## Chinese Engaging Japanese Troops In Stiff Battle

### Fighting Rages In The Chapei - Hangkew Sectors

### DEFENDERS WAGE COUNTER THRUST

### U. S. Ambassador Forwards Protest of American Community to State Dept.

Shanghai, Oct. 15.—(AP)—An intense battle raged today in the Chapei and Hongkew sectors where the Chinese armies were making a bitter counter-thrust to stave off the long expected Japanese general attack along the 25-mile battle front northwest of Shanghai.

Three Japanese civilians were killed and three wounded, a Japanese spokesman said, during the Chinese shelling of Hongkew, the Japanese-occupied sector of the international settlement.

One shell struck the famous Astor house hotel, now occupied by Japanese refugees and another hit the Seventh Day Adventist hospital, the spokesman said. There were no injuries and only minor damage to the two important structures.

The terrific Chinese artillery and infantry attacks were carried out against the Japanese positions on the Chapei front, a Chinese spokesman declared, to determine the actual strength of the Japanese troops manning that sector.

Nanking, Oct. 15.—(AP)—United States Ambassador Nelson Johnson today forwarded to the State Department at Washington a copy of the protest of the American community of Szechwan Province against Japanese aggression in China.

The protest urged the United States to use every peaceful means to withdraw moral and material support from Japan. It declared American scrap iron becomes Japanese bombs which kill civilians; American cotton makes Japanese explosives; American trucks transport Japanese troops and American oil drives Japanese planes and tanks.

"Let no specious neutrality repeat our world war profiteering," the protest said.

## Officials Report ECTC Enrollment Above 1,100-Mark

### Registration Period Brought To Close Thursday Afternoon With 1,104 Students Enrolled

For the first time enrollment figures for any one term at the College have gone above the 1,100-mark, the registration period having closed yesterday with 1,104 students listed on the College records.

This is a considerable increase over the 1078, which was the number for the fall term last year.

Of this fall's total, 323 are freshmen, and 106 are upper-classmen entering on transcripts from 32 other colleges and universities, among them the University of North Carolina, Duke, Woman's College, Wake Forest, State College, William and Mary, Salem College, Appalachian State Teachers College, and many other North Carolina institutions, as well as a few from other states. Thirteen such students came from each of Campbell College and Louisburg College.

This year's number of men students is also somewhat larger than the number last fall, as there were 113 in 1936, and 119 have enrolled in 1937.

Among the ranks of the present study body are 23 of the two-year graduates of 1936-37, who have returned to the College to work toward a degree.

Six states other than North Carolina have representatives on the C. T. C. campus. South Carolina has 7, New York 6, Virginia 4, Florida and Tennessee 2 each, and Georgia 1.

North Carolina herself has 75 counties represented at the College. Pitt, of course, leads in number, with 221 studying here.

Northampton county, with 42, is the only other county sending more than forty students.

Six counties—Johnston, Duplin, Wayne, Nash, Wake and Sampson—have between 30 and 40 enrolled. Counties having from 25 to 30 enrolled are Beaufort, Bertie, Edgecombe, Franklin, Granville, Greene, Harnett and Lenoir.

## SEN. M'KELLAR BEHIND CRUMP

### Four Leading Tennessee Politicians In Argument

Nashville, Tenn., Oct. 15.—(AP)—United States Senator Kenneth McKellar lined up on the side of E. A. Crump today in the current political strife between Governor Gordon Browning and the Shelby county (Memphis) organization chieftain.

The senior senator issued a statement from aboard a trans-Atlantic steamer yesterday asserting the governor's county unit vote primary plan now pending in the legislature, seemed "aimed at me."

McKellar, who arrived in New York from Europe, said he would try to be in Nashville Monday. He added he had asked State Senator Hugh Clark to "let me be heard before action is taken."

The veteran west Tennessee senator's action brings Tennessee's four most conspicuous politicians into the fight, Browning, Crump, McKellar and Senator George Berry, who arrived Wednesday.

Berry has been active in behalf of Browning's cause, but not publicly conspicuous in the contest.

## AGREE PUT UP SPONSOR FUND

### Meeting on Swift Creek Malaria Project Yesterday

Some 502 land-owners affected by the proposed Swift Creek malaria project yesterday obligated themselves to make \$50,000 available as a sponsor's fund and to form a drainage district as provided by state statutes.

The action was taken at a meeting at Gardnersville, at which Congressman Lindsay C. Warren and Graham A. Barden, of the First and Third districts, respectively, attended and took part in the discussions. Federal and state officials of the WPA, which is making the project possible also were present.

The project will cost approximately \$250,000, it was estimated, the WPA to furnish all but the \$50,000 sponsor's fund.

Designed primarily as a malaria control project, it also will serve to benefit farm lands over a wide area. It is considered one of the most important WPA projects undertaken in the state. The project will benefit both Pitt and Craven counties, being located along the county line.

### Not So Fast, There.

London.—(AP)—An American couple attending the theatre for the first time the other evening almost committed a sacrilege. They started to leave after the final curtain before the orchestra played "God Save the King." The anthem, familiar to Americans because it's the same tune as "America," is played after every show while the audience stands at attention.

Harvard ranks first in number of alumni prominent in the theater with Columbia University second.

## Cancer Specialist Heard By Pitt Medical Society

An address by Dr. H. B. Ivey of Goldsboro, member of the State Medical Society Cancer committee, and the regular monthly report of Dr. N. Thomas Ennett, county health officer on the activities of his department during September, were features of the meeting last night of the Pitt County Medical Society.

Dr. Ivey addressed the Pitt county doctors on the subject of cancer, illustrating his subject with moving pictures. His address inaugurated an educational cancer campaign in the county, which the health officer suggested some time ago to the Medical Society, and which had immediately approved.

Dr. Ivey stressed the fact that practically all cancers are curable if discovered in time. He declared that 100,000 persons died from cancer in the United States last year and expressed the belief the vast majority of these deaths could have been prevented had the

## GIRL SCOUTS HOLD CONFAB WITH THEIR CHIEF

In the midst of presiding over the National Silver Jubilee convention of Girl Scouts in Savannah, Ga., Mrs. Herbert Hoover, wife of the former president, took time out for an informal chat with youthful members. During the convention she will retire as National president.

## 31.05 AVERAGE SET FOR WEEK

### More Than \$10,000,000 Paid Out Here This Year

Greenville Tobacco market sold 6,296,352 pounds of the golden weed during the five-day week ended with the close of sales yesterday afternoon. The leaf brought a total of \$1,954,741.44, to set an official average of \$31.05.

The heavy offerings and strong prices for the week brought the general average for the season up to \$28.57 per hundred pounds.

Offerings continue to run far ahead of an average of a million pounds a day, 41,008,416 pounds having been sold during the 37 days the market has been open this year. The offerings brought \$10,487,187.48 in setting the year's average of \$25.57.

Figures for last week—offerings, money paid out and average—were far ahead of those for the corresponding period a year ago when 5,319,626 pounds were sold during the five days for \$1,438,931.65, an average of \$27.05. This week's average was exactly four dollars higher per hundred pounds than that of the same week last year.

This year's offerings of more than 41,000,000 pounds compare with 28,162,838 up to the same date a year ago, and this year's average of \$25.57 exceeds the \$23.21 figure of last season by \$2.36 per hundred pounds.

The \$10,487,187.48 paid out so far this year by the Greenville market, compared with only \$6,536,765.12 paid farmers up to this date in 1936.

Offerings yesterday of 860,562 pounds sold for \$27,535.53, to set an official average of \$31.79 per hundredweight.

## Church To Celebrate Anniversary Oct. 24

The Rountree Christian church, about four miles west of Ayden, will celebrate the one hundred and tenth anniversary of its founding at appropriate ceremonies Sunday, October 24th.

The program will get under way with a roll call at 11 o'clock, followed by a historical sketch of the church by Rev. C. C. Ware. At 12 o'clock a dinner will be spread on the grounds, with the anniversary sermon to follow at 1:30 by Rev. J. R. Rountree.

## End in Sight For Community Fund

A total of \$3,814.40 has been received toward the Community Chest budget. Canvassers are expected to make final reports either today or tomorrow.

When a few scattered territories are completed it is certain that the goal set for the combined organizations will have been reached. With the end of the campaign in sight, Mr. Ryan requests that all canvassers turn in reports by Saturday noon.

With this program successfully out of the way, it is felt that Greenville will never again want to go back to the old practice of allowing individual organizations to make drives for funds. The better way has been selected.

## PROPOSE MEET OF TWO UNIONS

### CIO Suggests Move to Consider Peace Conference

Atlantic City, Oct. 15.—(AP)—The Committee for Industrial Organization proposed to the American Federation of Labor today that committees from both meet to consider further the possibility of peace conferences.

The CIO, in conference here, advised the Federation convention at Denver of its decision in a telegram which suggested a preliminary meeting be held in Washington the week of October 25.

The telegram said in part:

"Your telegram of October 14 in response to the telegram of the CIO that had suggested that a conference be held to obtain a unified labor movement, has been received and presented to the conference of the Committee for Industrial Organization now in session.

"The CIO is prepared to meet in conference on the basis set forth in its telegram heretofore mentioned. The proposal of the CIO included a suggested committee of 100 from each organization to afford full representation for the unions involved.

"However, the conference of the CIO has delegated a committee of 10 to meet with a committee from the American Federation of Labor to determine the number of representatives for each organization to attend the proposed conference and to fix a mutual satisfactory time and place for such proposed conference.

"It is suggested that this preliminary meeting be held in Washington during the week of October 25, 1937."

## GANG LEADER BURIED WITHOUT CEREMONY

Bangor, Maine, Oct. 15.—(AP)—Al Brady, Indiana-born gang leader, slain with a hatchman here in a Columbus Day gun battle with Federal agents, was buried today, unclaimed.

Aside from lowering the cheap wooden box which held the "half pint" killer's earthly remains into the ground there was "absolutely no ceremony," said the officiating undertaker.

Brady was buried in an isolated part of Mount Hope cemetery, city property, containing other unknown, unclaimed bodies. Bangor has no pauper's burying ground or so-called "potter's field."

Indiana relatives claimed the

## LOCAL MARKET ABOVE OTHERS

### September Average Leads All Big Selling Centers

The Federal-State Crop Reporting Service bulletin, issued this week, shows that the Greenville tobacco market led all other large auction centers in average price for sales during September.

In fact only three markets had an average for the period higher than that here and none of these sold as much as 5,000,000 pounds, compared with more than twenty million pounds for the local mart.

Greenville sold 21,302,152 pounds of the weed during the month for an average of \$22.58 per hundred pounds to lead the best in prices. The local center was second during the month in total offerings, being surpassed only by Wilson, which sold 24,495,880 pounds in September.

North Carolina's 164 tobacco warehouses sold 231,515,016 pounds of weed in September, 1937, as compared with 151,060,745 pounds auctioned in the 139 warehouses operating in the state in September, 1936; an increase of 80,454,271, or approximately 53 per cent.

The average September, 1937, price was 22.33 cents per pound, against an average of 21.91 in September, 1936, with the result that this September the farmers received approximately \$18,000,000 more this September than last; total receipts for the farmers, in round numbers, being \$1,700,000 to \$3,100,000.

All these figures and computations are based on the North Carolina Tobacco Warehouse sales report for September, issued by the Crop Reporting Service of the North Carolina Department of Agriculture.

## Men Sought After Attacking Woman

Laurinburg, Oct. 15.—(AP)—Officers scoured this section today for two white men, who they said, made a get-away last night after attacking and robbing Mrs. Irene Wright, 24, of Eastern Scotland county.

Deputy Sheriff Frank Todd said the woman was robbed of \$70 after the unidentified men stunned her by hitting on the head with a bottle.

She was not seriously injured.

A total of 138,220 persons were in jail in this country on January 1, 1935. The most prisoners any one state had was Illinois, with 10,748.

## Terrorism In Palestine Causes New Worries For Already Troubled World

### PLAN ATTEMPT AT MEDIATION

### Such a Course Mapped for Sino-Jap Crisis Parley

Hyde Park, N. Y., Oct. 15.—(AP)—President Roosevelt said in substance today an attempt at mediation of the Sino-Japanese conflict would be the first step considered by the conference at Brussels of the nine-power treaty signatories including the United States.

Asked at a press conference if mediation was a fair assumption to be drawn from his "fireside" radio speech last Tuesday night, the President remarked he had said so in so many words.

While refusing to comment on the stock market decline, he indicated he might have something to say on the subject in a general way in his message to the special and regular sessions of Congress.

Asked if the market developments were bothering him, he told his inquirer to wait and see his messages to the Congress.

He would not comment on the speech yesterday of Winthrop Aldrich, president of the Chase National Bank, blaming the drop in securities value on Federal regulation and urging revision of the capital gains and income surtax rates.

On the foreign situation he said it was sheer guesswork as to what the United States was going to do in the future.

Asked what would follow if mediation efforts in the Sino-Japanese undeclared war failed, he said this was an "if" question.

### Unearth Spoon Mould In Green Spring Park

The bottom half of an old brass spoon mould was found this morning in the Green Spring park, where workers are cleaning up the area in order to make it a modern recreation ground and park.

P. S. Corbett, superintendent of the project, brought the spoon to the city, where it caused much comment. The mould was of the table spoon size. It was used many years ago in making spoons at home.

### Second Scout Course Is Considered Success

The second session of the Scout Leaders' course held yesterday was considered a big success, with over twenty men present.

Informative and interesting talks were made by Vernon Schriest and Bill Draper, Scoutmasters from Rocky Mount. They spoke on "Troop Program Material" and "The Patrol Unit," respectively.

The next session will be Thursday evening, October 21st at 7:30. All Scouters in Pitt County are urged to be present.

### Hollywood Residents Vote On Special Tax

Whether or not the Hollywood-Cox school district will be added to the Chead district will be decided at an election in that area tomorrow.

Should the residents of the community favor the proposal, they will be taxed a maximum rate of 50 cents to help defray the expenses of the two units. At the present time the Hollywood-Cox district is not collecting any school taxes.

## Farm Groups Hold Rival Ideas For Crop Control

Raleigh, Oct. 15.—(AP)—Every true prosperity of North Carolina farmers, particularly cotton farmers, is the opinion that some form of control is essential to the continued prosperity of North Carolina farmers, particularly cotton farmers.

The Farm Bureau Federation officials contend that their present plan avoids the constitutional difficulties which tosses the original AAA into the discard. They point out that the bill they favor does not attempt to control production but only surpluses, and they call attention to consistent U. S. Supreme court rulings that anything that moves in interstate commerce may constitutionally be controlled.

The federation's plan is to tax only surpluses, not the basic allotments of farmers. Under the AAA a farmer who failed to sign an acreage reduction contract was taxed on his entire crop. Under the federation plan the farmer who failed to sign up would still be allowed his basic allotment free of penalty.

The State Department of Agriculture and the State College Extension division will endeavor to maintain a position of benevolent neutrality somewhere between the two groups, although Commissioner W. Kerr Scott has expressed

### Admits Slaying Two

Police at Lexington, Ky., quoted Rev. Miller O. Johnson (above), inter-denominational preacher, as confessing he killed his estranged wife and William Rue, an automobile salesman, when he found them together in his home. Officers said he declared, "I believe the Lord will forgive me."

## DOCK WORKERS STRIKE CALLED

### Ship Laborers From Wilmington South To Be Affected

Jacksonville, Fla., Oct. 15.—(AP)—V. E. Townsend, southern representative of the International Longshoremen's Association, said today "between 4,000 and 5,000" dock workers from Wilmington, N. C., south to Miami and up around the Gulf coast, would go on strike at midnight.

The longshoremen, he said, seek shorter hours, better pay, time and a half for overtime work, recognition of their union and new working agreement with shippers.

The general strike in southern ports was authorized at a meeting here yesterday. Tampa longshoremen decided to strike today, but those from other southern ports agreed to put their walkout in effect at midnight. About 1,200 dock workers quit in Tampa.

Townsend said the strike "has the full approval and support of the International Longshoremen's Association." The association is affiliated with the American Federation of Labor.

There will be "peaceful picketing" in all parts, he added.

## Mother Testifies In Behalf Of Son

Danbury, N. C., Oct. 15.—A frail 70-year-old mountain woman, after giving an eye-witness account of the killing, faced a cross examination today in the trial of her son, George C. Nelson, charged with killing his wife with a razor.

"He just took his razor and made two ticks and then kissed her and laid right down beside her and cut his own throat," his mother, Mrs. Fannie Nelson, said.

Nelson, his throat swathed in bandages, sat quietly through the testimony. The alleged slaying occurred a week ago yesterday.

## OFFICERS SHOT IN HOLY LAND

### Arab Unrest Grows As Britain Concentrates Efforts to Prevent Spread of Spanish War Into General European Conflict

(By THE ASSOCIATED PRESS) Terrorism in the Holy Land reaching an acute stage as the ambushed slaying of two British constables centered diplomatic attention today on another of the world's troubled spots.

Even as the British government was concentrating its efforts on preventing the Spanish civil war from spreading into a European conflagration, this latest manifestation of Arab unrest came from the Palestine territory, long the scene of Arab-Jewish conflict.

Constables Norman Harrison and Austin Malla were added to the list of dead, which already included four Arabs in the present disorder. A dozen Jews have been wounded in the last two days. In previous months the casualties mounted into the dozens.

In London the foreign office was making final preparations for the meeting tomorrow of the nine-power sub-committee of the 27-power non-intervention committee. This sub-committee will try again to work out a plan for withdrawal of foreigners fighting in the Spanish war.

The British and French, closely allied in trying to induce Premier Mussolini to call home Italian volunteers in the Spanish insurgent army in protecting their Mediterranean interests, were represented as determined to make no more concessions to Italy.

They were said to be anxious for a showdown on the volunteer question and resolved to stand for no more of Mussolini's "delaying tactics."

## State Inspectors Note Improvement In Mills Of State

### Two New Plants Completed, Additions Made at Four, and Improvements at Seven Others

Raleigh, Oct. 15.—Two new mills were completed and put into operation, additions were made to four, and improvements worthy of note were made at seven others during September, according to reports made to the Department of Labor by its inspectors.

The new mills were the Monroe Full-Fashioned Hosiery company at Monroe and Roger and Crawford company at Lincolnton.

Additions were made to the Hudson Hosiery Mill, Charlotte, to house a complete new department.

Two Burlington mills made additions. Sellers Hosiery Mills built an addition in which manufacture will soon be started of full-fashioned hosiery in addition to seamless hosiery. McEwen Knitting company has enlarged its plant and installed several new full-fashioned machines.

At Swepsonville Virginia Mills, Inc., built a new addition and installed improvement toilet facilities throughout its plant.

Other improvements noted by inspectors included:

Waring Glove Manufacturing Co., Conover, modern rest rooms equipped with modern fixtures.

Osage Manufacturing company, Bessemer City, new drinking water system for the benefit of employees.

Harriet Cotton Mills, Henderson, installation of five new ice-cooled drinking fountains and an additional fire escape at its Plant No. 1.

Standard Hosiery Mill, Alamance, installation of new machines in its seamless department, repainting of rest rooms.

E. M. Hold Plaid Works, Burlington, repainting toilets and installation of new toilet fixtures.

Johnston Laundry and Dry Cleaners, Smithfield, new drinking fountains.

### Millionaires Increase.

Berlin.—(AP)—The number of mark millionaires in Germany has grown by more than 90 per cent since the Nazi regime came into power. Statistics just published are for the year 1935, when the number of persons with taxable fortunes of one million marks (\$400,000) or more as given as 3,542. In 1931 there were only 2,324.

# Social and Personal

Miss Betsy Hobgood left this morning to spend the week-end with Miss Ernestine Hobgood, who is attending Meredith College in Raleigh.

Waine Scates, Jr., is spending the week-end in Raleigh.

Misses June C. Joyner and Frances Scates are in Raleigh attending the State Fair.

## Social Calendar

**SAURDAY**  
1:30 p. m.—Miss Marjorie Savage will be hostess at luncheon and bridge at the home of Mrs. E. B. Ferguson, honoring Miss Mattie Moye G. Lord, bride-elect.

### Honoring Mrs. Eugene Hamric.

On Thursday afternoon, Mrs. C. S. Forbes and Miss Mary Forbes most enjoyably entertained at bridge as a compliment to Mrs. Eugene Hamric, recent bride. The four tables were placed in a setting of dahlias, asters and cosmos.

Mrs. Ed Wilkerson, making high score, was awarded dusting powder, and Miss Ala Lee was given a double deck of cards for second high score. Miss Frances Morton, bride-elect, was remembered with silk hose. Mrs. Hamric, honor guest, was presented a silver vegetable dish.

At the conclusion of the games a delectable salad course was served. Mrs. Trason of Greensboro, Mrs. Hortense Moye, Mrs. W. L. Best and Mrs. E. E. Hamric were guests for refreshments. Mrs. Trason was remembered with a handkerchief.

**Hostess To Club.**  
Mrs. A. M. Moore delightfully entertained her bridge club on Thursday afternoon. Tables were placed in a setting of fall flowers. For high score, Mrs. L. W. Gaylord was given home-made pickles and Mrs. D. E. Jones was given home-made pickles for the visitor's table.

At the conclusion of the games Mrs. L. H. Bowling assisted the hostess in serving a tempting salad course.

**Leaves Hospital.**  
G. S. Porter of Chicod, returned home from Pitt General Hospital yesterday. Mr. Porter has been quite ill for several weeks.

**Reception And Shower.**  
A floating reception and shower given Wednesday, October 13th from 8:00 to 10:00 P. M., by Mesdames Leon Roberson of Bethel and L. B. Tucker at the home of the latter on Evans street, honoring Mr. and Mrs. Charles A. Rumley who were married October 9th. About sixty guests called during the evening.

Guests were welcomed at the front door and the receiving line was introduced by Mrs. L. B. Tucker and Mr. Leon Roberson.

Gifts were opened and put on display in the living room by Miss Blanche Stator.

From the receiving line guests were invited into the hall where punch was served by Miss Grace Smith and Mrs. Hattie Rountree. They were then requested to register by Miss Helen Bunch.

The dining room table was covered with an imported Irish cloth centered with an arrangement of roses and white candles in blue glass holders. Other fall cut flowers were arranged throughout the home.

Guests were invited into the dining room by Miss Susie Perkins and Vivian Wooten. Ice cream from a silver platter with cake and salted nuts were served by Mrs. Leon Smith and Mrs. Blanche Hill, assisted by Misses Perkins and Wooten.

Throughout the evening musical selections were rendered by J. N. Williams, Jr., pianist.

**Hostess To Contract Club.**  
Grifton, Oct. 15.—Mrs. Cecil Cobb was hostess to members of her contract club at supper and bridge on Tuesday night at 7 o'clock.

The home was decorated with bows of marigolds and yellow cosmos, carrying out the approaching Halloween season. On arrival guests found their places by Halloween taffies and a two-course supper was served.

After supper bridge was played progressively at three tables. The high score awards, first and second high, went to Mrs. Henry Oglesby and Mrs. R. A. Nelson. Scoring high among the men were Brown Hodges and R. A. Nelson. The honor prize was held by Henry Oglesby.

Guests included Mr. and Mrs. Oglesby, Mr. and Mrs. Nelson, Mr.

and Mrs. Hodges, Mr. and Mrs. Ivan Bissette, Mrs. George Sugg and Miss Jean Harvey.

**Mrs. Smith Entertains.**  
Grifton, Oct. 15.—Mrs. Johnnie Smith entertained at a delightful party on Thursday evening at her home here. Guests were invited for 7:45 o'clock and found their places at the four tables arranged for bridge, in a lovely setting of red and bronze dahlias.

Mrs. Robert Mewborn had the high score and the honor prize also. She was awarded a baking dish and a novelty bedside candleholder. Mrs. Henry Oglesby, a bride of the summer, was presented a shoe bag.

During the refreshment hour Mrs. Smith served a delicious concoction of sandwiches, coffee and mints.

Making up the tables were Mrs. Mewborn, Mrs. Oglesby, Mrs. H. P. Quinerly, Mrs. R. A. Nelson, Mrs. Ivan Bissette, Mrs. Vance Wall, Mrs. Eleanor Gower, Mrs. Jack Tucker, Mrs. Bryan Davis, Mrs. J. S. Chapman, Mrs. L. L. Mewborn, Miss Jean Harvey, Miss Bertha Johnson, Miss Marie Chapman, Miss Louise Mewborn.

## County School News

**Arthur School News**  
The regular meeting of the Arthur School P. T. A. was held Tuesday evening in the school auditorium with the president, Mrs. G. T. Tyson, presiding.

After a short devotional conducted by Mrs. Moses Tyson, we had an enthusiastic business meeting in which several ways were discussed as to how the association could help the school make some money to purchase some much needed school equipment. It was decided to cancel a play which was to be furnished and coached by one of the Play-makers Companies and to give a play coached with local talent. It was also decided to have a tobacco shower for the school this week and a baby contest at the Halloween party October 29th.

The association voted to give the school one hundred dollars which they had in the treasury to purchase new library books with. This money will be matched by an additional hundred dollars from the state.

A collection was taken up to pay for an emergency kit which was purchased last month.

Mr. Webster, our new principal, told us some of the needs of our school and how we would help to make the high school an accredited one.

The attendance prize went to the sixth grade.

We had just a short program which consisted of some songs by the primary grades and a talk by

Batrice Nichols on a trip—the 10th and 11th grades made to Raleigh. We have one extra teacher this year and Mr. Webster said we stood a chance of getting another, so let's try to keep up the average daily attendance.

We are glad to report another truck for the school which relieves a very congested condition on one of the routes.

Miss Julia Carson of East Carolina Teachers College, is the new seventh grade teacher.

The juniors and seniors spent a delightful and interesting day in Raleigh on October 7. They visited government buildings, WPTF studio, the high school, "Dix Hill," and numerous other places of interest. The senior teacher, Miss Brown accompanied the juniors and seniors.

The standards of the school are gradually being raised.

Mr. Conley has recently given the school a new typewriter.

The new mimeograph machine is a credit to our school.

The Arthur school is the largest it has ever been.

New art materials for the grades have just arrived.

Construction of new school toilets will begin soon.

There's a possibility of an enlargement of our school building. If you want a finer school, get behind this issue and push.

We have plenty of playground space, but we need some help from school friends to put it in shape. We need a helping hand in plowing and leveling.

Soon students will be asked to bring a bundle or so of good tobacco for P. T. A. book fund.

We predict a great success for our P. T. A. play. Make your plans now to attend.

**Lafayette Minstrel At Belvoir.**  
Friday, October 15th, at 8 o'clock p. m., the Lafayette Minstrel will be presented at Belvoir. This is the first student entertainment to be given this year at the Belvoir high school.

The cast, which is headed by Charles F. Wildman, the interlocutor, is a peppy outfit, and it is expected to bring a great many laughs from the audience. Besides the minstrel with its jokes, music and dancing, there will be three short skits which promise added enjoyment.

The characters were selected from the teachers and students, and have had a lot of experience in this type of entertainment. So be sure to come and bring your friends to an additional source of fun. The public is urged to attend and to help make this first entertainment really successful.

**WE GUARANTEE WATCH REPAIRING—JEWELRY REPAIRING LAUTARES' Engraving—Reasonable Price**

## DR. MEADOWS HEARD AT ECTC

### President Delivers First Address At Chapel Service

President Leon R. Meadows made his first chapel talk of the year at the College chapel service this morning, using as his theme the one word, "Environment."

Admitting the importance of heredity, President Meadows said that he nevertheless wished to speak of the importance of environment. He defined "heredity" as that which the Lord gives us to help ourselves along with, and "environment" as that by which we help ourselves.

First, we can change or make over our environment. The speaker illustrated this by changes made in a run-down farm completely made over, and said that a person can even change his environment in his profession by helping to make the ideals of the profession.

We can change out mental environment, also, through new contacts with books and people.

Then, our environment can change us, as physical surroundings have changed the color of the arctic fox and the polar bear.

"A freshman," said Dr. Meadows, "is really made over by the environment in which he lives during his four years on college."

"We can change our environment if we want to, but our environment will change us whether we want it to or not."

Dr. Meadows closed by telling of the comment of a visitor at the College last year: "I have visited every teacher college in America and most of the large institutions of the country, and have not seen so fine a spirit anywhere else as I have found on this campus."

He linked this with a reminder of some of the things that might help undermine this spirit on the campus, first, to guard the changed physical environment, that is, the newly painted walls and floors, and keep them clean and beautiful; and to cultivate contacts with the faculty here, so that their mental environment may be made over by growth and development in the fine way.

## State Department Of Labor Staffed With Inspectors

State Divided Into Seven Districts With Experts Named for Various Departments in Each

Reflector Bureau.  
Raleigh, Oct. 15.—The division of standards and inspection, Labor Department, is now better staffed than ever before in its history, according to Major A. L. Fletcher, Labor Commissioner.

The division now has seven industrial inspectors, two boiler inspectors, one elevator inspector, one quarry inspector and a woman inspector to deal with child labor and the employment of women in industry.

The state has been divided into seven inspection districts with inspection work in each of these districts in charge of trained inspectors who have headquarters centrally located in the district, giving expert instructions concerning the provisions of the state labor laws and safety regulations for the improvement of general working conditions.

Each district inspector will be in his office at headquarters each Saturday morning and may be reached there for consultation and information concerning the provisions of the law of any special problem which may arise.

The Department has announced that it is anxious for both employers and employees to communicate with these inspectors at any time they may be of assistance to them.

**THE CUTEST CLOTHES IN TOWN WILL BE FOUND AT THE VANITIE BOXE**

**Lazy, bored, grouchy you may feel this way as a result of constipation**

Constipation is an enemy of pleasure. It dulls your enjoyment of the best entertainment and the best friends.

To neglect constipation is to invite serious trouble. For your health's sake, take Black-Draught at the first sign of constipation. You'll soon feel better.

Here's a laxative that is purely vegetable, prompt, and reliable. Try it!

**Black-Draught A GOOD LAXATIVE**

**GET DUO-THERM "REGULATED" OIL HEAT**

**ONLY \$57.50**

**SPECIAL "WASTE-STOPPER"**—Prevents heat from rushing up the chimney, sends more heat into your home. Saves oil!

**HEAT GUIDES**—Circulate the heat evenly. No cold spots.

**FULL FLOATING FLAME**—Licks lazily against the sides of the heater, circulates more heat into the house.

Duo-Therm heaters are SAFE... listed as standard by the Underwriters' Laboratories. Let us show you the new Duo-Therm oil-burning circulating heaters. There are eight models—three finishes.

## Baptists Have Habit of Upsetting Carolina Team

Chapel Hill, Oct. 15.—A 49-year-old rivalry chocked full of close, thrilling and colorful games will be renewed Saturday when Carolina and Wake Forest football teams clash in the Baptists' Homecoming game. The contest, 33rd between the two institutions, will start at 2:30.

Carolina has wide edge in number of victories, but the majority of the games have been bitterly contested.

Since 1927 the Tar Heels have won eight of nine contests. The 1932 game ended in a scoreless tie.

But Tar Heel alumni and supporters recall vividly the four-year Deacon reign from 1924 to 1927. Four of Wake Forest's victories came during this span, and on each occasion the Tar Heels ruled victories to win.

In 1924 the Deacons won 7 to 6. Murray Greason, now varsity football coach at Wake Forest, dashed off tackle for 70 yards and scored in the first quarter. Quarterback Ellerby placekicked the goal. The Deacons clinched the contest there. They checked three Tar Heel drives and broke through to smear the extra point on Carolina's single touchdown in the second quarter.

## Wade to Meet Second Unbeaten Eleven in Succession

Durham, Oct. 15.—Duke's Blue Devils will entrain here tonight for Atlanta, Ga., where on Saturday they will go against Georgia Tech's undefeated, untied, unscorced on Golden Tornado—the second team in a row with a perfect record that the Wademen have faced.

The trip is being made as an over-night jaunt due to the fact that the Blue Devils will be on the road for the following two weeks and Coach Wade does not want them to miss any more classes than necessary.

Although they were slow to recover from their battle with Tennessee, the Blue Devils showed a bit more snap and pep in practices of the past two days and the Duke mentors are hopeful that they will be ready to put up another fight and spirit if they expect to stay on the same field with the Tech boys.

A host of Duke followers had left or were leaving tonight for the scene of the clash. They figured that Duke's showing against the Jackets depended entirely on whether the boys would come back fast enough from the game with Tennessee.

If they were back at top speed, followers looked for a great game, otherwise a decisive victory for the Golden Tornado.

The Blue Devils are in good

## Doc Newton Has Put In Much Work On State Eleven

Raleigh, Oct. 15.—Doc Newton, coach of the State College Wolfpack, has done many things in the Pack camp this week to sharpen offensive and defensive weapons. State will use here Saturday night in its game with Virginia Tech in Riddick Stadium.

The most drastic maneuver was the shattering of what has been the first team and the creating of two teams which Newton considers of equal strength.

Perhaps neither of the new teams has as much power as the old first club, but Newton believes that State will get further with two teams of almost equal strength than with one team dependent upon irregular substitutions.

The second most noticeable change was the splitting of the Eddie Berlinski-Art Rooney, backfield combination, one of the best in the nation. In all past games these two have worked together in the same backfield, alternating at the tailback, the threat back position.

The tailback does practically all the running, passing, and punting and Newton said that with Berlinski and Rooney working in the same backfield, State was losing much of its offensive power. Only one could be at the tailback post at the time. In different backfields each can occupy a coveted position.

Newton says the two-team idea may not work, but that he is going to give it thorough testing on Saturday night.

The State coach says the Pack will need two teams to battle Virginia Tech as the Virginians are coming to Raleigh prepared to upset State as they have done on many previous occasions.

## Final Preparations Made For Belmont Abbey Game

Light drills were the order of the day at Coach Alexander's camp as he made final preparations for the game with Belmont Abbey here tomorrow afternoon. The drills included running attacks and kicking, which, according to Coach Alexander, "the boys need much working on."

The game will mark the third of the season for the Pirates, having lost the first two games by slight margins. However, with these two games out of the way, Coach Alexander is determined more than ever to turn back the Belmont boys, and give them their first defeat of the season.

The game tomorrow will be played at the College athletic field and the kickoff will be at 2:30 o'clock.

The probable starting lineup for the Pirates, as announced by Coach Alexander this afternoon, is as follows:

Left end, Johnson; left tackle, Martin; left guard, Glover; center, Coetz; right guard, DeMond; right tackle, Purnell; right end, Hatem; quarterback, Ferebee; halfbacks, Shelton and Noe; fullback, Duda.

## BUTCHER TAKES THE CAKE AS COLLECTOR

London (AP)—William Webb, a butcher of Worthing, a coast resort, put this notice in his window:

"This business has been compelled to close owing to bad debts. A list will shortly be shown giving names and amounts owing. Right away the money began to roll in."

shape for the game with the exception of Elmore Hackney, the Durham Dasher and veteran quarterback to sustained two injuries in his brilliant game against Tennessee. He will be ready to play but is not expected to be at top speed.

In addition to the fact that they will be facing a team that has tallied 119 points to their opponents none in three games, the Blue Devils will also be fighting the "jinx" of never having beaten Tech in Atlanta. The Jackets won the '33 and '35 games by scores of 6 to 0. Duke has won the two games played in Durham.

Leaving with the team tonight will be Duke's 90-piece band which will have a part in the half-time doings at the game tomorrow.

### SHORT SHOTS

By HENRY AVERILL

Reflector Bureau.  
Raleigh, Oct. 15.—First editorials  
on the subject of Frank Hancock's  
announced opposition to Robert R.  
Reynolds appear to be more favor-  
able to the candidacy and chances  
of the Fifth District congressman  
than might have been expected.

Numerous papers throughout the  
state have all but taken a flat-foot-  
ed stand in favor of Mr. Hancock,  
while others not quite so outspoken  
thus early in the game have con-  
ceded him more than an outside  
chance in his race.

Senator Reynolds thus far has  
not given the Hancock candidacy  
the honor of serious comment, con-  
tending himself with the expres-  
sion that it will give him "exercise."

Judging from the tone of news-  
paper comment, there is some dan-  
ger (speaking from the Reynolds  
viewpoint) that the incumbent will  
find that all he will get from the  
campaign is "exercise."

NCSES News, mimeographed or-  
gan of the North Carolina State  
Employment Service does more than  
give statistical data on the number  
of applicants for positions and on  
the placements made by its offices.  
The sheet contains brief interest-  
ing items from the various offices  
as well as review of books dealing  
with the unemployment problem  
and, in its most recent issue, a de-  
tailed discussion of the Employment  
Exchange Service of Great Britain.

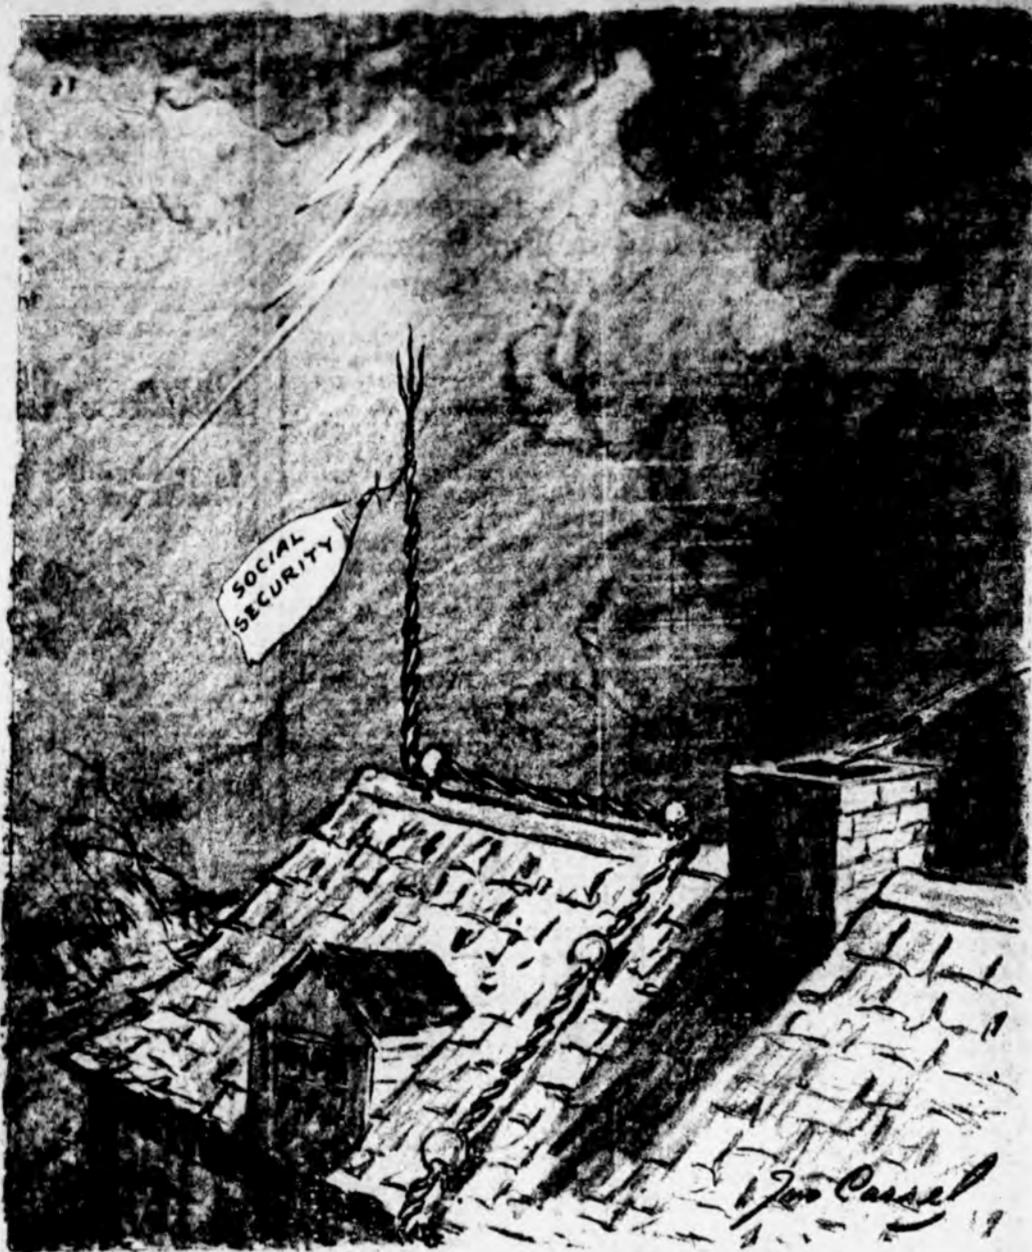

E. F. Arnold, secretary of the  
North Carolina Farm Bureau Fed-  
eration, expects a big attendance  
at the Winston-Salem meeting of  
the Senate Agriculture sub-commi-  
tee Monday of next week.

Jones county is sending at least  
eight carloads of farmers; Greene

### Beware Coughs from common colds That Hang On

No matter how many medicines  
you have tried for your cough, chest  
cold, or bronchial irritation, you can  
get relief now with Creomulsion.  
Serious trouble may be brewing and  
you cannot afford to take a chance  
with any remedy less potent than  
Creomulsion, which goes right to  
the seat of the trouble and aids na-  
ture to soothe and heal the inflamed  
mucous membranes and to loosen  
and expel the germ-laden phlegm.  
Even if other remedies have failed,  
don't be discouraged, try Creomul-  
sion. Your druggist is authorized to  
refund your money if you are not  
thoroughly satisfied with the bene-  
fits obtained from the very first  
bottle. Creomulsion is one word—not  
two, and it has no hyphen in it.  
Ask for it plainly, see that the name  
on the bottle is Creomulsion, and  
you'll get the genuine product and  
the relief you want. (Adv.)

### TO LESSEN LIFE'S HAZARDS!

county, ten; Pitt at least as many,  
he said.

"In all, there should be at least  
1,500 farmers from the eastern part  
of the state alone," he said.

Capus M. Waynick, director of  
the division of purchase and con-  
tract, has sent out notice that bids  
will be received at 10 a. m., October  
21, on a number of materials to be  
used by the state, including caulking  
compound, furniture polish,  
electric motors, fuses, fire extin-  
guishers, corrugated metal pipe,  
crescoted lumber, windshield wipers,  
gasoline, and pinto beans.

The State Fair enjoyed unusually  
fine weather for its first day, med-  
ium weather its second and then  
ran into a streak of very, very bad  
luck, as it turned cold and wintry  
wind began to blow sheets of icy  
rain hither and yon.

Manager J. S. Dorton and his  
aides have something out at the  
Fair grounds. In the opinion of  
those who have been out to see the  
shindig.

The grandstand acts are far above  
average, in quality and in the num-  
ber of features presented. Exhibits  
are at least up to usual standard.

The Midway is worse than medi-  
ocre, with some shows that ought  
to be closed in the name of public  
decency. They are not suggestive,  
they are positively filthy and worth-  
less.

**Sharps To Help Nazis.**  
Hamburg — (AP)—To overcome  
the shortage of the finer leather  
used for women's foot gear and  
handbags, which has resulted from  
the throttling of imports under the  
four-year plan of self-sufficiency, a  
fishing company has been formed  
here to catch sharks in the West  
Indies and process the skins and  
blubber into leather and oil.

### RE-SALE OF LAND BY COMMISSIONERS

By virtue of a decree of the Su-  
preme Court of Pitt County, in a  
Special Proceeding entitled "H. L.  
Andrews et al. vs. Theo. Andrews  
et al.," ordering a re-sale of the  
lands hereinafter described, the  
undersigned Commissioners will on  
Monday, the

1st day of November, 1937  
at 12 o'clock, Noon,

before the Courthouse Door in  
Greenville, N. C., expose to public  
sale the following described land:

1ST TRACT: Lying and being in  
Bethel Township, Pitt County, N.

C., beginning at an iron stake in  
feet to another turn in the ditch;  
the South side of the old Bethel  
and Parmele Road, a corner be-  
tween Lots 1 and 2, and running  
thence South 11 degrees 10 minutes  
East, the dividing line between Lots  
1 and 2, 805 feet to an iron stake  
on the edge of the field or cleared  
land; thence South 11 degrees 30  
minutes West, the dividing line be-  
tween Lots 1 and 2, 1392 feet to a  
stake in the line of H. V. Staton, a  
W. H. Carson and the Andrews  
corner between Lots 1 and 2; thence  
South 84 degrees 45 Minutes East  
87 degrees 20 minutes West 791 feet  
874 feet to a stake in W. H. Car-  
son's line; thence North 1 degree 30  
minutes East 550 feet to a stake;  
thence 7 degrees 30 minutes West  
187 feet to a turn in the ditch;  
thence North 4 degrees West 123

feet to another turn in the ditch;  
thence 9 degrees West 119 feet to a  
turn in the ditch; thence North 12  
degrees 30 minutes West 135 feet  
to a turn in the ditch; thence North  
11 degrees 30 minutes East 216 feet  
to a turn in the ditch; thence North  
2 degrees East 435 feet to a turn  
in the ditch; thence North 2 degrees  
West 306 feet to a bridge across  
said public road, a corner between  
stake in the line of H. V. Staton, a  
W. H. Carson and the Andrews  
corner between Lots 1 and 2; thence  
South 84 degrees 45 Minutes East  
87 degrees 20 minutes West 791 feet  
874 feet to a stake in W. H. Car-  
son's line; thence North 1 degree 30  
minutes East 550 feet to a stake;  
thence 7 degrees 30 minutes West  
187 feet to a turn in the ditch;  
thence North 4 degrees West 123

TRY A REFLECTOR WANT AD TODAY!

## GENTLEMEN, WE GIVE YOU THE MOST MODERN CHASSIS IN THE WORLD

**Under the new beauty of Buick, modern engineering makes history, co-starring the DYNAFLASH ENGINE and TORQUE-FREE SPRINGING**

**WHAT HAPPENS** inside the 1938 Buick engine happens nowhere else in the world. That is not advertising language, it is cold-steel engineering fact. Speeding through the raceways of the intake manifold, the fuel mixture vapor hurricanes into the cylinders at speeds around 250 miles an hour. As it sweeps past streamline valve contours, a scientifically designed Turbulator, built into the piston face, flings it into airswirls of terrific turbulence.

The spark that leaps through that compact storm-center sets off a flashing cyclone of power, exploding with tornadic force!

Sitting in the driver's seat you become aware of power that is livelier and more brilliant because gasoline is giving up more performance than it ever gave up to motorists before!

TO MATCH this incomparable stride, Buick engineers now give you a kind of springing you will likewise find on no other car in the world. Poised on jarless coils of easy-flexing steel, Buick floats free of bobble, jar, chatter, jounce. The car will not over-steer or under-steer—skidding, even on icy highways, is blessedly reduced.

Rear tires no longer scuff half their life away through power-wasting wheel-slip. Through winter and summer, without need of grease and without "seize" from rust, dirt, water or ice, springs keep their gentle, even cushioning for the life of the car.

YES, IT IS a great story, the story of these twin engineering triumphs in the 1938 Buick. So great a story that it obscures half a score of other advances, themselves enough to make any car a wonderful buy. We invite you to learn more about them this week at any Buick show-room.

places, such as temporary lunch counters, hot dog stands, etc.

"The monthly State Orthopedic Clinic held the first Friday in each month in the offices of the local Health Department, continues to grow in popularity. This clinic was opened in July of last year with an attendance of seven patients. It has grown from month to month and at the last clinic, Friday Oct. 1st, the attendance reached the highest mark in the history of the clinic, there being a total of 31 patients."

The estimated world production of gold is steadily increasing. It was \$404,969,000 in 1929, and \$1,044,627,000 in 1935.

**Helps PREVENT COLDS**

Specially designed for the nose and upper throat, where 3 out of 4 colds start. Use it at the first sneeze.

**VICKS VA-TRO-NOL**

American investors receive more money in interest than in dividends: \$3,698,183.755 against \$2,128,762,000 in 1934.

WARMTH as you want it!

Every member of your family will find Florence a "warm friend." For these famous oil-burning heaters are bringing a new standard of winter comfort to thousands of happy homes.

In the broad Florence line you will find a model for every need and pocketbook, an unusually wide range of heating capacities. See the powerful new flue-connected Circulating and Radiant Heaters with sleeve type or pot type burners, and the popular Cabinet Heaters with wickless kerosene burners that require no flue.

A reliable Florence Dealer is ready to help you. See him now; ask about the Florence Budget Plan. Or write for free copy of big illustrated booklet showing beautiful oil ranges and modern oil-burning heaters. Florence Stove Company, 53 Alabama Street, S. W., Atlanta, Ga.
