EXHIBIT WILL END SCHOOL

Bible School to Close Here Following Demonstration Tomorrow Night

Preparations virtually had been completed today for the demonstration to be given at the Daily Vacation Bible School at Third Street School tomorrow evening at 7:30 o'clock.

The school will come to a close tomorrow afternoon after four weeks of instruction to nearly three hundred children of the city.

Moral training was the keynote followed through most of the course of study, although attention was also given to mental and physical improvement of the children.

Every phase of activity of the school will be exhibited to the public in the auditorium of Third Street School tomorrow night and hope was expressed that attendance would be large.

Experts in their lines are in charge of the school and children are reported to have made considerable progress.

Sponsored by the Ministerial Association in co-operation with city schools, the institution is paid for through public contributions.

Clifton Hugh Edwards today contributed \$2.00 to the Bible school fund.

The total of \$400 required for the four weeks operation had not been raised today, although the finance committee reported it was within striking distance of the mark.

Persons who have not contributed are urged to get busy and do so at once.

Friday night's program follows: Processional.

ALABAMA MILL WORKERS OUT ON A STRIKE

1,500 Employees of Dwight Manufacturing Co., at Gadsden Walkout Today

Gadsden, Ala., July 12.—Employees of the Dwight Manufacturing Company Cotton Mills here, one of the South's largest, walked out today charging their employers had discharged five men for union activities.

He said the strike was called for today at a meeting held at 11 p.m. yesterday following the discharge of the five workers.

The Dwight local was one of the thirty-five in Alabama which had already voted to strike. Date for the State-wide walkout is to be fixed at a meeting of representatives of the State local in Birmingham Sunday.

Picketing at the Dwight Mill began immediately. State representatives of the United Textile Workers of America were expected here today to aid in conducting the walkout and to confer with local union officials.

JIM GREENE GETS REPRIEVE

Execution of Pitt Negro Halted While Parole Commissioner Studies Case

A reprieve for Jim Greene Pitt County negro, scheduled to die in the electric chair at Raleigh this month for allegedly criminally attacking a white girl, was granted by Parole Commissioner Edwin Gill yesterday afternoon.

This reprieve followed a hearing before the commissioner attended by a delegation from Pitt County, some asking for clemency and others admitting their belief that the law should be permitted to take its course.

The commissioner granted the stay of sentence in order that he might have more time to delve into new evidence not discovered when Greene was tried and sentenced to the electric chair here the first of the year.

Appearing in behalf of the negro was Attorney John R. Denton, of Ayden and Greenville, who told the commissioner he considered it his fault that all of the evidence was not brought out at the trial.

Supporting the opinion that commutation of sentence was justified in letters to the commissioner were E. G. Flanagan, J. F. Harrington, M. T. Frizzelle, J. B. Oakley, L. W. Tucker, Mrs. L. B. Reddick, Mrs. Bell Harris and Addie Green and Joe Daniels, the last two colored.

Those asking that the law be permitted to take its course were Solicitor D. M. Clark who prosecuted the case; Sheriff Sam Whitehurst and Chief of Police George Clark, both of whom took part in the investigation.

NEGRO JAILED IN THEFT CASE

John Atkinson Held For Stealing Cigarettes From City Market Yesterday

John Atkinson, colored, who was under the impression that he could sneak a supply of cigarettes from the City Market yesterday morning, was in the county jail today awaiting hearing at the next session of County Court.

Atkinson was taken into custody by police shortly after the theft was reported and part of the cigarettes were recovered.

Given hearing in police court this morning the negro was bound over to county court under bond of \$100. He was unable to provide bail and was remanded to jail.

Police said Atkinson, a former employee of the market, was hanging around the place yesterday morning and obtained the cigarettes when clerks were busy.

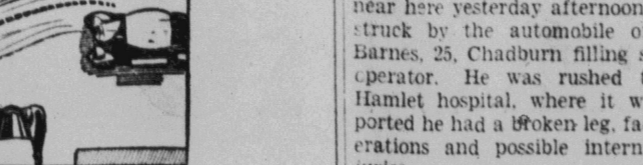

SIXTEEN-YEAR-OLD BOY KILLS OLDER BROTHER

Concord, N. C., July 12.—James Burgess, 16, shot and killed his brother, Parvin, 27, at the home of their mother, Mrs. N. J. Silgrath, off the Concord-Kannapolis highway near Parkwood Country Club early today. The fratricide occurred following an argument about Mrs. Silgrath's cow which had gotten loose in a patch of corn belonging to Parvin.

Parvin died en route to a local hospital where he was being taken in an automobile by his mother and James. The latter was placed under arrest by Sheriff Ray C. Hoover at the hospital.

James told officers that he shot his brother, firing a 12-gauge shotgun one time, after Parvin had threatened his life and was advancing toward him with rocks in his hand.

PONZI DENIED PARDON TODAY BY GOV. ELY

Financial Wizard Seeks to Prevent His Deportation to Italy At Once

Boston, July 12.—(AP)—Governor Joseph Ely today denied the petition of Charles Ponzi, one time "wizard of finance," for a pardon which Ponzi sought to prevent his deportation to Italy.

With only two hours of freedom remaining before he was to surrender to federal immigration authorities the little gray man who once promised 50 per cent profit in 45 days in a postal reply coupon financial scheme, went before the governor to beg his clemency and to clear his record of one charge of moral turpitude.

The federal government hoped to deport Ponzi on account of two offenses involving moral turpitude. One of these is Ponzi's conviction in Massachusetts of larceny. The other is a federal conviction of using the mails in a scheme to defraud.

Ponzi argued that they both were based on the same offenses and consequently there should be only one moral turpitude charge against him.

HATTERAS TO GET NEW LIGHT

Old Light house to be Abandoned, Another Victim of Atlantic Gravyard

Buxton, N. C., July 12.—(AP)—The graveyard of the Atlantic, that voracious body of water so feared by sailors, now claims another victim—Hatteras lighthouse itself — which has brightened that sea so faithfully since 1870.

Once a mile from the treacherous breakers, the tallest tower on the eastern coast now is washed daily at its base in the grinding crash of heavy seas slowly eating their way.

Seen another complete modern light will be planted a mile inland and the 191-foot building will be abandoned a prey to the water.

All that now delays construction on the new skeleton open steel tower is a clearance of titles to land, said the Federal lighthouse service. The building will be left—as a captain on a sinking steamer—to weather the ways as best it can.

Definitely Set Opening Of Leaf Market Aug. 23

The date for the opening of the Eastern Carolina tobacco market has been definitely fixed for August 23, the date originally decided upon at the meeting of the United States Tobacco Association held in White Sulphur Springs, W. Va., last week.

W. Z. Morton, Greenville tobacco warehouseman, said this afternoon he was informed over long distance telephone by officials of the tobacco section of the Federal Agricultural Adjustment Administration that the date was definitely fixed at a conference between administration officials and tobacco men today.

An effort had been on foot the last several days to change the date to the 28th, but the decision today definitely retains the date formerly approved by the tobacco association.

August 9 for South Carolina and Border markets, and August 1 for Georgia, previously set by the United States Tobacco Association, were also decided upon, it was stated.

Mr. Morton returned from Washington last night where he has been all the week conferring with J. B. Hutson, chief of the tobacco division, and J. C. Lanier, specialist of the department.

Late News Flashes

New Date For Green Death. Raleigh, July 12.—(AP)—Jim Green, Pitt county negro, scheduled to be electrocuted Friday for rape, today was given a reprieve which set his death date for August 24.

Edwin M. Gill, parole commissioner, said Green would be given a respite of three weeks so that a probe of his case may be completed. Under the state law the reprieve gives Green nearly six weeks longer before he again faces the chair.

Green was convicted of criminal assault on a white woman and yesterday she appeared at a hearing before Commissioner Gill to recount the details of the crime.

Names Office Assistant. Washington, July 12.—(AP)—Harold D. Cooley, elected to Congress to fill the unexpired term of the late Rep. Edward W. Pou from the Fourth North Carolina district, today selected W. L. Farrell of Pittsboro, to be in charge temporarily of his office at the capital.

TRADE BODY AT BAYVIEW

Eastern Carolina Association Holding Annual Meeting at Resort Today

Important matters pertaining to this section of the State were scheduled to be discussed at the ninth annual meeting of the Eastern Carolina Association, Inc., formerly the Carolina Shippers' Association, held at Bayview today.

Officials of the association, which is located in Greenville, said before leaving today that indications pointed to the largest attendance in several years.

The pilgrimage to the Pamlico River resort was headed by C. W. Howard, president, and numbers of members from all parts of this section of the State served by the organization were present.

The trip from Washington to Bayview was made on the "Emblane," one of the Norfolk-Baltimore and Carolina Line's largest vessels. The return was to be made late this afternoon.

One of the highlights of the session was the election of officers and directors for the ensuing year. All business and professional men of the territory were invited to attend the session, looked upon by officials as the most important of the year.

PRIEST'S HOME IS DAMAGED IN WEST AUSTRIA

Bombing Comes Shortly After Death Sentence is Passed For Those Possessing Explosives; Legation At Salzburg Denier That German Minister Ordered to Return to Berlin

Vienna, July 12.—(AP)—Two night bombing outrages were reported in Austria today only a few hours after Chancellor Dollfuss had announced a new Nazi terror campaign with the death penalty for possession of explosives.

Five persons, four of whom were tourists, were injured at Salzburg when a bomb destroyed the automobile of a member of the Dollfuss "Fatherland Front Organization."

Another bomb shattered many windows and slightly damaged a priest's home at Biers, in western Austria.

Meanwhile the grand legation issued a formal denial of reports that the minister had been notified to prepare to return to Berlin and said such instruction was not expected.

The car at Salzburg was parked in front of a small tavern near the picturesque "Joislerbraey," a beef hall well known to Americans who have visited Salzburg.

CODE OFFICE COMING HERE

J. C. Lanier Officially Accepts Post as Code Head of Loose Leaf Industry

It was definitely announced from Washington, D. C., today that J. C. Lanier, of Greenville, had officially accepted the post as code administrator of the loose leaf tobacco industry.

The announcement was made this afternoon by W. Z. Morton, local tobacco warehouseman, who conferred over long distance telephone with officials of the Agricultural Adjustment Administration this afternoon and was told that all obstacles in the way of Mr. Lanier's acceptance had been removed and that he had already accepted the new post.

Mr. Morton said he was informed that Mr. Lanier would set up his office here next week and immediately call a meeting of tobacco warehousemen and explain the loose leaf code to them.

Headquarters of the code authority will be located in Greenville, with offices also being maintained in other belt. It was said that 180 field men will be employed in enforcing the code providing for weights, fair trade practices and wages.

TWO CLINTON WOMEN INJURED IN ACCIDENT

Goldsboro, July 12.—Mrs. T. A. Odum of Clinton, sustained a fractured shoulder, injuries of the head, and severe bruises, and Mrs. R. Cook, also of Clinton, had ligaments in her side torn, when the automobile in which they were riding turned over on highway 40 a mile south of Goldsboro, on Tuesday afternoon. They were given treatment at the Goldsboro hospital and later were taken to Clinton. Miss Gladys Cook, who was with them in the car, escaped injury. The accident occurred when the steering gear locked.

stand. If, on the other hand, the commissioner can find that the girl's story is untrue and that the negro is not guilty, he should be freed of the charge rather than confined in prison for life.

We realize it is a serious matter when a person's life is at stake, regardless of whether he is a negro or a white person, but likewise it is a serious matter to take one's freedom from him if he is not guilty of the crime with which he is charged. A compromise in such a case is justice to neither side. Therefore, we repeat that the issue is whether the negro is guilty and should reap the full punishment for his crime or whether he is innocent and should be given his liberty.

KEEP THE STRINGS OUT

With many farmers now curing tobacco and with the markets scheduled to open within a few more weeks, it will not be long before some farmers begin to grade some of their tobacco. We wish at this time to call the attention of the growers to the fact that when tobacco appears on the warehouse floors with strings in it, it does not bring as good a price as that in which there are no strings, and we urge them when they grade their tobacco to be careful that all the strings are removed. It will not take much extra time to remove these strings while the tobacco is being graded and the difference in price will mean much to the growers.

THE JIM GREEN CASE

The Jim Green case in which effort is being made to get commutation of sentence for a Pitt County negro now under death sentence for the rape of a white girl, is again before the Commissioner of Pardons and Paroles. Of course the case from any viewpoint is an obnoxious one and now it seems that the whole thing rests upon the girl's previous character and reputation.

When first announcement was made that efforts would be made to get commutation of sentence we expressed the opinion that it was a matter not of commutation but one of whether the negro was guilty of the crime with which he was charged and for which a jury found him guilty. This, in our opinion, is the angle upon which the commissioner of pardons should work. If the negro is guilty of his crime, and the girl still sticks to her story told in court here that she was attacked by the negro, then the sentence should

Washington Daybook
 By HERBERT PLUMMER
 Washington, D. C.—(AP)—There introduced an innovation in pocket veto practices for certain legislation enacted in the closing days of the Seventy-third Congress.
 He and the administration leaders in Congress were anxious to bring the session to a close. In their anxiety to get the Senators and Representatives out of town, the way was well as other legislation never intended by the administration to become law.
 No one, probably the authors of these bills themselves, expected White House approval would be given. Once through Congress, however, their responsibility was at an end.
 From a personal political standpoint it made little difference whether the President signed the bills.

Messages With Veto

There was, however, a sort of gentleman's agreement with the President that he wouldn't permit these bills to die without giving some reason why they were objectionable.

That's why, in so many instances of white House disapproval of bills sent up in the closing days of the session, two and three sentence messages accompanied the veto.

The "pocket veto" is one of the most interesting things in the scheme of American government. Neither law or custom decrees a President say why he permits a bill to die without his signature.

It was an accepted privilege of the Chief Executive to pocket legislation after adjournment of Congress until the Coolidge administration when it was first challenged.

Coolidge permitted a bill passed in the closing days of the 69th Congress, giving certain claim rights to the Indians, to die along with a joint resolution providing governmental operation of Muscle Shoals.

Court Rules For Coolidge

The Indians carried their case to the Supreme Court, and for the first time the court ruled on the constitutionality of the question—in the President's favor. The decision made it unnecessary to test the pocketing of the Muscle Shoals resolution.

Backed by this, President Hoover pocketed the independent offets appropriation bill just before he left the White House, paving the way for drastic cuts in veterans' compensation instituted by the present administration's move to effect economy in government.

This was a rare if not the only instance where the pocket veto was used as a means of co-operation between outgoing and incoming administrations.

New Bern, holding the locals to five runs. He made two safeties to top his club's offense. New Bern made six hits.

Hitting of Griffin and Perry featured for Snow Hill. The contest was a speedy affair and was run off in an hour and a half. Both clubs played errorless ball.

Ratney Hayes, former Central Carolina League hurler, started on the mound for the locals. He was relieved in the fifth by Newsome. Hayes was stung with hits—giving four in five innings—but he was a bit off in control. Newsome's relief hurling featured. He allowed only two hits and pitched shutout ball for his four innings of duty.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief that contain no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milburn Co.

18-MONTHS-OLD BABY FIRES OFF REVOLVER

Winston-Salem, N. C., July 12.—(AP)—Have you a little gun gal in your home?
Mr. and Mrs. Hubert Brewer have. They were startled awake this morning by the crashing report of a gun in their bedroom. Springing up they found their eighteen-months-old baby calmly gazing at a smoking revolver at her feet, while six inches away from her a bullet was imbedded in the wall.
The child had toddled from her crib, taken the pistol from a window sill, and in some way cocked and fired it.

"I am using your Kruschen Salts for constipation and reducing. Have taken 3 jars and have lost about 20 lbs. I can recommend it to be great." Miss A. J. Harber, Pineville, Ky., 1934.

"I have taken 3 bottles of Kruschen. I weighed 256, I reduced 56 lbs., and felt better each day, have got my 4th bottle." Ed Jordan, Levee, Ariz., 1934.

If you are proud of your double chin and bulging abdomen don't take Kruschen Salts. Ed Jordan made up his mind to take off 50 or more pounds of fat—and he did—Ed was sick and tired of lugging it around with himperisistency won for Ed as it will for any fat man.

A half teaspoon in a glass of hot water before breakfast every morning—get Kruschen at Pitt Drug Co. or any drugstore.—(Adv.)

Greenville Wins Flag Day Game From Ayden

Ayden, who had been riding Greenville's goat the most of this season, dropped the flag-raising game to the local club here yesterday afternoon by the score of 10 to 7.

Around three thousand cheering people from both towns were on hand to see the two clubs which participated in last season's championship series vie for flag-raising day honors, and like the crucial series saw the "Bugs" walk away with laurels of the day. Greenville won four straight games to take last season's honors.

Ayden came to Greenville all set for victory. They were so sure of capturing the game, they brought along a billy goat bearing placards, reading: "We've got Greenville's goat." When the diminutive bat boy led the animal on the diamond, thousands laughed and yelled, and they laughed still more as the "Bugs" disapproved Ayden did not have the locals' goat.

Scoring seven runs in the first frame, Greenville proved conclusively that the goat was not theirs, and added two more tallies in the third and sixth frames to add strength to the contention. Ayden did her best to prove the goat theory by launching a terrific batting attack that netted two runs in the second, three in the fourth, one in seventh and another in the ninth.

"Lefty" Dean, ace southpaw moundsman, went all the route for Greenville, but he found himself in plenty of hot water at times. However, by forcing six batters to whiff the air, and others to pop up at critical stages, he managed to hold the lead piled up by his teammates in early stages of the game.

Ayden pitted the usually invincible Doug Johnson against Dean, but Doug was rather nervous, or something, and couldn't locate home plate. He walked two batters, hit one and was sent to the showers when Wagner and Harrington singled, sending in the first three counters. Byrd took up where Johnson left off and managed to get the rest of the route with ten hits and the rest of the runs chalked up against him.

Both clubs slugged the old apple

just like they thought they would never get the opportunity to do so again, Greenville being credited with twelve hits against Ayden eleven. Huiskamp, Wagner, Poole and Bostic led with the stick for the locals, one of the cracks by Huiskamp going for three bases. Poole and Wagner were credited with two baggers.

Johnson, Knowles and Bullock grabbed honors for the visitors, each being credited with two bingles.

Ragged fielding by both clubs marked the contest. Four bobbles were credited to each, and coming at critical stages, figured in the scoring.

The flag-raising exercises preceded the game. The loving cup was presented to Herman Duncan, last year's president of the local club, by J. B. Eure, president of the league. Mayor Flanagan was to have made the presentation, but could not be present. Eure congratulated the players upon the fine spirit shown by them during play last year and expressed the hope the end of the season would still find such good relations existing in all towns comprising the league.

Both teams lined up in front of the grandstand for the exercises, with the bat boy and the goat, and when Duncan accepted the cup with expressions of appreciation, the pennant in the outfield was lifted to the top of the flagpole from which vantage point it saw its owners again trim their last season's contender.

"Doc" Smith Off Of Goats Forever

"Doc" Smith, doughy leader of the Ayden baseball club, is off of billy goats forever.

Coming to Greenville to take part in yesterday's flag raising game, the Ayden club brought along a cunning little goat with banners on both sides revealing the fact that "Ayden has Greenville's goat."

To prove nobody had their goat, Greenville staged a first inning batting rally and showed seven runners over the plate to put the game on ice. The final score was Greenville 10 and Ayden 7.

The goat, led by a diminutive bat boy wearing a suit capable of holding a person twice his size, was paraded around proudly for awhile, but after the terrific Greenville attack he acted as if he wished the goat was home.

Others may have all the goats they want, but as for "Doc" Smith, give him hits and runs and let the goats go to —

New York Cotton

New York, July 12.—(AP)—Cotton futures opened steady, eight to twelve points lower, on disappointment Liverpool cables and reports of light showers in the central portion of Texas.

Profit-taking and foreign selling was quiet at the opening. October sold off from 12.92 to 12.83, with general market easing to net losses of 14 to 16 points by the end of the first half hour.

The decline extended several points further under additional liquidation or realizing, but the offerings were being absorbed. October had eased to 12.78, but recovered to 12.84 by midday when the general market was about 14 to 17 points net lower.

N. Y. Stock Market

STOCKS
New York, July 12.—(AP)—A languid stock market showed little disposition to be up and doing today and prices as a whole displayed a moderately lower drift.

Various traders seemed to be somewhat skeptical of the ability of the list to forge ahead at this time in view of the many traders and industrial questions which are pending.

At the same time there was no widespread liquidation and the activity was considerably lower than in the previous session.

The irregularity of commodities may have caused some hesitancy on the part of a few operators.

Transfers were 466,393 shares.

Bandits Rob Bank.
Miami, Okla., July 12.—(AP)—In a gun battle between two bandits who robbed the Bank of Ketchum, Craig county, today and a posse of

officers led by Sheriff John York of Vinita, the two robbers and Sealum Gregory, president of the bank, were reported killed.

The shooting occurred 11-2 miles south of Grove in the northern part of Adair county, long a hill-land retreat for outlaws.

Officers said the license number of the car used by the robbers was issued to a Vian, Okla., resident, believed implicated in the robbery, although this man and his brother are brothers-in-law of Charles Costner, recently convicted and sentenced to prison for a bank robbery at Galena, Kas.

To Finish Blue Eagle Codes.
Washington, July 12.—(AP)—NRA focused every energy today on the big job of completing Blue Eagle codes making within 30 days.

"We are all set," said Robert J. Strauss, youthful chairman of the three-man committee named by Hugh S. Johnson for the clean-up task.

"Every division of NRA is pushing the plans," Strauss said. "We want to clean up every code in the building in 30 days."

The limit was set by Johnson just before he flew westward on a speaking and vacation trip. Simultaneously the NRA chief promulgated a "basic" code designed for the score of still uncodified small industries.

Woman Slayer Faces Chair.
Little Rock, Ark., July 12.—(AP)—Coroner L. C. Aday today placed a first degree murder charge against Frank Martin, trusty guard for the killing of Helen Spence Eaton, notorious woman convict, as she was attempting to make good her escape from the state farm for women.

NOW... GET THE TIRE WITH THE GOLDEN PLY and be 3 times safer from blow-outs at high speeds

Get months of extra mileage, too—at no extra cost

WHAT would happen if a blow-out threw your car out of control? Could you avoid landing in a ditch or crashing into an oncoming car? Probably not. Especially if you were speeding along some main highway.

When you're hitting 40, 50-mile after mile—can you imagine how terrific the heat inside the tire becomes? Rubber and fabric begin to separate. A blister starts... And grows... bigger and bigger, until BANG! A blow-out! And a terrible drag pulls your car off the road.

To protect you from these blow-outs, every new Goodrich Safety Silvertown has the Life-Saver Golden Ply. This remarkable engineering development resists heat. Rubber and fabric don't separate. Thus blisters don't form inside the tire. The great, unseen cause of blow-outs is prevented before it begins.

Here's Proof!

Racing daredevils tested the Golden Ply at breakneck speeds. Not one blow-out. Similar tires without the Life-Saver Golden Ply failed at one-third the distance the Golden Ply Silvertowns were run.

You can be sure of extra mileage, too. For with the Golden Ply eliminating the destructive effects of internal heat, rugged Silvertowns outwear ordinary tires by months! Play safe. Put a set of these

ANY DIFFERENCE IN GASOLINES? YES...PLENTY!

Is any one gasoline more powerful than another? Read this and judge for yourself!

IT does make a difference which gasoline you use—and Gulf tested 33 gasolines on famous American hills to prove it!

Of all these gasolines, Gulf proved to be uniformly best. 10 out of 15 times it took a car and loaded trailer up steep grades farthest. It won more hill tests than all the other gasolines combined!

Prove Gulf's greater power. Drive to a Gulf station, fill up—and see the difference in your motor!
