JAP TORPEDO BOAT WRECKED WITH 120 DEATHS

Mystery Back Of Capsized Vessel At the Naval Base

NAVY REFUSES TO DESCRIBE THE DISASTER

Badly Damaged and Drifting, Many of The Crew of The Tomozuru Believed Drowned; Was Carrying Heavier Armament Than Most Ships Twice its Size; Contact With Ship Lost Early Today

Tokyo, March 12—(AP)—Japan's new "scorpion" of the seas, the Tomozuru, a torpedo boat with armament greater than most ships twice its size, was wrecked mysteriously today with a probable loss of 120 men.

The navy declined to describe the disaster immediately but it was almost certain that the Tomozuru had capsized off the Sasebo naval base in heavy weather.

The ministry announced the ship had been found after having been missing since early morning. Badly damaged and drifting, many of her crew were believed drowned.

The vessel, of 527 tons, was regarded as carrying one of the heaviest armaments ever conceived for a ship her size.

It was reported that on her fatal trip in connection with maneuvers off the naval base she carried 120 officers and men, far above her normal complement.

The navy office said "rescue efforts are proceeding" but made no mention of any survivors. Contact with the ship was lost early today.

NEGRO ROBBER AWAITS ACTION

Lawrence Rasberry to Be Sent to School of Correction At Hoffman

Lawrence Rasberry, 13-year-old negro youth arrested by police here last Wednesday night when he was caught in the act of robbing a store on Fifth street, will be sent to the Hoffman school of correction as soon as arrangements have been completed. J. F. Harrington, judge of juvenile court said today.

Judge Harrington said he had already written the school authorities about the youth and expected to receive a reply sometime this week.

Police turned Rasberry over to juvenile court for disposition in view of the fact that he is too young to be prosecuted in regular court.

The youth was attempting to enter Charlie Allen's store when espied by a pedestrian. The police were immediately notified and when they arrived Rasberry was in the store loading himself down with merchandise.

He admitted, police stated of having entered the store Sunday night of the same week and obtaining a small sum of money along with cigarettes and other goods.

Given preliminary hearing the latter part of the week, the youth was transferred to the county jail to await action of juvenile court authorities.

Editor Is Jailed On Contempt Count

Vance Armentrout, Louisville, Ky., newspaper editor, was held in jail an hour after his arrest on a contempt charge when he refused to divulge to a state house investigating committee the name of a writer of a letter published in his paper. The arrest was held illegal, but he was ordered to answer the charge. (Associated Press Photo)

BAD WEATHER FAILS TO HALT CWA ACTIVITY

Curtailed Working Forces Continue Work On Various Projects In County

How many men will be affected by the new cut to be made by the CWA had not been learned here today, but K. T. Futrell, administrator, said he expected to receive advice probably the middle of the week.

Four hundred and thirty-one men returned to work this morning under the curtailed program caused by recent reduction orders.

This is 72 men less than the previous week, that number having been dropped from the payroll at the expiration of the work week last Thursday.

Mr. Futrell said he did not think the snow of the last two days would interfere with the work schedule in the various communities and expressed belief that every project started moving this morning. These include swimming pool and work at the college and public schools here, community buildings in Ayden and Grifton, street and sanitation work at Fountain, and the swimming pool which is nearing completion at Farmville.

Much of the county school work has been greatly curtailed, Mr. Futrell said, but will be continued at full blast later on a soon as the rural rehabilitation order becomes effective.

The payroll this week will be less than half what it was when CWA work was at its peak, the administrator stated, and will be cut still more next week with the reduction of laborers to be made at the end of the present working week.

Per Capita Debt \$130.

The total public debt of the United States at present is about \$16,000,000,000, which is more than \$130 per capita. This money was borrowed from citizens and residents of the country, who receive interest on their bonds. The United States has no foreign debt.

LAUD EFFORT TO OPEN TAR RIVER TO SHIPS

C. W. Howard Praises East Carolina Association Here; Dr. Wright Replies

Efforts of the Eastern North Carolina Association to bring about the deepening of Tar River and opening the stream to navigation is receiving the hearty commendation of leading business and professional men of the community.

C. W. Howard, manager of Greenville Tobacco Company, recently wrote Dr. Wright, president of the Association, expressing his appreciation of the potentialities of the movement and assuring the organization of his hearty co-operation in the endeavor.

In reply to Mr. Howard's letter, Dr. Wright, in addition to expressing his appreciation, told of the unlimited possibilities involved in the movement.

The two letters follow:
Dr. R. H. Wright
Greenville, N. C.

Dear Doctor Wright:

I have had occasion to give some thought to the object and need in Eastern North Carolina of such an association as the East Carolina Association of which you are president. All of us are reminded daily of its needs by the discrimination in freight rates against what is known as the Southern territory in which we happen to be located. The benefits are potential and appear as well as potential are unlimited. I don't think you could give your time and talent to any movement that would be of more material benefit to our section of the state.

In closing I want to assure you of my full cooperation and support in this movement.

With my very best wishes for the fulfillment of your ambition to make our section of North Carolina the "garden spot of God's Creation," I remain

Sincerely yours,
C. W. HOWARD

Mr. C. W. Howard,
Greenville Tobacco Co.,
Greenville, N. C.

My Dear Sir:

I have your nice letter of March 7 with reference to the Eastern North Carolina Association, incorporated and the work we are trying to do. The only reason I have accepted the presidency of this organization is that I am firmly convinced that the eastern part of North Carolina needs this kind of organization and that the possibilities for growth and development of our section of the state are absolutely unlimited. I am convinced that we people don't realize the wonderful possibilities of eastern Carolina. There is no section of this country more favorably located. For twelve months in the year the climate is almost ideal. Our rainfall is ample and our soil is unusually fertile. Our sounds and the inland waterways could be de-

RADICALS SET SCHOOL AFIRE

Children Escape From Catholic School As Civil Guards Halt Attack

Madrid, March 12—(AP)—Radical laborers set fire to a Catholic kindergarten full of children here today but civil guards arrived in time to stop the attack, save the children and arrest two of the mob members.

The children were thrown into a panic.

The furnishings of the school in the Concepcion district were considerably damaged. The attack on the school was one of several outbreaks of violence in connection with the strike called by radicals.

Guards went into action several times when the extremists stoned street cars. They dispersed several groups in hand to hand battles when attempts were made to overturn street cars in the Las Dents and the Diego Leon districts.

Several were arrested. The street car violence was the first disturbance in the strike.

CONGRESSMAN LAUGHS AT ARREST

Arrest on an assault charge didn't seem to bother Rep. F. H. Shoemaker (right), farmer-laborite from Minnesota, for here you see him laughing and joking as he was booked at police headquarters in Washington. Charles Newman, a taxicab driver, said that Shoemaker ran into his cab and then knocked him down when he got out to remonstrate. At the left is a detective. (Associated Press Photo)

Late News Flashes From Over World

One Killed At San Quentin.
San Quentin, March 12.—(AP)—Using home made guns three desperate convicts attempted a daring escape from the prison here today but were frustrated by guards after many shots had been fired and one prisoner killed. The attempted escape was led by Ethan McNab, the guards said.

William Bagley and Lewis Downs were the others seeking to scale the wall. The prisoner accidentally slain when McNab's gun went off was John Arbuckle, 20, of San Bernardino.

Approve Bonus Consideration.
Washington, March 12.—(AP)—By more than a two-thirds vote—that necessary to override a Presidential veto, the House today approved immediate consideration of the Patman cash bonus bill.

The roll call vote was 313 to 104. Immediate consideration of the \$2,200,000,000 bond payment got under way after it was agreed that the two hour debate be equally divided between the proponents and opponents.

Representative Fish of New York controlled the opposing hour, and Representative Raman of Texas that for those who favor paying the bonus with United States notes.

Everybody knows what the result is going to be and we might as well do it here and now," said Cannon of Wisconsin.

"The only reason this debate is anted is because some members want to get their names in the Congressional Record tomorrow."

It was noticeable that in the debate on the motion to consider the bill that none of the Democratic leaders spoke in opposition.

Representative Isabella Greenway of Arizona, a close friend of the Roosevelt, voted for consideration.

Representative Byrne of Tennessee, Democratic leader, voted in opposition to the measure.

Chairman Doughton of North Carolina, of the ways and means committee voted to discharge his own group and bring the bill before the House.

North Carolina representatives voted against it.

KANSAS BANK NOTED ACTORS ROBBED TODAY WILL REUNITE

Atchison, Kan., March 12—(AP)—Five men robbed the Exchange National bank here of an unidentified amount of money today, engaged in a gun battle with police and kidnaped practically the entire bank force to cover their escape, releasing all but two women hostages as they drove out of town.

Chief of Police W. C. Linville, who encountered the bandits as they left the bank, was shot in the arm and Ed Iverson, cashier of the Exchange National bank was injured when he attempted to jump off the bandit car as it roared out of town.

The bandits gained entrance to the bank by knocking off a lock of the side door and part of the gang waited inside for employes to arrive. A porter saw one of the men in the bank and notified police.

YOUNG BANDIT TO BE SENT TO CONCORD, N. C.

Don Taylor Awaits Being Transferred to State School of Correction

Don Taylor, 14-year-old Farmville youth, charged with holding up a man at the point of a pistol near Farmville and robbing him of his automobile, probably will be sent to a correctional institution at Concord to pay for his crime.

Judge J. F. Harrington, of Juvenile court, said today he had made application for admission of the young man to the Concord institution for wayward boys, and expected to receive a reply probably the middle of the week.

Owing to the crowded condition of the school at this time, Judge Harrington said he doubted if they would be able to accept Taylor immediately, but felt sure he would be taken within the next several weeks.

Taylor, who was transferred from Farmville to the county jail here the day of his capture, was told by the juvenile court jurist that he had literally "broken his way" into jail. The youth once before had been before the court and was out on probation.

Taylor is charged with holding up Howard Moye, who resides on the Greenville-Farmville highway, about two miles from Farmville. Sunday evening about 7 o'clock Moye started to get into his car which was standing in front of his home. As he got under the wheel, Taylor, who had hidden on the back seat, suddenly covered him with a gun and told him to "drive on."

A mile or so down the road Taylor told Moye to get out of the car. The youth then got under the wheel and sped off toward Ballard's Cross Roads. He had car trouble at Ballard's and called men standing at a filling station to assist him. The men found the car was all right and that the youth did not know how to run it. Suspecting everything was not all right, they suggested that Taylor remain there awhile.

The youth again pulled the pistol covered the men and ran off across the fields. He was captured early next morning in a tobacco pack house. The gun was said to have been one he took from his father.

COAL STRIKE SETTLEMENT DRAWS NEAR

Representative of Governor Miller Confers With Strikers In Alabama

Birmingham, Ala., March 12.—(AP)—Settlement of the coal strike involving more than 9,000 miners in Alabama soft coal field appeared in prospect today, Brigadier General Persons, representing Governor B. M. Miller said today.

General Persons said he was serving at the direct request of the governor and that during the day terms of the impending agreement would be discussed but declined to state the probable terms of the settlement.

ROBERT WILES ADMITS DEATH OF HARRIS BOY

Former Mechanic and Racing Car Driver Confesses That Only He Had Anything to Do With Slaying of 15 Year Old School Boy; "I am Ready to Pay For The Crime," He Declares

Columbia, S. C., March 12.—(AP)—Taking sole responsibility for the crime, Robert H. Wiles went boldly to his death in the electric chair today for the kidnaping and beating to death of Hubbard H. Harris, Jr., Columbia school boy.

The 40 year old former mechanic and one time racing driver, paid the capital penalty at the state penitentiary as the first streak of dawn was piercing the horizon.

He settled once and for all time any question there might have been whether he "snatched" and killed the 15 year old youth single handed.

Earlier statements that an accomplice did the actual slaying were all retracted as he sat strapped in the death chair.

"I am guilty," he said in clear, even tones. "I did it and I am ready to pay for it. No one else was in it at all."

Wiles walked from the nearby death cell to the electric room with his countenance beaming with a smile.

Yes, very much aboard. However, I doubt that Ma'teel Bevin knew who was your best friend when she was invited.

They were at the yacht's side, and Judith was squaring her shoulders to meet the crowd...

How do you do, Miss Lane? Your stateroom is below to the left, third door.

Between Mrs. Dale and Clia, Judith was swept below to a luxurious room and after a quick tub came out to find them chatting over a fluffy array of clothes spread on the bed.

MINER-DIXON
Mrs. Joseph Dixon announces the marriage of her daughter, Betty, to Mr. Paul Miner on Thursday, March 8, 1934, at the First Unitarian Church, Chicago, Illinois.

Mrs. Miner is the youngest daughter of Mrs. Dixon and the late Dr. Joseph Dixon, and a popular member of the younger set. She was educated at "Fassfern," N. C., and Chatham Hall, Va. For the past few years she has made her home in New York.

Mr. Miner is the son of Mr. and Mrs. Glenn Miner of 1050 Franklin Street, San Francisco. He received his education at the High School of Commerce in San Francisco and the University of Chicago.

He is now connected with the Mills Sales Company (Illinois branch).

Mr. and Mrs. Miner will make their home at 7707 Pecora St., Chicago, Ill.

Mrs. Hecker III. Friends of Mrs. Travis Hooker will regret to learn that she has been ill at her home on Fifth street for the past several days.

MRS. MARVIN BLOUNT HONORED AT BRIDGE PARTY

Mrs. Marvin Blount, a recent bride, was honor guest at a lovely bridge party Saturday afternoon when Miss Elizabeth Higgs and Miss Annie Shields Vandye delightfully entertained at the home of Miss Higgs.

Jonglurs were effectively used for decorations, and made a most attractive background for the bridge tables. For high score Miss Mary Langston received a white potted hyacinth. Mrs. Blount was given silver in her selected pattern, and Mrs. Vance Perkins and Mrs. Staunton Harvey, recent brides, were remembered with dainty initialed handkerchiefs.

Mrs. M. B. Massey and Miss Lolla Higgs assisted the hostesses in serving a delectable salad course carrying out a white and green color scheme.

MR. AND MRS. SKINNER ARRIVE FROM ASHEVILLE
Mr. and Mrs. Charles C. Skinner, Jr., have arrived from Asheville and are making their home with Miss Ada James and Charles James, 313 West Fifth street.

Mr. and Mrs. Skinner were married on December 28th in Charleston, West Virginia. Their marriage was an outstanding social event of the winter.

With Western Union. Miss Katharine A. Keyes, for several years operator at the local Western Union left Sunday night for a promotional transfer to Goldsboro. Her former position is now being held temporarily by Miss Madeline Damon Royal of Morehead City.

GARDEN CLUB COMMENDS ACTION OF ALDERMEN
The Garden Club department of the Woman's Club of Greenville wishes to commend the recent action of the Board of Aldermen in agreeing not to cut, trim or molest the trees of our city without consent of a committee which is to be appointed representing the different civic clubs.

The Garden Club pledges cooperation along lines of conservation of trees and improvement of civic beauty. "Everybody plant a rose bush" is one of the slogans of this club.

Meeting Of Garden Club. The regular monthly meeting of the Garden Club was held at the home of Mrs. J. K. Brown on Friday afternoon, March 9, with eleven members present. Owing to illness of the chairman Mrs. T. E. Hooker, Mrs. Brown presided.

The project of the club for the year is the public park or playground which has been granted to the town by the trustees of East Carolina Teachers College, when they donated a part of the site of the old Model school on Cotanch street for this purpose. The club has been working earnestly for a place for the children to play, and now that it has been obtained, it is the aim of the club to plant trees and shrubs for its beautification. Mrs. T. E. Hooker, Mrs. J. H. B. Moore and Mrs. J. N. Hart were appointed a committee to obtain shrubs and arrange for planting. Anyone wishing to donate a shrub or cutting may communicate with this committee.

A very pleasing paper on "Our National Parks" was read by Mrs. Annie Newell. There are 22 of these parks, one in Alaska, one in Hawaii, 18 west of the Mississippi river and two east of the Mississippi of which "Great Smoky" is one. This newest park is to be opened to the public next July. Beautiful pictures were shown, proving that in America may be found scenery unexcelled by any in the world.

Each member contributed an item of interest to the Garden Calendar—an item course was given, followed by coffee and music. Reported by editor.

The State of Oregon fixed salaries of \$216 for the three supervisors of its state-licensed liquor stores. Majority of individual stores will receive a net of \$122.

BRONCHIAL IRRITATIONS
Need Creosote

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on. Creosolium with creosote and six other highly important medicinal elements, quickly and effectively stops coughs and colds that otherwise might lead to serious trouble. Creosolium is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take. Your own druggist guarantees Creosolium by refunding your money if you are not relieved after taking Creosolium as directed. Beware the cough or cold that hangs on. Always keep Creosolium on hand for instant use. (adv.)

"LADY FOR A DAY" FILM TREAT PLAYING HERE TODAY

Distinctly in a class by itself as regards motion picture entertainment and possessing a story so universally appealing that it is impossible to predict anything but outstanding success for it, "Lady For A Day," the Columbia super-production starring Warren William with May Robson, started its local run today at the State Theatre and was greeted by the audience with enthusiasm.

"Lady For A Day" is like a fantastic fairy tale, yet it is real and human. Its appealing humor and touching dramatic scenes make the laughs and tears blend wholesomely with an emotionally agitating effect that it is at once overpowering and heart-warming.

BOARD ORDERS REMOVAL OF CONFEDERATE STATUE
Weldon, March 12.—After lengthy discussion at a town board meeting held here it was decided that, due to federal requirements, the Confederate monument on Washington

avenue, which has been one of the town's landmarks for many years, will have to be removed.

The state has taken over this street, as the highway passes through there, and will repave and keep it up. A state engineer after surveying the street last week informed town officials that no federal aid could be obtained unless all obstructions were removed.

The Home of Your Dreams

We all dream dreams about the good things of life,—about wealth, independence, and comfortable homes. Fine!

But, don't stop with just the dream. Set about making that dream come true. How?

The most practical way is to save some part of your income, whatever that income may be, and to invest those savings where they are safe and subject to assured increase from compound earnings.

Many, there are, in this city who have realized such dreams through the constructive service provided by our safe institution.

We have a savings plan for every member of the family.

"I KNEW WHICH LOW-PRICED CAR TO BUY... I helped build ALL THREE!"

"Let the other fellow drive without Hydraulic Brakes and a Safety-Steel Body"

WE HEARD THAT Mr. Friedman practically lives in his car... averaging 150 miles a day in his business. We went out to see him.

We asked if he "looked at All Three" before buying Plymouth.

"Looked at them?... Mister, I've helped build All Three! But just to make sure, I drove each of the low-priced cars 100 miles."

This owner says he demands two things in a car—comfort and safety!

So Plymouth's Floating Power engine mountings and Individual Wheel Springing appealed to him. No more engine vibration... and no more bumpy rides to tire him out or injure the delicate radio apparatus he carries in his car.

And, of course, anybody who knows cars as he does is sold on Hydraulic Brakes and Safety-Steel Bodies. "I'll let the other fellow drive without them," he says, "but I'm taking no unnecessary chances."

There's not much we can add to Mr. Friedman's convincing story. But we urge you to do this—"Look at All Three before you buy." This year there's a surprising difference in low-priced cars. And you don't need to be a mechanic to see it!

Any Dodge, De Soto or Chrysler dealer will be glad to demonstrate Plymouth without obligation.

1 "I was born in the 'Motor City,' and I've worked in the shops of 'All Three.' You bet I know the low-priced cars inside out!"

2 "But just to make sure—I drove 'All Three' 100 miles each over tough roads. Believe me, Plymouth has 'em all beat on performance!"

3 Above—De Luxe Plymouth 4-door Sedan. Plymouth prices begin at \$495 f. o. b. factory, Detroit, subject to change without notice. Duplate Safety Plate Glass throughout for low extra charge (only \$10 on De Luxe Sedan).

DUKE DOWN AT HARD WORK ON DIAMOND

Durham, March 12—Weather conditions permitting, hard work was slated to get under way in the Duke university baseball camp this afternoon, getting ready for the opening weeks from tomorrow of the heaviest schedule on record for the Blue Devil team.

Coach Jack Combs has several members of last year's team back in uniform this season, augmented by some outstanding members of the 1933 yearling outfit. Much work is to be done, however, before the schedule is opened with Michigan State, March 27.

Captain Phil Weaver, leading hitter on the 1933 team and one of the best fielding first basemen in the state, will likely get the call at that post. Morris, a sophomore, is another candidate. At second will be either Sammy Bell or Shorty Shortelle, and at shortstop will be Michael Corbett or Lloyd Horace Hendrickson appears to have the inside track on third base, but Jack Alexander, fresh last season, is expected to give the veteran plenty of competition and see much action.

Ty Wagner, veteran and Smith, reserve last year, will probably divide the catching duties. Candidates for the three outfield jobs are Earl Wentz, Corky Cornelius, Bill Huis-camp, Joe Maxson, Jim Thompson, Marvin Williams and Al Konopka.

Another fine hurling corp is in prospect. Mort Flohr, ace of the staff, Ken Weaver, Reynolds May and Lekey Harkrader are veterans returning. Jim Rink, reserve last year, is looking good in practice sessions. Pete Naktienis and Connie Mack are sophomores coming up. Naktienis was a sensation on the freshman team last year.

A high school education has been made pre-requisite to employment in most of the department stores in Tokyo.

Continues Probe Of Bank Robbery

Greenville, S. C., March 12—(AP)—Federal officers today continued investigations into the \$50,000 daylight robbery here last Thursday of two messengers of the South Carolina National Bank, while four men charged with complicity in the crime awaited preliminary hearing next Friday.

Two city detectives, John E. Corea, 39, and Henry J. Lindsey, 39 and Robert Willman, 29 member of the Greenville County grand jury, are at liberty under \$25,000 bonds, but Hugh White, 23 former bookkeeper for the bank, remained in jail.

White and Clinton Foster, negro bank messenger were relieved of a package containing \$50,000 in currency at a downtown corner by two armed motorists, who made their get away.

Arrest of the four followed investigations by L. P. Whitefield of Atlanta, representative of a detective agency; L. B. Rede, of Charlotte N. C., special Federal investigator, Charlotte, Department of justice operator.

Corea and Lindsey were suspended as city detectives pending outcome of the cases.

WELL KNOWN COLORED WOMAN DIES

Anne Lewis, age about seventy, well known colored woman of this city, died Saturday night at her home on Pitt street.

Funeral services were conducted this afternoon in Sycamore Hill Baptist Church.

GOVERNOR, TREASURER LEAVE FOR NEW YORK

Raleigh, March 12—Governor Ehringhaus and State Treasurer Charles M. Johnson left last night for New York for discussions with New York bankers of North Carolina short-term notes which fall due after March 16. They will return to Raleigh tomorrow.

The short-term notes total slightly more than \$12,000,000. The majority of them is held in North Carolina.

New York Cotton

New York, March 12—(AP)—Cotton futures opened steady two to four higher on commission house buying owing to talk of the possibility of inflationary development.

The demand was not active and was supplied around the initial figures. May after selling at 12.20 at the start eased off to 12.18 and the market at the end of the first half hour was quiet with present crop position ruling about 2 higher while the new crop was unchanged to three lower.

Business continued quiet later in the morning but there was little for sale and prices held generally steady on a little scattered buying.

After selling off to 12.17 early, May rallied to 12.22 with the market at midday showing gains of three to six points.

N. Y. Stock Market

New York, March 12—(AP)—Financial markets moved at a snail's pace today as most traders and investors showed no disposition to relax their recent attitude of caution.

Dullness of stocks was pronounced during the early hours. With a few exceptions leading equities held to a slim rise.

Some of the utilities which have been linked noticeable firmed moderately.

Silver and rubber again moved up but grains were sluggish. International dollar rate registered only slight change.

Bonds just about held their own although the activity here was restricted to scattered specialties.

The Senate attitude on the proposal is not clear.

A White House veto has been promised if the legislation is enacted.

House leaders said bonus advocates could not enlist a two-thirds majority to pass it over a veto.

Against Newspaper Loan

Washington, March 12—(AP)—Jesse H. Jones, chairman of the Reconstruction Corporation, does not believe the government should make loans to newspapers for any purposes.

This statement was given today by Jones when asked whether any applications had been received from papers for loans under the mortgage corporation plan designed to help small industries adhering to the NRA. "From the standpoint of the government," Jones told reporters, "I don't think it ought to be done."

Beyond expressing his opinion from the standpoint of a government official, Jones who publishes a paper in Houston, Texas, refused to comment.

The Publishers' Finance Corporation, with headquarters in Raleigh and with a group of North Carolina publishers, printers and backers as officers and directors, recently formed with a view to obtaining R. F. C. loans to aid publishers throughout the country.

Tobacco Counts on Way Home

New York, March 12—(AP)—Countess de Chasseloup-Laubac of Paris formerly Marguerite Brown of Wilson, N. C., was on her way home today "to help plant the tobacco crop."

LAUD EFFORTS TO OPEN TARIFF RIVER TO SHIPS

veloped so as to make this section not only profitable from a business standpoint but from the standpoint of recreation, fishing and hunting. Our sounds are teeming with game fish. Migratory birds come to our borders in countless thousands. We should be able to develop our waterways so as to give us freight rates that would be sufficiently low to induce almost all kinds of industries to come into our part of the state. In short, our possibilities for development in this section are absolutely unlimited. We people in North Carolina must realize that a spirit of cooperation is the only thing that we need to develop our section of the state.

MISSIONARY COUNCIL CLOSES ITS SESSION

Birmingham, Ala., March 12—(AP)—The Women's Missionary Church, South, Saturday re-elected Mrs. J. W. Perry of Chattanooga, Tenn., president.

Two other officers were re-elected Mrs. Ina Davis Fulton, treasurer, and Mrs. Fitzgerald Parker, recording secretary.

Mrs. J. W. Mills of Beaumont, Texas, was elected vice-president to succeed Mrs. J. C. Handy of Jefferson, Texas.

Between ballots, the delegates representing every conference of the denomination in the United States and several foreign countries discussed next year's budget, or estimate and fixed the estimated appropriations at \$40,534 for foreign missions; \$226,662 for home missions.

IS HOSPITAL PATIENT. RESULT OF ACCIDENT

Scotland Neck, March 12—M. W. Cooper 65, of Scotland Neck, formerly of Carthage, an employee of the State Highway and Public Works Commission, is in Park View Hospital at Rocky Mount as a result of an accident near Rich Square on the afternoon of March 7.

Mr. Cooper was standing in the road where repairs were in progress and was struck by a car the driver of which failed to note signs giving warning that the road ahead was being worked.

Dr. C. J. Vaughn of Rich Square administered first aid and rushed him by ambulance to the hospital at Rocky Mount where an examination showed that the bones of his left hip were badly broken up and that he had several painful burns caused by the freshly poured tar into which he fell when he was struck, as well as a painful laceration on the forehead.

His physician described his condition as very serious.

Chesterfield

the cigarette that's Milder • the cigarette that TASTES BETTER

This picture shows the machines used to remove the stems from Chesterfield tobaccos.

THIS most modern way of moistening tobacco for stemming—first used in the manufacture of Chesterfields—opens up the pores and puts the tobacco in condition to remove the stems.

The tobacco is put into the wire baskets stems down and enters the long steel ovens where the steam comes up from below, softening the stems without wetting the rest of the leaf.

The stems are removed by stemming machines of the latest type.

Everything that modern science knows about, or money can buy, that can make a milder cigarette, a cigarette that tastes better, is used in making Chesterfield.
