Pres. Roosevelt To Be Asked To 'Increase' Army

REQUEST TO BE MADE BY GEN. M'ARTHUR

Ranking Officer of Nation Seeks to Lift Army Strength From Below The Danger Line; Army Officers Optimistic Over Success of Recommendations

Washington, C. C., Nov. 27.—(AP)—President Roosevelt, whose budget bureau has already approved increasing naval and marine forces will be requested today to ask Congress for funds to raise America's army strength from below the danger line.

"It is at that point now," said the Army's highest ranking official, General Douglas MacArthur, in an annual report to the Secretary of War which will be transmitted to the President. Many Army officers were optimistic today about the prospect of getting some of the things recommended by General MacArthur, chief of staff. They recalled that the budget bureau had already accepted a proposed appropriation requesting the adding of 2,500 enlisted men to the Army and 1,000 to the Marine Corps to man new ships.

CITY WATER SAFE AS EVER

Queer Taste of Fluid Last Two Days Due To Leaves and Low Water in River

City water hasn't tasted the best the last two days, but don't be alarmed—it is perfectly harmless.

This was the gist of information given out today by Martin Swartz, superintendent of the Water and Light Commission, in a public statement explaining the unpleasant taste of the water supply.

The queer taste of the water was caused by accumulation of leaves in the water and the low condition of the Tar River, Mr. Swartz said. The statement in its entirety follows:

"In order to allay any fears which the citizens of Greenville may have as to the safety of the city water supply for drinking on Saturday and Sunday, November 25 and 26, we wish to state that the water was at all times perfectly safe to drink. Bacteriological and chemical tests are a daily routine at our purification plant. Test on the water on these two days, both as it left our plant and also at various points on the distribution system, proved the water to be unquestionably safe, bacterially and chemically.

"The unpleasant taste we've experienced on these two days was due to large accumulations of leaves in the river and to the low stage of the river. Taste causing substances were reached from the leaves. The presence of these, together with the products of leaf decay, was aggravated by the low quantity of stream flow. These taste producing substances are entirely harmless.

"Although Greenville uses nothing like the quantity of water which is flowing in the river at the present time, the low rainfall on our watershed of the past three years has caused a gradual depletion of ground water storage, and the lowest stage of the river to be recorded this year, or any since the beginning of flow records."

Primitive races of men have cancer, but to a less extent than civilized man, presumably because fewer primitive men live to advanced age.

LINDBERGH'S HEADED FOR CAPE VERDE

Colonel and Wife Leave Las Palmas On Last Leg of Hop In Africa

Las Palmas, Canary Islands, Nov. 27.—(AP)—Colonel and Mrs. Charles Lindbergh hopped from Villa Casneros for Cape Verde early today after spending the night in the remote desert outpost of the northwest coast of Africa and were guests of American officials there. The Lindberghs were guests in the official quarters of Villa Casneros overnight.

The American flying couple flew to Villa Casneros a distance of 300 miles from Villa Mills from Las Palmas Sunday. Cape Verde is 600 miles from Villa Casneros.

Campaign to Raise Budget For Local Organization to Begin Tomorrow

Beginning tomorrow the Greenville Salvation Army Advisory Board of which Guy V. Smith in chairman will ask the citizens of Greenville for \$2,240 which is needed to enable the Army to carry on its spiritual and welfare work in this community for ensuing year. The Salvation Army strives to carry out its program of rendering services to those in greatest need. In view of the character of its work the sum asked is small.

Judge Dink James, the general campaign chairman, has announced the completion of his organization. The members of all committees and teams are requested to meet tonight at the Woman's Club at 7 o'clock. At this meeting the various teams will be assigned to their districts with such instructions given as necessary.

Guy V. Smith, a chairman of the Tobacco Industry Division, has reported the following to be the members of his committee: A. E. Hubbard, J. E. Ficklen, and C. W. Howard. Mrs. E. L. Henderson is chairman of the Women's Division.

Judge James also announces the (Continued on Page Four)

Reemployment Committee Discusses Projects Approved For Pitt County

The Federal Re-employment Committee of Pitt County met in the Re-employment Office on Evans Street Saturday night and discussed the projects recently approved in this county by the Civil Works Commission and others now pending approval.

E. G. Flanagan, chairman, who called the meeting, presided and led the discussion of proposed projects sought under the Public Works Act.

The projects already approved cover a wide range in many sections of the county and will provide work range all the way from drainage of canals to the building and reconditioning of public highways.

Projects already approved follow: Drainage for the town of Winterville, consisting of two canals about 3,800 yards each, eight feet wide and five feet deep.

Sinking of deep well in Bethel. Improvement of the road from Farmville to Bruce; section of State route No. 126 from Ayden to Venter's Cross Roads; eight miles of county road from Farmville to Bruce.

Installation of auxiliary low pressure heating boiler, run fifty feet of steam mains and 150 feet of return lines and connection of radiator at Fifth Street colored school.

In Ayden, Winterville and Swift Creek Townships:

Cutting out and clearing right-of-way of logs, rafts and tree tops and other obstructions preparatory to future drainage.

Extension of drainage District No. 1 in Farmville Township.

The drainage district will furnish money in the sum of \$2,500 to pay rent on dredge and other material.

The committee was informed that the project looking to the establishment of a swimming pool and concrete culvert at the pool was submitted on the 25th of the month, but had not been approved. Approval of other projects was also expected in the near future.

J. B. Spilman was named chairman of a committee to seek funds for elimination of illiteracy.

The Re-employment Committee has received a number of applications for work on the projects, and persons desiring jobs were urged to make application at once so everything will be in readiness when actual work begins.

HILLMAN WILL GO TO DURHAM

Dr. Combs, Pastor Trinity Church, Durham, Sent to Local M. E. Church

Rev. E. L. Hillman, who for the past five years has been pastor of Jarvis Memorial Methodist Church, has been transferred to Trinity Church at Durham. It was revealed today as appointments for the new year were read at the closing session at Durham of the North Carolina Conference of the Methodist Episcopal Church, South.

Dr. Gilbert Combs, who has been pastor two years, will succeed Mr. Hillman as pastor of the local church.

Dr. Combs is recognized as a minister of considerable ability and his coming to Greenville was received with interest by members of the congregation.

Mr. Hillman has been pastor here the last five years. He was returned here for the fifth year, in spite of the fact that it is customary for the conference to change ministers after they have remained in a single place for four years.

During his stay here Mr. Hillman has made hundreds of friends among all denominations who will regret to lose him. He is president of the Greenville Kiwanis Club, a prominent and active member of the Ministerial Association, which has been prominent in looking after the moral and spiritual welfare of the city since its formation several years ago.

Several attempts to have a state drivers' license law enacted in Montana have been unsuccessful.

RED CROSS SPENDS BIG SUM IN N. C.

Organization Reports Paying Out \$44,000 In Storm Relief Activities

Washington, Nov. 27.—The American Red Cross reported today it has spent \$44,000 in giving relief to 3,328 North Carolina families following last September's terrific coastal hurricane.

The formal report was prepared at the national headquarters of the Red Cross here by Ernest P. Crick who reported last Friday from North Carolina after having been in that state directing relief work since September 15.

The report showed that the bulk of the money spent was given by the national organization. Of this \$44,000, chapters, individuals, and organizations in that state gave \$4,076.44.

The remainder \$39,923 was given by the national organization. Crick questioned about the reports from North Carolina that fishermen of the state coastal banks had been promised that nets swept away by the storm would be replaced, said no such promises were made by the corps of 14 workers he directed.

Crick said some individuals working to obtain donations to aid the storm sufferers may have made such a promise. He said that the Red Cross work was directed at giving those in need of food and clothing and aiding in the repairing of damaged homes.

He recalled that a private campaign was started in New Bern to build a fund to aid in replacing some of the nets but said it was not successful.

Clark said 1,805 families were given rehabilitation aid which included food for 833 families, household furnishings for 447, clothing for 723 families and building materials.

LEAF MARKET HERE STILL HOLDS LEAD

Greenville Remains in Front of State Markets in Price and Poundage

The Greenville tobacco market continued today to lead the state from the standpoint of pounds and prices, it was revealed in published reports of the various markets over the week-end.

The average for the season here was given as \$16.54 at conclusion of sales last week and the poundage was 56,367.214 pounds.

The next highest among the five big markets of the belt was Wilson with an average of \$16.44 per hundred pounds and sales of 55,632,610.

Rocky Mount forged into third place with sales of 36,896,350 and an average of \$16.38.

Fourth place was taken by Farmville with sales of 18,987,982 and an average of \$16.20 per hundred.

Kinston took fifth place with sales of 41,149,908 and an average of \$15.75.

Sales were heavy here today but indications were that floors would be cleared during the late afternoon, giving the market a good start for the heavy offerings expected to be handled here tomorrow and Wednesday. The market will close Thursday for Thanksgiving and remain closed until Monday.

Sales are expected to be heavy here until the Christmas and in view of this fact, five sets of buyers will be kept on the job all the time. The price situation which found a new high level last week was expected to remain firm from now on and farmers are expected to market the remainder of the crop rapidly and enjoy the results of the higher prices.

RUSH TO ALTAR STILL ON HERE

Fifteen Licenses to Wed Issued Saturday; Triple Ceremony Highlight

The issuance of marriage licenses in this county for the present month has forged well ahead of the previous month, records in the office of the register of deeds indicated today.

With fifteen couples applying for licenses to wed over the week-end the November total was swelled to 192 as against 86 for the previous month.

Four of these receiving licenses here Saturday were white and the remainder colored.

One of the highlights of the day's pilgrimage to the license office was the triple wedding performed at the courthouse by Rev. D. A. Windham, Free Will Baptist minister. All three couples were colored and the "tying up" of so many couples at one time caused considerable interest among courthouse employees and persons who happened to be in the building at the time.

With November still having a few more days to its credit, it was believed the total would be greatly increased this week, probably eclipsing all previous records for the number of licenses issued during the month.

The beginning of holidays always causes thoughts of the love-love to turn to things of the heart and Thanksgiving probably will add several other couples to the list.

The following white couples applied for licenses Saturday:

T. L. Mobley to Miss Letha White Pactor; W. A. Stanford, Reidsville, to Miss Annie Norman, Farmville; Hermon Cannon to Miss Bessie Smith, Ayden; Tom Harris to Miss Annie Stepp, Pitt County.

Those taking part in the triple ceremony were:

George Washington and Mattie Hampton, Ayden; Theodore Chapman and Roba Dixon; Jasper Taylor to Lula Mills. All of the couples were from Pitt county.

Other colored couples obtaining licenses were:

Ephraim Hardy to Roberta Darden, Green county; Charlie Fields to Mary Williams, Farmville; Jim Harris to Lillian Jones, Greenville; Stephen Speight to Lucy Shackelford; Leon Wilks to Annie Greenville, Greenville; William Taylor to Helen Lane, Ayden; John More to Emma Dawson; John Phillips to Lelia Thigpen.

SHORTAGE OF MONEY FACES NEW CABINET

Premier Camille Chautemps Greeted By Demonstration For Work and Bread

Paris, Nov. 27.—(P)—A fast-emptying treasury, widespread protest meetings and miners' work and bread demonstrations, greeted the new cabinet of Premier Camille Chautemps today.

The members took office early this morning after formal presentation to President Albert Lebrun. No sooner had they officially entered office than Finance Minister Georges Bonnet told Bank of France officials that the government could not meet its debts until December 15.

Meanwhile, economists were warning that inflation threatened and new difficulties developed as result of hundred of arm meetings yesterday to which better prices were demanded.

CLERGYMAN RAPS SMITH

Father Coughlin of Detroit, Thinks Al Should Lay off Monetary Issue

New York, Nov. 27.—(AP)—Father Charles Coughlin, Detroit's crusading clergyman, arrived in New York today again asserting that Al Smith's ideas on money were a lack of bologny.

"It is the first time that I have taken issue with Smith on any question," Father Coughlin said, "and I regret that I had to do it. But any one standing in the way of the Roosevelt monetary program must be answered."

SIX THOUSAND PERSONS LOOK ON AT SAN JOSE

Mob Takes Thomas Thurmond and John Holmes From Jailers After Spectacular Battle of Two Hours; Governor Rolph Declares Lynching Best Lesson California Has Ever Given The Country

San Jose, Calif., Nov. 27.—(AP)—Thomas H. Thurmond and John Holmes, confessed kidnapper-slayers of Brooke Hart, were lynched here last night by a mob of one hundred men who smashed their way into the county jail after a two-hour battle to seize the pair.

A whooping, cheering crowd estimated at 6,000 persons looked on. Thurmond, the first to confess, was unconscious when dragged to St. James Park, one hundred yards away, in still kicking, he was yanked into the air.

In the glare of torches and flashlights the bodies hanged for half an hour or so—a morbid picture for the thousand who assembled swiftly after news of the lynching movement spread throughout the city. Then the lifeless forms were cut down and there was no further attempt to interfere with the officers.

Thurmond's body had been slightly burned by flames from blazing newspapers held up by the mob and torches during the hanging. The lynching occurred a few hours after the torn body of young Hart, son of a wealthy San Jose merchant, had been taken from San Francisco Bay and climaxed a spectacular battle between officers barricaded in the jail and the determined mob.

Sacramento, Calif., Nov. 27.—(AP)—Governor James Rolph, Jr., today held up last night's lynching at San Jose as "the best lesson California has ever given to the country."

"We showed the country that the State is not going to tolerate kidnapping," he said.

Last night when asked if he would call out the National Guards to halt the San Jose lynching, the governor said: "What?—call out the troops to protect those two guys—that's the sheriff's job."

GRISSETTE NAMED ON FEDERAL COMMITTEE

Chapel Hill, N. C., Nov. 27.—Felix A. Grissette, director of the Alumni Loyalty Fund at the University of North Carolina, has just been notified by Dr. George P. Zook, United States Commissioner of Education, of his appointment to serve on a newly-created Federal advisory committee for emergency aid in education.

Although Mr. Grissette has not yet been informed of the detailed scope of the committee, it is understood that it is to advise the Federal government in mapping out a program whereby education in the United States may share with commerce and industry in the current expenditure of money intended to aid in industrial recovery.

PLEDGE SUPPORT TO MONETARY PROGRAM

Kinston, Nov. 27.—The Eastern Carolina Chamber of Commerce, with headquarters in Kinston, telegraphed President Roosevelt the past week pledging support for the President's monetary program to bring the country out of the depression according to an announcement made by President Guy Elliott at headquarters offices. The message conveyed to the President pledge of cooperation of eastern North Carolina in his efforts to defeat depression and expressed full confidence in his ability to carry the program through to a successful termination.

"Eastern North Carolina has already felt the effects of the President's program in a very definite way," President Elliott said.

ready long list: It was loaning its money to bankrupt foreign debtors already unable to pay even interest on their obligations. Things continued to go from bad to worse, until this old country was in the midst of one of the most severe depressions it has ever known. Then came a leader. He brought the Recovery Program. The Blue Eagle made its appearance. The country's confidence in its new leader was quickly established and has never wavered. Conditions are steadily improving. There's no gain-saying that fact. Even the most skeptical admits that "times are a little better" and the outlook certainly is brighter.

The greatest need at present is for continued confidence and co-operation. The chiseler soon will find that any temporary profit he may have derived from his back-sliding is the most expensive "profit" he has ever had. The country has no respect for one who cannot help out in this great work. And the same chiseler will find that times have changed. When he brings about his own ruin in one place, he will be out of luck everywhere. He will gain nothing by loading his family onto a wagon or flivver. The world will know him, for he will be a marked man.

GET DISTILLERY, ALSO SOME UNUSUAL 'FIXINS'

Oxford, N. C., Nov. 27.—Two deputies rubbed their fat stomachs today and said they hope it happens again.

The officers, W. B. Ellington and C. L. Hutson, members of the sheriff's force, went into the northern part of the county Friday afternoon on a raid. As they approached the site of a steam-operated distillery, six men ran away, leaving behind a box of fried chicken and accessories. The officers forthwith sat down before the roaring furnace, appeased their appetite and then set about the task of destroying the liquor plant.

In the seizure were an upright boiler of ten horsepower, 300-gallon distillery, an automobile loaded with 84 gallons of liquor and several dozen fruit jars and 6,000 gallons of beer. It was necessary to send to town for a truck to bring in the seizure.

Investigation at the State Motor Vehicle Bureau shows the car was registered in the name of Edgar A. Shepard, of Morrisville, Route 2.

New Rate Plan DUKE HOSPITAL

Duke Hospital is attempting to meet the necessity for reduced hospital costs by the adoption of the following scale of charges: **Public Wards:** \$2 daily. The actual cost to the Hospital for public ward care is over \$4 daily; but in order to meet the greatly increased demand for charity work, Duke Hospital has adopted the co-operative plan of paying half the cost, provided the patient, or his county welfare department, co-operates by paying the other half, or \$2 daily, in advance.

Middle Group: \$3.50 to \$4.50 daily. Semi-private cubicles are available at these rates, but only to patients of moderate means.

Write, or have your physician do so, before coming to the hospital. Address: Superintendent Duke Hospital, Durham, N. C.

Private rooms: \$6 to \$9 daily.
Children are charged one-half the above rates.
These are flat rates and cover all charges except for special nurses, blood transfusions, and braces. Doctors' fees also are charged for middle group and private patients. An additional charge of \$2 daily is made for ear, nose and throat patients; patients requiring radium treatments, and certain operative cases which do not require more than four days of hospital care.

Prices Now Highest of Season Market to Continue With Full Force Up To Christmas

The Kentucky markets will not open until the middle of December We have assurance that present high prices will be maintained during all of this week, including Tuesday and Wednesday before Thanksgiving, and we expect to have the same high market right on up to the Christmas holidays. Don't be afraid to sell your tobacco Wednesday of this week.

Let us suggest that you give preference to marketing your good and fancy tobacco. More tobacco is bringing from 40c to 75c than in years, and if you have good tobacco, it looks unwise to hold it back.

Tune in on Greenville's Radio Station WEED every day (except Sunday) at 9:45 A. M., 12:45 P. M. and 4:45 P. M. for latest tobacco market reports. Will find it on your dial around 142 or 1420.

Window Pane Tapping
By MARY GRAHAM BONNER

"I have that nice lawn," said Willy Nilly, who had been washing the pieces Christopher had dropped to the ground from Grandma Grouchy Galump's line, "and I think I will spread them out there."

Christopher carried them out in his beak. Just as Willy Nilly had everything nicely arranged and he and Christopher had gone into the

house for some lunch they heard a loud quack-quacking.

They rushed outside to see what had happened and found the Ducks excitedly running toward them to tell about the pond races they had just had. They had not noticed the wash on the lawn and had run right over it with their muddy webbed feet. Now Willy Nilly had to do the work all over again!

Meantime Top Notch was trying to discover the thief.

"If we ever find the money," rip said, "we'll have to make some sort of burglar alarm."

"What good would that do?" Top Notch returned in his practical way. "No one would hear it go off except the squirrels and birds in the woods."

"They might serve as special police," suggested Rip.

"Squirrels are too busy about their own affairs," said Top Notch. "Birds go away in the winter, and any snails around would let us know too late to be of any use."

That night Willy Nilly heard a tap, tap, tap on his window pane. He could see no one outside and again he heard the window tapping. What could it mean? Could the thief be in the neighborhood?

My Beauty Hint

In walking there is both exercise and liberation. Because I don't tire easily, I like to walk ten miles every day.

My sister and I measure five miles on the speedometer of the car, drive back to our starting point, then walk the five miles and back to the car. Walking is especially fine for one confined to a studio most of the day.

One Sure Way to End Coughs and Colds

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, and attacks the seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis, and is excellent for building-up the system after colds or flu. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Creomulsion. (adv.)

E. C. T. C. DROPS FINAL GAME OF SEASON HERE

The East Carolina Teachers College football eleven lost its final game of the season when Appalachian State Teachers won by the score of 14 to 0 here Saturday.

Led by Triplett, fullback, and Weaver, halfback, the visitors scored touchdowns in the first and fourth quarters.

In the first quarter Rogerson got off a bad punt for only ten yards after his team mates had held the visitors on the one-yard line.

In the fourth quarter, Triplett made a beautiful 58-yard run around right end for the second touchdown. Mahoney's toe proved good for the two extra points following touchdowns.

Statistics on game showed that Appalachian made 15 first downs, while Teachers made two. Appalachian attempted eleven passes, completed one for short gain and one was intercepted by Teachers.

For the Teachers, Rogerson, quarterback and Morgan, full back, showed best in the running attack. In the line, Johnson, tackle, and Jolly, guard, showed up best on defense.

YOUTH IS ACQUITTED ON MAJORITY VERDICT

Lexington, N. C., Nov. 27.—Charles Kivett, young white man on trial on a drunk and disorderly charge, accepted the challenge when Judge H. Hoye Sink suggested a majority verdict of a jury that appeared deadlocked and won his freedom in Superior Court here Saturday.

Jurors rose singly and voted. "Not guilty," said the first three. "Guilty," replied the next four. With the count six to five for Kivett, No. 12 made it seven. It was revealed the jury had balloted six and six before being brought out.

Kivett swore a bottle that fell from his pocket contained kerosene. Relatives swore he was sober. Three witnesses swore he was drunk. He had appealed from a magistrate's court.
