

PRESIDENT SIGNS THE CODE FOR RETAIL STORES

Little Storekeepers In Towns Under 2,500 Will Be Exempted By The Code

SALES UNDER INVOICE COST FORBIDDEN

Exemption For Small Merchants To Be Observed In All Codes to Prevent Driving Little Man Out of Business; Provisions to go Into Effect a Week From Today

Washington, Oct. 23.—(AP)—President Roosevelt signed the code for retail stores just before midnight last night with exemption to the little storekeepers in towns of 2,500 or less.

The act made it possible for the code to go into effect a week from today at the beginning of the new month.

It forbids sales at less than invoice cost. The provision will apply to chain stores in small towns.

The exemption for the small storekeepers is a policy expected to be carried through by the President in all codes in order not to drive out of business the little man who finds it impossible to carry out the terms of the NPA without going out of business.

FARMER MAKES BRIDGE FROM OLD AUTO FRAMES

Scottsbluff, Neb.—(AP)—Elmer Slatter likes to work with a welding torch and other implements during his spare time. Now he has a bridge 112 feet long and 10 feet wide and capable of bearing a six-ton load, made out of about 50 discarded auto truck frames.

A 4-horsepower electric plant, run by a water wheel of his own making, is another of the spare time improvements on the Slatter farm.

MRS. MOORE PASSES AWAY

Funeral Services to be Conducted From Bethel Baptist Church Tomorrow

Mrs. Susan Jane Moore, 58, died at her home on the Bethel highway this morning at 1:30 after an illness of nine weeks.

Funeral services will be conducted from the Bethel Baptist Church tomorrow afternoon at 2:30 by the pastor, Rev. Leslie Newman. Burial will follow in the family burying ground near the home.

She was a member of the Bethel Baptist Church, joining about 20 years ago, and manifesting much interest in the denomination until her death.

She was the daughter of the late John Smith and Sally Ann McLawhorn, and widow of the late Fate Moore who preceded her to the grave about ten years ago.

Mrs. Moore was one of the most beloved women of the community where she resided and her death was received with pronounced sadness by hundreds of friends and acquaintances.

She is survived by two daughters, Mrs. C. E. Brown, Mrs. M. T. Whitehurst, and one son, J. S. Moore, all of Bethel; two brothers, J. T. Smith of Buckhorn, Va., J. D. Smith of Norfolk; two sisters, Mrs. Mary Jackson, Winterville, and Mrs. Tom Tucker of Grifton.

Active pall bearers will be: John Mayo, E. L. Mayo, W. R. Bullock, R. L. Barnhill, Dr. Cecil Garrenton, E. O. Burroughs. Flower bearers will be members of the Fidelis class of the Bethel Baptist Church, of which she was teacher.

Surprised The Press

J. P. Morgan, America's most noted banker, returning to New York from a three-months sojourn in Europe, posed for cameramen and greeted press representatives. The interview was the first he ever granted ship news reporters. (Associated Press Photo)

MILLS OPEN UNDER POLICE PROTECTION

Plants at Aiken, S. C., Are Threatened With Reprisals From Strikers

Aiken, S. C., Oct. 23.—(AP)—The Bath and Clearwater mills in Horse Creek Valley, closed by strikes since Friday, reopened today under highway patrol protection.

There were no disorders although many employees at Bath refused to enter the plant.

Officers said remaining strikers at the Loring plant at Bath were taking the names of those who returned to work and were threatening reprisals but that no untoward incident had occurred so far.

The Loring Company which operates in both of the textile villages, announced its reopening Saturday and called on state and local authorities for protection.

COURT OPENS HERE TODAY

Two Week Term of Superior Court Faces Large Number of Actions

A two-weeks' civil term of Superior court convenes here today with Judge J. Paul Frizzelle of Snow Hill, presiding. The first week will be confined to the hearing of civil cases and the second to criminal.

About fifty or more cases are scheduled for hearing in the civil term and as many in the criminal session. The criminal docket was said to consist mainly of minor charges and the docket was expected to be practically cleaned up.

Unless the civil term strikes some knot case at the outset it was expected the week would see quite a number of those scheduled for hearing out of the way.

HOLD MAN FOR QUESTIONING IN KIDNAPPING

John Gorch Believed To be 'John' in Lindbergh Kidnap Ransom Case Arrested

Boston, Oct. 23.—(AP)—Echoes of the Lindbergh kidnaping were in the air today as Boston police delved into the past of John Gorch.

Sergeant Arthur Tierman and Inspector William Bonner who arrested him yesterday in a Back Bay apartment noticed a strong resemblance to the much-sought "John" of the Lindbergh kidnaping, the person to whom Dr. John P. Condon declared he paid \$50,000 ransom.

Meanwhile, telegrams sent to the police of several cities brought replies that indicated he was wanted for questioning in far-spread sections.

Deputy Sheriff of Police James McDevitt said he communicated with Capt. Norman Schwartzkopf of the New Jersey police and that the New Jersey officer had been seeking Gorch for questioning since the Lindbergh baby was kidnaped on March 1, 1932.

BATTERY OFF TO NEW BERN

Military Unit Here To Take Part in Legion Parade in Craven County

The local military unit left this afternoon for New Bern to take part in the parade marking the installation of Tom Daniels of New Bern, as commander of the North Carolina Department of the American Legion.

The artillerymen left at 2 o'clock and expected to be in the Craven capital in ample time to take their places among similar units from Kinston, Washington and New Bern. Commander Herbert Waldrop last week announced the company had accepted an invitation to participate in the parade and called on all members of the unit to be ready to leave at the appointed hour today.

In addition to this, members of the Pitt County Post of the American Legion were to be honored for their work in the membership drive now under way. The post has won the distinction of making over a hundred per cent membership drive with the campaign about half over and its members will be duly recognized for the achievement during the exercises in connection with the installation of the new state commander.

Numbers of members of the post were to go to New Bern to see the new commander installed and to hear their work praised.

COTTON EXPORTS TO JAPAN SET RECORD

New York, Oct. 23.—(AP)—Cotton exports from this country to Japan in the twelve weeks of this season to date, totaling 471,795 bales, are the largest for the period in the history of the trade, the New York Cotton Exchange Service announced today.

This movement, it asserted, confirms expectations that the boycott of Indian cotton by Japanese spinners would increase Japanese takings of the American staple. Meanwhile, the movement of Indian cotton to Japan has been small.

This season's exports to Japan compares with 273,827 bales in the same period a year ago and 345,251 bales two seasons ago.

Victim Of Attack

Mrs. Mary Denston, 81, was the alleged victim of an attack by a negro at Princess Anne, Md. George Armwood, accused of the attack, was taken from his jail cell by a mob and lynched. (Associated Press Photo)

LOCAL LEAF MART LEADS BELT PRICES

Greenville Also Forges Ahead in Total Poundage For The Season

As result of higher prices and increased offerings of tobacco here last week, the Greenville tobacco market today led the state in poundage and price average from the standpoint of season sales, it was indicated on the basis of published reports over the week-end.

The market was nearly a half million pounds ahead of its nearest competitor in the poundage race and the price average retained the comfortable lead reflected the previous week.

With heavy offerings in evidence today the market was expected to increase the lead in pounds this week and tighten its grip on the distinction of being the largest bright leaf tobacco market in the world, an honor it has held the last two seasons.

It was estimated there was approximately two million pounds of leaf on the floors of the various warehouses today, but the bulk of the offerings were expected to be cleared up during the afternoon enabling the market to clear the way for continued heavy sales tomorrow.

The price situation, which found its highest level in the final sales of the week, appeared to be holding its own today and there was every indication the parity level agreed upon by buyers and government representatives in the recent conference at Washington would be reached. Prices have been hanging close to the parity mark since the reopening after the enforced sales holiday, and with improvement in the quality of leaf it was believed the goal would be reached.

Farmers expressed satisfaction over the improvement in prices here last week and this caused them to bring increased offerings of bright leaf to market every day. The market sold over a million pounds of the weed every day, and if weather permits, it was believed the same situation would hold sway this week.

Cotton Prices Bound Upward At New Orleans

New Orleans, Oct. 23.—(AP)—Cotton scored a quick advance of \$1.20 to \$1.55 a bale at the opening today in response to the president's pronouncement on commodity values and dollar policy.

Roosevelt Promises Nation Firm Control Of The Dollar Gold Value In Near Future

Late News Flashes From Over World

French Cabinet Faces Crisis.
Paris, Oct. 23.—(AP)—Premier Edouard Daladier today began his last stand in a packed Chamber of Deputies with thousands of police behind barricades on guard outside the parliament building.

The premier has shown no disposition to surrender in his fight to balance the budget and protect the franc.

His friends predicted the overthrow of the government by sun-down unless the Socialists unexpectedly checked the opposition.

Barricades of trucks were set up outside the building and mounted squads backed by thousands of police went on guard to protect the chamber from threatened demonstrations against the various taxes.

Police anticipated a taxi drivers' plan to block the street by placing police trucks crosswise and placing mounted men on the walks with reserves behind. The taxicab drivers intend to protest increased gas tax, one of the plans of M. Daladier and his associates.

BIG CROWD AT SCHOOL MEET

Prominent Educators Discuss School Situation at Session in Ayden

The general meeting of county teachers held in Ayden last Saturday was described today as one of the most successful in years. The session was held in the Ayden high school and men high in the educational life of the state spoke.

The principal speaker was T. B. Atmore of Washington, district school commissioner, who told of the operation of the new school legislation. Mr. Atmore, probably one of the best informed men in the state on the matter of public education because of his long connection with the state department, spoke of the economics made necessary by the new law, but expressed the hope that future years might see an improvement over the situation, enabling the schools to get back on a firmer financial basis.

Other speakers were S. T. Emory of the University of North Carolina; Dr. Herbert ReBarker of East Carolina Teachers College, and Miss Nulton, member of the training school faculty of the college, and Superintendent Byrd of the Ayden school.

Mr. Emory discussed new geography texts and Dr. ReBarker told of high school activities. Miss Nulton spoke on League in primary schools and Mr. Byrd told of the general situation in Pitt county.

All but two of the 175 white teachers of the county attended the meeting and thoroughly enjoyed the instructive talks.

The meeting was opened with prayer by Rev. W. H. Brunson. The address of welcome was made by W. T. Byrd. A quartet "Sweet Miss Mary" was sung by Mrs. William Quinerly, Mrs. Lloyd Turnage, Miss Turner and Mrs. W. T. Boyd.

After the regular session held in the auditorium, department meetings were held in different parts of the building.

ROBBERS LOOT BANK IN MINN.

Main Street Sprayed With Sub-Machine Gun Fire as Bandits Escape

Brainerd, Minn., Oct. 23.—(AP)—Four robbers posing as hunters looted the First National bank of Brainerd today in an undetermined amount of money and fled behind sub-machine gun and pistol fire which sprayed the main street with lead.

Fourteen persons in the bank were overpowered by the robbers.

DEATH CLAIMS LABOR LEADER

William Doak Dies After Heart Attack At His Home in Virginia.

Washington, — (AP)—William N. Doak, Secretary of Labor in the Hoover cabinet and labor leader died today at his home in nearby Virginia.

Doak died of heart disease. He suffered a severe attack about two weeks ago. He was 50 years old. Born at Rural Retreat in Wythe County Va., he attended school at Bristol, finishing a business college there.

He was the first Secretary of Labor born in the United States, Senator James J. Davis of Pennsylvania and William D. Wilson, his predecessors both being born in the British Isles.

Starting out as a trainman he became interested in labor issues and became general chairman of the brotherhood of railroad trainmen on the Norfolk and Western system in which post he served from 1908 to 1916.

From 1916 until he became Secretary of Labor about three years ago he was the legislative representative here of the brotherhood of railroad trainmen.

RUSH TO ALTAR STILL ON HERE

Dozen Couples Applied For Licenses to Marry Here Last Saturday

In the pharoscopy of newspaper writers of another generation an increasing number of people "plighted their troth" in Pitt county over the week end with indications that the rush to the marriage altar would continue through the holiday season.

Twelve couples applied for licenses to marry at the office of the register of deeds here Saturday, and those who did not get married "on the spot" did so that night or next day. Four of the couples were white and the remainder colored.

Over a dozen couples have gone the same route each week-end for the last month or so, and employees in the office of the register of deeds are sanguine for continued improvement in the marriage license market.

Bushing brides of a dusky hue accompanied bashful swains to the office of the register of deeds in some instances and the majority took the "leap in the dark" before all the time. Not much time is required to make the leap in this manly and before the lovers know what it is all about they found themselves marching out of the office, all tied up for the long journey down life's broad highway.

While the pilgrimage to the altar (Continued on Page Three)

Homecoming Queen

Marjorie Kiser of Dayton, Ohio, is Ohio State university's homecoming queen. She will preside at ceremonies in connection with the gridiron battle between Ohio State and Northwestern, Oct. 28. (Associated Press Photo)

RECOGNITION OF RUSSIA IN THE SPOTLIGHT

Boost of Trade by Action Causes Much Conversation at Washington

Washington, Oct. 23.—(AP)—Russian recognition has eclipsed disarmament, Cuba, British war debt discussions and preparations for the jets in official Washington.

It ranks with the domestic recovery plan as a major subject of conversation.

Prospective Russian trade was viewed as promising stimulation to cotton, pork products, copper and machinery business in this country. Electrical, rail and implement stocks immediately were influenced by announcement that Litvinoff will come to discuss the restoration of Russo-American relations with President Roosevelt.

Litvinoff's statement at the London conference that Soviet Russia was a potential customer for \$1,000,000,000 worth of raw materials and machinery challenged attention of American factories short on orders and farmers without a market.

To Install N. C. Legion Leader

New Bern, Oct. 23.—(AP)—Legionnaires and members of the auxiliary gathered here today for the installation of Tom Daniel as commander of the state department.

The ceremonies will begin late today with a mammoth parade preceded by committee meetings of the American Legion and Auxiliary and followed by an oyster roast.

During the evening Captain Daniel and other officers will be installed and the night will be topped off with a dance.

CITY BUYS IN BOND AT \$60 A HUNDRED

Laurinburg, Oct. 23.—The mayor's office here has just announced the bargain purchase of a \$5,000 street bond at a price of \$60 a hundred.

The item is one of a \$50,000 issue dated 1915 and due 1935. Thirteen thousand of this series has already been bought in but the last transaction sets a new low for retirement of any Laurinburg indebtedness.

GOVERNMENT TO BUY NEW MINED GOLD

President's Plan Also Provides That The Nation Will Sell Gold on The World Market Whenever Necessary; Step Looks to Boosting of Price Levels and Revaluation of The Dollar

Washington, Oct. 23.—(AP)—Firm control of the dollar gold value today was added by President Roosevelt to the government's multiple efforts to lift commodity prices.

The means of control was establishment of a government market for newly mined gold in the United States and the president's decision to buy or sell gold—"whenever necessary"—in the world market.

Mr. Roosevelt announced the step as a definite policy to establish and maintain continuous control looking toward managed currency in a talk to the country last night.

He pledged specifically to boost price levels and eventually to revalue the dollar.

"Government credit will be maintained," the president said, "and a sound currency with an accompanying rise in the American commodity price level."

Reviewing his administration recovery program, Mr. Roosevelt assured the people:

"We are on our way and we are headed in the right direction. For the present he said it was impossible to tighten control over the dollar.

He added:

"As a further effective means to this end I am going to establish a government market for gold in the United States. Therefore, under the clearly defined authority of existing law I am authorizing the Reconstruction corporation to buy gold newly mined in the United States at prices to be determined from time to time after consultation with the secretary of the treasury and the president. Whenever necessary to obtain the end in view we shall also buy or sell gold in the world market."

AYDEN MAN IS HELD IN WRECK

T. S. Ross Charged With Responsibility For Accident Near City

Charged with responsibility for a wreck on the Greenville-Ayden highway last night, T. S. Ross, of Ayden, was indicted by highway officers today and will be given a preliminary hearing sometime this week.

The truck driven by Ross stalled on the highway last night and was struck by an automobile driven by J. R. Midgett, of Aurora. The car was almost completely demolished by the impact but the driver escaped injury. Ross received cuts and bruises but his injuries were not considered serious. The truck was damaged only to a minor extent.

Highway officers who investigated the wreck said Ross was driving a truck 105 inches wide without clearance lights and that the highway was almost completely blocked, preventing Midgett from passing. The truck was 15 inches wider than provided by law.

ALL OUT OF PROPORTION
This morning the local retail price on the popular brands of cigarettes jumped from 12 cents a package to 14 cents plus the one cent state sales tax, making single packages cost 15 cents.

While personally we don't mind paying 15 cents for a package of cigarettes and have bought, in times gone by, thousands of packages at that price, we do hate to see any such increase in prices to the consumer at this time unless the tobacco grower is to share, at least proportionately, in the increase.

Just who is directly responsible for the present increase in prices we do not know but we cannot see how the processing tax or the NRA could bring about such an increase. It seems to us that here is another case that should be given the attention of government authorities for in our opinion it is clearly another instance of taking unfair advantage of the buying public and then placing the blame upon forts in trying to help the farmer.

No one would mind paying more for cigarettes if they felt that the farmer was getting this fair share of the increase but under present conditions we do feel that a kick against the high prices to the consumer is justified.

SOUTH AFRICAN ACCIDENTS

JOHANNESBURG, So. (AP)—The death rate from accidents is higher in Johannesburg, Capetown and Pretoria than in the largest cities of Great Britain and the United States, says the "safety first" association here.

IN PRETORIA the accidental death rate was 30 in 100,000 for 1932; in Johannesburg, 24 and in Capetown, 22.

The highest similar rate in the United States is given as 17 in Washington and 18.4 in San Francisco.

In Great Britain, London tops the list with a rate of 15.4 while Manchester has 14.9 and Birmingham 12.4.

Outrageous Fortune

Caroline Letch had hoped that her trip to London would solve the puzzle that surrounded the disappearance of her husband, Jim. She cannot recall the events of the last six weeks; she is told that she is Jim Riddell, her husband, and that he has not only stolen the money but has also stolen her identity.

Chapter 21
JIM'S STORY
Jim went on! "He obviously hadn't seen me. Well, I don't think I'd find out what he was up to, so I went after him—

"I ought to have waited," on the mantelpiece, when I walked into the room. I ought to have waited, but the heavy householder got the better of me—there was something so damned killing about the way he struck that match!

He gave a short laugh. "I said, 'What the hell are you doing here?' and he dropped the match, grabbed his torch, charged right into the middle of me, and banged the door in my face before I got my breath back. It makes me sound like a stiff, but he was most uncommon nippy. It was like trying to get hold of a cat. I wish I'd seen his face."

"You didn't—when he struck the match?" "No. He had his back to me. The whole thing didn't take half a minute. As I stepped into the room, he dropped the match and butted me. I hoped you'd seen him."

SMITHFIELD, Oct. 23.—The violation of the prohibition laws is a serious matter, but in the due enforcement of this law there is the human element in it, all of which was highly exemplified in the trial of three cases against Bill App Barbour, a young man who resides near this town, on state highway No. 22. The evidence tended to show this was not his first experience in violating the liquor laws and the defendant had boldly set up what some might call a respectable drinking establishment. Many officers testified to various times when the had watch-

Puddle Muddle Football

By MARY GRAHAM BONNER
Willy Nilly, the little gnome-like man who lived in Puddle Muddle with his animal friends, knew that he should be doing his chores rather than making helmets and shin pads for the football team.

"I have no more backbone than an autumn leaf when the wind is blowing," Willy Nilly said. "But it is the football season and we do want to be all ready to play the animals of the next village."

"Bow-wow," barked Rip, as he came up to Willy Nilly's porch, followed by the others. "We now have our team and all the other Ducks and Chickens are coming to cheer us on as we play and to give the Puddle Muddle football yell and wave the Puddle Muddle banners. Mrs. Quacko Duck has made."

"But now for the team. Mr. Quacko Duck is to be the center. Top Notch, the Rooster, is to be the left guard. Christopher Columbus Crow is to be the right guard. White Chick is to be the right tackle and Brown Chick the left tackle.

"The two end men will be the Ducks, Quackies and Quack-Quack. I'm to be the quarter-back. Honey and Jelly Bear will be the two half-backs, and you, Willy Nilly, will be the fullback."

"Oh, I don't think I have the time," began Willy Nilly, but his voice was drowned by the quacking and cackling and crowing and growling and barking of the others, who said:

"We've only some very weak little Chickens and Ducks for the reserves and we won't have a complete team without you." So Willy Nilly gave in!

Tomorrow—"The Rough-Toughs"

the court and pleaded repentance. An earnest personal appeal by the defendant for some sort of a judgment that would save him from prison was of no avail. In the first case he was sentenced to serve 18 months on the road, and in each of the other two pending cases the prayer for judgment was continued.

Arrested For Free Drain

Los Angeles, Cal.—Two filling station operators have been arrested here on a state charge of violating the NRA code provisions. They are H. F. Dickson and G. A. McElroy, being charged with unfair trade practice in giving a free crank case drain to a customer who bought five gallons of gasoline. Officials state a free drain is allowed for a refill, but not for the purchases of gasoline. The state last July passed the California industrial act which made punishable by \$500 fine or six months in jail, failure to comply with the NRA code.

GREENVILLE TOBACCO MARKET REPORT

EVERYBODY PULLING TOGETHER IN BEHALF OF THE TOBACCO GROWERS SELLING ON OUR MARKET HAS MADE GREENVILLE THE OUTSTANDING MARKET OF THE ENTIRE BRIGHT TOBACCO BELT.

Market Higher Today—Better Grades Above 60c

1,500,000 POUNDS GAIN IN 7 DAYS

Greenville market is leading Eastern Carolina in prices paid for each grade of tobacco. In addition, Greenville tobacco market continues to lead all Bright Leaf Markets in number of pounds sold, gaining approximately 1,500,000 pounds in past 7 days.

More growers from distant counties are now patronizing the Greenville market than any time since the market was established, and they know it is paying them to sell here, some of them traveling over 100 miles.

The reason for the phenomenal record Greenville market has made and is at present making, is the fine spirit being manifested by the Greenville Tobacco Byers who are determined that no market shall excel Greenville in prices paid for every grade of tobacco.

GRADE MORE CAREFULLY

Hundreds of thousands of dollars annually are lost on account of marketing tobacco in too soft condition and by careless grading.

Let us suggest that every one preserve warehouse bills of sales and see that they are dated.

The Board of Trade does not permit under penalty of \$50.00 fine, any warehouseman to reserve floor space for anyone. The principle of first come first served under the By-Law must be carried out.

Tune in on Greenville's Radio Station WEED every day (except Sunday) at 9:45 A. M., 12:45 P. M. and 4:45 P. M. for latest tobacco market reports. Will find it on your dial around 142 or 1420.

T. E. L. CLASS TO MEET TUESDAY EVENING

The T. E. L. Class of Memorial Baptist Sunday school will meet Tuesday evening at eight o'clock with Mrs. J. W. Farmer on Fifth street.

Owing to other engagements and conflicting dates the meeting will be held Tuesday evening instead of Thursday evening.

Shriners To Give Oyster Roast.

All local and Pitt county Shriners are cordially invited and urged to be present at an oyster roast given by Sudan Temple of the Shrine on Thursday night, Oct. 26, at 6:30 at the Nehi bottling plant on Evans street. Wives and sweethearts are expected to come. There will be music and other entertainment.

WITHA COUNCIL TO MEET TUESDAY EVENING

Witha Council No. 43 degree of Pochontas will meet Tuesday evening at 7:30.

MEN'S SUPPER AT ST. PAUL'S CHURCH

The men of St. Paul's Episcopal Church will hold its regular monthly supper meeting at the parish house at 6:30 Wednesday night. Mayor Roy C. Flanagan will preside as president of the club and John R. Taylor of Fayetteville, prominent Episcopal layman of the Diocese, will be the feature speaker.

GENE AUSTIN AT STATE THEATRE TODAY

Gene Austin, the world famed singer, introducing his new rhythmic style with Candy and Coco, the micromanacs, are added attractions at the State Theatre this afternoon and evening. Gene Austin played to capacity audiences here last winter and theatregoers are eager to hear him again.

The picture today is "The Woman I Stole" featuring Jack Holt and Fay Wray.

RUSH TO ALTAR STILL ON HERE

A certain tract or parcel of land, lying and being in the County of Pitt and State of North Carolina: BEGINNING at a pump pipe driven from a corner, Mrs. Della Carman's corner on the West side of the Old Creek Road, and runs as her line South 80 1-2 West 55 chains to a stake with pointers on the run of Contentnea Creek, then up the

bank of said Creek as follows: North 8 West 233 chains; North 47 West 5.2 chains; North 47 East 2.10 chains; North 6 West 2 chains; North 21 West 2 chains; South 88 West 1.5 chains; South 52 West 2 chains; North 76 West 1.12 chains; North 40 East 1.80 chains; North 14 East 2.75 chains to a stake. R. C. Cannon's corner; then with said Cannon's lines as follows: North 83 1-2 East 19 chains; to a stake; South 44 West 90-100 chains to a stake; North 75-25 East 40.40 chains to the aforesaid road; then with the said road as follows: South 1 West 14 chains; South 10 East 3.88 chains to the BEGINNING, containing 55.7 acres.

This the 18th day of Oct., 1933.

J. R. Spier, Mortgagee.
Mrs. Clara Spier and
J. R. Spier, Jr., Admsrs.
J. B. James, Atty.
Oct. 20-11w-4w.

FINE JEWELRY For Less Money Comparisons Invited LAUTARES

Beware the Cough or Cold that Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, and attacks the seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis, and is excellent for building up the system after colds or flu. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

Felt Much Better By Taking Cardui

"I took Cardui at two different times for a run-down condition," writes Mrs. P. M. Deason, of Tyler, Texas. "I would get nervous and could not sleep well. This would make me feel badly in daytime. I read about Cardui and thought it would be a good idea to take it. I took eight bottles one time and six another. I felt much better after taking it and was able to sleep."

If you are weak, run-down, nervous, take Cardui, for women.

NOTICE OF SALE

By virtue of authority in the undersigned by that mortgage of record in Book F-16, page 500, Pitt County Register of Deeds Office, executed by Jerry Langley on the 29th of February, 1928, securing certain note and bond referred therein to and the terms in the same not having been complied with, I will sell for cash to the highest bidder on

Monday, November 13, 1933 at 12 o'clock noon

TECH FACES HARD BATTLE ON THE 'HILL'

Chapel Hill, Oct. 23.—The powerful Georgia Tech team which will oppose Carolina in its big homecoming game here Saturday has been likened to Tech's national championship team of 1928 since its defeat of Auburn, conference champions in 1932.

But the Tar Heels, who gave the 1928 Tornado a terrific battle, topped Tech from its national championship throne the following year, and tied the "Rambler Wreck" in 1930 and 1931, have a habit of giving Coach Bill Alexander's greatest elevens their hardest battles.

Carolina supporters, who are also making allowance for the fact that Carolina should be recovered from the injuries which handicapped the team at Florida and for the further fact that Tech had a gruelling game with Tulane and that its young ends and backs may suffer a let-down as they did in a 7-6 loss to Kentucky, are predicting a brilliant battle.

The Tech alumni in this section have also made their homecoming game and are arranging a program and celebration of their own. A delegation of 300 girls from N. C. C. W. and 75 from Saint Mary's are coming to help cheer the Tar Heels on. From the height at which interest ran today, indications are for one of the year's largest crowds.

KY. MAY BE DUKE'S WORST RIVAL ON GRID

Durham, Oct. 23.—Facing a team they have always beaten but not always outplayed, the game with Kentucky's Wildcats in Lexington, Ky., Saturday may be Duke University's hardest game of the season.

A Duke team has never left the field defeated by a Blue Grass eleven. Duke won in 1930, 14-7; in 1931, 7-0; although outplayed, and last year 13-0. All have been spectacular and thrilling contests.

More than the fact that Duke has always beaten them, the Wildcats have never left the field victorious over a team that Wallace Wade has coached. They started losing to the Duke mentor when he went to Vanderbilt as assistant coach and have lost to him every year since—12 long years.

For these two reasons, Duke anticipates its hardest battle of 1933. Kentucky will be loaded to the limit to stop this rapidly climbing string of defeats at the hands of Wade and Duke and they say it is a hard job to beat a team that is inspired when that team is already a powerful enough eleven.

And there is little doubting that Kentucky will be an inspired eleven. They, remember well, those veterans of last year, what a game they had here in Durham last season when Duke repulsed numerous first half threats, turned in an all-around performance of smart football to down the Wildcats 13-0 despite the individual performance of Ellis Johnson, Kentucky halfback.

WORKERS IN C. C. C. CAMPS SHOW GAINS IN WEIGHT

Des Moines—(AP)—One of the army officers commanding a Civilian Conservation Corps camp in Iowa checked up a complaint from a mother that her boy was not getting sufficient cake and pie.

The officer put the boy on the camp scales. The dial showed a net gain of 12 pounds in weight since the boy had enlisted.

Figures prepared by camp physicians show that the young men have averaged eight pounds gain in weight since last spring. Some have gained as much as 20 to 25 pounds, little of which is fat.

MESQUITE BEANS RESCUE DROUGHT-STRICKEN CATTLE

Amarillo, Tex.—(AP)—Nature, inflicting a severe drought on the Texas Panhandle the past summer, came to the rescue of cattle with the heaviest crop of mesquite beans in the memory of old-timers. Some ranchers said their herds existed for weeks almost entirely on the beans.

The mesquite is a scraggly shrub common to the arid regions of the southwest and requires little moisture. The beans, sometimes a foot or more in length, grow in profusion and are considered good feed for both cattle and horses.

Possum 'Plays Possum'

Salinas, Cal.—(AP)—The keeper of this city's Central park zoo has learned at first hand what "playing possum" means. He accidentally struck one of the animals with a rake. It rolled over apparently lifeless and he buried it in a shallow grave. A newly dug tunnel shortly revealed the animal had snapped out of his apparent demise and escaped.

New York Cotton

New York, Oct. 23.—(AP)—Cotton on active genera buying and contracts opened firm 23 to 25 higher structural interpretation of president Roosevelt's address.

The opening advance met some southern and export house selling but buying continued active after the call with December selling at 9.47 and May at 9.80 or about 25 to 26 higher on the active positions.

Demand slackened toward the end of first half hour and there were reactions of five or six under realizing.

The more urgent demand provided by the over Sunday developments was supplanted on the early advance of 25 to 26 points and prices eased some 14 to 15 points from the best under selling and realizing.

N. Y. Stock Market

New York, Oct. 23.—(AP)—Stocks and staples advanced upward today apparently drawing renewed hope from the presidential announcement of a controlled market and a reiteration of his purpose to raise commodity prices.

While leading shares spurted one to five points and grains jumped two to more than four a bushel trading had little of the boom fever. The ticker was pressed only at brief intervals and after a couple of fast flurries the activity turned dull.

Quotations showed little evidence of slipping despite profit-taking. All equities participated in the recovery but metal stocks easily were the leaders.

Foreign exchanges soared in terms of dollars reflecting revival of inflationary hope of traders. Financial observers cautioned stock traders against the display of too much enthusiasm at the moment. The list quietly backed and filled but held around top levels in late dealings.

Transfers were 2,000,000 shares.

Late News Flashes

(Continued from Page One)

Bishop Cannon Granted Review.
Washington, Oct. 23.—(AP)—Bishop James Cannon, Jr., and his secretary, Miss Ada Burroughs, were granted a review by the Supreme Court today of the ruling of the District of Columbia Court of Appeals holding they must stand trial on an indictment charging them with violating the corrupt practices act in failing to report contributions received in the 1928 presidential campaign. The case was set for hearing on December 4.

During the campaign Bishop Cannon waged a fight against the election of Alfred E. Smith. He received \$65,300 from E. C. Jameson of New York, which the government alleged they failed to report.

When brought to trial they challenged the indictment as defective.

Bishop Cannon also attacked the practices act as unconstitutional.

Approves Merit Clause.

Washington, Oct. 23.—(AP)—President Roosevelt, recording his approval of the retail code, took indirect notice of the recurring dispute over the merit clause in the industrial code today with a notification to the NRA that it was his understanding that there was nothing in the labor clause of the control plan to interfere with the bona-fide exercise of the right of an employer to select, retain or advance employees on the basis of individual merit.

Hugh Johnson, NRA chief, made the presidential communication public.

Prepare Hawley Indictment

Wilmington, Oct. 23.—(AP)—An indictment charging Hugh Hawley, 26 year old mail truck driver of Wilson with an attempt to reb the mails will be sought of the Wilmington Federal Grand Jury late today or tomorrow by district attorney W. H. Fisher.

A bill of presentment was being prepared in Fishers office this morning.

CHOIR SINGER 67 YEARS AND HE'S STILL SINGING

Windsor, N. C.—(AP)—Friends of Judge Francis D. Winston believe he has broken some sort of record by singing continuously in the choir of St. Thomas Episcopal Church for a period of 67 years.

He joined as a choir boy in 1869 and has sung every Sunday since then except for a few instances of sickness or unavoidable absence from home.

INJURED MINISTER'S CONDITION SERIOUS

Greensboro, Oct. 23.—(AP)—Dr. E. S. Reaves, Baptist minister of Union, S. C., who was injured Friday afternoon when struck by an automobile at a street intersection here, was reported last night as still in a serious condition in a local hospital.

The minister suffered a blow on the head and numerous body bruises when struck by an automobile.

WEST, DAVIDSON STAR, NOT SERIOUSLY HURT

Charlotte, Oct. 23.—(AP)—Julian West, substitute Davidson center who was believed last night to have been seriously injured in the Duke game Saturday, was said at Presbyterian Hospital to be much improved and he will return to Davidson today.

West, who is president of the school's student body, suffered a minor brain concussion and a broken nose. Paul Pittman, halfback, and Percy McElrath, first-string center, were injured in the game but likely will be able to play.

APPLICATION FOR PARDON

against N. C. State next Saturday. Coach Doc Newton of the Wildcats, while visiting West here yesterday, had high praise for the Duke team and expressed belief it would finish the season undefeated.

BIGGER STADIUM, CUT PRICES PROPOSED AT MINNESOTA

Minneapolis—(AP)—Strong support has developed on the University of Minnesota board of regents for a plan to increase the size of the 55,000 capacity stadium and to lower admission prices to university football games.

One proposal is to round out the structure, now in the shape of a horseshoe. Another apparently preferred plan was to leave the end open and add a second deck to the central sections of the stadium.
