DANGERS SEEN IN FARM BILL BY OKLAHOMAN

Asserts Measure Will
Cause More Strife
Than KKK

URGES PAYMENTS
ON HOME USE

Sen. Copeland Says
Peace Between Gov-
ernment and Admin-
istration Pressing

Washington, Dec. 9.—
(AP)—Senator Lee (D-
Okla.) told the Senate today
the pending farm bill would
cause "more strife than the
Ku Klux Klan."

"We will be splitting
committees wide open," Lee
shouted.

He urged payment to farmers on
that share of their crop consumed
in this country as a substitute for
acreage reduction.

Lee said the restriction under the
"ever-normal granary" cotton sec-
tion would force small cotton farm-
ers to compete with "the hot-
tents, the coolies, the lowest type of
labor in India."

Before the Senate debate began,
the House, with less than half of its
members present, voted a proposal
to permit the Secretary of Agricul-
ture to permit market quotas on
corn when national supplies pile up
to 2,500,000 bushels. The recorded
vote was 78 to 59.

The House farm bill, as it now
stands, would authorize invoking
the quota when supplies reach 2-
300,000 bushels.

Debate opened meanwhile in the
Senate by a declaration by Sena-
tor Copeland (D-N. C.) that "peace
between business and the adminis-
tration" was far more important
than the pending farm bill.

Copeland opposed the "ever-nor-
mal granary" measure, but said, "I
know the ways are greased. There
isn't any doubt about this in pass-
ing."

Other developments:
Representative Eilenbogen (D-
Pa.) introduced a bill to increase
this year's relief appropriation from
\$1,500,000,000 to \$2,000,000,000.

Chairman Summers (D-Tex.)
said the House Judiciary Committee
would consider recommending a con-
stitutional amendment to permit
federal taxation of salaries of state
and municipal employees and of in-
terest now tax exempt on federal,
state and municipal securities.

Railroads Seeking To Increase Rates

Washington, Dec. 9.—(AP)—The
Association of American Railroads
today asked the Interstate Com-
merce Commission for an immedi-
ate increase in freight rates and
passenger fares.

A motion was made by R. V.
Fisher, general counsel of the as-
sociation, during arguments on the
carriers' petition for a 15 per cent
flat increase in freight rates and
an increase from two to two and
half cents per mile in passenger
fares in the Eastern territory.

Frank Park Reports On Tennessee Market

A telegram received late yester-
day afternoon from Frank M. Park
Jr., assistant sales supervisor of
the Greenville market, declared
that the Carthage, Tenn., market
open with offerings of approximately
45,000 pounds during the first
hour and a half bringing an un-
official average of \$22.50. Top prices
were said to have been 39 cents.

Merchants to Decide On Opening Nights

There has been discussion of the
opening for the first night for the
Christmas shopping, and a meeting
has been called by L. A. Stroud,
president of the Merchants Assoc-
iation to discuss and decide upon
same.

This meeting has been called for
Friday morning at 10 o'clock and
will last only 30 minutes.

SNOW-LADEN GALE LOCKS STREETS OF BUFFALO

Here's how many streets in Buffalo, N. Y., appeared during the worst December snow storm in ten years which suddenly blew in from Lake Erie on winds of gale force. A foot of snow fell in 24 hours and the terrific wind piled it in deep drifts. Street traffic was paralyzed for a time.

FARMERS PAID HIGHER INCOME

Total for 10-Month
Period Estimated at
\$7,087,000,000

Washington, Dec. 9.—(AP)—The
Bureau of Agricultural Economics
estimated today the cash income of
American farmers during the first
10 months of 1937 was approximat-
ely \$7,087,000,000 above income for the
same period last year.

It estimated the total income, in-
cluding government payments, at
\$7,087,000,000 this year and \$6,336-
000,000 last year.

October income was placed at
\$911,000,000 this year and \$904-
000,000 last year.

The Bureau said November and
December income might not equal
those of the same months last year
because of lower prices and small-
er marketing of some major com-
modities.

Estimates for states for the 10-
month period this year and last
year, respectively, included North Caro-
lina, \$188,523,000 and \$133,374,000.

Other developments:
Representative Eilenbogen (D-
Pa.) introduced a bill to increase
this year's relief appropriation from
\$1,500,000,000 to \$2,000,000,000.

White Man Jailed Here For Forgery

Chief of Police George Clark re-
vealed today that Frank Hudson,
a white man, is being held in jail
on a charge of forgery and will be
given a preliminary hearing in City
Police court Saturday morning.

Hudson is charged with forging
the name of G. W. Peed to a check
for \$1200 and to have had it cashed
at Young's store. According to
Chief Clark, Hudson forged the
name, took the check to the store,
purloined some clothes, and tend-
ered the check in payment.

The clothes and money paid Hud-
son have been found by local offi-
cers. Hudson is said to have come
to Greenville from Durham, but
Chief Clark described him as an
itinerant.

Additional Buyers Of Christmas Seal Bonds

Mrs. J. H. B. Moore, announced
today the following additional bond
buyers in the Christmas Seal Sale
campaign:

Rufus Kree \$5, Greenville Tobac-
co Board of Trade \$5, J. W. Over-
ton \$5, Dr. N. T. Ennett \$5, Howard
Hodges \$5, S. T. White \$10, W. B.
Conart and Son \$10.

In expressing her appreciation
for the fine support given in the
Seal Sale this year, Mrs. Moore
remarked that she felt that the
citizens in general were at last be-
ginning to realize the gravity of
our tuberculosis problem.

American Couple Missing In Russia

Moscow, Dec. 9.—(AP)—The mys-
terious disappearance of an Ameri-
can couple, who were named as
Mr. and Mrs. Donald Robinson of
New York, was reported today to
the United States Embassy.

The disappearance was reported
under circumstances which investi-
gators found baffling. Acquaint-
ances learned last night that Rob-
inson was missing. Mrs. Robinson
told them her husband disappeared
December 2, but she was not alarm-
ed.

Officials at the hotel where they
were staying had told her, she said

German Admits Slaying Pretty Brooklyn Dancer

Body Found Buried
Under Porch in Ver-
sailles, France

Versailles, France, Dec. 9.—The
body of pretty 22 year old Jean de
Koven, Brooklyn dancer missing
since last July, was found today
buried under the porch of a St. Cloud
Villa, to which police were
directed by a 29 year old German.

The German, police said confessed
slaying her and four men be-
cause he needed money.

The police said the confessed
slayer was Eugene Feidmann, who
had come to France to escape Ger-
man military service. He led inves-
tigators to the Villa outside Paris,
saying that two of his men victims
also were buried there.

Weidmann was arrested yester-
day after a gun fight with police.
He admitted the slayings, police
said, after long questioning.

It was the discovery of a rental
agent's body in a cellar of the Vil-
la that put authorities on the trail
of a German who had made an
appointment with the agent.

Detectives finally located Weid-
mann and three officers were dis-
patched to arrest him.

"I shot him because I needed
money," Weidmann was quoted.
After a night of questioning at
police headquarters, police asked
the prisoner "who else have you
killed?"

Then, the investigators said, Weid-
mann wrote the name of the dan-
cer on a scrap of paper.

Dr. Wooten Named Association Head

Virginia Beach, Va. Dec. 9.—(AP)—
The Seaboard Medical Association
of Virginia and North Carolina
installed Dr. W. I. Wooten of
Greenville, N. C., as president today
before its 42nd annual meeting.

Other new officers included Dr.
G. B. Woodard of Wilson, N. C.
Greenville was chosen as the site of
the 1938 meeting in a three-day con-
test with Wilmington and Golds-
boro.

Brown Laboratories Suffers Fire Damage

Damage estimated at approxi-
mately \$100 was caused by fire at
the Brown laboratories about noon
today thought to have been caused
by an overheated stove.

Chief George Gardner of the
fire department declared most of
the damage was caused by smoke.
He said the stove evidently got too
hot and set fire to a partition.

It was the first fire of the month
for Greenville.

TO JOIN IN POLITICS IN DEFENSE OF RIGHTS

Harrisburg, Pa., Dec. 9.—A
group of Amishmen and Men-
nonites today broke a 161-year
old precedent by proposing to
join with "all independent
groups of citizens" in forming
a statewide farmer-labor party.

A statement signed by 13
members of the two religious
faiths said that for 161 years
the Amish and Mennonite tax
payers "had considered politics
beneath the dignity and of lit-
tle concern to their independ-

ent debt-free citizens. But polit-
ically controlled officials have
during the past 18 months im-
posed taxation without represen-
tation and ruthlessly inter-
fered with our religious ob-
servances."

The statement referred to the
new consolidated school bill
near Lancaster, Pa., to which
the two groups objected. They
proposed in their statement a
ticket of candidates for state
and district offices which will
be filled next year.

BLAZE CLAIMS NINE VICTIMS AT KNOXVILLE

Seven Children Burn-
ed to Death in Ten-
ement Fire

BUILDING SAID TO
HAVE BEEN TRAP

Twenty-Three Occu-
pants, many of Them
Children, Jumped or
Ran to Safety

Knoxville, Tenn., Dec. 9.
—(AP)—Firemen dug the
bodies of nine victims, seven
of them children, from the
ruins of a flame-razed tenement
house early today.

The long search failed to reveal
any other victims in the old two-
story structure, described by fire
chief C. M. Johnson as a "fire
trap."

Fire swept the building shortly
after midnight and trapped 21
victims as they lay asleep. Twenty
two other occupants, most of them
children, ran or jumped to safety.

—orden Pate said from a hospital
bed that he escaped by jumping
from a second story window, suf-
fering only minor bruises and
snocks.

"The others were to have follow-
ed me," he sobbed. "I jumped and
thought they were coming out, but
they did not. They must have been
trapped before they could get to
the window."

McKinley Connaster, husband and
father of four victims, seized his
five months old son and jumped
from a second story window.

"I screamed for my wife to fol-
low me, but she could not get to
the window with the other children
I suppose," Connaster said. "I kept
waiting for them to jump. It was
terrible."

Chief Johnson said the building
had been condemned recently as a
"fire trap and that" all the families
had been warned to move. He
said the flames were out of con-
trol when firemen arrived.

Still Destroyed In Belvoir Township

Pitt county ABC officers, work-
ing with Moses Tyson, constable of
Belvoir township, yesterday after-
noon added another still to the
long list of those destroyed during
the past several months.

Special officers J. M. Ward and
J. L. Taylor and Constable Tyson
located the still in Belvoir town-
ship about 4 o'clock yesterday af-
ternoon. It was not in operation at
the time, but signs about the plant
indicated it was prepared to make
a run and the officers concealed
themselves in the woods and wait-
ed.

About 7 o'clock the still was start-
ed and the officers raided the
place and captured Henry Peaden,
white man about 60 years old.

The plant was of the copper
type and had a capacity of 50 gal-
lons. In addition to destroying the
still, the officers poured out 300
gallons of beer found at the plant.

BIRTHPLACE OF GEORGE III TO BE APARTMENT HOUSE

London (AP)—Norfolk House,
town house of the Dukes of Norfolk
since the 17th century, is giving
way to London's current craze for
streamlined flats.

The present Duke of Norfolk, who
has used the house only for cor-
onation occasions as hereditary earl
marshal, has sold the mansion to
a firm of contractors. Modernistic
apartments with curved glass win-
dows and the best of what London
calls central heating probably will
take its place.

The price was not announced,
but the Duke, in 1930, withdrew the
house from auction when a bid of
\$1,250,000 was reached.

George III, against whom the
American colonies revolted, was born
in a back room in Norfolk House
in June, 1738.

The proportion of alcohol in
beer varies from 2 1/2 to 7 per cent.

Believed Drowned

Mrs. Sarah Flavin (above), wife
of Marvin Flavin, the Pulitzer
playwright, disappeared near
Carmel, Calif., and discovery of
her canvas shoe in the surf led
officers to believe she accident-
ally fell from a cliff into the
Pacific and was carried out to
sea by the tide. This picture
was taken when she was a fly-
ing student at Los Angeles a
few years ago.

10 FATALITIES DURING MONTH

Fifty-Four Others In-
jured in Highway
Accidents

Ten persons were killed on high
ways patrolled by Troop A of the
State Highway Patrol last month,
compared with 12 the previous
month, the report of the command-
ing officer, Lieut. Lester Jones, re-
vealed today.

The 10 fatalities resulted from 82
accidents, in which an additional
54 persons were injured. During
October, the patrolmen investigat-
ed 88 accidents, in which 60 per-
sons, other than those fatally in-
jured, were hurt.

A total of 480 arrests was made
during November by the combined
force, 76 of the defendants being
charged with driving while drunk.
In the previous month 538 persons
were arrested, 60 for driving
drunk.

Convictions were secured in 462
cases, only 18 defendants having
been acquitted. Sentences meted
out totalled four years, seven
months and five days.

Fines totalled \$6,523.55 and costs
of court \$3,889.16. In addition, the
patrolmen recovered property val-
ued at \$5,018 and collected \$2,192.13
in revenue, to make a total of \$17,
322.84.

Of the 2,032 applicants exam-
ined for driver's license, 1,816 were
approved.

Members of Troop A spent a to-
tal of 12,015 hours on duty, travel-
ling 110,281 miles, using 707 pints of
oil and 668 gallons of gasoline.

Activities of the patrol included:
vehicles inspected, 1,467; lights
corrected, 2,099; warnings issued,
64; courtesies extended, 385; cars
recovered, five; vehicles stored 22
complaints investigated, 199; cita-
tions made, 270.

Mercury Reading Shows Low Of 35

Although predictions are for an-
other cold wave, B. T. Clark, in
charge of the local weather bureau,
reported the minimum temperat-
ure reached here last night was 35
degrees, compared with a low of 20
degrees Monday night.

At 8 o'clock this morning the
mercury was standing at 38 de-
grees and failed to rise much dur-
ing the day.

Elsewhere throughout the south,
the second cold wave of the week
was marked by snow flurries in
many areas.

Coming from the Northwest, the
frigid wave sent the mercury tum-
bling in Louisiana, Mississippi and
Georgia. Weather observers pre-
dicted sub-freezing temperatures thru-
out much of the Southland tonight.

Invaders Demand China Surrender To Save Nanking

SEEK TO BOOST COTTON PRICES

Southern Senators
Asks Govt. to Make
Purchases

Washington, Dec. 9.—(AP)—Sen-
ator Smith (D-S. C.) announced to-
day that a group of southern Sena-
tors would ask government purchase
of cotton in an effort to raise prices
to 12 cents a pound.

The chairman of the Senate Agricul-
ture Committee said he would
offer an amendment to the pending
farm bill to require the Commodity
Credit Corporation to buy cotton
until the average market price
reached 12 cents a pound on mid-
ding seven-eighths cotton.

Smith announced this plan after
a lengthy conference with southern
Senators and Chairman Jesse Jones
of the Reconstruction Finance Cor-
poration.

Smith said Jones was "in prac-
tical accord with this." He also
claimed support of Senators George
(D-Ga.), Hatch (D-N. M.), Bilbo
(D-Miss.), Bankhead (D-Ala.) and
Thomas (D-Okla.)

The chairman explained that the
amendment would force the govern-
ment-controlled Commodity Credit
Corporation to enter the open mar-
ket and buy cotton as long as the
price was under 12 cents a pound
with required purchases up to 6-
000,000 bales.

Smith said none of this cotton
could be resold or none of the cot-
ton now under government loan be
disposed of if prices went below 12
cents unless ordered by President
Roosevelt after recommendation by
the R. F. C.

Grand Jury Frees State Legislator

Greenville, S. C., Dec. 9.—(AP)—
Representative Lewis Prince and
Francis Drake, former restaurant
operator, today were freed of gam-
bling conspiracy charges when the
grand jury refused Solicitor Robert
Ashmore's request for their re-
indictment.

The new bill of indictment, pre-
pared in a prosecution effort to de-
lay trial of the case until the next
term of court because of the absence
of James Bush, state witness, was
handed to the grand jury this morn-
ing. The jury returned shortly af-
ter with its report of a "no bill."

Thus ended a case spotlighted in
local court circles since the grand
jury first presented Prince in
March. The legislator, Drake, Otis
Jamison and George Clapp shortly
afterwards were indicted for alleged
conspiracy to operate slot machines,
pay officers for protection and extor-
tion "protection" money from other
operators.

First trial of the case in Septem-
ber resulted in a mistrial for Prince
and Drake, and convictions for
Jamison and Clapp.

Edward S. Sutton Succumbs at Home

Edward S. Sutton, 58 died Wed-
nesday afternoon at 4 o'clock at his
home near Ormondsville from a long
ailing illness of several months. He
has lived in Pitt and Greene coun-
ties for the past 20 years. Mr. Sut-
ton was a member of the Free Will
Baptist church.

Funeral services were conducted
from the late home this afternoon
at 3 o'clock by Rev. J. C. Williams
of Greenville. Burial was in the
Alden cemetery.

Besides his wife, Mr. Sutton was
survived by one sister, Mrs. Turner
Rawls of Suffolk, Va., and two half
brothers, Robert and Fernie Sutton
of Beaufort County.

Charge Denied By Captain U.S. Ship

Boston, Dec. 9.—(AP)—Charges
that the American vessel, Swiftsure
failed to lend all possible aid to
the Greek steamer Tenney Chan-
dris when the latter foundered off
Cape Hatteras with the loss of sev-
eral lives brought a denial today
from Captain Albert Allen of the
American vessel.

Denying charges of Captain Kou-
santopoulis of the Greek ship that
his vessel remained at the scene
only 10 minutes, captain Allen told
a U. S. Bureau of Marine Inspec-
tion and Navigation Board of in-

quiry that his vessel stood by for
more than two and a half hours
until relieved by the Coast Guard.

Allen said he did not know the
Greek vessel had foundered until
he came upon the form of a man
in the sea after a storm. Then, he
said, he picked up others. After he
was relieved by the Coast Guard
cutter Mendota that boat, he said,
picked up the Captain and other
members of the crew of the ill-
fated ship.

The Greek ship was enroute to
Rotterdam, Holland, from More-
head City, N. C. when she found-

Ultimatum Sets Dead- line for 11 P. M., Thursday (EST)

ASKS CESSATION
OF RESISTANCE

Chinese Continue To
Hold Positions About
City Despite Aerial
Attacks

Shanghai, Dec. 9.—(AP)—
The Japanese command
issued an ultimatum today
demanding the surrender of
China's capital, Nanking, by
noon Friday (11 p. m.,
Thursday) Eastern Standard
Time) and threatening that
otherwise the city will be-
come the scene of the "hor-
rors of war."

A Japanese warplane dropped a
further communication to Nanking.
"Abandonment of resistance will
spare the city, its historic relics and
spots of beauty," it promised.

Japanese aerial attackers pound-
ed Nanking all day long, but to-
night Chinese still held positions
around the city.

Chinese defense artillery ham-
mered steadily at the Japanese col-
sisting in from the south and east-
east.

Thus far the Japanese have
been able to bring only their light-
est artillery into play against the
capital's defenders.

A Japanese army spokesman
predicted capture of the city with-
in 24 hours. He said there would
be a major battle if the resistance
continued. He declined to state
whether Japanese expected the
defenders to fight to the last or
surrender in order to escape a heavy
outpouring of live and property.

A Japanese news agency said
observers in airplanes saw Japanese
tanks entering the southeast city
gates. The agency said the Japan-
ese had entered Wuhu, Yangtze
river port 60 miles upstream from
Nanking.

Chinese artillery, firing from
strongly fortified Purple mountain,
which overlooks Nanking, kept Japan-
ese from a frontal attack on
the eastern wall of the city, where
latest reports were that 14 Ameri-
cans remained.

SHOPPING
DAY
CHRISTMAS

Social and Personal

Mrs. Kenneth Brimm of Greensboro, is spending a few days with her parents, Mr. and Mrs. D. D. Overton.

Mrs. Hortense Moyer, James Moyer and Mrs. Joe Moyer went to Richmond today.

Miss Blanche Shriver has returned from a visit to Gettysburg, Pa.

Mrs. Clifton Williams and daughter and Mrs. Richard Puller, of La Crosse, Va., are spending a few days with their cousin, Mrs. B. D. Johnston.

Mrs. A. D. Frank Entertains.
Yesterday afternoon Mrs. A. D. Frank was hostess at bridge complimentary to Mrs. Roy Barrett, a bride of the fall season.

Flowering potted plants and holly created a red and white background for the bridge tables. Bridge was played at four tables. At the end of the games, Mrs. Henry Harrell was awarded high score prize and Mrs. Jonathan Overton won a prize for high cut. Mrs. Barrett was remembered with a fruit cake in a pyrex container.

The hostess, assisted by Mrs. R. J. Slay, served a salad course with coffee. Tea guests were: Mrs. Barrett, Miss Davis, Miss Ross, Miss Morton, Mrs. Meadows, Mrs. Day-ton and Miss Elizabeth Deal.

Smith-Stocks.
Miss Alma E. Stocks became the bride of Mr. Howard Dixie Smith on December 8th. They were married in a quiet ceremony at the home of the bride. The bride was becomingly attired in a gray suit with accessories to match.

The bride is the daughter of Mr. and Mrs. N. S. Stocks of Greenville. The bridegroom is the son of Mr. and Mrs. H. H. Smith, also of Greenville. The wedding was attended by many friends.

Zack VanDyke Taft Ill.
Zack VanDyke Taft, son of Mr. and Mrs. John M. Taft, is confined to his home on account of illness.

Y. W. A. To Meet.
The Young Woman's Auxiliary of Immanuel Baptist Church will meet with Miss Opal Claire Harris at 7:30 Friday evening.

P. T. A. Meeting.
The West Greenville Parent-Teacher Association will meet in the school auditorium at 7:30 o'clock tomorrow night, at which time a Christmas program will be presented.

The grammar grades will present "The Message of the Chimes."

All patrons and friends of the school are invited.

Sunbeams To Meet.
The Memorial Baptist Sunbeams will meet Sunday morning at 11 o'clock in the primary room. Please bring your Christmas offering.

Monthly Supper Club.
The Monthly Supper Club of the Eighth Street Christian Church met Tuesday night at 6:30.

The table was beautifully decorated, carrying out a red and white color scheme. A most enjoyable turkey supper was served.

The business for the month was discussed.

During the brief devotional exercises, Miss Lenia Keys Sermons rendered a beautiful Christmas carol.

A number of games were enjoyed and gifts were found for everyone under the Christmas tree.

—Reported.

To Have Weiner Roast.
The Junior Department of Memorial Baptist Church will have a weiner roast Friday night at six-thirty at the home of Dr. B. McK. Johnson on Woodlawn avenue. In case of rain the roast will be held at Memorial Baptist Church.

Masonic Notice.
The meeting called for tonight has been postponed until further notice.
N. R. Joyner, Secy.

Sophomore Class Play.
"The Arrival of Kitty," a class play to be presented by the sophomore class of East Carolina Teachers College in the Austin Auditorium, on Friday, December 10, at 8:00 o'clock, is a three-act comedy dealing with the entangled love affairs of several people, an attempt to straighten out a will, and an impersonation of a woman by one of the men characters.

The cast of characters as follows: William Winkler, Joe Braxton; Aunt Jane, his old maid sister, Ethel Gaston; Bobbie Boxer, Robert Pittman; Benjamin Moore, Harvey D. Al; Ting, a bellhop, Leo Burks; Sam, a colored porter, John David Briggers; Kitty, a noted actress, Geraldine Harris, and Suzette, Aunt Jane's maid, Millie Gray Dupree.

Five of the above mentioned roles are played by graduates of the Greenville high school, and will be of special interest to the people of Greenville.

The play is under the direction of Clifton Britton, who has for a long time been successfully connected with theater groups in Northampton county. He directed two plays given on the college campus last year, "Smilin' Through" and "Tweedles."

Dog and Bear Show
Announcement was made today by Blount-Harvey that a free Dog and Bear show would be held on the vacant lot, in the rear of their store, tomorrow afternoon at four o'clock. The dog and bear perform all kinds of tricks and are featured as one of the attractions of the "Pitt Theatre" tomorrow also. It was stated, however, that in case of rain, the show would be cancelled. The public was invited to witness the free performance.

Social Calendar

11:00 a. m.—Mrs. W. H. Woolard will entertain the Literature Department of the Woman's Club at the Country Club.

Howland-Everett.

At three o'clock Wednesday afternoon in the Immanuel Baptist Church, Miss Margaret Shields Everett and Ralph Lindsay Howland were married in a ceremony characterized by its dignity and simplicity. The Reverend Clarence H. Patrick, the bride's pastor, performed the marriage rites, assisted by the Rev. Grady Dawson of Burlington, brother-in-law of the groom.

The vows were spoken before the altar, beautiful in its simple arrangement. The organ arch, covered with trailing southern smilax, formed the apex of a lovely floral pyramid of ferns and palms which barked the altar. White chrysanthemums in tall baskets in the candle lighted domed interior, lent beauty and dignity to the occasion.

Prior to the ceremony the organist, Mrs. Paul Davenport, wearing a dress of black velvet and a shoulder corsage of Roosevelt roses tied with yellow satin ribbon, rendered a program of wedding music. She played "Wedding Intermezzo," by Nevin; "Cataline Nuptial," by Dubois; "Andantino," by Le Mare; "I Love You Truly," by Carrie Jacobs Bond, and "Venetian Love Song," by Nevin. Mr. Dean Tabor of East Carolina Teachers College, sang "Bridal Dawn" by Easthope Martin, and "O Perfect Love," by Barnby.

To the strains of the wedding march from "Lohengrin" the ushers, Leland Howland, brother of the groom, and Sidney Skinner, entered and took their places near the altar. They were followed by R. O. Everett, brother of the bride, and Jim Pittman of Scotland Neck, the maid of honor, Miss Elizabeth Everett, sister of the bride, entered and stood on the left of the altar. Her dress was of royal fuchsia velvet fashioned along princess lines; her hat, a Saint Cecelia model, was of fuchsia and gold. Black slippers with gold buckles completed her costume. She carried a bouquet of souvenir roses tied with gold ribbons.

The bride entered with her father, S. J. Everett, who gave her in marriage. For her wedding she wore a Lanvin model crepe of coronation blue. Beautiful in its simplicity it was cut on princess lines with lovely rhinestone and blue clips at the neckline. Her hat, which was a becoming off-the-face model, was of matching blue with a veil of the same shade. Her bridal bouquet of Joanna Hill roses and lilies-of-the-valley was tied with silver ribbons.

They were met at the altar by the groom and his brother who was his best man, William H. Howland of Henderson. While the marriage vows were being spoken, "Believe Me If All Those Endearing Young Charms" was softly played by the organist. Mendelssohn's Wedding March was used as the recessional.

For the ceremony, the bride's mother wore a blue velvet dress and hat, and a shoulder corsage of Briarcliff roses. The groom's mother was gowned in purple velvet. Her shoulder corsage was of Briarcliff roses.

The bride chose for her going-away suit a blue hat and a Jean Paou suit of coronation blue with full length coat trimmed with Ambrs caracul on the standing collar and lapels. With this suit she wore a cream colored satin blouse stitched with tiny pin tucks.

Mrs. Howland is the attractive and accomplished daughter of Mr. and Mrs. S. J. Everett. After her graduation from Meredith College, she received special training in the Technology department at Watts Hospital in Durham. She is now connected with the State Board of Health and holds a position in the Diagnostic Department of the Laboratory of Hygiene.

Mr. Howland is the son of Mr. and Mrs. W. F. Howland, Sr., of Henderson. He is a graduate of Duke University and is a member of the Omicron Delta Kappa fraternity. For several years he has been engaged in newspaper work. He now holds a position as staff writer of the Associated Press.

Mr. and Mrs. Howland will be at home in Raleigh.

Following the wedding, the bride's parents, Mr. and Mrs. S. J. Everett, and out-of-town guests from 3:30 to 5:30. Dainty refreshments were served by Miss Elizabeth Meadows, Miss Mae Meadows, Miss Dorothy Nell Henderson, Miss Mary Lou Butler, Miss Helen Butler, and Miss Mary Elizabeth Austin.

Swampston, in Palmyra, by Mr. and Mrs. Robert Everett. Bronze chrysanthemums and autumn leaves made a perfect autumnal setting for the affair. The soft glow of candlelight was the only illumination used. A delicious course dinner was served.

Ballard's X Roads

We have had filling stations on three of the corners at Ballard's for quite a while and now we are to have one on the fourth corner, as Mr. Harris is erecting one on his corner.

Miss Verna Joyner has returned home after a visit to her aunt, Mrs. Bryan Ogden in Washington City.

Mr. and Mrs. G. T. Tyson entertained Saturday evening from 8 to 10 o'clock in honor of the characters who were in the play given by the Arthur P. T. A.

Let's everybody remember to attend the P. T. A. meeting on Tuesday evening, Dec. 14, at the Arthur school building. An interesting

program has been arranged. Mrs. J. U. Jo ner, Harold Harper and Miss Mary E. Joyner and Isham Nichols were Wilson visitors Saturday evening.

Eugene Debs was serving a term in prison on a charge of violating the war time espionage act when he ran for president in 1920 on the Socialist ticket.

Calls Meeting Of State Commission On Classification

Members of Group, Including M. K. Blount, to Make Investigation of Effect of Exemptions

Reflector Bureau
Raleigh Dec 9—The Classification Commission, authorized by the 1937 General Assembly, will meet in Charlotte December 17 and 18, Chairman A. J. Maxwell said today.

The commission is making a thorough investigation of the effect of homestead exemptions from taxation, as well as intangibles and other methods of taxation possible under the "classification" amendment adopted to the State Constitution in the 1936 General Elections.

There will be no specific agenda at the meeting, Mr. Maxwell said, but the entire matter will be gone into thoroughly, with all members of the commission exchanging information and views.

Members of the commission, besides Mr. Maxwell, are Dr. Clarence Poe, Raleigh; S. H. Hobbs, Chapel Hill; Ben B. Gossett, Charlotte; Marvin K. Blount, Greenville and Vernon W. Fyatt, Winston-Salem.

Perhaps the most important single feature being examined by the commission is the effect on county finances should the General Assembly enact into law the exemption from taxation of homes actually occupied by their owners up to the value of \$1,000. It has been contended by the North Carolina Association of County Commissioners that such exemptions would badly cripple county finances, in some instances reducing the tax valuations as much as 40 per cent.

In the 1937 General Assembly there was some effort to secure the exemptions, advocates contending that to do so was a "mandate" of the people expressed at the polls, but the state Administration force dominant at every turn in the Assembly, voted solidly against exempting homes at that time. The only concession was authorization of a commission to study the matter and report prior to convening of the next General Assembly in January, 1939.

SANTA ASKED, 'WHAT DO YOU SUGGEST?'

THE STORY SO FAR: While Santa's Toyland is in an uproar because the white fox has stolen Helga, a doll, for his Christmas gift, she arrives at his den on the top of a mountain.

Chapter 10 VERY VERY SAD

Santa called a meeting in the toyshop the minute he heard that Helga had been taken off by the white fox. The tin soldier wakened him to tell him.

Santa bounded out of bed with his peaked nightcap hanging over one eye, pulled on his big red trousers and dashed out into the shop to find the tin soldiers waking up all the dolls and fairies. "What's happened?" demanded Santa, and Mrs. Santa, running after him, said, "I'll bet it's that fox." "So it is," said the soldier captain. "He's stolen Helga."

"Oh, my, my," said Santa and he

jumped out of the snow. These were the Woods Fairy and the Snow Fairy.
Santa told them what had happened, and asked, "What do you suggest?"
Then the moon said: "Santa, I can't help. You know how fast the fox runs and how he just tears right through my moonbeams." The moon looked sad.
Then the North Wind spoke: "Santa I can't help, either. You know how he laughs at me, and rushes right through my puffs." The North Wind looked very sad. "I Can't Help Either."
Then the North Star spoke: "Santa I can't help—much. He just howls at me. But I can ride around the sky and find him, and hang over him so you'll know where he is." The North Star looked very sad.
Then the Woods Fairy spoke: "Santa, I can't help. You know how the white fox scrapes the bark right off my trees. They're afraid of him. We could make a trap with our branches, too." The Woods Fairy looked sad.
Then the Snow Fairy spoke: "Santa, I can't help. You know how warm the fox's fur is, and how fast he runs. Try as I might, I can't make him cold." The Snow Fairy looked very sad.
But then something strange happened that no one expected. "I'll tell you about it tomorrow."
Tomorrow: The Sailor Doll.

Select outstanding chickens for the breeding pens and begin to mate these at least six weeks before the hatching season, recommends Roy S. Dearstine, head of the State College Poultry Department. In this way, poultry production on the average farm may be made more profitable because the flock is improved by the careful culling and selection of breeding birds.

Man About Manhattan

By George Tucker

New York—Among the many savants, authors, and illustrators which the winter season has sent to New York is Allyn Joslyn, the actor. He is of prime interest here because of a bulls eye he scored in a comedy last year called "Boy Meets Girl." Now he is nervously biting his nails until rehearsals begin on "All the Glitters." This is the comedy by Jack Baragwanath, and Kenneth Sampson which tosses a few pellets at certain of the elite around town.

He likes it here, so much in fact that he privately bewails the accident of climate that caused him to be born in Pennsylvania. "It was a hot summer in New York," so Mother and I went down into the mountains of Pennsylvania to visit some relatives. I happened to be born while we were away, then Mother and I came back to New York."

But whether he is in N. Y. or not he always maintains his apartment here, which is not filled with costly curios and antiques. "I have a morbid dread of possessions or anything that show... I am afraid of being tied down by concrete objects. For this reason I spend money only on things that don't hang around to clutter up room the next day... I was very much pleased with myself when I made three pictures on two suits of clothes... I couldn't stand it if my rooms were taken up by a huge wardrobe."

And his leisure moments: "I had to break my leg to get a vacation. It was the first I'd had in seven years, and I came out of it with a six inch steel plate in my leg in which there are five screws... Would you care to see the scars?... See... Here it is... Nice job, eh?... They told me I could have it removed now, but why mess around when it feels okay... I guess I'll wait till it starts to hurt, and then the pain of having it removed will be a pleasure... Incidentally, this came as a lucky break... I needed some photographs badly so now I simply use the X-ray plates for fan mail and so on."

Not averse to lounging comfortably in chairs, Mr. Joslyn carefully laid his feet to the table. "I always feel more like talking with my feet higher than my head... I rehearse that way, too... I get along, but then I have to stand up."

What does he think of clothing making the man? "Strictly the bunk... Please understand, I am speaking only for myself... When I am in the chips my clothes are baggy and I don't care how I look... I never crease my trousers or worry about clean collars until I am broke—and looking for a job... As a matter of fact, some people I know passed me this morning and one of them said: 'Gee he must be making millions—look how sleepy Allyn is!'"

At which, in a wave of sudden embarrassment accruing from my own neatly shined brogans, freshly starched shirt and an unspotted cravat, I reached for my chapau and waved a hurried farewell and fled to the street.

SHORT SHOTS By HENRY AVERILL

By HENRY AVERILL Raleigh, Dec. 9.—Fishermen on the New River should have better luck before long. The Fisheries Division of the Department of Conservation and Development has just announced that approximately 3,000 broom of fingerling size have been released in the New and its tributaries.

These fish were hatched and raised at the State Hatchery near Fayetteville and were transported and planted by the experienced hatchery crew.

The capacity of the Fayetteville hatchery was materially increased this year by the addition of two more large rearing pools. The capacity will be still further increased next season as the result of the contemplated construction of six more rearing pools of approximately one acre each.

A. G. Mann, general manager of the Farmers Cooperative Exchange of Raleigh and W. W. Eagles, of Maclefield, president of the Co-op, were principal speakers at the formal opening of one of the largest farmer owned fertilizer plants in the world near Norfolk.

The new plant is located at Port Lock and has an annual capacity of 75,000 tons.

A three point farm program for North Carolina farmers, embracing diversification, more livestock and crop rotation, is urged by Governor Clyde R. Hoey in his message to more than 25,000 readers of the new 1938 Carolina Co-operator Yearbook and Almanac.

The more susceptible to feminine charms among those who have looked at the photographs of Nancy Plake which accompany the record in Supreme Court in the appeal of several Greensboro defendants from a judgment against them for publishing her picture without her consent think the strange thing about the case is that the jury only awarded her \$6,500 instead of the \$50,000 for which she sued.

Scotland county's Representative Jennings King has been in Raleigh this week. He said that things are extremely quiet down that way with everybody more or less down in the dumps because of the low price of cotton of which Scotland is a large grower.

Letter recently received by Louis H. Wilson, publications chief at the Department of Agriculture: "Dear Sir please list in your first issue this fore sale item. Fore sale 200 hundred lbs of medium size pecans all so one electric Philco radio will sell cheap or trade for good battery set of any good make."

Division of funds for purposes other than highway building and maintenance is a far more serious threat to North Carolina's roads than is the proposal of President Roosevelt to cut in half Federal funds to be spent on highways, said State Senator S. Gilmer Sparger, secretary of the North Carolina Petroleum Industries Committee.

KOCH TO GIVE UNIVERSITY READING 'CAROL' SATURDAY Chapel Hill, Dec. 9.—Dr. Frederick H. Koch, director of the Carolina Playmakers, gives his 148th reading of Dickens' "A Christmas Carol" here in Memorial Hall Saturday night at 8:30 o'clock.

Forty Years Ago Today

New Cistern The town is having one of the new cisterns built near the branch on Sutton Lane. This cistern will be of wood and will hold about 20,000 gallons. From this cistern the steam fire engine can carry water to nearly any section of South Greenville or Dickinson Avenue.

A Pleasant Evening The Ladies of the Presbyterian church gave our people a pleasant time at their supper, Wednesday evening in the Taff building. The building was nicely arranged for the occasion, an elegant supper was served, and the attendance large. They made a nice sum to help pay for their Church carpet.

Large Crop Estimate Latham, Alexander and Co., of New York in a circular of the 7th inst., estimated the cotton crop at 10,188,000 bales. They say this estimate is based on exhaustive correspondence with all the cotton growing counties in the Southern States. The estimate for North Carolina is 594,000 bales.

Be Ready to Pay Tomorrow is collection day for the Daily Reflector and we hope no subscriber will put the collector off when he calls. This issue ends a volume and we would like to start the new one with as clean books as possible. If you fail to see the collector stop by the office and get your receipt.

Editorial Although it is perfectly clear that a large majority of the House are just as strongly in favor of adopting the Morgan Resolution for the recognition of the belligerency of the Cubans, it is also clear that they will not do so. Carl Reed and his lieutenants agree with the McKinley policy of waiting and will not give the House the opportunity to vote upon the Morgan or the Cuban resolution. Thus the country is shown how mistaken it has been in supposing that under our government the majority rules in either or both branches of Congress. The majority rules all right when allowed to vote, but voting is done in the House by "Car" Reed's permission and in the Senate voting is only done when the minority consents.

Wage and Hour Bill Issue First In Senate Contest

Reflector Bureau Raleigh, Dec. 9.—First issue has been joined in the Senate race for the seat now occupied by Bob Reynolds and coveted by Frank Hancock. Bob is in favor of the wage and hour bill, Frank is against it.

Heretofore the two candidates have been just as alike as two peas in a pod, even down to the fact that both wanted to be United States Senator. Now Hancock has swung to the right, while Reynolds continues at least slightly to the left of center, despite his recent obvious concessions to conservative thought, and his repeated calls for "compromise."

As things stood Senator Reynolds could do little except to stick to the wage hour bill, for which he voted at the last regular session. With the House member, it was different, the measure never having come on the floor because of a combination of Southerners and Republicans on the House Rules Committee.

The Oxford man evidently believes that sentiment in North Carolina is against the wage and hour bill. Certainly he has every right to think that his opposition will gain him support in conservative quarters. Almost every newspaper in the state has taken a stand against the bill. Governor Clyde R. Hoey is known to be definitely against it, as is Senator Josiah W. Bailey.

Reynolds is confident that the bill will not hurt the state of North Carolina and he knows full well that to turn coat at this stage of the battle would win him few votes among the right winners and would have him decidedly anathema to the left flank of the party.

And so at last there has been discovered on which Hancock will not be forced to mutter "Me too" to any stand heretofore taken or about to be taken by Reynolds.

WANT TO GET A MOSQUE? HERE'S YOUR CHANCE Istanbul, Turkey (AP) — Three hundred mosques are on sale here. The Turkish government is offering them in an effort to clear out unneeded mosques from among the more than 800 in this ancient capital of the Ottoman empire.

Only 242 of the 800 are being used as places of Moslem worship. The others, including the famous Saint Sophia mosque, have been converted into museums or have been reduced to ruins.

By feeding home grown grains and roughages, properly balanced with cottonseed meal, North Carolina farmers can produce livestock efficiently and economically both as a second cash crop and to supply their own needs for food and farm power, says Earl H. Hostetler of State College.

Sled Stops Thief. South Bend, Ind. (AP) — A boy coasting down a hill on a sled frightened a man who was attempting to take a purse from Mrs. Mary Gouchowski. The would-be thief fled.

UNC LITERARY ASSEMBLIES ELECT OFFICERS FOR WINTER QUARTER Chapel Hill, Dec. 9.—For the second time in the history of the Phi Assembly at the University of North Carolina a speaker has been re-elected to serve two consecutive quarters. Drew Martin, of Mt Airy has just received that honor.

Ben Dixon of Raleigh, succeeds Leighton Dudley of Houlton, Maine as Speaker Pro tem and Tom Long of Roanoke Rapids, was elected sergeant at arms.

Jack Fairley of Monroe, is the new reading clerk and the ways and means committee will be composed of Clara Whitmore, New Rochelle, N. Y.; Elmer Nance, Lexington and Ralph Miller, San Antonio, Texas. Bill Broadfoot of Wilmington was elected assistant treasurer.

In the Di Assembly elections Sam Hobbs of Selma, Ala., was chosen President Pro tem; David Kerley, Morganton, critic; and Margaret Evans of Wingate, was re-elected clerk. Fred Blount of Pensacola, Fla., succeeds Max Busby of Salisbury, as sergeant at arms. Since the Di president is elected only once a year, John Ramsey of Salisbury, will continue as head of that organization.

NOTICE OF SALE BY COMMISSIONERS Under and by virtue of the power and authority given in an order of the Superior Court of Pitt County, in a certain Special Proceeding entitled "Elizabeth Dunn Powell, by her Next Friend, A. W. Cowper, vs. Susie Dunn Albritton and husband, Fred Albritton, Ray Dawson Bissett and husband, W. I. Bissett, and Bonnie Dunn, individually and as Administratrix of the Estate of J. F. Dunn, deceased," the undersigned Commissioners of Court will, on Monday, January 3, 1938 at the hour of 12 o'clock Noon at the Court House door in Greenville, North Carolina, offer for sale, to the highest bidder, for cash, at public auction, the lands described in the order above referred to, and particularly described as follows:

ROSE BOWL TEAM CAN SHOW A LOSS

Pasadena, Calif.—(AP)—Each team playing in the Rose Bowl game ordinarily gets about \$95,000 as well as the honor.

In 1934, however, Columbia was estimated to be a \$5,000 loser. The New York squad made a long and expensive trip and encountered a rainy New Year's day which reduced the gate.

Stacker - Upper Is Stacking Up Again

Cleveland (AP)—Don't jar the floor please. The doctor's stacking them again.

A year ago Thomas H. Staggers, Cleveland mechano-therapist, started the craze here of balancing kitchen matches on the mouth of a beer bottle.

His towers soared. First 3,500 matches. Then 10,000. Finally the colossus of all—over 12,000 matches.

Dr. Staggers has the itch again and says he may start any time a

drive to topple the world indoor and outdoor records for barehanded stacking.

All you need in the game, he says, is:

A level beer bottle for the matches.

A smooth table for the bottle.

A large stack of matches.

Steady nerves.

Patience.

That's how one of his towers looks when its going up—without aid of abrasives, banana skins or clips.

SPANISH WAR PRISONERS HOUSED IN OPEN CAMPS

Barcelona, Spain—(AP)—The 25,000 to 30,000 prisoners of the Republican government of Spain must be treated as "human beings" under the code of Manuel de Irujo, minister of justice.

A Basque nationalist and devout Catholic, Irujo said in an interview that prisoners should aim at correction and not extermination.

Dealing with a prison population which has increased from a maximum of 10,000 persons before the war, Irujo said he insisted on modern sanitary equipment in prisons despite criticism from some persons who objected that prisoners were too well treated.

Prisoners are being evacuated from besieged Madrid, and many are being housed in open camps under normal, healthy conditions. In a typical camp at Albatera in the Levante, Irujo explained, specialists are permitted to work outside the prison while others aid in constructing the Madrid-Tarazona railway.

FIVE OLD MEN OUT FOR TEAM

UNC Quint be Made Up of Many Sophomore Members

Chapel Hill, Dec. 9—If numbers be a criterion, sophomores undoubtedly will play a prominent part in the building of the North Carolina basketball squad this winter. No less than 13 of the 21 candidates are second year men.

Best among the sophomore talent are Ben Dilworth and Dave Bowman, forwards; Hank Pessar, center; Dick Worley, Foy Roberson, Jr., and Frank Curo, guards. This sextet dominated the fine performance of last season's crack freshman outfit which won 10 of 13 games. The Tar Babies lost to Oak Ridge and broke even in two games each with Duke and Wake Forest.

The No. 1 team, however, will probably be built around five returning lettermen: Captain Earl Ruth, All Southern and Foy Grubb, guards; Andy Bershak, Pete Mullis, and Bill McCachren, forwards.

...worn, who is alternating between forward and center, and Pessar are generally conceded the best chance of breaking into the first team line-up. Dave Meroney capable 6-foot center last season, will not return. He has accepted work in his home town, Greensboro. His post must be filled by Dilworth Pessar, or Pete Boone chief understudy to Meroney last season.

Chester Stupack, substitute guard, is another reserve who may be tested with the regulars.

The supporting cast also includes George Sturwiss and George Radman, outstanding sophomore backs on the football team this fall, and Toney Cernigie, who was held out of football due to a leg injury. Cernigie, a junior, was one of the standouts of the 135 Carolina freshman basket team.

The Tar Heels will be better equipped with reserves than last season. The elimination of the center jump in most cases has considerably speeded up the game. The reserve strength will be a great asset to the regulars.

Others who may play some this winter are Murray Drucker, Al and Watt Carr, forwards; Bob Strain and Al Mathes, guards. They are all sophomores.

IF YOU WANT IT WARMER, JUST RAISE THE MERCURY

Kewanee, Wis.—(AP)—Joe Houdek, inventor of the dual-steering system for back seat drivers (which wasn't supposed to work), is convinced there is a close connection between imagination and temperature.

Adolph Lukes, Joe's partner, looked at the shop thermometer, found it registered 62 and complained he was cold. He came to work wearing heavy underwear and woolen socks and kept the shop door closed.

When Joe complained of the heat and opened the door Adolph looked at the thermometer and laughed. Without Adolph's knowledge Joe had "fixed" the thermometer so it registered 78, where Adolph liked it.

Now Adolph is happy, sans heavy underwear and socks.

NOW TIME FOR CUTTING WOOD

Trees Cut Down During December Make Best Fuel

Raleigh, Dec. 9.—Trees cut down in December make the best fuel wood, according to R. W. Graeber, extension forester at State College. There is less sap in the trees at this season than at any other time, he pointed out. The wood will dry out quicker and make better fuel. On many farms, he continued, December is also a good wood-cutting month because farmers have the time available. At other seasons they are often too busy. "And while you are cutting wood," Graeber continued, "kill two birds with one stone. Cutting fire wood and thinning out overcrowded timber stands can be done at the same time. This helps your timber stands while providing wood for household use or for sale. Only small, crooked or otherwise inferior trees should be cut for fire wood, he went on. Leave the straighter, better quality trees to grow into pulpwood, saw logs, poles, pilings or fence posts. A well-managed crop of timber on a well-periodic harvest over an indefinite period, he pointed out.

How's Your Health?

Edited for the New York Academy of Medicine
 By Igo Goldston, M.D.
DO YOU KNOW THAT—?
 The tuberculosis death rate among unskilled U. S. workers is nearly seven times higher than that among professional workers. The most important accessory in modern tuberculosis diagnosis, the X-ray, was discovered by Wilhelm Konrad Roentgen in 1895. The tuberculin test, another aid in finding tuberculosis, was perfected by Clemens von Pirquet in 1907. Tuberculosis is a communicable disease that is transmitted from the sick to the well. No home is safe until all homes are safe. The first free tuberculosis hospital was founded in Boston, 1837; the first clinic for tuberculosis poor in New York City, 1894; the first state tuberculosis sanitarium at Rutland, Mass., 1903. This country has approximately 12.3 special and other hospitals with more than 95,000 beds for the tuberculous. America's annual loss from tuberculosis is more than \$750,000,000. Tuberculosis is no respecter of persons. Christy Mathewson, Robert Louis Stevenson, Joe Gans, the boxer, Cecil Rhodes, builder of an African empire—all were the victims of tuberculosis. So were Chopin, Keats, the Bronte sisters, Edith Barrett Browning, Aubrey Beardsley and Simon Bolivar. More than 3,500,000 American men, women and children died from tuberculosis during the last thirty years. This number equals the population of Denmark, Finland and Cuba. An additional 2,500,000 would have died during that time had the death rate remained what it was 30 years ago. More than 40 countries have held, or are now holding, Christmas seal sales to finance tuberculosis programs. In the United States the annual seal sale is carried on by the 2,000 state and local tuberculosis associations and the National Tuberculosis Association. Each seal carries the double-barred cross—world-wide emblem of the fight against tuberculosis.

Women of Camden Expert Woodsmen

Camden, Dec. 9.—Camden County home demonstration club, women are woodsmen in their own right. In their home beautification program they have been setting out dog woods, crab myrtles, and crab apple around their homes, said Mrs. Teeter, home agent of the State College Extension service. This has been a busy season for the club. Mrs. Teeter continued, "I didn't have time to do the woods for pretty trees. Instead, the club women neighbors go together. When they spot a desirable place, they go up and take it home. Together, Mrs. Teeter added, the women find they can do more and more helpful suggestions and working in cooperation helps bind them together in a closer spirit of friendship. Grounds around the homes of the club women are taking on a new and more cheerful appearance with many young trees placed where they will enhance the natural beauty of the home and help screen the back yard from the view of passers-by. Mrs. Teeter explained, as they will have time to become well established in the soil before a load of heavy spring growth starts. To Moltzen Fruit-Cake—Last year's fruit cake may be moistened by saturating a clean cloth with spiced fruit cake and wrapping it about the cake. (A little rum or wine may be added to the juice.) Return the cake to its airtight container.

DARE TO DREAM

BY ALICE MARIE DODGE
The Characters
 Nelda, an ambitious, dark-eyed, dark-haired girl, has had to leave college because of finances.
 Reck, a blond, dashing and idealistic hot rod man, whom Nelda has just met, insists on taking her to meet his mother.
 Bill, tanned and blue-eyed, seems to disapprove of Nelda.
 Mrs. Reckless, Reck's cold and arrogant mother, subtly warns Nelda that Reck is not for her.

Chapter Three Home!
 NELDA'S brother, Stan, started to carry out his father's plans, but from the beginning Nelda feared he never would, for he was willing to be thrust into the mold Leila's plump hands fashioned for him. Leila didn't hide her desire to break away from the family hearth now that the Barrie coffers were empty. As Nelda turned her roadster into a short lane bordered with peepers trees a little girl dashed out of the house, dark curls and scarf ends flying. Romping along beside her was a small bulldog. Nelda drew to a stop.

"Hello, Candy!" she greeted with genuine affection. The child was Stan's five-year-old daughter. Candy gave her aunt a broad grin. Two of her front teeth were missing. "I been watchin' an' watchin' for you," she said and climbed into the car. The dog got in, too, and licked Nelda's cheek, making little glad sounds of welcome. "Don't be so impulsive, Cinders," she admonished and kissed him on top of the head. Ther to Candy. "How's everybody?" "All right—ceptin' Mother's awful mad at Mrs. Sweeney."

"What has Mrs. Sweeney done now?" "Eats too much." Words poured breathlessly from the little girl in her eagerness to relate the family gossip. "Ever time Mother has sum'n cooked an' thinks she's gonna have it for dinner it ain't here when she goes to get it cause Mrs. Sweeney ate it." "She can't be that bad," Nelda said laughing. "She is, toot Daddy says he thinks she's got a hollow leg. What's a hollow leg Aunt Nelda?" "Well," Nelda smiled. "Still the little question girl, I see."

Candy's grin flashed into being. "Mother says we can get rid of Mrs. Sweeney now 'cause you're gonna stay home. Are you?" "Well, see." They were driving into the back yard now Uncle Hamilton Wright was there, waving a welcome with his knotted cane. He was Mrs. Barrie's uncle, a tall thin, white-bearded man who, at the age of 82 was still a bachelor. He had come to live with the family at the ranch and contributed \$50 a month out of an annuity that paid him \$720 a year.

"Here I am!" Nelda stepped the roadster under a weather-beaten eucalyptus tree. Stan and Leila came out a side door. Laura Sweeney stood on the back steps munching an apple. Mrs. Barrie in her wheelchair was peering eagerly out of one of the deep-cut dining-room windows. "They all want to see how I'm taking it," thought Nelda. "That's what we had servants for." "But that was in San Francisco," was Leila's reply. Nelda was about to make another sharp rejoinder when she met the worried glance of her mother which implored more eloquently than words could have done. "Please try to get along with her."

To herself Nelda said, "This is terrible! We're all at each other's throats!" (Copyright 1937 Alice Marie Dodge)

Leila has her own plans for the ranch, tomorrow. "I'm sorry, Sis, that you had to leave college," he said plaintively.

Stylists Put Holiday Glitter Into Santa Claus' Pack

By ADELAIDE KERR
(AP Feature Service Writer)

NEW YORK — Saint Nick and the fashion mart have teamed up to produce a wealth of glittering gifts for Christmas.

Gold necklaces, clips, cigarette cases and compacts, colored gloves, handkerchiefs, vivid kerchiefs and leather accessories make a potpourri of presents which will dangle from Christmas trees from Maine to California.

The new necklaces—very important this year when nearly every woman is wearing them—would make Midas wistful. Good Etruscan and filigree chains, tubular twists and multiple rows of beads are glittering and smart. Clips are calli lilies, pine cones, acorn clusters and modernistic tube designs—all lacquered in gold.

Golden Apple Compact

Something new in compacts is a little golden apple about 3 inches across, hollowed to hold powder and puff. Less striking ones are cut in the shape of gold leaves or hearts pierced by cupid's dart.

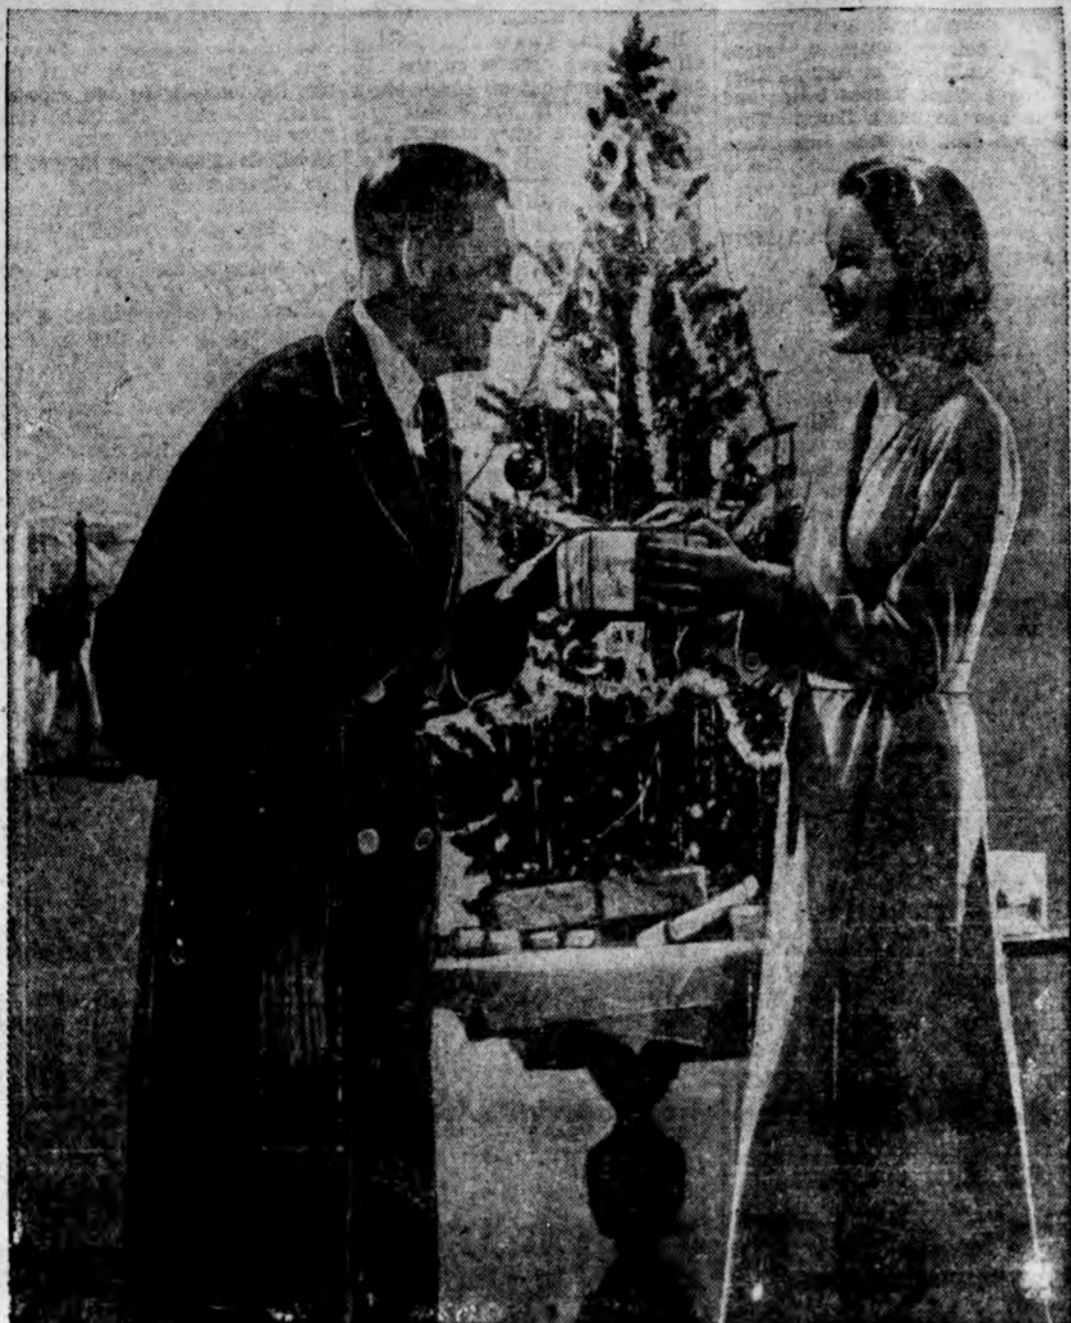

Colored gloves—less mad this season than when they first swept across fashion's horizon—are designed to make very smart accessories to dark costumes and very welcome Christmas gifts. Velvet, suede and antelope in such hues as Bordeaux red, blue green beige and mustard are the favorites.

The smartest new bags have handles—some of them long enough to hang over the shoulder. They are made of suede, crocodile and calf—generally of sober hues—and fitted inside with all the accessories they need.

Jungle Gifts For Men

Colored chiffon—plain, patterned or worked with metal threads—are this year's bright answer to the question of gift handkerchiefs.

Many of the smartest gifts for men are of leather. Among them are new "jungle gloves" made of antelope, wild donkey or water moccasin skin—anything that comes from the jungle—and given a

Flannel House Coats For Christmas; Wine Red for Him, Tailored Biege for Her

smoothly tailored finish. Alligator and snakeskin make sleek new cigarette cases—long, narrow and closed with a folding flap—while the smartest evening billow gifts for men is a toilet water with a cedar scent.

Tar Heels Disapprove Of Campaign To Raise Fund

Reflector Bureau Raleigh, Dec. 9.—The plan by which the Democratic National Committee expects to raise \$12,500 in North Carolina is by no means approved by all the Democratic hosts of the state.

The national group, through Treasurer Quayle, proposes that 500 North Carolinians contribute \$25 each, no more, no less. It's the "no less" feature that irks a number of good Democrats whose hearts are right, but whose purses are light—if a lapse into rhyme may be pardoned.

The objectors point out that the campaign is to be climaxed by a Jackson Day Dinner on January 8 with the subscribers to the fund the participants. There is a decidedly emphatic belief that this sort of thing is discrimination of the rankiest sort against the poorer Democrats who are frankly unable to put up \$25.

As a matter of fact things are in something of a mess as far as the campaign is concerned. R. L. McMillan, who was named chairman, has been cut of the state practical-

ly ever since he was named; "Lon" rolger, national committeeman who is one of the "honorary" chairmen of the drive, hadn't been in evidence around Raleigh until late Wednesday afternoon.

It resulted that everything has been up in the air, though headquarters of the campaign have been opened. Up until last night almost nothing at all had been done, and it was just one month until the Jackson Day date.

Another angle that is bothering not only the committee, but many other Democrats, is the question of a speaker for the occasion. Every body remembers the great hurrah and hullabaloo which followed the appearance of Senator Millard Tydings, of Maryland, as speaker at this year's "Victory Dinner" and nobody wants a repetition of it.

Washington Daybook

By Preston Grover

Washington—The Japanese are likely to be rebuffed by the United States once more very soon—and they will be left with little opportunity for official recourse.

Best sources indicate that Hawaii will be denied the privilege of statehood. The reason given here in off the record conversations is that there are so many Japanese there.

Immediately after the regular session last summer a party of senators and representative left for Hawaii to go once again into the question of island statehood. They took along wives and daughters and expenses were paid from a \$21,000 appropriation by the Hawaiian legislature.

As in 1935, during a similar inquiry, they took voluminous testimony and came back with impressions something like these: The island population of 385,000 justifies statehood, since that makes it about as large as several smaller states of the union.

It builds morale to give self-government to a people. The populace is capable of stable self government under statehood.

Japanese Lead But—here is how it stacks up:

Estimated Population 385,000
Japanese 150,000
Hawaiian 22,000
Chinese 28,000
Filipino 55,000
Portuguese, white Americans and other Caucasians 80,000

The balance is made up of various mixtures of Asians, Hawaiians and Caucasians.

Now of these 150,000 Japanese approximately 110,000 are Hawaiian born, and therefore American citizens. The Yankee population is probably well under 50,000 sharply outnumbered by the Japanese.

Off The Record

As one member of the committee explained it (not for quotation), as long as Hawaii remains a territory its governor is appointed in Washington. Its delegates to Congress have restricted influence.

As to the committee's report, one member said: "The jury is still out."

But another added: "The verdict is in."

N. Y. Stock Market

New York, Dec. 9.—(AP)—The stock market rally met more opposition today and leading issues backed away fractions of a point or so.

Dealings were quiet most of the time and extreme declines were noted in many cases near the final hour.

While the current business and political picture provided little inspiration for buying forces, brokers found customers a little more hopeful the trade recession may be approaching bottom.

Bonds on the whole displayed an inclination to move higher. U. S. governments were in demand following announcement of the treasury's best refunding bonds and notes were heavily oversubscribed.

Commodities were uneven.

Grapefruit segments sprinkled with sugar and a little salt, then broiled can be arranged with the eyes overlapping to make a tasty garnish for pork or ham.

HINTS TO HOUSEWIVES

Try steaming Brussels sprouts, broccoli, celery, asparagus, onions, carrots, cauliflower or turnips. They will keep their shapes better and won't lose so much flavor. They also will cook in less time than would if they were boiled. Use a regular steamer or colander of boiling water an inch above the water line.

Suggested garnishes for holiday fowl: prunes stuffed with diced, spiced pears; orange slices candied and covered with cranberry jelly; candied grapefruit slices spread with apple jelly; cranberry jelly rounds covered with diced mint jelly; spiced peaches stuffed with pecans and browned; cranberry sauce in lemon halves; cooked whole beets, hollowed out and stuffed with chopped pickles and olives.

Lime, lemon, pineapple or mint ice make a refreshing topping for fruit juice or diced fruit cocktails. The ice also may be used to top a holiday punch bowl filled with chilled fruit beverages.

Use fruit juice in place of the cream or milk called for in Christmas cookie recipes. It will give added variety.

To remove those white water stains from your hardwood floors first rinse the spotted area with cold water. Then rub it with a cloth dipped in two cups of clear water in which two tablespoons of spirits of camphor have been placed. Next, wipe the area dry and apply floor polish.

Use stars, trees and other Christmas decorations.

mas-shapes cut from green peppers, pimientos or sliced, cooked beets as garnishes for meat, fowl, salads or canapes in the holiday season.

Before icing a cake always brush off any loose crumbs on the top and sides and cut off rough edges with scissors. If the crumbs get into the frosting they make it lumpy.

Mince pie with orange flavored crust is delicious. To make the crust, use orange juice in place of the liquid ordinarily employed.

Cocktail canape: Wrap large, cooked shrimps with bacon. Bake or broil the combination until the bacon is crisp.

To prevent steaks and chops from sticking to the broiler pan heat the pan sizzling hot before placing the meat in it.

Heavy brown stains may be removed from aluminum and enameled cooking utensils by using steel wool and a mild cleaning powder.

The chief military camp in England is located at Aldershot, 34 miles from London.
