McDONALD GETS 49 PER CENT OF WEEK'S BALLOTS

Hoey Runs Second And Graham Third In Newspaper Poll

Democratic voters of North Carolina, expressing themselves through the medium of the state-wide straw vote being conducted by a group of 25 leading newspapers, continued this week to show a preference for Ralph W. McDonald, the Winston-Salem entry in the gubernatorial contest.

More than 15,000 registered Democratic voters have spoken in this poll, declaring their favorite in the race for the Democratic nomination for governor.

This week McDonald polled more than 49 per cent of the votes cast since the tabulation last Thursday. Clyde R. Hoey was second getting 32.8 per cent of the new vote; Sandy Graham was third with 16.4 per cent of the new vote.

The new votes, in actual numbers, were cast as follows: McDonald 1,663; Hoey 1,113; Graham 556; McRae 59.

The 3,391 new votes bought the grand total of votes recorded to 15,190, making the standings of the candidates to date: McDonald 7,263; Hoey 5,229; Graham 2,430; McRae 268.

Of the more than 15,000 votes cast, Hoey has received 34.4 per cent; Graham 16.4 per cent and McRae 1.8 per cent.

The total vote to date, both by actual number of straw ballots and by percentages, in each of the state's 100 counties, is contained in the two large tables accompanying this article.

Percentages of totals: Hoey 34.4, McDonald 47.8, McRae 1.8. Pct. two weeks ago: Hoey 33.8, McDonald 48.3, McRae 1.9.

Hoey Gains Three Counties McDonald is carrying the same number of counties as he was last week, 58, while Hoey has picked up three and now has 37. Graham lost one, leaving him four, while McRae continues to carry only the county of his birth, Anson.

West 3650 1263 3889 122 Because more than 379,000 voters participated in the first primary in 1932, the last time a governorship race was run, election officials now estimate the number who will vote next June 6 at 400,000. Taking the percentages and applying them to the vote the candidates would finish in the following order: McDonald 180,360 Hoey 155,320 Graham 58,560 McRae 5,760 Total 400,000 McDonald would fall short of nomination in the first primary by 19,641, since one more than one-half, or a majority, are necessary for nomination. Since, however, the total vote remains constant at 400,000, a switch of 9,821 votes, a little more than an average of 98 per county will be necessary in order for him to win without a run-off primary.

DEMURE STYLES OF SAINTLY '60's INSPIRE BRIDAL MODES FOR JUNE

There is a hint of Victorian days in this bridal gown of crisp silk taffeta designed with a spreading gored train centered by a wide shirred panel. Its tint—pale mauve—marking a new trend for fall, color in bridal costumes, is reflected in the filmy net veil worn over the face during the ceremony. Purple and white iris and lilies of the valley make up the bridal bouquet.

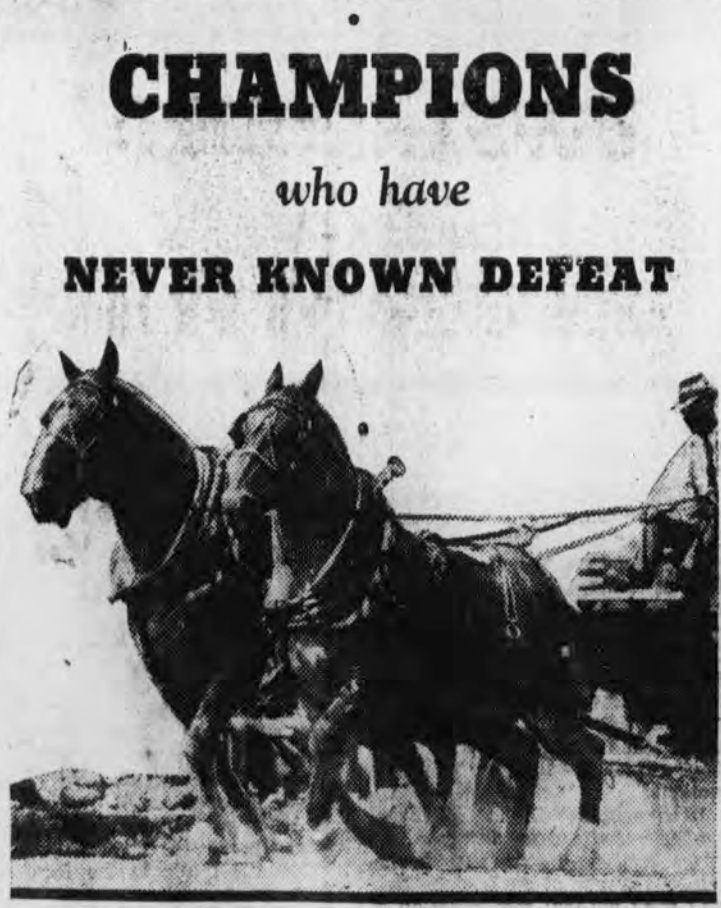

PUTS POLITICS IN SCHOOL ROW

Graham Injects Consolidation Issue Into Campaign

Reflector Bureau. Sir Walter Hotel. By J. C. BASKERVILL. Raleigh, May 19.—The question of the consolidation of the University of North Carolina and of the controversy over the School of Engineering as to whether it shall be established at the State College unit in Raleigh or removed to the Chapel Hill unit, has now become one of the issues in the Democratic campaign for the nomination for Governor as the result of the declaration by Lieutenant Governor A. H. (Sandy) Graham, an alumnus of the Chapel Hill unit, that he is opposed to consolidation, according to the prevailing belief in political circles here today. This declaration in favor of abolishing the consolidation effort which have been under way for five years and to return to the old system under which only the Chapel Hill unit would be the University of North Carolina, with State College and the College for Women in Greensboro becoming entirely separate and distinct institutions again, is regarded as certain to make most of the Chapel Hill alumni solid for Graham. The Graham forces here maintain that there is no longer any doubt that he will get the enthusiastic support of a great many State College and Women's College alumni also. For it is maintained that many of the State College and Women's College alumni who at first were in favor of consolidation have now become so disgusted at the manner in which consolidation has proceeded—or rather, has not proceeded—that they would be only too happy to see the whole thing ended and go back to the old plan under which each school had its own board of trustees, its own president, own faculty—and its own football team, at State at least. A Graham spokesman here today indicated that there would be no weeping or wailing either among the State alumni or faculty if the consolidation plan should be abandoned and State should again become an independent institution no longer reigned over by President Frank P. Graham, with a football team that would not be subject to the "Graham plan."

CHAMPIONS who have NEVER KNOWN DEFEAT

Not all of the State College alumni, faculty, students and its supporters take this view, however. They point out that they know nothing of the plans for the University consolidation until they were enacted by the 1931 general assembly, that they did not ask for, but that they have been trying to cooperate and follow out the plan as dictated by the general assembly and the board of trustees, and general assembly will give back to State College the three schools with the 625 students have already been abolished and transferred to the Chapel Hill unit; they will not kick or complain about the Chapel Hill unit keeping its miniature Engineering school. They are convinced that State can always maintain an Engineering School that far outshines the little one at the Chapel Hill unit, just as it always has, even though the Chapel Hill unit's grand alumnus, just as much as the engineering students graduated as from State College.

Rock and Tom, owned by the Staller Farms Co., Piqua, Ohio. Driver, Russell Sando. Their present record—3900 lbs. tractive pull, which is equivalent to pulling 9 plows cutting furrows 14 inches wide and 6 inches deep.

WHAT A RECORD! Never have these mighty champions been beaten. They've out-pulled every team they've ever met. These magnificent Belgians are Nature at her best. They are animals to which Nature has given the vital spark—that necessary, natural balance of all the elements of which champions are made. Natural balance is everything! It's the difference between this team of powerful champions and common, ordinary plows. It's the difference between the best and the rest in almost everything. And here's another example of Nature at her best—Natural Chilean Nitrate. This nitrogen fertilizer is favored by Nature with the champion's vital spark—the natural balance of the elements that make a champion. Into Chilean Nitrate Nature blended the vital impurities—the combination of many major and minor elements over and beyond nitrogen. Through countless centuries, Nature has aged and matured this nitrogen fertilizer in the ground, that you may return it to your ground as the safe, sure, balanced food for your crops. Natural Chilean contains almost two score of major and minor elements such as boron, magnesium, manganese, iodine, calcium, potassium, etc.—each a vital element in growth and healthy development of plants.

TO DRAMATIZE NOTED SERMON

"The Unknown Soldier Speaks" Pitt Theatre Sunday

On Sunday evening at 8 o'clock at the Pitt Theatre a dramatization of John Haynes Holmes' famous sermon, "The Unknown Soldier Speaks" will be presented to the Greenville public. No admission will be charged and no offering will be taken. The local churches are cooperating in sponsoring the dramatization which is one of the projects of the Greenville Council for Peace Action. Mrs. W. A. Ryan is chairman of the Dramatic Committee of the local council. Coming as it does between Good-Will Day (May 18) and National Memorial Day (May 30), the presentation of this gripping appeal for peace should have a wide response. Coming before the American public originally as a sermon of Dr. John Haynes Holmes, nationally known minister of the Community Church, New York City, "The Unknown Soldier Speaks" has met with such large and favorable publicity that it has now been dramatized in response to the many requests that its message be made available for a larger audience. Miss Helen Dortch, PWA Dramatic Director now in Greenville, is coaching the local production. Dr. Gilbert R. Combs, minister of Jarvis Memorial Methodist church, and Robert Moye are cast in the roles of the minister who visits the Tomb of the Unknown Soldier in Washington and the spirit of this unknown soldier. With an effective stage setting as background, the theme of the dramatization moves vividly and convincingly as they engage in dialogue, with the climax reached by the voice of marching men off-stage vowing "it shall not be again!" As one individual who witnessed a practice of "The Unknown Soldier Speaks," was heard to say: "It's

message is worth a dozen peace sermons and patriotic addresses. Greenville should turn out en masse for this unusual production."

Leading Players In 'Post Road' "Post Road," Wilbur Daniel Steele's highly diverting comedy to be presented at the Austin Auditorium, East Carolina Teachers College, next Saturday night, is played by a large cast of veteran performers many of whom have national reputations.

The part of the noisy but timid husband in this exciting comedy is played by Tom Carnahan who entered the theatrical profession at the age of four, and before he was old enough to spell it his name appeared in the cast of dozens of silent pictures. "What Price Glory" in which he had the role of Private Lewisohn, introduced him to New York, and since that legendary stage success he has played important parts in a great variety of Broadway productions including the juvenile lead in Paul Green's "The Field God."

Another leading actress in "Post Road" is Mildred Byron who is known in the South for her portrayal of the leading character in "Abie's Irish Rose" as staged by the Southern Company. Miss Byron was with the National Broadcasting Company before she joined the Federal Theatre Company. Guy Standing, Jr., another leading member of the cast, is the son of Blanche Burton and Sir Guy Standing who has been seen by Greenville movie fans in several recent pictures. Guy Standing, Jr., made his first appearance on the stage 13 years ago with Ethel and John Barrymore in "Clair de Lune" at the Empire Theatre in New York the same house in which his parents became acquainted 19 years before. At the turn of the century Blanche Burton held an enviable reputation both here and in London as the foremost actress of the day. Guy, Jr. was last seen on Broadway in "Come Easy," a play written by a Carolinian, Peleeta Metcalf.

Julia Fassett, a character actress whose work has evoked the acclaim of the country's leading drama commentators, has already scored a personal success in "Post Road," having had five curtain calls in the tryout performance in Goldsboro.

Another veteran in the cast is Halbert Brown. His last appearance on a North Carolina stage was in 1900 as the star of "The Real Widow Brown." Since then he has successfully participated in every division of the theatrical profession. He likes to recall that movie historians have often given him credit for starting Warner Brothers on their way to success. Ambassador Gerard's "My Four Years in Germany," an instant box office success, was their first big picture and the brilliant work of Halbert Brown in the leading role is credited with putting the picture in the million dollar class.

"Post Road," a play based on the crime news of the day, will reach its 400th performance at the conclusion of its tour in North Carolina. Twenty-five major cities are to be played and 375 showings have already been given in New York and Chicago.

English Club Elects Officers. Two of the English Club officers elected at a re-organization meeting held last night are Greenville students, Miss Martha Scoville as vice-president, and Sam Dees as treasurer. Miss Frances Barnes of Leaksville, is president, and Miss Frances Currin of Angier, is secretary.

Eighty of the hundred and thirteen whose major subject is English, accepted the invitation of the English teachers to meet with them at the "Y" hut for a social hour, at which they considered the subject of re-organizing the club which was at one time one of the strongest clubs on the campus. The suggestion met with enthusiastic response and before the end of the hour the re-organization was effected, officers were elected and a number of suggestions were made for next year. The members of the senior class made valuable contributions to the suggestions as they told what

they would like to do if they could have another year in college. Dr. Lucile Turner, who is the supervisor of the groups doing practice teaching in English, presided over the meeting. She and Misses Grigsby, Greene Hooper, and Jenkins, and Dr. Simpson were the hostesses and host.

FORCE CHECKS REVOCATIONS

Highway Safety Division Keeps Close Watch on Drivers

Reflector Bureau, Sir Walter Hotel. Raleigh, May 20.—A close check is being kept on the drivers whose licenses have been revoked, despite the fact the 3,025 licenses have been revoked through today, Director Arthur Fuik of the highway safety division said today. Not only are the lists of new revocations sent to all the 120 highway patrolmen every day, but they are also sent to all the police departments and all the sheriffs. In addition, the highway patrolmen are

asked to keep a constant check on all the drivers whose licenses have been revoked in their territory, to see that they do not drive a car while their licenses are revoked.

"We are also receiving a great deal of help from local officers and even from individuals, in reporting to us any violation of revocations by drivers whose permits have been suspended," Fuik said. "For every driver who has been convicted of

drunken driving, reckless or hit-and-run driving, is a marked man in his home community as almost every one knows that his license has been revoked. The result is that if he does attempt to drive again and violate the terms of his sentence, some one is bound to notice it and report it either to local officers, to highway patrolmen or to us here in the highway safety division."

SYNOPSIS: The mystery surrounding Hope Joris, the girl Rupert Joris married after Elmer Fleming killed him, has deepened. When Rupert ran away to his northern camp and came down with pneumonia, Dirk, his younger brother, was suddenly called home by Martin, Martin's Hope's chauffeur, and Dirk's spy. And Martin heard a man's voice in Hope's room, tried to catch its owner, and was told by Hope there was no one there. She was right, too. Now one of the maids, Nora, is explaining to Dirk about a revolver she had found in the room.

Chapter 26 ABOUT GHOSTS

"WAS there anything else in the safe?" Dick asked. "There was not, sir. Exceptin' a bit of dust." "When was this, Nora?" "Two days . . . Three days, sir, before Mister Rupert went to camp."

"You think it was a ghost, Nora?" "What else, sir? There's a ghost in Lowrie. I have me-self heard it, though not for a long time." "In the tower-room?" "Near-by, at any rate, sir. I heard it plain from the hall, a sound like some one laughin' high like a banshee. Your grandfather had the tower-room this. He did not hear the sound, I remember. That was long ago."

TIMOTHY came, a bit disturbed. He had no doubt met Nora on the stair. No, sir, he said, he never spoke of the incident, and he had advised Martin to be reticent regarding the sounds he had heard. People were too ready to misunderstand.

of Ethiopia. President Roosevelt has also been told that the Italian people are behind the dictator as never before — in fact, as solidly arrayed behind him as this country was behind FDR in March and April of 1933. The Italians, FDR learns, will undergo any sacrifices which a Mussolini-made war may impose.

But, standing in the room, was a figure, a lady, sir, all in white. "Any one you knew?" asked Dirk. "Timothy looked at him. "It was a ghost, sir." Dirk felt rebuked, and properly. "I know," he said. "But did you recognize . . ."

"I thought afterwards of your grandmother, sir, but it was not like her. The room was dim, merely the night lamp. I saw only that she was slender, and beautiful in a shadowy sort of way, and all in white, with something white and misty around her hair."

DIRK thought of Hope commanding Martin to search the room. Could there be some other pocket in that wall, some larger panel behind which a human being might secrete himself?

New York By JAMES McMULLIN KEYS: An outstanding English financier, recently visiting the United States, privately told his New York friends that he feared Mussolini's victory in Ethiopia would turn out to be the most damaging blow suffered by the British Empire since 1776.

EXAMPLE: Democratic publicists are preparing to spring another surprise on their Republican brothers. It seems that a wealthy, adventurous, young American of a prominent family conceived a deep admiration for the Soviet several years ago, and journeyed to Moscow. To prove his sincerity, he worked in a regimented factory.

THREE BIRTHS SERMON TOPIC

Births of Man Discussed by Dr. John W. Ham

Dr. John W. Ham spoke to an appreciative and very attentive audience last night while delivering his message on the subject, "The Three Births of Man." From the story of the visit of Nicodemus, to the Lord Jesus, he laid particular emphasis upon the imperative word of the Lord to this man, "Verily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God."

The speaker stressed the fact of our first birth, its importance in relation to present life, as we live it. He furthermore pointed out several things that the second birth, which is a definite and distinct spiritual experience, is not. It is not culture or education.

The second birth is the experience that occurs when we yield our selves to the Lord Jesus Christ as our own personal Saviour and Master, through the agency of the Holy Spirit who begets a new spiritual experience in our souls.

tament. The believer is bought and paid for 1 Cor. 6:20. He is a redeemed soul. Jesus went to Calvary for the express purpose of paying the price of redemption. We are kept by Him, Ps. 12:12-13. Christ is fully able to do this great thing for us. We wait for the glorious transformation that is to be ours at the coming of the Lord.

These morning discussions of vital Bible truths in the lives of believers prove to be most helpful to all who find it possible to be present, and enjoy them.

Friday evening the service will be especially designed for children and young people. Dr. Ham will speak on the subject, "Seeing the Orint Through American Eyes." Bring the children and young folks to this service. They will not want to miss it.

PLAN MEETING OF FORESTERS

Conference to Be in Form Instruction School

Raleigh, May 20.—State and district officials responsible for the protection of the millions of acres of forest land in North Carolina against fire, will assemble for a conference at Busick on June 3-4. W. C. McCormick, chief of forest fire control for the Department of Conservation and Development, announced today.

The conference, according to Mr. McCormick, will take the form of a school of instruction and discussions of problems involved in the control of the "Red Demon."

Subjects to be discussed include cooperation with various other organizations cooperating with various phases of forest fire control, including the Emergency Conservation Work program; education to the evils of forest fires; the State game and inland fisheries programs; improvements in State and county organizations; an analysis of forest fire records; the detection system, "Eyes" and "Ears" of the fire control system and county and private cooperation in fire control.

State Forester J. S. Holmes is scheduled to open the sessions with introductory remarks, followed by Assistant State Forester McCormick, who will preside and lead the discussions. J. Herbert Stone, supervisor, Pisgah National Forest, Asheville, and other U. S. Forest Service officials, have been asked to appear on the program.

Each of the district foresters and district rangers from the six districts has been asked by Mr. McCormick to lead in the discussion of definite subjects. Round table discussions and general quizzes will follow each of the three daily sessions.

Gainesville, Fla. (AP)—New 'Gator Coach' Josh Cody is out to sell Florida to promising young high school stars of the state. Commenting that the University of Florida team is in dire need of "beef," the mentor said: "We must sell Florida to the prospects before other schools can get the inside track. Why, do you realize, we discovered almost two full teams of husky Florida boys playing varsity football for other colleges throughout the country?"

Tenant Farmers
Chattanooga, Tenn. (AP)—Norman (Kid) Eberfeld, veteran of the diamond, says baseball has its forgotten youngsters—those "farmed out" by their big leagues. "The farm system," the Kid says, "is robbing youngsters of a chance to make good in the national pastime. Why, a kid hasn't got a chance these days. If he isn't quite good enough to break in the majors, he is kept in the minors."

Promoter Mike Jacobs tossed a birthday party—cake and everything—for Joe Louis. It was the Brown Bomber's twenty-second anniversary and Jacobs took advantage of the occasion to offer a preview of Louis before he settled down to the serious task of preparing himself for his bout with Max Schmeling in June.

It was a slightly different Joe Louis who peered off his bathrobe and thumped the big bag while cameras clicked—a bigger Louis for one thing. He has gained 20 inches in height and added pounds to his weight. He tipped the beam at 216 pounds, giving him about a ton to work on for the next few weeks. He should come into the ring at around 204 for his bout with the German.

Louis weighed 188 pounds for Max Baer, and scaled 212-2 pounds more when he met Paulino. He has been growing steadily, so he should face Schmeling three or four pounds heavier than he was against the durable Paulino.

Louis Grows Up
More impressive than his physical growth is the change in Louis' manner. He is no longer a boy—he has grown up. The boyishness has disappeared and in its place has come the rugged appearance of a fighting man. He looks more formidable than ever.

One thing Joe hasn't lost is his fondness for sleep. Twelve to 14 hours of the 24 he spends pounding the pillows. Nor has he lost his taste for ice cream. One quart a day is his ration, and with warm weather coming on he is likely to demand even more.

Half a dozen sparring partners have been rounded up for the unenviable task of putting Louis in shape. That is, his managers are starting off with half a dozen knowing full well that they will have to add replacements soon after the Bomber's boxing program

Saving up to 6 Barrels of Gas in a Year with DODGE

AMAZED BY SENSATIONAL GAS ECONOMY OF AMERICA'S BIG, MONEY-SAVING CAR

THINK of it! Owners say that the way Dodge economizes on gasoline, it is saving them up to six barrels of gasoline a year! Twenty miles . . . 21 miles . . . 22 . . . 23 . . . and even more miles to the gallon! That's what Dodge owners from coast to coast report they are getting right out on the highways—right in city traffic—in average, everyday driving! Here's a typical example—a letter from Martin Brady, Valley Stream, L. I., New York. Read how Mr. Brady figures it out! He says: "I drive my new Dodge on the average of 15,000 miles a year. It is giving me 21 miles to the gallon. On this basis I'll use only about 714 gallons of gas this year. In my old car I used about 1,070 gallons. In other words I'll save about 356 gallons—or more than six large-size barrels of gas—a year!"

No wonder owners report that the big, new Dodge is actually costing them less to own and operate than any car, big or small, they ever owned before! No wonder more people buy Dodge cars than any other make, with the exception of the three lowest-priced cars!

"I buy about 40 tons of ARCADIAN, THE AMERICAN NITRATE OF SODA each year and the extra nitrogen is just the same as getting one extra ton free"

That's something worth talking about!

Whenever Southern farmers get together you find they are talking about the value of the extra Nitrogen in "ARCADIAN".

And this extra value is well proved, too, for the Department of Agriculture and Immigration of the State of Virginia, after official tests, reported that ARCADIAN, THE AMERICAN NITRATE OF SODA contains extra Nitrogen over the guaranteed 16% with an extra cash value running as high as 88¢ per ton.

Tell your fertilizer dealer to sell you only **ARCADIAN, THE AMERICAN NITRATE OF SODA**

FIRST:—Because it is proved to be extra rich in Nitrogen.

SECOND:—Because it is produced in the South and its use helps to keep Southern workers employed.

OLD QUAKER DISTILLING
RULE NO. 51

For making quality whiskey, there's no substitute for the rich, flavorful grains grown by the American farmer in the U.S.A.

See how—you get a barrel of quality in every bottle

Old Quaker sticks to all the rules of fine distilling, though it's sold at a friendly price

Old Quaker knows you want good straight whiskey—what you'd really call rich, mellow straight whiskey. And as far as Old Quaker knows, there's just one way to give it to you. Stick to each and every rule of fine distilling! Old Quaker has always done that. Is doing that today. And always will!

N. Y. Stock Market

New York, May 21.—(AP)—The plodding recovery gained further headway in today's stock market.

While trading continued at a small pace, the utilities and scattered industrials were up fractions to a point or more.
 The general run of news was still on the optimistic side, but most buyers were wary and sellers timid.
 The late tone was fairly firm. Transactions approximately 600,000 shares.

DO WOMEN SUFFER MORE THAN MEN?

Physicians tell us the nervous system of woman is more sensitive than that of man. And her nerves are more susceptible to the influences that produce "nerve tension" (strain) which is only another name for "pain."
 That is why women especially benefit from Capudine, a pleasant-tasting, quick-acting remedy which relieves high nervous tension and pain by soothing the nerves. For nervous headache, neuralgic, and periodic pains Capudine is ideal. If Capudine does not relieve, you may be sure there is some organic condition which should receive the attention of your oculist, dentist or family physician. Get Capudine today, and if you do not prefer to anything else, the manufacturers will cheerfully refund the price. Ask for Capudine Liquid or Capudine Brand Tablets. 60c, 30c, 10c sizes.—(Adv.)

FASCIST HERO RETURNS HOME

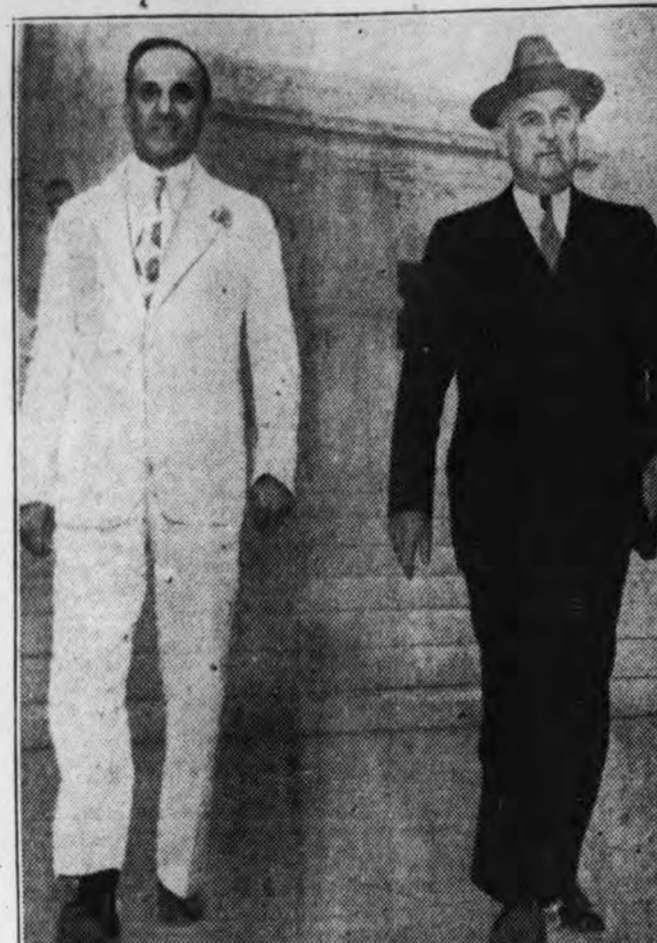

Marshal Badoglio To Lead Triumphant Celebration

Asmara, Eritrea, May 21.—(AP)—Marshal Pietro Badoglio, leaving his responsibilities as viceroy of Ethiopia in the hands of General Rodolfo Graziani, was on his way home today for a conquering hero's return to Italy.
 General Graziani, commander of the southern campaign arrived in Addis Ababa yesterday and assumed the power of government in the name of King Emperor Victor Emmanuel just before Marshal Badoglio took his leave of the former Ethiopian capital.
 The commander-in-chief was expected to arrive by military plane later today at Gura, near Asmara, where he probably will sail Monday for Italy. There he is expected to lead a triumphant procession in Rome when Italy will celebrate simultaneously its "constitution day" and its conquest and annexation of Ethiopia.
 The departure of Marshal Badoglio from Addis Ababa emphasized the Italian conviction that no more major organized resistance remained in the last independent African kingdom to fall.

Congressmen Dine At Gala Luncheon on Ocracoke Drum

South Carolina Representative Gets Laugh on North Carolina's Congressman Warren
 Reflector Bureau, Sir Walter Hotel, Raleigh, May 21.—Some 20 or more congressmen, including Speaker of the House Byrns, feasted upon North Carolina drum caught off Ocracoke Island by a South Carolinian and his party at a special luncheon given by Representative Thomas McMillan of South Carolina in the House restaurant Tuesday, at which Rep. McMillan took much fun at Rep. Lindsay C. Warren of North Carolina and boasted that it took a South Carolinian to catch fish in North Carolina waters, according to John D. Chal, state game and fish commissioner, who was both on the fishing trip and at the luncheon in Washington.
 "Congressman McMillan of the First District in South Carolina, is an ardent fisherman and came down last Saturday for some fishing at Ocracoke," Chal said. "He was anxious to exceed the record made a few weeks ago by Congressman Lindsay Warren and his party, including Vice-President Garner on their fishing trip to Oregon inlet, when they caught 69 blue fish and one drum."
 "After quite a severe storm Saturday night, we were able to do some fishing Sunday afternoon and caught 34 drum in one hour and 50 minutes and Rep. McMillan was delighted. He insisted on taking about 20 of the big fish back to Washington to show them to Lindsay Warren and some of his other friends there."

GET GULFLUBE—

It's "Stripped for action!"

A boxer clad in full evening dress would be fighting under a bad handicap. Cheap, poorly refined motor oils are just as hampered. They can't fight friction efficiently because they're laden down with excess waste.

When the boxer sheds some of his clothes he's like most 25c oils—free from some hampering waste, but not all. Until Gulf perfected its great Multisol process, no refiner of 25c oils could afford to go beyond this stage.

The boxer stripped for action is like Multi-sol refined GULFLUBE MOTOR OIL. It's stripped of all excess waste—ready to do the finest friction-fighting job of any 25c oil made! The only 25c oil matching premium-priced oils! Try Gulflube—at the Sign of the Orange Disc.
