BILLS PROPOSE TO REORGANIZE HIGHWAY BODY

Measure Has Backing of Hoey Administration

PROPOSE BOARD ON AGRICULTURE

Finance Committee Nearing End on Tax Bill: Appropriations Body at Work.

Raleigh, Feb. 9.—(AP)—Two identical bills proposing complete reorganization of the Highway and Public Works Commission reached their legislative today.

Senator Sparger of Stokes offered one and Representative Johnston of Freden the other to carry out Gov. Hoey's recommendation for enlarging the commission to 10 members to represent specific districts of the state.

The chairmen would serve full time and the 10 members on a per diem basis.

The Senators, without debate and under suspension of the rules, quickly enacted the House-approved bill to create a five-member state commission to regulate the cleaning, drying and pressing business.

This afternoon the finance group tried to complete its work on the tax bill while the appropriations sub-committee sought to wind up its job by reaching an agreement on highway allocations.

The House got from Representative B. Hunt of Beaufort a bill to require power companies and utilities to list for taxation the same property valuations they use for rate-making purposes.

Representative Poole of Moore introduced a bill to the House to create a 19-member state board of agriculture and an accompanying measure to increase the powers of the board by restoring to it all authority it held before 1925.

Reading Problems To Be Discussed At Meeting Here

Last in Series of Five Conferences to be Held Saturday at College Training School

A Conference on Reading Problems, the last of a series of five conferences held at different centers in the Eastern part of the state, will be held Saturday at East Carolina Teachers College in the Training School, which is the demonstration school of the college.

There will be two sessions, with registration beginning at 9:30 o'clock and the conference ending at 3:30 p. m. In addition to the discussion of reading problems, there will be a reading clinic. Miss Hattie S. Parrott, of the State Department of Public Instruction, assisted by Dr. M. R. Trabue and Miss Nona D. Berry, will be in charge of the conference.

All elementary and secondary teachers, school principals and superintendents from the following twelve counties forming the unit, are invited to attend: Beaufort, Bertie, Carteret, Craven, Greene, Jones, Lenoir, Martin, Pamlico, Pitt, Tyrrell and Washington. The teachers from any other counties will also be welcome.

Peace Action Council Meet Set Wednesday

The Greenville Council for Peace Action will meet in the High school library Wednesday night at 8:30. This is a general meeting of the entire council and all participating organizations are requested to notify their respective representatives to be present.

Pitt Medical Society Meets This Thursday

The regular monthly meeting of the Pitt county Medical Society will be held in Ayden Thursday night, at which time a number of routine discussions are scheduled to be taken up.

Motor Company Agrees Continue Peace Discussion

Officials of General Motors Agree to Renew Negotiations, But Indicate Little Use Seen in Further Conversations

Detroit, Feb. 9.—(AP)—General Motors corporation consented today to continue discussions to end the widespread automotive strike after indicating it saw no use in further conferences.

The almost complete silence that has marked six days of conversations between representatives of the corporation and striking union members was broken last night with the issuance of a formal statement by the automobile company of its position.

Until then Governor Frank Murphy, who called the parties together at the behest of President Roosevelt, had made the only public comment upon the proceedings. General Motors' first statement was followed a few hours, later by one from John Lewis, director general of the strike.

The corporation assured Governor Murphy "of our readiness to respond to an early call by him to resume conferences, if in his judgment any good could come result therefrom."

Lewis revealed for the first time a proposal had been under consideration to resume operations in General Motors plants immediately if the corporation would accept the union's demand for recognition for the bargaining agency for employees in 20 plants.

The Governor announced the two groups would reconvene at 8:30 p. m. tonight.

Spanish Insurgents Push Toward Nation's Capital

WILL CONDUCT COUNTY CLINIC

Free Advice be Given Here to Mothers of Babies

A third county-wide health clinic will be inaugurated here Thursday, when the first clinic for well babies will be held at the Pitt General Hospital.

The clinics will be held every second Thursday of the month between the hours of 2 and 4 o'clock. They will be held in connection with the maternal and infant welfare clinics, provided by the U. S. Children's bureau and the State Health department and sponsored by the Pitt County Health department.

Although they will be held in connection with the maternal and infant welfare clinic, they will operate as a separate unit and serve different purposes.

The maternal and infant welfare clinics are held for prospective mothers who are not under the care of a physician. These are held at the Pitt General Hospital every four weeks, the next to be on February 22.

The well baby clinic is not for sick babies. Dr. N. Thomas Ennett, health officer, explained, but for difficult, feeding cases and for babies not thriving on account of other causes. Neither is the clinic for the purpose of taking the place of private physicians, but for all babies of Pitt county who are not under the care of a doctor. Both white and colored patients will be accepted. The clinic is held without cost to the parents.

Dr. Ennett said he was especially anxious for mothers who do not have a private physician to visit the clinic and get advice as to feeding and general hygienic care of the baby. The clinic will be conducted by a local baby specialist.

The orthopedic clinic, conducted at the health offices every first Friday is the third clinic conducted in the county. Despite the bad weather 11 patients were on hand last Friday.

Scouts Assemble For Address by President

Greenville Boy Scouts began anniversary week yesterday by gathering in the basement of the Jarvis Memorial Methodist church to hear an address by President Roosevelt.

The radio broadcast program also included a talk by National Boy Scout President Walter W. Head and recitation of the Scout oath by James E. West.

Council leaders held their regular monthly meeting in the directors' room of the Guaranty bank yesterday afternoon, completing their business in time to hear the program broadcast from Washington.

VICTIM OF DEGENERATE?

Apparently the victim of a degenerate, the frozen body of five-year-old Roger Loomis was found on a snow swept prairie near his home at Lombard, Ill. Police believe the boy, shown in this recent picture playing in his toy car, was kidnaped by a degenerate, strangled with his own scarf, and hurled from his assailant's automobile. Associated Press Photo.

VANCE CITIZEN SEES INCREASE WRECK VICTIM IN LEAF PRICES

Brother of Rep. Cooley Slain in an Auto Accident

Henderson, N. C., Feb. 9.—(AP)—Hubert Cooley of Nashville, brother of Rep. Harold Cooley of the Fourth congressional district, was killed instantly last night when his car crashed into a bridge abutment at the North Carolina-Virginia state line about 20 miles north of here.

Miss Gloria Davenport, who officiated said she was driving, was brought to a hospital here in an unconscious condition and remained unconscious today.

The couple was said to have been driving from Washington to Nashville.

In addition to Rep. Cooley, Cooley is survived by another brother, Horace C. Cooley of Nashville, and two sisters, Mrs. Mabel Downey of Nashville and Mrs. Mildred Sanders of Smithfield.

Whiskey Destroyed at Sheriff's Office Here

Between 15 and 20 gallons of whiskey, bootleg or broken bottles of liquor bearing ABC stamps, was poured out at the sheriff's office this morning.

All of the whiskey was in small containers, most of it being in pint bottles, and did not contain any captured in his "haik."

The liquor was that which Sheriff S. A. Whitehurst and his deputies had gathered for evidence in raids on bootleggers. The cases having been disposed of, there was no longer any use for the whiskey.

State Officials Pleased At Resignation Of Cooke

Reflector Bureau. Washington were to the effect that Cooke had "resigned," the prevailing belief here is that Cooke was asked to submit his resignation—and to submit it at once—and that the letters exchanged between Cooke and President Roosevelt were very largely false fronts issued for public consumption and to save each other's faces and feelings.

Information already reaching here from Washington by "grapevine" channels also indicates that Cooke's injection of himself into North Carolina affairs last week, in personally calling upon the house committee on public utilities to take the Fenner - Abernethy - Ward bill which would have required electric membership cooperatives to obtain a permit from the utilities commission before building electric lines, hastened M. Cooke's quite unexpected exit from the Federal REA.

It is no secret either here or in Washington that Cooke was making himself increasingly irritating, if not actually obnoxious to the state administrations in several

Plans Mapped For Rehabilitation Of Ohio River Valley

Bombardment of Waves Aid Ponderous Crests Sustain Flood Perils, But Engineers Reiterate They Believe Worst Over

Memphis, Tenn., Feb. 9.—(AP)—A wave bombardment helped ponderous crests sustain flood perils along the mid-Mississippi today, but strained levees, as the Red Cross began mapping rehabilitation plans for the valley.

Winds up to 38 miles an hour out of the northwest rolled combes against the sturdy dikes, but army engineers reported no major damage to the peak past Memphis and reiterated belief the worst was over.

Red Cross officials' faith in this view was reflected in shaping of a tentative month-long rehabilitation program for 75 refugees camps in Tennessee, Alabama, Mississippi, Louisiana and Western Kentucky.

While the fight went on in the valley, Washington surveyed the problems of flood and flood damage from all angles.

Senator Bulkley (D. Ohio) said President Roosevelt was sympathetic toward Bulkley's bill to set up an Ohio valley authority empowered to reforest river slopes, build dams and check soil erosion.

The President's flood relief commission, headed by Harry Hopkins, reported after a tour of the flood sector an urgent need for housing to replace water-wrecked homes; increased credit and increased health protection.

The death toll was 431. The refugee list dropped steadily from its peak of nearly a million, but hundreds of thousands still were homeless.

Plan Township Meetings To Explain Farm Program

Both Landlords And Tenants Urged To Attend Sessions

In order that as many farmers as possible may have an opportunity to hear the 1937 Soil Conservation program explained, the Pitt county farm agent's office has arranged a schedule of township meetings to be held during February.

R. R. Bennett, county agent, declared that provisions for the 1937 program have been worked out and approved by Secretary of Agriculture Wallace.

Mr. Bennett said that it was for their own good that landlords and tenants be at one of the meetings.

"Pass the word on to your neighbors about these meetings in order that everyone may have the opportunity of getting an understanding of the 1937 program and thereby prepare to make even better use of it than was made in 1936 program," urged the county agent.

The time and place for the various township meetings follow: Winterville, High School, Feb. 11 at 2 p. m.; Chocoma, High School, Feb. 12 at 2 p. m.; Swift Creek, Stokes Store, Feb. 12 at 7:30 p. m.; Greenville, Court House, Feb. 13 at 9:30 a. m.; Carolina, Stokes High School, Feb. 15 at 2 p. m.; Fountain, High School, Feb. 17 at 2 p. m.; Farmville, City Hall, Feb. 18 at 7:30 p. m.; Falkland, High School, Feb. 19 at 2 p. m.; Pactolus, High School, Feb. 23 at 3 p. m.; Belvoir, High School, Feb. 24 at 3 p. m.; Beaver Dam, Bell Arthur School, Feb. 25 at 3 p. m.; Bethel, High School, Feb. 26 at 2 p. m.; Ayden, High School, Feb. 26 at 7:30 p. m.

Scouts to Gather Used Periodicals In City Thursday

Citizens Asked to Place Magazines on their Front Porches; Plan Successful Last Year

Greenville Boy Scouts will visit each home in the city Thursday to collect good used magazines for distribution in the prison camps, schools, shut-in homes and the County home.

Citizens who have such magazines are asked to place them on their front porches by early afternoon. The Scouts will begin their rounds about 3:30 o'clock and the entire city will be canvassed for the periodicals.

The work is being carried on under the direction of K. T. Futrell, civic service chairman of the Scout organization here.

BILL PROVIDE RELIEF FUNDS SIGNED BY FDR

Measure Intended To Insure 2,580,000 WPA Jobs

Washington, Feb. 9.—(AP)—President Roosevelt signed the \$950,000,000 relief deficiency bill today. It carries \$789,000,000 intended to keep at least 2,580,000 persons on WPA jobs until June 30.

Other funds provided in the bill are: CCC, \$95,000,000; 1937 seed loan, \$50,000,000; miscellaneous \$16,000,000.

Should any WPA money be used for emergency flood relief, congress will be asked to reimburse the relief agency in a later deficiency measure.

The House judiciary group began today to give its "most serious study" to President Roosevelt's proposal for reorganizing federal courts.

Chairman Summers (D. Tex.) predicted the bill would not be reported to the House today. Today's session was behind closed doors.

Among Senators and Representatives alike, informal talk centered on the President's plan to put six new justices on the Supreme court, either by retirement of the six over-retirement age or by appointment of six additional justices to sit with them.

Senate Civil Liberties investigators inquiring into labor espionage discovered a defective had tried to "shadow" Assistant Secretary of Labor Edward McGrady while he was trying to settle a Chevrolet Motor company strike in Toledo in May, 1935.

The disclosure was made by the former Pinkerton agent assigned to "shadow" McGrady. It followed testimony by an official of the detective service he had an "informant" in the Fisher body plant at Norwood, Ohio, as late as January 31 to report union and "radical" activities.

The \$950,000,000 relief deficiency bill ended its legislative career when Speaker Bankhead signed it last night in the theatre box, where he had gone from a House session to see his actress daughter, Tallulah.

Moving Pictures Shown In Efforts Curb Diphtheria

Health Department Is Conducting Campaign in Connection With Film on Effects of Alcohol

The Pitt County Health department is showing a moving picture film entitled "The Conquest of Diphtheria" at the various schools in the county.

The health picture is shown in connection with one being displayed depicting the effects of alcohol on the human body. A schedule has been mapped out for the various county schools and the pictures also will be shown in the city school.

The ABC board recently purchased a machine for showing the pictures, and City and County school officials, as well as the Health department, are cooperating in the project.

At each showing, the health officer offers a diphtheria vaccination clinic to the community and a date is set if one is desired. At Grimesland last night it was decided to hold such a clinic at the school there Monday at 10 o'clock.

The Health department is waging a campaign to combat diphtheria, a disease which showed a sharp increase last year over 1935. During 1936, 90 cases were reported. In the county, four of which resulted in death. During 1935 only 37 cases were reported and only two resulted in death.

Pictures on other diseases probably will be shown in the future. Dr. N. Thomas Ennett, health officer, said.

Judiciary Committee Gives Bill Approval

Washington, Feb. 9.—(AP)—The House judiciary committee approved today a measure to authorize the Attorney General to participate in lower court cases between private parties where a constitutional question is involved.

BUYERS AWAIT BIG SALES DAY

Dollar Day to be Observed in Greenville Thursday

Bargains by the thousands are being prepared for the shopping public Thursday, when Greenville merchants will observe their semi-annual Dollar Day.

Most of the leading sales houses in the city are cooperating in the big sales event, which will bring the greatest bargains ever offered in Eastern North Carolina.

Clerks and officials have been busy all this week marking down goods and preparing them for effective display. Merchants are using more space in newspapers for advertising their products than in some time.

Goods will be offered for sale at the more than a score of businesses participating in the event at unprecedented bargains.

With the depression over and merchants declaring that goods are going up, they are urging their patrons to take advantage of present prices before further advances go into effect.

Sales Thursday are expected to exceed those of the last Dollar Day, when records of long standing were shattered.

New goods have been purchased for the event and the various stores declare they are offering the best merchandise at the lowest prices, giving their customers the advantage of wise buying and reductions secured through quantity purchases.

Further Donations To Flood Relief Fund

Additions of \$71.52 to the Red Cross flood relief fund donations in this county today brought the total to \$4,846.52. Today's total includes an item of \$22.85 sent by local post-office employees direct to Red Cross headquarters. The local chapter has been advised by headquarters to take credit for this amount in the local contributions.

Table listing donors and amounts for the Flood Relief Fund. Includes entries for Christine E. Smith (2.00), Post Office Employees (22.85), J. E. Brewer (1.00), Rosa Lee Tucker (1.00), Friend (50), Mrs. George Clapp (1.00), Mrs. E. F. Tucker (1.00), Winterville School (75), Mrs. C. H. Langston (100), Y. W. C. A. of E. C. T. C. (50.00), Pentecostal Holiness Church (11.16), Sycamore Hill Baptist Church (1.00), Pastor's Aid Society (2.05), Ladies' Auxiliary (2.25), Missionary Circle (2.00), Rose Bud Ushers (1.25), Loyal Workers Club (1.00), Sunday School (1.25), Senior Ushers (50), Ladies' Art Club (1.00), B. Y. P. U. (1.71), Sycamore Hill Baptist Church (2.00), Total (\$4,846.52).

**Mulholland Here Thursday**  
John Mulholland in his quest for magic seeking wonders around the world in all kinds of outlandish corners, discovered that in many places a magician was an object of terror and awe and regarded as a supernatural being with miraculous powers.

He wandered far and wide across the Orient seeking the lore of the native wizards. He has had thrilling experiences.

Once while he was giving a show in Peking, a Chinese insurgent army captured the city, making it necessary for him to escape immediately. He boarded a train, but retreating troops stopped it and, after uncoupling the engine, left the passengers marooned for a long time on the dreary North China plain until another engine was sent to their aid.

Another thrilling experience was when, in India, he and his mother were traveling on a train which was attacked by a train robber. The passengers were asleep when the robber made his attack, but Mulholland was awakened, jumped up on the seat, and in the dim light, the robber, thinking he was confronted with a giant, yelled with terror, dashed to the door, and in a crazy panic jumped off the speeding train. Mulholland and his mother were the only passengers that were not chloroformed and robbed that night.

Mr. Mulholland found the greatest wonder of all right here in America, while about to do a card trick in a club. The spectators were suspicious that he might have trick cards, so they were asked to provide a deck of their own. One was brought, brand new, sealed tight, and never opened before. The magician tore the cellophane off, took the deck out of the box, and nearly passed out as he gave the cards a casual shuffle and found that the deck was composed entirely of Aces of Hearts. Somehow a deck of cards all alike was mixed up among a supply of regular bridge decks, and by the widest coincidence it had been given to him. Mr. Mulholland says nothing about it as the spectators were certain that the deck was untampered with, performed his miracles before a pop-eyed group.

In an article, reprinted in leaflet form, "The Master Magician," by Lowell Thomas, based on an interview with Mulholland, tells the story of these adventures.

The magician himself will tell some of these and perform some of his wonders on Thursday night at 8:30 o'clock in the Robt. H. Wright auditorium at the College.

## MRS. MURPHY ROSE SPEAKER SPEAKER HERE AT CIVIC CLUB

**The Democratic Vice-Chairman Talks to ECTC Students**

Mrs. W. B. Murphy, recently elected vice-chairman of the State Democratic Executive Committee, and one of the most prominent women leaders in politics and in club work in North Carolina, delivered a stirring address to the College students this morning, on the importance of assuming responsibility for the government, stimulating their increased interest in public affairs.

This is the first time Mrs. Murphy has appeared before a Greenville audience since her brief whirlwind campaign and victory in securing the place left vacant by Mrs. J. B. Spelman.

She used Mrs. Spelman as proof of the improved status of women, referring to her as a woman over forty who upset the equilibrium of men in politics and got the best job in the state.

She expressed her delight at the invitation from Senator Reynolds to attend the N. C. Democratic Congressional dinner to be held in Washington the 19th, and at the fact that she and Miss Beatrice Cobb, two mere women, were to be the only speakers, thus she gave as further evidence that the status of women has improved.

Dr. Meadows introduced Mrs. Murphy as the most versatile woman in the state, an enthusiastic supporter of this school, having served on the Board of Trustees for a number of years, and as an ardent supporter of education, and as a fine southern woman.

The chief point Mrs. Murphy emphasized in her talk was that it is of supreme importance for citizens to assume responsibility for the government because they will get no more out of it than they put into it, or in other words, they must support the government and not expect the government to support them. She warned the students that a college education did not guarantee success, which was determined by the spirit within themselves, but the proper use they made of that equipment could help them gain success.

Appreciations fresh from her own experiences, sometimes with Greene county people and again across the line in Lenoir, gave a raciness to her talk that aroused the intense interest and enthusiasm of her audience of students.

She cited examples of persons who wanted something done about things and yet wouldn't get out and work to make things happen. Mrs. Murphy is herself one who makes things happen. She closed by urging the students that they must begin with personal and local and then reach out with those into the broader fields of government.

Mrs. Murphy who is a sister-in-law of Mrs. Robert H. Wright, is well known in Greenville and she has been a frequent visitor to the town and participated in various civic activities.

Levi Stone was told he was through with his scenes in "Happiness Preferred," so he had his hair cut. Called for retakes, his hair was put back on—by a make-up man.

**School Superintendent Talks on Open Forum Project**

J. H. Rose, Superintendent of the City Schools, spoke at the weekly Rotary meeting last night in behalf of the Public Forum movement. Pointing out that it was not formed to propagandize nor to take up or solicit money but its purpose was adult education, an interchange of thoughts on topics of the day.

It was J. W. Studebaker, former superintendent of Des Moines City Schools, now United States Commissioner of Education who conceived the idea that education did not stop after the completion of regular high school or college courses. Out of this thought grew the Public Forum which is now being introduced in twenty centers in the United States, of which one is Greenville. The Greenville District includes seven surrounding counties.

At a Public Forum, Mr. Rose continued, there is a speaker furnished by the Federal Department, who gives a short talk which lasts from 30 to 40 minutes. Following this brief talk the audience is requested to ask questions and discuss the subject pro and con. At the conclusion of the meeting, Mr. Rose said, the members of the audience leave—there is no collection taken up they merely go out carrying the thoughts left with them and shared by their fellowmen. If Democracy is to live there must be so live thinking and the Public Forum supplies this need declared Mr. Rose.

The Public Forum meets in Greenville every other Thursday night taking up some topic of interest at each meeting, led by a speaker who is well acquainted with his subject. The next meeting will be on Thursday, February 18, in the High School Library. The speaker, Howard B. Williams, on the subject, "Can Democracy Survive?" At the conclusion of his talk Mr. Rose distributed copies of lists of subjects for Public Forum talks, and asked each member to list in order of preference the ten topics he was most interested in and to name any one not listed that he wanted discussed. From the topics chosen on these and other lists would come the subjects of the Public Forum meetings.

R. R. Bennett and O. Van Nortwick, Sr., were chosen by President J. B. Kittrell to make a committee from the Rotary club to assist J. H. Rose in every way with the Public Forum.

Carl Adams was appointed to represent the Rotary Club in the Peace movement which is now underway in the city.

Johnnie Overton, chairman of the Program committee, announced that the next Monday night's meeting would be taken over by the Ayden Rotary club who would sponsor the Rotary and the following Monday night, February 22, would be devoted to an Anniversary Program celebrating the 32nd anniversary of Rotary. Wyatt Brown, chairman, F. C. Harding, and J. H. Blount, were named a committee to plan the program for this meeting.

President J. B. Kittrell announced that the Rotary District 57 was going to be split into two new districts at the District Conference which is

to be held at Pinckney, May 9-10. A. W. Cobb enthusiastically described the presenting of a new charter to Windsor club, which he, Wesley Harvey and J. B. Kittrell attended.

The Windsor club is composed of twenty members and there was about two hundred visitors at the meeting. Among them several ex-District Governors and the present governor, Edmund Harding of Washington.

The club welcomed back two members, Haywood Dail and Lawrence Stroud who have been on the sick lists.

The attendance booster prize, given by Earl Sellers, was won by J. H. Waldrup.

California's Native Daughters of the Golden West are compiling a record of all pioneers who entered the state by covered wagon or sailing ship.

**Den for Short**  
Van Allyn, Texas—If a good name is to be preferred to great riches, Dan Murphy, Negro farmer here, should be happy. His "Bill name," containing 25 words taken from various scriptures in the Bible, is Daniel's Wisdom may I Know, Stephen's Faith and Spirit, Chose, John Devine, Community, Seal, Moses' Meekness, Joshua's Zeal, Win the Day and Conquer All Murphy.

Ten of the eleven players named on The Associated Press 1936 Big Six conference all-star team were seniors.

The Maharajah of Indore, Gull Patrick's guest here, presented her with a gold key to the front door of her home.

Greta Garbo has given up the dressing room she occupied for 10 years for a suite in M. G. M.'s fancy new "star building."

Harpo Marx is learning to play the piano, but Chico, the pianist, isn't learning to throw a harp.

**FRIDAY**  
6:30 P. M.—The Kiwanis club will observe annual Ladies' Night in the Woman's club.

**Mrs. Spilman Honored**  
The End of the Century Club entertained at an elaborate and delightful tea on Saturday afternoon from three to four-thirty o'clock, at the home of Mrs. R. M. Garrett on the Ayden highway, having as honor guest, Mrs. J. B. Spilman, member of the club, who has recently moved to Raleigh where she holds the responsible position of Vice-Chairman of the Unemployment Commission.

On arrival the guests were greeted at the front door by Mrs. J. L. Fleming and Mrs. Ed Batchelor. Mrs. Garrett, in her charming manner, introduced three guests to the receiving line which was composed of Mrs. A. D. Frank, President of the End of the Century Club, Mrs. J. B. Spilman, Mrs. E. L. McKee of Sylvia, State Senator; Mrs. E. C. Brooks, Mrs. J. M. Broughton, Mrs. J. W. Bunn and Mrs. J. W. Ferrell, all of Raleigh; Mrs. E. O. Flanagan, Mrs. E. B. Ficklen and Mrs. J. L. Hassell.

The guests were then invited into the sun parlor by Mrs. T. McM. Grant and Mrs. Ficklen Arthur, where they were served tea by Mrs. Richard Williams, Mrs. F. C. Harding, Mrs. Leon R. Meadows and Mrs. E. W. Harvey, being assisted by Miss Mary Harding and Miss Elizabeth Meadows.

From the sun parlor the guests were shown into the dining room by Mrs. Charles White and Mrs. R. C. Grady, where they were served a frozen course by Mrs. Hortense F. Moye and Mrs. J. L. Little, assisted by Miss Maria Garrett, Miss Betty Fleischmann and Miss Elizabeth Ferguson.

The lovely country home of Mrs. Garrett was decorated throughout with a profusion of jonquils, snapdragons and gladioli, and made a beautiful setting for the hundreds of invited guests who called during the afternoon.—Reported.

## State Home Agent

RUTH CURRENT

Ruth Current, State Home Demonstration Agent at State College, was named State Home Demonstration Agent at State College to succeed Dr. Jane S. McKimmon, whose resignation was announced a few days ago.

The appointment was made by Dean I. O. Schaub, director of the State College Extension Service, who said she brings to her new position a wealth of experience and ability that will qualify her to take charge of the home demonstration work.

Mrs. Current is a native of the Mt. Vernon community near Cleveland in Rowan county, and was reared on a farm.

She attended school at China Grove, went to Meredith College for a year, and graduated from the Harrisonburg Teachers College at Harrisonburg, Va. She also attended Peabody College, Nashville, Tenn.

In the spring of 1927 she became home agent in Iredell County, where she served until she was advanced to the position of southwestern district agent in 1930, with headquarters at State College.

During the last five years of her work as district agent she acted as extension specialist in girls 4-H club work and directed the women's farm short courses of the Farm and Home Weeks held at State College each summer.

As specialist in girls club work she developed a large number of outstanding 4-H club girls who have made high records in State and National 4-H contests. Dean Schaub stated.

## Washington Daybook

By Preston Grover

**WASHINGTON**—Eighteen years ago President Wilson came back from Paris and laid on the senate's doorstep a lusty war baby called the league of nations. Senator Borah of Idaho led a quartet of senators in opposition to adopting it. Today the league is virtually a dead issue.

Today from a dozen sources proposals that the authority of the supreme court be limited or circumvented. Many readers of Mr. Roosevelt's messages see in them a warning to the court to cooperate or face loss of its domain. Senator Borah, in a nation-wide broadcast, says in effect something like this:

President Roosevelt is a great fellow, and doing his job with good intentions. Perhaps with him, the court is not so desperately

necessary to protect the people. But year in and year out it is better to have a court out of reach even of the President. Right now, it is said, a man with Roosevelt's power but without his good will could destroy the rights of the people. Yet if the President and congress are power not given under the constitution let them go to the people and ask for it.

Already a quartet of senators have indicated they would willingly go to the country on the Borah platform of amendment rather than circumvention. Others have indicated they would take the

next step, opposing an amendment. They suspect Borah would take that step, too, and point to a sentence omitted from his prepared address but added extemporaneously as he closed: "Let us move with caution in making a change in the fundamental law."

**Harlow's Kiss**  
Jean Harlow kissed svelte Senator Reynolds of North Carolina the other day as a publicity stunt but it put a new gleam in the senatorial eye. We had read in a Hollywood column that Miss Harlow's makeup man complained sorrowfully that she always spoiled her

own makeup and that of her kisses by kissing with her mouth open. "Does she?" we asked Senator Reynolds.

"Ah, delicious," he said, in such rapturous recollection that it could be surmised that she does "kiss" with her mouth open, or should we say, lips parted. But the senator wouldn't say.

**President's Room**  
The red and gold and mahogany and mirrored President's room in the capitol, off the senate chamber, is no longer open to tourists. Newspaper men and senators use

it as a joint conference room during sessions but after that a railing is put across the entrance. Tourists now may not look down the famous "corridor of mirrors on opposite sides of the room."

NATIONAL ADVERTISING REPRESENTATIVES: F. Clark Co., Inc., New York, Chicago, Indianapolis, Philadelphia, Kansas City.

Legislative Chaff and Chatter

Reflector Bureau. Raleigh, Feb. 9.—Speaker Gregg Cherry gave the slightest idea of getting House committees get behind in their jobs.

Yesterday he singled out Judiciary No. 1 with 18 unreported bills, Elections and Election Laws with 11, and Courts and Judicial Officers with 19 as the principal offenders.

He named other committees, however, which have more than 75 bills in all yet to get out of the pigeon holes of the principal clerk's office.

If the Senate agrees with the House there will not be so many convicts wearing stripes.

The lower branch Monday passed the Newcod bill repealing the mandatory provision that all felons wear stripes. His bill makes wearing stripes a matter of discipline and gives to the State Highway and Prison commission full discretion in the matter of uniform.

Although there was no business of outstanding importance to be considered, Monday's House session was extremely well attended. Of course, the number present didn't compare with the 114 who registered their votes when the liquor bill was up for consideration, but the seats were well filled.

Cleveland county taxpayers enjoyed the lowest rate in 1936, paying only 40 cents, according to figures prepared at the request of the State Association of County Commissioners, and distributed to all legislators. Hyde's \$1.05 was high, but it is doubtful if the citizens "enjoyed" it.

If the liquor control bill passes the Senate in the form approved by the House, North Carolina will have one dry county for at least approximately two years and it will have two wet resorts for a minimum of three years from date of the act's ratification.

Rockingham, the only county which voted dry when granted the right to vote by the 1935 Assembly, would have to remain dry until three years after that vote, because the act says: "In any county in which an election was held under the provisions of Chapter 493 or Chapter 418 of the Public Laws of 1935, an election may be called under the provisions of this Act, provided no such election shall be called within three years of the holding of the last election."

The clause dry, up Rockingham, just as it keeps wet the other counties now operating stores.

Southern Pines and Pinehurst will be wet for at least three years after ratification of the Act because of this provision. "The liquor stores at Southern Pines and at Pinehurst in Moore county, shall be continued under the provisions of this Act." An election in Moore County upon the question of establishment or operation of liquor stores, under the provisions of this Act may be called only after three years from the ratification of this Act.

Many people have been charged with "eating up" the profits. E. C. Darr, former governor of North Carolina, is being asked to "eat up" the campaign deficit of Jim Farley's organization. Announcement of the Victory dinners in North Carolina March 4th has just been made.

Wayne Bonds Sold at Interest Rate of 3.73

Raleigh, Feb. 9.—(AP)—The local government commission sold \$270,000 worth of Wayne county refunding bonds today at an interest rate of 3.73 per cent.

The Branch Banking and Trust company and William Greene and company of Winston-Salem took the issue at a premium of \$226, with the first \$123,000 of maturities to bear four per cent interest and the rest three and one half per cent.

HIGHS TO PLAY OLDEST RIVALS

Will Meet Washington Here 7:30 Tomorrow Night

Members of the Greenville High school basketball team will engage their old rivals at 7:30 o'clock here tomorrow night when they meet the quint from Washington.

It will be the first game on the home court in some time. The local team meets Durham in the Bull City tonight in a game which will have important bearings on the class "A" conference race Durham lost to Greenville here in a game earlier this season.

Fans are expected to welcome an opportunity to view the local team in action again. Greenville is the only five in the class "A" conference which has not suffered a defeat this season and bids fair to win the state championship. A defeat over Durham practically insures the locals of the Eastern championship. The team then will meet the Western champions for the state title.

The locals expect to encounter little difficulty with their Washington neighbors here tomorrow night, but in basketball and especially when a team is all keyed up, anything can happen.

THIMBLE THEATRE (Starring Popeye) Now Showing—"Somebody's Wrong" By E. C. SEGAR

Control Backers Express Fears Of Revolt By Cities

Municipalities Expected to Put Up Determined Fight For Part of Liquor Profits

Reflector Bureau. Raleigh, Feb. 9.—Liquor control advocates are much less concerned over the "March on Raleigh" proposed by the raging drys than over the possibility of recalcitrant cities tossing a monkey wrench into the machinery already geared to send the liquor bill through the Senate with a whoop.

The bill as passed by the House gives the municipalities no claim to any part of the liquor revenue. It is a well known and universally conceded fact that state, county and city can fight over a morsel of revenue more intelligently than a pack of hungry dogs over a choice bone. Hence the fear that the unprovided for cities will prove a stumbling block in the path of liquor-control progress.

It is an open secret that the North Carolina League of Municipalities—an organization whose members know politics and how it is played and which has one of the smoothest working lobbies in existence—isn't a bit satisfied with the course of events. The cities had hoped that a definite division of profits between counties and municipalities would be laid down in the bill, but as written it gives a fee simple title in all profits to the counties. Only by some sort of agreement with the counties can cities get a penny, and it is too obvious for argument that the counties hold the whip hand in any discussion of this problem.

Wherefore controllers who honestly hags at the frantic antics of Cale K. Burgess and his assorted horde of drys are not sleeping any too well when they picture the possibility of the cities (as personified by Pat Healey of the Muni League) kicking over the traces.

'Victory' Dinner For Each County Folger Objective

Events Will Be Held Thursday Night, March 4, to Commemorate Anniversary of Inauguration

Reflector Bureau. Raleigh, Feb. 9.—A Victory Dinner in each of North Carolina's hundred counties has been made the objective of Democratic National Committeeman A. D. (Lon) Folger, just appointed by James A. Farley, chairman of the National Committee, as North Carolina chairman for these affairs.

The dinners will be held Thursday night, March 4th, to commemorate the fourth anniversary of President Roosevelt's first inauguration, and more important still from a party standpoint, to wipe out the deficit in party funds left by the presidential campaign.

Mr. Folger has gone to work on the plan with a will and has already opened headquarters on the

Dental Clinic Is Held In Colored Schools

Dr. J. H. Barnhill is conducting a dental clinic in the Negro schools of the county, expenses of the clinic being borne by the state and county health departments.

During the first week of work in the county, the dentist examined

150 colored children and provided treatment of 82. His duties include examining, cleaning, extracting and filling teeth.

Pago Pago, capital of American Samoa, has a population of 611.

A deer killed by William Appelt of El Campo, Tex., had a third horn. It was a 10-point buck with four on one prong, five on the other and a spike about six inches long growing from the forehead.

devotional service and address. On Friday morning the Holy Communion will be celebrated at ten o'clock, preceded by the Litany. The World Day of Prayer will be observed with a service at 11 o'clock Thursday morning in St. Paul's church.

**Mrs. Kilgo in Hospital**  
 Mrs. J. L. Kilgo is in Duke hospital, Durham, where she underwent an operation last week. Mr. Kilgo spent last week in Durham with her, and Misses Louise and Suzanne Kilgo were with her Sunday.

**Church Board to Meet**  
 Members of the budget and finance committee of Memorial Baptist church are requested to meet with the Deacons in their regular monthly meeting in the Men's Bible Class room of the church at 7:30 tonight.

**World Day of Prayer**  
 The World Day of Prayer will be held in St. Paul's Episcopal church on Friday morning at 11 o'clock. For the observance of the World Day of Prayer on the first Friday in Lent, February 12, 1937, the program was written by Miss Mabel Shaw, founder of the Livingstone Memorial Girls' Boarding School at Mbereshi, Kawamba, Northern Rhodesia, Africa. Miss Shaw went to Central Africa in 1915. She is

the author of "God's Candlelights" (1935). The program, "Thou Art the Christ, the Son of the Living God," is being used on the same Day in various forms in more than fifty countries. In order to keep the world unity, it should be followed both in spirit and content with adaptation for each group of worshippers.

**First Church of Christ, Scientist**  
 "Spirit" was the subject of the Lesson-Sermon in all Churches and Societies of Christ, Scientist, Sunday, February 7.

The Golden Text was from II Corinthians 3:18: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord." Among the citations which comprised the Lesson-Sermon was the following from the Bible: "This I say then, Walk in the Spirit, and ye shall not fulfill the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the one to the other; so that ye cannot do the things that ye would. But if ye be led of the Spirit, ye are not under the law." (Galatians 5:16-18). The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To ascertain our progress, we must learn where our affections are placed and whom we acknowledge and obey as God. If divine Love is becoming nearer, dearer, and more real to us, matter is then submitting to Spirit. The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning." (Page 239).

### Large Number Deeds Recorded Past Week

 R. C. Stokes and wife to H. Dall Laughinghouse, lot \$100.00.

### Hathaway Cross Gets High State Position

Hathaway Cross, former representative from Gates county, whose promotion to the position of assistant to the Commissioner of Paroies was announced by Governor Hoy last week, Cross succeeds P. D. McLean, former newspaperman who filled the position from July 1, 1935, until August 1, 1936 when he obtained a leave of absence to become travelling representative for the highway user's conference. Cross has worked continuously in the parole office since July 8, 1935. He was graduated from Wake Forest, with an L. L. B. and received law license in 1933. He served as prosecuting attorney of Gates county Recorders court in 1934 and in 1935 represented the county in the legislature, being the baby member of the entire legislature. Cross will be remembered here, as marrying Miss Mary Effie Martin, daughter of Mr. and Mrs. John W. Martin of this county.

### New Job

W. G. BOOKER  
 College Station, Raleigh, Feb. 8.—W. G. Booker, former assistant farm agent in Beaufort County, has been appointed farm products agent to work with North Carolina farm agents in helping farmers with their marketing problems. His work will consist mostly of

helping farmers with the marketing of their crops and livestock, said John W. Goodman, assistant director of the State College extension service.

Texas led all other states in AAA rental and benefit payments, receiving about 11 per cent of the national total.

The 1936 California almond crop was the smallest since 1929.

# CHANGES MADE PENSIONS BILL

## Senate Expected To Take Up Proposals Immediately

Reflector Bureau.

Raleigh, Feb. 8.—The old age pensions bill as revised by the joint committees on public welfare and which is now in the senate as a committee substitute for the Gravelly old age pensions and children's aid bill, contains a number of important changes as compared with the original bill, it was pointed out today by Mrs. E. L. McKee, chairman of the senate welfare committee, which reported the bill favorably as amended. It is expected that the senate will take up consideration of this bill either tonight or at the Tuesday morning session. Senator McKee is hopeful that the senate will pass the bill on all three readings by not later than Wednesday.

The committee bill places the administration of the old age pensions and aid to dependent children under the supervision of the State Board of Charities and Public Welfare, with the Commissioner of Public Welfare as the chief executive officer. Under the original bill as introduced by Senator L. L. Gravelly of Rocky Mount, a new Division of Public Assistance would have been created, with a Director of Public Assistance at its head, who would have administered the old age pensions and children's aid law and left the present functions of the welfare department, under Mrs. W. T. Bost, the present Commissioner of Public Welfare, with the exception of mothers' aid, which would have been transferred to the new division. This provision was regarded as an attempt to divide the administration of old age pensions and children's aid from Mrs. Bost and her department, composed of 99 per cent women, and put it in charge of a division of which the head would be a man.

Under the committee bill, Mrs. Bost, as Commissioner of Public Welfare, will be the principal administrative official in handling both the old age pensions and aid to dependent children. Mrs. Bost, however, will be subject to the direction of the State Board of Charities and Public Welfare, as at present, since this board will continue to elect the Commissioner of Public Welfare, as in the past. It is generally agreed that Mrs. Bost will be continued in this position.

A supplementary bill, however, likewise introduced by Senator Gravelly, was also reported favorably by the committee, making some changes in the State Board of Charities and Public Welfare, principally in providing that the chairman of this board shall hereafter be selected by the Governor, instead of being elected by the members of the board. The reason for this is that the chairman of the board is also a member of the board of appeals and adjustments, set up in the old age pensions bill, in which board must meet at least once a month, or oftener. So it was considered advisable to make the chairman of the board a direct appointee of the Governor, since he will in many respects have general supervision over the entire administration of the law, although the Commissioner of Public Welfare will be the immediate administrator. It is generally understood that this chairman will be a man, in deference to those who maintain that the administration of the old age pensions and children's aid, involving the expenditure of some \$4,000,000 a year, is too big a job to turn over to a group of women, no matter how able they can be.

Another important change in the bill is in the method of selecting the county boards of public welfare. At the present time, the county boards are selected entirely by the Commissioner of Public Welfare. The committee bill provides that one member shall be selected by the state Board of Charities and Public Welfare (about the same thing as by the Commissioner of Public Welfare), one member by the board of county commissioners and the third member selected by these two other members. If the two members are not able to agree upon a third member, this member will then be selected by the resident Superior Court Judge in the district in which the county is located.

The eligibility of applicants for pensions or aid to dependent children will be determined by the county board of welfare, but the board of county commissioner will have the right to examine any and all awards made by this board and to protest any such awards to the state board of appeals. Under the original bill, the board of county commissioners was required to pass on and approve all applicants for pensions, as well as the amounts.

# COUNTY UNITS RETAIN POWER

## State Liquor Board Will Be Supervisory Only

Reflector Bureau.

By HENRY AVERILL  
Raleigh, Feb. 9.—Legislators who favor county control of liquor feel that they have scored something of a victory in the bill passed by the House last Wednesday because of the very pertinent fact that practically all powers granted to the State Liquor Board are purely supervisory.

They point out that their objections to centralization of power in Raleigh resulted in leaving virtually no initiative to the State board, it can veto in many instances, but it will not be able to start anything of its own motion.

Study of the provisions of the bill bear out these contentions to the fullest.

For example the State board will be able to approve or disapprove the prices at which the several county boards may sell alcoholic beverages, but it will not be able, on its own, to fix these prices.

It can supervise purchasing by the county boards, but only when it has good reason to believe that such boards are purchasing or contemplating making purchases in violation of the Act.

It can approve or disapprove regulations laid down by county boards but it cannot make any regulations of its own.

It can approve or disapprove location of stores, except one at each county seat or at such place as the county board directs, but it cannot

direct the location of any store at any particular place.

It can remove officers employed or elected by the counties, but cannot appoint officers and can remove them only "in case of violation of the terms or spirit of the Act."

About the only original jurisdiction given the state board is its power to require the use of a uniform accounting system in the operation of all county stores set up under the Act.

Too, it can grant, or refuse to grant, permits to do business in selling liquor to the county stores and it can issue permits for the establishment of warehouses for the storage of alcoholic beverages in the state.

All in all, it seems that the county controllers, conceded to the state controllers, only such powers as would also necessarily be implicit in any state board. The county men feared the creation of a gigantic state machine built up on the power to purchase liquor. Past history has shown that the power

to purchase is the lever by which political power is exerted and the building of a vast political machine almost invariably follows on the heels of a grant of too great a power to purchase.

As to the method of electing county boards, too, the county controllers are quite well pleased. In liquor store counties the boards

have been named by the county commissioners, but there was just about no opposition at all to the plan to have them named at joint sessions of county commissioners, board of health and board of education. This provision, canny politicians point out, insures against Republican control of liquor stores even in Republican counties.

## Most Of Counties Have Forest Fire Protection Units

Cherokee and Swain Latest Two to Adopt Cooperation Program to Prevent Great Destruction. Reflector Bureau. Raleigh, Feb. 8.—Two more counties, Swain and Cherokee, have signed cooperative agreements for fire protection with the Department of Conservation and Development.

bringing the total number of coun- ties providing for this cooperation to 60, the largest number ever to cooperate with the state in this work at the same time. W. C. Mc- Cormick, assistant state forester, announced today.

The number of counties provid- ing cooperative funds for forest fire protection increased from 30 in 1933 to double the number this year. Areas receiving warden su- pervision for the prevention and suppression of forest fires has more than double during the last three years.

In 1933 a total of 5,804,343 acres was under protection, but the area had increased more than one hun- dred percent to more than 14,000,000 acres in 1937. This area includes 430,000 acres in private association land where protection is intensified by means of supple- mental funds furnished by individ- ual landowners.

According to Mr. McCormick, ap- proximately two-thirds of the forest lands requiring fire protec- tion are now receiving such ser-

vice. There are some 20,300,000 acres of forest land in the state.

In addition to the tremendous increase in scope of forest fire pro- tective work over the last few years, Mr. McCormick pointed out that the general efficiency of the field service has been improved. Hundreds of miles of fire lines have been constructed, equipment has been expanded and improved, new lookoff towers have been erected, and the wardens have been more thoroughly trained.

Although part of the last year pre- sented one of the severest forest fire hazards in the history of the state, the damage was held down to a comparatively small figure.

Two varieties of soft red winter wheat highly resistant to the Hos- sian fly have been discovered in Indiana.

Hunters reported many cases of screw-worm in deer in the Days mountain section of Texas this year. The worms were the same type that afflict cattle and sheep.

# GET OUT OF THE "ALL THREE" CLASS

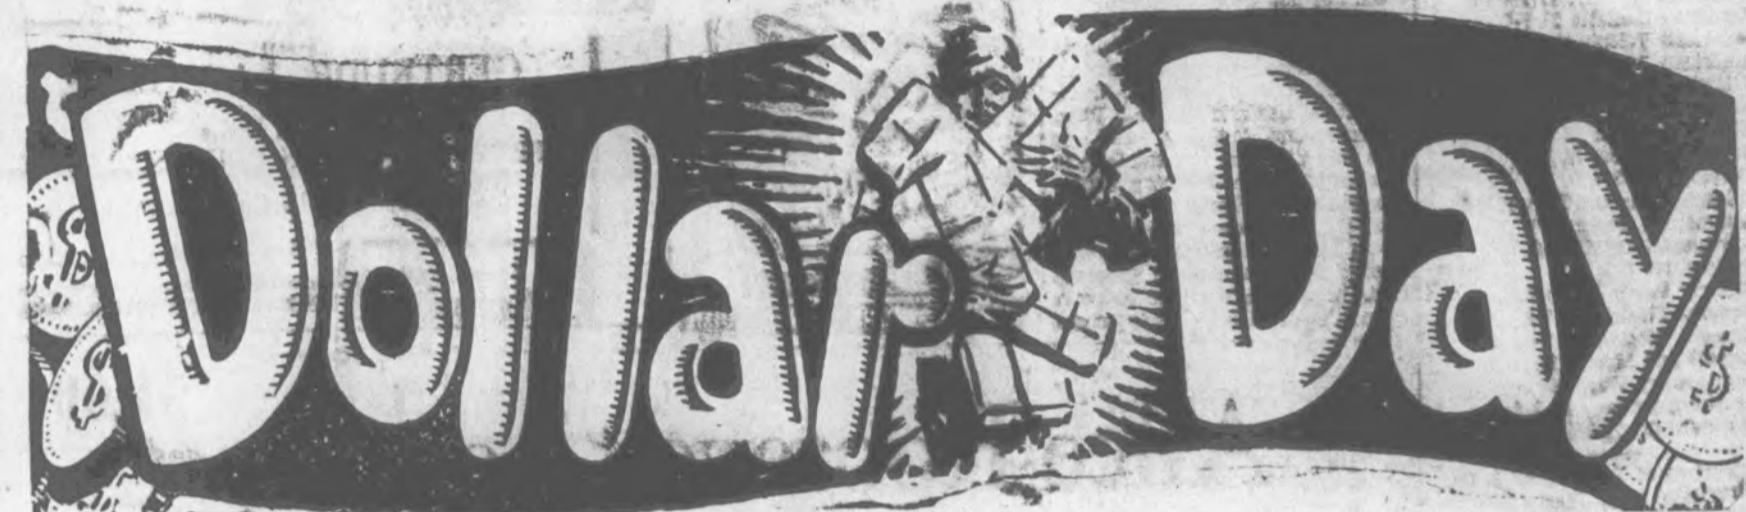

Nash sales are breaking all records . . . Thousands changing to these bigger, smarter Nash cars

● The new Nash LaFayette "400" is a great big 117-inch wheelbase automobile. It has a 90 horsepower gas-saving engine. Larger hydraulic brakes. Strong steel body. Synchronized springing. Ride stabilizer. No Draft ventilation. It's much bigger than any of "all three"—yet the 4-door sedan costs just a few dollars more than the 4-door sedans of any of "all three".

That's why Nash is winning thousands. On VALUE—and value alone. The Nash Ambassador Six is as big as cars priced \$400 higher. The Ambassador Eight compares in size with cars costing \$100 to \$300 more. Do you wonder why thousands are changing? See Nash. You don't know what you're missing! It's been a long, long time since any body offered values like these.

**\*JUST A FEW DOLLARS MORE—DELIVERED TO YOUR DOOR** Actually, that great big Nash 4-Door Sedan shown in the picture costs just a few dollars more than the 4-door sedan of any of "all three" small cars—delivered to your door. It's a much bigger, much finer automobile—you'll be astonished to learn how little more it costs. See your Nash dealer—let him show you how much more Nash gives you for your money. Automatic Cruising Gear available on all Nash cars at slight extra cost.

N. Y. Stock Market

New York, Feb. 9.—(AP)—Light profit selling impeded today's stock market progress, although selected issues tended to work upward. Buying power was concentrated mainly in a few rubbers, motors, steels and specialties. After a fast opening the trading pace turned to a quiet jog and price trends were mixed near the fourth hour. Bonds and commodities drifted somewhat lower.

STATE OFFICIALS PLEASED AT RESIGNATION OF COOKE other states besides North Carolina by his insistence that the Federal REA did not need to pay any attention to state laws and was hence entirely outside the jurisdiction of state governments and by trying to dictate to state rural electrification agencies as to what they could or could not do. Here in North Carolina, for instance, Cooke or his assistants, openly advised prospective electric membership cooperatives to disregard state laws and the state Rural Electrification Authority and to deal only with him and the REA in Washington. The Johnston County cooperative followed his advice, with the result that it is still tied up in litigation and farmers with electric lines running in front of their homes are not able to make connections and get electric service.

The Caldwell County Cooperative also has followed Cooke's advice and disregarded both the NCREA and the state laws, with the result that the Duke Power Company is now reported as already building lines in Caldwell county within the territory the cooperative planned to serve. If the Johnston County and Caldwell County cooperatives had followed the advice of the NCREA and first obtained certificates of convenience and necessity from the state Utilities Commission, as the NCREA advised them to do, these certificates would have prevented either the Carolina Power and Light Co.

or the Duke Power Company from going into these counties. But when they followed Mr. Cooke's advice and refused to apply for or get a certificate, the door was left open for the private power companies to go into court and get an injunction as soon as either cooperative attempted to set a pole or string a single wire on a line paralleling a power company line. This was what happened in Johnston county and what will happen in Caldwell county as soon as the cooperative tries to build any lines parallel to any Duke Power Co. lines. It is generally agreed. More than half a million dollars changed hands in horse trading at Texas race tracks this year, according to Mrs. E. H. Thweatt, secretary of the state racing commission.

Alice Roosevelt Longworth tells how Senators choose a light smoke... considerate of their throats

"I often lunch in the Senate restaurant at the Capitol. Nearly every Senator and Representative there smokes, and the number I see take out a package of Luckies is quite surprising. Perhaps surprising is not the word. Because off and on, ever since 1917, I myself have used Luckies for this sound reason: They really are a light smoke—kind to the throat. It's simply common sense that these Senators and Representatives, whose voices must meet the continuous strain of public speaking, should also need a cigarette that is considerate of their throats... a light smoke."

Alice Roosevelt Longworth

THE FINEST TOBACCOS— "THE CREAM OF THE CROP"

In a recent independent survey, an overwhelming majority of lawyers, doctors, lecturers, scientists, etc., who said they smoked cigarettes, expressed their personal preference for a light smoke. Mrs. Longworth's statement verifies the wisdom of this preference and so do leading artists of radio, stage, screen and opera, whose voices are their fortunes, and who choose Luckies, a light smoke. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on your throat.

A Light Smoke "It's Toasted"—Your Throat Protection AGAINST IRRITATION—AGAINST COUGH
