, moratoria on tax sales, and similar methods.

State Sales Tax Urged
Texas is one of many States considering a State sales tax. Governor Miriam A. Ferguson having proposed a 3 per cent sales tax to replace the real property tax. Indiana considers sales, income and intangibles taxes, and has sent to the governor a proposal for a one-year moratorium on tax sales.

An Ohio bill would ban sheriff's tax sales for two years, and other bills would provide for installment payment of taxes and the exemption of personal property.

Michigan considers a proposal for spreading delinquent tax payments over ten years. South Carolina has

a sales tax proposal, and North Carolina is asked to take the 15-cent school levy off real property. A Tennessee proposal would cancel penalties and interest on delinquent taxes from 1925 to 1931 inclusive if principal is paid by next January 1.

Bills before Iowa solons would prohibit delinquent tax sales altogether, and reduce interest on delinquent taxes.

Other States consider a host of similar bills presented as "farm measures." Their range is shown by the following incomplete list:

Bills to make real estate assessments more frequent; to permit only real estate owners to vote on bonds; to impose a sales tax exempting farm products; to eliminate State taxes on farm trucks; to refinance irrigation districts; to eliminate farm bureaus, agricultural departments and extension services in the interest of economy; to exempt from tax the gasoline used by farmers; to appropriate a fund for free garden seed; to reassess real estate at 80 per cent of its former value; to reduce the legal interest rate from 10 to 6 per cent; to exempt owner-occupied homes from taxation.

In addition to these, a great variety of general economy bills have strong farmer support as methods of tax-reduction.

Social and Personal

Mrs. Paul E. Jones and Mrs. D. R. Morgan of Farmville, were here today.

Mrs. Ned Laughinghouse and Mrs. H. D. Bateman of Wilson, were here yesterday.

Mr. and Mrs. Cecil Cobb of Grifton, were here yesterday.

Mr. and Mrs. C. C. Hillen have moved from East Ninth street to 225 West Fourth street.

MRS. HOBGOOD GUEST OF WOMAN'S CLUB

The Woman's Club met Thursday afternoon at 3:30 at the club. The club room was very festive with large vases of pink Japanese quince, white spiraea and japonica. Bowls of yellow jonquils graced the tea table.

A large number of Greenville women and out-of-town guests from Asplen came to hear Mrs. J. M. Hobgood, president of the State Federation, who was the guest speaker for the afternoon.

Before the introduction of Mrs. Hobgood, Miss Ruth Fenberg of E. C. T. C., sang three numbers, "The Answer," "Wearyin'," and "Joyce Kilmer's Immortal Trees" set to music. Miss Elizabeth Hyman read Sidney Lanier's "Marshes of Glynn."

This was particularly fitting as February 3rd is Lanier's birthday and marks the 90th anniversary of his birth, and also just at this time the United Daughters of the Confederacy are concerted in their efforts to have Lanier placed in the Hall of Fame at New York University.

Mrs. Hobgood was then introduced by Mrs. E. L. Henderson, president of the local club. Mrs. Hobgood, in her appreciation of the music sung, especially the song "Trees" and the reading of the "Marshes of Glynn," described for us a trip she took this fall with Mrs. E. L. Land to the meeting of the Southeastern Council in Miami.

She passed through the Lanier country in Georgia and gave a beautiful description of the live oaks and sand marshes of Glynn county, Ga., which had inspired Lanier to write the beautiful poem.

Mrs. Hobgood was asked to discuss the bills to be brought before the legislature in which club women were especially interested. Before starting her discussion she asked the women to listen over the radio every evening at 6:30 to Carl Goerch who reviews the legislative happenings of the day. She also paused long enough to pay tribute to Mrs. Sallie Southall Ootter's activities and interest in legislative matters at a time when women were not interested in government nor had a voice in state or national affairs.

That day has gone forever and she urged the Greenville women to let their voices be heard in insisting that our local legislators vote for the bills which club women are sponsoring.

The first bill in which club women are interested is the bill providing for a state-wide state supported 8-months school that will bring the dream of equal educational opportunity. Mrs. Hobgood gave the same speech in favor of this 8 months school term that she gave in Raleigh on Tuesday at the state-wide meeting of educational leaders. Dr. Frank Graham has suggested that she present this to women's clubs everywhere this spring.

In closing this speech she said that many voices today are clamoring for recognition but Aycock's voice, like a silver-toned trumpet and the flute-like voice of a small boy waiting on our ribboned highways, are the loudest.

A second bill in which club women are interested and do not favor is a measure providing for combination of offices of the state librarian with that of the director of the library commission. Club women are loud in their protest against this sixty per cent of all public libraries in North Carolina owe their existence to women's clubs. North Carolina has the strongest library commission in the south and one of the best in America. If this bill is passed the very life of our library commission may be endangered.

The third bill which the women's clubs do not desire passed is the one combining the office of department of public welfare and state department of health. Mrs. Hobgood quoted from Mrs. J. H. Highsmith's article in the Sunday News and Observer, in reference to demerits of the bill.

The fourth bill introduced by Senator Joyner of Northampton, and known as the Senate bill 138, interests club women. This bill would prohibit the unrestricted sale of prison made clothing.

Mrs. Hobgood said in closing that club women have faced ridicule in the past in their fight for bills they wished to see passed in the General Assembly but never defeat. They might have nagged and seemingly been very persistent in their efforts, but there has not been one bill passed in any legislature sponsored by club women of which they are not proud.

Mrs. R. L. Powell and Mrs. Grady Bell were voted in as members of the club.

Tea and waters were served at the conclusion of the program.

RAMON NOVARRO Helen HAYES in "The Son Daughter" State Monday

Bell Arthur News

Mr. and Mrs. E. S. Pittman of Kinston, spent the day with Mr. and Mrs. John Hemby Sunday.

Mr. and Mrs. A. D. McArthur and son, Alvin, Jr., were the guests of Mr. and Mrs. Mack Smith Sunday.

Messrs. J. T. Thorne and J. E. Boyd of Farmville, visited the school Thursday.

Miss Allie Brown Roberson of Farmville, spent the day with her sister, Mrs. R. E. Willoughby, Thursday.

Misses Bertha Bunting, Ernestine Parker, Elizabeth Spain, Myrtle Melton, Frances Dilda and Mrs. Marjorie Phillip, Messrs. H. B. Mayo and Henry Oglesby and Mrs. Mabel Randolph were the dinner guests of Mr. and Mrs. Lawrence White Tuesday evening.

Mrs. A. D. McArthur and son, Alvin, Jr. are spending this week with Mr. and Mrs. Wm. McArthur. Those on the sick list this week are Mr. and Mrs. Paul Rasberry, Mrs. W. Allen and Miss Sybil Gray Allen.

Miss Page Entertains. Stokes, Feb. 3.—Miss Elizabeth Page delightfully entertained a number of her friends Monday evening at a bridge party, honoring Misses Velma Gurganus and her guest, Miss Fanny Selby, students of A. C. C. Wilson, N. C.

Following several spirited games a delicious sweet course was served.

Returned From Washington, D. C. Mrs. R. S. McGeachy, president of the American Legion Auxiliary returned yesterday from Washington, D. C., where she attended the eighth annual Women's Patriotic Conference.

Mrs. McGeachy is national defense chairman of the North Carolina Department of the American Legion Auxiliary.

About forty organizations were represented at the conference.

Called To Charlotte. Mrs. L. B. Riddett, left today for Charlotte, where she was called on account of the critical illness of her uncle, J. A. Long.

Miss McGowan Club Hostess. Miss Jean McGowan was a very charming hostess on Saturday, January 28, from 3:30 to 5:30 o'clock when she entertained the members of her bridge club and a few invited guests.

Three tables for bridge had been arranged in the living room, which was appropriately decorated.

At the conclusion of the game, Miss Maude West was found to be high score winner.

New officers were elected as follows: President, Miss Marie Simpson; secretary, Miss Hilda Herrings; treasurer, Miss Pauline Abeyouinis. Refreshments were served.

Services At St. Peter's Tonight. The Holy Hour of Reparation will be held this evening at 8 o'clock. Blessed of St. Blaise at the end of the service.

Card of Thanks. We wish to take this means of showing our appreciation for the many deeds of kindness at the time of the illness and death of our dear wife and mother.

C. D. Smith and Family.

RED OAK HOME DEMONSTRATION CLUB MEETS. The Red Oak Home Demonstration Club held its regular monthly meeting Wednesday, Feb. 1 at the club house.

The meeting was called to order by the president, and 14 responded to the roll call. We were also glad to welcome two visitors who we hope will become members in the near future. The constitution was read by Mrs. B. L. Tyson.

Miss Nice gave a report of the last county council. Due to illness this club was not represented. She also gave an interesting talk about the "Grange."

The club voted to give a three-act play in the near future, with Mrs. B. L. Tyson as director.

The meeting was then turned over to Miss Nice who gave an interesting demonstration on spot and stain removing.

Mrs. R. R. Tyson, assisted by little Miss Jane Tyson, served delicious home-made candies.

—Reported.

Celebrates Sixth Birthday. Stokes, Feb. 3.—Little Frances Page was hostess at a delightful party given at her home celebrating her sixth birthday.

The little hostess was showered with many gifts. After several games were played and enjoyed, the guests were ushered into the dining room where the table was decorated with a birthday cake with six lighted candles.

The guests included Misses Perry Lane Knox, Jean Perkins, Jean Forbes, Carolyn Stokes, Virginia Conleton, Frances Conleton, Rebecca Cherry and Cordelia Perkins; Masters Wallace Roberson, Amos Leggett, Jimmy Roebuck, Phillip Hardison and Richard Cherry.

breezes from the harbor. But the visitors kept right on coming in large numbers all through the winter.

A white-haired veteran of thirty-three years' service at the fish market here, he supposes that 75 per cent of all the visitors are from out-of-town. It used to be easier to spot small town folk. Nowadays so many of them groom themselves like big city people and have the same air about them. But those from various sections of the country retain their identifying accents.

Penguin Pool Popular

—Lots of New Yorkers drop into the Aquarium to see the penguins, since they have become so fashionable. Today the penguin is very stylish in all manner of decorative art.

The pair now occupying the penguin pool were donated last spring by Vincent Astor, and the Aquarium was most happy to receive them. There had been no penguins in the place for about nine months, and everybody was wanting to see some since those previously exhibited had become so famous.

Those who want to get a look at the penguins had better go early. The heat on the expansive exhibit floor is not sufficient on wintry nights for these quaint, amusing birds. Well, before the closing hour, C. M. Breder, the Aquarium's young research associate, comes to get them out of their pool. They waddle along after him, flapping their flappers, and hop upstairs. In the morning they hop downstairs after Breder and make a great to-do over getting back to the pool.

Broadway Briefs

A silly hat of some sort always plays a large part in Ed. Wynn's clowning. The inspiration for these lids was born when he fooled around his father's millinery store in Philadelphia.

Young Israel Ed. Wynn worried his senior no end, trying on the women's headgear and getting the stock all out of shape while he made faces at himself in the mirrors.

SEVEN MURDER CASES ON COLUMBUS DOCKET

Whiteville, N. C., Feb. 3.—There are seven murder cases on docket here for court which now is in session with Judge Sinclair presiding. Those charged with murder according to Sheriff P. I. are Harvey Jones, Preston Brown and Manassa Blackwell. The men; James Freeman, Lennon, George and Harvey Moore.

It has been going on all this time. It remained until Tuesday when the first murder case was almost ready to be tried that folk from all parts of Columbus and surrounding counties packed the courtroom to overflowing and the street and sidewalks around were crowded to capacity. And on Monday the court-room was so packed it was necessary to place a special officer to guard the stairway and turn some away.

FLIERS WILL STUNT HERE

Tommy Gibbons To Jump From Parachute 1,000 Feet In Air Sunday

Three daredevils of the air, headed by Tommy Gibbons, were in Greenville today making preparations for presenting the public with a number of thrills at the airfield across the river from the city Saturday and Sunday.

Gibbons, with his partners, Peter Crawford and Al Hoffman, all fliers of experience and recognized ability, will put on a parachute jumping exhibition at the flying field here for two days and the public has been invited to go out and see the aerial experts as they perform feats that never fall to draw a gasp of astonishment; even from the most experienced layman.

At four o'clock Sunday afternoon Gibbons will present his death-defying leap from a plane while 1,000 feet in the air. It is known as the delayed parachute jump and is one of the greatest risks taken by modern stunt fliers.

Both days the fliers will perform some later tricks in the air. They have spent two thousand hours in the air piloting well equipped planes and they have a whole bag full of tricks which will prove interesting to the hundreds of people expected to visit the field Saturday and Sunday.

Two planes are used by the fliers, one of the same type as used by Colonel Charles Lindbergh in his record-breaking trip across the Atlantic—a Ryan monoplane.

Gibbons, a veteran of the air, who has braved many dangers, said he hoped large crowds would be out at the field each day to witness the exhibitions.

Square Dance—Spelling Match. Friday evening, nine to twelve, at the Woman's Club. Prizes offered for best dancer and best speller. Admission; adults 25c; children 10c. —(Adv.)

About NEW YORK

By WILLIAM GAINES New York.—(AP)—That grand old New York institution, the Aquarium, holds its rank as one of the biggest drawing attractions in town, despite hard times and wisecrackers.

The average annual attendance has been more than 2,000,000 for more than thirty years. In the last year, 2,190,216 persons visited the Aquarium, which was just 263,590 less than in 1931.

Depression's heavy hand has touched it with comparative lightness. There is no admission charge at any time. The city has clipped about \$3,000 from its operating budget, but Aquarium officials tell me the public probably will not notice the effects through the year.

There have been hundreds of bit jokes at the expense of rustic visitors who rush to the Aquarium as the first thing to be seen in the big town. Despite all that, nearly every out-of-towner wants to get to the Aquarium soon after his arrival, hotel men assure the officials.

A man in gray uniform stands at the entrance, with a counter in his hand. He clicks his machine for each new visitor, giving an accurate total.

There are more persons to count in the warm months of course, when crowds swarm Battery Park for cool

NOTICE OF SALE UNDER DEED OF TRUST By virtue of the power of sale contained in a certain deed of trust executed by Mrs. Mittie A. Worsley executed by Mrs. Mittie A. Worsley on the 15th day of May, 1929, and recorded in Book D-18, page 303 of the Pitt County Registry, and default having been made in the payment of the indebtedness secured in said deed of trust, the undersigned will on Monday the 20th day of February, 1933, at 12 o'clock noon before the Court house door in Greenville, N. C., expose to sale the following described tract of land: Lying and being in Bethel Township, Pitt County, North Carolina, and described as follows: Tract of land situated about two miles from Bethel adjoining lands of Newsome Worsley, Paul Whitehurst, L. J. Whitehurst, Royall Carson and J. Carson, containing 150 acres more or less and being a part of the Mary Thomas Tract, and which the said Mittie A. Worsley inherited from her mother, Mary Thomas. Terms of sale cash and sale made to satisfy said deed of trust.

NO DIFFERENCE

Chief of Police George Clark has announced that he expects to make a thorough investigation of the slot and game machines now becoming so popular throughout the city and ascertain whether or not the machines themselves comply with the laws and if so endeavor to break up the gambling that is now taking place by some of the parties playing these machines. Certainly we are glad to learn that this step is being taken by the police, for as we see it, there is no justice in permitting open gambling on these machines and then arrest poker players and negro crap shooters. If it's gambling, it's all the same whether played on a machine or with dice or cards and all who participate should be treated alike.

COREY VOTED "NO"

Unfortunately yesterday by a vote of 26 to 24, the Senate defeated the measure that would abolish the Corporation Commission, leaving that body in charge of the rate fixing powers of the power companies and other utilities in the state. Already by its past actions the Commission by its failure to do its duty to the consumers in North Carolina has ceased to justify its existence and the bill, in our opinion, should have passed. It is likewise regrettable to us to note from the roll call vote that Senator Arthur Corey of this county was among the 26 Senators who voted to defeat this constructive measure.

ABOUT TOWN

A government experiment to relieve the unemployment situation in this country will be conducted by President-elect Roosevelt when he enters the White House, according to reports from the "Little White House" in Georgia.

In the valley of Tennessee, the resident-elect plans to conduct an experiment in water power, reforestation and reclamation in the case of employing two hundred thousand men. Other experiments will be tried in other sections of the country and if they prove successful the plan now walking the streets in many parts of the nation will find source of livelihood, at least sufficient to keep the wolf away from their doors. Employment is what the nation needs to drive away depression and whether it comes through government effort or not is of little concern to the unemployed just so it is made possible. Roosevelt apparently has the right of the workingman at heart. If his scheme works a new era will be the outcome.

The Legislature is hunting new sources of revenue with which to pay for the operation of government the next two years and at the same time remove the remain-

der of the 15 cents taxation from land. Where will the solons strike to accomplish this purpose? This is the question troubling every mind at this time, and while a sales tax apparently is inevitable, other sources will have to be tapped before the required sum is raised. The lawmakers realize they will be expected to tap sources which heretofore have not been bearing their share of the tax burden, and if they do that the action will meet with the approval of the majority of people—those who have been bearing the brunt of taxation for the last several years.

Turn about is fair play, according to an old saying, and the time certainly has come in the state for the relief of those who have borne the responsibility for so long. The solons should turn their attention to the sources fully able to pay and no longer trouble the people whose backs have been bent under the weight of taxes until it seems they will break.

It is a big job the legislature has set out for itself, but its authority is supreme and if action is discreet and touches those able to pay nobody but those affected will be heard from.

Japan and China continue to clash with one another in the Jehol section, and if they continue it will not be long before another conflagration will break out on the western front.

Fighting is dangerous even though only two countries are affected. Eventually some other country will become involved and then the rest of the world might fall in line. There is something wrong about

the Japanese approach for settlement of conciliation, although China doesn't seem inclined to stop until they have been satisfied the terms have been met.

The League of Nations is doing everything in its power to amicably settle the dispute, but its effort so far have been entirely without results. Other countries have joined the league in protesting against hostilities but their appeals have gone unheeded. Eventually Japan will go too far with her conquest, and then the thing the rest of the world has been dreading will happen—fighting on a wide front with other nations involved.

Japan should remember the fate of those powers responsible for the beginning of the world war and do her best to prevent the destruction of her resources through warfare.

Because of a pronounced drop in revenue, the State High Commission has been compelled to reduce highway forces in different sections of the state. The movement, it was said, was made with a view to retrenchment and is not an effort to get the dismissed men provided for through relief funds.

The sharp reduction of employees, it was said, will make it imperative to replace the employees with relief labor to prevent roads from suffering.

This is a condition that vitally affects every community in the state, and should be considered seriously by relief organizations in the various counties.

The roads must be kept in good condition if traffic is to be maintained and it is just as easy to employ relief labor to assist regular employees as it is to use it for some other improvement project.

gaged long enough, I'm sure. And they can well afford a beautiful home together now. Why, they could buy South-of-the-Water if they wanted it. It's a shame!

"Don't you realize, mother, that if it hadn't been for Barbara's insane generosity we shouldn't have even this flat; we should have to sit about in fourth-rate continental pensions for the rest of our lives?"

Lella gave it up. Her mother had retired to bed on arrival from Kings Mallard, and although she was not exactly ill, she was not well and Lella did not expect her to recover. The mouse had taken refuge in the nearest hole and would venture out no more.

Lella took her paper along to the sitting-room where her father was finishing a heavy breakfast. In spite of herself she had an admiration for him. When, a few months earlier she had brought him Barbara's decision (that she wished the money divided between the Lodelys, the Canes and herself) he had done no more than chirp brightly—"Indeed! Yes. I expected no less. No doubt it is what poor Quentin would have wished."

Although it was making her late for the position Barbara had got her with Malavie, Lella waited until her father finished his final cup of coffee.

"Barbara and Mark are going to be married, father," she announced. "Really? Well, it's been a long engagement," the old man said quietly.

(Copyright, 1932, Julia Clef-Addams)

Still another suitor enters the lists tomorrow, for Barbara's hand.

EDITOR'S NOTE: This is the twenty-first of a series of articles briefly picturing possible members of the Roosevelt Cabinet.

If Franklin D. Roosevelt rewards those Republican progressives who supported him for the Presidency by giving one of them a seat in his Cabinet, many believe his choice will be Bronson M. Cutting, junior Senator from New Mexico.

An Eastern by birth, forced by health to go West in 1910, the 44-year-old New Mexico Senator has had an impressive career in politics. He was an enthusiastic supporter of Theodore Roosevelt in 1912 and has been both treasurer and chairman of the Progressive State Central Committee of his State.

Quick of step, tall, athletic and a bachelor, he was a captain during the World War and was awarded the Military Cross by Great Britain.

An editor and publisher by profession, Cutting is president of the Santa Fe New Mexican. He was a co-author of the bill recently passed by Congress granting independence to the Philippines. Perhaps he is known best for his fight during consideration of the Smoot-Hawley tariff bill to permit entry into this country of foreign literature regarded by customs officials as obscene.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by J. B. Corey, unmarried, on the 3rd day of March 1927 and recorded in Book P-16, page 378, we will on Saturday the 11th day of February, 1933, at 12 o'clock noon

at the court house door in Pitt County, Greenville, N. C., sell at public auction for cash to the high-

HIGH SCHOOL TRIMS BETHEL CAGE OUTFIT

With only two minutes to play in the Greenville-Bethel High School game last night in Robersonville, and Bethel in the lead by an 18 to 12 score, the local lads came from behind to win by a 18 to 18 score.

The game was of the fast and furious type throughout and the score was close practically the entire game. The first quarter ended with Greenville in the lead by a 6 to 5 county, and the same margin was held at the half with the score 10 to 9. The third quarter ended with the two teams deadlocked at 12-12, but the last period provided most of the fireworks. Bullock, diminutive Bethel forward, hit a hot streak and sank three action shots to run the score to 18 to 12 with only two minutes to go. It was at this period of the game that Greenville started her rally that looked like it had come too late. Windham shot a free throw and Gibbs came through with two field goals to make the score 18 to 17, with five seconds to go, as the ball was tossed up to go, as the ball was tipped to Hardee, who passed to Gibbs, who in turn passed to Taylor. Taylor started to shoot and Dunn fouled him as the whistle blew ending the game. With his team behind one point, Taylor toed the mark and let fire with the first of two free throws. Bang! It went through the hoop for the tying point. He took aim a second time and cut loose. The ball went through without even touching the rim for the winning point and came a close and exciting game.

Gibbs for Greenville and Bullock of Bethel were the high scorers of the game with ten points each and Madrin and Dun played nice floor games. Both teams were excellent on the defense.

Line-up and summary follow:
Greenville: Gibbs (10); Hardee (3), forwards; Taylor (4), center; Madrin (2); Windham.
Bethel: Bullock (10); Burton (2); Highsmith and Manning, forwards; Dunn (6) and Wilson, centers; Warren and Carson, guards.

WINTERVILLE BEATS CHICOD

Winterville, N. C., Feb. 3.—Winterville High and Chicod High were engaged in two of the most fascinating basketball games of the season here in "The Tin Can" last night.

The first game, played by the girls, was called at 8 o'clock, and with the fast work of Bowlin, Rouse and Y. McLawhorn the locals managed to get the lead on the visitors at the first and keep it throughout the game. Y. McLawhorn and Rouse led the locals with fourteen points each, while P. Moore led the visitors with seven points. The game was won by Winterville, 33 to 11.

Boys' Game
The boys' game gave the local basketball fans more excitement than any game played this year. The first half ended with the visitors in the lead, 8 to 7, but the beginning of the second half Winterville forged ahead and from then on it was "nip and tuck."

At the end of the game the score was 16 all, and required two five-minute periods to finish the game. The first extra period there was no scoring for either team. Winterville went into the second period with a determination to end the game, and with the man to man defense to only one field goal and at the same time shooting six making the score 23 to 18 for Winterville. The next game will be Tuesday, February 7, with Washington High School in Washington.

BABY DEAKS BEAT LOCALS

Wake Forest, Feb. 3.—Wake Forest College freshmen roled up a 12-point lead in the first half and continued to out-score their foes in the second half to get a 38-21 win over East Carolina Teacher College basketball team here last night.

Brunt, forward, was high man for the Baby Deacons, caging five field goals and one free throw. Bostick, forward, led the visitors with eight points. The Baby Deacons held a 23 to 11 lead for first half play.

Line-ups:
W. F. Frosh—Forwards, Pero (7), Brunt (11), Centers, Elliott (2), Patton (4), Guards, Lofton (5), Hatcher (6), E. C. T. C.—Forwards, Bostick (8), Tucker (3), Centers, Burnett (2), Lominac (3), Guards, King (2), Eason (3), Officials, Brogden and McKinney.

TARBORO WILL PLAY HIGHS IN CITY TONIGHT

Greenville High School will take on Tarboro High School tonight in the High School gymnasium at 8 o'clock. This will be the second engagement of the two teams this season with Greenville having been the victor by a 14 to 10 count in the previous meeting.

Tarboro has a nice aggregation of court stars and will be anxious to avenge the defeat handed them by the locals earlier in the season. Because of the close score of the other game, local fans are looking for a hot game tonight.

EXPECT LARGE CROWD TO RING TILT ON HILL

Chapel Hill, Feb. 3.—University athletic authorities are preparing the Tin Can to seat comfortably one of the largest crowds of the indoor season at the Carolina-Virginia boxing matches here Saturday night.

The freshman matches start at 7:15 and the varsity bouts at 8:30 o'clock.

The invaders hold the Southern Conference title and have two individual champions, (Bobby Goldstein, national champion at 135 pounds last year, and Lewis Reiss, football captain and southern lightweight champion.

The Carolina team looks similarly strong after beating V. M. I. by the same 6-2 score as Virginia, and with several stars available who are slated for brilliant bouts with the

Cavaliers, a great throng is expected. The ring is being raised for the first time this year to insure a better view for every spectator, and approximately one hundred choice ringside chairs are being arranged at each end, which will supplement the long tiers of bleachers and which will be reserved especially for the University's guests from the outside.

Ed Brockman, able and veteran referee of Baltimore, has been selected to referee and judge the bouts, and may see some very close decisions to make if the meet pans out as expected.

The Tar Heels will bank heavily on Captain Marty Levinson, heavy hitting 125 pounder, and on Platt Landis, of "Poppy twister" fame in the unlimited class. Both boys have won all their bouts this year, and the pile-driving Landis has won his last two by knockouts in the first round.

STATE GETS IN TRIM FOR GAMECOCKS

Raleigh, Feb. 3.—Although somewhat bunged up from two hard matches with Carolina and Duke, State College's boxers are working hard for their appearance here Saturday night against the South Carolina Gamecocks.

Three of State's scrappers are not in the best of shape but only one of these is expected not to start. Marshall Rhyme, 135-pounder, has an infected eye that will keep him idle. His place will be filled by Joe Sauls who will step up from the 125 pound class. Allen Nease who held Carolina's Captain Levinson to a close decision two weeks ago, is still bothered by a strained tendon in his neck but will fight against the Gamecock 125-pounder.

Captain Charlie Garner, 145-pound Southern Conference champ, who last week experienced the novelty of seeing a decision go to his opponent, LeRoy Sides of Duke, is

determined that it shall not happen again. He is working hard this week in spite of a cut over his right eyes sustained early in his scrap with the Duke flash.

State's two undefeated soph. Bill Dunaway and Jack Fabri are in excellent shape and are all set to add to their string of victories begun last year. The other starters against the Gamecocks will be Turner Bilisoy, Joe Hall and Red Stephens, in the 115, 175 and unlimited classes.

NOTICE OF SALE OF REAL ESTATE
Under and by virtue of the power and authority contained in that certain deed of trust executed by Macy F. Williams to R. B. Lee, Trustee, on the 15th day of December, 1925, of record in the office of the Register of Deeds of Pitt County in Book — at page — default having been made in the payment of

the indebtedness thereby secured, the undersigned trustee will on the 13th day of February, 1933 at 12 o'clock noon at the court house door in Greenville, N. C. offer for sale to the highest bidder for cash the following described real property, to-wit: That certain tract of land lying and being situated in Chicod Township, Pitt County, North Carolina, adjoining the lands of W. L. Smith, O. L. Smith, Emma Hardee and others, containing sixty-four acres more or less, and being the Home Place of the said Macy F. Williams. This the 9th day of Jan. 1933.

R. B. Lee, Trustee.
Gaylord & Harrell, Attys.
Jan. 10-11-12-13-14-15

Louise M. Briley and husband, J. Harvey Briley to Branch Banking & Trust Company, trustee for the Metropolitan Life Insurance Company, dated January 4, 1928, duly registered in Book P-16 at page 526 in the office of the Register of Deeds of Pitt County, N. C. default having been made in the payment of the indebtedness therein secured and in other conditions as set out therein, the undersigned will on

Monday, February 6th, 1933 at 12 O'Clock Noon
before the court house door in Greenville Pitt County, N. C. expose to public sale to the highest bidder for cash, a certain lot or parcel of land lying and being in the town of Greenville, county of Pitt, state of North Carolina, more particularly described as follows:

Beginning on the northwest corner of the intersection of 4th and Summit Streets, and runs thence N. 31 E. with the western side of Sum-

mit Street 101.72 feet to an iron stake; thence N. 59 W. 76 feet; thence S. 31 W. 101.72 feet to the north side of 4th Street; thence S. 59 E. with the north side of 4th Street 76 feet to the beginning, the same being the eastern part of Lots Nos 1 and 2 in Block "G" of College View Subdivision, which were conveyed to Louise M. Briley in two deeds, one from R. D. Harrington dated Feb. 18, 1919 and duly registered in Book U-12 at page 471, and the other from R. D. Harrington, Guardian for Walter Lancaster Harrington, to Louise M. Briley, dated Feb. 21, 1919, duly registered in Book U-12 at page 479, in the office of the Register of Deeds of Pitt County, N. C.

HATE CAUSED WORLD WAR

Italian Count Tells of Great Conflict in Duke University Address

Durham, Feb. 3.—That no one nation was responsible for the world war but that it followed a rising tide of hatreds and fears was brought out last night by Count Carlo Sforza, former Italian minister of foreign affairs, in the first of a series of lectures on international relations at Duke University.

Count Sforza will spend the entire month of February at Duke as visiting Carmelite professor of international relations.

The responsibilities of the war were divided in two groups by the Count. (1) the immediate ones mainly associated with Germany and Austria, and (2) the distant ones divided among the Great Powers. "Each nation," he said, "should look for the responsibilities of her former leaders, and in that way try to learn how to avoid the repetition of the great crime of 1914-1918."

Count Sforza concluded by showing the necessity of any foreign attempt (such as was done with the treaty of Versailles) to force the war responsibilities upon a single nation.

The noted diplomat explained that it was his intention not to bring new theories and new interpretations concerning the responsibilities of the war. His only reason for contributing to the study of this problem, he declared, was that before the war, as a young diplomat, he had been able to watch the rising of hatreds and fears that made for the war; and, after the war, as minister for foreign affairs, he played a part in most of the after-war negotiations.

Count Sforza described the activities of the secret leader of German diplomacy before the war, Holstein and told many hitherto unknown episodes about him and his policy.

Through the remainder of the week Count Sforza will speak to luncheon and dinner groups and round-table meetings of members of the political science and history departments and graduate students.

On next Thursday night he will lecture on "The Fourteen Points to Locarno and After." The entire series are related and will trace affairs in Europe until the present time.

SAYS RELIEF LABOR MUST ASSIST HIGHWAY FORCES

(Continued From Page One)

Attention is further called to the fact that loans made to North Carolina for emergency relief purposes are to be repaid to the Reconstruction Finance Corporation at the rate of 20 per cent annual beginning in 1935 from federal funds appropriated to the state for highway purposes.

FOUNDERS DAY AT COLLEGE

(Continued From Page One)

ers trained in the institution. As East Carolina Teachers College has been closely bound up with the public schools of the State throughout its history, it is fitting that at the second celebration of Founders' Day the message should come from the field. The first celebration emphasized the early years of the school and the charter members of the faculty who were still connected with the college were in the honor guests and took part in the program.

Mrs. John Thompson, vice-president of the Alumnae Association and acting president, will preside over the exercises. The members of the committee in charge of arrangements for the day are Miss Elizabeth Reif Hobbs, Mrs. A. B. Corey, Mrs. C. M. Warren, and a faculty representative, Miss Maria D. Graham. Miss Elizabeth Smith, president of the Pitt County Chapter, is ex-officio member of the committee.

Visiting alumnae and others will be guests at luncheon on that day. The Barrere Little Symphony, one of the leading attractions in the entertainment program for the year, will give a concert on the evening before.

OPPOSITION PROHIBITED BY MILL OWNERS

(Continued from page one)

cripping themselves.

It was at the end of the oratorical fireworks that Alderman Boyd made the motion that a bill be sent to the Legislature authorizing incorporation of the Banana district. When no second was heard, Mayor Flanagan ordered the motion tabled observing that people of the area didn't seem to want to come into the city.

Former Aldermen Ralph Garrett and J. N. Williams were in the assemblage and were recognized by the chair. Each expressed gratification that the board had declined to act favorably on the annexation movement.

The board carefully reviewed the

budget for the last six months and Mayor Flanagan impressed upon the heads of each department the importance of hewing close to the line during the remaining half of the year.

The statement of expenditures showed each department had been living well within budget bounds in spite of the heavy demands of the first six months, and belief was expressed that all would come out at the end of the year in good shape.

Former Alderman J. N. Williams brought to the attention of the board the lack of enforcement of the meat inspection ordinance in the city at this time, stating that meats were being peddled about the city without first being subjected to inspection. He stated this was not fair to marketmen who were forced to pay for inspection—and urged something be done to improve the situation.

The matter was referred to the ordinance and sanitary committees for consideration.

L. R. Meadows was granted permission to place curbing and gutter along the street of property on Cotanch and Reade streets. The matter was presented by John Clark, who stated that the improvement was not expected to exceed \$150.

The proposal of K. W. Cobb for extending pavement 50 feet on Third street near his home was referred to the street committee for investigation.

The board authorized Mayor R. C. Flanagan to join the North Carolina Municipal League after the official had made an exhaustive study of the organization and reported on its activities to help municipalities maintain their rights on public questions.

The board also voted to amend the charter to change the terms of aldermen in the Fifth and Fifth wards to two years each instead of one year. The proposal was presented by Alderman Closs Hearne and had been considered at a previous meeting. The matter will be sent to the State Legislature for action.

Johnnie Norris, colored, was given permission to conduct a dance for the Elite Club during Easter Monday provided the usual tax of \$25 is paid in advance.

Louis Curry was given permission to operate a pool room on the upper end of Dickinson avenue after he had presented a petition, containing the names of a number of citizens endorsing the movement.

Alderman Norris presented an ordinance throwing a protection around city dairies by preventing the use by other dairies of bottles containing the firm's name. The question of requiring dairies to pay the usual city tax was also considered and it was indicated pressure would be brought into play to accomplish this purpose.

Late News Flashes

(Continued From Page One)

The House-Watson-Crews-Moore bill to abolish deficiency judgment upon foreclosure of mortgages and deeds of trust. The bill will become law tomorrow.

The Senate also reversed itself on a bill it had passed calling back the Burzin measure from the House.

This proposal would make members of the state board of conservation and development also serve as a state park commission. The measure was sent to the reorganization committee for hearing.

A joint resolution extending the sympathy of the legislature to the late Gov. R. T. Fourn completed legislative tasks.

The Senate passed a bill to prohibit public employment of architects or engineers who might be interested in the sale of materials to be used in proposed public buildings.

It also passed a joint resolution asking that T. A. Wilson, industrial commissioner, explain a letter he wrote asking for support of the commission and workmen's compensation act.

Regulation of hours of work for women employed in store and cafes in towns of over 5,000 population got legislative sanction when the Senate passed the crews bill to establish the 55-hour week.

Passed Appropriation Bill

Washington, Feb. 3.—(AP)—The House today passed the billion dollar appropriation bill for independent offices of the government which provided \$18,000,000 more for veterans' expenditure but struck out \$300,000 increase voted yesterday for the Federal Trade Commission to finish power and chain store probe.

The sum for the veterans administration was \$966,838,000 and that for the trade commission was \$510,000.

As the measure went to the Senate that chamber planned to vote on the major economy program of a section of the treasury and post-office bill.

Aberdeen Bank Robbed

Aberdeen, N. C., Feb. 3.—(AP)—Three men held up the Page Trust Company here this afternoon an escaped toward Southern Pines with between \$300 and \$400. Francis Pleasants, cashier, was alone at the time.

The men walked in, pulled guns from their pockets, forced Pleasants to lie on the floor and took the money and fled.

A check was under way to determine the exact amount of cash taken, but it was believed to amount to \$400.

A bag of pennies was taken from the vault along with loose silver and currency on the counter.

Asks Farm Relief

Washington, D. C., Feb. 3.—(AP)—Conditions in the agricultural regions were pictured as serious in testimony before two Senate committees today by former Governor Angus McLean of North Carolina and William Settle, of Indianapolis, of the former National Grain Corporation.

McLean advocated passage of the Hull bill for a two-year moratorium on farm foreclosure by lending \$1,000,000,000 to farmers through the Reconstruction Corporation to enable them to pay taxes and installments.

"That will save the schools, put the tax money in circulation and go far to revive business," he told a joint sub-committee.

McLean said schools are on the verge of closing because they can't collect taxes. The government is breaking down and has broken down in country districts.

He appeared before the Senate group, as chairman of the executive committee of Joint Stock Land Bank Association.

Stock Market

New York, Feb. 3.—(AP)—Cotton futures opened steady, nine to thirteen points higher on cables and trade buying. March sold to 5 1/2.

Beware the Cough or Cold that Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

Sales Record for Past 54 Months Is Announced

Dayton, Ohio, January 3, 1933.—A record of achievement which is possibly without parallel in business history was revealed here today when officials of the Sargon Laboratories, Inc., reported that fifty-four months ago their medicines, Sargon and Sargon Soft Mass Pills, were first placed on the market, and that up to date 7,417,453 packages of these two medicines have been sold.

In explanation of this truly remarkable record Mr. J. J. Gibson, Secretary of the Company, said: "We spent two years' time and a considerable fortune in developing these medicines before they were placed on the market, and we had good reason to believe that as soon as the public became acquainted with their effects there would be a very large demand for them. This is what seems to have happened during the past fifty-four months.

"As evidence of this," he continued, "thousands upon thousands of individual endorsements have literally poured in from all parts of the country, and we are shipping our medicines throughout the United States, Canada, and Hawaiian Islands, Cuba, Jamaica, and several Central American countries. Only yesterday we received an order from Nice, France. Indeed a large part of our business comes from sections where our advertising has never appeared. This indicates that people who use our medicines are writing or telling their friends about them."

When asked for a brief statement of what effects Sargon and Sargon Pills have on persons who take them, Mr. Gibson replied, "These are new medicines and they actually accomplish many things which the older remedies were supposed to do. For instance, it is now conceded by the medical profession that colic and other laxative drugs have no effect whatever on the liver. Our medicines actually stimulate the liver to cleanse itself by increasing its production of bile. Sargon and Sargon Soft Mass Pills also promote general glandular activity; build up the red blood cells and correct the most prevalent causes of indigestion and constipation and the many ailments resulting from these disorders."
