

Leaf Cut Campaign Nearing Close

Sixteen Men Shot As Rioting Breaks Out In Coal Field

THREE MINES INVOLVED IN DISORDERS

Pickets Stone Miners Precipitating Fight With Officers; Deputies Used Tear Gas Bombs and Begin Shooting When Disorders Continue

Uniontown, Pa., Sept. 14.—(AP)—Sixteen men were shot and more than a score beaten and stoned as rioting at three coal mines signaled the start of coal holiday in the southwestern Pennsylvania soft coal fields.

The trouble flared at the Gates, Edinboro and Scotdale mines, all owned by the H. C. Frick Coke Company as pickets tried to prevent men from entering the pit.

The most serious clash occurred at the Gates mine. It was there that all were shot.

Pickets were reported to have stoned miners going to work and heavily armed deputy sheriff got into the argument with Louis Kromer and one of them pushed him. As the other pickets advanced, officers threw gas bombs and the pickets hurled them back. Fighting broke out, clubs fell and stones were thrown. Mike Surwright, a deputy, got in front of a fellow officer's gun and his left arm was blown off. After the outbreak the ground was strewn with the wounded. Ambulances sped to the scene and casualties were brought to hospitals.

PUSH CLEANUP DRIVE HERE

City Getting Rid of Weeds and Other Rank Growth of Vegetation

The clean-up campaign was being pushed forward rapidly in Greenville today and the city is getting rid of considerable weeds and other rank growth of vegetation. It was reported by Chief of Police George Clark, who is directing this work.

The police head sometime ago called attention of citizens to the law requiring the cutting of rank growth of vegetation on all premises and since that time his department has been pushing the campaign forward as rapidly as possible.

The elimination of rank vegetation, it was said at beginning of the campaign, not only relieves the city of such unsightly things but aids the fight to reduce the prevalence of mosquitoes.

The city instituted an anti-mosquito campaign the beginning of the summer months, and by the constant spraying of sewers and other places containing water, the insects have been reduced considerably.

Black Jack Child Buried

Gloria Swanson, four-months-old daughter of Mr. and Mrs. J. L. Edwards, of Black Jack, died yesterday afternoon at 2 o'clock. Funeral services were conducted from the home this afternoon at 2 o'clock and burial was made in the Edwards cemetery.

Cuban President

Dr. Ramon Grau San Martin is Cuba's new president. He was chosen for the post by the five-man commission that took control after the downfall of the de Cespedes government. (Associated Press Photo)

CUBAN CHIEF SEEKS STRONG ARM POLICIES

President Grau San Martin Would Set Up Dictatorship to Stop Violence

Havana, Cuba, Sept. 14.—(AP)—President Grau San Martin worked today on a manifesto in which his confidants expected him to demand dictatorial power for combatting disorders.

Opposed by veteran political leaders and unable to pacify 500 officers who insisted the former president be reinstated, the executive was said in palace circles to be ready to ask for strong hand policies.

Police reserves were held in readiness. They were armed with rifles, but no reason for the action was announced.

At the same time rumors indicated dissension in the ranks of the army. Two soldiers died violent deaths the last 24 hours, one a suicide and the other a victim of machine gunners. Several unidentified persons attacked the ninth police station and wounded a student there. Strikes continued in several towns with unrest prevalent.

GOVERNOR AT PICNIC

Ehringhaus Leaves Raleigh Without Making Statement On Tobacco Issue

Raleigh, N. C., Sept. 14.—(AP)—Governor Ehringhaus left Raleigh early today to attend the annual farmers' picnic at the Woolard test farm in Pender County and to be the principal speaker.

The governor did not go to his office before leaving the city, and left no word as to his intention about calling a re-opening of tobacco warehouses in the eastern part of the State or his attitude on the request of Governor Blackwood, of North Carolina, that a delegation of North Carolinians be named to appear with other Southern groups before President Roosevelt next week to seek higher cotton prices.

ATTEMPTS TO SPEED DRIVE FOR RECOVERY

President Injects Some of His Own Power Into Recovery Campaign

Washington, D. C., Sept. 14.—(AP)—President Roosevelt imparted to his National Recovery Administration drive the vigorous pressure of his own determination to create more jobs and better prices. Ample credit for business and agriculture by seeking the re-opening of banks, closed or restricted, was the major objective of the Chief Executive as he looked toward lifting sluggish farm prices.

Somewhat impatiently he looked forward for an agreement between soft coal operators and miners engaged in a dispute over the NRA code for this basic industry.

Eagerly, also, the President awaited receipt of an agreement between the NRA Labor and Industrial Advisory Boards which it intended to moderate if not finally settle the conflict over collective bargaining provisions of the recovery law.

With today's return to the capital of Hugh S. Johnson, National Recovery Administrator, Mr. Roosevelt was expected to proffer such force as his aides deem necessary for faster co-ordination and stimulation of federal efforts.

C. W. PORTER RESIGNS HERE

Greenville High School Coach Accepts Similar Position at Lenoir

C. W. "Soup" Porter, director of athletics and teacher in the Greenville high school, has resigned his position here to accept the post of coach at Lenoir high school.

Announcement of the resignation was made last night and Mr. Porter was making arrangements today to go to Lenoir to take over his new duties.

A former Duke football star, Porter came to Greenville high over seven years ago to take charge of athletics, and the fine teams turned out from season to season in various departments of athletics attested to his ability as a coach.

It was said today that lack of supplement for teachers' salaries here reduced the pay of the coach to such extent he decided to go to Lenoir where a supplement to state pay made the position an attractive one.

In addition to his duties as high school coach, Porter was a lieutenant in the local military unit of the 113th Field Artillery of the North Carolina National Guards. He has also been engaged in directing the public swimming pool here for the last two years as well as taking a prominent part in development of several phases of boys' work.

J. H. Rose, superintendent of schools, announced today a coach would not be engaged to replace Porter for the approaching season but that local men, probably assisted by members of the faculty, will direct high school athletics.

Referring to Porter's resignation, Mr. Rose spoke in the highest terms of the former Trinity star football player, and declared his work here had been highly satisfactory. He extolled Porter's work among the youth of the community and asserted his services in this connection had been of the highest type and marked by splendid achievement.

JOB FINDING EFFORT PUSHED AT GOLDSBORO

Goldsboro, Sept. 14.—Registration of unemployed people at the re-employment office in Goldsboro has proceeded rapidly, 583 people having registered since the opening some weeks ago. Of these, a number have found work and others have been referred to positions that are open.

The service will be extended to Mt. Olive and to Fremont and other sections of the county as rapidly as possible. B. K. Ward, manager, has announced.

Production of creamery butter last year was the largest on record, totaling 1,694,132,000 pounds.

Spanish Premier

Alejandro Lerroux, 69-year-old attorney who has been active in politics for 50 years, is Spain's new premier. (Associated Press Photo)

RESCUE CREW OF BURNING SHIP AT SEA

Benjamin Barnes Reported Burning off Old Point Comfort, Virginia

Buckroe Beach Va., Sept. 14.—(AP)—The crew of the Benjamin F. Barnes, small schooner afire in Chesapeake Bay was rescued from the vessel and brought to Old Point Comfort today by the cyster boat Kechoutan of Hampton.

Norfolk, Sept. 14.—(AP)—A two-masted schooner of the bugeye type apparently loaded with gasoline, was burning today off Buckroe Beach.

Captain Aubrey Weaver, commander at Hampton Roads naval base, saw the fire and went out in a plane to investigate. A navy crash boat was sent out to give any assistance possible.

The schooner was in flames and could not be identified.

NEGRO LOSES LIFE APPEAL

Governor Refuses to Commute Death Sentence of Jonnie Lee of Harnett

Raleigh, N. C., Sept. 14.—(AP)—Governor Ehringhaus today declined to commute the death sentence of Jonnie Lee, 22-year-old Harnett County negro, asserting that "to do so would be placing a premium on murder by proxy."

Lee, who will be electrocuted at State's Prison tomorrow, confessed he killed Albert Hill, another negro, being paid \$75 for the crime by Asa Herring, negro demonstration agent of Harnett County. Herring, who was given life sentence on his conviction as an accessory, was a beneficiary of Hill's life insurance policy.

"If I were to commute the sentence of Lee simply because another man persuaded him to commit the crime it would be placing a premium on murder by proxy," the governor said in a formal statement.

N. Y. BANKERS ACCEPT TAX ANTICIPATION NOTE

Durham, N. C., Sept. 14.—New York bankers today notified the city of Durham that the tax anticipation note of \$300,000 will be accepted for the purpose of retiring a similar note or that amount falling due on October 10. The new note was authorized recently by the city council. The sale of this new note creates an extension of credit and will enable the city to carry on until tax collections get under way.

Florida State employees who travel on expense accounts are limited to \$4.50 a day for hotel rooms and meals.

MARKETS MAY REOPEN FIRST OF NEXT WEEK

Governor Awaits Word From Federal Government Before Ordering Reopening

As soon as the Federal Government gives the word, Governor J. C. B. Ehringhaus will lift the tobacco warehouse holiday which was declared by gubernatorial proclamation over ten days ago because of unsatisfactory prices, it was revealed today. It was hoped this would take place next Monday or Tuesday.

This fact was the outgrowth of a conference between a committee of two Greenville warehousemen and the Governor in Raleigh yesterday.

The committee, composed of B. B. Suggs and W. Z. Morton, returned to Greenville today, highly pleased with their conference with the Chief Executive and declared the re-opening and the prices farmers receive when the markets are permitted to re-open is "now on the doorsteps of the Federal Government."

Governor Ehringhaus, it was said by the committeemen, is keenly alive to the situation affecting the tobacco planters and will order re-opening of the markets as soon as the Federal Government considers the reduction sign-up campaign has made sufficient progress to justify throwing the markets open again.

With the Federal Government stepping in for the first time since tobacco-growing began in this country, the committee said they "confidently expected prices to strengthen as the season progresses." Growers were advised against rushing their tobacco to market, but were urged to market it in an orderly manner.

It was stated the governor was highly pleased with the progress of the reduction and hoped to be able to lift the holiday probably next Monday or Tuesday. However, he will not act until he has been advised by the government.

RAY SEEKS LOWER BOND

Former Ball Player Carried to Raleigh For Habeas Corpus Hearing

The \$6,000 bond of M. P. "Railroad" Ray, was reduced to \$3,000 in a habeas corpus hearing before Judge Meekins at Raleigh today, and the former Eastern Carolina League ball player obtained his liberty pending hearing in Wilson in October on a charge of receiving stolen goods.

An effort to lower the bond of M. P. "Railroad" Ray, who was bound over to Federal Court at Wilson in a hearing here Monday before United States Commissioner Dr. J. W. Perkins, was being made in a habeas corpus hearing before Judge Meekins at Raleigh today.

Charged with receiving stolen goods, Ray was held in \$6,000 bail following the hearing here and was confined to Pitt County jail when he failed to raise bond.

He was sent to Raleigh today to seek bond low enough to enable him to obtain his freedom pending trial in October. He was accompanied by Judge Albion Dunn, who will represent the prisoner at the hearing before the Federal Court jurist.

Ray, who has been in the spotlight in this section the last several months by reason of his arrest in connection with the operation of a band of wholesale house and freight car robberies, was freed at the last session of criminal court, and hardly had he regained his liberty when the Federal officers came along with the new charge.

He is alleged to have received a case and a half of stolen cigarettes at Rocky Mount sometime last May. He denied vigorously that he had anything to do with the purchase, which he claimed was made by another man in his presence.

CHILD HAS MENINGITIS, NOT SLEEPING SICKNESS

Winston-Salem, Sept. 14.—(AP)—What was feared to be a case of sleeping sickness here today turned out to be meningitis when the case of the two-year-old daughter of Fred Church, assistant clerk of superior court, was diagnosed.

Final Contracts Expected To Be In Farm Office Here Probably By End Of The Day

Signup Of Tobacco Growers Nearly Complete For Pitt

Sign-up by townships to date, Sept. 14, 1933, 12:00 noon. Reported by the arm Department:

Total	2860	47,569.88

Late News Flashes From Over World

Seeks to End Coal Strike

Washington, D. C., Sept. 14.—(AP)—President Roosevelt summoned NRA leaders to the White House today to dispatch the disputed coal code.

The views of Hugh Johnson, the chief administrator, had been communicated here from New York. Earlier the President had ordered special agents to Uniontown to probe disorders there in which sixteen miners were shot.

Although operators, union men and NRA officers had kept at work on the code after the week of delay, there was no sign of immediate agreement.

So it appeared the President felt spurred by the Pennsylvania strike and troubled to get into the situation himself and with readiness if need be to prescribe a new agreement for the industry.

Predicts Higher Leaf Prices

Willard Test Farm, Pender County, Sept. 14.—(AP)—Governor Ehringhaus addressing 5,000 farmers,

their wives and children at the Willard test farm field rally today predicted the growers will receive a fair price for their tobacco when the Eastern Carolina markets are opened.

The governor gave no indication of when he would lift the ban on sales but indicated he had promised agricultural authorities in Washington he would not re-open the markets until they gave the word.

Pointing out the crop reduction signature were necessary to effect the tobacco plan he said he was prouder of the North Carolina farmers now than ever because of their whole hearted manner in which they rallied behind the leaf plan.

Turning to discussion of taxation in this state he told members of his audience to look carefully at their tax receipts this year and note the reductions.

He outlined reductions in school and road taxes and reduced assessments made possible through the

NEGRO SLAIN AT STOCKADE

George Williams Shot Down by Guard in Attack on Camp Steward

Greensboro, Sept. 14.—(AP)—George Williams, 25, negro of New Hanover county, was shot to death when he attacked A. F. Marshall, steward, with a knife. The steward was not wounded.

Marshall yelled for help and guard J. C. Rymer, who was not far away ran to the rescue and shot Williams down with a pistol. The negro died a half hour later.

Prison authorities in reporting the affair said they knew of no motive for Williams' action. The attack took place inside the stockade.

Coroner C. C. Hardy immediately went to the camp to conduct an investigation.

Williams had been in bed with a leg injury for several days. About 8 o'clock this morning Marshall went inside the stockade to look for some clothing and Williams jumped on his back brandishing a knife. The steward called for help, and Rymer went to his assistance, shooting Williams with a pistol.

W. B. ROEBUCK DIES AT STOKES

Prominent Landowner and Grower Succumbs to Heart Attack Early Today

W. B. Roebuck, about 74 years of age, prominent landowner and grower of Stokes, died at his home this morning at 9 o'clock as result of a heart attack which he suffered while sitting at the supper table last night.

Funeral services will be conducted from his late home tomorrow afternoon and burial will be made in the family burial ground in the Stokes community.

Mr. Roebuck was a native of Pitt County, having been born and reared only a few miles from where he died. He lived recent years had been prominently identified with the farming industry. He was known as one of the most progressive farmers of the section and owned considerable farm property. He was held in high esteem by a wide circle of friends.

Surviving are his wife and five children: G. H. Roebuck, Gordon Roebuck, Mrs. Quinton Cherry, Mrs. John Clark and Miss Kate Rdebeck, all of Stokes.

"Soup" Gushes From Spring

Thompson, Nev.—(AP)—A bubbling spring that supply a camp of "Weary Willies" with "soup." If a little pepper and salt is added to the hot, highly mineralized water, its likeness to chicken soup is said to be astonishing.

TWO FARMERS STILL HOLDING OUT IN PITT

Carolina and Ayden Still Unsuccessful in Getting Recalcitrant Holdouts to Sign Government Reduction Contracts; Governor Remains Silent Regarding Opening

The tobacco reduction drive was on the verge of completion today and E. F. Arnold, director of the Pitt County Farm Department, stated at noon he expected the last contracts would be received at his office by nightfall.

The 12 o'clock report issued from the farm office brought the total acreage signed to 47,569.83 with 2,860 farmers having added their signatures to the contracts.

Mr. Arnold said a few contracts were out today and that they were expected to reach his office at any minute now, writing "finish" to a campaign which has surpassed anything of the kind in the annals of the county.

The two growers who had been holding out in Carolina and Beaver Dam townships continued to remain adamant today, but the persuasive power of contract forces and friends of the reduction movement were constantly being brought to bear in hope they would yield and make the response one hundred per cent. They were the only ones contacted by field men who positively declined to sign the government contracts.

Winterville township today was the only one hundred per cent area in the county, although Carolina and Ayden were bringing up a close second with only one contract lacking.

Carolina was the first to report all signed but one. Winterville then went them one better by reporting herself in the hundred per cent class. Next Ayden fell in line reporting every farmer contacted had signed except one, and it was hoped he would fall in line during the day.

Mr. Arnold said he felt confident the final contracts would be cleaned up by nightfall so the campaign could be declared closed tomorrow with a hundred per cent average. It lacked just a fraction of realizing the goal today.

No word had been received from Governor Ehringhaus regarding re-opening of the eastern markets, but it was indicated at Raleigh the holiday would be lifted either next Monday or Tuesday. The governor however, is awaiting word from the federal government before declaring the holiday at an end and every body was looking toward Washington for some definite statement.

SCHWAB MAY HEAD STEEL

Mentioned as Successor to Robert Lamont, President of Steel Institute

New York, Sept. 14.—(AP)—Chas. M. Schwab was mentioned today as the probable successor to Robert Lamont, steel czar, who stepped out yesterday with the declaration that government regulation of industry has begun and no one knows how far it may go.

Lamont resigned as president of the American Iron and Steel Institute, a post he held for thirteen months, at a salary of \$100,000 a year. The action came as a surprise to all except "inside" quarters.

GREENVILLE MARKET REPORT

Reopening In Few Days

A committee of two warehousemen from Greenville had a conference with Governor Ehringhaus in Raleigh yesterday relative to reopening the tobacco markets. He is doing everything in his power, is keenly alive to the situation in every tobacco growing community and is in constant touch with the government authorities in Washington.

The question of reopening and the prices we will receive after reopening is now on the doorsteps of the Federal Government at Washington. We advise against rushing your tobacco to market. With reduction of acreage assured for 1934-1935, and with the Federal Government stepping in for the first time since tobacco growing began in this country we confidently expect prices to strengthen as the season progresses.

The flue cured tobacco acreage up to now has been uncontrolled. Every thinking person will welcome the Federal Government's assistance in regulating the acreage in all the flue cured tobacco growing states in accord with domestic and export requirements.

Growers in foreign countries are constantly increasing their own production. Exports of flue cured tobacco from the United States to foreign countries have been steadily declining. Consequently, the government knows our only hope for improved prices is control of production.

Tune in on Greenville's Radio Station WEED every day (except Sunday) at 9:45 A. M., 12:45 P. M. and 5:45 P. M., for latest tobacco market reports. Will find it on your dial around 142 or 1420.

AMERICAN LEGION AUXILIARY HOLDS FIRST MEETING OF THE YEAR

The first meeting of the year of the American Legion Auxiliary was held yesterday afternoon at the home of Mrs. Studie Corey on Second street, with Mrs. A. B. Corey, Mrs. J. Hicks Corey and Mrs. G. A. Taylor assisting hostesses.

The secretary and treasurer read their reports of the last meeting. Mrs. McGeachy gave an interesting account of the state convention recently held in Wilmington, also of the American Legion pageant presented at the convention. Mrs. McGeachy urged all members to attend the national convention to be held in Chicago October second to fifth.

The following officers were installed: President, Mrs. R. S. McGeachy; first vice-president, Mrs. L. H. Bowling; second vice-president Mrs. S. L. Bridgers; treasurer, Mrs. A. B. Corey; secretary and reporter, Mrs. W. J. Bundy; sergeant-at-arms Mrs. E. S. Williams; historian, Mrs. W. R. Jones; chaplain, Mrs. Wiley Brown.

Mrs. McGeachy announced as chairmen of the committees the following: Finance, Mrs. Alex Viola; Child Welfare, Mrs. W. A. Darden; Rehabilitation, Mrs. J. L. Evans; Poppy, Mrs. Selma Carson Moore; Junior Auxiliary, Mrs. Frank Benda; Americanism, Mrs. K. B. Pace; Memorials, Mrs. A. E. Hobgood; Music, Mrs. Claude Wilson, Roberstonville; Membership, Mrs. A. B. Corey.

As usual, the Auxiliary will meet the second Wednesday afternoon in each month and members are urged to make their plans accordingly.

Engagement Announced.

Richmond, Va., Sept. 13.—Mrs. Oscar Edward Hedrick announces the engagement of her daughter, Ruth Muriel, to Flournoy C. Bowles of Greenville, North Carolina. The marriage will take place in early winter.

MACBETH-GRUBBS.

Greensboro, Sept. 11.—A late afternoon ceremony at the First Presbyterian Church yesterday united in marriage Miss Alice White Grubbs, daughter of Ma. and Mrs. O. Lester Grubbs, and Charles Lyon Macbeth, Dr. Charles F. Myers, pastor, officiated in the presence of a host of guests.

The bride, escorted by her father, was attended by her only sister, Miss Frances Grubbs, as maid of honor and by Miss Manie Leake Parsons of Rockingham, and Miss Katherine Williams as bridesmaids. Harold Salembier of New York city, served Mr. Macbeth as best man. Groomsmen were O. L. Grubbs, Jr., and Odell Sapp of Winston-Salem. Ushers were Walter Phillip of Charlotte, W. H. Mayor, Jr., of Burlington, Bryan Grubbs and John Van Lindley.

Musicians for the wedding were Miss Helen Forbis, organist, and Mrs. Dewey Farrell. After the organ prelude, Mrs. Farrell sang "I Love Thee," Grieg. The bridal party entered the church to the strains of the bridal chorus from "Lohengrin," Wagner, and departed as the organ pealed the wedding march from Mendelssohn's "Midsummer Night's Dream."

The deep shades of autumn were chosen by the bride for the wedding costumes and the decorations of the stately church repeated the autumnal suggestion. Golden rods was used with white flowers, clematis and hydrangea, at the improvised altar where ivory tapers glowed in cathedral stands against a background of green.

The lovely young bride, slender and dark, was costumed in an afternoon gown of mousseline de sole in a deep brown with tinge of bronze over heavy crepe of the same shade. Fastening the little capelet was a ruff of salmon pink and brown mousseline de sole flowers. The dress, snugly fitted through the hips, flared to the floor and in the rear trailed into a slight train. On her dark brown hair the bride wore a bronze velvet turban. Her long

gloves were brown suede, her slip

pers brown crepe and she carried an arm bouquet of orchids and valley lilies.

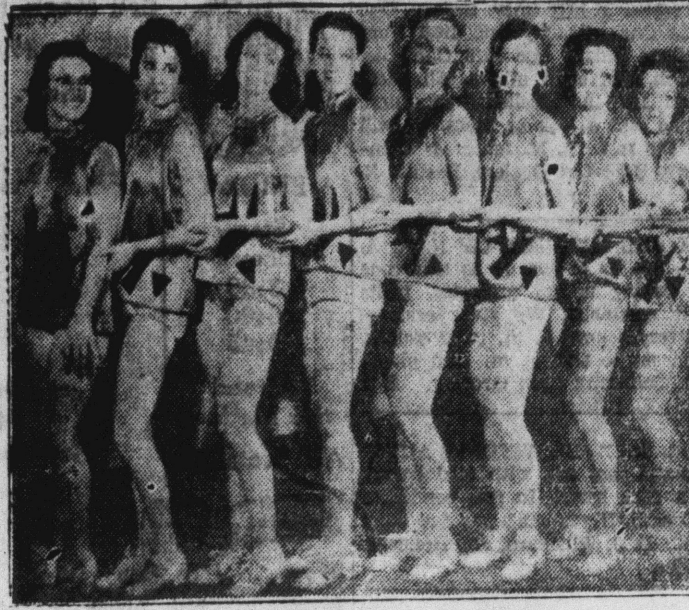

As her sister's maid of honor, Miss Grubbs wore an apricot chiffon frock, its jacket having double elephant ear effect at the shoulders. The dress was cut princess style. A brown satin hat with pleated brim, brown satin gloves with wide pleated cuffs and brown moire sandals completed her ensemble and she carried an arm bouquet of bronze dahlias and snagdragons and roses of apricot and bronze shades.

The gowns of the bridesmaids were cut identically of salmon pink crepe, the slit back effect being fastened at neck and waist by rhinestone buttons. The double elephant ear shoulders featured the dresses, which were floor length and snugly fitting. Wide belts of stitched brown

satin fastened with rhinestone buckles and on their brown satin turbans were rhinestone clips. Their sandals and gloves were brown satin and they carried arm bouquets of dahlias and other flowers in lighter shades to blend with those of the maid of honor. The three bouquets were tied with wide bronze ribbon.

After the ceremony Mr. and Mrs. Joseph Reece Morton, cousins of the bride, received informally at their home at Hamilton Lakes for the bridal party. Guests were limited to out-of-town people, family connections and special friends of the young couple.

In the early evening Mr. and Mrs. Macbeth left for Ottawa, Canada, to be with the bridegroom's mother, whom illness prevented from attending the wedding. By the weekend they will be in the mountains

of New York state for a week at Craigsmore, summer home of the H. Willard Hookers. They will spend a week in New York city and make a leisurely trip home by the first of October, when they will establish residence in Fayetteville, where Mr. Macbeth has just received a transfer. For travel the bride changed to a smartly tailored ensemble of beige wool crepe, the dress having a yoke of wool lace and the short coat having fox trim on the collar. Her hat was beige felt and her gloves and bag were in shade of beige.

Mrs. Macbeth is the elder daughter of Mr. and Mrs. O. Lester Grubbs of 211 East Hendrix street, and has been a popular member of the debutante set not only in Greensboro but throughout the state. Mr. Macbeth, a native of Canada, is son of Mrs. Marge Lyon Macbeth, of Ottawa, and the late Charles William Macbeth. He is a graduate of Cornell University, New York city. For a year he has been located in Greensboro with the Standard Oil Company of New Jersey, and is now being transferred by that firm to Fayetteville.

Mrs. Macbeth is well known in Greenville, having visited here numerous times. She is the niece of the late H. A. White and has a number of relatives in Greenville.

Moseley Brothers Get Gold Award

Twenty-five years is a long period to be connected with the same organization, but B. W. Moseley and A. M. Moseley of this city have been the local representatives of the Continental Insurance Co. for that length of time and, as a consequence have just received a "long service" gold watch fob, the official decoration of the company's "Old Guard."

The badge of service was accompanied by a letter from Bernard M.

Culver, president of the Continental, who expressed his appreciation of the local men's record of loyal and faithful service, saying in part: "It is with distinct pleasure that the writer and his associate officials welcome you into the increasing circle of those who by twenty-five years or more of loyal and faithful association with us have earned this medal of honor."

"We may all be exceedingly proud of the continued progress made by the Continental Insurance Company and the position it now holds in the insurance world, reached, in a large measure, by the conscientious and aggressive service of its remarkable agency force."

In commenting upon the award, Mr. Culver said: "It is due to the interest and earnest cooperation of valued agents like the Moseley brothers that the Continental has enjoyed such a long and successful career and which will make the company of still greater service to the public in the future."

The Continental this year celebrates its eightieth anniversary and has many "long service" members in its large force of local agents.

More than 1,000 visitors were entertained at the annual Farmers' Week at Alabama Polytechnic Institute.

Told Her Daughter To Take CARDUI

"I took Cardui for a week, run-down condition," writes Mrs. John Behme, of New Madrid, Mo. "My back ached, also my sides. I did not feel good, so did not feel like doing my work, and there is a lot to do on a farm. I read about Cardui and decided to take it. Cardui helped me. It is the best tonic I have found. I told my daughter to take it, too, and it helped her."

Ask at the drug store for Cardui. Used by women for over 50 years.

connection with their greatly improved Purol-Pep they invite the motoring public to "try a fill and get a thrill."

Purol-Pep Gasoline has been greatly improved with higher anti-knock qualities plus Top Cylinder Lubrication and due to its great section these added values are offered to motorists at no extra cost. It is a "pure oil" that can lubricate safely in hot weather. Ordinary oils thin out, break down and soon lose their lubricating qualities. To be safe and economical, long run costs, always use Purol-Pep. It's a 100% super Penna-Oil. It will stand 1,000 miles than ordinary oils.

PROOF IS READY FOR YOU TODAY

THE PURE OIL Purol-PEP COMPANY, U.S.A.

with HIGHER ANTI-KNOCK

with TOP CYLINDER LUBRICATION

At no Extra cost!

The Fine Performance of the New Purol-Pep Motor Fuel Counts for More than Claims

New, Purol-Pep Motor Fuel now offers two very important added improvements—(1) much higher anti-knock that in the past... (2) the addition of Top Cylinder Lubrication. Such values have usually been confined to premium priced gasolines; but New, improved Purol-Pep sells at regular price in keeping with our policy of extra value to motorists.

Improved Purol-Pep gives you what we consider to be the greatest value we have ever offered. Value expressed in terms of speed and smooth flowing power... quiet motor operation... important Top Cylinder Lubrication... less hard carbon deposit... economical mileage per gallon.

On our absolute recommendation, drive up to the nearest Blue-and-White Purol-Pep pump—get a filling of this New, improved, balanced Motor Fuel. Try it a while. Prove to your satisfaction that when you use it you are practicing real economy and getting finer motor performance.

Lubricated gasoline does not replace regular motor oil in your car but provides lubrication to the upper cylinder portions of the motor which is not reached by your motor oil. Thousands of motorists have paid an extra price for Top Cylinder Lubricant to mix with their gasoline but this extra value in Improved Purol-Pep is yours at no extra cost. It means longer motor power and greater mileage.

Purol-Pep Gasoline has been greatly improved with higher anti-knock qualities plus Top Cylinder Lubrication and due to its great section these added values are offered to motorists at no extra cost. It is a "pure oil" that can lubricate safely in hot weather. Ordinary oils thin out, break down and soon lose their lubricating qualities. To be safe and economical, long run costs, always use Purol-Pep. It's a 100% super Penna-Oil. It will stand 1,000 miles than ordinary oils.

SCRIMMAGE AT U. N. C. LOOKS GOOD

Chapel Hill, Sept. 14.—The Carolina griders looked much better than was expected in their first scrimmage yesterday. Several of the youngsters showed promise of supplying some of the running power which is the Tar Heels' greatest need.

Don Jackson, Alan McDonald and George Moore at halfback and Jim McCachern and Mac Bell at fullback, looked particularly good.

Jackson's running was fast, hard and determined. The rangy and loose-limbed McDonald showed even more ability perhaps at cutting back in the open field. Moore looked like an old-timer slaving off tackle. He is small but drives with speed and force. McCachern and Bell both looked very good at fullback.

It remains to be seen whether these youngsters, none of whom has had any varsity experience, will stand up in fast competition.

But if their showing in the first scrimmage is any sign, and if they continue to improve as they should, some of the veteran backs may be hard put to keep their rankings and the coaches may be relieved of many of their worries about Carolina's doubtful running strength.

The blocking of the linemen was also considered as being distinctly good for the first scrimmage. The team is definitely expected to have a representative line, and if the backs come through, the Tar Heels may be stronger offensively than was expected.

Left Footed Boosters On State Grid

It's not unusual to have several right-footed boosters on a football team, but when there are two left-footed kickers in the same gridiron camp, you have something out of the ordinary. That is the situation at N. C. State College. Norman Raines, flashy sophomore halfback, kicks with his left foot as does Venio Farrar, big sophomore tackle. Farrar, a former high school fullback, want have the opportunity to do much, if any, kicking this fall playing a tackle position, but he boots with the best.

Phil Davis, diminutive sophomore halfback, is the fastest man on the State College Wolfpack this fall. He can do the century in less than 10 seconds and made quite a name for himself as a speedy halfback in freshman circles last year. Coach Clippert Smith regards him as one of the brightest prospects on the fall's Wolfpack.

Governor J. C. B. Ehringhaus will have more than the usual amount of interest in the N. C. State College football team this fall as two of the backfield candidates are from Elizabeth City, his home. They are Phil Davis, sophomore speedster, and Johnnie Johnson, junior reserve.

New York Cotton

New York, Sept. 14.—(AP)—Cotton futures opened firm 15 to 24 higher on active general buying, higher Liverpool cables, the advance in foreign exchange and the active dry goods market.

The opening advances met realizing and selling but offerings were absorbed on a set back of a few points and the market firmed later on continued general buying.

December contracts sold up to 9.65 and active months were selling 25 to 28 higher around 10.40.

Trading continued active and the market advanced late in the morning. December sold up to 9.67 with the general list showing gains of about 26 to 31 points. Buying tapered off somewhat at this figure and the market at midday showed reaction of 6 to 10 from the best.

N. Y. Stock Market

New York, Sept. 14.—(AP)—The stock market's recently spurring firmness blossomed into a more noticeable rally today and actually expanded with advances. Early gains of one to three or more points were paired by subsequent profit-taking, but prices maintained firm undertone and trading was much duller on the reaction than on the frequent upward surges.

Group activity in stocks centered first with industrials which did most of the early rising. Unlithic, with a few exceptions, were a little better than steady. Rails came forward as the market turned into afternoon issues. Repeat issues vigorously. Gains of two to five points appealing for National Distiller, American Commercial, U. S. Industrial, Commercial Solvent and Illinois.

Sales total 1,897,000.

sales tax and asked his hearers to pay the sales tax cheerfully, asserting it was not put on until the reductions were made.

He said the state had reduced taxes more than any other government in the nation.

W. S. Graham, commissioner of agriculture, introduced the governor. Other speakers introduced at the rally included H. H. Keer, chief of the dairy division of the State Department of Agriculture; Robert Schmidt and Earl Hostetter, also agricultural department officials.

World Series to Open October 3

Chicago, Sept. 14.—(AP)—The World Series of 1933 will open Tuesday October 3, in the city winning the National League championship presumably New York.

This was indicated today at a meeting presided over by Kennesaw Mountain Landis, commissioner of base ball.

If the Giants win the National League flag the games will be played at the Polo Grounds in New York, October 3 and 4 with teams playing in Washington the probable American League pennant winners October 5, 6 and 7.

Should additional games be necessary they will be played in New York on the following Sunday and Monday.

Roosevelt Receives Leaf Tax
Washington, Sept. 14.—(AP)—President Roosevelt today received from the Agricultural Department the recommendation of Secretary Wallace on the processing taxes to be imposed on tobacco but he had not acted in the mid afternoon.
