LOYAL TROOPS ADVANCE INTO LINES OF FOE

Announce Wedge-Like Drive in Southern Territory

SECOND FOREIGN VESSEL DAMAGED

Rearmament Remains Number One Problem Facing Various European Countries

(By Associated Press) Spanish mines damaged a second foreign vessel off Spain's East coast today, Spanish government troops announced a wedge-like advance into insurgent Southern lines and, throughout Europe, reararmament remained the number one concern of the powers.

A French steamer limped toward Palma after hitting a mine. Last week a British steamer had a similar experience in the same line, but reached a French port in safety. The British have been trying to find out who laid the mines -- the Spanish government or their blockading insurgents.

The government troops said they had split the insurgent army, which was moving along the South Mediterranean coast from Malaga. They contended the maneuver isolated the advance part of the enemy force from "Italians and Germans in the rear guard."

Two retired British naval officers began to organize the neutrality contingent which will watch the Hispano-Portuguese border to keep foreign arms and fighters out of Spain.

The general land-sea patrol scheme to isolate the war, shaping up slowly, drew resentment from government Spain. Valencia authorities expressed fear the plan for Italian and German warships to patrol the eastern government-dominated coast would mean the ships actually would attack the shore line.

Greenville People Keenly Interested In Morehead Port

R. B. Sugg and Z. V. Murphy of This City Recent Visitors to New \$2,000,000 Project

Greenville citizens are showing a keen interest in the development of the port terminal at Morehead City. The following was taken from The Twin City Daily Times, edited by H. B. Uley, formerly of this city: B. B. Sugg and Z. V. Murphy, prominent Greenville and business men were in Morehead City yesterday.

While here they visited the new \$2,000,000 port terminal and expressed amazement at the magnitude of the enterprise, described as one of the best in the country.

Mr. Sugg said he was glad to see business moving into the port and expressed belief its growth would be repaid in years to come when people in all sections of the country realize its importance and facilities for handling shipping.

Mr. Sugg is operator of the Star Warehouse at Greenville, one of the largest tobacco warehouses in Eastern Carolina, and is also president of the State Bank and Trust company there.

Like other Greenville business men he has been intensely interested in development of Morehead City and Atlantic Beaches. They have spent huge sums of money in realty developments.

Mr. Murphy, president of the Coca Cola Bottling Works of Greenville, said he was also interested in the port and was glad to see business developing.

National Guardsmen Named Higher Post

Washington, March 1.—(AP)—President Roosevelt nominated Brigadier General Don Everett Scott of the North Carolina National Guard today to be a Brigadier General of the National Guard of the United States.

She Couldn't Bear Nosed Bear Austin, Tex. (AP)—Police were recently called to the home of Mrs. Charles L. Manning to catch a bear.

Mrs. Manning declared she did not mind when the animal, which belonged to a neighbor, played in her yard, climbed trees and frightened her children, but when it opened her screen door and walked into the house—"That," she explained, "was too much."

GOOD NEWS FOR 'CHEERFUL EARFUL'

It was good news for Mrs. Jack Dempsey, who used to be known on the stage as the "Cheerful Little Earful," when Dr. E. H. Adkins informed her in Miami Beach, Fla., that she has recovered entirely from the effects of a recent appendix operation. Husband Jack (right) is mighty happy, too. (Associated Press Photo)

States Schedule For City Schools

The Schedule of the Greenville City Schools for Tuesday, as announced today by J. H. Rose, superintendent, will be as follows for all schools: Open at usual time 8:25 and close at 1:25. All children must bring lunch. Children will not be allowed to go home for lunch and will be kept in the building during the entire day.

SNOW BLANKET COVERS STATE

Highway Officials Warn Motorists To Exert Action

(By Associated Press) North Carolina and a good portion of South Carolina emerged today from the winter's first snow blanket.

Highways in all sections were reported cleared, but North Carolina highway headquarters warned motorists against the effects of continued sub-freezing temperatures on remaining slush.

Ranging in depth from one to nine inches, snow fell Saturday night and early Sunday from upper South Carolina to the Virginia line.

Six South Carolina cities reported sleet and snow. In the Charlotte area the blanket was about two inches deep, but only 44 miles farther north, around Statesville, a nine inch fall was blamed for disrupted light signals, which caused the second section of a freight train to plow into the first, wrecking an engine and burning three box cars.

Asheville, in the mountain area, reported six inches; Winston-Salem, six; Greensboro, four; Raleigh, (Continued on page four)

Claims To Have Formula To Defeat Boll Weevils

Union City, Okla., March 1.—(AP)—Farmer J. A. Webb claimed today he had crossed okra with cotton to grow a plant the boll weevil's won't touch.

Webb said his plant had a stronger stalk, a greater resistance to drought, longer lint and a flavor the weevil's wouldn't like.

A state board of agriculture agreed with Webb's claims. The farmer said in Arizona cotton growers' organization planned to grow the crossed plant on a large scale experimentally.

"I found the plants were resisting cotton wilt," said Homer Meyers, the board inspector. "The crossed plant looked surprisingly like the okra, which he had growing in rows nearby. While I wasn't inspecting the plants for boll weevil, I could find none on them."

Farmers around Union City said Webb's experiments, begun in 1929, had gained him considerable recognition. And now he's out to beat the weevil.

END IN SIGHT FOR ASSEMBLY

Social Security and Free Textbooks Big Problems

Raleigh, March 1.—(AP)—Legislators struggled today back to Raleigh for night sessions after a complete week-end of rest.

Special security and free textbooks proposals faced the assembly as major hurdles to be cleared before adjournment, but neither division was scheduled to act on them before tonight.

Senators were due to debate a bill to allow divorce after one year of separation of parties and representatives had a calendar of local and state emasures on various subjects.

Other important remaining proposals would divide the state into 10 divisions for state highway administration and make the state superintendent of public instruction chairman of the state school commission with direct responsibility for expenditure of about \$25,000,000 annually.

The only apparent snag which prevented adjournment close to March 15, leaders pointed out today, were senate opposition to the house free textbook bill and house opposition to the senate-passed bill to include aid for the aged needy and dependent children in the social security law.

Call Public Meeting On Extending Limits

A public meeting will be held in the mayor's office at the City Hall Saturday night at 8 o'clock, at which time all persons wishing to be heard on the proposal to extend the city limits will be given an opportunity to have their say.

A bill has been prepared and sent to Senator E. G. Penning, who announced that he would be at the meeting, calling for the necessary legislative action on the proposal.

Five Defendants In Police Court Session

Five defendants were tried in City court this morning, three of them being white and two colored. Four persons were convicted on drunkenness charges and the fifth with driving drunk.

Howard Smith was bound over to County court under bond on a charge of driving drunk. He was arrested following a wreck in which the car of Otto Hobart was damaged, but no one received serious injury.

Leslie Harris, Negro, and Sam Holmes and Jim Jones were sent to jail on charges of public drunkenness and Robert Clark Negro, was sent to the roads for 30 days on a similar count.

SEES MISTAKE BY RAILROADS

Opposition to Gasoline Pipe Lines Said Shortsighted

Raleigh, March 1.—The futile opposition of railroad corporations to gasoline pipe lines in North Carolina exactly in line with the shortsighted and self-interest policies the same carriers pursued in the matters of lower passenger fares and bus competition, most competent observers here believe.

As a result of this consistent opposition to progressive methods of transportation and distribution the rails are certain to lose the sympathy of the people and are going to make it much more difficult for themselves to obtain favorable action upon any projects they may have, these observers believe.

It is pointed out that the railroads are now pursuing exactly the same tactics as marked the struggle of canal corporations and stage coach lines to stop the building of railroads.

STATE HIGH COURT TO TAKE UP CASES

Woman Appeals from Conviction of Murdering Husband

Raleigh, March 1.—(AP)—The State Supreme court is scheduled to consider 18 cases on appeal from the fourth and seventh judicial districts starting tomorrow.

Only fourth district case will be heard tomorrow but Wednesday all unheard on oral argument or petition will be taken up in the order in which they were docketed.

One fourth district case involves the petition for certiorari to get the trial court records before the Supreme court in the appeal of Mrs. Sina Hope Godwin, twice married, Dunn woman, convicted in Harnett county in the slaying of her third husband. She was sentenced from 10 to 15 years.

Tobacco Board Trade Meet At 10 O'Clock

The annual meeting of the Greenville Tobacco Board of Trade will be held at 10 o'clock tomorrow morning in the offices of the Greenville Tobacco company. The time of the meeting was informally stated as 11 o'clock in Saturday's paper.

J. S. Ficklen, president, urged all members to be on hand as a number of important matters would be taken up, including the naming of new officers.

Women Hurtin Wreck After Visit in City

Mrs. Winnie T. Barnes and Miss Mattie Barnes of Raleigh, mother and sister, respectively of Mrs. J. J. White of this city were painfully injured yesterday afternoon while returning home after visiting here.

About four miles this side of Raleigh the car in which they were traveling skidded and ran into the side of a bridge. Mrs. Barnes suffered a bad cut over an eye, and lost right hand blood. Miss Barnes suffered a broken ankle.

Vehicle Damaged By Fire Here Saturday

A fire at 7:30 o'clock Saturday night did damage estimated at \$25 by Fire Chief George Gardner to an automobile at the Blue Bird filling station. It was the second fire of Saturday followed by a blaze in the city on Thursday and Friday.

None of them, however, caused any serious damage. Chief Gardner yelled in dread of fires as the ground and streets were covered with snow and ice during the week-end.

ASYLUM BLAZE IN TENNESSEE

All 410 Inmates of Institution Evacuated Safely

Nashville, Tenn., March 1.—(AP)—Fire destroyed the central section and two wings of the seven-wing Davidson county asylum early today.

The 410 inmates were evacuated safely. About 20 of the patients escaped, but Dr. H. B. Breskin, superintendent said none of them was considered dangerous.

The doctor estimated the damage at between \$200,000 and \$400,000 and said all of the medical equipment was destroyed.

"The inmates were unusually orderly," he said. "There was very little screaming or knocking on the walls." The fire was discovered at the top of a passenger elevator shaft about 3:30 a. m. Several of the third floor rooms, where members of the staff were quartered, were enveloped in flames before evacuation of the building started.

15-Year-Old Boy Accident Victim

Maher Galloway, 15-year-old son of Mr. and Mrs. Leary Galloway of near Grimesland, was probably fatally injured when he shot the top of his head with a shot gun shortly after noon today.

The boy had been hunting at the home of his grandmother, Mrs. Margie McLamb, near Black Jack. As he returned home and sat the gun down at the front steps, the weapon discharged, the full charge striking the back of his head.

Two hours later, while still alive, all hopes for recovery had been abandoned.

VICTORY FETE PLANNED HERE

Event to Be Held by County Democrats Thursday Night

Announcement was made today by J. H. Rose that Pitt county Democrats would hold a "Victory Dinner" at 7:30 o'clock Thursday night at Respass dining room, at which time some prominent speaker will deliver an address.

Mr. Rose, who was named county chairman for the event by National Committeeman A. D. Folger, said he was not ready to make any definite announcement as to who would be the speaker, but declared one would be on hand.

Similar meetings are being held over the country at the same time and President Roosevelt will deliver an address over a nation-wide radio hook-up. Arrangements will be made at the dining hall so the Democrats can hear the President's address.

Fans will be discussed for the 1936 campaign and all political leaders in the county are expected to be on hand. Both men and women are invited.

Tickets may be secured from Mrs. Vance Perkins, vice chairman of the County Executive committee. Mr. Rose, W. E. Hooks in Ayden, the sheriff's office and from the office of Blount James and Taft. In addition, Mr. Rose announced, the tickets will be sold by persons who will canvass the city.

The Texas league schedule gives the champion Tulsa Oilers 31 games at home and 80 on the road.

Musical Numbers Feature Services At Joint Meeting

Sermon on Subject "A Two-Mile Religion" Delivered by Local Presbyterian Minister

Although the snow-storm cut the usual large attendance at last night's union service held at the Methodist church, one of the most appreciated musical numbers of the services to-date was rendered by a quartette to the congregation from the six participating churches.

Shelley's "Now the Day is Over" was sung as offertory selection by Misses Agnes Fullilove, Beulah Brown and E. O. Parkinson and Dean C. Tabor. Mr. Tabor led congregational singing of familiar Gospel hymns. Miss Eva Hodges served as organist.

The service was presided over by the Rev. W. A. Ryan of the local Christian church, while the lesson was read and prayer offered by the Rev. R. C. Grady, local Presbyterian minister.

The sermon, on "A Two-mile Religion," was delivered by the Rev. Thos. McM. Grant of the Jarvis Memorial Methodist church, who stressed the idea of the aggressive-ness and "passion of soul" of the religion of Jesus. Such religion, declared the speaker, "goes to the very limits of the resources of personality." Indeed, such religion is a "convincing religion. It moves spontaneously on the crush of Christ-like ideals. It is also the kind of religion that brings the disciples of Jesus into the realm of genuine ecstasy and peace. Lastly, such religion, expressing itself unselfishly through human personality, enables one to hear the whisperings of the great messages of God Himself."

Final Report Shows Pitt Contributed Over \$7,000

A total of \$4,477 received for the Red Cross flood relief fund since the last published list brought Pitt County's total cash contributions to the fund to \$4,953.52. These cash contributions were in addition to more than \$2,500 worth of merchandise and supplies sent from this county to the flood area making a total of approximately \$7,500 in contributions from this county.

Chairman Wylt Boyen of the Pitt County Chapter of the Red Cross has received the following letter from Admiral Carey T. Grayson, chairman of the American Red Cross, in which he congratulated the Pitt County citizens for their liberal response to the appeal for flood relief funds:

"In the rush incident to the present emergency, I have been unable until now personally to acknowledge the splendid service rendered by your Chapter on behalf of the flood refugees.

NEW DEAL WINS ANOTHER CASE IN HIGH COURT

Bar Allows Gold Payment Ban on Contracts in Bullion

ACTION COMES ON 5 TO 4 VOTE

Cases Involving Constitutionality of Other New Deal Laws Postponed

Washington, March 1.—(AP)—The Supreme court ruled today that the 1933 resolution prohibiting payment of obligations in gold applied to contracts in bullion, as well as to coin.

This five to four opinion, one of 15 read, represented a victory for the government's contention such contracts could be paid off at their face value in present-day devalued currency.

Justice Cardozo delivered the majority opinion. Dissenters were Justices Van DeVenter, McReynolds, Sutherland and Butler.

Action on litigation involving constitutionality of the Wagner labor relations act, validity of the Washington law establishing minimum wages for women and on a petition for reconsideration of its four to four decision upholding the New York unemployment insurance law, was deferred until at least next Monday.

No explanation was given as to why the decisions were not forthcoming.

The high court affirmed a ruling by the Massachusetts First District Federal court and First Circuit Court of Appeals in a case brought by the Holyoke, Massachusetts, Water Power company to collect more than \$28,000 from the American Writing Paper company.

The problem of relief of the unemployed claimed renewed White House attention with announcement the President would seek an "efficient and sound" solution in conferences with governors of six industrial states March 10.

The controversy over President Roosevelt's court reorganization proposal flamed up on the senate floor when Democratic Leader Robinson, of Arkansas, denounced what he called an "untruthful, unfair, and deliberately dishonorable effort to influence public opinion against the plan.

Secretary Roper said Fred Fagg, Jr., of Northwestern University, would succeed Eugene Vidal as director of the air commerce bureau. Vidal announced his resignation yesterday to become effective today.

The senate started debate on the neutrality bill and House considered minor legislation.

"In last analysis," the majority opinion said, "the case for the petitioner amounts to little more than this, that the effect of the resolution in its applications to these leases is to make the dollar fluctuate."

EVE'S ORCHARD

By MARGARET WIDEMER

SYNOPSIS: In two weeks Eve Mannersfield and Denny Carter plan to start a globe-trotting honeymoon, for Denny, a slim, proud sportsman, has landed a publicity job with Southern Star Line. Eve has already resigned from her advertising company. Her old Connecticut house loses its tenants and Eve decides to clean it up for another set before sailing. She and Denny give a party to announce their engagement. Mitzl, a plump, wealthy little widow, arrives with two men: quiet, polite George and rude, handsome Jack.

Chapter Four Aunt Evelina's Kitchen

MITZL'S geese were always swans, the more they belonged to her the more swany. Eve remembered. But contrasting these particular swans with Denny, she found neither of them especially interesting. She definitely did not like Jack. She didn't mind George one way or the other. Therefore, it was of course Jack who followed Eve across the room and immediately began to loiter like in the fashion he supposed appropriate. Mitzl must have advertised this party as being too Bohemian and Village for anything. Eve reflected, annoyed. She passed Jack on to the nearest woman, who proved to be Marylin Featherstone, and steered Dillard Beitz over to Mitzl.

Dillard caught Eve's skirt as she moved away, and asked, loud enough for Mitzl to hear: "Who's the beau of the nineties by John Held? All he needs is a handle bar mustache and a checked suit to be perfect!"

Mitzl allowed no liberties to be taken with any of her possessions. "He's a perfectly wonderful man. He's brilliantly successful—(Mitzl knew that would scratch Dillard) and with such fire. I thought you were a judge of character, Dill!"

Little Dillard wilted. Mitzl was not a person to offend. Eve crossed the room with relief.

"Don't make me do any more work," Denny said. "Get George, he's a swell passer."

to Denny, who came over to her smiling, long and fair and graceful. "Don't make me do any more work," he said. "First moment I've stopped since I got here and I want to talk to Pete Featherstone. Get George, he's a swell passer. George, Eve probably wants you to do some heavy tray work."

Eve felt a mild surprise that Denny knew George, and then remembered that they must have met at Mitzl's. "I should be delighted," George said. (As much too polite as the other is too rude, Eve thought.) He had a rather nice voice.

"I don't really, Denny has trays on the brain," she protested. "Sit down then and let me get you something. The hostess never has anything, my mother says, unless she fights for it."

He steered her through the groups, standing, sitting on the floor, milling round the room, to a corner and an empty chair. He put her efficiently into it, brought her the last two caviar canapés and three others, a paper napkin and a drink, and sat by her.

Orchards Lead to Kitchens

"I SUPPOSE a lot of these people are celebrities," he broke a silence. Also slumming, she decided. Mitzl had described this party as very wild and atmospheric. "No," said Eve, "nobody at all. Sorry."

He didn't seem taken aback by her deliberate coolness; he seemed so completely the center of his own world that he couldn't be disturbed by any other. He went on indifferently. "So you got up all this in a kitchenette? I don't suppose you ever saw an old-fashioned kitchen?"

"For the matter of that," said Eve with spirit. "I don't believe you ever did either! Or do they have them in the steel business?"

Section 8, House Rules provides that the Speaker "may exercise his right to vote, or he may not, but in no case shall he be allowed to vote twice on the same question." Quere, as they say in court opinions, what happens if the Speaker's vote bring about a tie?

Journal of the House for the 1935 session shows that on numerous occasions there were suggestions of "No Quorum," especially during the closing days. So far this session there has been no such suggestion. After the sixty days with pay have expired "No Quorum" calls become more and more frequent, past history reveals.

Present indications are that this

REVEALS DATA ON N. C. FARMS

Census Prepared by Department of Agriculture

Raleigh, March 1.—(AP)—How increased 15 per cent and farm workweek one per cent on North Carolina farms during 1936, the Department of Agriculture reported today.

The census prepared by W. H. Rhodes, Department statistician, is taken as of January 1, 1937, compared with the same date last year. Cattle decreased by three per cent and sheep by 10 per cent, the report showed.

There were 69,000 horses and 301,000 mules listed, each up one per cent from January 1, 1935, though previously the work animals had shown a consistent decline since 1935.

The horses were valued at \$126 each, or \$8,675,000, and the mules at \$180 a head, or \$54,180,000, an increase in total values of about six per cent over January 1936.

All cattle aggregated 651,000 head, with an average value of \$28.90 a head compared with \$27.20 last year. The major part of the three per cent decline occurred in milk cows.

The number of cows and heifers over two years old kept for milk on farms in the state had been steadily increasing since 1928 and the 1937 estimate of 381,000—a decline of one per cent from that period.

The average value per head for milk cows at \$38 is \$2 more than 1936 and \$9 more than 1935.

Hogs on farms in the United States showed a slight decline in 1936, but in North Carolina the number increased 15 per cent with the greatest increase in pigs produced. The value per head at \$10.40, 20 cents below the previous year, but with the increased numbers brought the total value of all hogs to \$11,523,000, or 12 per cent more than the 1936 total value.

Sheep, on the decline since 1926 are 10 per cent below the 1936 estimate. There are 66,000 on farms in state as of January 1, with a value of \$5.20 as compared to \$4.90 a year ago, or a total value of \$341,000—three per cent below the total value a year ago.

Farmers In State To Benefit From Pending Measure

Concerted Attack on Farm Tenancy Endorsed by Resettlement Administration Official

Reflector Bureau.

Raleigh, March 1.—A concerted attack on farm tenancy and a further move to help North Carolina farmers at the bottom of the "agricultural ladder" achieve ownership status, are indicated in the president's recent tenancy message and legislation now before Congress.

Regional Director George S. Mitchell, of the Resettlement Administration, said today.

North Carolina has 142,158 tenant farmers, according to the latest available figures, Director Mitchell stated. This number is 47 per cent of all farm operators in the state. Tenancy is increasing in the nation at the rate of 40,000 farmers per year, due largely to the recent agricultural depression, mortgages based on inflated land values, crop failures, drought and floods.

"Lack of opportunity for farm ownership and evl's resulting from instability of land tenure can only result in a rapidly increasing depletion of soil resources and growing farm poverty," Mitchell declared. "Farmers in temporary occupancy, knowing that any improvements they make will automatically revert to the landlord at the end of his connection with the land, have little interest in building up the soil."

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a Deed of Trust executed by Joseph A. Forbes and wife, Mary Jane Forbes, on the 16th day of March, 1923, and recorded in Book U-14, Page 359, we will on Saturday, the 27th day of March, 1937, 12 o'clock noon

Legislative Chaff and Chatter

Raleigh, March 1.—When a recapitulation of work done by committees is made, it will likely be found that the following groups have done just exactly nothing at all but because there has been nothing all, through no fault of their own for them to do: Congressional districts, Commercial fisheries, Drainage, Federal relations, Military affairs, and Oyster industry.

With House bills still in the low 600's it begins to appear that not half as many bills will be introduced in the lower branch of the Assembly as were sent forward in the 1935 session. That's probably because the legislators have a certain daily urge to introduce and the longer the session the more bills sent up.

Adjournment is in sight, but it's still not close enough for the solons to begin sticking their tongues in their cheeks and then send forward bills they know will be peacefully embalmed in various and sundry committees.

This is an old dodge which enables Representative Zich to go home and explain that "I done my best to get it through."

"It's customary for committees to listen to as many proponents of a bill as present themselves, but Education recently set a precedent by stopping American Legion leaders after Sandy Graham had spoken to

neath Colonel Mannersfield's portrait. The long dining table was set out with boxes of cakes and rolls to be delivered when the Seymour boys came. . . .

The remembered sunny perfection of that moment faded into Eve's fretting recollection that she had that very house to clean and rent again. She shook herself and came back to George Cleveland, sitting there so quiet and correct and looking in spite of what he had said as if kitchens and orchards were foreign to him.

"Sorry to be so silent. You made me think about our old kitchen," she told him, smiling at him.

"What was it like?" "Aunt Evelina's kitchen?" She started to be amusing about it, and suddenly couldn't. Somehow being disloyal to Aunt Lina's kitchen was almost being disloyal to Aunt Lina herself; fine Aunt Lina, spectacled, broad-shouldered and aquiline, with her genealogies and her Emerson and her cake-baking business, her church work and village charities. Aunt Lina eternally moving in her fresh gingham through that sunny kitchen, capable, tall and kind.

"It was big and sunny," Eve answered him reluctantly through the thick blue cigarette smoke. "I always think of it with a fresh wind blowing through, though I suppose the windows were shut in winter. She never would close the fireplace, in summer it was filled with the bitter-sweet we always saved from last fall. I had a little chair and table of my own, very plain and heavy, with carving on it, that had belonged to my great-grandmother when she was a child. I ate applesauce made from my own apple tree on the table, and played house with dolls in an old lacquer cabinet. So I knew about orchards too!"

College Vesper Services "The Boundaries of Life" was the theme of the message brought to the College students at the Y. W. C. A. Vesper services, by Rev. W. A. Ryan of the Christian church, last night.

Young people, he said, should not set boundaries to their lives; they should get out and do what they really want to do. He applied this to College students.

Religion, he stated, is a way in which men might see limitless possibilities in their own lives. The source of that religion is the same source that allows one to go out where he wants to go and be what he wants to be. It can come, he concluded, through no other way than the Lord Jesus Christ.

Miss Mary Evelyn Thompson played a piano solo, "Green Cathedral."

Miriam Winslow Dancers Miriam Winslow, the dance artist, began dancing early "just for fun," as she began tennis, horseback riding and other sports, but gradually focused all her attention on dancing, studying at the Braggiotti School of Dancing in Boston, then with Ted Shawn and Ruth St. Denis, and later in the dance centers of Europe, especially in Spain and Austria.

She is a New England girl who had been introduced to Boston society and is still a member of the Junior League, but she preferred a dance career to being a socialite.

The "Miriam Winslow School of the Dance" is the foremost dance school in New England and one of the most progressive in the country. She selected four of the best students she had trained several years ago and formed a concert group. They have been presenting their unique dance programs each season in most of the principal cities of the country.

They will appear at the College Thursday night at 8:30 o'clock in the Robert H. Wright auditorium.

Tacky Dance One of the most delightful affairs of the season was on Saturday evening when Miss Josie Barnes White entertained a large number of the younger set at a "tacky" dance at the country club, celebrating her eleventh birthday.

Guests were requested to wear "tacky" costumes. A number of characters and most of the comic strips were represented.

A week's pass to the theatre was given for the best costumes. Mary Andrews Whichard was winner for the girls and Jimmie Turner for the boys.

Hot dogs, doughnuts, red lemonade and lolly-pops were served. Confetti, horns and noise-makers were given as favors.

Miss White received a large number of attractive gifts.

Junior Woman's Club The regular meeting of the Junior Woman's club will be held in the club house on Friday afternoon at 3:45 with Mrs. Hugh Blount, Mrs. R. E. Corbett, Jr., Mrs. R. S. McClure and Mrs. A. B. Stallworth as hostesses.

Mrs. J. B. Spilman, who is now with the State Unemployment Compensation Commission, will be guest speaker for the afternoon. Her subject will be "Practical Business Information Every Woman Should Know."

The new officers for the ensuing year will be installed. Mrs. Perkins, the president, urges all members to attend this meeting, as we have important business matters to discuss.

First Church of Christ, Scientist "Christ Jesus" was the subject of the Lesson-Sermon in all Churches and Societies of Christ, Scientist, on Sunday, February 28.

The Golden Text was from Heb. 13:8—"Jesus Christ the same yesterday, and today, and forever."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And when Jesus came into Peter's house, he saw his wife's mother laid, and sick of a fever. And he touched her hand, and the fever left her; and she arose, and ministered unto them. When the even was come, they brought unto him many that were possessed with devils; and he cast out the spirits with his word, and he healed all that were sick."

Matt. 8: 14-16. The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special gift from a ritualistic Jehovah; but it was the demonstration of divine Love casting out error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth, as must be the case in the cycles of divine light."

with no false sweetness and light, demonstrates once again that mature and thought-provoking films can be put on the screen.

Each year now an increasing number of intelligently realistic pictures emerge from a more and more liberal Hollywood out of the run-of-mine welter of sickly love stories, glossy rich man-poor girl romances, and elaborate and entertaining but hardly inspiring musical comedies. Of such superior pictures, WINTERSSET, stark brutal, dramatic, violent, has been accorded enthusiastic praise from those critics who demand that the movies show life as life—and not as a perennial succession of pretty legs, flashing teeth, virile matinee idols and the inevitable "they lived happily ever afterward" cliché.

The Spring of the Year The robins are singing! The grasses are springing! The bluebird's sweet song you may hear; The South wind is blowing. No more will we have snowing. For now it's the Spring of the year.

The brooklets are flowing. The daffodils are blowing. The skies are blue and clear; The birds are nesting. The earth is done resting. For it's now the Spring of the year. —Myrtle Bailey, 5th Grade, Fountain, N. C.

Tire Dealers Of City Hold Initial Meeting

On Saturday night at the offices of Flanagan Bugby Company, the Greenville Tire Dealers Association was organized. At this meeting the tire situation of Greenville was discussed and it was agreed by all dealers that they would follow the Industry program set up by the Major Tire companies.

The following Tire dealers and companies were represented at the meeting: Firestone, E. L. Saywell; Goodrich, W. B. Cozart, Jr., W. B. Cozart, Sr., C. C. Edwards; Goodyear, Blair McCurdy, J. D. Murphy; United States, I. J. Edwards, N. H. Whitehurst, Jr.

A chairman was elected and it was agreed to have two meetings a month. After all business matters were disposed of, the meeting was adjourned until next Thursday night, at which time several new members will be invited to join the Association.

Questions That Some Folks Ask About Cardui Benefit for Mal-Nutrition

Thousands of women testify Cardui has helped them to overcome mal-nutrition and to ease many of the functional pains of menstruation.

"What is meant by helping to overcome malnutrition?" Cardui contains extracts of two plants which are classed among the "bitters" in medicine because they are known to increase the flow of digestive juices—to improve digestion—so there is a craving for sufficient food for the body's needs, and by their action more energy (or strength) is obtained from the food eaten. This food, of course, brings the additional strength, but Cardui serves as the means to this end by its good influence on the digestive system.

Memorial Unveiled To Dr. George W. Lay

Raleigh, Feb. 28.—A memorial tablet to Dr. George W. Lay, rector of St. Mary's School from 1907 to 1918, was unveiled in the school chapel Friday at 5:30 p. m. Members of Dr. Lay's family, their friends and faculty and students of the school were present. The unveiling was performed by two of Dr. Lay's granddaughters, Janet and Betsy Green, daughters of Mr. and Mrs. Paul Green of Chapel Hill. The memorial service was conducted by the Rt. Rev. Edwin A. Penick and the Rev. Henry F. Klemm, chaplain of the school.

Dr. Lay was the father of Mrs. Charles A. White of this city. Mrs. White was unable to attend the memorial services on account of illness.

Modern French literature has displaced English and Russian each of which had its day in turn, in popularity for translation into the Japanese language.

N. Y. Stock Market

New York, March 1.—(AP)—Selective demand aided the stock market today after a sell-off in early dealings.

Steels down a point or so at one time, cancelled their losses and tacked on moderate gains. Advances were also recorded by some rail, rubber, oil, merchandising and specialty issues.

Bonds were uneven as were commodities, although grain and cotton futures moved ahead.

PITT SCHOOLS PLAN TOURNEY

Fifth Annual Event Scheduled to Open Wednesday

By BERT MOYE

The Fifth Annual Pitt County basketball tournament for High Schools in the county will open here Wednesday afternoon and will continue through Monday of next week.

Twenty-four teams in the county with 12 teams each in both the boys and girls' divisions are entered in the tournament.

The Bethel boys team won the tournament last year by defeating the boys from Stokes 34 to 21. In the girls' division the Stokes girls defeated the Bethel sextette 23 to 21 to win the championship. In the first two years of the tourney Grimesland was winner.

Play in the tournament will get underway Wednesday afternoon beginning at three o'clock with the preliminary games being played on Wednesday and Thursday, the quarter-finals on Friday and the semi-finals Saturday night with the grand finals being played on Monday night. The Wednesday and Friday afternoon games will be played at the campus building of the college, with all others being played at the Greenville High school gymnasium. This includes the championship game on Monday night also.

The schedule for the opening play on opening day Wednesday, is as follows:

3:00 Arthur vs. Chicod (girls).
4:00 Belvoir vs. Fountain (boys).
5:00 Grimesland vs. Pactious (girls).
7:00 Grimesland vs. Winterville (boys).
8:00 Winterville vs. Ayden (girls).
9:00 Farmville vs. Ayden (boys).

The schedule for the remaining preliminary games to be played Thursday afternoon and night is as follows:

3:00 Farmville vs. Belvoir (girls).
4:00 Chicod vs. Stokes (boys).
5:00 Bethel vs. Fountain (girls).
7:00 Arthur vs. Pactious (boys).
8:00 Grifton vs. Stokes (girls).
9:00 Bethel vs. Grifton (boys).

TOURNEY WON BY LAFAYETTE

Four Members of Team on Outstanding List

Lafayette boys and Green Hope girls won championships in Saturday night's final of the East Carolina Teachers College basketball tournament for high school teams of East Carolina.

Green Hope girls triumphed by handing Dunn's girls right defeat a 32-25 defeat. Dunn led by 12-9 at the half.

Lafayette, pre-tournament favorite, took the boys title by defeating Bethel, 31-14. The winners led by 10-7 at the half.

In the girls' championship game, the teams were deadlocked at 18-all in the second half. Green Hope pulled in front—on a free throw by Lawrence and a field goal by Womble—and led the rest of the way. Nina Womble, with 16 points, led the winners, Fattie Godwin and Dorothy Crumpler, with 10 points apiece, led Dunn.

Lafayette placed four men on the list of 10 outstanding players selected after the close of play, while Green Hope had three on the girls' list.

Selections were made by a special committee appointed by Boylston, E. C. T. C. athletic director. The team boys—Eton Arnold, Leo Matthews, Henry Farrell, Watson Holyfield, Lafayette; Frank Bowers, Eugene Carson, Willie Aseyounis, Garland Whitehurst, Bethel; Ralph Hodges, Jesse Black, Washington.

Girls—Forwards, Dorothy Beal, Nina Womble, Green Hope; Vivian Adcox, Dunn; Elizabeth (Lupton), Hobucken; guards, Dorothy Sadler, Green Hope; Thelma Howard, Green Hope; Blanche Godwin, Dunn; Nannie Simons, New Bern.

Gold basketballs were awarded to each of these players. Trophies were awarded to the championship teams.

HIGH TO PLAY TUESDAY NIGHT

Greenville Opposes High Point in Finals Opener

Chapel Hill, Feb. 27.—Greenville, High Point, West End and Pilot Mountain will make their first appearance in the finals Tuesday night when the University of North Carolina will sponsor its 23rd annual high school basketball contests, E. R. Rankin, Secretary of the North Carolina High School Athletic association, announced today.

New champions will be crowned in both Class A and B divisions in the double bill attraction which pits Greenville, Eastern champions, against High Point, Western A. leaders, and West End, Eastern B. titlists, against Pilot Mountain, Western B. victors.

The first contest, will start at 8 o'clock with the B engagement to follow at 9. The Tin Can will be the scene of both battles.

Greenville, coached by Reynolds May, a former Duke basketball and baseball star, recently completed a perfect record by winning seven Conference games. High Point, tutored by Wade Marlette, who formerly starred at Elon, finished a highly successful season by scoring nine victories against one defeat. Coach Marlette will take his charges to Chapel Hill for the third consecutive year. On the two previous occasions the Pointers were defeated by Raleigh's fast-stepping Eastern champions.

West End, District Four winner, earned its way to the final round by easily disposing of Elizabeth City's District One pace-setters 33-8. Previously Elizabeth City beat Richland, District two winner, 16-15, while West End downed Lafayette, top-ranking District three quintet, 37-26.

In the West, Pilot Mountain, champion of the First District, vanquished Paw Creek, winner in the Third District, 26-15. In the pairings Pilot Mountain drew a bye. Paw Creek beat Spencer, District No. 2 winner, 39-11, for the right to play Pilot Mountain.

Surry County, which has held a monopoly on Class B championships for the past three years, is sending its fourth consecutive representative here. Dobson High School walked off with honors in 1934 and 1935. Copeland High beat Garner High 50-22 in 1936 to make it three-in-a-row for Surry.

"In The Good Old Days" Findlay, O. (AP)—In an era of high taxes, L. V. Rodabaugh gets some solace out of looking over old papers kept by his father, the late Simon Rodabaugh, since 1840. Among them is a tax receipt for 1846. Written in longhand on heavy parchment, it bears the words: "Tax of \$13.94 received in full," for 630 acres of fine farm land. On a quarter-section of land that was not so highly regarded, the tax was only \$3.40.

Watch Out, Robert!

Robert Taylor and all the other matinee idols of Hollywood had better look to their laurels, now that Wesley Cheek Ferrell (above), the Boston Red Sox pitcher, is giving thought to a movie career. The Greensboro (N. C.) Daily News says a film executive is urging the handsome hurler from Guilford College, N. C., to become an actor. (Associated Press Photo)

COLLEGE PRESIDENT IN KANSAS LEGISLATURE

Topeka, Kas. (AP)—A college president is taking a seat in the Kansas state senate for the current session of the legislature.

He is the Rev. Ernst F. Pilsblad, for 32 years president of Bethany college at Lindsborg. When Pilsblad, a Republican, announced his candidacy, the other candidates withdrew and he had no opposition.

LIQUOR TAXES BOOST STATE REVENUE

Frankfort, Ky. (AP)—Beer and whiskey manufacturers and drinkers are swelling Kentucky's treasury, an examination of records of the department of revenue reveals.

The production tax on distilled spirits during the last six calendar months of 1936 was almost 100 per cent larger than during the same period of 1935.

For the 1935 period the tax amounted to \$1,316,803; for 1936, \$2,347,323.

"Such indeed is the effect and the covenant of the parties to that extent abortive. But the disappointment of expectations and even the frustration of contracts may be a lawful exercise of power when expectations and contract are in conflict with the public welfare."

The opinion quoted this from the celebrated gold decisions: "Contracts may create rights of property, but when contracts deal with a subject matter which lies within the control of the congress, they have a congenial infirmity."

"To that congenial infirmity this covenant succumb's," today's opinion concluded.

WHEN'S YOUR BIRTHDAY?

SCORPIO
By JOE E. BROWNE
As the amateur astrologer, in "When's Your Birthday?"

Each sign of the Zodiac has a ruler. For instance, Mars governs Scorpio. That's what makes anyone born under Scorpio disposed to be a militant character. Tuesdays should be avoided, especially if they follow Mondays. Otherwise, you can take your chances. If the Moon makes aspects with the eight other planets, it is reasonable to believe the verdict is unanimous. Romance is afoot and all Scorpions are liable to have dark curling or crisp hair. If you haven't got it, all I've got to say is that the Zodiac is out-cut on you and you are entitled to a refund. Try and get it. Haw!
