FRUSTRATE PLAN TO DYNAMITE ROOSEVELT TRAIN

Two Men Shot By Driver In Minneapolis Strike Sector

SHOTGUN USED IN DISPERSING PICKET FORCES

Ice Cream Truck Driver Inflicts Injuries To Two Men of Group Stoning His Truck; One Stone Strikes Driver in the Back

Minneapolis, Ind., Aug. 4.—(AP)—Two men were reported shot and wounded by an ice cream truck driver today in another outbreak of violence in the truck drivers' strike. Leo Holscher, driver for an ice cream company, reported to the National Guards he had fired a shotgun at strike pickets stoning his vehicle. One of the stones, he said, struck him in the back. The pickets escaped. Twenty pickets defying the National Guards stationed only three blocks away swarmed over the truck while Holscher was in a nearby building. He returned to seize the shotgun, squeezed the trigger and drove off the attackers. Earl Collins and George Schirrs, with minor buckshot wounds, were admitted to a hospital where they were treated.

GUARDS READY TO GO TO CAMP

Artillerymen Here all Set For Annual Encampment at Fort Bragg

Members of the local military unit of North Carolina National Guards today had their eyes cocked in the direction of Fort Bragg where they will be in annual encampment for the next two weeks. The unit will leave here tomorrow by train at 1:45 o'clock with other contingents of guardsmen from this district, arriving at Fort Bragg in time for the beginning of activities Monday morning.

After drilling several nights on the city's streets, reminding the public of World War days, the artillerymen were in fine trim for the arduous task ahead of them and hoped to return home with additional honors in their keeping.

The last three or four years they won considerable recognition from commanding officers because of the showing they made in the mill, field and sports arena.

Commander Herbert Waldrop, who will accompany the youngsters to camp, said today they were in tip-top shape for the grueling test and were determined to maintain the fine record established in previous years.

The company will go to camp full strength, with 65 men and four officers on duty.

The encampment was set for a later date, but was recently moved up to give those who take part in the tobacco industry an opportunity to attend camp and be ready for the opening of the tobacco markets.

Daughter Born To Mrs. Dempsey

New York, Aug. 4.—(AP)—Mrs. Jack Dempsey, the former Hannah Williams, stage singer, today became the mother of a 7 1/2-pound daughter at Polyclinic Hospital and the mother and child were reported as doing well. The baby's father is the former heavyweight champion of the world.

Secret Trial Spins Out—Los Angeles, Calif.—(A)—Ascot automobile speedway has abandoned policy of holding secret trial speed spins. It was found the public could clock autos from nearby hill-tops, so the track has been thrown open to all in advance of big meets.

Out For Governor

Mrs. William Langer, a former New York society girl whose husband was ousted as chief executive of North Dakota recently, has been designated republican nominee for governor of the state. (Associated Press Photo)

TWO HELD FOR ROBBERY SENT BACK TO JAIL

Herbert Hemby and Stella Green Unable To Arrange Bond, Remanded to Jail

Herbert Hemby, colored, held by police on two charges of breaking and entering and robbery, was bound over to the next session of criminal Superior court under bond of \$5,000 in a hearing in police court this morning. He was unable to give bond and was remanded to jail.

Stella Green, negress, held for receiving stolen property in connection with the Hemby case, was bound over to Superior court under bond of \$1,000 and was remanded to jail when she failed to arrange bail.

Hemby was arrested by Sheriff Sam Whitehurst and police in the home of Dr. Carr Wednesday after making away with a considerable part of the house furnishings. Police said the robbery had been going on about three weeks, and probably would have resulted in ransacking of the whole house had Hemby not been seen entering the home by a neighbor who notified police.

Hemby confessed everything following his arrest and implicated the Green woman, who is charged with receiving a portion of the stolen property, describe by officers as found in all sections of the city.

When Hemby was fingerprinted it was found the prints checked with those taken from a window glass at the home of Mr. Fleming on Paris avenue, which was robbed sometime in June. This resulted in the filing of the second charge of robbery against the negro.

Hemby, Chief of Police George Clark said, has already served two terms on the roads on similar charges and it was expected he would be sent up for life at the forthcoming trial.

Chained Onion

Nashville, Tenn.—(AP)—Found in a garden here: An onion that grew through a ring in a chain and is now tightly bound around the middle. Nevertheless, it continues to grow.

The needle fish, a deep-sea denizen, has its jaws elongated into needle-like points.

DR. M'GEACHY RESIGNS PITT HEALTH POST

County Health Director Accepts Similar Position in Halifax County

Dr. R. S. McGeachy, director of the Pitt County Department of Health, tendered his resignation today to the Board of Health, effective August 20.

The resignation was contained in a written statement and probably will be considered by the board at an early date.

Dr. McGeachy said he had accepted the post as director of the Halifax County Department of Health and was to report there the day his resignation becomes effective here.

Dr. McGeachy came to Greenville four years ago from Lenoir County where he served as public health officer for ten years.

During his stay here he has been active in the civic life of the community, taking an important part in activities of the American Legion, the Kiwanis Club and movements looking to the improvement of community life.

Sheppard Memorial Library is one of his hobbies, and because of his interest in the work of the institution recently started a campaign for more books that has resulted in replenishing a portion of the depleted stock.

As the president of the Kiwanis Club, he started the book campaign through that organization. The club presented a number of books, sponsored a Boy Scout canvass of the city, and then sent a committee headed by Dr. G. R. Coombs, pastor of the Jarvis Memorial Methodist Church, before the Board of County Commissioners, to seek funds for the purpose.

The library not only serves Greenville, Mr. McGeachy said time and again in seeking support, but is being taken advantage of by residents in all sections of the county, thereby qualifying for support of the county in general.

He is a veteran of the World War, and not so long ago was awarded a medal for distinguished service by the Daughters of the Confederacy.

The county's fight on typhoid fever has attracted wide attention in recent years because of Dr. McGeachy's determination to stamp out the disease, and recently won the honor of leading the State in this particular field of endeavor.

A successor probably will be chosen at the next meeting of the Board of Health.

ANOTHER MAD DOG SHOT HERE

Police Report The Slaying of Dog Believed Mad on Dickinson Avenue

Police announced today the slaying of a dog believed to have been made on Dickinson Avenue Thursday night after the animal had been fired upon twice by a lady on Chestnut Street.

The dog ran from Chestnut Street around to Dickinson Avenue where police pistols cut him down.

Chief of Police George Clark said it was not ascertained definitely whether the dog was mad, but in view of the fact that several animals were believed to have been bitten by a rabid animal in the western section of the city sometime ago, the dog was slain as a safeguard.

Chief Clark also made known that four or five other dogs were shot by police this morning.

Dog owners have been notified repeatedly that dogs will be shot if caught on the street in view of the danger of the spread of hydrophobia, and every owner has been urged to keep animals in leash and off the streets.

Several persons were bitten here last year by rabid animals, one died, and police since that time have been (Continued on page three)

Gives Self Up In Coed's Death

Neal Myers, 21, University of Oklahoma student, is shown at Oklahoma City, Okla., after he had given himself up for questioning in connection with the death of his college sweetheart, Marian Mills. Her death was alleged to have resulted from an attempt to prevent motherhood. (Associated Press Photo)

SAYS GROWERS MUST OBTAIN ALLOTMENTS

County Agent Seeks To Speed Up Allotment Applications of Tobacco Growers

Those who have not signed contracts or those who have planted tobacco not under contract, today were requested today to apply at the Pitt County Farm Department, for allotments for selling.

Mr. Arnold said all applications must be in before allotment cards are issued.

With the bright leaf tobacco market of this section scheduled to open August 23, Mr. Arnold declared all farmers must have their allotments before they sell if they wish to avoid tax.

The farm head said every effort was being made by his office to have the allotments in the hands of growers by the opening of the market, but that this could not be accomplished unless formal applications are made. He urged growers to get busy at once and obtain allotment cards so they will be in position to sell their tobacco when the market opens, if so desired.

Parrish Melon Record Badly Damaged Here

Vernon Parrish, local broker, who annually brings big watermelons to Greenville and tells big stories about them, was literally "flabbergasted" today when a truck arrived here with melons weighing as high as 90 pounds or more, and should he ever recover, he is expected to send out an "SOS" to his melon patches for additional products to enable him to sustain his reputation as the biggest watermelon producer in the country.

Last year Vernon brought a melon here which he said tipped the scales at one hundred pounds. He was so proud of the achievement that he carried the melon to Virginia where he made F. F. V.'s optics literally pop out of their heads at the sight of the tremendous product, described by Vernon as about the size of the airship Macon, but unable to fly except down the throat.

With his watermelon reputation badly crippled, the versatile Vernon was keeping the wires hot between here and his favorite melon patches today with indications he won't be able to sleep soundly again until he has recaptured his dust-stained honor.

Money Begins Flowing Thru Tobacco Area

Valdosta, Ga., Aug. 4.—(AP)—A busy hum of activity on the tobacco market which opened Wednesday had brought livelier trade to Valdosta and the other markets in southern Georgia. Merchants today looked back over the seven months' period of 1934 that have been marked by increases in business and great activity in trade channels. The tobacco market liberates thousands of dollars to farmers of this area, and this is put back into circulation in the purchase of household, farm and other necessities.

Already merchants say they can feel the quickening pulse of trade influence by the flow of cash brought by the tobacco market, and even before the market opened they declared business for the seven months of 1934 was much greater than the same period of 1933.

HITLER CALLS REICHSTAG TO MEET MONDAY

New German President Seeks to Consolidate His Position As "New Napoleon"

Berlin, Aug. 4.—(AP)—Adolph Hitler, seeking to consolidate his position as the "new Napoleon," summoned the all-Nazi Reichstag today to assemble Monday for a memorial service to the late President Paul von Hindenburg.

Chancellor Hitler's address, a chancellor spokesman intimated, will be of a political nature with a direct eulogy of von Hindenburg reserved for the funeral services Tuesday at Tannenberg. Because of the usual circumstances of the coupe whereby he merged the office of president and chancellor, Hitler was believed to be intending to seize the occasion to justify his assumption of the powers of a monarch.

Mrs. Dillard Dies In Wake

Mrs. Sallie Dillard, 75, died Thursday morning at the home of her daughter, Mrs. D. O. Hill, on Wake Forest road, in Wake County. She was the daughter of the late Rev. R. K. Hearn and Lucetta Reeves Hearn of Pitt County.

Mrs. Dillard is survived by the following children: Mrs. R. L. Faison, Wakefield, Va.; Mrs. W. E. Cottle and Mrs. W. O. Hill, Raleigh; Mrs. H. T. Wallace, Mrs. H. J. Morgan and O. G. Dillard, all of Washington, N. C.; and C. N. Dillard, Low Gap; one brother, R. B. Hearn, Washington, N. C.; twenty-nine grandchildren and nine great-grandchildren.

Funeral services were conducted from the home yesterday at 3:30 o'clock by Rev. Harvey A. Cox and burial was made in the City Cemetery. Pallbearers were her grandsons: Edward O. Hill, William D. Buckman, John D. Hill, William D. Buckman, John D. Hill, Gordon Hill, W. E. Cottle, J., and Oscar G. Wallace.

Mrs. Dillard was an aunt of Magistrate H. L. Jenkins, of Greenville, who attended the funeral services.

Mrs. J. W. Johnson and Mrs. Mack Churchill of this city, also attended the funeral.

Scotch Gliders Form Union.—Glasgow.—(AP)—A Scottish Gliding Union has been formed to develop motorless aircraft flying in Scotland.

HOLD BLACKS AS SUSPECTS IN ASSAULT

Five Men Arrested Near Louisburg in Criminal Attack on White Woman

Louisburg, N. C., Aug. 4.—(AP)—J. H. Boone, Franklin County tax collector, said today that five negroes were being held in an unannounced jail on suspicion that one or more of them criminally attacked Mrs. J. B. Wilson near Ingleside yesterday.

"I don't know the names of any of the men and we won't say where they are," Boone said.

"We are not sure that we have the right men yet, but we are holding five negroes."

Sheriff F. N. Spivey was still continuing the man-hunt in the section, Boone said, which indicated it was thought the perpetrator of the crime had not been caught.

PUSH WORK ON SWIMMING POOL

Rate Schedule For Swimmers to be Worked Out by Committee First of Week

The admission price schedule for the local swimming pool had not been definitely worked out today but it was said this would be done between now and the first of next week.

It was said, however, the swimming pool committee was considering a charge of 5 and 10 cents, with a probable age limit to be included in the five cent rate.

With the pool scheduled to open next Wednesday, work was being pushed forward rapidly today in the hope of having everything in readiness when the opening date rolls around.

It was announced this morning that life-saving paraphernalia had already arrived and was being gotten in readiness by Eric Tucker, recently selected by the pool committee as manager of the municipal enterprise.

Tickets have been ordered printed. These are for five and ten cent admissions and by the date of the opening the age scheduled will be worked out.

The pool and culvert built in that section of the city was originally expected to cost around \$29,000, but the aldermen were told Thursday evening an additional \$5,000 would be necessary to complete the project. The city will provide \$12,500 and the government the remainder of the fund.

Twin Tobacco Leaf Exhibited

A twin tobacco leaf was brought to this office today by L. A. Cobb, farmer, residing near Greenville.

The leaf contains two perfectly formed leaves with stems, but in the lower center where the leaves branch out there is a section without any stem at all.

The two leaves branch out about six inches from the top with the main stem dividing into two perfectly formed stems down the center of each leaf.

The twin is something of a curiosity and attracted considerable interest among tobacco growers who are always looking for something new in their line.

DRIVE CAREFULLY TODAY

DRIVING AT TWILIGHT

Records from a score of cities prove that the most dangerous time of the day for both pedestrians and motorists is at dusk. There is neither enough daylight nor sufficient artificial light. This is the hour too, when motorists are most likely to find children playing in the streets. No matter how carefully you drive exert just a little extra caution during this most dangerous time of the day.

Officers Uncover High Explosives In Spokane Area

Late News Flashes

Four Wilson Policemen Suspended—Wilson, N. C., Aug. 4.—(AP)—Four Wilson police officers were suspended by City Manager W. M. Wilson today pending a hearing before the board of aldermen at which they will be charged with receiving and accepting rewards for their own personal use instead of depositing them in a pool for the division among all department members at Christmas time as is the custom here. The men were Detectives L. P. Lucas and J. C. Fulghum and Officers J. C. Pittman and J. E. Gregory are understood to have received \$700 as their share of rewards offered for solving a mail truck robbery here last October in which they recovered a \$50,000 money shipment.

Lea Given Temporary Parole

Raleigh, Aug. 4.—(AP)—Luke Lea left state's prison under temporary parole this afternoon at 2 o'clock in the custody of Jack Roach, director of the prison division enroute to Nashville to attend the funeral of his son, Percy Lea.

Roach will take Lea by car as far as Asheville, where Lea will be given into the custody of Oscar Pitt of (Continued on page four)

DR. MEADOWS GIVES FACTS ON COLLEGE

Acting Head of Teachers College Tells Of the Tangible and Intangible

The record of service of East Carolina Teachers college during its twenty-five years of existence was presented to members of the Greenville Kiwanis club in regular session at the Woman's club building last night by Dr. L. R. Meadows, acting president of the college.

The principal speaker of an education night program directed by Donald Conley head of the Pitt County Department of Education, Dr. Meadows presented his hearers with facts described as "tangible and intangible about the college," situated just three blocks from the heart of the Greenville business district.

Presented by J. H. Rose, superintendent of city schools, as not only one of the leading educators of the state but "a practical-minded business man, who knows how to make money," Dr. Meadows lived up to everything said about him in the introduction.

Probably one of the most important of the "tangible facts" presented by the speaker was that pertaining to the financial value of the institution to the community. At least, that is what appealed to the hard-headed business men who are able to see things only in terms of dollars and cents—even education and religion.

Dr. Meadows said the college spent approximately \$1,000 daily in Greenville, three-hundred-and-sixty five days to the year. The tangible things of life are those which fingers can be placed upon and naturally the fingers of the hard-headed business men listening to Dr. Meadows wiggled nervously as they visualized \$1,000 every day in the year.

Dr. Meadows said that since founding of the college in 1907, (Continued on page Three.)

Lea To Attend Son's Funeral

Nashville, Tenn., Aug. 4.—(AP)—Richard M. Atkinson, prosecuting attorney for this county, said today that a North Carolina official had indicated to him that Luke Lea might be permitted to leave the Raleigh prison by automobile this morning to attend the funeral of his son, Percy Lea, killed in an automobile accident yesterday.

EFFORT MADE TO AVERT ANY TRACK BLASTS

Federal Agents and Officials Take Extreme Precautions to Guard Presidential Train; Union Pacific Agent Discovers Explosives and Directs Searchers to Spot

Spokane, Wash., Aug. 4.—(AP)—A sack of dynamite and percussion caps found lying near the railroad right-of-way over which President Roosevelt's train passed early today, led to extreme precautions of Federal and county officers to prevent any attempt against the Presidential train.

Roosevelt's train passed over the spot two and half miles southwest of Spokane without any untoward incident.

The explosives were discovered by a Union Pacific agent four days ago who became suspicious of three men he saw depositing a package. Sighting through a watch tower door the agent directed searchers to the spot when the cache was hidden in the brush.

EXPECT CROWD AT SERVICES

Union Service on Courthouse Lawn Expected to be Largely Attended

Rev. A. W. Fleischmann, pastor of Memorial Baptist Church, will speak at the regular Sunday evening union service to be held on the courthouse lawn tomorrow evening.

Dr. Potts of the Presbyterian Church was the speaker last Sunday when a tremendous crowd was on hand to enjoy the delightful musical program and sermon.

The services will continue through the month of August, it was announced last week by Mr. Fleischmann, president of the Ministerial Association, sponsor of the services, and the public is urged to be present each Sunday evening from now on and enjoy the delightful programs.

Ample seating accommodations have been provided on the lawn and standing room—plenty of it is available—for those who attend late. In case of rain the service will be carried to Memorial Baptist Church, a plan decided upon when the first two services were rained out.

With only three more services due for the month, the public was urged to attend in large numbers and give impetus to the movement to bring various denominations together every Sunday evening during the summer.

Mayor Suffers Malaria Attack

Mayor R. C. Flanagan was reported this morning to be suffering from an attack of malaria at his home on Fifth street.

After presiding over police court this morning, the mayor was reported to have been running a slight temperature and was advised by his physician to go home and rest.

The malaria comes in the wake of severe illness of the mayor several weeks ago, from which he had not fully recovered.

General Grant's headquarters in 1862 were on Beale Street, Memphis, where the "blues" later were born.

SPITE MARRIAGE

SYNOPSIS: Because of Bob Powers' stubborn refusal to understand his wife's relation with one of her friends, they are on the verge of divorce. But Bob's mother falls in love with the divorcee and while Marsha is in prison she persuades Bob to marry her.

Chapter 36 MARSHA'S GREETING

"MY DEAR!" Bob heard Marsha call, and suddenly his world was reeling. He had not dreamed that she would kiss him, press close to him and cling.

Bartholomew had tiptoed away. She had not made the scene for Bartholomew. He found he could not lose her hands, and that he could not speak. He saw she was pitifully weary, more uncertain and younger than he had thought she could seem.

"You must be tired," she stated, "and you must eat some luncheon. It's waiting you."

"I don't seem" (again the numbness that slowed his speech was gripping him) "to be hungry."

"What has wrecked you so?" he asked abruptly. She laughed, but her eyes filled; "How delightfully courtly," she murmured.

MARSHA told Bob, quite evenly, but in a voice that took on again a trifle faint, of the funeral of the beautiful flowers, of how quite everyone Mrs. Powers had known had sent them.

These two instances speak well for two of the county's leading banks and should prove gratifying to the officials of these institutions as well as the citizens of the county as a whole.

that by the end of the fiscal year, next June, the recovery program will be nine billions of dollars in the hole, and that thereafter the government should be able to live within its income.

Actually, expenditures have fallen considerably behind that schedule; on the other hand, the potential expenditures between now and June may be greater than the sum fixed. The difficulty of being exact is increased by the fact that the figures have been subject to all sorts of misrepresentation by politicians.

"Inflation" Not Likely Leaving out of account the possible revenue from such government enterprises as the Muscle Shoals

The above picture, cabled to New York from London, shows Otto Planetta, Austrian Nazi and confessed slayer of Chancellor Engelbert Dollfuss, between two guards after hearing his death sentence. Three hours later he and Franz Holzweber, who led the Nazi raiders into the chancellery when Dollfuss was slain, were hanged in a Vienna prison yard with the words, "Hell Hitler!" on their lips.

Hindenburg's Death Vacates 'Rubber Stamp' Presidency

By MELVIN E. COLEMAN (Associated Press Staff Writer) The German presidency, vacated by the death of Paul von Hindenburg, has been reduced by the Nazis from a position of authority to a rubber stamp status which amounts to little more than the task of impersonating the dignity of the state.

Under a two-year-old amendment to the constitution, Dr. Erwin Bumke, as president of the reich's supreme court, would serve as president of Germany until a regular election is held.

Power From the People In the beginning of the republic, the farmers of the Weimar constitution visualized an executive, chosen by popular vote, with power surpassing those usually granted a constitutional monarch.

Germany soon will have more than 5,000 moving picture theaters wired for sound, the total seating capacity amounting to 1,862,104.

Greek wine and liquor exporters are said to be disappointed at results thus far obtained by them in consequence of the re-opening of the American market.

Fatal automobile accidents in Alabama during the month of May were about one-third more than the number for the same month of 1933.

ADD TO DROUGHT'S TOLL 15 FAMISHED PELICANS Miller, S. D.—(AP)—When adding up the number of deaths due to the devastating heat that has been sweeping the country, be sure to include fifteen pelicans. Flying unsteadily low over the farm of A. J. Schaeffer near here, the birds flopped into a field and collapsed. Schaeffer loaded them on his auto trailer and moved them to a barn where he tried forced feeding and watering. But all were dead the next morning.

FOREIGN LANGUAGE SIGNS BANNED BY CHINESE EDICT Nanking.—(AP)—China's nationalistic spirit was given a fresh fillip recently when General Chiang Kai-Shek forbade shop keepers to display signs in foreign languages. Native magazines and other publications at the same time were prohibited from using alien tongues on their title pages.

POLITICS at random

By BRYON PRICE (Chief of Bureau, The Associated Press, Washington) As the golden stream of recovery expenditures swells, Washington is hearing with increasing frequency the question: "How is it ever to be repaid?"

the answer seems simple. The government is paying by borrowing, through the usual, orthodox channel of issuing government securities. The market for them remains good, and no one has any apprehension that it will weaken in the immediate future.

Social and Personal

4-H Short Course. The following girls attended the 4-H Short Course: Misses Mildred Taylor, Myra Watson, Rubelle Smith, Pearl Ward Barnhill, and Martha Cobb. Each of these girls attended several classes, but specialized in one. Their reports will be heard at the first club meetings this fall.

ANOTHER MAD DOG SHOT (Continued from page one) on their guard against the endangering of public life from such a cause. Every safeguard possible is being thrown about children playing on the streets as well as grown-ups, and the slaying of dogs is the carrying out of this effort to preserve human life.

DR. MEADOWS GIVES FACTS ON COLLEGE (Continued from Page One) 24,218 students had received instruction within its walls 3,724 going out as graduates. He estimated the graduates had taught around a half million people.

AS RESULT OF FALL Wilson, N. C., Aug. 4.—Mrs. W. P. Wooten, ninety years old, is in the Moore-Herring Hospital here suffering from injuries which it is feared will prove fatal.

At the hospital it was said her age was against her, and but little hope was held out for her recovery. Mrs. Wooten's husband was a former prominent furniture man of Wilson. She has lived in the old Wooten home near the railroad station ever since her marriage and up to the present time has been in vigorous health.

'BUGS' AGAIN FALL BEFORE TAIL ENDERS

Tarboro, Aug. 4.—Tarboro's celebrities continued to play like a first division outfit and handed Greenville an 8-7 defeat yesterday.

Led by Manager Olin Perritt who hit a triple and two singles and starred afield at shortstop, the locals forged into an early lead and had piled up an 8-2 margin by the time the ninth inning rolled around.

Ayden bests New Bern five-game hold on first place by defeating New Bern, 5-1 here yesterday afternoon behind five-hit pitching of "Skinny" Byrd, Erwin High school star.

Byrd held the visitors well in check and their lone tally came when he issued a walk to force in a runner.

Faust Johnson, running to 26 the number of consecutive games in which he has hit safely, was the leader in the locals' nine-hit attack.

Rogers weakened in the seventh and Bolger pitched the rest of the way for the Lenoir team.

Old Sol helped the visitors out. Three fly balls fell for doubles when the sun blinded Newman, local left-fielder, and he misjudged the blows.

Manager Virgil Weathers and Rogers each made two hits to lead the visitors. Roy, Cheek and New-some had two apiece to show the way for the home club. Each team made nine hits. Melborn featured a hit for Snow Hill.

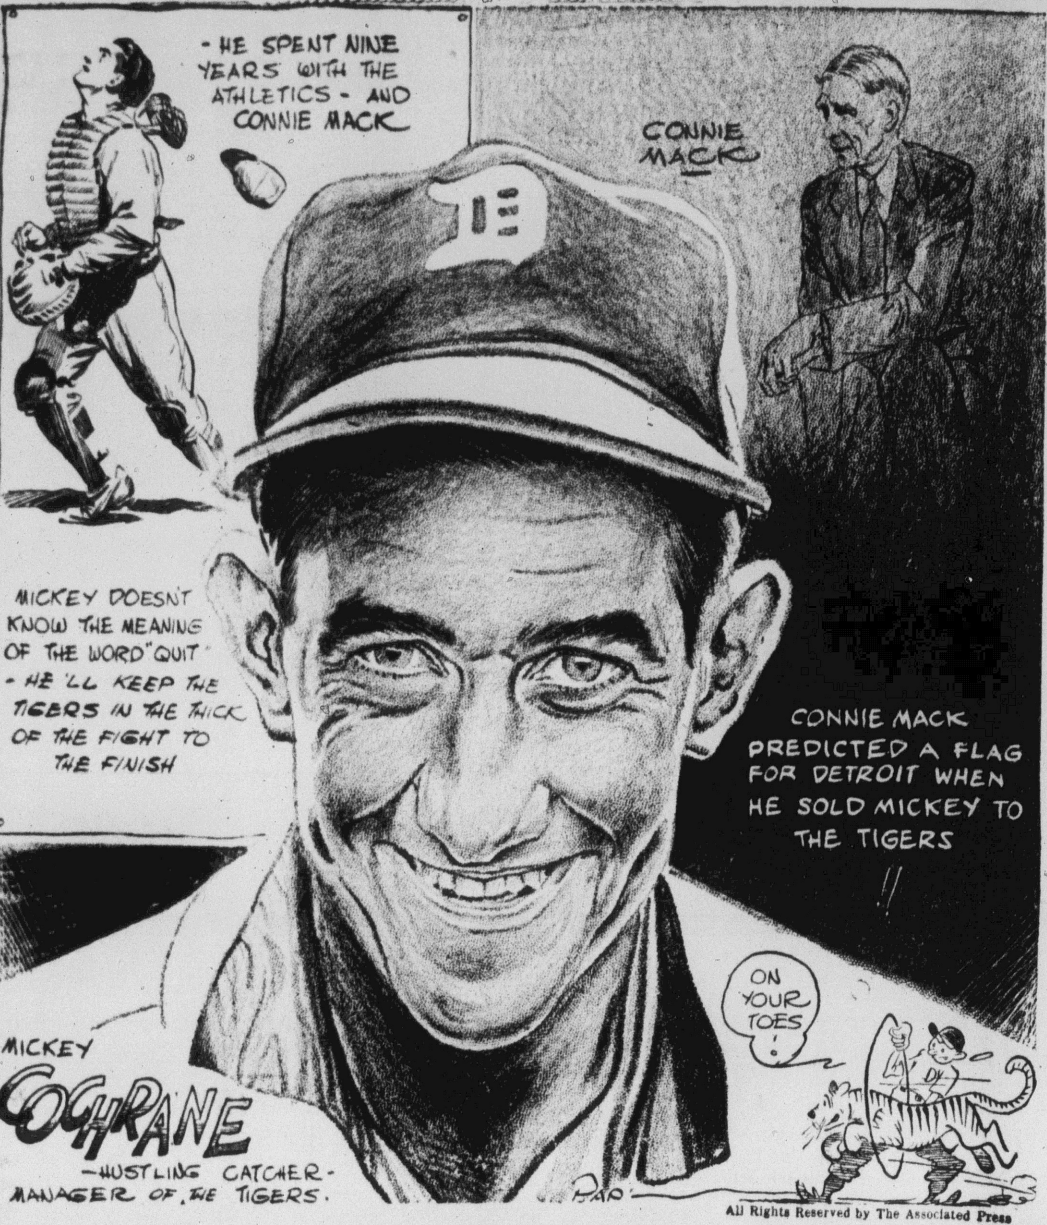

Batteries: Kinston—Rogers, Bolger and Tatum; Snow Hill—New-some and Roye.

Tarboro was preparing today to raise money for its fighting ball club through a swimming contest to be given there next Wednesday night, with swimmers from that town, Greenville, Rocky Mount, Farmville, Robertsonville and other places taking part.

Eric Tucker, manager of the local swimming pool, was advised of the contest yesterday with a request that representatives be sent from Greenville.

Each town will be allowed two contestants in the 60 and 120 yard races. A relay race will be open to everybody. In addition there will be tub, candle and egg races.

The contest will be directed, by Roy Edwards, field director of the American Red Cross.

New York Cotton

New York, Aug. 4.—(AP)—Cotton futures opened steady four higher to one lower with fairly good demand for near positions on higher foreign exchange, but with liquidation of the late months.

Business was only moderately active and eased under liquidation immediately after the call. December sold off from 13.11 to 13.03 with the active months generally dropping one or two points below yesterday's closing.

The market met some foreign buying as well as covering on the set-back had held fairly steady at the end of the first half-hour with active months ruling some two or three points net higher.

N. Y. Stock Market

New York, Aug. 4.—(AP)—Ignoring the world-wide strength of wheat market shares yielded readily to light selling on the New York stock market today, a few issues registering new lows for 1934.

Losses of one to four points were numerous and the closing was heavy. Transfers were 300,000 shares for its two-hour session.

Late News Flashes

(Continued from page one)

the prison department, for the trip to Nashville and return to Raleigh. Arrangements were completed this afternoon for the release on temporary parole of the prisoner.

Lea, former makers of governors and financial wizard in Nashville, was allowed to go to Tennessee under the escort of one North Carolina officer, two Tennessee officers and Fred Seely of Asheville, a bondsman and personal friend of Lea.

Governor Hill McAllister of Tennessee this afternoon advised Edwin Gill, parole commissioner, that he would instruct Benton McMillan, chief of the Tennessee Highway Patrol, and Lawrence Beaman, sheriff of Davidson county, Tenn., to meet the party from North Carolina at Hot Springs, N. C., when the party goes into Tennessee. Lea will technically be in the custody of North Carolina officers and be in the hands of Tennessee officers.

Governor Ebinchhaus on vacation cruising near Ocracoke, had announced the terms under which he would free Lea who is serving six to ten years for bank violation.

The parole gives Lea the privilege of going direct to Nashville for the funeral of his son and he is to return here immediately. Lea as a surety executed a \$10,000 bond condition to insure Lea giving himself back to prison on or before August 9.

Austrian Fight Goes On

Somewhere on the Gugo-Slav Border, Aug. 4.—(AP)—Konstantine Kamenhofer, chief of staff of the Austrian Nazi armed forces, told The Associated Press today that the Nazi revolution in Austria has only just begun.

"We are not finished," he declared. "The fight for German-Austria's freedom will go on."

"It is true our military resistance had been temporarily broken. It is true the Schuschnigg government now wreaks vengeance on our families and followers, homes confiscated, our property taken and robbed us of our bank accounts."

"But the fight goes out and there are no men left, the women and children will continue fighting. Schuschnigg's government has no more chance of surviving than its predecessors."

Columbia Man Kills Himself

Columbia, S. C., Aug. 4.—(AP)—Armed with two pistols, John E. Black, former executive of the Surety Building and Loan Association of Columbia set out today apparently to attack its ten directors, but ended by fatally wounding himself.

Black fired two shots at O. Frank Hart, grand master of South Carolina Masons and one of the directors, before thrusting one of his pistols against his own chest and firing a bullet which penetrated his heart.

Tart was unharmed by the bullets which were fired in his office in the center of the business section.

The Masonic leader told police he seized one pistol which Black attempted to draw from a hip pocket and was standing at a window unloading it when Black pulled another pistol from a box under his arm and fired.

Hart said he ducked and the bullet missed him.

With Andrew Brown, elevator operator, and L. C. Shaw of Columbia, a passerby who heard his call for aid, Hart broke from the office and took refuge in a room on another floor.

Hart said he heard Black fire two more shots after they escaped. One was believed to be the bullet which took Black's life. Black died shortly after noon in a local hospital.

A Washington Daybook

By HERBERT PLUMMER Washington, D. C.—(AP)—There is a noticeable improvement in the esprit de corps among Republicans as the Congressional election campaigns get under way in earnest.

Even the most pessimistic of the party admit things are looking up. They declare prospects of a good showing in the November elections are much better than they were earlier in the year. Some of those who three months ago shook their heads sadly when the subject was mentioned now speak confidently of picking up 40 or 50 seats in the House this fall and holding what they have in the Senate.

The reason for the change in sentiment is due to several different factors.

The resentment reported in the West among farmers toward the AAA—aggravated by the drought—is one.

Unmistakable signs of a revival of party spirit is another.

'New Deal' Criticism

Then there is what they describe as the increasing criticism of the "new deal," especially NRA among business men who heretofore have been willing to stay in line.

A feeling of unrest about what ultimately will be done with the currency is reported. And there's uneasiness in some quarters over the final outcome of some of the gigantic enterprises launched under the "new deal."

The Democrats are not unmindful of this new feeling of encouragement among the Republicans. They are doing and will continue to do everything within their power to offset it.

All signs point to an increase in briskeness and roughness in the efforts of both parties as the campaigns continue.

'Eager for the Fray'

Although the time for withholding or tempering criticism of the "new deal" on the part of the Republicans seems near an end, the Democrats continue to advance as one of their main arguments that the welfare of the country should come before politics.

They want to cling as long as they can to the argument that it is unpatriotic to criticize the "new

deal." An example of this is to be had in a recent speech delivered by Senator J. Hamilton Lewis, of Illinois, chairman of the Democratic Senatorial Campaign Committee, entitled "Conspiracy of Politics and Its Assaults Upon America."

However, it turns out, it can be put down as a certainty the Congressional elections campaign from now on will be fought out bitterly on both sides. Republicans are eager for the fray. Democrats are overlooking nothing.
