Pitt 'Over Top' In Leaf Sign-Up

Over 2,400 Growers Sign Contracts To Cut Acreage; Carolina Township Leads

ALL BUT ONE GROWER SIGNS IN CAROLINA

Report From Farm Department Today Places Pitt Well 'Over the Top' in Government's Effort To Raise Prices; Push Effort To Re-open Marts As Early As Practicable

Pitt County, the largest bright leaf tobacco-growing county in the world, continued to blaze the way of the industry today by "going over the top" in the tobacco reduction sign-up.

After bounding over the top in a way that has won the admiration of those in all tobacco-growing States interested in the curtailment movement, county workers continued to branch out in all communities today in an effort to add the name of those growers who failed on the sign-up which got under way at full blast at a mass meeting here last Saturday.

The drive has continued with undiminished vigor, and today those in charge of the campaign reported that success was not only assured, but the county probably would take first rank in support of the movement to raise prices this year and insure an improvement in years to come.

Carolina Township outstripped all other sections of the county in responding to the reduction sign-up during the first two days of activity. Records in the office of E. F. Arnold, director of the farm department, where compilation of the sign-up are made daily, indicated all but one tobacco producer in Carolina Township had signed the government contract for reduction of acreage.

However, it was expected Carolina, already leading all townships in tobacco-growing States on the basis of reports so far received, would realize the ambition of establishing a one hundred per cent sign-up. In fact, the grower who refused to sign said he was giving the matter consideration and was expected to join the ranks of the signers in a short time now.

At 11 o'clock this morning the farm department reported that compilation of all contracts filed in the office up to that time covered 41,064.53 acres and involved 2,437 signers. On the basis of these figures, the county total for around 40,000 acres and 2,304 signers reported last night.

Every district in the county has rallied admirably to the call for reduction of flue-cured tobacco acreage in the face of the government's promise of improved price conditions, and the great corps of workers assigned to the sign-up last Saturday were giving their attention today to growers even in the most remote districts, attempting to swell the grand total of the county by the time for another report.

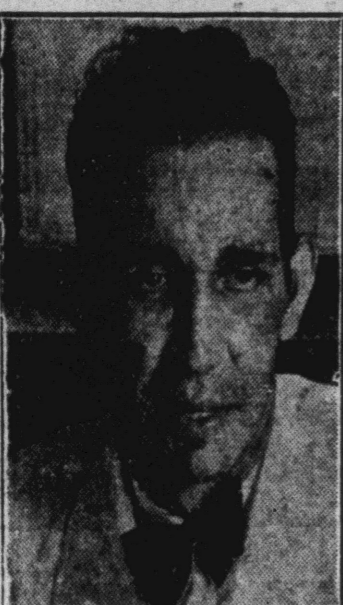

About a hundred farms in the county owned by the two land banks in this State were not included in the report from the farm department today, and when this additional acreage is added the total was expected to jump so perceptibly that Pitt would come in for still greater praise from those who are giving so liberally of their time to the reduction cause.

In addition to the contracts signers for acreage in this county, over one hundred contracts for acreage in other counties have been signed here. These cover over two thousand acres.

No new developments took place today in the movement to open the markets for resumption of business Thursday as announced yesterday, but it was known that every effort was being put forward to re-open as soon as the sign-up justified such action.

FICKLEN HOME HERE ROBBED

Police Reveal Robbery of Residence in Western Part City Two Weeks Ago

Police today continued their search for a thief or thieves who entered the home of J. S. Ficklen in the western section of the city two weeks ago and made away with a considerable amount of clothing and three hams.

Officers were at a loss to say exactly when the robbery was committed in view of the fact that Mr. and Mrs. Ficklen had been out of the city for sometime. The robbery was discovered by a visitor to the home Saturday two weeks ago and police were immediately notified.

A check of the building showed the intruders confined themselves mainly to wearing apparel, bed clothes and the meat. This, Chief of Police George Clark said today, was valued at around \$20.

Entrance was made through the front door with a skeleton key and the door was left open. It was the open door that attracted attention of the visitor to the home Saturday morning and this was followed by a check-up revealing the missing property.

Chief Clark said today he had been unable to obtain a single clue that might lead to the apprehension of the robber or robbers, but that the investigation would continue until something definite was obtained.

NEGRO SHOT IN ATTEMPT TO ROB STORE

John Hemby Held For Trial Here With A Bullet Wound in The Leg

Charged with breaking and entering Haddock's filling station at Cox Mill, John Hemby, colored, was being held in the county jail today, nursing a bullet wound in the leg, and awaiting trial at the next term of court.

Hemby was arrested by Sheriff Sam Whitehurst Sunday night shortly after 12 o'clock after he had been shot in the calf of the leg as he entered the store.

Particulars of the shooting were vague, but it was said that the negro was fired upon by someone in the store as he broke through a window at the side of the building. He was fired upon before he had a chance of taking anything.

The negro was picked up by the sheriff about fifty yards from the store.

It was the third time the filling station had been entered by burglars during the last year, it was stated, and since the last robbery a guard had been kept posted in the building to prevent the visit of intruders.

TAKES CRACK AT BANKERS

Hancock Scores Opposition Of Bank Men To Insurance For Depositors

Raleigh, Sept. 12.—(AP)—Congressman Frank Hancock, Jr., of the Fifth North Carolina District, issued a statement today asserting if bankers and their organizations continued their "uncompromising attitude in opposition to insurance to bank depositors it will mean the writing or their own financial death warrant."

A member of the House banking and currency committee, Hancock flayed the panny policies of the commercial banks of the nation which he said are doing as much as any other thing to retard recovery in the country.

Pointing to opposition of the American Bankers Association and our own state association to the depositors' insurance law, Hancock asserted:

"If the American Bankers Association under the dominating influence of Wall street is more powerful than the people of America operating through their duly elected representatives at Washington, the sooner the issue is drawn and a test determined, the better off the nation will be.

Here on business, he said he was going to Washington and would confer with Jess Jones, chairman of the Reconstruction Finance Corporation, on how to thaw out the frozen assets of banks in this country.

CALL DRY LAW ROTES HEAR ELECTION HERE

Balloting For Choosing Delegates To State Convention To Be Held Nov. 7

The General Assembly of North Carolina, session, 1933, ordered an election for the calling of a convention of the people of North Carolina for the purpose of considering the proposed amendment to the Constitution of the United States repealing the Eighteenth Amendment.

The election must be held on November 7, 1933, and is for the exclusive purpose of voting for "convention" or "no convention." The registration books will be open for one day only, Saturday, October 28, at voting places, and a sentence voting will not be allowed in this election.

Registrars will be at polling places on Saturday, November 4, for challenge purposes.

Pitt County is entitled to two delegates (either for or against repeal) to the convention to be held in Raleigh on December 6, 1933.

Candidates for delegates to qualify must first secure a petition signed by 2 per cent of the voters for governor in the general election of 1932. This vote was 7,696, therefore it is necessary to secure the signatures of at least 152 voters in order to qualify.

Such petitions must be filed with the County Board of Elections by midnight of Saturday, October 7, 1933. Each petition must show whether the candidate is "For" or "Against" repeal.

The judges for this election will be appointed, one for and one against repeal.

PAUL FITZGERALD, Secretary, Pitt County Board of Elections.

SELECT ROLL CALL LEADER

S. G. Wilkerson to Direct Red Cross Membership Campaign This Year

Wm. J. Bundy, chairman of the Pitt County Chapter of the American National Red Cross, announces today that S. G. Wilkerson, prominent undertaker, has accepted the appointment of the roll call chairman for 1933. The 1933 roll call for membership in the Red Cross will take place between Armistice Day and Thanksgiving.

MAKE PUBLIC TEACHER LIST PITT SCHOOLS

County System To Begin Fall Term Monday, September 18, It is Announced

The list of teachers for Pitt county schools, which will open for the fall term Monday, September 18, was made public today at the office of Donald Conley, director of public instruction of this county.

The stage has been set for the opening, Mr. Conley said, and a successful session was being anticipated in spite of decreased appropriations.

Open exercises will be held in practically all of the schools and as usual these were expected to be of an inspirational nature.

The county transportation system, by reason of decreased appropriations, will operate on a greatly curtailed budget this year, it was revealed today by figures provided by Leroy Martin, of the State Department of Education.

In fact, the figures show, schools' transportation will have to run the entire eight months on exactly the \$8,191.18 less than the last school year.

For the 1932-33 term the county budget was \$28,211.18 with \$16,200 of this being used for replacements. This year the total budget is \$21,740 with major replacements of \$3,240, making the actual operating budget \$18,500.

This means a 30 per cent reduction in appropriations for transportation and has made it necessary for the adoption of one of the greatest economy programs probably in the history of the system.

Patrons of the schools were urged to keep in mind the constantly increasing prices for things that go into transportation and to cooperate with the system in keeping expenditures down.

NAB NEGRO ROBBER HERE

Kelly Smith Jailed For Robbing Home Here During Last July

A negro who robbed a home here last July was behind prison bars today because he decided to wear some of the stolen property to church last Sunday.

Kelly Smith is his name and he is charged with breaking and entering the home of Lonnie Wilkins, colored, on the outskirts of the city during the latter part of the summer and obtaining some of Wilkins clothing, boots and watch chain.

Both Smith and Wilkins went to church last Sunday. Smith evidently didn't expect Wilkins to be in the congregation, or at least didn't expect him to recognize some of the clothing alleged to have been taken from the Wilkins' home and which adorned Smith's person.

Outlaws Sought For Hold-Up Of Filling Station

LATE NEWS FLASHES

Seek New Leaf Mart Dates. Wilson, Sept. 12.—(AP)—W. T. Clark of Wilson, chairman of the sales committee of the U. S. Tobacco Association, today called a meeting of the committee at Durham for tomorrow to consider setting of new opening dates for tobacco markets in the middle and old belts.

The markets are scheduled to open Sept. 19 and 26, respectively. New dates suggested due to the closing of Eastern North and South Carolina markets, while a campaign was being waged for reduced acreage and higher prices are October 3 for the middle belt and Oct. 10 for the old area.

W. L. Adams, Wilson county agent, said this afternoon he estimated 90 per cent of all the tobacco acreage in this county had been signed up. More than 1,700 contracts had been turned in at noon today with several hundred more expected this afternoon.

PRESS DEMAND FOR NEW CUBAN STATE HEAD

Havana, Cuba, Sept. 12.—(AP)—Defiant army officers barricaded and besieged in the sumptuous National Hotel resisted the new government's demand today that they come to terms immediately.

They scoffed at an ultimatum from President Ramon Grau San Martin that they yield in 24 or 36 hours, and made ready for a showdown on their stand that former President Carlos de Cespedes be reinstated.

PITT COURTS ON HOLIDAY

Because of the tobacco reduction sign-up now in progress in the two Carolinas, two court terms scheduled in this city for the present week have been deferred.

County Court, by reason of the scheduled session of civil court here this week, arranged not to meet today and was idle because of the postponement of the civil court ordered last week by Judge J. Paul Frizzelle, resident judge of the Fifth Judicial District, because of the attention now being devoted to the campaign to sign up tobacco growers and re-open the markets as early as possible.

Two weeks of court competed a week ago, one for the hearing of civil cases and the other for criminal actions. In spite of the fact that scores of cases were taken from the docket, the calendar still contains numbers of issues of more or less importance and some of these will be aired when court ends the holiday.

By reason of the week holiday, County Court probably will be faced by a comparatively heavy docket the next time it meets, the announcement of the date to be made at a later date.

OPERATORS BOUND AT SPRUCE PINE

Two Gas Station Operators Called From Bed By Men Believed To Have Staged Taylorsville Bank Robbery; Station and Home Robbed After Outlaws Obtain Gas and Oil

Spruce Pine, Sept. 12.—(AP)—Three bandits, one of them believed by officers to be B. G. Greene and his son, Lester, outlaws sought for the attempted robbery of the Taylorsville Bank and the slaying of its cashier last July, held up a filling station near here early today.

Owner of the station, Tom Huskins and Hunter Hudson, were left bound.

The bandits carried off a variety of articles, \$52.50 and a new 1932 automobile owned by Hudson.

The Hudson-Huskins filling station is at Lotta, Mitchell County. About 2 o'clock the bandits drove up and awakened the owners saying they wanted to buy gas. Hudson and Huskins were in bed at Huskins' home near the filling station.

Hudson arose, filled the bandits' machine with gas and oil and then asked for cigarettes.

As he opened the station door and reached for the cigarettes they covered him with pistols and tied his hands behind him. The bandits then loaded the machine with cigarettes, canned goods and two slot machines.

After finding only \$2.50 in the station, they then went to Huskins' home, held him up and tied him to bed.

Green and his son have been objects of continuous search in connection with the attempted hold-up of the Merchants and Farmers Bank at Taylorsville last July. F. O. Barnes, cashier, was fatally wounded in the hold-up and Solomon Little, assistant cashier, was shot but recovered.

Wilmington Gripped By Heat and Humidity. Wilmington, N. C., Sept. 12.—Members of the family of James D. Mote, assistant superintendent of the city water department, yesterday recounted their hectic experience in the flood waters that have inundated the Maple Hill, Pender County, section. Considerable damage to reported.

Mrs. Mote, accompanied by her two daughters, Margaret and Carey, and one son, Frederick Mote, left Wilmington at 9 o'clock Saturday morning to visit her mother at Maple Hill.

A Fine Piece Of Work

Our congratulations to the tobacco growers of Pitt County for their promptness in signing the government reduction contracts and likewise our thanks to all those volunteer workers who have aided in the drive.

It must be remembered, however, that our task is not completed until every grower has signed, and we urge the non-signers to act at once.

The sooner the task is completed in all the counties the sooner our markets will re-open and we can begin to reap the benefits of the better prices.

Government Will Do Its Part

One question that has been asked time and time again during the past few days is, "How is the government going to make tobacco prices better?"

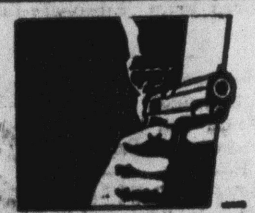

The government proposition is a two-way one. First, the farmers must show their willingness to co-operate by signing agreements to reduce acreage for the next several years.

The HIDDEN DOOR BY FRANK L. PACKARD

Synopsis: In order to gain admittance to the Mask's headquarters, Colin Hewitt, novelist, has had to disguise himself as Clarke Lunn, a gangster, and has witnessed the murder of a rum runner's crew, the captain of which had wrecked the Mask's huge Canadian counterfeiting plant.

Chapter 44 THE HIDDEN DOOR In any case it was fairly apparent that nothing would happen until Barney came back—and until then there was nothing to do but lie there and wait.

Distinction! Perpetuating the traditions of Lord Baltimore for the finer things in life this new most modern hotel delights the discriminating traveler of today.

Malone had said that the passage to and from Solly the cobbler's was used by all the members of the mob, whereas no one was permitted up here in the big shots' territory except the big shots themselves.

He could quite understand now why Buck O'Mara had not wanted Clarke Lunn in that other room tonight! Heimie Schwarm's expected arrival might only have been used as a pretext.

Out of the darkness there came no answer, Colin expected none. The point was he was now in possession of the fact that the house next door held the secret of the Mask's existence, identity, and activities.

Reaching his objective, he entered a booth and called a well-remembered number. A moment later a concise, official, but unmistakable voice came over the wire.

GREENVILLE MARKET REPORT

If You Haven't Signed Do It Now

We wish to congratulate the tobacco growers of Pitt County and Eastern North Carolina for their fine spirit of co-operation in so readily signing the government acreage reduction contracts.

Tune in on Greenville's Radio Station WEED every day (except Sunday) at 9:45 A. M., 12:45 P. M. and 5:45 P. M., for latest tobacco market reports.

The government, after mature deliberation has stepped in to assure reasonable prices. We believe they will never step out so long as the growers welcome their support.

Growers in foreign countries are constantly increasing their own production. Exports of flue cured tobacco from the United States to foreign countries have been steadily declining.

All markets will reopen simultaneously through contact by Governor Ehringhaus with officials at Washington, D. C., and ample notice will be given.

County Agent now has name of every land owner in the county. As you sign, your name will be checked off.

We beg you, in this emergency, not to let your name appear on the list with those who do not sign the Government Contract for acreage reduction.

Let us urge the growers living out of Pitt County, many of whom are receiving the Daily Reflector, to get busy at once in their respective counties.

SUMRELL-DOW.
A pretty but simple wedding was solemnized in the home of Mr. and Mrs. A. J. Stocks, 107 E. Twelfth street, on Wednesday afternoon, September 6th, when Mrs. Leah Low of Kinston, became the bride of H. C. Sumrell of Kinston.

The wedding was performed in the presence of only a few friends and relatives.

Mr. Sumrell is the daughter of the late Mr. and Mrs. Dow of Kinston. Mr. Sumrell is the son of E. W. Sumrell of Kinston, and a brother of Mrs. Stocks and Mrs. M. A. Beane of Greenville.

Mr. and Mrs. Sumrell left immediately following their marriage to make their home in Kinston.

This is the first meeting of the year and all members are urged to attend. Officers for the coming year will be installed.

Christian Science Services.
"Substance" was the subject of the lesson-sermon in all churches and societies of Christ, Scientist, on Sunday, September 10.

The golden text was from Psalms 135:13: "Thy name, O Lord, endureth for ever; and thy memorial, O Lord, throughout all generations."

Among the citations which comprised the lesson-sermon was the following from the Bible: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." (James 1:17).

The lesson-sermon also included the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Christian Science, substance is understood to be Spirit, while the opponents of Christian Science believe substance to be matter. They think of matter as something, and almost the only thing, and of the things which pertain to Spirit as next to nothing, or as very far removed from daily experience. Christian Science takes exactly the opposite view."

Daredevil Jones Completes Drive.
Daredevil Archie Jones, who drove a new V-8 Ford for one hundred consecutive hours over the streets of Greenville and surrounding counties, completed his grueling test yesterday afternoon shortly after four o'clock.

A large crowd was present as the daredevil climbed gingerly from his car in front of Quinn-Miller's store on the lower end of Fifth street and was put to bed in the show window of that store.

Until about 9 o'clock hundreds of people milled about the window and into the store from time to time to take a peek at the man who drove his car 1,400 miles over the hot roads of this section to prove his ability to stay behind the wheel a hundred hours. The drive started last Friday.

Chevrolet Holds Big Meeting.
Chevrolet dealers from Eastern North Carolina assembled in Greenville yesterday to attend a meeting held by Chevrolet executives from Charlotte.

The meeting was held in the assembly hall of the Sheppard Memorial Library. The first section of the meeting was held in the afternoon and after a dinner at the Proctor Hotel the second section was held. The service managers, parts men and bookkeepers attended with the

dealers and heard plans discussed for each department of the business.

T. D. Hunter, Chevrolet zone manager from Charlotte, who conducted the meeting extended his compliments to the dealers for their contribution in making August the biggest month in the history of Chevrolet Charlotte zone, with the sale of 2919 passenger cars and trucks.

W. J. Kane, assistant zone manager, and J. C. Hager, sales promotion manager, outlined to the dealers the necessity of expanding their sales organization to keep pace with the expanding market for automobiles and pointed out that the sale of automobiles in Chevrolet's price class had increased 277 per cent in August of 1933 over August, 1932.

A compensation plan for retail salesmen that is being promoted by Chevrolet Motor Company was explained in detail. Under this new plan of compensation it is possible for Chevrolet salesmen to increase their earnings 50 to 100 per cent.

E. L. Hiller, in charge of the business management department, covered the necessity of continuing accurate accounting and pointed out ways and means for the dealers to better manage the financial end of their business.

E. E. Galloway presented to the service managers and parts men a plan to increase their business in the fall months.

This is the first of a series of meetings which will be held with Chevrolet dealers by Chevrolet executives every 90 days, and Mr. Hunter indicated that due to Greenville's favorable location and excellent facilities future meetings would be held here. Of all points in the two Carolinas where Chevrolet holds similar meetings the men conducting this meeting all agreed that the new Sheppard Memorial Library auditorium offered the finest facilities of any point covered by them and were loud in their praises.

Asheville, Sept. 12.—J. R. Donnell of Greensboro, has purchased the Princess Anne Hotel at the intersection of Furman avenue and Chestnut street for \$50,000.

G. A. Mercer, investment brokers of Savannah, Ga., owners of the hotel, sold it through L. R. Beam and Company, Asheville realtors. Sallie Pennell and Pennell, Asheville law firm, handled the deed.

Mr. and Mrs. Donnell will operate the hotel and will take it over within the next few days. The hotel, three stories high, with 30 rooms, was erected by Miss Anne H. O'Connell several years ago and was bought by the Mercer company in 1929.

Rundown in Health Means Rundown in Blood!
Blood is life. Blood is everything. When blood gets thin or poor you feel it in a dozen different ways. Appetite fails, strength ebbs and you become weak and depressed.

To build up your blood, take Grove's Tasteless Chill Tonic. It contains iron which makes for rich, red blood. It also contains tasteless quinine which tends to purify the blood. Thus you get two effects of great value in any rundown condition. Taken regularly for a few days, Grove's Tasteless Chill Tonic will soon have you back on your feet. It will improve your appetite, increase your strength and vitality and put color in your cheeks. For half a century, Grove's Tasteless Chill Tonic has been a source of strength and energy for young and old. It is pleasant to take and contains nothing harmful. Get a bottle today and enjoy real health. Sold by all stores.

Daredevil Archie Jones drove through the streets of Greenville and surrounding counties the new V-8 Ford for one hundred consecutive hours without stopping (Friday noon until 4 p. m. Monday). He drove the car during this period 1,440 miles and consumed only 71 gallons of gasoline for an average of 20.3 miles per gallon. At the end of the drive no water or cylinder oil had been added to either container and both were full. Mr. Jones said he had never driven a car that was so economical to operate or where he enjoyed greater comfort.

Such economy as Mr. Jones experienced is typical of the new V-8 Ford.

Let us give you a demonstration.

Christopher's Discovery
By MARY GRAHAM BONNER
You have deceived me!

"I thought your dog was there," the dog catcher answered.

"He probably was so worried and so heart-broken he could not live any longer," said Willy Nilly.

"Suddenly there was a loud cawing overhead." "Caw, caw, caw, come along, come along, I have seen Rip," cawed Christopher Columbus Crow.

"I beg your pardon," Willy Nilly said to the dog catcher.

Willy Nilly clutched the license in one hand, opened the door of his automobile Two-Ways.

"Is Rip perfectly well?" Willy Nilly asked, as he drove off.

"Perfectly," said Christopher Columbus Crow.

"Oh, lead me to him," Willy Nilly begged.

MUCH CANNING DONE IN EDGECOMBE PLANT

Tarboro, N. C., Sept. 12.—The Coca-Cola bottling plant in Tarboro is the location of a well-equipped canning establishment.

Milton Brown, manager of this plant, and the merchants of the town, gave \$5 each until enough money was raised to purchase a 30-quart steam pressure cooker and a sealer for use in canning the food raised on the R. F. C. county farm.

Many previously unemployed have been given twenty days of work. During this time 3,800 cans of soup mixture, string beans, turnip salad, kraut, corn, okra, butterbeans and tomatoes have been labeled and put in storage for the winter to be used for the needy of the county.

This work is being supervised by Miss Annie Lee Howell, of West Edgemore community, and she is being assisted by Miss Linda Stacy, vocational home economics teacher at West Edgemore school.

N. Y. Stock Market

New York, Sept. 12.—(AP)—Traders in the financial market were cheerful but cautious today, and the speculative ardor of yesterday apparently had cooled overnight.

Stocks moved quite briskly at the start in the wake of the previous sharp rally. Profit-taking in alcohol and other gains of Monday soon sobered the list and the ticker dropped back to featureless jog.

Small gains were shown by American Telephone, General Motors, Dupont, Nash, National Biscuit and Woolworth.

Late News Flashes

(Continued from page one) for a farm credit administration regional office.

Officials will go to the South Carolina city next week to set up a credit corporation and bank for cooperatives.

The Columbia office will be the third of 21 regional offices of credit corporations and banks for cooperatives to be established in the Federal Land Bank districts.

The object is to make available

long term loans on security of farm mortgages, intermediate term loans for producing livestock and crops and to co-ops who market farm produce and buy farm supplies.

All of these institutions will be under the supervision of general agents who will be chief officers of the regional office of the farm credit administration.

Raleigh Gets Housing Project. Washington, Sept. 12.—(AP)—Secretary Ickes of the Interior Department today announced an allotment of \$12,770,000 for low cost housing projects in New York, Indianapolis and Raleigh.

Raleigh received \$168,000 for a three-story building to rent at \$10 per room per month.

Rob Bank, Kidnap Employee. Farrell, Penna., Sept. 12.—(AP)—Ten men armed with sawed-off shotguns and pistols robbed the S. J. Guiley bank of \$5,000 and \$7,000 today, kidnaped Carl Wild, 21, an employee, and fled across the state line to Ohio, then in cars to Youngstown, where they released Wild unharmed.

FOUR ARE GIVEN PRISON SENTENCES AT WILSON. Wilson, N. C., Sept. 12.—Four men drew road and penitentiary sentences from Judge M. V. Barnhill in Wilson County Superior Court Saturday.

James Pender, negro, convicted of manslaughter in connection with the murder of Willie Bennett, negro, at a negro dance here recently, was sentenced to from twelve to fifteen years in prison for the crime which he contended was accidental as he was trying to defend himself against Eddie Ruffin, negro, who he charged was attacking him with a knife.

Acie Walker, negro, charged with burglary, was handed a ten-year term in prison. Walker was charged with breaking into a dwelling where occupants were asleep.

Willie Jones, negro, was convicted of manslaughter in connection with the "brick-bat" killing of Milton Sims, negro, on the street, and Judge Barnhill gave him three years on the road. Jones and Sims brushed against each other on the street, argued, and Jones struck Sims a fatal blow in the stomach with a brick.

Ed Honeycutt, charged with stealing an automobile, was sentenced to a year on the roads after his conviction on the charge.

BLOCK OF BUILDINGS PASSES TO NEW HANDS

Ayden, N. C., Sept. 12.—The P. R. Taylor Company, which for years has had a general store here, recently purchased from the Vicar Realty Corporation of Richmond, Va., the block of stores in Ayden known as the R. C. Cannon property.

Other buildings will be for rent. During the past two of three years there have been a number of vacant stores and many vacant houses in this town, but during the past three weeks two new cafes, a five and ten cent store and a grocery have been opened.

Ellis testified that he heard Dixon and Mrs. Dixon quarreling in front of the station, that he went out and told them to stop whereupon Dixon struck him, and he shot Dixon.

Earl Dixon and Flynn said that there was no quarreling and that Ellis just walked out and shot Dixon. The bullet went through his body and he died within a short time.

IT TAKES HEALTHY NERVES FOR FRANK BUCK TO BRING-EM-BACK ALIVE!

ABOVE—FRANK BUCK lugged tons of rhinos, cobras, tigers, and gorillas across the Pacific to win his famous title, "Bring-'em-back-alive Buck." He has to keep his nerves healthy to follow his strange occupation of capturing wild animals alive!

WHETHER YOU'RE ON A HOLIDAY, or hard at work, Camels are the cigarettes for steady smoking. Costlier tobaccos do make a difference.

ABOVE—FRANK BUCK HAS SMOKED his way around the globe with Camels. He says, "I am a steady Camel smoker. Camels are milder, and they don't jangle my nerves."

IT IS MORE FUN TO KNOW Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. You'll appreciate the mildness...the flavor...the added pleasure in costlier tobaccos.

Steady Smokers turn to Camels. NEVER GET ON YOUR NERVES NEVER TIRE YOUR TASTE
