SCORE DEAD REPORTED FROM HEAT IN AMERICA

Stage All Set For Run-Off Primary In Pitt Tomorrow

LIGHT VOTE ANTICIPATED OVER COUNTY

Jack Edwards and John Hill Paylor Involved in Race For House Seat and Vance Perkins and A. T. Moore For County Treasurer; Swift Creek to See Constable Race

Pitt county voters will go to the polls tomorrow in a run-off primary to nominate a member of the House of Representatives of the State Legislature, and a County Treasurer.

The polls will open at sunrise and close at sunset. Voting in Greenville will be conducted at the courthouse while in other precincts places in other precincts.

In view of the lack of interest so far manifested in the race, the vote is expected to be small compared with the record ballot cast in the primary June 2. The vote at that time was as large if not larger than the presidential election when President Roosevelt was sworn into the White House by a landslide.

The race for the House of Representatives is between Jack Edwards, of Greenville, and John Hill Paylor, of Farmville. Edwards ran next to Paylor in the primary and a short time later announced he would ask for a second contest to decide the race. M. O. Blount, of Bethel, obtained a majority for the other seat in the House, and this left contest for the other seat between Paylor and Edwards.

Vance Perkins and T. A. Moore are entered in the second race for County Treasurer. Moore, the present incumbent, did not obtain a majority in the six-cornered race for the post, and Perkins, second man, was eligible to ask for a second primary, which he did about the same time Edwards announced.

Swift Creek Township will see a race for the office of constable, but other precincts will confine their attention strictly to the naming of the House member and Treasurer.

The four men involved in the primary have been busy lately attempting to rally their constituents for the ballot battle, but it is believed the best anyone can do at this time will fall short of bringing to the polls the mighty hosts in the first balloting. However, the vote in the areas where the candidates live will probably be of fair proportions.

In view of the short ballot, it is expected the vote will be counted by 10 o'clock at the latest. In Greenville in the first primary when scores of candidates were involved it required a night and nearly all next day to finish the count.

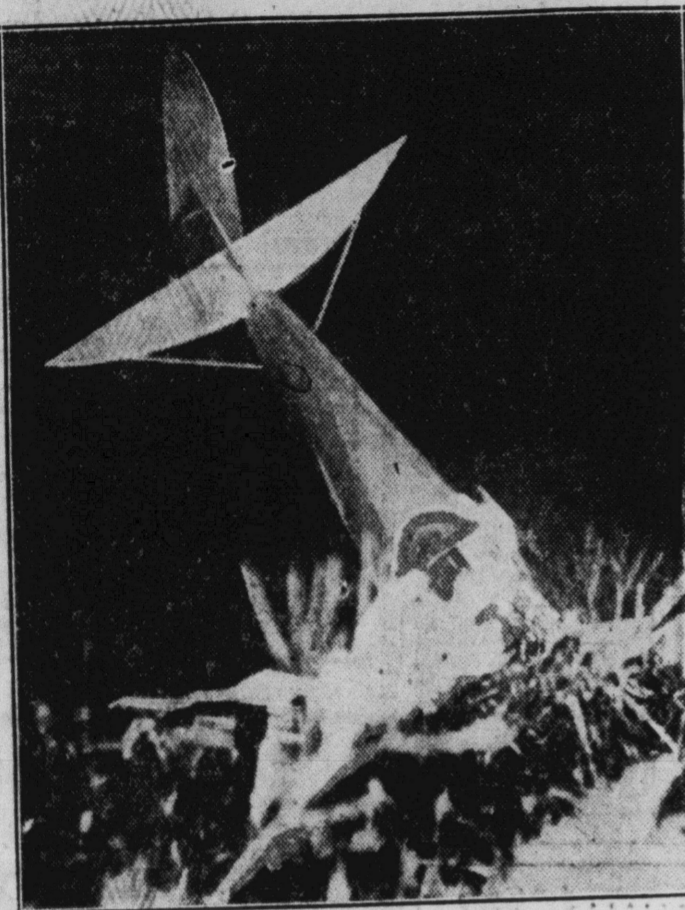

GETS FIVE TO EIGHT YEARS FOR HOLD-UP

Smithfield, N. C., June 29.—A case of positive identification of a hold-up man and the wrecking of the car in which the get-away was made, tended strongly towards the conviction of Mack Sanders, a young colored boy, who was adjudged guilty by a jury in the Superior Court here this week upon the charge of robbery of J. M. Coats with firearms. He was sentenced to serve not less than five nor more than eight years on the roads of the county.

Tin Can Matinee Largely Attended

A wagon load of cans was received by the State Theater through the "Tin Can Matinee" given this morning to boys and girls of the city as a means to boost annual "Clean-Up Week" proclaimed by the city administration the first of the week. T. Y. Walker, manager of the show, said about 250 children were in attendance. One tin can was required for admission, but virtually all carried more than one in competing for the award to the one carrying the greatest number of cans. Mr. Walker said three children ran so close together in the contest that each was given an award.

THE CRASH THAT KILLED WEDELL

Here is the plane crash that took the life of James R. "Jimmy" Wedell, during 34-year-old speed flier and holder of the world land speed record of 305.33 miles per hour. The crash occurred at Patterson, La., where Wedell was teaching a student to fly. The plane nosed down from a height of 200 to 300 feet. (Associated Press Photo)

HIT AND RUN DRIVER HELD

Heber Johnson of Ayden Jailed Here Last Night After Figuring In Wreck

Heber Johnson, of the Ayden community, was being held in the city jail here today on a charge of hit-and-run driving. He will be given preliminary hearing in police court tomorrow morning and probably bond over to the next session of Superior court.

Johnson was taken into custody last night a few minutes after he allegedly ran his car into a machine occupied by Mrs. E. H. Menefee of Greenville, at the intersection of Second and Greene streets. Mrs. Menefee was thrown from the car by the impact of the collision and sustained painful bruises, although she was not believed to have been seriously injured.

The Menefee car, driven by a daughter of Mrs. Menefee, was traveling on Greene street, and Johnson was attempting to cross from Second street when the accident occurred. Police said Johnson failed to stop and was taken into custody shortly afterward in another section of the city.

He was placed in the city jail to await hearing at the regular Saturday morning session of police court.

Tobacco Board Meets Tonight

A full meeting of the Greenville Tobacco Board of Trade will be held at the Greenville Tobacco Company tonight at 8 o'clock. Several important matters are scheduled to come up for consideration and full attendance was requested.

POPPY DREAMS BARRED IN CHINA'S NEW LIFE

Nanking—(AP)—In an effort to break down China's billion-dollar narcotic traffic, one of the worst evils in the country, General Chiang Kai-Shek, China's crusading leader has forbidden opium smoking throughout the nation. Offenders caught making, selling or smoking the poppy derivative will be rigorously punished. This is a part of the general's "new life movement" which seeks the moral rebirth of the Chinese.

FASTER NEW DEAL SOUGHT BY PRESIDENT

Roosevelt Lashes 'Die-Hards' In Radio Address To Nation Last Night

Washington, D. C., June 26.—(AP)—President Roosevelt's lashing of "die-hards" and pledge of a faster new deal promised today to resound in the campaign for the fall election.

Issuing his "latest report to the nation," the President claimed "substantial gains," laughed at predictions of calamity and again pressed his great program for the "security of men, women and children of the nation." Sitting in the oval room of the White House in the steaming heat of Washington's summer, the President gave a radio talk last night in which he—

Praised Congress as "the most unpartisan since the time of President Washington."

Cited statistics to show gains in wages, employment, farm prices and consuming power.

Thrust at the self-seekers and "die-hards" who tell you of the loss of "individual liberty."

Declared the most vociferous Doubting Thomases are those "who seek special political or financial privileges."

Said the fees and harmful self-seekers "are being stepped on and are going to be stepped on."

Reaffirmed his faith in what has come to be known as the "brain trust."

Promised protection against "chillers and unfair sky-rocketing of prices through NRA processes."

Again emphasized his views on the three-fold plan for security through providing "better homes, lands, water resources and social insurance."

FAIL TO END MILL STRIKE

Conference in Waverly Mill Walkout Collapses Completely at Laurinburg

Laurinburg, June 29.—(AP)—After a week of conferences between labor representatives and the management, negotiations looking to the settlement of the 45-day-old strike of employees at Waverly Mills involving 800 textile workers were reported today by R. R. Lawrence to have collapsed completely.

Lawrence today said labor leaders had appealed to the NRA compliance board to intervene.

Although the mill management refused to issue any statement it was understood they had asked the State Textile Industrial Relations Board to rule in the case.

CCC Worker Held In Girl's Death

Thomas Frederick Showers, 27 (above), a CCC worker from Syracuse, N. Y., confessed, according to officials, that he assaulted and murdered Cies Teilstone, 14, near Bloomington, Franklin county, N. Y. District Attorney Harold W. Main said he had a "perfect case" against him. (Associated Press Photo)

Late News Flashes

Machinery For Tobacco Control. Washington, June 29.—(AP)—The farm administration and treasury began today to set up machinery for the compulsory control of the tobacco crop under provisions of the Kerr bill signed late yesterday by President Roosevelt.

The bill levies a 33-1/3 per cent tax on all tobacco grown in excess of government assigned quotas based on the voluntary acreage cut program with certain exceptions.

No limit was placed on the crop by the bill which provides the issuance of tax exemption certificates by the treasury to each grower for his quota under voluntary acreage reduction contract with the farm administration.

The bill also reopened the acreage reduction campaign for the 30-day period to give growers who have not yet signed reduction contracts the privilege of doing so.

Although the act levies a 33-1/3 per cent tax on all tobacco sold in excess of quotas contracting growers will not be permitted to sell more than their quota even if they (Continued on Page Four)

N. C. FARMERS PAID BIG SUM

\$7,019,861 Paid To Cotton and Tobacco Growers in Federal Program

Washington, D. C., June 29.—(AP)—North Carolina farmers who cooperated in the crop production program received \$7,019,861.21 in Federal rental and benefit payments to May 31, John N. Payne, Comptroller of the Agricultural Adjustment Administration reported today to Administrator Chester C. Davis.

Tobacco farmers received \$4,947,945.95, while cotton farmers were paid \$2,934,669.74 in rental and benefit payments for acreage cuts. Wheat growers received \$37,245.55.

Pitt County received a total of \$27,769—\$56,469 for cotton and \$331,299.288 for tobacco.

Mrs. Taylor Takes Her Life At Washington

Information was received here today that Mrs. B. G. Taylor, formerly of Ayden, committed suicide at her home in Washington this morning. No particulars of the tragedy were given.

Mr. and Mrs. Taylor moved to Washington several years ago where he is connected with the furniture business.

She is a sister of J. B. Kittrell of Greenville, and Mrs. R. T. Cox of Winterville.

Mrs. Taylor was 49 years of age. Funeral service will be conducted from the home in Washington tomorrow morning at 10 o'clock and burial will be made in the Ayden cemetery.

Half Year Auto Tags Go On Sale Here Tomorrow

Half-year automobile license tags will go on sale here tomorrow at the local license bureau. Sales were scheduled to begin July 1, but in view of the fact that the first falls on Sunday this year, orders were received today by the local bureau to begin issuance of tags tomorrow.

All persons who permitted their cars to sit up the first half of the year should get busy at once and provide themselves with tags permitting them to drive the old bus the remainder of the year.

BLAST MARKS RAIL STRIKE AT MILWAUKEE

Explosion Wrecks High Tension Wires At Vernon Center in Wisconsin

Milwaukee, June 29.—(AP)—A poll carrying high tension power lines was dynamited at Vernon Center, 23 miles southwest of here. It was the first instance of the use of explosives in the Milwaukee Electric Railway and Light Company strike.

Milwaukee, June 29.—(AP)—One death in a new outbreak of violence peace officers to redouble efforts today to end the strike of union employees of the Milwaukee Electric Railway Company which threatened today to spread to other industries.

The Rev. Francis Haps, of Washington, chief conciliator of the National Labor Board, sought the quickest method of putting a stop to the region of terror after Eugene Domalgaski, died last night after a raid on the company's Lakeside power plant.

Domalgaski was electrocuted and died en route to a hospital after he had been hurled to the ground by an electric charge when the iron fence post he was using to battle his way into the generating plant swung against a switch board.

Meanwhile rioting persisted on other fronts last night, thirty-five representatives of twenty-five building trades and crafts unions voted to call a general strike of nearly 6,000 men in the lines of sympathy with the utilities strike.

SCHOOL FUND SLOWS DOWN

Only One Contribution of \$1 Reported To Committee Here Yesterday

Gifts to the Daily Vacation Bible School Fund slowed down unexpectedly yesterday and only one contribution, that of a \$1.00, was received throughout the day.

The heat might have been responsible for the apathetic condition of prospective contributors, or it might have been the scare from the thunder-showers of the morning, but whatever it was, members of the finance committee hope it will be dispelled permanently and permit at least \$100 to be chalked up. That amount is needed to complete the \$400 fund needed for four weeks' operation of the school, and it is hoped giving will be sufficiently liberal to enable the committee to finish its work this week.

Saturday, Monday, Tuesday and Wednesday saw considerable activity among donors to the cause, and the total contribution was swelled to \$304.30.

Dr. G. R. Combs, pastor of Jarvis Memorial Methodist Church, is chairman of the finance committee of the school. He has made so many appeals for contributions to this fund and the salvation of other causes that he is almost hoarse, but he is still going strong in the hope of reaching the goal set at the beginning of the campaign.

Persons who have not given are urged to do so at once, and in that way contribute to the development of the moral improvement of the city's youth through the medium of the school.

The town of Manteo on Roanoke Island in North Carolina was named in honor of an Indian chief who helped Sir Walter Raleigh's colonists when they settled there in the sixteenth century.

IOWA SUFFERS HEAVIEST TOLL WITH SIX DEAD

Maximum of 117 Degrees Recorded at Waterloo, Iowa; Many Victims in Other States Die When They Take to Water to Escape Baking Temperatures; All Time Heat Record in Illinois

(By The Associated Press) More than a score of deaths were attributed today to sizzling temperatures that scorched much of the continent from the Rockies to the Atlantic seaboard. Generally speaking, no relief was in sight last night.

Of the Mid-Western States, Iowa apparently was the hardest hit with six deaths, three due to prostrations and three to drownings. A maximum of 117 degrees were recorded at Waterloo.

Many of the victims in other States died when they took to the water to escape the baking heat. Nebraska counted three dead; Illinois one, Maryland three, Michigan four, Ohio four, Pennsylvania three, and Indiana two.

An all-time heat record of 112 degrees were registered at Matton, Ill., while in Chicago where one person died from heat, and scores were prostrated, the mercury hit 99, a new high for the State.

TRAIN ROBBED OF MAIL BAGS

Undetermined Property Loss On Big Four Train Near Chicago

Indianapolis, Ind., June 29.—(AP)—Ten sacks of valuable mail and some express were rifled on the Big Four train No. 34 somewhere between the Illinois Central station, Chicago, and Kanbe, Ill., late last night, it was revealed by postal officers here today.

J. A. Moran, chief clerk for the fifth division of the Postoffice Department, said the thieves got into the storage mail and express car and looted it of all valuable mail and express. Clerks in an adjoining car were unaware of the robbery until after the train left Kanbe.

Postal inspectors were examining the records this morning to determine the amount of the mail taken.

Heber McLawhorn Dies Following Heart Attack

Heber Thurman McLawhorn, 27, died as a result of a heart attack at his home in the Red Banks community last night at 11:20 o'clock. He had been ill only one day.

Funeral services were conducted from the home this afternoon at 4:30 o'clock by Elder Luther Joyner and burial was made in the family burying ground.

Surviving are his wife and parents, Mr. and Mrs. J. R. McLawhorn; three brothers, Raymond, Homer and Sully McLawhorn; three sisters, Mrs. Ona Nelson, Ayden; Mrs. Ida Evans and Mrs. Cornelia Barnes, both of the Greenville community. Surviving also are two grandparents, W. B. McLawhorn and Mrs. Sallie Haddock, of Pitt County.

Sandwich, Eng., June 29.—(AP)—Henry Cotton, 37-year-old British professional, today won the British open golf championship with a 72-hole aggregate of 283, tying the record for the tournament erected in 1932 by Gene Sarazen.

Joyner Child Buried Today

James Stafford Joyner, 14-months old child of Mr. and Mrs. R. L. Joyner, died yesterday afternoon at 1:30 o'clock and funeral services were conducted from the late home this afternoon at 3 o'clock. Burial was made in the family burying ground near Farmville.

Surviving are the parents and a brother, Richard Glenn.

SUES FOR \$2,000. CLAIMS ARREST WITHOUT CAUSE

Durham, N. C., June 29.—Mose Levy, local cafe proprietor and former Raleigh merchant, filed a suit for false arrest, alleging Southern Beer Distributors, a local concern, conspired to have him indicted because he gave a beer order to a rival concern. He seeks \$2,000.

Levy's suit grew out of a magistrate's case on June 11 in which he was acquitted of a worthless check charge in connection with the issuance of the defendants of two post-dated checks. He very often gave the defendants post-dated checks.

He alleges that the charges were brought against him the day following his order to a rival beer distributor. The complaint further states that the defendants were "greatly displeased" to learn that he was trading elsewhere.

Levy, who now has a suit pending in which he alleges three parties in Raleigh conspired to run him out of business there, asks the court to issue execution against the defendants in the event his allegations are proved to be correct.

14-YEAR-OLD BOY IS DROWNED IN POND

Laurinburg, N. C., June 29.—Emanuel Davis, Jr., 14-year-old negro was drowned in the John Walter Jones pond near here yesterday while learning to swim.

An hour and a half effort of searchers ended when Price Morris, railroad employee here, was hurriedly imported and dived straight to the body. The boy's parents live in Youngstown, Ohio.

ALBERT MEMORIAL LIBRARY PERPETUATES BELGIAN ERA

Brussels.—(AP)—At the suggestion of King Leopold, the bulk of the funds being collected throughout the country for memorials to King Albert are to be bunched for a national library in Brussels.

As originally planned, the money was to be used for a monument in Brussels and memorials in the chief towns of each of the nine provinces.

King Leopold's suggestion, which has been approved by the government, is that his late father's services would be commemorated best by a national library, erection of a monument at Yser in accordance with the wishes of ex-soldiers and the marking of the Marche les Dames site where King Albert met his death.

APPEALS COURT HAS PROBLEM TO SOLVE

Asheville, N. C., June 29.—The United States Circuit Court of Appeals for the Fourth Circuit has just heard arguments in a case appealed from the Asheville District Court which involves the question of whether or not a man indicted, convicted and sentenced to prison for violating the national prohibition act before repeal will have to serve his sentence after its execution had been delayed until after repeal went into effect.

The Court took the case under advisement and will probably render an opinion at its October term to be held in Richmond, Va.

The case is that of Grover Moon, of Jackson County, against the government. It was argued for the appellant, Moon, who lost his case in the District Court by Attorneys Sam Cathery and Worth McKinney, of Asheville, and Dan K. Moore, of Sylva, Marcus Erwin, United States Attorney, and W. Roy Francis, his assistant, urged for the government.

JUDGMENT DOCKETED IN N. C. BANK MATTER

New Bern, N. C., June 29.—Official judgment was docketed in Craven Superior Court Wednesday, as received here late Tuesday, after having been signed June 23 by Judge P. A. Daniels, of Goldsboro, dismissing the suit of Lucas and Lewis, Inc., and other depositors of the North Carolina Bank and Trust Company against the North Carolina Bank, asking that assets of the New Bern and Bayboro units of the institution be segregated from other bank assets, and the two local units liquidated separately as they were opened less than three months before the institution went on a restricted basis on March 3, 1933.

This judgment merely carried out the ruling of the State Supreme Court, reported sometime ago, in affirming the Superior Court decision that the action should be dismissed as it was said to have been improperly brought. Costs of the action were charged to the plaintiffs.

CLAIM PATROLMAN WAS NOT DROWNED

Brevard, N. C., June 29.—Lonnie Burrell, 43, patrolman on the E. H. Jennings estate in the Sapphire section of Jackson County, whose body was found in a pool on the estate Sunday night, did not drown, but was dead before his body reached the water, according to two local physicians who examined the body here Monday, it was disclosed today.

The body was found Sunday evening at 7 o'clock in a 15-foot pool in the Canada prong of the Tuckaseegee River, by a searching party which was organized after Burrell failed to return when expected. Deputy Sheriff C. C. Mason investigated the drowning and a coroner's jury found that Burrell had met death accidentally by falling into the water, following an inquest conducted by Coroner C. W. Dills at Sylva.

However, according to Dr. G. B. Lynch and Dr. E. S. English, who examined the body when it was brought to Brevard to be prepared for burial there was no water in the lungs, indicating that death had not resulted from drowning.

DISPOSE OF TWO OUT OF SEVEN MURDER CASES

Whiteville, N. C., June 29.—Superior Court adjourned last night with only two of the seven murder cases heard. S. J. Edwards drew three to eight years for the slaying of Tessie Shipman following a lover's quarrel. Cecil Stephens, upon conviction of the murder of Warren Inman Boardman a few days ago, was sentenced to State's Prison for a period of three to ten years.

Upon conviction of a charge of arson, Inez Wewkirk was given three to five years in the State Penitentiary. Judge W. C. Harris, of Raleigh, presided.

The Ducklings Leave

By MARY GRAHAM BONNER

The ducklings were ready to leave for camp and Willy Nilly and the Puddle Muddlers were on hand to see them depart.

"Don't forget to take time to twig us a leafy note," said Willy Nilly. "If you see any pieces of china around Blue Lake, don't forget that Christopher Columbus Crow is your friend," cawed Christopher.

"If you see any patches of berries which we haven't visited, quack the news to us," suggested Jelly Bear. "If they want a fine and handsome creature to act as judge at any time, send for me," crowed Top Notch, strutting as he spoke.

"I'll run over and see you and maybe you'll scratch up a few bones to give me when I call," barked Rip.

"It's time to leave now," said Mrs. Quacko Duck, and off went every little duck. The other Puddle Muddlers followed them until they reached Quackerville where the other little ducks joined the procession. And then they all waddled on and on until they came to Blue Lake. There were little ducks arriving from everywhere, and Camp Director Big Duck and Mr. Big Duck were busy keeping order.

At last it was time for the parents to leave their ducklings. Some of the little ducks began to cry, others pretended they weren't crying but when no one was looking lifted a wing to their eyes, while many were so excited that they fell over each other trying to see all there was to see.

"Good-bye, quack, quack. Be good little ducks," cried the parents as they left.

John J. Eason Dies.
Snow Hill, June 29.—At his home in Bull Head township, near Speight's Bridge, on Contentnea river, Friday night about the hour of 9:45, John J. Eason died of heart failure. Mr. Eason was not in very good health and it was known that he was not a well man, but he was not confined to his room or home, going as usual about the farm and attending to his business. Friday afternoon he went to Wilson, came back home, attended his usual round of duties incident to the closing of a day on the farm, ate his supper and going into the room occupied by Mrs. Eason, who several months ago suffered a broken hip, and remained until recently in a Wilson hospital, and who was resting quietly, he sat down near her bedside. Later a member of the family going into the room spoke to him, and getting no response, spoke again, and receiving no reply investigation disclosed the fact that he was dead. About ten minutes prior to that time another member of the family had heard him moving in the room. He evidently died very suddenly. The body was taken at once to Wilson, where it was embalmed and prepared for burial, being brought to the home Saturday afternoon. Sunday afternoon it was brought to Snow Hill and interred in St. Barnabas cemetery, in the presence of a large crowd of friends and loved ones who had gathered here from Wilson, Farmville, Greenville, Ayden, Kinston, LaGrange and other points and from surrounding counties. Funeral services were conducted by his pastor, Rev. J. E. Mewborn, and Revs. Cobb of Wilson, and Roberts, of Greenville, who feelingly and beautifully expressed the high regard in which the departed was held. The pall bearers were his brethren of the Primitive Baptist Church, of which he was a member and had been for nearly half a century.

Mr. Eason would have been 73 in September had he lived until then, and is survived by Mrs. Eason

to whom he was united in marriage June 25th, 1884, or just 50 years ago this June. She is still suffering from the broken hip and will be 83 June 26th. Three sons survive, Prof. M. A. Eason, of the faculty of St. John's College, Annapolis, Md., and Messrs. John L. and Calvin C. Eason of this county.

Mr. Eason was one of the best citizens of this county. For several years he served his county as a commissioner, and in his church had served for many years as a deacon. He will be missed not only by his companion and loved ones but in his community and church. The very large crowd at the graveside showed the strong hold this good man had on a wide circle of friends, all of whom extend sympathy to his loved ones and family in their hour of bereavement.

It was our privilege to know him for more than a third of a century. Early in our relation we began to realize the value of such a friendship. We have known him in every relation of life. As a husband where he was kind, considerate and loving, as a father where he sought to give his sons a chance in life and who so lived that one of their proudest heritages is a father who left an unsullied and untarnished name. As a citizen he met and discharged the duties of citizenship, never flinching to take a stand upon all public questions, a loyal and true Democrat. In all his relations we never knew Mr. Eason to do or say a thing that did not mean a square deal to his fellow man in every way. As a Christian his life was above reproach, never falling to live as his Master taught men to live, rendering to other men as he would have them render unto him.

To have known intimately such a man is a benediction to any man. As we write we feel the inadequacy of words and our command of them, and realize the truthfulness of the statement of a neighbor and friend of this man, who Sunday afternoon as we stood by the graveside, said, "You can't say too much for him." Mr. Eason was a good man, a good citizen, a good neighbor, good in all the relations of life.

CHARGES AGAINST LAWYER DROPPED

Durham, N. C., June 29.—Embezzlement charges against Charles Scarlett, Durham attorney, who was yesterday arrested on a warrant sworn by his brother, Miss Hilda Copley were dropped by Assistant Judge C. L. Lynn in recorder's court today.

Scarlett said that there is some cause for a civil action, but none for an indictment since he had no intention of embezzlement or of converting to his own use the funds of his former ward.

LACK OF REGARD FOR DEFENSELESS CITED

Durham, N. C., June 29.—The Durham County grand jury in its June report presented to Judge A. Sinclair today expressed the opinion that the general public, particularly those unable to protect themselves such as orphans, widows and minors, are not receiving the proper consideration from those persons responsible for the enforcement of the law.

LONDONERS 'LIFT' PENS FROM CITY POSTOFFICES

London.—(AP)—Londoners have a great affection for postoffice penholders and their stainless steel nibs, says Sir Kingsley Wood, postmaster general.

Recently 75 of the largest post-offices in London were supplied with 1,900 penholders and 9,000 nibs. At the end of the month all that remained were 700 holders and 1,800 nibs.

One office managed to keep its total supply—because the pens were chained down.

CUPID STIFLES STRIFE AT RUSSO-POLISH LINE

Stolpe, Poland.—(AP)—To pacts and communiques add romance as a source of international amity. Relations between frontier guards and the civilian populations near this border town are noticeably better as a result of Anastasia Lichachsky's love for Timofey Grigorieff, a frontier guard.

The Polish girl while herding cows drove the animals close to the Russo-Polish line. Grigorieff hurried to chase them away, but stayed to woo the girl. This was repeated until Anastasia asked the mayor to prepare marriage bans.

Polo is proving a popular collegiate sport at Auburn, which has an excellent team.

BUGS STILL ON TOBOGGAN

New Bern, June 29.—Ham Ferebee doubled and Fred Shipp singled in the tenth inning to give New Bern a 6-5 victory over Greenville yesterday in a thrill-packed game.

Ferebee's double was his second hit of the day and came off Roger Taylor, who had replaced Davis on the mound for Greenville. Davis, in turn, had followed Kneese, who had been shelled from the slab in the fifth.

McEvoy hurled the first eight innings for the winners, going out for a pinch-hitter. Lefty Dunn finished on the hill.

Norwood, New Bern, and Wagner, Greenville, hit homers.

The game was a thriller all the way, and the lead changed six times.

A near riot came in the ninth as a result of Umpire Miller's decision ruling Smoky Ferebee, New Bern player out at the plate when he tried on score on McCready's single.

The locals outthit Greenville, 11 to 9.

AYDEN HALTS KINSTON
Kinston, June 29.—Kinston's winning streak was checked at 11 games when Ayden took a 4-3 victory here yesterday. Pitcher Knowles came pretty close to making it a one-man victory.

Knowles pitched masterfully for the winners and emerged with a deserved victory despite four errors by his mates. The Ayden hurler allowed two hits and himself saw to the victory business. In the fifth the visitors drew two safeties and a walk to score one run, and then Knowles put on the finishing touch by hitting a homer.

Kinston's runs were unearned. One came in the first and two in the sixth. Knowles was right yesterday, and he silenced Kinston's array of club-swingers.

Douglass pitched for the locals until the seventh, retiring in favor of Fletcher. Richardson caught for Ayden; Tatum caught for Kinston.

The visitors made seven hits. Royal, Ayden shortstop, turned in the fielding feature.

N. Y. Stock Market

New York, June 29.—(AP)—Speculative forces apparently found an immediate stimulus for stocks in the President's address to the country and the equities market today climbed back in bed and resumed its more or less peaceful slumber.

Although most traders displayed a little inclination to pick up shares either for a "run" or a "pull," there also was no special selling urge in evidence. There were feeble rallies occasionally, but the drift was moderately lower throughout the great

(Continued from page one)

Provision was made for allotment of quotas to growers in cases where the secretary of agriculture decided equitable acreage reduction contracts were impossible. Such growers will be exempt from the tax on their quota of tobacco but will not share in the rental and benefit payments of the acreage reduction program.

The control plan is to be effective this year and can be extended to a second year by approval of three fourths of the growers.

Maryland and Virginia sun cured and cigar leaf tobaccos are exempt from the tax.

Roosevelt Prepares For Trip.
Washington, June 29.—(AP)—President Roosevelt today approved the bill liberalizing laws covering compensation for world war widows and orphans.

The President also acted upon the farm mortgage moratorium and railway pension bills but deferred announcement of the disposition of the bill until he could prepare a statement later in the day.

Driving toward cleanup of government affairs the President definitely fixed the date of his departure from his Hawaiian cruise for late Sunday afternoon from Annapolis.

Another day at the White House gives him opportunity to look over more completely the personnel for the new stock exchange and communications commissions.

Mr. Roosevelt is listing all classes of thought on the men to take over supervision of the stock exchanges and the national radio, telephone and telegraph services. He has conferred with Raymond Moley, former assistant secretary of state; Bernard Baruch, retired New York financier and economist, and Postmaster General James A. Farley.

chairman of the Democratic National committee. Another reason impelling the President to defer for a day the start of his trip was to await the arrival of his son, James, who will reach the White House tomorrow to say good-bye.

The widows and orphans measure passed shortly before adjournment of Congress has the approval of the administration. It is estimated to cost \$4,000,000 annually.

Not War Contract Ruling

Washington, D. C., June 29.—(AP)—Bidders for the War Department automobile contracts will not be required to certify that they had not employed lobbyists or other agents to solicit business.

This ruling was made today by Harry Wooding, Assistant Secretary of War, following an opinion by J. R. McCarl, the Comptroller, that such action would tend to promote competition.
