The Dress Rehearsal

By MARY GRAHAM BONNER
"Good-morning, Willy Nilly," said the Signor. "We are planning to hold a dress rehearsal this afternoon, as our time will soon be up and we must move on to amaze and astonish the men and women, boys and girls of all the towns with our gigantic, enormous, magnificent circus."
"So we hope that none of you will fail to appear this afternoon, for not only are we having a dress rehearsal so that we will know that our circus is perfect in every respect, but we want you to see the big show just as it will be given."

Willy Nilly had planned to do some chores this very day, but the idea of a dress rehearsal was just too good. That was something that seldom happened, whereas chores, as he knew only too well, had to be done all the time.
"We'll all be there," said Willy Nilly, and went at once to tell all the Ducks, Jelly Bear and Honey Bear (who agreed to leave the cubs for a short time), Top Notch, the rooster, and Rip, the dog, as well as Christopher Columbus Crow.

First of all the circus had a parade and such a parade! They marched around and around all the roads of Puddle Muddle, and then they had the dress rehearsal. The elephants wore beautiful costumes and circus ladies sat on their backs, the monkeys were dressed in red jackets, the ponies were spangled harnesses and the Signor wore a satin suit and a very tall hat.

The band played and the performance was perfect, and just before it was all over Willy Nilly was called into the big ring.

Fascinating Facts of NATURE

NATURAL
CHILEAN NATURAL NITRATE

Nature created the land you farm, the seed you plant. To make land and seed produce better, she created three natural fertilizer materials—potash, phosphate, and Chilean Natural Nitrate. She stored Chilean in the ground to mature a million years until you should want it to put it back into the ground where you make your crops.

SIX YEARS BEFORE DAVEY CROCKETT DIED IN THE ALAMO MASSACRE (1836) THE FIRST SHIPLOAD OF CHILEAN NATURAL NITRATE CAME INTO THE UNITED STATES THROUGH A VIRGINIA PORT (1830)

Chilean NATURAL NITRATE

The only nitrogen that comes from the ground.

NITROGEN + IODINE + CALCIUM + POTASSIUM + SODIUM + MAGNESIUM

CHILEAN NITRATE (PERHAPS YOU CALL IT "SODA" OR "SODY") IS THE ONE AND ONLY NITRATE FERTILIZER CREATED BY NATURE. NATURE GAVE IT THOSE VITAL "IMPURITIES" IODINE, CALCIUM, POTASSIUM, SODIUM, MAGNESIUM, BORON ETC., TO INCREASE ITS VALUE TO YOUR CROPS

LUCKIES are All-Ways kind to your throat

"It's toasted"
✓ Luckies are all-ways kind to your throat

We think you'd be impressed if you saw Luckies being made. You'd see those clean, silky center leaves—and you really wouldn't have to be a tobacco expert to know why farmers get higher prices for them. They are the mildest leaves—they taste better. You'd be impressed by Lucky Strike's famous process—"It's toasted"—designed for your throat protection. And we know that you'll be truly fascinated when you see how Luckies are rolled round and firm, and fully packed with long golden strands of choice tobaccos. That's why Luckies "keep in condition"—why you'll find that Luckies do not dry out—an important point to every smoker. And you'll get the full meaning of our statement that Luckies are all-ways kind to your throat.

NEW KIND OF TUBE SEALS PUNCTURES Instantly!

You can drive nails through this tube—it won't go flat! Closes tight around any puncturing object, and keeps the air in. Then when object is removed, the opening seals itself! No need to remove tire from rim. No lingering leaks. Come in and investigate this miracle tube.

Goodrich Seal-o-matic Tube

PREVENTS THE GREAT CAUSE OF BLOW-OUTS

You can't pick your spot for a blow-out. It might come in fast traffic, on a narrow bridge, on a cliff-edge. Thousands are killed or injured every year. But now you can avoid this terrible risk. The Life-Saver Golden Ply, built into every new Silvertown, resists internal heat—makes you 3 times safer from blow-outs at high speed. With this destructive inside heat controlled, tires also give months of extra wear. Yet the new Silvertown costs not a penny more than standard tires! Come in and get this priceless protection. . . . **\$7.80**

Heat inside a tire causes this. Life-Saver Golden Ply resists heat, prevents these blow-outs.

New GOLDEN PLY SILVERTOWN is 3 Times Safer! Tires Last Months Longer . . .

New York Cotton

New York, April 19.—(AP)—Cotton futures opened fairly steady six to eight points on lower Liverpool cables an under liquidation and selling.

Demands was supplied on gains of a point or two and May eased to 11.56 and October to 11.80.

Active months showed losses of about 9 to 10 points at the end of the first half hour.

Prices later worked off to 11.51 for May and 11.77 for October or about 13 to 16 points net lower.

This decline carried active months back within five points of the low of last Tuesday. At midday May was still around 11.55 and October 11.80 or three to four up from the lowest.

N. Y. Stock Market

New York, April 19.—(AP)—Stocks turned irregular today in the face of further weakness in grains and a sharp drop in Canadian gold mining equities.

Wheat lost about two cents a bushel and was around its lowest since last October. Cotton was some what heavy in sympathy with cereals. Silver was a trifle higher. Bond especially secondary issues continued in demand.

Foreign exchanges were narrow. Transfers were 1,400,000 shares.

"2 TRIP" TESTS SHOW GULF-LUBE CUTS OIL CONSUMPTION AS MUCH AS 51%!

"I MADE 2 TRIPS FROM WINSTON-SALEM TO WASHINGTON... AND WENT 51% FURTHER ON GULF-LUBE BEFORE A QUART WAS CONSUMED."

"I MADE 2 TRIPS FROM ATLANTA TO JACKSONVILLE... AND GULF-LUBE TOOK ME 24% FURTHER BEFORE MY OIL LEVEL DROPPED A QUART."

MRS. LEE KETNER
705 Melrose St., Winston-Salem, N. C.

MR. J. D. BOWDEN
868 Myrtle St., Atlanta, Ga.

Do you doubt that you can cut your oil costs from 10% to 55% and get better lubrication? Then listen to this...

Fact No. 1—Last year the American Automobile Association tested Gulf-lube against 3 other famous 25c oils in 6 borrowed cars. Gulf-lube went 28 1/2% more miles per quart than the average of all other oils. It outlasted every oil in every car.

Fact No. 2—This year, motorists in various parts of the country made the "two-trip" test. They made two trips to some distant point, using a well-known 25c oil on the first trip, and Gulf-lube on the second. In every one of these tests made thus far, Gulf-lube has shown the lowest oil consumption!
