Fair Trade Acts Upheld In Ruling Of Highest Court

Justices Return for New Examination Case Challenging Constitutionality of Holding Company Law to District of Columbia Court

Washington, Dec. 7.—(AP)—The Supreme court upheld two state "fair trade" acts prohibiting the sale of standard products at less than a price fixed by the producer today in delivering opinions in 17 of 23 cases that have been argued.

One of five New Deal cases pending before the high tribunal was contained in the decisions. The justices returned to the District of Columbia Supreme court for a new examination of the government's petition that trial of cases challenging constitutionality of the Utility Holding company law be held up until a test is obtained in the government's suit against the Electric Bond and Share company.

The lower court would determine whether it would be proper to hold up the other cases until a New York district court had ruled in the Bond and Share case.

The court deferred until at least next Monday a decision on four other New Deal cases.

The four trade opinions covered California and Illinois laws. Other states listed as having similar laws were Ohio, Iowa, Maryland, New Jersey, New York, Oregon, Pennsylvania, Washington and Wisconsin.

All of the court's 17 opinions were unanimous with the exception of a five to three split upholding legislation permitting government employees and pensioners to serve on juries in the District of Columbia in a case where the government was involved.

Justice Stone, ill with dysentery, did not participate in any of the rulings.

Instructs Police To Arrest Offenders Of Fireworks Act

Two Men Convicted in Court This Morning For Shooting Fire Crackers on City Streets

Two men—not boys—were convicted in City court this morning of shooting firecrackers on the streets of Greenville and each was taxed with the court costs. The two were H. B. Smith and R. B. Harper.

Chief of Police George Clark said today that he had instructed each member of the force to "bear down" on persons shooting firecrackers on the streets. He said that he asked the Board of Aldermen to allow fire works to be shot on a person's own premises, but added the ordinance strictly prohibits their use on the public streets.

The chief recalled that last year this same ordinance was in effect and that he had little trouble or complaints. It was with this in mind, he said, that he was willing to allow them to be exploded in private yards.

"We do not want to take any innocent pleasure from the children, but if children and grown men continue to shoot them on the main streets, we are going to have to prohibit them altogether," declared Chief Clark.

The officer also said that if he had anyone else to come up in court for violation of the fire works ordinance prohibiting them from being shot on the streets, he would ask the court to deal with the defendants more severely.

Chief Clark suggested that all parents instruct their children not to violate the ordinance if they wished to prevent having to pay a fine and court costs.

Negro Bound Over on Shoplifting Charge

Levy Eady, negro, was bound to County court under bond of \$200 following a preliminary hearing in City court this morning on a charge of larceny.

The negro is alleged to have stolen a sweater from a local store last week. John Scott, another negro arrested with Eady, was tried in the Saturday morning session and bound over to the higher court. Eady was not tried then because officers were investigating the possibility that he was wanted elsewhere on a more serious offense.

Ninety-one per cent of the farms in Clark county, Ky., come under soil conservation program this year.

MARTIN MOORE READY TO DIE

Convicted Slayer Says He is "All Right with God"

Raleigh, Dec. 7.—(AP)—Martin Moore, gangly Buncombe county negro scheduled to be executed by gas here Friday for the brutal hotel room murder of Helen Clevenger of New York, said today "I'm all right with God now."

Governor Ehringhaus, who engaged in a personal study of the Moore case, indicated he would decline to intervene in behalf of the negro and parole commissioner Edwin M. Gill said his study showed "it is a clear case of murder in the first degree."

Moore, in a cell on the temporary death row at state's prison while the regular death row cells are being renovated, chatted amicably about his new quarters and said they were more comfortable than his old one.

"I'm all right with God now, all my sins are forgiven and I think I'm going to heaven," Moore said. He added he had asked that he be baptized into the Baptist church this week.

Huski, the big negro said "I'm writing my brother to come and get my body Friday morning."

The negro declined to discuss his trial, but said he would "have a whole lot to say later in the week."

City's Merchants Urged To Attend Meeting Tuesday

Session Called For 10 o'Clock in Chamber of Commerce to Decide on Holiday, Dec. 26th.

All merchants in Greenville have been invited to attend a meeting in the Chamber of Commerce offices in the Post Office building tomorrow morning at 10 o'clock for the purpose of discussing and possibly reaching a decision on whether or not stores will close on Saturday following Christmas.

Members of the organization are urged to attend the session and express their opinion. Mrs. R. L. Powell, secretary, said she had had numerous calls from merchants, some of them not members of the organization, inquiring as to what would be the custom this year.

All city and county offices and banks will be closed on the day following Christmas this season. A number of merchants have expressed the opinion they would like to close their establishments Thursday night and remained closed until Monday morning, but added they wished to abide by the rule of the majority.

If the Chamber of Commerce decided there is no use of opening stores on Saturday, a general holiday will be observed throughout the city.

To Award Prizes For Best Decorated Homes

Definite announcement was made today by Mrs. R. L. Powell, secretary of the Chamber of Commerce, that prizes would be given this year for the best decorated homes in the city.

Mrs. Powell said that she was not ready to state the definite amount of the cash prizes, but said she was certain that it would be at least \$750, and declared that she was hoping to raise the amounts from \$10, \$5 and \$2.50 for first, second and third awards, respectively.

Local Woman Hurt In Automobile Wreck

Mrs. A. C. Simmons of this city is in a Rocky Mount hospital suffering from injuries she sustained last night when she was en route to Greenville with her husband and two young boys. Fred Whitfield and Jasper Crawford.

Mrs. Simmons was injured in an automobile wreck near Pinetops. None of the other occupants of the automobile was seriously hurt. Details of the wreck were not known here, nor was the condition of Mrs. Simmons, but she was not thought to be critically injured.

South Carolina and Georgia farmers paid 55 cents a hundred in 1936 for picking cotton, the lowest wage in the nation.

PARALYSIS STRIKES POPE PIUS

A stroke aggravated by high blood pressure has left Pope Pius XI partially paralyzed in his lower limbs but in spite of that, the Holy Father insists on using his keen mind and unimpaired arms to carry on his work. This is one of his latest pictures. (Associated Press Photo)

Pope Pius Anxious Leave Bed And Return To Work

ANOTHER TERM COURT DEC. 28

One Week Special Term Completed Saturday P. M.

With one special term of Superior court just completed, Pitt county attaches already have started preparations for another session to be held the week of December 28 for the purpose of further clearing the criminal docket.

Completing a full week, a special term adjourned Saturday afternoon after having disposed of a large number of cases. Nevertheless, the docket remains crowded and the sheriff's office said that now there are approximately 40 prisoners in jail, awaiting trial, most of them in Superior court.

The special term was called to be held during the holidays because of the fact that the docket is congested and the jail practically overflowing.

Judge J. Paul Frizzelle, who presided over the session last week, will be here again for the term the week of December 28.

Before adjourning Saturday, the court cleaned up a number of odds and ends left during the earlier part of week.

Jesus Grimes, negro convicted of manslaughter earlier in the week, was sentenced to from two to three years. An appeal was noted to the Supreme court by W. J. Bundy, defense counsel.

Guy Boyd and Ed Gattin, negro, were acquitted of a larceny charge.

Roy Lee Saunders and David Waters, negroes, each was sentenced to the roads for from four to five years upon conviction of assault with a deadly weapon with intent to kill. Saunders noted an appeal to the Supreme court and bond was set at \$2,500.

McKinley Hall, negro, entered a plea to guilty of larceny and was given a 12-months road sentence.

Louise Reeves and Annie Fowler, negroes, tendered a plea of guilty to larceny and judgment was suspended.

W. H. Dail, Jr., Ill In Hospital In Chicago

W. H. Dail, Jr., director of the North Carolina Farm Bureau Federation, is in the Presbyterian hospital in Chicago suffering with a recurrence of rheumatism.

Mr. Dail was on his way to Pasadena, Calif., to attend the eighteenth annual meeting of the Farm Bureau Federation when he was stricken with the ailment.

Mrs. Dail said here this morning that her husband had advised her he would return home as soon as his condition permitted.

Mrs. Dail said here this morning that her husband had advised her he would return home as soon as his condition permitted.

STRONG WINDS CAUSE DAMAGE IN WIDE AREA

Five Southern States Visited by Tornadoic Gales

WARM WEATHER IN SOUTH, EAST

Sub-Zero Temperatures Felt in Middle States, With Snow Blocking Roads

(By Associated Press)

Whipler drove a spearhead of cold into the middle United States today while summer-like rains fell in the east and the south, counting extensive damage from high winds.

Sub-zero temperatures prevailed in Iowa last night with a minimum of 15 below predicted. Snow, ranging up to six inches, blocked many roads.

A sudden downward plunge sent the mercury to the zero mark in Illinois, turning to ice a slushy combination of rain and snow which fell during the previous 24 hours.

A three inch snow covered northern Missouri. The temperature was 12 above at St. Louis, eight at Kansas City.

Nebraska temperatures were near zero. The low zero readings were general in Minnesota, Wisconsin and the Dakotas.

Now swept western Michigan. Tornadoic winds struck parts of Alabama, Arkansas, Mississippi, Louisiana and Texas. Near Tuscaloosa, Ala., 20 were injured and half a dozen homes flattened. Four were injured when wind caved in a two-story brick building in Greenville, Miss. Wind, accompanied by torrential rain, blew down 50 small houses at Longview, Texas, injuring several negroes, and destroyed 10 houses at Marshall.

W.F. Owens Heads Organization For Letter Carriers

Local Employee Named Head of Eastern North Carolina District at Meeting Held in This City

A large number of city letter carriers in this section of the state met in the civil service room of the local postoffice Saturday night and organized the Eastern District. The Central and Western districts will be organized in the near future.

L. L. Edwards, state president, in his speech, gave some stressing points on the necessity of such an organization. He declared it is every letter carrier's duty to join both the state and national associations in as much as they are now enjoying the same privileges as the members of the association, namely, observance of all the national holidays, 40 hour short work-week 15 days annual leave, 10 days sick leave and many others, he stated. These achievements were accomplished.

Mr. Edwards explained that the campaign would be brought to a close as soon as possible. She also explained to the workers that while the need for a large amount of funds is very important in the matter of the control of tuberculosis, still all purchases must be on a voluntary basis; in other words, that she wanted the people of the community to look forward with pleasure to the annual Seal Sale, as it would give them an opportunity to help, even in a small way, the poor tuberculosis patients who cannot help themselves.

Mrs. Moore stated that the meeting was enthusiastic and all workers went out determined that they would do their best to see that no prospect was overlooked; however, Mrs. Moore explained that the seals would be on sale at the post office, several drug stores and at other central points from now until Christmas Eve.

She also explained that in a few days the seals would be distributed through the City schools.

The list of workers follows: J. J. White, N. O. Van Nortwick, Jr., Mrs. LeRoy Hardee, Mrs. W. J. Webb, W. A. Darden, P. L. Goodson, Betty Bostic, W. J. Bundy, A. B. Stallworth, C. W. Harvey, Jr., Roy M. Campbell, D. C. Moore, Jr., Mrs. Worth Wicker, Mrs. J. C. Waldrop, Mrs. R. D. Whitchard, Mrs. Jack Spain, Mrs. Wyatt Brown, Mrs. Wiley Brown, Mrs. J. E. Winslow, Mrs. B. B. Sugg, Mrs. E. J. Garrett, Mrs. J. Knott Proctor, Mrs. C. M. Warren, Mrs. Richard Williams, Mrs. Curtis Perkins, Mrs. A. M. Moseley, Mother Theresa, Sister Gillen, Mrs. L. A. Stroud, Mrs. J. Thomas Clifton, Mrs. N. Thomas Ennett, Mrs. Elmo Savage, Mrs. K. B. Pace, Jack Spain, Mrs. Judson Blount, Jas. S. Ficklen, R. M. Garrett, Dr. C. L. Adams, J. B. Kittle, Miss Louise Williams, Miss Annie Newell, Mrs. H. E. Austin, Mrs. J. L. Kluge, Mrs. A. D. Frank, Mrs. Hortense Mow, Miss Hennie Whitchard, Mrs. D. M. Clark, Mrs. J. Hicks Covey, Mrs. E. W. Harvey, Mrs. E. B. Allsbrook, Mrs. J. Vance Perkins and Junior Women's Club, Mrs. E. B. Higgs, Mrs. David Tripp, Miss Lill Wilson, Mrs. C. W. Hearne.

POULTRY TOO CROWDED, SURVEY IN KANSAS SHOWS

Manhattan, Kas. (AP)—Poultry is too crowded in poultry houses on the average farm, a survey by Prof. L. F. Payne, of the Kansas State College, disclosed.

Payne said the survey showed the average floor space per bird is 2.3 square feet while the recommended space is four feet. Crowding poultry, he said, means lowering the efficiency of the flock and reducing profits.

Francois Leclerc du Tremblay, confidant of Cardinal Richelieu, was better known as Father Joseph.

British Cabinet Eases Its Demands That Edward Make Definite Choice

MRS. SIMPSON AGREES TO GIVE UP EDWARD

Cannes, France, Dec. 7.—(AP)—Wallis Warfield Simpson announced today she is ready to give up King Edward so that he may retain his throne.

Mrs. Simpson, in a signed statement handed to the press by Lord Brownlow, said she was ready to give up Edward to save the throne of the British Empire.

"Throughout the last few weeks I have invariably wished to avoid any suggestion of proposal which might hurt or damage His Majesty or the throne," the statement began.

"Today my attitude is unchanged and I am willing, if such action will solve the problem, to withdraw forthwith from a situation that has become unhappy and untenable."

The statement was given out by Lord Brownlow at the gate of the villa where Mrs. Simpson has been staying. He made no comment after reading it aloud.

Social Security Upheld In Boston Federal Court

Boston, Dec. 7.—(AP)—Federal Judge George C. Sweeney ruled today the Federal Social Security act is legal when he denied George P. Davis of Waltham, stockholder of the Boston and Maine railroad, an injunction which would have prevented the railroad from paying unemployment insurance.

In dismissing the petition for an injunction, Judge Sweeney said: "It is a valid exercise of tax that does not exceed the powers of congress. It is a tax for the general welfare of the nation."

Davis said he would appeal the decision to the United States circuit court of appeals.

The case United States Attorney Francis J. W. Ford said was the first upon which a ruling had been made in the country.

Speaking in a courtroom in the Mecklenburg county court house, Hoy said the theory of government is now expressed in the phrase "the public be served" instead of the one-time classic "the public be damned."

Three things, he said, were demanded of public office, intelligence, industry and integrity.

Justing Woodrow Wilson, the Shelby attorney, said, one thing there appeared to be two classes of public officials; those who grow in office and those who swell up and urged office holders of this state to grow.

Albert Coates of Chapel Hill spoke briefly in behalf of the institute of government, which sponsored the simultaneous installations.

Labor Board Files Charges Against Steel Corporation

Washington, Dec. 7.—(AP)—The National Labor Board today charged the United States Steel Corporation and its subsidiary, the Carnegie Illinois Steel Corporation, with interfering with the self organization of employees at the subsidiary's 21 plants.

The board also charged in a complaint against the two corporations given financial support to local employe representation plans within the parent corporation and its various subsidiaries.

The board announced it will hold a hearing on the complaint here December 17.

NOT TO PRESS FOR DECISION

Prime Minister Baldwin's Cabinet Uncertain of Course in Face of Growing Support for King Edward's Unswerving Devotion For Mrs. Simpson

London, Dec. 7.—(AP)—Prime Minister Stanley Baldwin told the House of Commons today the government will not press King Edward for a decision on his plans for possible marriage with Mrs. Wallis Warfield Simpson.

"I am glad to have occasion to make a further statement on the cabinet's position," Baldwin said, reading from a manuscript.

"Cannes, France, Dec. 7.—(AP)—Wallis Warfield Simpson and King Edward of England talking (multi-channel telephone) today while the world waited for a decisive decision on development in England's crown princess."

Mrs. Simpson, it was learned, had authority, also demonstrated by telephone with several other persons in London from Villa Les Vies here.

She spent the day in the deepest isolation.

"In considering this whole matter it has always been and remains the earnest desire of the government to afford his majesty the fullest opportunity of weighing the decision which involves so directly his own future happiness and the interest of all his subjects."

"At the same time they can not but be a warning that any considerable prolongation of the present state of suspense and uncertainty would involve the risk of gravest injury to the national and imperial interest—and indeed no one is more insistent upon this aspect of the situation than his majesty," the prime minister continued.

"In view of certain statements which have been made about the relations between the government and the king I should add that with the exception of the question ofmorganatic marriage, no advice has been tendered by the government to his majesty, with whom all my conversations have been strictly personal and informal."

The British cabinet eased its demands today that King Edward give up either Wallis Simpson or the empire's throne.

Prime Minister Baldwin's government, it was learned authoritatively hesitated uncertain of its course in the face of the bachelor monarch's unswerving devotion to Mrs. Simpson and a growing support for the king from the people.

Arms Limitation Proposal Appears Be Facing Death

Chilean Suggestion to 21 American Republics Runs Into Possible Fatal Committee Opposition

Buenos Aires, Dec. 7.—(AP)—A Chilean proposal for limitation of armaments by the 21 American republics ran into possible fatal opposition at a committee meeting of the Inter-American peace conference here today.

General Jose Moncada, ex-president of Nicaragua, told the arms limitation committee such a project was useless because of the heavy armament programs of European nations.

This strong statement against the plan, coupled with expected opposition from the United States and Argentina, appeared to doom the Chilean resolution to further aid obstacles in the committee, and created doubt whether it even would reach the convention floor at a plenary session.

The University of the South, Swannec, Tenn., was established at a meeting of educators atop Lookout Mountain on July 4, 1878.

Believe Hoey Will Pick Servants Equal To Task

Reflector Bureau.
 Sir Walter Hotel.
 By J. C. BASKREYLL.
 Raleigh, Dec. 7.—Will Governor-elect Clyde R. Hoey follow the precedent of past Democratic administrations in North Carolina and place public service ahead of political patronage in making his appointments, or will he go back to the old theory that to the victor belongs the spoils and regard the rewarding of the "faithful" as more important than the efficient conduct of the state government.

These are the questions which are uppermost in political circles here as the date for Mr. Hoey to assume the governorship draws nearer. It is agreed that how Mr. Hoey answers these questions will determine very largely the appointments he will make, also that the appointments he makes will answer these questions, so that the public generally will not know the answers until most of his appointments have been made.

The prevailing belief among those who know Mr. Hoey and are familiar with his ideas about government and politics, is that he will adhere to the established tradition of the Democratic party in North Carolina from the days of the late Governor Charles B. Aycock on down to the present time, which has consistently been to place public service and efficiency in the state government above political patronage and the rewarding of the pie-counter boys who always try to hop the band wagon in the hope of being rewarded with political jobs.

Every Governor from Aycock to Ehringhaus has been accused, of course, of playing politics and of rewarding political favorites at the expense of able and efficient seekers after office who could have done much better than the ones appointed. But these accusations have always come, for the most part, from the minority group of "able and efficient" seekers after public office who have not been able to get appointed to the offices they have sought, chiefly because they lacked the efficiency and ability needed to fill them, most impartial and non-political observers agree.

The only reason the Democratic party has been able to remain in control of the state government in North Carolina for 37 years, students of the state's political history agree, is because the party has consistently and insistently placed service to the many ahead of privilege for the politicians and has insisted that 100 cents worth of serv-

ice be given to the people for every dollar in taxes collected from them. It is agreed by these same students, of course, that there has always been a faction within the Democratic party which believed that the first duty of the party was to reward the politicians and their "workers," and then to use anything that might be left over for the benefit of the public. They agree that in many states this group is frequently the dominant faction, but point out that sooner or later it is defeated and loses control to the opposing party.

It is always this minority faction which talks most loudly about "cleaning out" this or that department and which tries to find an ulterior motive for every move made by any Governor or department head. It is agreed, it was faction which assailed the record of the Democratic party during the primary campaigns and which is now "demanding" that most of the present appointive department or commission heads be "kicked out" and "new blood" injected into their departments, on the grounds that the present heads are political appointees.

They would like to see the Department of Revenue turned over to some one else on the grounds that there is too much "politics" in it. But what they would really like to see would be the appointment of a new department head who would represent a different type of "politics" under which they would have a chance of getting jobs. The same is true of the highway department, with its 8,000 jobs, and of other departments with their scores of minor jobs.

But those who have been following the history of the Department party in North Carolina for 37 years and who also know something of Mr. Hoey and his political philosophy, do not believe that he is going to make any wholesale changes in the present set-up of the state government and engage in any wholesale firing, merely to make possible the wholesale hiring of pie-counter politicians. They believe that the rank and file of the people are pretty well satisfied with the record of the Democratic party in the past and that there is no great public demand for the heads of a few state officials. In fact, most observers believe that whatever hue and cry for a change is being raised, is coming more from those who opposed the nomination of Mr. Hoey than from those who nominated and elected him.

THIMBLE THEATRE (Starring Popeye) By E. C. SEGAR

Now Showing—"A Parcel Without a Tag"

BIG COUNTIES LOSE PRESTIGE

Fail to Return Legislators to General Assembly

Reflector Bureau.
 Sir Walter Hotel.
 Raleigh, Dec. 7.—The two largest counties in the state in population—Mecklenburg and Forsyth—having three representatives each in the house, are likely to have much less influence in the 1937 house than many smaller counties, due to the fact that none of the six men elected to the house from these two counties have ever served in a session of the general assembly before, it is being pointed out.

For this same reason, none of the six representatives from these two counties are expected to be named as chairmen of any important committees, due to the fact that the more important committee chairmanships are always reserved for house members with previous legislative experience, most observers here agree.

The three new representatives from Mecklenburg county are M. J. Blankenship, E. L. Mayhew and James B. Vogler. The three from Forsyth are M. R. Gass, T. S. Thornton and Virgil A. Wilson.

For are Guilford and Wake counties in a much better position, despite each of these counties has three representatives in the house. Two of the three representatives from Guilford county are serving in the house for the first time and hence not likely to get any major committee chairmanships or appointments, while two of the three members from Wake county are also first-timers.

Of Guilford's delegation composed of John W. Caffey, Joe T. Carruthers, Jr. and Rupert T. Pickens, Jr., only Pickens has had previous legislative experience. Pickens will hence be in line for a good committee assignment. Of the Wake county delegation, composed of Arch T. Allen, W. T. Hatch and Clarence Mitchell, only Mitchell has had previous experience in the house, having served in the 1935 session.

Most observers here agree that the larger counties—Mecklenburg, Forsyth, Guilford, Wake, Buncombe and a few others which have more than one representative in the house, lose a great deal of influence and prestige which could be theirs by failing to elect representatives with previous legislative experience. A large number of the eastern counties, however, re-elect the same men term after term and thereby maintain their control in the house, it is pointed out.

Santa and the Viking

BY SIGRID ARNE

The North Wind blew on the crimson sails. . . . Chapter One

The North Wind

Many, many years ago on a stormy December afternoon the North Wind was strolling up and down the sky near the North Pole talking to himself, "Whoo-oooh, whoo-oooh!" His shaggy, gray hair and his long tail streamed behind him as he pushed along trying to think of some prank to play. He had been down to our world to puff snow up on our porches. He had stuck his chilly finger down our collars. Now he was bored.

Suddenly he stopped in his tracks. "Way below him in the Arctic Sea he saw a strange sight. Along a jagged lane of water, left by the cracking ice, there was a huge ship with crimson sails. From the ships sides dozens of shining oars were pulling it through the water. But there was no one on the ship except a stern-looking man who stood high in the carved prow. His long, yellow hair waved in the breeze. He wore a shining silver helmet and breast-plate, and his legs were bound with white woollens and laced with thin, red-leather thongs.

He Blew On The Sails

"Who!" shouted the North Wind as he dipped down from the sky and blew on the crimson sails. "I'll push him along to Santa's toyshop. He looks lonesome and Santa has had no visitors for years."

In a short time the ship bumped ashore near Toyland and stopped. The strange man in the prow looked about him sorrowfully, but he had no move.

"Now for some fun," whistled the North Wind. He rushed to Santa's toy shop and pushed huge clouds of snow against the windows. In a second Santa's ruddy face appear-

Who Can He Be?

But Santa saw the ship across the snow. "Well, I never!" he exclaimed, tugging his beard. "And all alone!" He pulled a red cap over his head, tied a muffler around his throat and ran to the ship.

The man in the ship now stood with one arm to the sky. He seemed to be talking to some one. Then he bowed his head and stayed silent.

"Halloo!" shouted Santa. "Hey there!" The sailor looked around and then stepped slowly down the side of his craft and approached Santa.

"Who can he be?" mumbled Santa into his oar.

"Who-oo?" echoed the North Wind.

Social and Personal

Mrs. F. W. Heslep has returned from a visit to relatives in Swansboro.

Ed Wilkerson left Saturday for Mt. Pleasant, Tenn., where he will be on the tobacco market.

John W. Timberlake, Jr., left this morning for Huntington, W. Va., to be on the tobacco market.

Mrs. W. J. Bundy spent the week end in Norfolk, Va.

Mrs. Richard Eppes, Jr., and little son, Richard VII, of Hopewell, Va., and Mrs. Gerald Perry and daughter, Rose, of Williamson, visited friends here Saturday.

Mrs. J. W. Brown is visiting her daughter, Mrs. E. H. Browning in Raleigh.

Rev. N. C. Brooks, Jr., arrived yesterday from Raleigh where he has been assisting in a Stewardship campaign promoted by the Baptist State Board. He will spend several days with his parents, Mr. and Mrs. N. C. Brooks, before returning to his home in Bryson City.

Special Service at St. Peter's The feast of the Immaculate Conception will be observed tomorrow by St. Peter's church of this city. The Holy Sacrifice of the Mass will be offered at 7 a. m.

In Duke Hospital Friends of J. C. Galloway will be sorry to learn that he is critically ill in Duke Hospital, Durham.

In Roanoke Rapids Hospital Mrs. R. T. Burnett is in Roanoke Rapids with her daughter, Mrs. P. A. Jacobs, who is ill in the Roanoke Rapids hospital. Friends will regret to learn of Mrs. Jacobs' illness.

The Round Table Mrs. E. W. Griffin will be hostess to members of the Round Table tomorrow (Tuesday) afternoon at 3:30.

In Greenville Today Thomas F. Clark of New York and Thomas F. Clark, Jr., of Richmond, Va., representing the John F. Clark advertising Co., were here today.

College Vesper Service A musical program was the feature of the College Y. W. C. A. Vesper service last night. After the reading of the Scripture, Luke 2: 1-30, by Miss Naomi Newell, Miss Edna Earle Perry played a piano selection, "The Rosary." "The Wonderful Peace of My Savior" was sung as a duet by Misses Davis and Mildred Hollowell. Miss Madeline Eakes sang a solo, "Does Jesus Care."

A quartette composed of Misses Frances Curran, Madeline Eakes, Catherine Gheek, and Edna Earle Perry, concluded the program with "Day is Dying in the West."

Called To Come Mrs. J. H. Boyd, Jr., is in Como, where she was called on account of the illness of her mother, Mrs. J. C. Taylor.

Men and Women Special Our artisans' policy especially written for anyone covered by compensation, pays any sickness or accident not covered by compensation. This plan costs you about one-half the regular price. No prohibited occupational risks. Delays are dangerous. Phone 150 or 280. Claude Tunstall.—(Adv't.)

Dance at Wilson Dec. 9th Wilson, Dec. 7.—The Green Parrot Club of Wilson has announced that they have secured Shep Fields and his famous "Rippling Rhythm" orchestra for a dance Wednesday, December 9th, at the New Planters' Warehouse here. Shep Fields, whose romantic rhythms have created for him in incredibly few months an enviable following among those who are up to the minute in music, is one of the most youthful of America's great orchestra leaders—he is still on the sunny side of 25—and yet he has attained the success that so many strive years to reach. Once you hear Shep Fields' orchestra you readily understand why he has that distinctive touch, that dash of originality that spells great dance music.

Shep Fields has just concluded a successful engagement at the exclusive Hotel Pierre in New York, and broadcasted over the N. B. C. network. Shep is now broadcasting every Friday night at 10 o'clock for the Radio Guide Magazine.

The Green Parrot club intends to make this dance just as successful as the Jan Garber dance was last April. The warehouse will be decorated and Mayo's oil heating system is being installed so that regardless of how the weather is, the warehouse will be very comfortable.

Home B. & L. to Pay Dividend on Dec. 20

The Directors of the Home Building and Loan Association at their regular monthly meeting decided to continue the custom adopted several years ago of paying the January dividend on December 20.

The Directors feel that by paying the dividend ten days earlier they allow hundreds of shareholders to enjoy their dividend during the Christmas holidays.

Regular Communication of Greenville 284 A. P. & A. M. 6:30 P. M., Monday, Dec. 7th, 1936. Refreshments. Visitors welcomed. —Arthur B. Corey, Secy.

Social Calendar

MONDAY 6:30 P. M.—The Rotary club will meet.

8:00 P. M.—Circle No. 8 of Jarvis Memorial Methodist Society will meet with Mrs. K. W. Cobb.

TUESDAY 3:30 P. M.—Mrs. E. W. Griffin will be hostess to members of the Round Table.

6:30 P. M.—The monthly supper club of the Christian church will meet in the church.

7:45 P. M.—The Cammie Gray Guild of Eighth Street Christian church will meet with Mrs. Vick Forrest.

7:30 P. M.—Circle No. 2 of the Presbyterian Auxiliary will meet with Mrs. P. M. Johnston.

7:30 P. M.—Withla Council, Degree of Pochontas, will meet.

WEDNESDAY 7:30 P. M.—The choir of the Methodist church will meet for practice.

7:30 P. M.—Circle No. 1 of Jarvis Memorial Methodist Society, will meet with Miss Zoe Ann Davis.

8:15 P. M.—The choir of Presbyterian church will meet for rehearsal.

THURSDAY 7:30 P. M.—The choir of Memorial Baptist church, will meet for practice.

8:00 P. M.—The T. E. L. class of Memorial Baptist church, will meet with Mrs. J. L. Fleming, Assisting hostesses, Mrs. D. M. Clark and Miss Maggie Doughtie.

FRIDAY 3:45 P. M.—The Junior Woman's club will meet in the club building. Hostesses will be Mrs. M. K. Blount, Mrs. David Evans, Mrs. L. M. Buchanan, Mrs. Burke Stancill.

SATURDAY 3:00 P. M.—Bridge tournament, for members and guests, at the Country Club.

Junior Woman's Club The Junior Woman's Club will meet in the club house on Friday afternoon at 3:45 with Mesdames Marvin Blount, David Evans, L. M. Buchanan and Burke Stancill as hostesses.

Mrs. June Rose will give us a Christmas story. All members are especially urged to attend this meeting as we will make our plans for the Christmas party to be given at the Country Home.

Dance for College Seniors The East Carolina Teachers College Sophomores entertained the Seniors at their annual dance in the Robert H. Wright building Saturday evening from 8:30 to 11:30. Joe Davis and his Carolina Club orchestra played for the dance.

During intermission a floor show featured Miss Carolyn Hamric, Greenville dancer, in a ballet specialty, and Tex Lindsey and Charlie Guy, of Nacogdoches, Texas, and Dunn, respectively, in a vocal duet. The ball room was decorated in Christmas colors. Bells, colored lights, and Christmas trees added to the effect.

Misses Marjorie Watson, of Wilson, president of the Sophomore class; Christine Tew, of Clinton, vice-president; and Lillian Parrish, of Rocky Mount, secretary, acted as hostesses.

Miss Annie L. Morton, dean of women; Miss Elizabeth Smith, assistant dean of women; James B. Cummings, of the geography department, and Mrs. Cummings; and Dr. Herbert ReBarker, of the mathematics department, and Mrs. ReBarker, acted as chaperones.

Recital at College

The annual fall term music recital will take place in the Austin auditorium at the college at 6:45 tonight.

Selections by a vocal trio composed of Misses Mary Hoover Boyd, Eoline Sawyer, and Helea Sawyer, and three numbers played by the Violin Ensemble will be the high spots of a program which is well rounded, including numbers by masters old and new.

The full program follows: "Invention, No. 13," Bach, played by Christine Alford; "Gypsy Rondo," Haydn, Edith Dixon; "Menuet from Symphony in E," Mozart, Xylida Cooper; "Knight Rupert," Schumann and "The Lark," Tschalkovsky; J. N. Williams; "The Torch Dance," German, Margaret Wilson; "Mistress Margarita," Penn., and "Dreaming," Shelly, Mary Hoover Boyd, Eoline Sawyer, and Helen Sawyer; "arantelle," MacDowell, Mary Thomas Smith; Nachtstuck, Op. 23, No. 4, Schumann, Rachael Moore; "La Fleuve," Raff, Christine Alford; "Hark! Hark the Lark," Schubert-Liszt, Mary Evelyn Thompson; "Two Early Classics—Old French Gavotte, and Rondo in G, from Symphony, No. 12, by Caupra and Mozart, and "Intermezzo from L'Arlésienne Suite No. 2, Bizet, Violin Ensemble.

The recital will last less than an hour and the public is cordially invited.

EXTRA SESSION TRIPS CRITICS

Governor's Action Confuses His Bitter Opponents

Reflector Bureau, Sir Walter Hotel.

By J. C. BASKERVILL

Raleigh, Dec. 7.—The action by Governor J. C. B. Ehringhaus in calling a special session of the general assembly to meet here Thursday morning, Dec. 10, to enact a state unemployment insurance law that will meet with the approval of the Social Security Board in Washington, has admittedly confused his critics as well as surprised his friends.

It is also agreed that the Governor has also turned the other cheek to some of the Congressmen who had been criticizing him for not calling a special session and has made the way easier for them, since the facts in the case are that Congress has had two opportunities to amend the National Social Security Act to make it possible for the North Carolina unemployment law, passed by the 1935 session of the general assembly, to apply. For the North Carolina law was enacted some two months before Congress enacted its Social Security law.

So the facts in the case are that the North Carolina Congressmen have already had two opportunities to amend the Federal law so that North Carolina might come under that law without the necessity of a special session of the general assembly. In fact, as soon as the 1935 general assembly enacted the Cherry bill, which is the state's unemployment insurance law, Governor Ehringhaus sent a copy to each member of Congress, together with a copy of the law, and asked each Senator and Congressman to use their influence to see that whatever Federal law was enacted would be so worked that North Carolina would be included under it without the necessity of additional legislation, since any such legislation would necessitate a special session.

The record shows, however, that little or no attention was paid by the state's Congressional delegation to the Governor's letter and to the Cherry law, since apparently no effort was made in either the Congress then in session or the succeeding session to change the Federal Social Security Act so that North Carolina might be included for participation in the unemployment insurance section without additional legislation. Thus if Gov. Ehringhaus had not called a special session and the state had lost the \$2,500,000 to \$3,000,000 which employers will pay under the federal act, the blame would really have rested on Congress and the state's representatives in Congress rather than upon the Governor, most observers here maintain.

It is also agreed that Gov. Ehringhaus has turned the tables on Dr. Ralph W. McDonald and others who have been criticizing him for months for refusing to call a special session. For by calling this session to meet Thursday of this week it is now certain that the "contributions" which the federal law requires employers to make will now be saved to the state, or that 90 per cent of these "contributions" will be saved and only 10 per cent go to the Social Security Board for administrative purposes.

It has also served to bring out the record on unemployment insurance in North Carolina, which shows that the only moves in the long and slow progress towards state unemployment legislation have been made by Gov. Ehringhaus and those closely allied with him. This record shows that the first study of unemployment insurance was made by the commission headed by former State Senator Burgin of Davidson county, as a result of the enactment of the resolution introduced by Senator Burgin in the 1933 general assembly authorizing the appointment of a commission to study unemployment insurance.

Senator Burgin was appointed chairman of this commission by Governor Ehringhaus, who cooperated with the commission in the compiling of its report. In his message to the 1935 general assembly, Gov. Ehringhaus recommended the enactment of unemployment insurance and also called the attention of the members of the Burgin report and asked them to read it. Not a single member of the 1935 general assembly, including Dr. McDonald, ever came to his office to look at this report. The Governor had a resolution introduced calling for the printing of the report so the members could read it, but this resolution was defeated.

Finally, when no members made any move to introduce a bill in contemplation of the enactment of the Federal Social Security Act, Gov. Ehringhaus personally wrote or helped to write the present state unemployment insurance act during the closing days of the 1935 session, asked Representative R. Gregg Cherry of Gaston county to introduce it and it was enacted. Thus the record shows that Gov. Ehringhaus has from the beginning taken the lead in every move towards unemployment insurance, rather than those who have criticized him for impeding such legislation.

Senator Burgin was appointed chairman of this commission by Governor Ehringhaus, who cooperated with the commission in the compiling of its report. In his message to the 1935 general assembly, Gov. Ehringhaus recommended the enactment of unemployment insurance and also called the attention of the members of the Burgin report and asked them to read it. Not a single member of the 1935 general assembly, including Dr. McDonald, ever came to his office to look at this report. The Governor had a resolution introduced calling for the printing of the report so the members could read it, but this resolution was defeated.

Finally, when no members made any move to introduce a bill in contemplation of the enactment of the Federal Social Security Act, Gov. Man About Manhattan

By George Tucker

New York — There is, it seems to me, material for an editorial in this note from Joe Penner. The editorial writers had much to say when Tex Guinan's jewels were auctioned off, and when Admiral Byrd's dog died.

Now it is Joe Penner's duck. He has been a good friend and a competent performer," the comedian writes, "but now I fear, he will have to lead a more sedentary life or his goose will be cooked."

What Penner means is that he desires to find a good home, preferably in the country, where Goo Goo may spend his declining years in peace and quiet. The actor feels that nighttime in Hollywood is doing Goo Goo no good. "The old boy still has plenty of heart," he writes, "but the late hours and the unreal atmosphere have taken the edge off his quack."

So, because he realizes it is all for the best, Joe is willing to give up his old friend. There is, however, one condition that must be met before Joe will permit Goo Goo to pass from his keeping. Apprehensive for the welfare of his faithful old ally, he wants to make certain that Goo Goo won't wind up as the piece de resistance at some banquet.

"I am," said the page with the white jacket, "a herald from King Edward."

"Here is His Majesty's card. King Edward is the undisputed monarch of 47th street and he bids you welcome to His Empire of Food."

If circumstances chain you to your desk, King Edward has a horde of swift-footed pages who will bring your lunch to your office. But His Majesty would be happy if you would visit his domain in person, which is only a slight trek down the alley and a couple of hops around the first corner.

OWENS HEADS ORGANIZATION OF DIST. LETTER CARRIERS

plished by the national association of letter carriers, "of which we are a part."

P. E. Hauser, state secretary, contrasted the conditions under which the carriers were working before, and after this organization had been perfected throughout the nation. T. T. Hollingsworth, local postmaster, gave his views, bearing on the subject of organization and its results. "Boys, you can not do anything without an organization," he stated emphatically.

Every carrier present, was more than pleased and enthusiastic in this new field of work and pledged support and cooperation. "In that we will go out and get those 'hitchhikers,' making this district 100 per cent in membership with both the state and national association."

After hearing these speakers, the regular order of business was resumed in the election of officers. They are as follows:

W. F. Owens, Greenville, president; R. E. Smith, New Bern, vice-president; O. A. Bruton, Kinston, secretary and treasurer; Committee on Constitution and by-laws: Roy O. Madra, Tarboro, R. E. Smith, New Bern, P. C. Kennedy, Kinston

New Bern was designated as the next place to meet. The date and hour was set at 7 p. m., March 13th, 1937.

The traveler's palm is so called because parts of its stalks catch water which often is welcome to sojourners in dry climates.

SCOTT RULING CAUSES ALARM

Married Women in Agriculture Department Fear Axe

Reflector Bureau, Sir Walter Hotel.

Raleigh, Dec. 7.—Married women employees of the state government, especially those whose husbands are also employed by the state or whose husbands have jobs elsewhere, are getting jittery as a result of the announcement made by W. Kerr Scott, who will take office as Commissioner of Agriculture January 7, that he intends to dismiss all married women holding jobs in the Department of Agriculture who have husbands who are employed, also that he looks with disfavor upon brother and sister, brother and brother and similar family "teams" in his department.

Scott has announced that where two members of the same family hold jobs in the Department of Agriculture, he will expect one of these to resign.

All of which is causing consternation among the married women who are employed not only of the Department of Agriculture, but in all the various state departments here, especially since the meeting of the legislature is now only about three weeks distant. The married women employees always hate to see a legislative session approach, since a movement is usually started in every legislature to bar married women whose husbands are employed, from the state's payroll.

Legislative efforts in this direction have always failed because any law passed barring the employment of married women by the state would be class legislation and hence just as invalid as a law prohibiting the employment of red haired women or those who wear glasses, it is agreed.

But the elected heads of departments are absolute in their authority to fire and hire, and may make any arbitrary rules and regulations they may desire to, it is agreed. So if Commissioner Scott wants to fire all the married women in the Department of Agriculture, or all the red headed women, he has the authority to do so.

But this talk and agitation about the firing of married women is causing those employed in other departments to fear that the idea may spread to other department heads or bring the question up in the general assembly again. The unmarried state employees are also finding considerable satisfaction over the present jitters among the married women employees.

But this talk and agitation about the firing of married women is causing those employed in other departments to fear that the idea may spread to other department heads or bring the question up in the general assembly again. The unmarried state employees are also finding considerable satisfaction over the present jitters among the married women employees.

DECADE OF RESEARCH IN NEW AUTO ENGINE

"In the last ten years our engineers have built more than 300 different engines experimenting to find the most efficient power plant," says M. E. Coyle, president and general manager of Chevrolet Motor Company. "Only a few of these engines were used, for we have one rule that is never violated. The new development for our car must compete with each other and pass the practical tests that the car owners meet in everyday driving."

"Thousands of miles of test runs of different sorts are included in base line schedules for every engine in the experimental department. Better performance and economy result from a study of the tests. The experience gained by analyzing the results of engine experimentation on such a large scale has given our engineering department invaluable knowledge."

"The 1937 engine has been in process of development for 2 1-2 years. It has had to compete with fifty variations of experimental engines. Every modern idea that involves performance and economy has been given a schedule of tests on the final engine choice which is of the six cylinder, valve-in-head basic design."

"To guarantee further precision in the final choice of an engine, our engineers always have three or more new developments along the same line so that they can be tested at the same time. The most efficient wins. This method gives freedom from the personal opinion of any engineer or company official as to the answer to any problem that improvement presents."—(Adv't.)

BUY AND USE CHRISTMAS SEALS

The Red Cross Tuberculosis seals went on sale here today and it is hoped that every person called upon will buy some of these seals. These little stickers used on your mail or Christmas parcels not only add a Christmas touch but they also show that you are joining with millions of others in this country in an organized effort to stamp out tuberculosis.

The greater part of the money derived from the sale of these seals here is used in this community, so when you buy the seals you may rest assured that you are helping stamp out the disease right here at home. Let us urge you to buy and use Red Cross Christmas seals.

Washington Daybook

By Preston Crover

Washington — The grip held by the South for four years on important house and senate committee chairmanships seems likely to continue undiminished in the next congress.

To begin with, Vice President Garner of Texas presides over the senate and Rep. Bankhead of Alabama, speaker last session, seems likely to repeat.

The habit of the South of Democratic election after election has given tremendous seniority to the lawmakers it sends to Washington. Seniority within the majority party, of course, largely governs in selection of committee chairmen. At present, southern members hold 11 of the 20-odd important chairmanships in the senate and 17 of a slightly larger number in the house.

Each new congress selects its own committees and chairmen, but the old heads retain their places.

Southerners in several instances head like committees in both senate and house, thus:

- Senate—Agriculture, S. C.; Appropriations, Glass, Va.; Tax Committee, Harrison, Mo.; Mines, Loran, Ky.; Public Buildings, Connally, Texas.

Other important senate chairmanships held by southerners are: labor, Black of Alabama; military affairs, Sheppard of Texas; post-office and roads, McKellar of Tennessee; elections, George of Georgia; rules, Neely of West Virginia; and

Wings For Sally

by BAILEY WOLFE

SYNOPSIS: Returning to his boyhood home, Philip Page buys the Warrenton Courier and backs the workmen of the Morris mill in their fight for better homes. He admires Sally Warren, the thoughtful society editor who has been in love with Terry Maynard, boyish blond aviator. Learning that Terry and her willful younger sister, Tip, have fallen in love, Sally breaks her engagement with Terry. Wealthy Mary Morris gives a party for Tip and Terry the night before their wedding and invites Philip Page whom she is pursuing. During the party, Philip has a heated argument with Mary's father.

Chapter 25

Aunt Dora's Wedding Cake

AS THEY WENT down the drive, Philip was silent. He took such long, rapid steps that Sally was almost obliged to trot in order to keep up with him. "I've got to run down to the McDonalds," said Philip, when they were in the car. "Want to come with me?" "Yes—if you want me."

Tip and Terry were married in the Warrens' garden.

his house. Does he think McDonald sent the letters?" "He thinks McDonald sent those threats, just because McDonald headed that delegation of workmen that tried to bargain with him."

"You don't think so?" Sally questioned. "No, I don't know where they came from. Wish I did know. Someone's been blackmailing Morris for years, Mary says. Of course they've caught some people involved in conspiracy to kidnap, but this is different. I have a hunch that all these letters come from one person—and that person has a score to even up with Morris."

"There might be plenty of people like that," said Sally. Milltown was entirely dark as they rode through it. Philip left Sally in the car while he went in and walked McDonald. He and McDonald, who was barefoot and had put on overalls over his night clothes, came down to the car.

"I can swear you the truth on anything you lay in my hand, and before anybody," McDonald was saying. "I don't know nothing about the letters to old man Morris. So far as I know, there's none of the hands working for him that wrote them letters."

"I believe you," said Philip. They rode away from Milltown, leaving McDonald staring sleepily after them. "What will Mr. Morris do about the threats?" asked Sally. "He'll try to prosecute McDonald, vary likely," said Philip grimly. "If he does, we'll give the town a little excitement."

Goodbyes At The Airport TIP and Terry were married in the garden. Tip had a new dignity that became her as well as her simple white gown and her grandmother's wedding veil. Sally kept her eyes steadfastly on Tip. She could not bear, somehow, to watch Terry in his happiness, to see his proud possessive look at Tip.

Terry's own family looked at him almost in surprise, as if they found it hard to believe that he had become the town hero and acquired a wife, all in one week. Once the ceremony was over, Sally was able to lose herself in the maze of things to be done before Tip and Terry left. It was she who helped Tip change to traveling clothes. Mrs. Warren, suddenly realizing that Tip was going far away from her, could do nothing but sit and weep. Sally found her father and sent him to comfort Mrs. Warren while she ran across the street to see to the luncheon

that Aunt Dora was preparing at the boyhood home, Philip Page buys the Warrenton Courier and backs the workmen of the Morris mill in their fight for better homes. He admires Sally Warren, the thoughtful society editor who has been in love with Terry Maynard, boyish blond aviator. Learning that Terry and her willful younger sister, Tip, have fallen in love, Sally breaks her engagement with Terry. Wealthy Mary Morris gives a party for Tip and Terry the night before their wedding and invites Philip Page whom she is pursuing. During the party, Philip has a heated argument with Mary's father.

"I be making one of these for you soon, honey," Aunt Dora told Sally. "You put you a piece of this cake under yo' pillow and you bound to dream of him you goin' to marry." "It's too good to waste under a pillow," Sally protested. Nevertheless she hid away a bit of the cake and took it home. At last Tip and Terry were ready to leave. Philip Page drove them to the airport, with half the town following. It was Sally who said the last goodbyes as they were ready to embark.

"You've been wonderful," Tip whispered, hugging Sally tight. "I won't ever forget what you've done for me and—I hope you'll be as happy as I am some day—I do hope so." "That's the best thing you could wish me," said Sally tremulously. "Goodby—and—good luck." Then Terry took Sally's hand and squeezed it in a grip that hurt. "Goodby, Sally—I hope we'll be here to do the thing up brown for you some day!" He bent his head and kissed her.

In a daze of unreality, Sally watched them climb into the plane and heard the deafening roar of the propeller. They were off. Joe Morris led the

as Capper of Kansas, McNary of Oregon, Borah of Idaho, Johnson of California, Norbeck of South Dakota and others would head many senate committees, and a few senior Republicans have survived in the house who would outrank many a Democratic chairman. But it is a good guess the Republicans' chance will not come in the senate, at any rate, until four to six years hence.

cheer that followed them into the air. Twice the plane circled the town in farewell, then it headed south. They watched till it was a speck in the sky.

Pain Pierces Sally's Armor READY to go? Sally was startled to find Philip Page close beside her.

"Yes," Sally got into the car beside him, glad she would not have to listen to Joe Morris or anyone else talk of the town who had just gone. Philip was the only one she could bear at this moment. Philip knew.

"West to ride a bit before we go back to the ruins of the wedding?" asked Philip.

"Please," Sally huddled in one corner of the car. Terry was gone. He was lost to her forever.

"I can't bear it!" Sally cried out suddenly. It was as if a sudden, sharp pain had pierced through the armor of control that had protected her. Her hands trembled, her eyes were dry and burning. "You don't know how it is," she said. "I love him. I love Terry—I want him more than I ever did. I—I can't face the rest of my life without him."

"This is the worst of it," said Philip calmly. "Get a grip on yourself. You've been pretty fine. I've been proud of you. You can face this thing out, and you can get over it—just give yourself a little time."

"A little time," said Sally. She laughed shakily. "Time—I've got all the time in the world—to remember. To remember how he looks, how he talks—to remember how it feels to be in his arms."

"Stop that," said Philip roughly. "You're only torturing yourself. You're forcing yourself to remember, trying to hurt yourself."

"I don't care," said Sally. "I've been so sensible—I pretended to be so general. I'm not there. You may as well know how shameless I am. You'll despise me. I don't care about that either."

"I don't despise you," said Philip. "I like to know that you can feel like that—it makes me hope that you will one day feel that desperately in love with someone else—someone who will realize how lucky he is—and make you happy."

Sally did not remember afterwards all that Philip said to her, or where they rode. She knew simply that he was her friend, that he was trying to help her.

Fire destroys Morris's Palace theater tomorrow, taking 10 lives.

Native of Wayne County Succumbs to Long Illness at His Home in Hamilton Saturday

Hamilton, N. C. Dec. 7.—Julius Earl Hines, native of Wayne county, died at his home in Hamilton Saturday morning, November 28, at 7 o'clock following a long period of illness.

Mr. Hines was employed by the Atlantic Coast Line railroad company for a number of years and was a conductor on one of its trains for sometime. In 1913 he moved to Hamilton and had charge of road construction activities for the various road commissions, continuing in that work until failing health forced his retirement.

Funeral Services Held Sunday For Julius Earl Hines

Funeral services were conducted at the home Sunday afternoon at 2 o'clock by Rev. R. N. Fitts, Methodist minister, assisted by Rev. E. C. Shoo, Baptist minister. Interment was in the Hamilton cemetery, member of the Stonewall Masonic Lodge of Robersonville, conducting the last rites at the grave.

Richmond Live Stock (Courtesy J. N. and J. L. Williams) Livestock market receipts moderate early bids steady at \$10.15 with commission firms asking ten cents higher or \$10.25. Top for choice 100-250 pound corn bed butcher stock. Vealers scarce on selects with \$11.00 top unchanged. Cows steady, \$2.50 to \$3.00. Bulls steady \$3.00 to \$3.50. Heifers scarce steady \$3.00 to \$7.00. On better grades common and medium steers \$5.50 to \$7.00, with good heavy steers \$8.00, or slightly above. Sheep steady, ewes \$1.50 to \$3.50 as to quality, nearby lambs quotable \$5.50 to \$8.50 for average run.

New York Cotton

New York, Dec. 7.—(AP)—Cotton futures opened barely steady, two higher to two lower with steeper Liverpool cables offset by hedge selling and pre-bureau liquidation.

Price fluctuated irregularly following the call and after easing off a few points to net losses of two to four points they became steadier on continued trade absorption of contracts.

Prices generally at midday were two points net lower to four higher.

N. Y. Stock Market

New York, Dec. 7.—(AP)—The stock market had plenty of industrial news to chew on today but it failed to work up an appetite except for an assortment of specialties, principally in the low price category.

While a few favorites had chalked up gains of fractions to a round three points near the fourth hour, most of the so-called leaders were either unchanged or down moderately. The activity dragged after a fairly brisk opening.

Weakening of prices in both the London and Paris market drew further attention to complicated European matters.

Grant To Provide Prison With Fund For New Activity

Several New Industries in Prospect as Result of Allotment of \$200,000 By Chief Executive

Reflector Bureau, Sir Walter Hotel, Raleigh, Dec. 7.—Establishment of several additional prison industries in Central Prison here as well as in some of the other units of the state prison system, is regarded as likely in the near future as a result of the grant of \$200,000 made to the State Highway and Public Works Commission by Governor J.C.B. Ehringhaus this week, with the understanding that it be used exclusively to provide more work for the prisoners not capable of working on the roads.

Both Governor Ehringhaus and Chairman Capus M. Waynick of the highway department, made it clear that whatever prison industries are established will be confined to making goods for the use of the state only and that none of them will be used in competition with private industry.

For more than a year now Chairman Waynick has been making a detailed study of prison industries in other states and in Federal prisons, with a view to expanding the industries in the prison here, he revealed today. An effort has also been made to study industries which offer a maximum amount of unemployment with a minimum capital outlay and which will supply urgent prison needs. The results of this study will be carefully considered by the entire commission before any definite decision is reached with regard to what industries will be installed by the prison, Waynick indicated.

There are indications, however, that the commission will consider expanding the present shirt factory and tailor shop so that virtually all of the clothing needed for both the prisoners and guards can and will be manufactured by prisoners within the prison. The prison population is now rapidly nearing the 9,000 mark. There are also indications that the prison may consider the installation of machinery to manufacture shoes for prisoners, also underwear, socks, blankets and even cloth to be used in making uniforms. There is a possibility

Local Negro Woman Is Claimed By Death

Katie Wooten, local negro woman, died at 7:30 o'clock this morning at her home at 609 Pamlico avenue.

Funeral services will be conducted at 1 o'clock Wednesday afternoon at the Methodist church, colored.

Mrs. John Nance Garner, wife of the vice president, has been his confidential secretary for over 40 years. She is skilled in shorthand.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

It's Our Anniversary Week!

Our Subscribers Get The Presents.

On Thursday, December 10th The Reflector will begin its 43rd year as Pitt County's daily newspaper. As an appreciation of our present subscribers in Pitt County, many of whom have been regular readers of this paper during the years of its existence, and in order to attract new subscribers we are this week offering The Daily Reflector at its first subscription price of 42 years ago. During this week only, our subscription price will be

\$3.00 per year

(NEW SUBSCRIPTIONS OR RENEWALS)

Less Than One Cent A Day

This week is your opportunity to procure a daily newspaper for a whole year for less than one cent a day, a saving of \$2.00 from the regular subscription price.

Those Who Have Paid Get Benefit

In order that all our subscribers might have the opportunity to share alike in this anniversary gift offer, we are automatically extending the subscription date of all our subscribers who have paid us \$5.00 for a year's subscription since December 1.

Independent Carrier Circulation Not Included

This special offer includes carrier delivery in Greenville and all mail subscribers throughout Pitt County, but does not include circulation delivered by independent carriers in Farmville, Bethel, Falkland, Fountain, Chicod and Grimesland.

No Dollar Day In February

In view of our present anniversary offer there will be no Dollar Day offer in February on the occasion of the merchants' semi-annual Dollar Day. If you want to read The Daily Reflector next year for less than a cent a day you must take advantage of this offer this week.

The Ideal Christmas Gift

No Gift at Christmas time would be more appreciated than a year's subscription to The Daily Reflector. Send it to your friends while you can purchase it at this special price. Gift subscriptions will be started at once or held until Christmas Eve, as you prefer.

Pay Direct To Office

Under this special offer all subscriptions must be mailed, sent or brought direct to our office. Our regular solicitors are not authorized to accept subscriptions at this special price.

Remember This Week Only

This offer positively closes with the close of our week's business at 6 P. M. Saturday, December 12. Don't delay if you want to reap the benefit of this Anniversary Week special price reduction.

TO SPEND SUM OF ROAD FUND

Additional \$1,000,000 Granted Highway Department

Reflector Bureau, Sir Walter Hotel, Raleigh, Dec. 6.—Plans for the use of the additional \$1,000,000 just granted to the State Highway and Public Works Commission by Governor J. C. Brantley from the highway fund, have already been made but will not be announced until released to the entire membership of the highway commission at its next meeting. Chairman Charles M. Warrick said today this \$1,000,000 was granted by the Governor with the understanding that \$500,000 would be used on road maintenance and betterments of bridges on the roads, and that \$500,000 would be used for providing additional prison industries or for expanding those now established in the prison division.

While Chairman Warrick said today he could not definitely say how the additional \$1,000,000 would be spent, he indicated that he would recommend the use of some of it immediately and probably the allocation of most of it within the next 90 to 60 days, although a good deal of the work to be done with this money cannot be done until spring. Some of the \$800,000 earmarked for road work will probably be held in reserve in anticipation of road damage by winter weather, he indicated.

While this money can be used on either the county or state road system, the plans which I expect to recommend will call for the use of the greater part of this money on the county roads, especially those traversed by school buses and which are parts of regular school bus routes," Warrick said. "The fact is that we could use at least \$500,000 more to advantage on the county roads alone and an equal amount on the state highway system, but we are glad to get this additional \$800,000 and it will help just that much."

It was learned from an authoritative source today that the highway department requested this additional \$1,000,000 last spring, but that both Governor Ehringhaus and Assistant Director of the Budget, Frank Dunlap felt that it could not be spared at that time and might reduce the balance in the highway fund too much.
