NINE JUSTICES BEGIN MONDAY ON FALL TERM

Eight New Deal Laws Involved in Cases on Docket

FIRST DECISION DAY ON NOV. 9th

Government Lawyers Express Belief Other Suits Involving New Deal Acts Be Heard

Washington, Oct. 3.—(AP)—The nine justices of the Supreme court prepared today for Monday's opening of a new term in their nine million dollar temple of justice across from the capital.

With eight New Deal laws involved in cases already in the high court docket, Solicitor General Stanley Reed and his staff redoubled their research work to defend the constitutionality of administration acts.

Although the court will start hearing arguments on Monday, the first of its fateful "decision days" will not come until November 9, after the election.

New Deal laws involved in cases coming before the court include: Wagner labor relations act, PWA loans to cities for power plants.

The 1933 "truth in securities act," The Public Utility Holding Company act.

The 1934 arms embargo act, "Collective bargaining amendment to the railway labor act."

Government lawyers believe other suits involving the railroad requirement act, the social security law, AAA taxes and other New Deal measures—may reach the high court for argument before the present term ends next spring.

Orthopedic Clinic Conducted Friday At Health Office

Twenty-One Patients Take Advantage of Free Examination Being Provided in This City

Twenty-one patients attended the orthopedic clinic conducted at the health office here yesterday under the direction of Dr. Hugh A. Thompson, whose services are being provided by the State health department.

Dr. N. Thomas Ennett, Pitt health officer, who was instrumental in securing the monthly clinic for this county, said the program "is quite successful and filling a very great need."

He pointed out that more people are taking advantage of the clinic, recalling that even patients attended the first, 14 the second and 21 the third, held yesterday.

Of the 21 patients attending yesterday, two were colored. The ages of the patients ranged from 15 months to 55 years.

Dr. Ennett called attention to the fact that the clinic is open to everyone. He said Negro residents were not taking advantage of the free examination as fully as white citizens.

In discussing the clinic, the health officer called attention to the case of a Morehead City man who brought his child here after physicians there had made the suggestion when they decided they were unable to help him.

The health officer said the man declared that without the clinic he never would have been able to provide the treatment for his child.

"This is the kind of work we are chiefly interested in," declared Dr. Ennett. "We are trying to provide a service especially for those who are unable to provide the service for themselves."

Man Being Held Here Following Auto Crash

Simple Riddick, while man of Old Sparks was arrested at his home this morning and charged with homicide, assault with a deadly weapon and driving drunk as a result of a wreck last night about 8 o'clock one mile west of Falkland.

Patrolman H. B. Smith, who investigated the wreck, said Riddick ran into a wagon bearing L. B. Peadar and Bill Stocks and continued on his way without stopping and rendering aid. Stocks was taken to the local hospital suffering with an injured leg.

Yanks Take Lead In World Series

American League Entry Takes Two-to-One Lead Over National League in One-Run Match Victory in Third Game of Series

Yankee Stadium, New York, Oct. 3.—The New York Yankees, American League champions, today went in the lead in the 1936 World Series, eking out a two-to-one victory over their National League rivals, the New York Giants.

The winning run was scored in the eighth inning when Crosetti singled, scoring Powell from third.

Although outitting their rivals, eleven to three, the Giants were unable to provide the necessary punch when hits meant runs.

First Inning: Giants—Moore slashed a hit past Rolfe for a single. The Yankees third sacker dived for the ball but missed. Bartell sacrificed on the first pitch.

Second Inning: Yankees—Gehrig hit a home run into right field stands. Dickey was given a base on balls. Selkirk fouled out to catcher. Powell hit into a double play, Bartell to Whitehead to Terry. One run.

Third Inning: Giants—Jackson went out, third to first. Fitzsimmons struck out. Yankees—Lester struck out. (Continued on page four)

FRIDAY SALES PACKING FIRMS HELD 'UNFAIR'

More Than Million Dollars Paid Out In Week

Proceedings Brought Against Both Swift and Armour

Washington, Oct. 3.—(AP)—A department of agriculture official today said that Secretary Wallace had initiated proceedings against the Swift and Armour packing companies, charging "unfair trade practices" in violation of the packers and stockyard act.

Dr. A. W. Miller in charge of the division which enforces the act, said notices had been sent to the two packing companies for a hearing in New York on November 2.

Miller said that the notices had "indulged in unfair practices and price discrimination in the New York district."

A second charge alleged that the packers "had allowed some customers longer time to pay for meat than others, Miller said."

Officials said that the secretary then can issue a "cease and desist" order if he finds the act, which prescribed fair trade practices, had been violated.

Pitt Fair Association Going Ahead With Plans

Up-Town Headquarters Established In Reflector Bldg.

The Pitt County Fair is going forward with elaborate preparations for the coming agricultural exhibits and every effort is being made by the managing director, A. J. Grey, to afford a personal touch which will assure the growers of this community every opportunity to display their produce, live stock, poultry and home economics, with equal chances in the winning of the one thousand dollar premium list which is being offered.

A new Fairgrounds is now being established and built on the Falkland Road with every convenience possible for this first year. A lease has been acquired and the association will spare no time and trouble to make these grounds presentable for the comfort of the patrons.

A high wire fence will surround the entire grounds with a beautiful entrance arch which will accommodate both the pedestrian and the automobile traffic. There will be ample parking space inside the Fairgrounds. There will also be erected a grandstand which will accommodate some two thousand with a high elevated stage where there will be presented twelve high class free attractions and fireworks of which the program will be published in the near future.

A large exhibit tent for the purpose of display booths and advertising space will be placed in such a position that each person entering the Fairgrounds must pass through and view these displays in order to enter the midway and other exhibits. This inclosure, it is anticipated will house exhibits and displays to represent every community used by the consumer in this community.

The management of the Fair has decided to place a limited number of advance tickets on sale at ten cents each, this ticket sale will close to a close on Saturday, October 24, and will entitle the purchaser to one admission at the main gate and also to see the free attractions and fireworks.

A fair headquarters has been opened in The Daily Reflector building and is in charge of Mrs. Ruth Grey who will give any information desired and also furnish tickets to any organization wishing to sell them for the Fair and their organization, full information will be given to organizations regarding the sale of these advance tickets by their groups.

Minnesota Candidates Withdraw from Races

St. Paul, Oct. 3.—(AP)—Patrick J. Delaney and Fred A. Curtis Democratic nominees for United States senator and governor, respectively, today withdrew as candidates for those offices in a move they said, designed to solidify farmer-labor and Democratic forces behind President Roosevelt.

In separate statements the two candidates announced their decision to make the unprecedented move after a conference of state and national Democratic party leaders in St. Paul.

MADRID HEARS REBEL PLANES FLY OVER CITY

Huge Spy Ring Crushed in Capital with Arrest of 300

FASCISTS W A G E FEAR CAMPAIGN

Government Militiamen Fortify Semi-Circle Around Toledo-Bargas Section

(By Associated Press)

While its capital twice heard the screams of air raids strewn in a single night, the Spanish government crushed a huge Madrid spy ring today and in a quick march maneuver swung an arching line southward to Toledo for a surprise flank attack on fascists foes.

The 7th day of civil war saw these highlights:

1. Thurgent armen, carrying out a well mapped "campaign of fear" twice flew over Madrid, first dropping bombs under heavy fire of anti-aircraft guns.

2. The celebrated "Atadell" police brigade in the capital closed 300 alleged spies, who authorities charged, met daily in the meeting rooms of the national library.

3. Government militiamen fortified a semi-circle around the Toledo-Bargas area, held by the fascists. Defense was bolstered in with fifteen communications centers.

4. Planning the final onslaught on Madrid, General Franco's chief director, commander of fascist forces, restrained his high command to "B. An authoritative, but unofficial, Vatican City survey, said the pope's 500 priests and nuns had been killed in the war."

5. General Owen O'Duffy, leader of the national Irish, announced army's intention to send 10,000 men to fight in the Spanish war.

6. A new law was passed which would force the government to pay for the cost of the war.

7. Following up a warning that city ordinance regarding the disposal of papers, trash, etc. in the lots, two Greenville residents were convicted in Municipal court this morning of "illegal disposal of garbage."

8. The two defendants, Jack Moore and Harvey Ward, were found guilty. Costs. Another defendant was fined with the costs on a similar charge earlier in the week.

9. City officials have warned citizens that all persons found placing papers and trash in back lots where it can be blown away and scattered will face arrest. The law providing that the trash be placed in a receptacle with a top on the waste is not to be scattered.

10. Other cases tried in police court today include: Lindsay Woodson, negro, 30 days for drunkenness; Willie Oakley, fined \$10 and 10 days for drunkenness; Iula McLean, negro, sent to the County Home for 30 days on a liquor charge.

Secretary Arnold Expects Compacts Will Be Enacted

Express Confidence Tobacco Control Legislation Will Be in Force For Next Year's Crop

Raleigh, Oct. 3.—(AP)—R. F. Arnold, executive secretary of the North Carolina farm bureau federation, said here today he confidently expects tobacco compact legislation to be enacted in control next year's crop.

Arnold said the federation had not yet received copies of a proposed model bill which it had asked the department of agriculture at Washington to prepare, but that he thought it would provide for limitation of acreage and production and would contain adequate penalties for enforcement.

The secretary said the federation is now engaged in a membership drive in 23 counties in the state to strengthen its position before going into the other 40 counties. He predicted the first goal of 4,000 members in Pitt county would be reached at about 10:00 a. m. next week.

News Behind The News

Washington By RAY TUCKER

LISTENING: The inspiration behind President Roosevelt's gesture of friendliness toward insurance executives, bankers and utility heads is supposed to be Joseph P. Kennedy. The former SEC chairman is working the millionaires' side of the New Deal street.

With the written and spoken word the red-headed Boston boy who banked his first million before he was forty is injecting calm and balm into the campaign. He is assuring the "economic royalists" that the framework of the New Deal has been finished, and that FDR has run out of radical blueprints. A second term, it is hinted, would be devoted almost entirely to ironing out the kinks and reconciling banking, taxation and utility laws with rigid realities.

SLAIN WEEK BEFORE WEDDING

Covington, Ky. Oct. 3.—(AP)—A missing key that fitted a "peculiar lock" in the front door was an angle-studied today by police as they groped for clues in the fatal shooting of 30-year-old France Brady, who was to have been married next week.

In orange leaf grade B1F averaged \$44, compared to \$41 last week; B2F was up \$1 to \$37; and B6F remained at \$5.50 both weeks. In orange smoking leaf, H1F, H2F, H3F and H4F were up \$1. In orange cutters C2F was up \$2 to \$45; grades G3F and C5F were up \$1, and C4F was unchanged at \$36. All grades of orange lugs were up slightly except X2F which remained at \$28. All grades of orange priming lugs were up except P1F, which was unchanged at \$33.

THE NATIONAL WHIRLIGIG

Speculative: Democratic pencil-pushers have emerged from their mathematical cubbyholes with the conclusion that President Roosevelt can stand a 25 per cent drop from his 1932 vote and still win. If the loss is only 20 per cent, he will normal almost as many electoral votes—42—as he did against Herbert Hoover.

Scrambled: The Democrats' secret headache at the moment is to bracket the defection with respect to classes of voters, states and totals. The difference between 25 and 20 per cent, possibly less, may tilt the presidential story.

The Wrong Murderer

SYNOPSIS: To show Terence Mahony of suspicion of the murder of Vincent Little, Ruth Fraser had told the police that Terence was fetching her book to London from the home of a school friend in the country, at the time of the Little affair. It is not true, although it is true that Terence was "fetching" Ruth from Mississippi. Now, so that Terence may see what kind of man Ruth's guardian, Lee-Ramsden, is Ruth is taking Terence home to lunch—and this please Lee-Ramsden enormously, for it was he who had paid Ambrose Lawson to kidnap his word.

Chapter 15 LEE-RAMSDEN SCORES "WHAT kind of a man is your guardian?" asked Mahony. "Do you get on well with him?" "Oh, yes," she answered. "He's a bit cynical and... and inhuman, but he's very good company and easy to get on with. I think you'll like him."

After this remark there was a brief silence between them. "You're rather in love with Lee, aren't you?" Ruth really asked. "What's that?" said Mahony in a startled tone, and he "faded."

They went into the study and Lee-Ramsden poured out the sherry. After he had handed Mahony a glass, he indicated the middle edition of the evening paper, which was lying on the table. In big letters across the top was the headline: "SHOCKING AFFAIR THAT IS BEING COVERED."

"I didn't go there with Miss Fraser; I met her there by accident," he stated glibly. "I went there with a man named Lawson. A police officer was there—Inspector Kennedy, from Scotland Yard, in his presence, and Lawson's, Miss Little accused me of being the murderer of her uncle. She said that she recognized my voice as that of the man who was in the room when her uncle was killed."

Statistics On Scouts Reveal Much Progress

Statistics direct from the East Carolina Council office show that the Greenville District Boy Scouts has had the best growth since it was organized in the past two months. Today, 265 Scouts are on the records, meeting weekly with their 30-odd volunteer development and assistant training program.

In November 1934 when Scouting was revived in the District and Greenville became a part of the East Carolina Council, only 70 boys were enrolled. During the period when Mr. Leon Keaton was the Assistant to Mr. Sigwald, our Scout Executive, the new high mark of 119 Scouts was registered. With Mr. Ralph Mozo, Assistant Executive, the total has been raised to 265 Scouts, in 17 units. A total of 84 Merit Badges has been earned by the Scouts of the local District.

Scout Troop are located at Greenville, Farmville, Ayden, Bethel, Grimesland, Stokes, Gritton, Edwards, Fountain, Winterville, Hookerton and Snow Hill.

The advancement record during the past twelve months is to be envied, as 47 boys advanced from Tenderfoot to Second Class rank; 26 Scouts to First Class rank; 5 Scouts to Star rank, and 1 to Life, and recently the Eagle Badge was awarded to Kenneth Henderson of Troop 30. While much of the advancement was awarded locally, a part of the awards were earned and presented at Camp Charles, the East Carolina Councils popular council camp, at which time our boys associated with and made new friends with hundreds of other Scouts over the entire Council.

The rapid growth has been brought about through a functioning Scout District, under Rev. G. R. Combs, District chairman and the members who have as their objective the promotion of a well-rounded Scouting program.

Kelvinator Salesmen Returns from Havana

H. M. Blount of Greenville, returned today from a trip to Havana, Cuba, made with some 600 Kelvinator representatives, executives and invited guests aboard the Cunard-White Star liner Franconia, specially chartered for the tour. The party was made up of 353 salesmen from all parts of the United States, who were given the trip as a reward for exceptional records, and 250 Kelvinator executives and invited guests.

Mr. Blount, who is connected with Carolina Sales Corp. was awarded the trip for exceptional sales. Kelvinator's tour in a specially chartered liner to foreign shores marks a new departure in industry's relations with its sales personnel, providing the occasion for its leading salesmen to become better acquainted with the company executive as well as taking the form of a week's "floating university."

In Havana, trade relations were discussed at a luncheon given by George W. Mason, Kelvinator's president and board chairman, and attended by leading Cuban officials, the American ambassador and prominent business men. Mr. Blount reported extensive use in Cuba not only of electric refrigeration but of air conditioning as well. "A large number of the houses in Cuba are equipped with electric refrigeration," he said, "and the Cuban housewife is coming to demand it. In the cities, the use of this type is generally accepted, and its use is extending to the urban and more rural sections as well."

Free Will Baptists Bring Revival to End

Rev. Henry Melvin of Durham preached final sermon ending a two-weeks series of inspirational and instructive services here at the Free Will Baptist church on corner of Eleventh and Cotanche streets.

A vocal duet, "Ask and It Shall Be Given You," was beautifully rendered by the pastor, Rev. R. P. Harris and Rev. H. Melvin. His subject was "Life's Great Problem" was taken from Rom. 6:23 Gal. 6:7. The greatest problem in our life is the sin question and it is never settled right. It is a national question and is costing the government 15 billion dollars as a result of sin. Sin is also a state and city problem. I rode your city over today and I saw the evidence of sin. It is also a church problem. Did you ever stop to think if there was no sin in the world, there would be no church? The church acts as light

house to the world. It comes to be an individual problem. Every time you shed and hearache you feel is a result of sin. The thing I am trying to say is sin is a fact, it is a historical fact. The rise and fall of nations tells of sin.

Why is Israel scattered? Sin has been proven a fact. The prison, jail and changing prove that sin is a fact. The Bible declares sin to be a fact, and God is its author. You can't go out here and paint the town of Greenville red and expect to receive the apologies of God and it is not common in your city, but in my home town and wherever I have gone in cities or counties, in the poor house, mansion, middle home or the average home, sin lies at the door of all and must be coped with. It down the great and the small.

Sin may not be the same in Greenville, but it is the same in quality. You cannot get away from it. Sin is ready to down and shut the gates of glory. One certain thing about sin is it pays off. You go out here and commit a sin and you will reap the results of it. If you want your character to remain alright you had better let sin alone. Many people are suffering physically today because sin is paying off.

What is the remedy? How can we face the problem? One is to ignore it. People want to whitewash and meet sin in their own strength and fail. You can do every way you can think of and then fail without God's help. He can see through all your make-up.

Meet it God's way. Confess it to God and repent. Take it to Him and He will pardon and give you strength to resist and forsake sin. While working on a building one of the workers fell several feet below. His fellow-workers rushed to him expecting to see him crushed, and mangled and dying, but he was picking himself up. Beneath him was a lamb who lay crushed, torn and broken. The lamb had broken the man's fall and saved his life.

Yonder on Calvary, the Lamb of God was crushed for us to save our lives and by Him sin is crushed.

Bethel Farmers Hosts To Tobacconists Here

Jasper Smith and David House of the Bethel community entertained the Greenville Tobacco Board of Trade and a number of others connected with the tobacco industry here at Respass barbecue place last night. K. W. Cobb, sales supervisor, acted as toast master and villed on a number of those present to make short talks. All of those speaking thanked the hosts for an enjoyable feast and expressed pleasure at getting together on such occasions.

"AS RELIGION SEES IT"

By Rabbi PHILIP S. BERNSTEIN, Temple B'nai Kodesh, Rochester.

Social Justice Trend Marked Past Year in Judaism—Centrality of Religion in Jewish Life Also Stressed

Now that the old Jewish year has been left behind, it is interesting to review the trends in Judaism during the past year. An analysis of the various religious utterances and deliberations during the year reveals emphasis on the following principles: (1) The centrality of religion; and the synagogue in Jewish life, and the desirability of organizing the entire American Jewish community on religious lines. (2) The social implications of religion with special reference to economic justice and world peace. (3) Renewed faith in democracy as the surest guaranty of religious freedom. (4) The importance of Palestine to all Jews.

Social Justice Trend Especially significant was the increasing concern of Jewish religious bodies with social justice and world peace.

For the first time in its history the Union of Orthodox Jewish Congregations adopted a program calling for the appointment of a permanent committee of social justice. The resolution empowered the committee to undertake active efforts on behalf of social security legislation, slum clearance, the five day week, etc. Although not as far-reaching as the programs of other Jewish religious bodies, this marks a break with the orthodox tradition and tends to eliminate the anomaly by which the rabbinate representing the poorest Jews in America was also the most conser-

re-engaged Rabbis. The unemployment situation in the Rabbinate has ceased to be a very serious problem. In fact, some small congregations have been unable to secure Rabbis during the past year. The year 1935 has not been noteworthy for significant developments in religion. The synagogues have continued in their accustomed way, vitalized if at all by a small group of consecrated leaders and laymen and supported by a large mass of outwardly loyal but spiritually indifferent Jews.

An increasing number of children are receiving a religious education but only a small number are really touched by the religious dynamic. (c) 1936 by N.C.S.A. News Service

LOCAL ELEVEN LOSES, 7 TO 6

Failure to Gain Extra Point Gives New Bern Win

By JAMES WHITEFIELD
Yesterday was unusually good weather in which to carry on pigskin football—with sunshine and a taste of winter in the air, but not fine enough for the eleven of the Greenville high school to overpower the strong gridlers, the New Bern Bears, who defeated them by a 7-6 score.

A rather large crowd of local and New Bern residents were on hand to witness the event, and a continuous bombardment of rooting staged between the visiting spectators and the localites.

Greenville's only touchdown, and score came about in the second quarter when Harold Forbes, full-back, went through on a line play. The extra point, which would have tied the score with the visitors could not be obtained.

The Bears did their scoring in the first quarter and made good their extra point on a kick.

During the game the local grabbed 7 first downs and the visitors 12; the Greenville topped off 3 complete passes and the Bruins eyed the score with the same number.

The Greenville were penalized 4 times during the process of the game for a total loss of 45 yards, and the visitors had the number at a 35 yard loss.

Another chance for the local bunch to score came about in the last quarter, when the Greenville had 5 downs and only three to go.

Harold Forbes and Robert Earle Clark were the outstanding performers for the Greenville, while Lockett and Westberry forced to the front for the visitors.

Sixteen of the fellows from the group who went out to make the team this year were given an opportunity to participate in yesterday's clash, with six of this number being sent in as substitutes.

The win noted out by the New Bern Bruins was their second win out of two games played this season. Their first win came about the other day when they defeated the localites, courtesy of a whitewash score of 22-0.

A total of the home games were scheduled to be played on local grounds during the present season, and yesterday's start was one of them.

Plans Being Mapped For Education Meet

At a meeting of the program committee for the northeastern district of the N. C. E. A., which is being held today at the College, plans were made for the annual two-day meeting to be held at East Carolina Teachers College on November 20 and 21. All the officers were present, the president, Edgar Bundy of the Elizabeth City schools, the vice-president, C. D. Ward of Winterville, and the secretary, Miss Blanche Hart of Grangers.

Those representing the Music Department were H. T. Parry, chairman, who is director of music in the Rocky Mount school, and Miss Metzer Reeves of Washington.

The production manager of the N. C. Centennial program, John N. Parker of N. C. University, and C. H. Eason of Rocky Mount, who have charge of the organization of a project which will be presented on Friday night, November 20, were present.

The other members in attendance were Miss Alice Osgin, of Farmville, chairman of the Department of Agricultural and Home Economic Arts; Miss Lorraine Hunter, of E. C. T. C. of the Science Department; and J. H. Rose, chairman of the Department of Superintendence.

N. Y. Stock Market

New York, Oct. 3.—(AP)—Stocks soared today in the most active market witnessed in several months. Led by the steels and rails, gains of fractions to around three points were distributed over a wide front. Numerous six-year highs were recorded in the buying and rush and during the first hour the ticker tape was from one to four minutes behind transactions on the floor of the exchange. Transactions approximately 1,000,000 shares.

The turnover was the largest for a Saturday session since the early part of the year.

Major Candidates Act Alike Before Flashing Cameras

Regardless of how far apart Roosevelt and Landon are On Politics, Both Have Same Trait

By PRESTON GROVER
Washington — Regardless of how far apart their politics and background may be, Governor Landon and President Roosevelt are found by photographers to be very much alike in their conduct before the camera.

Photographers who have flashed pictures of the two candidates during the past three months say they both dislike being photographed while eating and ban "surprise" pictures such as are taken by the candid camera.

When on the platform preparing to speak both will pose in amiable and obliging silence while dozens of flash bulbs flare in their faces.

Roosevelt's conduct at the Harvard torchlight celebration and at the Ruth Bryan Owen-Solide wedding was described as almost typical of the two under special circumstances. At Cambridge photographers found many signs

COUNTY JAILS SHOW INCLINE

Increase of 1,016 in Population Shown Last Month

Reflector Bureau, Sir Walter Hotel.

Raleigh, Oct. 3.—The number of persons committed to 79 county jails during the month of August showed an increase of 1,016 over the number committed to 78 county jails during July, according to figures just compiled and released by R. Eugene Brown, director of the Division of Institutions and Corrections and Public Welfare.

These figures show 6,720 persons were committed to these 79 county jails during August and that 5,704 were committed to 78 county jails during July. The figures also show that 127 children under 16 years of age were sent to jail during August as compared with 109 committed to jail during July. The August figures show that 142 insane persons were being held in county jails during that month as compared with 135 insane persons held in jails during July.

The actual number of prisoners serving sentences or awaiting trial in county jails in August was also greater than in July, the figures show. A total of 1,570 prisoners were waiting trial or serving sentences in 79 county jails on August 31 as compared with 1,240 in similar status on July 31. Of these 1,570 prisoners actually in these jails 410 were serving sentences — of 30 days or less, since all sentenced to more than 30 days are turned over to the state prison system — while 1,160 were awaiting trial, of which 1,092 were held on state charges and 68 on Federal charges.

Of the 127 children under 16 years of age held in jails during August, 35 were white boys, 6 white girls, 62 negro boys and 4 negro girls. Of the 109 children in jails in July, 35 were white boys, 5 white girls, 66 negro boys and 3 negro girls.

Of the 142 insane persons held in jails in August, 83 were white men, 11 white women, 36 negro men and 12 negro women.

The greater part of county jail populations in the thirteenth and fourteenth centuries, were invented to keep soldiers from wiping their noses on coat sleeves of their uniforms, clothiers say.

saying "No cameras." They raced to Marvin McIntyre, one of the President's secretaries, for an assist.

"It's their party," was McIntyre's response.

Harvard relaxed the rules and even prepared a special stand for the photographers where they might snap the President at will.

Yankees—Selkirk singled to right. Powell was given a base on balls Lazzari out short to first, running advancing. Ruffing, batting for Hadley, hit to pitcher, who threw Selkirk out at plate. Powell now at third. Crossett up. Roy Johnson running for Ruffing. Giant singles to pitcher. Powell scoring. This was a hard hit ball which Fitzsimmons knocked down but could not make the play. Rofle out, Terry to Fitzsimmons who covered first. One run.

Ninth Inning
Giants—(Malone now pitching for Yankees). Whitehead fanned out. Koenig, batting for Jackson was out short to first. Leslie, hitting for Fitzsimmons, singled to center. Davis running for Leslie Moore forced Davis, short to second. No runs.

Lou Gehrig's big bat exploded for his first home run of the 1936 world series, giving the Yankees a lead of one to nothing over the Giants in the second inning before a record crowd of 70,000. The bases were empty when Lou, with the count two and two, smashed Freddy Fitzsimmons' fast ball almost 400 feet in the bleachers in center field.

The Giants, however, drew into a tie when Ripple, Giant rookie, homered with none on, to the right field bleachers.

Two swift double plays pulled both Fitzsimmons and Irving Hadley, his right hand rival for the Yanks, out of danger as the New York rivals for the world championship battled through the early stages of the third game of the series, deadlocked at one victory each.
