UNIFIED CONTROL OF AVIATION GAINS SUPPORT

Law Bears Down On Kidnapers In 7 States Fighting Leader Would Be Placed At Head of Group

BANGHART IS SENTENCED TO JAIL 99 YEARS

Delaware passes Law for Death Sentence on Kidnapers; Governor of Ohio Guarded Against Attack of Kidnapers; 2 Men Arraigned in California on Charges of Snatching.

(By The Associated Press) In seven states kidnapers within a few hours have found out what it means when the law "bears down."

A Chicago jury quickly found Basil "The Owl" Banghart guilty yesterday of participating in the John Factor kidnaping and fixed his punishment at 99 years imprisonment.

Similar sentences for the same crime have been pronounced against the other members of the gang, including the leader, Roger Touhy. Two members have met violent deaths, Charles "Ice Wagon" Conners having been found slain yesterday. At Albany, N. Y., Manny Strewel is convicted of the kidnaping of John O'Connell, Jr., scion of a politically powerful estate family. Because of his criminal record Strewel who acted as go-between, will receive a mandatory sentence of 50 years.

St. Louis police sought Mrs. Nellie (Tip) Muench, alleged "brains" of a gang that kidnaped Dr. I. E. Kelly, wealthy physician, in 1932. She was indicted yesterday with five men for the crime.

At Racine, Wis., George Wolf, a theatre employe, was seized and later confessed in Chicago, police said, to participating in the attempted kidnaping of E. T. Adler, Davonport, Ia., publisher.

Two others are awaiting trial. A fourth committed suicide and the fifth is being sought in connection with a plot to hold the publisher for \$100,000 ransom.

Delaware saw passage by the state House of Representatives of a kidnap law providing death or life imprisonment at the discretion of the jury for persons convicted of kidnaping. The senate now has the bill.

In Ohio, to frustrate any attempts by friends of John Dillinger, escaped desperado, to kidnap Governor George White and hold him as a hostage for the release of three of Dillinger's pals, armed guards patrolled the executive mansion at Columbus. The governor had no fears himself but said there might be a possibility of kidnaping Mary, his daughter.

California officials arranged Albert Stepp and Al Reinks, auto race drivers, on charges of kidnaping a reporter of a newspaper which had

TRY TO AVERT VET BILL TEST

Roosevelt Leaders In the House Seek to Surmount the Severe Test on Benefits.

Washington, March 14.—(AP)—Roosevelt leaders in the house, using parliamentary tactics, strove today to surmount a severe test on the Veterans benefits.

Arrayed against a strong ex-soldier bloc, they sought to pave the way to compromise on the amendments to the independent office supply bill. These amendments, tacked on by the senate, would spend \$364,000,000 for veterans and federal pay adjustments.

Administration supporters have asserted the president would veto the project as endangering the economy.

The Democratic leaders planned to concentrate all their strength in an attempt to get a special rule adopted. This would bind the house to send the amendment to the senate for conference without commitment. This, they figure, would be a chance of obtaining a compromise.

After Reno Divorce

Mrs. Thalia Fortescue Massie is shown in Chicago with her attorney, Woodie Volner, after returning from Reno where she obtained a divorce from Lieut. Thomas H. Massie. She was ill from a nervous collapse. (Associated Press Photo)

YOUNG BANDIT TO BE SENT TO ROCKY MOUNT

Don Taylor to be Confined at Industrial School Instead of at Concord.

Don Taylor, 14-year-old Farnville bandit, who has been held here the last several days awaiting disposition by juvenile court, will not be sent to the correctional institution at Concord as was announced Monday, but will be transferred from the county jail here to the Eastern Carolina Industrial School at Rocky Mount.

This information was given out by J. F. Harrington, clerk of Superior court, and judge of juvenile court. He said he had been advised that a measles epidemic at Concord would make it impossible for them to receive Taylor at this time, and the jurist immediately decided to send the youth to Rocky Mount.

Judge Harrington said Taylor would probably leave here tomorrow in custody of officers of the court.

The youth, charged with holding up Howard Moyer near Farnville and taking his car at the point of a gun, was arrested near Ballard's Cross Roads Monday morning after the robbery Sunday two weeks ago.

He was sitting in the back of Moyer's car and when Moyer got in he was covered with a pistol and told to drive down the road. About a mile away Moyer was forced out of the car and the youth sped away to Ballard's Cross Roads. Arrived there he had trouble with the car, and when bystanders discovered he did not know how to operate the machine as he should, asked him to remain there for a while.

Taylor again pulled his pistol, covered the crowd, and escaped leaving the machine behind.

FOUNTAIN VOCATIONAL TEACHER REAL BUSY

Raleigh, March 14.—B. A. Pope, vocational agriculture teacher at Fountain, Pitt county, has a multitude of duties outside his classroom during the month of February.

AUTO AND BUS DRIVERS HELD IN COLLISION

Operators of Vehicles in Belvoir School Bus-Auto Crash To Face Court Action.

Drivers involved in the Belvoir school bus-automobile crash Monday afternoon at the intersection at Mayo's store, about four miles north of Greenville, were arrested today and charged with reckless driving.

They will be given hearing at the April 3 session of county court. The case would have been tried at the regular weekly sitting of the court scheduled for next Tuesday, but there will be no further sessions of the court until April 3 by reason of the two-week term of Superior court which opens here Monday morning.

The warrants were issued against Phillip Sullivan, 17-year-old student of the Belvoir school, and Joseph Harris, resident of the Belvoir community. Sullivan was driving the bus and Harris the automobile when they collided at the intersection. Witnesses said both machines were traveling at a high rate of speed and attempted to make the intersection ahead of one another.

Both machines were almost completely demolished and four persons, including three school children, were painfully hurt but not seriously injured. They were brought to Greenville for medical aid. The bus was returning from Belvoir school with six children aboard. One occupant of the automobile was injured but the driver escaped injury as did the operator of the truck.

Highway officers immediately investigated the accident, but it was not decided to issue the warrant until yesterday afternoon.

PLAN HEARING ON TAR RIVER

Government Engineers to Confer with Shippers on Plan to Deepen River.

S. F. Dickenson, Secretary-Manager of the Eastern North Carolina Association, Incorporated, conferred Tuesday with Lieutenant Colonel Reybold, U. S. District Engineer at Wilmington, relative to the proposed development of Tar River between Greenville and Washington. The district office had received official notice of the resolution which was recently put through Congress by Congressman Lindsay Warren, authorizing the re-survey and re-amination of Tar River between these two points.

Colonel Reybold seemed to be very much interested in the project and was greatly pleased to learn that he would have the assistance of the Eastern North Carolina Association in carrying out this work. He was greatly impressed with the methods the Association will use in compiling the data to be filed at the hearing. In other words, it seems that at these hearings it is more or less the custom for shippers and receivers to appear and make statements that had shipped or received a certain number of tons without filing any concrete evidence. While such statements cannot be disputed they cannot be given much weight. The Association has already started to collect and prepare this data and the date of the hearing will be dependent upon the progress made with this work. The progress, of course, will depend to a great extent upon the cooperation of the shippers and receivers of freight in the territory. It is hoped to have this hearing set for a date not later than April 9. Colonel Reybold stated that as soon as he has been definitely advised of the progress in connection with the compilation of this data he will issue public notice setting this hearing for Greenville, giving fifteen days' notice. All shippers and receivers of freight and others who are interested in the project will be given official notice of this hearing. AIP the data pertaining to tonnage, rates and savings will be prepared in exhibits from and presented by the association at the hearing.

ARREST DETECTIVES IN HOLDUP

Two detectives, Henry J. Lindsay (left) and John E. Corea (right), and a bank messenger and a member of a county grand jury were arrested following the \$50,000 holdup of a bank messenger at Greenville, S. C. The holdup occurred near the heart of the city as the money was being transported from the postoffice to a bank. (Associated Press Photo)

Late News Flashes From Over World

Senate Rejects Treaty. Washington, March 14.—(AP)—The Senate today rejected the St. Lawrence treaty with Canada. The vote was, for ratification, 46, against 42, which was far short of the required two-thirds.

The vote administered the first major setback to the Roosevelt administration. President Roosevelt had urged ratification in two communications to the Senate as a step toward opening vast interior areas of the United States to ocean commerce and receiving cheap electricity for his own state of New York, but the opposition of a large group of Democrats and Republicans proved too strong.

Only a while before the treaty vote he told reporters he would send the treaty back for reconsideration when there is time. The

giant waterway is going to be built anyway and he said that failure of ratification would place the seaway entirely under Canadian control.

Divided On Vets Allowances. Washington, March 14.—(AP)—Administration bonus leaders were defeated in an effort to bring about a compromise acceptable to President Roosevelt on the Senate liberalization of allowances to war veterans and government employes.

Democratic insurgents and Republicans rejected to move to send the independent officers supply bill to conference to compose differences on \$354,000,000 in veterans benefits and presented for a vote by the Senate.

This threw the bill for direct House vote on the Senate calendar. (Continued on page four)

PUSH WORK ON BIG POOL HERE

Work was being pushed forward rapidly on Greenville's \$29,000 municipal swimming pool today and indications are that the pouring of concrete will get under way probably the first of next week.

CWA forces have been busy the last several days preparing the foundation, and hundreds have been attracted to the location in the ravine on Fifth street to see the pile driver at work. School children especially have been greatly attracted by the operations and each day sees scores gathered on the sidewalk gazing down into the ravine, where workmen are busy preparing one of the greatest recreational centers the city has ever had.

Final plans looking to the building of a public park adjoining the swimming pool site are expected to be completed this week when Mayor R. C. Flanagan and Dr. R. H. Wright, president of East Carolina Teachers College, meet to decide on the park boundary lines.

The board of trustees of the college in a meeting last week agreed to turn over to the city that section of the campus near the swimming pool, but setting of the boundary was left in the hands of Dr. Wright.

Announcement of the park made at a meeting of the Board of Aldermen the latter part of last week was received with interest throughout the city. Rural sections are also showing interest in the park program and many expressions of appreciation have been received here since the announcement was made public.

INSULL WILL QUIT GREECE ON THURSDAY

Authorities to Escort Chicagoan to Frontier; Magnate is very Defiant.

Athens, March 14.—(AP)—Authorities stated officially today that Samuel Insull, Chicago fugitive will be escorted by police to the Greek frontier tomorrow.

The announcement came after the former utilities operator had defiantly refused to accept an American consular travel document issued in order that he might comply with the Greek government's order that he leave this country by midnight tomorrow.

Contrary to an announcement last night that a Greek officer had been received and had handed the travel form over to the former Chicagoan, it was revealed today at the foreign office that when the functionary, accompanied by a policeman—called on Insull he was refused admittance to the Insull apartment.

A foreign office spokesman said the functionary passed the paper on the door.

NEGRO IS SENT BACK TO JAIL IN ARSON CASE

Claude Clemmons Is Bound Over to Superior Court in Preliminary Hearing.

Claude Clemmons, 45-year-old negro, charged with starting a fire that claimed the lives of three negro children in the Stokes community during the first of the year, was given a preliminary hearing before Magistrate John Ivey Smith this morning and bound over to the April session of Superior court under bond of \$1,000. He was unable to provide bail and was remanded to the county jail to await trial.

Clemmons was arrested a short while after the home of Cora Robertson, negro tenant on the farm of Heber Whichard near Stokes, was destroyed one night with the loss of the lives of three of her children. Several other members of the family sleeping in the house at the time narrowly escaped death. Clemmons claimed he knew nothing of the fire until the alarm was sounded.

Two children of the defendant, a (Continued On Page Four)

SEEK VOTE ON CONTROL BILL

Democratic Leaders Speed Action for an Early Vote on the Bankhead Measure.

Washington, March 14.—(AP)—Democratic leaders today acted to bring the Bankhead cotton control bill to an early vote in the House.

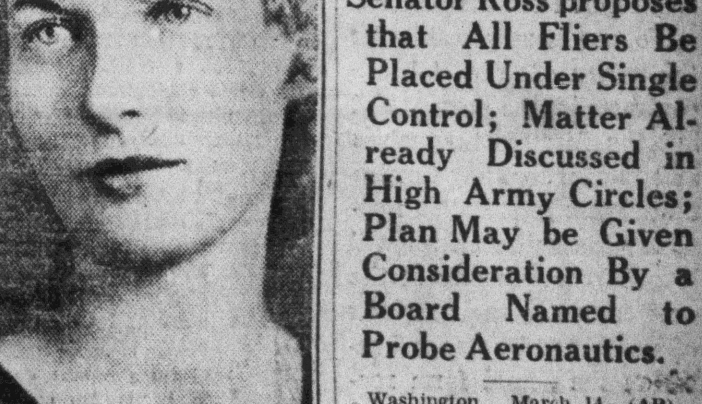

Under a previous agreement only an hour of general debate remained this afternoon before the measure was to be opened to amendments.

Rep. Bankhead, Democrat of Alabama, co-author of the bill, expressed confidence the measure would win through by a substantial majority but that strong opposition had to be overcome.

Fighting Leader Would Be Placed At Head of Group

ALL FLIERS EXCEPT NAVY ARE INVOLVED

Senator Ross proposes that All Fliers Be Placed Under Single Control; Matter Already Discussed in High Army Circles; Plan May be Given Consideration By a Board Named to Probe Aeronautics.

Washington, March 14.—(AP)—A proposal for unified control of all overland aviation, commercial as well as military with a "fighting" leader in charge gained support today.

Senator Ross, White House spokesman, made the proposal which would bring all fliers, except those of the navy, under single control.

Already there has been discussion in high army circles of a permanent board of aeronautics along the line of coordination of military and civil activities.

A possibility was seen that the matter might be given consideration by the board named yesterday by the war department to investigate army air mail and other operations.

No immediate meeting is planned for the board.

Until it can be absolutely certain of its safety, the army is keeping its mail planes grounded. Brigadier General Oscar Westover said no refueling orders had gone out to the fliers.

MOTOR GROUP TO CUT HOURS, BOOST WAGES

Industry Announces Effort to Abide By Request of the President.

Detroit, March 14.—(AP)—The motor car industry, a leader in the parade toward prosperity, has moved to heed President Roosevelt's plea for less hours and higher wages.

It becomes the first of the west industrial group to do so when the National Automobile Chamber of Commerce announced last night that it had recommended to its members that average weekly hours be cut from 40 to 36 with a compensation wage increase.

A few hours earlier Henry Ford, remarking he was "mighty glad" to do it, announced he had restored the \$5 a minimum wage. This is the famous wage which surmised the nation when it was established in 1914.

If the NAAC recommendation is carried out by all its member firms it will affect more than 183,000 workers. Ford is not a member. His announcement did not mention working hours.

The announcement came on the eve of the national labor board conference today in Washington which was called to settle labor disputes in the automobile industry in Michigan.

HEADS STUDENT BANK

Catherine O'Brien of Bonton, N. J., is president of an economics club at New Jersey college for Women which sponsors a campus bank, open daily for students to make deposits, negotiate for loans and cash checks. (Associated Press Photo)

THREE HELD IN KNIFE BATTLE

Ben Gwaltney Badly Cut by Carey Whitehurst at Moore Shop Yesterday.

Three men who engaged in a free-for-all fight at Ed Moore's bicycle shop on the southern end of Evans street yesterday were being held for hearing today at the regular session of police court Saturday morning.

They are Ben Gwaltney, Carey Whitehurst and Elwood Gwaltney. Ben Gwaltney, who was badly cut, was Whitehurst with a pocket knife, was carried to the hospital for medical aid but was released yesterday afternoon. Police said the side of his face was sliced open as Whitehurst wielded the knife with a vim.

Elwood Gwaltney, who was said by police to have entered the fight after it had gotten well underway hit Whitehurst on the head with a rattle barrel, but the injury was not serious and he was able to be out.

Police said the disagreement started on Washington street over a pack of cigarettes. Whitehurst then went to Moore's shop and was followed by the Gwaltneys. The argument was resumed with the result that Whitehurst brought his knife into play to settle the affair.

URGES GIFT FOR AID OF JEWS IN GERMANY

Greensboro, March 14.—(AP)—In an address last night Rabbi Jonah B. Wise, of New York, chairman of the American Joint Distribution Committee, made an earnest appeal for help in the nation-wide campaign which is being waged for procurement of a fund of \$3,000,000 for the relief of Jewish people in Germany.

# Social and Personal

## Social Calendar

**WEDNESDAY**  
6:30 p. m.—The Sunday school conference of Eighth Street Christian Church will have supper at the church.

7:00 p. m.—The Choral Club will meet in Sheppard Memorial Library.

7:30 p. m.—The choir of Eighth Street Christian Church will meet in the church.

**THURSDAY**  
7:30 p. m.—The choir of the Presbyterian Church will meet with Mrs. R. S. McGeachy.

7:30 p. m.—The Girls' Auxiliary of Immanuel Baptist Church will meet with Miss Virginia Clarke.

7:30 p. m.—The B Branch of the Woman's Auxiliary of St. Paul's Episcopal Church will meet.

7:30 p. m.—The choir of Jarvis Memorial Methodist Church will meet in the church.

8:00 p. m.—The T. E. L. Class of Memorial Baptist Church will meet with Mrs. W. L. Hall.

**FRIDAY**  
6:30 p. m.—The Kiwanis Club will meet in the Woman's Club building.

7:00 p. m.—The C. J. Ellen Bible Class of Memorial Baptist Church will have a banquet in the basement of the church.

8:30 p. m.—Initial dance of the Quadrille Club will be given in the Woman's Club building.

**Mr. and Mrs. Skinner Honored.**  
Miss Ada James was a charming hostess at a buffet supper last evening honoring Mr. and Mrs. Charles C. Skinner, Jr., who were recently married and have just arrived in Greenville to make their home.

**Mrs. Murphy Honored At Dinner.**  
Mrs. Robert H. Wright was a gracious hostess at dinner last evening at seven-thirty, the occasion being the eighty-third birthday of her mother, Mrs. Marianna Murphy. A lavender and yellow color note was used in the dining room. The attractively appointed table was centered with a lovely bowl of yellow daffodils and lavender sweet peas.

**Covers were laid for Mrs. Murphy, Mrs. Nannie Jeter, Mr. and Mrs. Deward Parker of Wilson, and Dr. and Mrs. Wright.**

**CHORAL CLUB TO MEET THIS EVENING**  
The Choral Club will meet this evening at seven o'clock in the auditorium of Sheppard Memorial Library for rehearsal for the Passion Play. All members are urged to be present.

**IMMANUEL BAPTIST PRAYER SERVICE**  
There will be prayer meeting at Immanuel Baptist Church tonight at 7:30. The public is invited.

**PRAYER SERVICE MEMORIAL BAPTIST CHURCH**  
The mid-week service of prayer, praise and Bible study will be held tonight at 7:30 at Memorial Baptist Church. We continue our study of the "Mysteries" of the Scriptures. Our special topic tonight is "The Mystery of Israel's Blindness in This Present Age." Much interest is manifested in these studies, and we urge all members to share with us in this hour of fellowship and investigation of God's word. You will be a blessing to us and we will be a blessing to you. Come.

**T. E. L. CLASS TO MEET WITH MRS. HALL**  
The T. E. L. Class of Memorial Baptist Church will meet with Mrs. W. L. Hall Thursday evening at eight o'clock.

**NEW DANCE CLUB FOR GREENVILLE**  
Keeping step with the newest ideas in dances—which is to re-introduce the old fashioned dances of our grandmother's days, a new dance club has recently been organized. This club will be known as the Quadrille Club and has the following officers: President G. V. Smith; secretary, Charlie R. Faye; treasurer, Johnnie Briley.

The Quadrille Club plans to have weekly dances and will strive to present the square dance, the Virginia Reel and other popular dances of the long ago in their true forms.

A large membership has already been enrolled but there is room for a few more and anyone interested in joining may send their names to either of the above named officers who will be glad to hand them to the membership committee for consideration.

The initial dance of this new organization will be given at the Woman's Club building on Friday evening, March 16.

**WASHING AND GREASING?**  
Here's something new. TWO new hydraulic lifts—the newest and best equipment in town. We wash UNDER your car as well as the body. And we use white mechanics to grease and lubricate your car. Give us a trial and you will see how much better our new methods are.

**TRY OUR COMPLETE SERVICE**  
**SUGG MOTOR COMPANY**  
Phone 429

**"The Deestrick Skule"**  
The "Deestrick Skule" a play presented in the high school auditorium, and sponsored by the West Greenville Parent-Teacher Association on last Friday evening, pleased a large and interested audience. The play itself, a two-act comedy, provided much fun for the younger members of the audience, while for the older, it was like taking a trip on "Memory's Ship" back to the bygone days. The interior of the schoolroom was almost a perfect replica of "the good old days." The long recitation bench in front, dunces stool and cap—even the old oaken bucket and gourd dipper. When the pupils arrived in wide-flowing, skirted and ruffled pantalets, lunch baskets and books, this together with the schoolmaster in his swallow-tail coat completed a perfect setting. Prof. R. C. Deal as the schoolmaster who "ruled with a rod" delighted the audience with the wit and humor he displayed in conducting his classes.

One of the master's greatest trials was the members of the Honeysuckle family. There were only four Honeysuckle children under the master's training which made it rather difficult for him. If he saw fit to punish one, the entire tribe would rise up in rebellion. Sissy and Buddy Honeysuckle (Laura Foley and Jane Hadley) were excellent as the "Honeysuckle Twins," while Ezekiel (Broadie Ginn) the bright and shining Honeysuckle lad, was equally as good. The afternoon session brought a visit from "Pa" and "Ma" Honeysuckle (J. F. Harrington and Miss Agnes Fullilove) themselves, much to the delight of the younger Honeysuckles. The school committee (J. C. Gaskins and Judge Dink James) were among the visitors, and were highly entertained by such brilliant scholars as Experience Bradford (Eva Hodges) and Solomon Stackhouse (Robert Moyer). The "grissy" Charity Twins (Alma Lee and Rose Hadley) together with the Irishman, Mike O'Flynn (Frank Henderson) and the Englishman, Abraham Smith (Freddie Turner) pleased the audience with a continuous routine of fun.

Other members of the cast included Misses Evelyn Hart, Eloise Garrett, Zelle Foley, Elizabeth Higgs, Mary Ann Duncan, Sue Barrett; Messdames Arthur Denton, Vance Perkins and H. H. Duncan; Messrs. B. W. Ginn, Robert Moyer, Jack Humphrey, Ollie VanNortwick, Harry Bruce Smith, Herman Duncan, Jonathan Overton, Richard Duncan and Billy Denton.

The musical selections were rendered by Misses Wilma Harris, Mary Nicholson, Dorothy Moyer, Doris McLawhorn, Arkansas Travelers, Misses Evelyn Hart and Jane Hadley, Mrs. Virginia Earle, accompanist.

**E. C. T. C. ALUMNAE MEETS WITH MISS OVERTON**  
Miss Laura Overton was hostess to members of the Alumnae of East Carolina Teachers College last evening at a very delightful meeting.

Miss Elizabeth Smith, president, conducted the business meeting and presented Miss Mamie E. Jenkins, of the college faculty. Miss Jenkins gave a report of the pageant which will be presented by the Alumnae during commencement, on Friday evening, June 1st. The pageant will be very elaborate and will commemorate the close of the twenty-fifth year of the college. Several hundred will take part in the pageant. Quite a number of the Alumnae are expected for commencement.

The finance committee reported that plans had been made for a tournament to be given in the dormitory, afternoon and evening, April 10th.

The hostess, assisted by her sister, Miss Elizabeth Overton, served a tempting salad course with decorations suggestive of St. Patrick's Day.

**Special Hearing, Bank Suit Ends**  
Greensboro, March 14.—After being in intermittent session since November 20 and filling many hundreds of pages with evidence, the special hearing into the facts of the \$1,000,000 suit brought by the receiver of the Commercial National Bank as High Point against the directors when this institution closed on January 18, 1932, was brought to a close today by Special Master Kenneth Brim.

The plaintiffs were given 60 days to prepare their brief presenting the claim in the light of facts presented and the defendants have 60 days thereafter to file their answer. The hearing was held to get on record the voluminous facts in the case for convenience in hearing at time of the case's trial before Federal district court.

The plaintiff charge negligence on the part of directors in four different fields, one is permitting the bank in January, 1933 to make over \$300,000 in payments to corresponding banks after funds had been frozen for depositors on January 6. Another is in permitting the bank to make loans on days on which there was deficient reserve in the Richmond Federal Reserve Bank, a third is in permitting excessive loans, and a fourth is in passing \$120,000 in dividends when insufficient profit had been made to justify them. The defense has been that the banks was in charge of J. Elwood Cox and his assistant officers, that the directors had implicit faith in the officers and that none of them was aware of the condition charged by the plaintiffs.

**Gets 9 Months on Cruelty Charges**  
Selma, March 14.—Dock Strickland, Johnston county white man, who has already served ninety days in jail under a recorder's court sentence for cruelty to animals must serve nine more months for the same offense under sentence of Judge Hunt in Superior court.

The evidence against Strickland was given largely by Mr. and Mrs. A. B. Barbour.

Barbour and his wife they say, were driving a young mule between Selma and Smithfield and were met by Strickland who was hauling a load of livestock on a motor truck. Strickland had a heavy lash and as Barbour's mule cut past him he gave the mule a severe blow with the lash. This cut the mule's hide from which the animal bled freely. Moreover, as the mule dashed away in fright the occupants of the vehicle barely escaped an accident.

This case was tried originally before Judge W. P. Aycock in recorder's court who sentenced the defendant to 90 days in jail. From this judgment Strickland gave notice of appeal to Superior court. Later he withdrew the appeal and actually served 90 days. His case in the meantime, was docketed in the Superior court and the presiding judge refused it to go off with the recorder's court sentence.

**Interesting Arrivals**  
By MARY GRAHAM BONNER  
Willy Nilly, hearing the noise, put down the plasters he was just about to use for his sticking-out ears.

"What is going to happen now?" he said to Christopher Columbus Crow.

"I'll have to fly over in the direction from which all those sounds came, and discover what they mean," answered Christopher.

Rip, the Dog, came running up to Willy Nilly.

"Bow-wow, what is going on?" he barked.

The Ducks all came waddling up from the pond.

"Quack-quack" they said. "We thought everything was to be quiet for a change."

Honey Bear awoke from her sleep and growled to Jell-Bear, who was sitting outside the cave.

"Find out what it means," she said. "I am frightened for my cubs."

Christopher Columbus Crow was flying back his wings fluttering with excitement, and he had so much to say that he found it impossible to be clear.

"They're coming here!" he exclaimed.

"Who are coming here?" asked Willy Nilly.

"All of them! Caw-caw, you never saw so many elephants in all your life."

"Elephants?" repeated Willy Nilly.

"Elephants, quack-quack" asked the Ducks.

"Not only elephants," said Christopher, "but lions, too. Oh, such an interesting lot of things!" No one knew what he meant by his excited words and the way he was flying around.

**BANKER SEEKS REVIEW IN SUPREME COURT HERE**  
Raleigh, March 14.—Another former banker convicted of violating the state banking laws has petitioned the State Supreme Court for a writ of certiorari to bring his case before the tribunal for review in a legal effort to escape service of a sentence.

The former banker was W. S. Swan of Pamlico county, former officer of the Eastern Bank and Trust Company of New Bern, with branches at Tayboro, Arapahoe and Oriental. Swan was convicted in November, 1933, of making false entries and sentenced to three years in prison.

Arguments on the petition will be heard next Tuesday when the Supreme Court starts on cases from the fifth and sixteenth judicial districts. Swan's attorneys will argue that they have had insufficient time to perfect an appeal.

Sixteen cases are set for argument next week.

**VESSEL COMMANDER HONORED FOR BRAVERY**  
Belhaven, March 14.—Capt. Qu. Mydette, skipper of the boat Leona used to transport the CCC boys to and from the camp on Bell Island, has been praised for courage and loyalty by Mr. Redington, chief of the Bureau of the Biological Survey.

On January 16 a member of the camp was stricken with appendicitis. Captain Mydette was at the camp dock at the time and was requested to run the boat to Washington so he could enter a hospital. It was dark the weather was thick and foggy, but Captain Mydette cheerfully consented to make the run.

The trip was a difficult one, but successfully negotiated. It was an emergency case and delay might have meant death of the boy. It was the second time this year that Captain Mydette performed a deed no doubt involving the saving of a life.

**BOARD SEEKS TO OUST LEESVILLE CONSTABLE**  
Raleigh, March 14.—Court action to oust Constable R. L. Morgan, of Leesville township, who was involved in an assault case here recently was started yesterday by County Attorney J. Wilbur Bunn at the instance of the Wake Board of Commissioners.

Constable Morgan, who refused to resign upon request of the Commissioners following his conviction in City Court for an assault, was ordered yesterday to appear before Judge Henry A. Gray on March 22 at 9:30 a. m., to show cause why he should not be removed from office.

Morgan and Roy Aske, a CWA worker, became involved in court actions when they attempted to arrest Jessie House, also a Public Works employe, on a bad check warrant sworn out by Aske.

Both Aske and the constable were found guilty before Judge W. G. Barnes for assault and were fined. Following the court's verdict, the Commissioners called upon Morgan to resign but he refused.

**ADMINISTRATRIX NOTICE**  
Having qualified as Administratrix of the estate of Adelaide Williams, deceased, late of Pitt County, this is to notify all persons having claims against the estate of said deceased to present them to the undersigned at Greenville, North Carolina, on or before the 10th day of February, A. D. 1935, or this notice will be pleaded in bar of their recovery.

This the 10th day of February, A. D. 1934.

SPRING fashions are singing a new tune this year. There's a sparkle, and zest and a gay lilt to them. They do nice things for the people who wear them. The hats put a twinkle in your eye. The dresses make the most of your figure. The coats give you a new kind of swing, and the suits set you strutting at a smart pace. They are fashions that have caught the enthusiasm of the new deal, and among their many virtues is their low price.

# LIGHT DOCKET IN COURT HERE

## Only One Defendant Found His Way To Roads in Regular Weekly Session.

One of the lightest dockets in months was disposed of in the regular weekly sitting of County court yesterday and work was completed shortly after the noon hour.

Most of the cases consisted of charges of violation of the prohibition law and larceny. One or two defendants found their way to the roads and the remainder were released on payment of fines.

Sam Columbus, colored, like the illustrious discoverer of America had a way of taking things, but unlike Christopher Columbus, he was unable to get away with it. So yesterday he faced Judge Dick James on a charge of the larceny of meal. He was assigned to 90 days work on the county roads.

Judgment was suspended in the case of Ray Cox, colored, charged with possession of liquor for sale.

Convicted of reckless driving, W. A. Dickerson was fined \$25 and cost of the action. He filed notice of appeal to Superior court.

Judgment was suspended on the payment of cost in the case of New Dowling, colored, charged with having liquor for sale.

Judgment was suspended on the payment of one half cost in the case of Pete Stafford, charged with driving on the wrong side of the road.

W. A. Dunn was adjudged not guilty of trespass.

## 3-8-8 Favored By Leaders Of Farm Industry

With the success of the acreage reduction campaigns for tobacco and cotton assured, farmers are now considering what is best for themselves individually and all the farmers who are growing these crops. Certainly no individual should do anything which would work to defeat the purpose of the acreage reduction campaigns, because this would not only hurt him in the long run but also his neighbor.

We all showed a wonderful spirit of cooperation in the cotton plow-up campaign last summer and that is what we need now. There is no doubt about the fact that controlled production of crops to lessen burden some carryovers is economically sound. The value of 1933 cotton crop plus the money received from the plow-up is estimated at \$777,864,000 compared with \$771,661,900 for the 1932 crop. Our cotton crop last year was the most valuable since 1929 and very cheaply produced.

Cotton may be King but tobacco is our crop. We should all strive to produce the best crop and one of the highest quality North Carolina has ever known. We can make this reduced acre return us more money than a large acreage and, too, we can live at home. Time and time again this has been proven the safest method of farming. It's an old story but practice proves it true.

We have a new fertilizer law this year and we have new fertilizers, even if we use the same old analysis we used last year. We should give this matter of fertilizers serious consideration and find out just what is what, because this year of all years we want to make a real quality crop.

First, the method of stating analyses is different. Phosphoric acid used to be first, but now analysis are stated as nitrogen, phosphoric acid and potash. For instance, the old 8-3-3 is now 3-8-3 and the old 8-3-8 is now 3-8-8.

Last year the nitrogen in fertilizers was expressed in terms of ammonia. If this was 3 per cent the nitrogen equivalent was 24 per cent. This year the 3 per cent will be actual nitrogen and not 24 per cent as last year. To offset this increase in nitrogen you can space your tobacco closer, delay your topping and see that your phosphoric acid and potash is properly balanced to give you the best quality.

As to quality the North Carolina Experiment Station has reported: "Potash is perhaps the most important single constituent of the fertilizer mixture for the growing of tobacco from the standpoint of quality". The December, 1933 report of the South Carolina Experiment Station stated: "Results of the past two seasons indicate that around 1,000 pounds per acre of 3-8-6 or 3-8-9 fertilizer, with 2 per cent of the potash derived from muriate and the balance from sulphate of potash, will produce the best quality of leaf."

The 3-8-8 analysis for tobacco is being widely advertised in our section and all companies are producing it. With the new fertilizer law the reduction of acreage and the demand for high quality leaf, a change to high analysis fertilizer for tobacco seems to offer the best chance for a good crop. The 3-8-8 has the backing of our experiment station and the United States Department of Agriculture, and is recommended by some of our leading growers.

## New York Cotton

New York, March 14.—(AP)—Cotton futures: opened steady one high or two lower with small business as traders awaited action on the Balkhead bill to regulate cotton control.

Prices reacted a few points in early trading. May contracts sold up from 12.23 to 12.27 and the general market at the end of the first half hour was ruling unchanged to about 3 higher.

The market remained quiet but with a steady undertone in the morning. Prices worked a few points higher with May selling up to 12.30 and the general market holding unchanged to 6 higher at around midday.

## N. Y. Stock Market

New York, March 14.—(AP)—Stocks and staples displayed no runaway tendencies today but neither did they show any inclination to better yesterday's steady to firm positions.

Predominate bullish sentiment appeared to be tempered by caution. Washington developments including efforts to settle various strike problems apparently were the principal market influences.

Bonds again advanced a number of issues recording new highs for the past two years or more.

Wheat did a little better and cotton and silver and rubber were about even.

Wall street was inclined to attach more importance to automobile labor hearings that started today than to the stock exchange control bill or the government movement to shorten working hours and higher wages.

## Billiard Player Here Thurs. Nite

Kenry Matsuyama will appear at City Recreation Parlor next to Key Brown's Durg Store tomorrow night at 9:30. Matsuyama is Champion of Japan and one of the World's leading Billiard players and instructors of the game. Adv.

## Try Our Want Ads.

Passes Agricultural Bill. Washington, March 14.—(AP)—The Senate today passed the agricultural bill appropriating \$64,000,000 for the fiscal year ending June 30, 1935.

The bill which passed without a record vote now goes to conference with the House.

Approves Trade Bill. Washington, March 14.—(AP)—The Senate approved the Johnson bill to bar financial transactions in the United States with countries in default on their debts to this country.

Rescue Crew of U. S. Gunboat. Hongkong, March 14.—(AP)—Two rescue vessels reported early today they had saved 187 men from the U. S. Gunboat Fulton which burned in Blas Bay 50 miles north east of here.

It was believed the 187 composed the complete ship personnel.

A British destroyer reported she would arrive in port at 2 a. m. with 139 men from the Fulton including Captain McHenry and his officers.

A Chinese steamer reported she had 48 members of the crew aboard.

## Late News Flashes

(Continued from Page One)

Only last Monday the House voted for cash payment of new money to the \$2,200,000,000 soldiers' bonus over administration wishes.

This morning President Roosevelt without mentioning the House action, said at his press conference there was danger in paying off the government obligation in paper money because that might lead to meeting the running expenses by that method.

The vote against sending the measure to conference as desired by the administration was 247 to 169.

Recover Part of Bank Loot. Greenville, S. C., March 14.—(AP)—Local officers today recovered a part of the loot obtained when bandits snatched money bags from a South Carolina national bank messenger last Thursday.

Officers returned from an unannounced point with the money and immediately went behind closed doors with R. P. Wilton, who was already under arrest in the case and an unidentified negro who was also brought in from where the money apparently had been hidden.

Bank officials were called in and a check of the money was begun, but the sum recovered was not announced.

## LAW BEARS DOWN ON KIDNAPERS IN 7 STATES

(Continued From Page One)

conducted a campaign against the danger of racing with automobiles. They are at liberty under \$2,500 bail each and will get a hearing Friday.

NEGRO SENT BACK TO JAIL IN ARSON CASE. (Continued from page one)

boy 19, and daughter, 16, testified that their father was away from home the night of the fire and the boys said when he returned he awakened him and told him to listen to the fire alarm. The girl testified that the father was away from home for sometime before the fire occurred.

Clemmons was said to have previously made threats against Cora Roberson because she had given shelter to his wife at a time when they were at "odds."

Five other witnesses took the stand and testified concerning the threats made by the man against the Roberson woman.

Clemmons was brought to jail here immediately after his arrest and had been held here pending his preliminary hearing.
