President Recommends Sweeping Tax Changes In Message To Congress

Tax on Undistributed Corporation Profits Included

SEEK CHANGES IN OLD TAX SYSTEM

'Windfall' Tax to Recover Considerable Part of Processing Taxes is Asked

Washington, March 3.—(AP)—Sweeping tax law changes including imposition of a tax on undistributed corporation profits and repeal of the present graduated corporation income tax were recommended to congress today by President Roosevelt.

Processing taxes spread broader and thinner than the old levies outlawed by the Supreme court.

A "windfall" tax to recover a considerable part of the old processing taxes which were returned to the tax payers or on which they refused payment.

Repeal of the existing capital stock tax which was estimated to yield \$163,000,000 in the fiscal year 1937.

Repeal of the corporation excess profit tax which was estimated to yield \$500,000,000 in 1937.

Repeal of the exemption of dividends from the normal tax on individual incomes.

The graduated corporation income tax which the President proposed to repeal was estimated to yield \$826,000,000 in the fiscal year 1937.

Treasury experts were understood to estimate that the proposed new levy on undistributed corporation profits would not only replace the \$994,000,000 which would be repealed but provide an additional revenue of \$620,000,000 on 1936 corporation incomes.

The President told Congress invalidation of the processing taxes left a deficit in the budget of \$1,017,000,000 and that the cash bonus bill would add an annual charge of \$120,000,000 a year.

"We are called upon therefore," he said "to raise by some form of permanent taxation an annual amount of \$620,000,000. It may be said truthfully and correctly that \$600,000,000 of this tax amount represent

BUSY SESSION COUNTY COURT

Large Number Cases Disposed of at Session

County court disposed of an unusually large number of cases this morning, many of them being defendants charged with operating an automobile while under the influence of whiskey.

B. J. Little, negro, will be tried in Superior court on a larceny charge because of want of jurisdiction in the lower court.

Clyde Stalls entered a plea of guilty of driving drunk and was fined \$50 and costs and had his license revoked for 12 months.

Oscar Stalls paid the costs and had his license revoked for 12 months following a plea to drunkenness and disorderly conduct.

Oscar Parker, negro, was charged with driving drunk and without a license, but was acquitted on the driving drunk charge. Judgment was suspended on the lesser charge upon provision he pay the court costs. His driving license was revoked for 30 days.

George Cannon, negro, was convicted of reckless driving, but was acquitted of a driving drunk charge. He was sentenced to the roads for six months and his license was ordered revoked until he paid damages to property of M. L. Moye.

R. F. Bristowe was convicted of driving drunk and was fined \$50 and costs and had his license revoked. He noted an appeal to Superior court and bond was set at \$200.

Deary Miller, negro, was acquitted on a charge of driving drunk.

Sonnie B. Teel entered a plea of guilty to abandonment, but an eight months term on the road was suspended upon provision he pay two dollars weekly toward the support of his family.

THIRD OF CLAN ASSASSINATED BY GANGSTERS

Slaying of Anthony Demory Linked With McGurn's

HAD BOASTED HE KNEW ASSASSIN

Half-Brother of "Machine Gun Jack" Is Killed While Playing Cards

Chicago, March 3.—(AP)—The slaying of Anthony Demory—third of his clan to meet a gangster's end—today was linked to the assassination of his half-brother, "Machine Gun Jack" McGurn.

Supervising Captain John Stege announced his belief Demory died because he had boasted:

"I know the guys that killed Jack. I am going to get them."

The striking similarity of the two executions prompted the official theory that they had been carried out by the same trio of gunmen.

Demory, 24, was playing cards with three others in a "Little Italy" pool room last night. Three men their faces shadowed by overcoat colors, walked in. They brandished pistols. The leader cried:

"This is a stick-up."

A score of patrons—among them Anthony's brother, Joseph, rose.

Ten shots were fired at Anthony. Three struck him. The assailants fled.

Just 17 days ago three gunmen shouted—"this is a stick-up," slew McGurn in a bowling alley.

Demory, wounded in the head, shoulder and side, died in a hospital within an hour. He was unable to talk.

Investigators also advanced the theory the slayings of McGurn, Demory and State Representative Prigamo may have been connected.

Prigamo was killed in an automobile robbery by three men last December 29. Witnesses of his death were to be asked to view Demory's body.

OWENS IS GIVEN TERM IN PRISON

Greene County Man Sentenced to Seven to Nine Years

Snow Hill, N. C., March 3.—(AP)—J. F. Owens, Greene county land-lord, was sentenced early today to seven to nine years in prison following his conviction of manslaughter in the death January 15 of Paul Nethercutt, a tenant on his farm, and the wounding of Nethercutt's son, Lyman.

The shooting followed a disagreement over crops. Owens said he shot in self defense. Lyman Nethercutt's testimony contradicted this.

The jury deliberated an hour and a half before bringing in the manslaughter verdict then deliberations 20 minutes longer to bring in a conviction, verdict of assault with intent to kill in Lyman's case.

The defense gave notice of appeal.

New College Term To Get Underway Tuesday, March 17

Winter Term to Close on March 13. When Several Students Will Have Completed Courses

The winter term of East Carolina Teachers College will close on March 13, and the spring term opening on the following Tuesday morning, with a week-end holiday between terms.

Several students will complete the four-year course and earn their A. B. Degrees at the end of the term and others will earn their normal-school diplomas by the completion of the two-year course.

The last group accepted for the two-year course will begin their work with the spring term, as the work must be completed by the end of the summer school in 1937, the last date the College will grant diplomas for this course and the state issue the B certificate for two-years of college work. As six-quarters are required for this work, it will be necessary for the group entering now to attend every term in order to complete the work.

LAST 'DEBT' PRISONER FREED

SCOUTS AIDED REDUCE COSTS

Youth Organization Reduced Street Light Breakage

K. T. Futrell, chairman of civic service for the Greenville District Boy Scouts, expressed his appreciation to the citizens of Greenville for their hearty cooperation in helping the Scouts attain their goal of reducing the street light breakage during February.

According to figures furnished by W. L. Patrick, assistant to the city clerk, during January the total bill for the replacement of electric light bulbs in the street lights amounted to \$225, of which \$58 was for bulbs broken out intentionally and through carelessness. The Greenville Boy Scouts set as their goal to reduce this as much as possible during February by asking the cooperation of the citizens and where possible reduce the amount broken by air guns, etc. The Scouts in each troop were encouraged to talk to the "kid brother" and the neighbor's boy about how to use the air gun and sling-shot. The breakage for February amounted to only \$10.40.

The bulbs broken out during February were at 3rd and Tyson Sts., Broad and Watauga Sts., Myrtle and Watauga Sts., 3rd and James Sts., Johnston and James St., 2nd and James Sts., alley back of W. L. Best, Myrtle and Grande. If any of this breakage was in your neighborhood why not do your part to make March a zero month as far as deliberate breakage is concerned? The Scouts are doing what they can. Are you?

Boy Scouts Want Names Of Adults Who Were Scouts

Sought As a Part of "Scout Citizenship Roll" And May Be Asked to Aid in Leadership

The Greenville Council of the Boy Scouts of America wants the name of every adult in Greenville who was ever a Boy Scout or has participated as an adult leader in Scouting. It is a part of a "Scout Citizenship Roll," which the Council wants to compile. As well as the names an attempt is being made to find whether each is available for leadership now?

Former Scouts and leaders are asked to give in their names surely, whether they can serve as leaders now or never. This sort of thing has been done in many other communities and has proved to be a valuable "roll." Anyone who should have their name on the roll could help out a great deal in the matter by seeing Ralph Mose, the Assistant Executive of Greenville District, or by calling telephone number 10. When telephoning just give your name, when and where you were a Scout, and whether available for leadership now.

BUREAU URGES EXTRA SESSION LEGISLATURE

Seek Action to Curtail Tobacco Crop This Year

ALSO CALLS FOR A MASS MEETING

Farmers Join in Cry of Not Being Willing to Give Their 1936 Weed Crop Away

With farmers of Eastern North Carolina, and especially in Pitt county, joining in the cry "we are not willing to give our 1936 tobacco crop away," determined efforts are being carried on to find some means of crop production for this year.

The State Farm Bureau Federation, through its executive committee, yesterday passed resolutions calling on the governor to call a special session of the legislature to act with other tobacco-growing states in enacting some law curtailing the 1936 weed crop.

The committee also unanimously adopted a resolution calling on the North Carolina Tobacco Growers Advisory committee to call a mass meeting in Raleigh during next week to furnish a definite expression of the farmers to Governor Ehringhaus.

A third resolution called upon the state's congressional delegation to go all in its power to secure federal statutes governing the amount of tobacco to be grown.

The resolution requesting the governor to call a special session of the legislature warned that "there will be bankruptcy, disorder and rioting" unless something is done to curtail the crop to such a point a fair price will be secured.

Taking recognition of Governor Eugene Talmadge of Georgia n balking at attempts to secure a compact law with all tobacco-growing states participating, the resolution declared that "tobacco growers are unwilling for their tobacco crop to sell for 1932 prices, even though one state that produces less than 10 per cent of the tobacco crop may not be able to join the program."

The resolution sets forth that North Carolina grows 70 per cent of the flue-cured tobacco.

With a state-wide mass meeting already called for Raleigh next week, there were indications here today various counties would call local meetings prior to the general meeting.

After addressing the Memphis meeting, Wallace will go to Chicago to address the meeting there Saturday.

Fewer Marriages in County in February

Marriages in Pitt county took a decided drop during February, only 29 licenses having been issued at the offices of J. C. Gaskins, register of deeds, as compared with 53 in January.

Of the total licenses issued, 20 were for negro couples and nine to white.

FRANCE READY TO ACCEPT TERMS

Reported to Be Willing to Meet United State's Terms

SEEK BROADEN STRIKE SCOPE

Opposing Factions, Menwhile, Meet in Conference

London, March 3.—(AP)—An authoritative source said today that France had agreed to the United States demand for a maximum limit of 35,000 tons for battleships, agreeing to that figure until 1940.

This source said the agreement had been reached in a conference between American and French delegates to the international naval conference, thereby removing one of the major obstacles to the conference's conclusion.

As a result of the agreement, observers considered that a tri-power treaty among the United States, Great Britain and France now was in sight.

The conference started as a five-power affair, but Japan withdrew and Italy announced it was not yet ready to sign any new treaty.

SEEK BROADEN STRIKE SCOPE

Opposing Factions, Menwhile, Meet in Conference

New York, March 3.—(AP)—While opposing factions met in conciliation conference leaders of the city's disorderly-marked building employes strike today accelerated their movements to make the walkout complete throughout Manhattan by tonight.

Officials of the building service employes union and representatives of the real estate operators gathered in Mayor LaGuardia's chambers to seek settlement of their differences.

Despite the geographical extent of the strike, New York workers were not seriously inconvenienced in getting to work this morning. Replacement workers took over most of the elevator post left vacant by strikers.

Some of the buildings not yet affected by the strike and which it was indicated at union headquarters would be objects of concentrated action before tonight are the Empire State, Chrysler and Chanin buildings and Rockefeller center.

The "surprise move" at which James J. Bambrick, president of the local unit of the union, hinted yesterday, turned out to be an attempt to call out workers in the New York Stock Exchange building. It was not successful.

About 20 members of a strike committee went to the building at New and Wall streets and shouted to the workers to join the walkout. There was no response and police dispersed the strike without disorder.

Police estimated that "1,100 buildings had struck in Manhattan and the Bronx."

Bambrick announced that operators of 1,000 buildings had signed agreements with the union.

During the night flying squadrons of strikers, making lightning raids to force out employees who refused to answer the walkout call, battled guards and non-striking workers and police squads answering night radio calls found smashed doors, shattered windows and cut elevator cables.

Police recorded more than 300 cases of disorders, almost 100 arrests were made and a score of persons were injured.

Committee Representing Nations Decide on Action

ITALY IS FACING MORE SANCTIONS

All Private Banking Abolished as Country Faces Possibility of Embargo on Oil

(Copyright By Associated Press). Geneva, March 3.—(AP)—The League of Nations "committee of 13," representing every member of the council except Italy, decided today to appeal to Italy and Ethiopia for peace and gave the two nations one week in which to reply.

With the Italian Army at the Front.—Ethiopia.—The Italian army today crushed 30,000 Ethiopians under the command of Ras Imeru, Governor of Gojjam Province, concluding a battle begun 3 days ago.

The Italians virtually smashed the last complete Ethiopian army on the northern front.

The victory was as complete as that over the armies of Ras Pulegheta, Ras Kassa and Ras Seyoum.

Ras Imeru's army was defeated on the western front along the Takaze river where the Ethiopians sought "to bar the Fascist legion from moving in the direction of Lake Tanna headquarters of the Nile.

(By The Associated Press)

Italy, March 3.—(AP)—Victorious thus far in its military campaign against Ethiopia but facing increased sanctions by members of the League of nations, abolished private banking today.

The abolition was acclaimed by the Italian cabinet, whose leader and "majority" member, Premier Mussolini, declared a renewed defiance of sanctions, while at Geneva assembled diplomats talked of applying the more stringent punishment of an embargo against oil shipments.

A report was published in London that Emperor Haile Selassie had sued for peace at Geneva, but the action of the league did not serve to substantiate this angle.

Great Britain, one of the chief sanction nations, let it be known that she was preparing for defense against any eventuality.

In East Africa Marshal Pietro Badoglio ordered the Italian forces to consolidate their position in the Tembien sector after a swift advance which removed the Ethiopian defenders from several strategic points.

BRITAIN PLANS MORE DEFENSE

Announces Plans for Expansion of Its Army and Navy

London, March 3.—(AP)—Great Britain's government announced today a vast, immediate expansion of its army, navy and air forces and industrial mobilization for instant readiness in case of war.

A White Paper, or government report, said the rearmament and increase in national defense were made necessary by complications of the international situation combined with a "deplorable and undeniable" world-wide expansion of armaments.

The United States, Germany, Belgium, France, Italy and Soviet Russia were listed as having embarked on similar plans.

Citing "dangers of war" and proclaiming a necessity for means of defense against aggression and enforcement of collective security the White Paper disclosed:

"A fresh examination of the position made last summer and time led to the conclusion that it was necessary to make further changes in the royal force and speed of the measures contemplated for modernization of the army and navy and to provide as rapidly as possible necessary reserves of stores and ammunition and equipment, and organize industrial resources of the country in such a way as to allow immediate expansion of production capacity in case of an emergency."

QUARRY: Washington, lawyers are chuckling over the photograph showing J. Edgar Hoover being entertained in Florida by Mrs. Henry L. Doherty.

NOTES: A lot of General Hagood's testimony before the House committee has mysteriously disappeared. Brokers say the SEC probe into trading on TVA decision day will prove a water-haul—no body put up any job, they say, but everybody just guessed wrong.

MARTYR: The temper about the disciplining of General Johnson Hagood won't stay in any teapot if New York GOP strategists can help it. They rate it as one of those outwardly trivial incidents that can be worked into a cause for burning popular indignation.

Chapter 41 ROSE CHUDLEIGH

A WAITRESS had just approached, bearing toast. "Do you know who that is?" Frankie asked.

The waitress regarded the photograph. "Now I've seen the gentleman—it's the gentleman who had Tudor Cottage, Mr. Templeton. They've gone away now—some where abroad, I believe."

"What sort of man was he?" "I really couldn't say. They didn't come down here very often—just week-ends now and then. Nobody saw much of him. Mrs. Templeton was a very nice lady. But they hadn't had Tudor Cottage very long—only about six months—when a very rich gentleman died and left Mrs. Templeton all his money, and they went to live abroad. They never said Tudor Cottage, though. I think they sometimes lend it to people for week-ends. But I don't suppose with all that money they'll ever come back here and live in it themselves."

"I never thought of that," said Frankie. "Well, as I was saying, Mr. Savage was so nervous and wrought up that Mr. Elford wrote out the will then and there, and the servant and the gardener came and witnessed it, and Mr. Elford took it away with him for safe keeping."

COMFORT: Chairman Jim Lindis of the Securities Exchange Commission is very much in earnest when he triumphs the alarm about another speculative boom-and-bust. The writing on the wall is growing plainer. Despite his strenuous efforts to impress upon the public that the stock market is not "government guaranteed," it is already painfully apparent that those who eventually get burned are going to blame it all on the Commission. That won't be justice, but it will be human nature.

The New Federal Reserve Board is jittery on the same score. There is talk of trying to lift requirements for bank loans on stock collateral—to prevent speculators from evading margin requirements by going straight to the banks. Such a move would be strongly resisted by the banks—which are having trouble enough finding profitable employment for surplus funds without being handicapped by additional restrictions.

FAITH: Here's an example to show why the Securities Exchange Commission sometimes gets awfully discouraged about this business of educating the public to appraise "investment values" correctly. In the old days the marketers of a new security issue naturally tried to make it sound as attractive to buyers as possible. It's different now. A New Yorker who has signed registration statements for two important corporations says that both stressed all the possible developments that might hurt the bonds in future—in accordance with the spirit of the law designed to protect purchasers. The same is true of many other registrations.

A wedding of interest in North Carolina took place on Thursday, February 27th, when Miss Helen Johnson, of Brooklyn, N. Y., became the bride of Richard Hodges Crisp, youngest son of the late Mr. and Mrs. Sellers M. Crisp, of Falkland, N. C. The ceremony, which was witnessed by members of the immediate families, took place at high noon in the First Presbyterian Church in Brooklyn, with Dr. Phillips P. Elliott, pastor, officiating and using the ring ceremony of the Presbyterian Church. Immediately after a luncheon which followed the ceremony, Mr. and Mrs. Crisp left for a trip south. Upon their return they will be at home at 35 Pineapple street, in Brooklyn.

Mrs. Crisp is the only daughter of Mr. and Mrs. Walter Loveridge Johnson of Brooklyn and Nassau Point, Long Island. For several years she has been a student at the Master School of Music in Brooklyn. She wore for her wedding a going-away costume of blue crepe with blue straw hat and blue accessories, and carried a shower bouquet of valley lilies. Mr. Crisp, who is a graduate of North Carolina State College and a member of Kappa Sigma fraternal, has for several years held a position as accountant with the New York Telephone Company.

**State Music Achievement Day.**  
Greensboro, March 3.—Music achievement day for students of the sixth and seventh grades in schools throughout the state has been set for Friday, March 27, according to Miss Grace VanDyke More, head of the public school music department of the school of music at the University of North Carolina, where the contest will be held.

Each school may enroll one sixth and one seventh grade pupil in the contest, which is to be held under the joint directorship of Miss More and Miss Hattie S. Parrott, of the State Department of Public Instruction, Raleigh. All registrations must be made in advance, information

being sent Miss More before March 20. There are no entrance fees or expenses of any kind.

The tests are formulated each year by Miss More and are in booklet form. The pupils are to write their answers while listening to music with which the questions are concerned.

The public school music department at Woman's College, the Woman's Club of Greensboro, and the Junior Woman's Club of Greensboro will be hostesses on music achievement day to students, teachers and parents who attend the program, which begins at 10 o'clock in the morning.

**Junior Woman's Club.**  
The Junior Woman's Club will meet on Friday afternoon, March 6th, at 3:45.

Mrs. Blaxton of the college faculty, will speak on "Developing the Child's Personality."

Annual election of officers is scheduled for the business meeting and all members are urged to be present.

Hostesses for the afternoon will be Mrs. Guy Evans and Mrs. Kenneth Beatty.

**In Scotland Neck.**  
Rev. A. W. Fleischnann is spending Tuesday and Wednesday in Scotland Neck attending the pastors' conference for Baptist pastors of this section of the state.

**Presents Picture of Governor Jarvis.**  
E. F. Tucker and Judge Frank M. Wooten have returned from a trip to Nags Head and Manteo. On the way back they stopped at Currituck court house, where Judge Wooten made the presentation address at the hanging of a picture of the late Thomas J. Jarvis, who was born in that county.

**Card of Thanks.**  
We wish to express our deepest appreciation to our friends for their kindness and sympathy at the death of our son, Alexander Warren.

### SPRINGTIME

In springtime when the birds do sing,  
The grasshoppers begin to spring.  
All the children dance and play,  
All the week and all the day.  
And the boys begin to play baseball  
Until the leaves begin to fall.

—Charles Taylor Pace,  
and J. E. Smith, Jr.

**Methodist Stewards Meet Tonight.**  
The Board of Stewards of Jarvis Memorial Methodist Church will meet of the church tonight at 7:30 o'clock. Rev. T. M. Grant will be here and hold the Second Quarterly Conference immediately following the meeting of the Board of Stewards.

**First Church of Christ, Scientist.**  
"Christ Jesus" was the subject of the lesson-ermon in all churches societies of Christ, Scientist, on Sunday, March 1st.

The golden text was from Isaiah

9:6. "Unto us a child is born, unto us a son is given; and the government shall be upon his shoulder."

Among the citations which comprised the lesson-sermon was the following from the Bible: "And when he had called unto him his twelve disciples, he gave them power against unclean spirits, to cast them out, and to heal all manner of sickness and all manner of disease. These twelve Jesus sent forth, and commanded them, saying, Go not into the way of the Gentiles, and into any city of the Samaritans enter ye not; Behold, I send you forth as sheep in the midst of wolves; be ye therefore wise as serpents, and harmless as doves." (Matt. 10:1, 5, 16)

The lesson-sermon also included the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Jesus established his church and maintained his mission on a spiritual foundation of Christ-healing. He taught his followers that his religion had a divine Principle, which would cast out error and heal both the sick and sinning. He claimed no intelligence, action, nor life separate from God. Despite the persecution this brought upon him, he used his divine power to save men both bodily and spiritually."

**MY DEAR GRANDMOTHER**  
Grandmother was good and she was brave.  
She was a woman of every age.  
Our love for her was so great  
For she was such a dear playmate.

Granny was fair and square,  
When she was needed, she was always there.  
Her thoughts were loving, sweet and fine,  
She was always cheerful, happy and kind.

Our remembrance of her is dear and true,  
She was so pal to us and to you.  
Our thoughts of her will forever stay,  
And we will love her more each day.

—Bernice Moore.

**Mid-Winter Dances At College.**  
The mid-winter dances at East Carolina Teachers College were successful in every way, seems to be the universal verdict, and will doubtless be given in the years to come.

The two dances on Saturday, the tea dance in the afternoon, and the formal dance at night, were as happy occasions as the dance on Friday night, the first in the series.

The same decorations were used for all three dances, but the hostesses, chaperones and those serving at the punch bowl were different.

The hosts and hostesses for Saturday afternoon were Dr. and Mrs. Meadows, Misses Betty Cooper Davis, and president of Ladies Society, Miss Louise James; and from the faculty, Miss Catherine Cassidy and Hyatt Forrest. For that night Dr. and Mrs. Meadows, Miss Dora Coates from the faculty, Miss Betty Coper Davis, chairman of the social committee, and Miss Elizabeth Wilson, president of the Emer-

son Society.

The number in attendance was perhaps about the same both nights, with more young men on the second night, and not quite so many girls. At the tea dance which was informal, afternoon dresses were used.

**Marionettes Please Audience.**  
The marionettes in plays, dances, songs and capers fascinated and delighted their audiences in both of their programs presented at the college yesterday. It would be difficult to tell which were most pleased, wide-eyed babies, little boys giving their approval vocally, or older people—mothers, fathers, teachers and college girls, who had the double pleasure of enjoying the show and the children's enjoyment of it.

The old tales had a decidedly sophisticated twist, with modern touches and wise-racks that seem necessary to a modern audience. No less marvelous than the antics of the dolls as characters in the plays, as the Cow, the Cat, the "Hen that Laid the Golden Egg," the Sheriff's Donkey in "Robin Hood," and others in the circus act.

"Jack and the Beanstalk" was presented in three scenes. "The Three Little Pigs" was a combination of the Walt Disney "Big Bad Wolf" modernized play with their own changes. "The Puppet Capers of 1936" offered a variety of songs, including "Raggedy Ann," "Soldiers Parade," and "The Music Goes Round and Round," as well as a number of interesting characters, such as a clown named Hokus and his twin, Pokus, the elephant, Jumbo, the ostrich, Ally-Oop, and other well known comic creations.

The Robin Hood play made the Maid Marian and Sheriff of Nottingham episode the chief thread of the plot, with the sheriff furnishing most of the comedy and the fair lady in distress adding romance, with the rescue by the hero as the happy ending. The songs from the Reginald de Koven opera were used.

The "Follies" were excellent, and dances of the present mode, some of them from the revues on Broadway. "In the Springtime," "In a Hammock," bits from New York, with a touch of "Little Italy" and of Harlem were among the features.

The presentation of a rehearsal of a play at the end was an ingenious trick for preventing the rush behind scenes that would have followed and that would have been disastrous to the intricate arrangements of strings and equipment. It was more interesting than a matter-of-fact explanation of how it is done to have the puppeteers put on a comedy act with their demonstration. The play was "Saint George and the Dragon."

The puppet that popped up in the box at the side and announced the features and the scenes was a clever substitute for programs and was one of the most popular features of the show.

There are only four persons with the show, with Miss Lina Roberts, the manager, behind the scenes for all the parts of the women and children and some of the animals.

and mistress of the wardrobe. E. G. Fayfield was the man who did wonders from the bridge in manipulating and speaking the parts of the men and many of the animal actors. Hal Lintley was the musician that did most of the singing, and the one who supplied most of the side work. Martin Sloane, who posed the dumb one in the play rehearsal, was by no means dumb when he was the swift moving property man behind scenes, and filling in whenever needed. All four worked together setting up the stage, unpacking and packing the puppets and arranging the puppets and properties behind the scenes.

They left here for Rock Hill, S. C., where they will put on a show tonight.

If the Sue Hastings Marionettes should come this way, again the public will realize they are second to none.

# ROTARY CLUB HEARS GUEST

## Maynard Fletcher of Washington Program Speaker

The intellect of man gives him significance in a universe of illimitable size and expanse of infinities said Maynard Fletcher of Washington, North Carolina, last night in speaking to the Rotary Club of Greenville on measuring a man. In physical stature the size of a man is infinitesimal, the speaker pointed out by quoting measurements of the universe in comparison to man's size. He compared man both spatially and chronologically, pointing out that man's size depended on which end of the telescope one peered at him through—and both were right.

The popular trio of young ladies the Misses Helen and Eileen Sawyer and Mary Boyd sang two vocal numbers accompanied by Mrs. Ray Tyson, to open the evening program and closed the program with a selection with lights lowered. They sang in their own special harmony style.

Guests of the evening were Norman Winslow of Washington, North Carolina, Louis Bullock of Goldsboro, L. M. Ernest, Robert Elks, and Elmer Brown — the latter is the head of the new Business and Commerce Department of the College. The program was put on by Phil Goodson chairman of the Fellowship and Attendance Committee. The attendance prize given by Ollie Van Nortwick was won by Johnnie Overton. The Rotary Club was delighted to welcome "Honest John" J. B. Kittrell back as a member of the club. Bill Lee President of the Club presided.

## Pitt County to Hold Negro Health Week

Plans are being completed for observance of Negro Health week in Pitt county March 29-April 5 by the health department.

A similar observance was held last year and an award of merit was presented the health department for its work in this field.

Dr. N. Thomas Ennett, health officer, said the various negro organizations were cooperating in the promotion work.

Material encouraging proper health precautions and emphasizing the value of such already is in hand to be placed in the various negro schools.

Hannah Hilton, negro nurse of the health department, is taking an important part in preparations for the program.

## PRESIDENT RECOMMENDS SWEEPING TAX CHANGES

(Continued from page one)

resents substitute taxes in place of the old processing taxes and that only \$120,000,000 represents new taxes.

The chief executor said he was leaving "to the discretion of congress" the formulation of appropriate taxes. But he invited the attention of congress to "a form of tax which would accomplish an important tax reform, remove two major inequalities in our tax system and stop 'leaks' in present surtaxes."

The President did not mention a specific rate but said the treasury would submit estimates by which the desired yield could be realized. It was understood the treasury proposal was for a graduated tax averaging about 33 1-2 per cent.

name of orderly government, and in justice to the tobacco growers and general welfare of our State as a whole, to immediately call a special session of the Legislature in order to enact such legislation as may be necessary for North Carolina to enter into a tobacco states compact for the control of the 1936 tobacco crop; and

"Be it further resolved: That we, in the name of the membership of the Farm Bureau, express to our governor our very keen appreciation for the valiant services rendered in the tobacco program in 1933, and urge that he again use the power of the governor's office in calling a special session of the Legislature, to assure control of the 1936 tobacco crop in North Carolina.

"Whereas, Governor J. C. B. Ehringhaus, has asked an expression of opinion of the tobacco growers of the State, regarding an inter-state tobacco compact, looking toward the control of tobacco production;

"Be it resolved: That, in order to give the Governor this information, we, the temporary officers of the North Carolina Farm Bureau Federation, assembled in executive session at Greenville, North Carolina on March 2, 1936, do hereby request the North Carolina tobacco growers advisory committee to call a mass meeting of tobacco growers at Raleigh, North Carolina, during the week of March 9, for the purpose of securing the sentiment of the growers.

"Whereas, we are asking the Governor of North Carolina to call a special session of the Legislature to enact a law enabling North Carolina to cooperate in a compact with other flue-cured tobacco growing states, for the purpose of controlling production; and

"Whereas such legislation is absolutely necessary for the protection of the growers of flue-cured

**Luckies are less acid**

Excess of Acidity of Other Popular Brands Over Lucky Strike Cigarettes

Brand	Acidity Level
BALANCE	0
LUCKY STRIKE	0
BRAND B	~10
BRAND C	~20
BRAND D	~30

**STANDARDIZED UNIFORMITY**

The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill—uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

**LUCKIES ARE LESS ACID!**  
Recent chemical tests show\* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

\*RESULTS VERIFIED BY INDEPENDENT CHEMICAL LABORATORIES AND RESEARCH GROUPS
