## BRITISH PLAN FURTHERED BY LATEST MOVES

### Rome Backing of Austrian Independence Significant

### HELPS TO BLOCK NAZI DOMINANCE

### Schuschnigg Possibly Praising Il Duce In Adroit Move to Bind Mussolini

London, Feb. 25.—(AP)—Italian support of Austrian independence may give Britain the needed aid to block further German dominance of Central Europe, diplomatic sources said today.

Chancellor Schuschnigg in his speech to the Austrian Diet and nation yesterday, warmly praised Italy's Premier Mussolini as one who understood Austria's problems and "always tried to avoid any impressions of interference in our internal affairs."

This friendly reference must mean, diplomatic quarters here said, that Mussolini previously had reassured Schuschnigg of his continued interest in Austrian independence—despite denials from Rome of any new pledges.

The other possibility was that Schuschnigg was praising Il Duce in an adroit move to bind Mussolini to him in his determination to fight for Austrian sovereignty and against rise of Nazism.

In any event, the significant reference to Italian sympathy, coupled with the assurance "Austria must remain Austria," gave decided momentum to Britain's new policy of realistic dealings to keep European peace.

It is felt here that new Italian support for Austrian independence, in addition to the Rome protocol pledge, could give Prime Minister Chamberlain a stronger hand in achieving a two-fold aim:

1. Blocking of further German dominance of Central Europe; Hitler won a point by getting Nazi-inclined ministers into the Austrian Cabinet and has avowed Germany the protector of all German minorities.
2. Regaining Mediterranean security.

## REA Decision On Johnston Project Boon For Others

### Pitt-Greene Co-op One of Three to Benefit by Supreme Court Decision in Johnston Case

Reflector Bureau.  
Raleigh, Feb. 25.—The State Supreme court's decision in the Johnston county electrification row may have been a blow to the pride of the Federal Rural Electrification Administration, but there are ample indications that it has proved a boon to at least three cooperative electrification projects.

What has happened is that the federal authorities, prevented from granting the \$310,000 allocated to the Johnston county project have released this sum to a trio of other coops in eastern North Carolina. The beneficiaries turned out to be the Sampson coop, which got \$186,000 (including \$41,000 for a generating plant), the Edgecombe coop which was allocated \$111,000 and the Pitt-Greene coop which was granted \$25,000—making in all a total of \$322,000 or just about what the REA was barred from spending in Johnston.

Evidence that these three projects were the residuary legatees, so to speak, of the Johnston coop, lies in the fact that all of them had been before the Washington authorities for months and months with no apparent chance of their ever securing favorable action. The Sampson project, in fact, had been turned down cold at least once.

Yet within less than a month after were approved and almost precisely the Johnston decision all three the amount set up in the Johnston project was allocated to them.

As electrification projects both the Sampson and Edgecombe coops seem a little "thin." The Sampson set-up calls for something like 150 miles (it may be a few more or less) with an average signed up consumer aggregate of only some 3.1 per mile. The Edgecombe project is designed to construct 107 miles to serve a signed up list of customers totalling 348.

Some index of the popularity in the United Kingdom of darts—the game in which you throw little feathered darts at a target—is the fact that a wave of acute shoulder pains has been diagnosed as a "new malady," darts shoulder.

Shakespeare found material for "King Lear" in the writings of Geoffrey of Monmouth, a Welsh historian.

## GENERAL PERSHING TAKES TURN FOR WORSE

General John J. Pershing, commander of United States troops in the World war, is seriously ill at Tucson, Ariz., following a sudden turn for the worse in his battle against rheumatism. These recent pictures show the general in characteristic manner.

## ADDRESS IRKS NAZI GERMANY

### Schuschnigg's Declaration Hailed Elsewhere, However

(By Associated Press)

Echoes of Chancellor Schuschnigg's paean of Austrian freedom lingered in Europe today, but its motif of harmony with Germany became a gangling discord in Berlin.

Leading Nazis in Reichsfuehrer Hitler's capital called it a "swan song"—"for us he is finished... history will take its course without him... Austria is ours."

But Rome, which had looked askance at the Hitler-Schuschnigg "bargain" was "highly pleased" by the Chancellor's interpretation of the agreement as meaning Austrian independence and Austrian-German peace.

Austrian patriots paraded joyously after the address to the nation. Austrian Nazis were angry and there were some scattered demonstrations.

Each element viewed in contrasting light the Schuschnigg declaration "we did not make the map, but what we have we are bound and determined to keep. Austria must remain Austria."

Chancellor Schuschnigg's pledge that Austria would remain independent was lauded in the Czechoslovakian Parliament at Praha.

Socialist Deputy Karl Tymes praised the Austrian's courage for speaking as he did last night, although Austria is in a much worse position than Czechoslovakia.

## TRAILER LIBRARY PROVIDES CURB SERVICE IN BOOKS

Denver.—(AP)—"I couldn't get to the library no longer will be an excuse, in Denver, for not reading books.

A special trailer has been constructed and fitted with shelves to hold 1,500 books. It will travel about the city, like an ice cream wagon, with a bell to herald its approach.

If anyone wants a book he just runs out to the curb, hails the driver and the library stops long enough for him to select one. Inside the "perambulator," with the books, is space for the desk of a librarian.

In addition to traveling about various neighborhood streets, the trailer will be parked on certain days in parks and on busy intersections. If the first trailer is a success, others probably will be built.

Hinduism has 230,000,000 adherents.

## Big Offer Ends Tomorrow Night

The "Protect You" Vote Ballot offer which ends tomorrow night is perhaps the most important single offer of the entire campaign. There are two big reasons for this. In the first place this offer has been in effect from the first day of the campaign. The three "Protect You" Vote ballots will be awarded to the three candidates who have to their credit respectively the three largest number of votes for subscriptions turned in from the beginning of the campaign up to and including tomorrow night, Saturday, February 26. Every subscription turned in from the beginning until that time applies upon it. Thus, no one loses the advantage of a single subscription previously turned in.

Workers Redouble Efforts  
The second and really most important reason for winning one of the big ballots is, that it is logical to believe that the winners of these three "Protect You" Vote ballots will more than likely be the winners of the three biggest awards offered by The Daily Reflector.

## Hopes Revived for General Pershing Although Very Ill

Tucson, Ariz.—Feb. 25.—(AP) The heart that carried General John Pershing through many military campaigns showed unexpected strength today and physicians said he had gained ground in the last four hours.

After lapsing into a coma at 9 p. m. (11 p. m. EST) last night, the old soldier had partially regained consciousness following the administration of heart stimulants.

Dr. R. Davison, who issued an official bulletin at 6:15 a. m. (8 p. m. EST) hastened to explain, however "his condition remains critical."

Shortly before midnight Dr. Davison had said he doubted whether the once sturdy commander could "last very long."

Pershing rallied sufficiently at one time this morning to murmur half a dozen words to those at his bedside and the doctors said he showed signs of recognizing those about him.

The staff of physicians despaired of his life early last evening.

## Dies From Result Of Kick By Mule

P. T. Crawford, 66, of the Piney Grove community, died in the local hospital last night at 8:19 o'clock of a fractured skull he suffered 10 days ago when he was kicked by a mule.

Funeral services will be conducted at 2 p. m. tomorrow at the home on the Farmville highway, near Piney Grove Church. Rev. R. F. Pittman of Ayden, assisted by Rev. M. A. Woodward of Winterville, both Free Will Baptist ministers, will have charge of the services. Burial will follow in Greenwood cemetery, Greenville.

Mr. Crawford is survived by his wife, Mrs. Lizzie Allen Crawford; two brothers, John R. Crawford of Greenville, Route two, and George Henry Crawford of Ballard's Cross Roads; one sister, Mrs. Charlie Nichols of Greenville, Route two; and several nieces and nephews.

Mr. Crawford was a member of Piney Grove Free Will Baptist Church, and was a well-to-do farmer. He was born, reared and spent his entire life in the Piney Grove community.

Active pallbearers will be nephews: Travis Crawford, Clifton Crawford, Thurman Crawford, Bernice Crawford, Dewey Crawford, Bert Nichols, Thomas Allen and Jarvis Allen.

## FOUR VICTIMS IN AIR CRASHES

### Three Killed in California Mishap; One in Nevada

San Luis Obispo, Calif.—Feb. 25.—(AP)—Doctors strove today to save the life of James Lawrence, son of an English nobleman and only survivor of an airpant crash on the William Randolph Hearst ranch that killed Lord Terrence Plunket, 38 of London, his wife and their pilot.

Lawrence, his body covered with burns and his ankle fractured, lay in a sanitarium here, where he was removed yesterday from the accident scene 40 miles north of here. Dr. James Marshall said he expected Lawrence to recover.

The bodies of Lord and Lady Plunket and Pilot T. J. Phillips were brought to a mortuary here pending an inquest by Coroner C. W. Palmer.

Seeking to land his titled passengers and traveling companions on a fog-shrouded airport at the ranch, Phillips overshot the field. One wing struck the ground and the plane crashed in flames.

Reno, Feb. 25.—(AP) Robert Hancock, 50-year-old Calif. Airplane pilot, was killed today in a take-off crash that injured his employer, Adolph Spreckels, Jr., young San Francisco sugar heir.

Passengers with Spreckels were his 26-year-old former wife, Mrs. Alex Young, 30 of San Francisco; and Rex Leslie, 35 San Francisco.

## Pitt Bar Association To Entertain Ladies

The Pitt County Bar association will meet Tuesday night in the Episcopal parish house at 6:30 o'clock at which time "Ladies Night" will be observed.

Due to the fact that the ladies will be present, the business session probably will be cut short or entirely dispensed with, one local attorney declared.

## Greatest Fight Of Campaign Now On

### Greater Activity Is Being Shown This Week Than Ever Before As Workers Strive For "Protect You" Votes.—Offer Ends Tomorrow Night!

IT IS A "BATTLE OF BALLOTS"

List Of Workers In The "Cash Offer" Campaign and Votes Accepted For Publication

Mrs. Richard Williams	Greenville	2,350,000
Mrs. Richard W. Gorman	Winterville	2,341,000
Mrs. Reid Perkins	Greenville	2,352,000
Mrs. Edna Dixon	Ayden	2,346,000
Mrs. R. W. Davenport	Greenville	2,345,000
Miss Hazel Monk	Farmville	2,348,000
Mrs. H. Rivers Goodall	Greenville	2,345,000
Mrs. R. C. Abee	Greenville	2,342,000

## DEFEATS MOVE TO STRIKE TVA ITEM FROM BILL

### Sum Allowed for Construction Gilbertsville Dam

### PROPOSAL WOULD END WAR PROFITS

### House Military Committee Approves Bill Giving President Broad Powers

Washington, Feb. 25.—(AP)—The Senate refused today to strike from the \$1,400,000,000 Independent offices bill a \$2,763,000 item to start construction of the Gilbertsville, Ky., dam, part of the TVA.

Senator Vandenberg (R-Mich.) asked that the item be eliminated. It was inserted by the Senate Appropriations Committee after the bill passed the House.

Senator Norris (Ind-Neb.), sponsor of most TVA legislation, opposed the removal in a lengthy speech.

In the preceding debate Senator McKellar (D-Tenn.), told the Senate the projected \$112,000,000 TVA dam at Gilbertsville would reduce power rates one-third in a large surrounding area.

McKellar said the government would be repaid "for every dollar spent on this dam," which he said could produce power for Nashville and Memphis, Tenn., Cincinnati, Ohio, Louisville, Lexington, Paducah and Henderson, Ky., and rural areas.

"There will be no trouble about the sale of this power," McKellar said, defending a \$2,763,000 appropriation in the Independent offices (Continued on Page Six)

## WORK STARTED ON WAREHOUSE

### New Carolina To Be Owned, Operated by Floyd McGowan

Work started this morning on Greenville's newest tobacco warehouse, to be known as the New Carolina and which will be owned and operated by Floyd McGowan.

The proposed building will be located on Dickinson avenue and will extend all the way through to Chestnut street. The building will have a floor space of approximately 75,000 square feet, larger than any warehouse in Greenville at the present time.

The building and lot will represent an investment of \$50,000 and will provide Greenville with another modern warehouse. The building will be modern throughout.

Mr. McGowan is well known in local tobacco circles. He has been connected with the Greenville mart for the past 15 years and not only is known throughout the county but by farmers and others over the entire Eastern tobacco growing section.

## Dictatorial War Control Measure Provokes Crisis In Japanese Government

### Tobacco Farmers Endorse Compulsory Crop Control

### Bright Flue-Cured Association of Warehousemen Formed

Raleigh, Feb. 25.—(AP)—Tobacco warehousemen of the two Carolinas and Virginia unanimously endorsed "compulsory control of flue-cured tobacco for 1938" and formed the Bright Flue-Cured Tobacco Warehousemen's Association here today.

An executive committee consisting of presidents of the various tobacco belt associations will direct the new body. Charles B. Bryan, of Danville, Va., was elected president and C. P. Paulette, also of Danville, was named secretary and treasurer.

The resolution backing compulsory control urged all tobacco growers to vote for control in the March 12 referendum.

Fear was expressed if control is not voted on the 1938 crop there will be "a recession of pride below the cost of production."

B. B. Sugg of Greenville discussed the tobacco situation since 1930, pointing to the surplus crop in 1937 "the new bill proposes to give a normal supply," said Sugg, "making a fair price to the consumer and to the farmer."

Sugg said he thought the new act "is more favorable to the farmers than any bill suggested before" and forecast "this is only the beginning of the farmers' attempt to get fair prices."

Calif. Knott, chairman of the Middle Belt Warehousemen; Wilson Jordan, secretary of the Warehousemen's Association of South Carolina; and W. E. Fenner of Rocky Mount, also discussed the act. Jordan said he thought South Carolina warehousemen would support any stand taken here.

Fenner expressed the opinion the "little grower" was protected in the bill and urged warehousemen to aid in getting it approved.

J. Con Lanier of Greenville explained the program and urged his listeners to support it. He said he had received a reliable report Georgia growers would support the measure.

H. W. Winstead, of Danville, Va.; J. C. Adcock, of Oxford; Lawson Jordan of Mullins, S. C.; Lanier and Tom Smith of Lumberton were named to a resolutions committee.

## Postpone Inquest In Gaylor Death

An inquest into the death of Joseph Edgar Gaylor, who was killed Thursday afternoon, February 17, in an automobile collision at the intersection of Tenth and Evans street, was postponed today until March 18.

The inquest was scheduled to have been held this afternoon at the Williams Funeral home. A large number of witnesses were on hand as the scheduled hour arrived, but shortly afterwards it was announced that the hearing would be postponed at the request of members of Gaylor's family.

Gaylor was killed in a collision between cars driven by him and John H. McElroy, attorney of Marshall. The lawyer posted bond of \$1,000 and this will continue in effect until the coroner's inquest is held next month.

## Drys Concentrate On Assemblymen

Raleigh, Feb. 25.—It is a noticeable fact that amid all the rumblings of an approaching offensive by North Carolina's dry forces there is not even a murmur to indicate that the cohorts headed by Cale K. Burgess and other champions of prohibition intend to take any part whatever in the United States Senate race between Robert R. Reynolds and Frank Hancock.

Your correspondent has more than once attempted to draw from Mr. Burgess or from other dry leaders just what they plan to do about this little matter, but to date his efforts have been wholly unsuccessful.

Apparently the United Dry Forces are for the moment letting the national situation take care of itself. They probably realize that prohibition on a national scale is far off; but they see right here in North Carolina an excellent opportunity to strike a blow that will restore the state to the technically dry areas.

## 'Board Bill' Baby

### Held for five of his eight months by a neighboring family as security for a \$16 board bill, the infant son of Mr. and Mrs. Fred McCallister is shown with his mother at Carlisle, Pa., after being restored to her by court order. "You cannot put a lien on flesh and blood," said the judge.

Because of the crisis Japan approached the anniversary of the army uprising of February 26, 1936, with grave apprehension.

Adding to the concern was the Chinese bombardment Wednesday of Formosa and fears that one of the main islands of Japan's thickly settled empire might be subjected again to air raids.

Hankow, China, sources said meanwhile, the government of the United States has told Japan in a blunt note that it has no intention of ordering evacuation of Americans in the Central China war area, as the Japanese army formally had requested.

It was understood in diplomatic circles there that the note declared Americans have a perfect right to live and carry on their duties in any part of China regardless of the presence of the Japanese army.

Shanghai reports indicated 25 new Chinese divisions, according to Chinese, are being organized and equipped for a counter-offensive against Japanese armies trying to swallow the vast Central China Lunghai area.

## CIVIL SESSION IS COMPLETED

### Superior Terms Set For March-April, However

A two week's term of civil court was completed here yesterday after a number of cases had been disposed of, but sessions of Superior court are scheduled both for March and April.

A mixed term set to start March 21 will be devoted entirely to criminal court, it has been announced by J. Frank Harrington, court clerk. The April term also is mixed and it has not been decided whether the session will be devoted to civil, criminal or one week of each.

Judge Henry A. Grady will preside over the March term, but he and Judge Paul Frizzelle have traded for the April term and Judge Grady will be in his home judicial district, the sixth, while Judge Frizzelle will remain in his home district.

Several divorces were granted at the civil session just completed as follows: Dorothy Wilson vs Francis Wilson; Paul Williams vs Dora Moore Williams; Alonzo Jones vs Pattle Pollard; K. Batson vs Ruby Batson.

Separation papers were issued to Mae Hardee vs Grover Hardee.

And so they are concentrating their fire on the state's General Assembly membership and it will not be in the least surprising if they are able to make liquor again the most troublesome and aggressive issues before the legislature.

As between Reynolds and Hancock the drys have little but Hobson's choice as both are classed as wets in the books of the prohibitionists.

Mrs. Helen Robertson Wohl has been flirting with the United Dry leadership in an effort to get its wholehearted backing in a drive to unseat "Our Bob" but judging from her failure to announce, she has been none too successful. The canny Cale K. is likely to commit himself or his followers to a candidate he fears can't be elected.

Meanwhile Charlotte writers (probably because they can't think of anything else to write) continue to keep Cam Morrison before the official blessing, and you may lay to that.

## LOWER HOUSE AGAINST BILL

### Members Contend the Measure Fashioned After Fascist Law

### CABINET FAVORS WAR-TIME RULE

### America Said to Have Declared Nationals Have Perfect Rights in China

Tokyo, Feb. 25.—(AP)—The Japanese Cabinet and Parliament were in a bitter deadlock today over a dictatorial war control bill.

A situation amounting to a Cabinet crisis crystallized between the Diet (Parliament) and the Cabinet over the measure lower House members objected was copied after Fascist laws of Germany and Italy.

The government was determined to obtain approval for the general mobilization bill, which would impose war-time regulations of Japanese business, finance, property and private lives.

Because of the crisis Japan approached the anniversary of the army uprising of February 26, 1936, with grave apprehension.

Adding to the concern was the Chinese bombardment Wednesday of Formosa and fears that one of the main islands of Japan's thickly settled empire might be subjected again to air raids.

Hankow, China, sources said meanwhile, the government of the United States has told Japan in a blunt note that it has no intention of ordering evacuation of Americans in the Central China war area, as the Japanese army formally had requested.

It was understood in diplomatic circles there that the note declared Americans have a perfect right to live and carry on their duties in any part of China regardless of the presence of the Japanese army.

Shanghai reports indicated 25 new Chinese divisions, according to Chinese, are being organized and equipped for a counter-offensive against Japanese armies trying to swallow the vast Central China Lunghai area.

## Expect To Reopen Emerald Mine At Spruce Pine Soon

### Idle Since 1900, South's Only Emerald Mine to Begin Operations Shortly in This State

Reflector Bureau.  
Raleigh, Feb. 25.—The South's only emerald mine, near Spruce Pine, will be reopened soon, according to word reaching here from Edward Fortner. The mine is owned and will be operated by the Crabtree Mining Corporation.

Mr. Fortner said that the water which now fills the 50 foot shaft of the mine will be pumped out just as soon as weather conditions permit and the mine will be put into operation again. He recently purchased the mine, which is situated 15 miles south of Spruce Pine, in cooperation with B. C. and J. P. Grindsstaff.

The mine has not been operated since 1900, but previous to the opening of the current century it produced for a number of years. A recent revival of interest in and demand for jewels led to the purchase of the mine last year.

Prospecting has revealed large quantities of emeralds, all of them small stones. Specimens were submitted to Tiffany experts by Mr. Fortner, but the experts declared the stones were too small for valuable cuttings, although they were of good quality.

Acting on experience that emeralds usually increase in size as the mine from which they come grows deeper, the Crabtree Company has decided to take a chance on its operations proving profitable.

Precious and semi-precious stones of almost every kind are found all through the Spruce Pine section, but they usually occur in deposits of feldspar, mica and kaolin where they are regarded as a nuisance rather than assets. Almost every refuse pile of a non-ferrous mineral mine is a miniature mine for gems, but the stones are too small to be worth much. Occasionally, however, large and valuable pieces of stone are found, but such finds have been too sporadic to figure in commercial mining.

# Social and Personal

Miss Bess Lowe has returned from New York where she has been to purchase spring merchandise for Lowe's store.

Mr. and Mrs. T. H. Wilder of Raleigh, spent yesterday here. Mr. and Mrs. G. B. Staring left today for Baltimore, Md., where they will reside for the next few months.

Mrs. J. T. Chestnut, Jr., Mrs. W. I. Harrington, Mrs. Willis Glass, Mrs. Graham Flanagan and Mrs. Tom Smoot spent yesterday in Richmond.

**Mrs. Darden Ill.**  
Mrs. W. A. Darden, Holly street, is confined to her home on account of illness.

**Legion Auxiliary To Meet.**  
The American Legion Auxiliary will meet Monday afternoon at 3:30 with Mrs. H. C. Sugg at her home on Fifth street.

**Mr. Taylor Ill.**  
J. O. Taylor continues critically ill at his home on Eighth street.

**Mrs. Tripp In Hospital.**  
Mrs. Jarvis Tripp underwent an appendectomy this morning in Pitt General Hospital.

**Attend Waddell-Carr Wedding.**  
Mrs. Charles Skinner, Sr., Mrs. E. F. Ficklen, Mr. and Mrs. James Ficklen, Dr. and Mrs. L. C. Skinner, James Cotten and Deigo Skinner, James Charles and Louis Skinner, Stuart and Charles Carr have gone to Norfolk to attend the Waddell-Carr wedding which will be solemnized there on Saturday.

**Masquerade Dance.**  
At the masquerade dance to be given by the German Club Monday, February 25th, prizes will be awarded for the most original and the most attractive costume. Masques will be provided at the door for guests not in costume. For the convenience of those wishing to buy masques, White's Stores now has them for sale.

**By LUCY GRIMMER**  
Miss Mary; Lois Stator, a student at Flora McDonald College, visited her parents, Mr. and Mrs. W. L. Stator, last week-end.

Mrs. W. J. Mayo visited relatives and friends in Norfolk and Cape Henry, Va., last week-end.

Mrs. Clayton Carson entertained the "Little Bridge Club" Tuesday afternoon. Little George Washington hats filled with cherries were given each member. Upon finishing playing, a salad course was served. Mrs. Wadie Ward won high score prize and consolation prize went to Mrs. F. L. Pollard.

Mrs. W. J. Mayo entertained the Tuesday Afternoon Bridge Club at her home. Mrs. Edward Cherry was awarded high score prize. The hostess served a sandwich course with Coca-Cola.

The regular meeting of the Bethel Rotary Club was in charge of Mr. "Bo" Gurganus Tuesday night. The club was visited by Mr. Z. E. Brinson, a Tarboro Rotarian; Messrs. Andy Anderson, Paul Roberson and Vance Roberson, Robersonville Rotarians; and Rev. Lem Clegg, the local M. E. Church minister.

Mrs. H. L. Manning of Robersonville, is visiting her mother, Mrs. J. C. Wynne, Sr., of Bethel.

The Bethel high school basketball team are participating in the E. C. T. C. tournament which is being held February 23-25.

The Johnston County Ramblers gave a performance at the Bethel school Thursday night, Feb. 24.

The Bethel P. T. A. and Social Service are sponsoring an amusement hour to be held in the Bethel high school building Friday night. During the evening bridge, set-back, bingo and checkers will be enjoyed by all.

**Fellowship Banquet.**  
On Sunday night at 8 o'clock in the local Presbyterian Church the Older Young People's Group will hold a Fellowship Banquet, at which time the Rev. Wallace M. P. Alston, director of Young People's Work of the Southern Presbyterian Church, will speak. Mr. Alston, a challenging speaker and a young man in his early thirties, came to his present position in 1935 after a pastorate in the Maxwell Street Presbyterian Church, Lexington, Ky., where work with university students was his main emphasis.

The Fellowship Banquet to be held this Sunday night is the February meeting of the Older People's group, following its schedule of monthly supper-meetings. Bill Brown, who will preside and act as toastmaster, is president of the group, and Harvey Deal, secretary-treasurer.

Reservations have been made for 100 young people between the ages of 18-25. In addition to the local group and members of the Presbyterian Student Association connected with the college, representatives from the older youth groups in the Presbyterian churches of Kinston, Rocky Mount, Wilson and Goldsboro will also be present.

The meal will be served and furnished by members of the Woman's Auxiliary of the local church.

In addition to Mr. Alston's address at the Fellowship Banquet, he will also preach at the morning service Sunday, at which time adult members of the congregation, and friends in the community, will have an opportunity to hear him.

**WANTED!**  
Several Beauty Operators  
Permanent Wave Shop  
Munford Bldg.—Five Points

## Social Calendar

**SATURDAY**  
1:00 p. m.—Mrs. J. Vance Perkins will entertain the Inter Se Book Club at a luncheon at her home on Third street.

**Undergoes Operation.**  
Robert Earle Briley, son of Mr. and Mrs. Gus Briley, underwent an operation in the Kinston hospital yesterday and is doing quite well.

**In Kinston Hospital.**  
Garland Eugene Harris, son of Mr. and Mrs. Ben B. Harris, was operated on in Kinston Hospital Thursday.

**Tea For Thrift Shop Workers.**  
On Thursday afternoon the regular workers of the Thrift Shop met at the home of Mrs. Judson Blount, the chairman of the advisory board. A delicious tea was served in the sun parlor and a sociable time was enjoyed by all. Mrs. R. C. Stokes presided at the tea table, and the members of the advisory board welcomed the guests as they arrived.

After tea everyone adjourned to the living room for a meeting to discuss the various problems and items of interest concerning the shop and its work. A letter from Dr. Ebnett was presented, showing the need for volunteers at the clinic—both motor messenger and clerical services being cited.

**Masquerade Dance.**  
At the masquerade dance to be given by the German Club Monday, February 25th, prizes will be awarded for the most original and the most attractive costume. Masques will be provided at the door for guests not in costume. For the convenience of those wishing to buy masques, White's Stores now has them for sale.

**Personal**  
J. P. Harrington of Ayden spent today here.

Mrs. E. M. Albrinton of Farmville, is visiting Mrs. T. E. Hooker.

**Notices**  
Knights of Pythias meet tonight. Pitt County Rifles had a meeting and drill this afternoon. You can't scare the boys with war talk.

**Always A Crowd**  
An exchange this morning from a town to which a railroad has just been built says crowds of people flock around the depot to see every train come in and that it will be that way until the novelty wears off. Greenville has had a railroad ten years, and the novelty has not worn off yet, if we can judge by the crowds about the depot every day.

**Special Fair Train**  
On Thursday, March 3rd, a special train will be run over this road to the New Bern Fair. The train will start in Scotland Neck and pass through Greenville at 8:07 o'clock a. m. The round trip fare from Greenville including admission to the fair is \$2.25. This special train will give many of our people a chance to spend one day at the fair if they can't make a longer stay. A large crowd will go from here.

**THIS CRIPPLED YOUTH RIDES MANY HOBBIES**  
Kendallville, Ind. (AP)—Although Jack Preston, 20, was given up for "dead" seven times and has been crippled for 13 years as a result of arthritis and complications, he has become a manufacturer of model airplanes, stamp collector and inventor of living room games.

Construction of model airplanes, Preston says, "has become mere play." Some time ago he built 37 planes and sold each for \$1.50. His collection of 10,000 stamps has been valued at more than \$300. He has invented such games as table basketball, table hockey, table track and table softball.

**LAUTARES' WE GUARANTEE WATCH REPAIRING—JEWELRY REPAIRING Engraving—Reasonable Price**

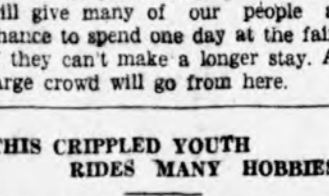

**NEW SPRING COATS DRESSES HATS**

We are receiving daily shipments of the prettiest new things for spring.

They're Smart!  
They're Practical!

**LOWE'S**  
"Smart Apparel For Women"

## QUESTIONS ON SECURITY ACT

### Queries and Answers Presented for Benefit of Public

**What's What About Social Security?**  
As another service to its readers, the Daily Reflector each week will give authoritative answers to questions on the Social Security law.

By special arrangement with Geo. N. Adams, manager of the Social Security Board office in the Municipal building, Rocky Mount, the Social Security Board has consented to pass on the accuracy of answers to questions on Social Security which may be asked by employers, employees, and others, through the Daily Reflector. Address inquiries to The Editor. Answers will be given here in the order in which questions are received. This is an informational service and is not legal advice or service. In keeping with Social Security Board policy names will not be published.

**Question:** I will be 65 years of age on March 3, 1938. If I file a claim for a lump sum benefit at that time must I give up my present employment?

**Answer:** Since you would not be eligible for a monthly old age benefit due to the fact that you have worked for some part of five different calendar years after December 31, 1933, and before reaching the age of 65, you would be entitled to a lump-sum payment. Since you are entitled to a lump-sum payment, you would not be required to give up your present employment upon filing a claim after you reached 65.

**Q:** I expect to get married and change my name. Should I have my Social Security account number cancelled and get another number?

**A:** No. Call at or write to your Social Security Board field office and ask them to furnish you with a form for changing their records. After you have filed this form the records in the Social Security Board will be changed to show your new name, but you will retain the account number which you already have been using.

**Q:** How many people must be employed in a store before that store come under the Social Security Act?

**A:** For the old-age insurance section, one person is sufficient to bring a store under the Act. For the unemployment compensation section under the Federal Act, eight or more employees are necessary. Under the State acts this varies according to the different States from one to eight persons.

**Q:** I have just married. My wife worked before we were married and had a Social Security account, number and paid taxes on her salary. She does not work now and possibly will not work any more. Can she get any money under the Social Security Act for the time she has already worked?

**A:** The wages she has earned will stand to her credit until she reaches 65. If she should earn more wages between this date and the time she reaches 65, these, likewise, will be credited to her account. She will not draw monthly benefits, however, until she reaches 65. Should she die before she is 65 a lump-sum payment equal to 3/4 per cent of her wages earned since December 31, 1936, in employment not specifically excepted under Title VIII of the Social Security Act, will be made her estate.

**Courses in domestic duties and mothercraft, organized in Germany by the Motherhood Service Department of the National Socialist Women's association, have been attended by 1,200,000 women.**

## MODES of the MOMENT

**BALL-AND-CHAIN ACCENTS**—The strong vogue for jeweled accents is reflected in this gold, gem-studded ball-and-chain to wear on the shoulder of a black wool mid-season frock. The bracelet matches it. A rust colored velvet beret, tucked sunburst-fashion, makes another chic accessory to the black dress.

## SINCLAIR'S ILLNESS ENDS COURT SESSION

Raleigh—Judge N. A. Sinclair was taken ill while holding court here yesterday and was taken to his home in Fayetteville, where last night he said he was "feeling much better" and expected to return to Raleigh Monday.

Trial of a civil case was in progress when Judge Sinclair suffered an attack of acute indigestion. He returned to his hotel room and later notified Sheriff N. F. Turner to adjourn court. Deputy Wintaker drove him home.

When his residence was called last night, the jurist himself answered the telephone and said "You can tell the folks I'm all right."

Judge Sinclair has been on the Superior Court bench since January 1923 and now is completing his second full term. He recently announced for re-election.

**ADMINISTRATOR'S NOTICE**  
Having duly qualified as Administrator of the estate of W. M. Norville, deceased, late of Pitt County, and the State of North Carolina, this is to notify all persons having claims against the estate of the said deceased to exhibit them to the undersigned at the office of J. C. Lerner, attorney, in Greenville, N. C., on or before the 20th day of January, 1938, or this notice will be pleaded in bar of their recovery. All persons indebted to the said estate will please make immediate settlement.

This the 19th day of Jan., 1938.  
MRS. LENA NORVILLE, Administrator of the estate of W. M. Norville.  
J. C. Lerner, Atty.  
Jan. 20-19-38-6w.

## OPPOSITION TO FUEL OIL LEVY

### Boland Bill Brings Quick Action on Part of Industry

Introduction in Congress of the Boland bill levying a one per cent per gallon tax on fuel oil used for heating and power production has brought quick action on the part of the oil industry, which sees in the bill a threat to millions of families.

According to J. B. Lance Jr., Chairman of the Pitt County Petroleum Industries Committee, "The burden of the tax in this state would fall on the home owners of North Carolina. More than ten per cent of them have already installed oil burners to obtain the comfort and economy of oil heat. The Boland bill would increase their annual fuel bill \$21 on the average, or nearly \$2 per month for each family using oil heat."

He pointed out that a cent a gallon levy in North Carolina would be in effect a fuel oil sales tax of approximately 12 1/2 per cent (the average price in North Carolina being about eightcents a gallon) which is in addition to the three per cent sales tax already in effect on all fuel oil.

Not only would home owners be hard hit, he contended, but dwellers in apartment houses would be forced to pay increased rent because of increased cost of heating the buildings. Hotels, he estimated, would in many cases find their fuel bills increased as much as one-third.

"The proposal to impose a cent a gallon tax is not only a big step backward, but is an imposition on the intelligence of the American people," he said.

# UNC FAVORITE TO COP TITLE

## Tar Heels Ranked No. 1 for Southern Conference Play

Raleigh, Feb. 24.—The victory it gained Tuesday night at the expense of North Carolina State placed the Tar Heels of the University of North Carolina in the most favored position for the running off of the seventeenth annual Southern Conference Basketball tournament here March 3, 4 and 5.

The Tar Heels have dropped but one Conference game in 13 attempts and will come to the tournament ranked No. 1. The loss was to Wake Forest in an early season game. In a later game, the Tar Heels beat the Deacons without trouble.

Carolina is a hard team to defeat in the tournament. Last year it fought its way to the finals where it was stopped by Washington and Lee. In 1936 the same teams reached the finals again, but this time Carolina was the winner.

Captain Earl Ruth, guard, leads the fighting band from Chapel Hill. He is one of the finer guards of the Conference. Andy Bershak, football star and scholar of note, is the scoring gun. He dropped in 19 points against State on Tuesday night—the most he ever made in one game—but Bershak is always a point maker.

The question is: Is there another team in the Conference that has a chance of beating Carolina in the tournament? State College is thought to have the strongest team next to Carolina, but the Red Terrors find it impossible to outscore the Heels. The Chapel Hill team has taken 11 successive games from State—all by close scores—and on most occasions State was the favored team. Some tournament fans contend that Carolina can go on beating State forever and that if Carolina is to be stopped State will have to do it.

Washington and Lee may turn the trick. The Generals are always tough for Carolina. The Tar Heels had to put on a gallant finish to beat the Virginians at Chapel Hill last week. When Bob Spessard, center; Kit Carson, forward, and Bill Berries, guard, are right, it takes great basketball to turn back the Generals.

Washington and Lee is harder to take in the tournament than at any other time. The setting seems to agree with the team. Another thing in favor of the Generals is that they are popular with tournament fans. Fans like the brand of ball the Generals play.

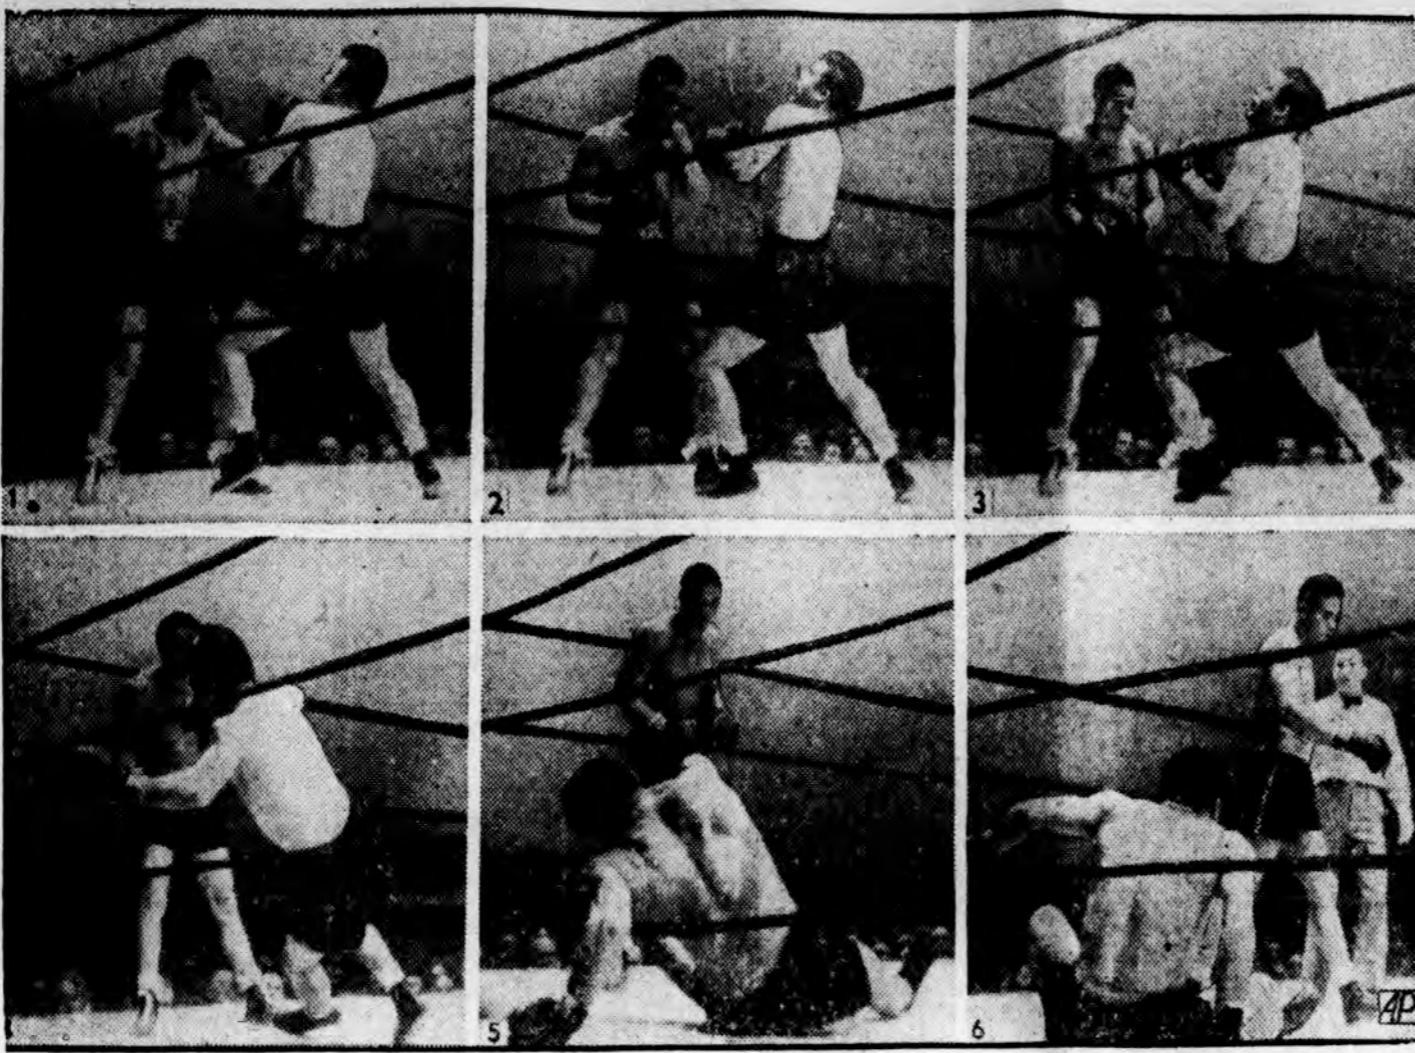

When there are other teams expected to be invited to the tournament—Duke, Clemson, The Citadel, Maryland, and Richmond, Carolina has defeated Duke, Richmond and Clemson. It has not played The Citadel or Maryland. The last two clubs may be able to check the Heels, but it doesn't look possible.

Teams to compete in the tourney have not been selected, but the clubs mentioned have the best standing in the Conference and probably will be tournament contenders. The Conference basketball committee will meet in Lynchburg, Va., on Sunday to select the eight teams, seed and pair them.

The tournament will open on Thursday afternoon, March 3, with two first-round games. There will be two more first-round games that night, and the semi-finals will be run off Friday night. The championship game will be played Saturday night.

Indications are that the largest crowds in the history of tournament will see the games.

## HERE'S HOW BOMBER JOE FLATTENED MANN FOR THE COUNT

This series of magic eye camera pictures shows what happened in the third round at Madison Square Garden, New York, when Joe Louis connected with Nathan Mann for the 1st time of their scheduled 15-round heavyweight title bout. (1) Joe connects with the K. O. punch, and Mann's hair flies up; (2) Mann registers agony; (3) Mann starts to go over, as Louis watches carefully; (4) Mann falls into the ropes; (5) he goes on his side, and (6) Joe walks away—his title safe. It's all over.

## Four Pitt Teams Left In High School Tourney

### Thrilling Game Won By Bethel Over Washington

By BERT MOYE

In the second round of preliminaries at the third annual invitational basketball tournament, which is now in full swing at East Carolina Teachers' College Campus Building, ten teams were eliminated from the race for championship honors yesterday afternoon and night. Of this number there were six teams in the boys' division and four teams in the girls' division. Following the second round of preliminaries there are now remaining in the tournament a total of seventeen teams, eight in the girls' division and nine in the boys' division.

### Four Pitt Teams Remains

Of the seventeen teams remaining in the tournament, four of them are situated here in Pitt county. They are the boys' teams of Stokes and Arthur, and the Bethel boys and girls' teams. All three of the boys' teams came out victorious in the second round yesterday, with Stokes defeating Grifton 41-9; Arthur defeating Bath 26-16, and Bethel boys defeating the Washington boys 4-21. The Bethel girls' team drew a bye in the second round.

## Summary Second Round Play

In the opening game of second round play yesterday afternoon the boys from Stokes, who according to those attending the game need to bear watching from now on, defeated the quintet from Grifton by the tune of 41-9. It was Stokes all the way through the game and at the end of the contest the score was 41-9.

Fleming, center, won on the opening day, leading his teammates in a victory over Swan Quarter, likewise repeated his fine work in the game with Grifton and scored a total of 16 points. Brown with three points led Grifton.

In the girls' game between Beulahville and Hobgood, the Beulahville textet came through easy with a 41-12. In a tournament play by defeating the Hobgood sextet 41-12. At the half, the Beulahville lassies were leading 9-6. Boudie and Kennedy, forwards, with 12 and 11 points respectively led the attack of the winners. Miss Scott with eight points led the losers.

In the third game of the second round yesterday the Plymouth sextet defeated the Murray sextet 22-14. At the half Plymouth was leading 6-5, but despite the closeness of this score they lead throughout the entire game. Miss Edmondson with 18 points led the Plymouth sextet with seven points.

In the fourth game, the boys of Arthur also won their first round in the tourney as they turned back the quintet from Bath 23-16. Leading at the half 14-8, the Arthur boys soon began to find the basket to end up on top. Nichols, forward, with 11 points, led the Pitt county team, while Gurganus, with a dozen points, led the Bath quintet.

The boys from the Creswell high school eliminated another Pitt county team in their first win of the tournament yesterday as they defeated Chirod 31-22. Collins, forward, led his teammates to victory by shooting 21 of his team's points. Moore led the Chirod team with nine points. The Creswell boys had a 13-9 lead at the half mark.

The Bridgeton boys' team, who drew a bye in the opening day play, likewise had an easy time winning their first game, when they defeated the Belhaven boys 41-19. At the half Bridgeton was leading 18-8. Dawson and Bell with 19 and 17 points respectively, led the Bridgeton attack, while Mann and Peche with eight points apiece led the Belhaven boys.

The Aurora boys found in Fort Barnwell an easy prey for their first tourney win, by easily defeating the Craven county boys 49-15. At the half Aurora was leading 24 to 2. Tew, forward, shot seven of Fort Barnwell's points to lead the losers, while Jones set the pace for the winners with 16 points.

Bethel Wins Thriller  
Coach Walter Latham's quint of the Bethel High School won a thriller in last night's game with Coach Kelly's Washington high school by a close of 24-21. The game was very close from beginning to end and the lead ever three points differ-

ence. The game was tied up during the first half at 8-all and the half ended at 9-all. During the final half the score was tied at 11-all, 13-all, and 15-all. However, Bob James, Bethel forward shot two field goals in rapid succession to place his team in the lead and throughout the remainder of the game.

Bob James set the pace for the Bethel quint by making a total of 17 points. Billy Duke led the Washington lads with nine points. The win tonight was Bethel's second in tourney play and the second time that Bethel has eliminated Washington in tournament play by the same score, having eliminated the Beaufort county team last year by a score of 24-21.

The Dunn sextet, runners-up in last year's final play, won their first victory in tourney play last night by defeating the sextet from Aurora 42-27. At the half the Dunn girls were leading 16-13, but during the second half they found their stride and won easily. Mary Lincoln, Tart led the winners with 20 points. Ruby Lee Ferrell with 16 points paced Aurora.

In the final game of the night's play, the Bridgeton sextet easily defeated the Bath sextet 57-32. The win was Bridgeton's second victory in tourney play, having defeated the girls from Lafayette high school 38-35 in a thriller Wednesday afternoon. The win for Bridgeton last night placed them in semi-finals play in the girls' division and they will play the winners in the Deep Run, Green Hope—W. A. Edgemore girls play which takes place today. Duby Lewis with 25 points led the Bridgeton sextet, while Edith Cartwright led the losers with 13 points.

Results of second round play at

# INDOOR TRACK MEET AT HILL

## 5 Individual Champs To Risk Titles on Saturday

Chapel Hill, Feb. 24.—Five individual champions and North Carolina's one-mile relay team will be defending their titles here Saturday afternoon and night when the University of North Carolina plays host to over 450 athletes and forty institutions from six states and the District of Columbia at the ninth annual Southern Conference Indoor Games.

The feature contests will be held in the Tin Can at night beginning at 7 o'clock. Most of the preliminary and several finals will get under way at 1:30 o'clock in the afternoon.

The returning champions are Hubert Reavis, Duke, in the 70-yard low hurdles; Jim Rogers, Washington & Lee, in the 70-high hurdles; Frank Cronin, Maryland, in the 440 run; Ed Miller, Maryland, in the high jump; Dick Strickler, VMI, in the shot put, and North Carolina's mile relay. The Tar Heels, however, will have Bill Hendrix from the winning team last year and three new members in the line-up.

Two of these champs, Miller and Cronin, tied and equalled meet records in their performances a year ago. Although Miller of Maryland finished second in the high jump he

led the record set by Carter of Miss in the earlier jumps than did Carter.

Cronin tied the 440 mark of 52.4 set by a teammate, Evans, in 1936. He beat a fine field which included Fred Ullman of Carolina, Woody George and Harold Johnson, both of Duke. Cronin finished second in the outdoor 440 run.

Track Coach Dale Ranson is confident that the University's new banked indoor track, which goes on display for the first time Saturday, will considerably speed up the time for the running events. The boys just naturally run faster on the boards and anyone of the eight running records may be broken again. And that includes Rich-

mond's Bill Lumpkin whose 9:30.7 two mile mark set last winter, is one of the best in the books. Rogers and Strickler are both outdoor as well as indoor champions. Rogers won the 120-yard high hurdles in the Conference meet at Duke last Spring while Strickler finished first in his specialty, the shot put.

## It's Odd But It's Science

By HOWARD W. BLAKESLEE (AP Science Editor)

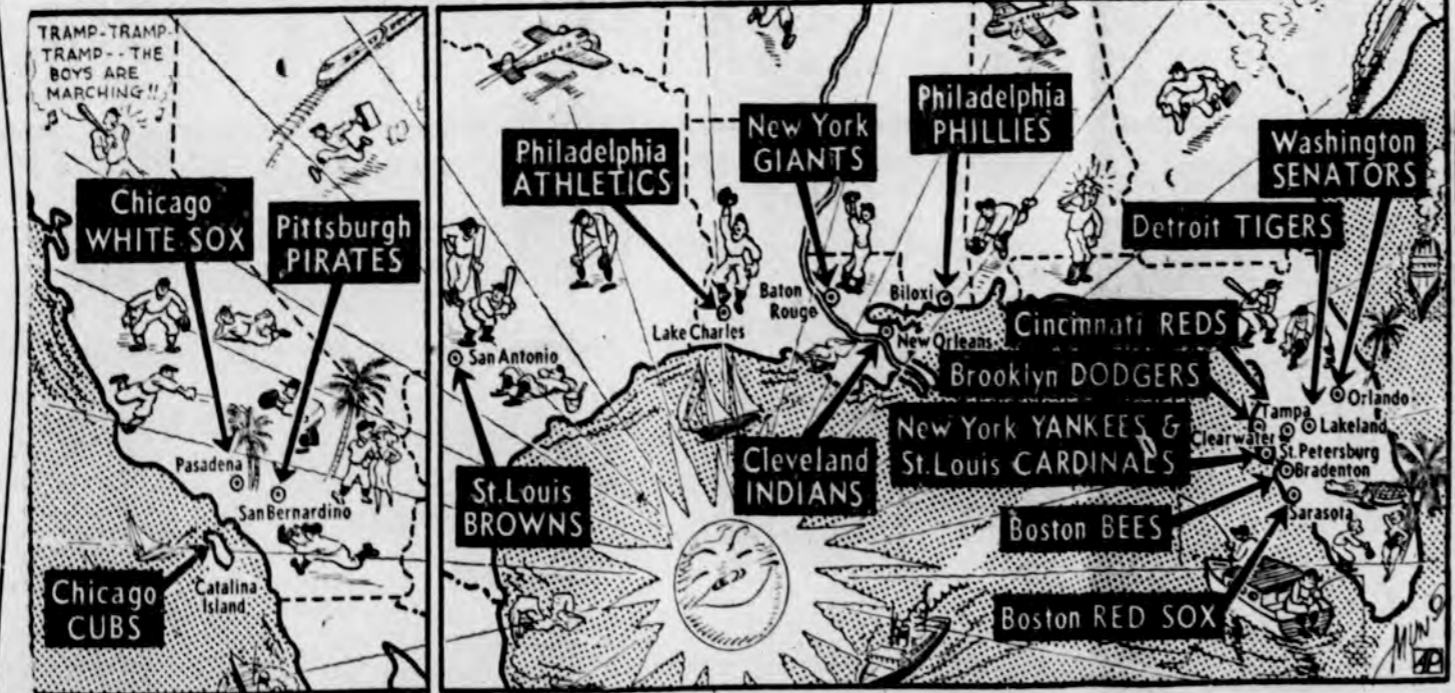

Ithaca, N. Y.—A yellow cake of sulphur about the size of a piece of soap lies on the desk of George F. MacLeod, assistant professor of entomology at Cornell University. The sulphur ticks like a watch. It has been ticking for four years. That is, since the Texas Gulf Sulphur Company gave it to Dr. MacLeod to see whether he could find out new things about sulphur.

The cake has to be placed to your ear to hear the ticking. The sounds are a little irregular. They make you think of a watch having difficulty to get going; of the sound of a cold night of intense, clear, still cold. When this sulphur ticks Dr. MacLeod has not been able to learn probably is due to drying, he says. The cake loses a fraction of 1 per cent of its weight in a year.

But Dr. MacLeod has discovered several new uses for sulphur. It is not a poison. Yet he finds it will do the work of a poison in a different and very effective way. The yellow powder will keep various kinds of insect pests away from the crop they destroy. It kills some insects. Apparently it does this by the gas it generates. The gas, hydrogen sulfide, has the smell of rotten eggs.

France is planning to install the world's most powerful television station in the Eiffel tower.

## Players Cavort Beneath Warm Skies As Spring Drills Cost Clubs 5 Million

### By DILLON GRAHAM (AP Feature Service Writer)

**NEW YORK**—On the theory that cold cash is important, anything that costs half a million dollars seems worth looking into. That, roughly, is the cost of baseball's spring training.

Late every February the 16 major league clubs—and many minor league teams—strike out for southern bases for six weeks of conditioning and practice tilts.

Beneath warm skies and to the gentle swishing of palm trees, several hundred players scamper about on diamonds in Florida, California, Mississippi, Louisiana and Texas.

Veterans move along with easy strides, gradually shaking the winter kinks out of their muscles; rookies are more anxious and eager—they must sell themselves.

There are more than a hundred rookies trying to prove their abilities, ambitions to be stamped as major leaguers. Some clubs carry only a few rookies, others offer op-

portunities to many. The size of their rookie corps, along with the style in which they live at resort hotels and the extensiveness of their exhibition game tours, varies, the spring training cost. Some clubs spend \$30,000 while others go as high as \$70,000, or more.

The purposes of spring training are five-fold.

1. It serves to condition players after a winter of inaction.
2. It gives managers an opportunity to look over the rookie crop, and to experiment in trying players at different positions.
3. The exhibition games afford the actual competition necessary to have the teams ready to go at top speed once the season opens in mid-April.
4. The training trips send the teams as baseball missionaries to localities where high-class ball is seldom seen.
5. The ballyhoo value is advertising that couldn't be bought.

Newspaper writers trek along with every team and the folks back home get daily digests of the activities of their favorite players.

The clubs generally get guarantees from the cities they choose as training camp bases and this cuts their expenses some.

It's hard work, combined with a nice vacation. After they've done their stint in the practice yards, the players have all the benefits and pleasures of winter resorts, live at the best hotels and sign checks for sumptuous food.

It seems that Pop Anson, Chicago manager, ordered the first training camp in 1885 when his players reported out of shape. And John J. McGraw, New York Giant pilot, was the first to take his players to the hot hotels. In the early days many baseball players were rowdies and the inn keepers that players could be gentlemanly guests.

Here are the spring bases:

- National League**  
Boston Bees—Bradenton, Fla.  
Chicago Cubs—Catalina Island.  
Philadelphia Phillies—Biloxi, Miss.  
Cincinnati Reds—Tampa, Fla.  
New York Giants—Baton Rouge, La.

## SHORT SHOTS

By HENRY AVERILL

Raleigh, Feb. 25.—Farmers of North Carolina are going to have plenty of opportunity to have the crop control act explained to them before the cotton and tobacco referenda are held on March 12.

E. Y. Floyd, AAA executive officer at State College, has announced a schedule of meetings to be held in no less than 81 counties between now and March 10. The other 19 counties, he explained, are in the very mountainous sections where little of either crop is raised.

Meanwhile there are rumors that big tobacco companies and big tobacco growers are conducting an undercover campaign against ratification of the control features of the act by the necessary two-thirds majority of farmers voting in the referenda.

Action of a Salisbury jury in find-  
ing that Turfand, boom-making joint  
in the Rowan county seat, is used  
for gambling paves the way for any  
city in the state that wants to do  
so to rid itself of these places.

Of course, notice of appeal to Su-  
preme court has been filed by the  
Salisbury defendants, but there is  
small likelihood that the state's  
highest court will reverse a decision  
reached by the jury after having  
heard all the facts.

Finding that the bookmaking es-  
tablishment is a gambling house  
and therefore restrainable under  
common law, came as a result of a  
suggestion in this column that such  
a course could be pursued with suc-  
cess. Previously efforts against the  
bookies had been confined to in-  
dictment for violating the lottery  
statutes, charges which could not  
be sustained and which were very  
promptly dismissed by judges. Here-  
after, cities permitting these joints  
are doing so because they want  
them and not because they can't  
close them.

Your correspondent has just  
learned that the State Department  
of Labor cannot (or at least, will  
not) release for publication the  
grading of factories by its inspec-  
tors. He was informed that to do  
so would be to violate the inspection  
law providing that information  
gained by the inspections shall be  
confidential.

However, he also learned that the  
Department will (and does) an-  
nounce for publication those estab-  
lishments which are given "A"  
grades by the inspectors.

Which is just another way to put  
it that all others are "B" or worse.

There would seem to be some  
grounds for an argument as to the  
policy of not giving out the grading  
of factories. Isn't it possible that  
publicity for such things would im-  
prove conditions in and around the  
state's industrial plants?

Visitors to Fort Caswell, which is  
now being boosted for its hot and  
mineralized waters will be welcome  
at any time, according to H. H.  
Thomas, agent in charge, but they  
will be more welcome on Sunday  
than on other days because "we  
have a great deal of work going on  
during week days and our men can-  
not take time off to be of much  
assistance to the week-day visitors."

The more your correspondent  
looks into the rural telephone situ-  
ation, the more obvious it becomes  
that there is a real need for a rural  
telephone survey. At present no-  
body seems to know much of any-  
thing about the matter, and no de-  
partment or division seems to be  
charged with the duty of finding out  
anything.

Just as in the case of rural elec-  
trification, there will be no progress  
until there is a survey to determine  
what the true conditions are and  
where the need for progress exists.

**To Train Dogs For Blind**  
Chicago (AP)—Bishop Bernard  
J. Shell of the Chicago Catholic  
diocese has announced he will  
start raising and training dogs to  
lead blind boys and girls.

Two pairs of dogs are being im-  
ported from Germany and an ex-  
pert in training them is expected

### Noted Analyst

Roger W. Babson, whose fami-  
lar weekly stories on business  
are read by millions of news-  
paper readers, is regarded as  
one of America's most inspir-  
ing business personalities.

## ROGER BABSON WIDELY KNOWN

### Famous Business An- alyst Presents Views Each Week

American business has no more  
inspiring personality than Roger W.  
Babson, internationally known busi-  
ness analyst and successful invest-  
ment adviser. An outstanding fea-  
ture of his philosophy has been his  
life-long insistence on the impor-  
tance of spiritual assets. As tribute  
to his great contribution to the "re-  
ligion in business," he is today Mod-  
erator of Congregational Churches  
of America.

Mr. Babson's weekly articles are  
published in The Reflector, the only  
paper published in this section pro-  
viding its readers with this service.

Reared in an old-fashioned at-  
mosphere of hard work and hustle  
on a farm in Gloucester, Roger W.  
Babson went to the Massachusetts  
Institute of Technology. Upon grad-  
uating in 1898, he turned instinctively  
to business and the protection of  
investments, health, and property.

His exertions, however, brought  
upon him one of the worst of ma-  
ladies, tuberculosis. On the advice  
of his doctors, he and his young  
wife started for the West. "As good  
as dead!" said his friends, and they  
never expected to see him again—  
but he came back!

It was while he was convalescing  
in New England that he worked out  
some of the possibilities and prob-  
lems of business statistics. It was  
during this period that the Babson  
Statistical Organization, with twelve  
clubs, was born and carried on in  
a little cottage in Wellesley Hills.

That was nearly thirty-five years  
ago. Today his weekly statistical  
and financial reports are read by  
thousands of business men every  
Monday and his research work is  
carried on by a staff of hundreds of  
workers. His outstanding achieve-  
ment in the forecasting field was his  
uncanny calling of the turn in 1929.

As an outlet for his restless en-  
ergy, Mr. Babson has founded Bab-  
son Institute in Babson Park and  
Webster College in Boston and Bab-  
son Park, Florida—now nationally  
known institutions. Here serious-  
minded young men and women may  
specialize more on the fundamentals  
and less on the frills of business.

To millions of newspaper readers,  
Mr. Babson is best known by his  
familiar weekly stories on business.  
A prolific writer, he is the author  
of his own "Five Foot Shelf." Of  
unbounded energy, Roger W. Babson  
has probably done more than any  
other living man to make statistics  
a live issue in business, to instill in  
business men a broader vision, and  
to publicize the causes and effects  
of the business cycle.

## Colored News

Group meetings were held in four  
county centers last week by Pitt  
county teachers.

Monday the Falkland group met  
with the parents at Diddy's school.  
"Music Appreciation" was the sub-  
ject presented by the program com-  
mittee and led by them. Mrs. J. A.  
Battle, a visitor, spoke to the parents  
on "The Value of P. T. A. in the  
School." The supervisor spoke on  
the plans made for the group con-  
test, health program, value of clin-  
ter, and National Better Homes  
Week. The group was served by the  
Diddy P. T. A. to a delicious dinner.

Tuesday the Ayden group met at  
the Ayden high school. The program  
presented was "Negro History Week"  
program. Mrs. Thelma L. Elliott  
gave a selection from Dunbar and  
H. R. Roaves made a very interesting  
address on "Negro Achievements."  
Music was furnished by the chorus  
under direction of Ralph Rieks of  
the Ayden school faculty.

Wednesday, the Bethel group met  
at the Bethel school and a Negro  
History program was presented. Mu-  
sic from the Bethel school was pre-  
sented by Mrs. Addie Spence of the  
Bethel faculty. Plans were made for  
a group contest next month.

Thursday, the Grimesland group  
met at the Pitt County Training  
School. After the business session  
plans for the group contest were dis-  
cussed. The group adjourned to  
meet next month in contest.

Each group will provide the prizes  
to be given the winners in each  
group. The prizes will go to the  
schools and not to individuals. The  
contest, therefore, will be something

## GERMANY TAKES OVER FRANCE'S "IRON RING"

(By The AP Feature Service)  
France used her prestige and dip-  
lomacy after the World War to  
forge an "iron ring" of armed and  
allied nations designed to keep Ger-  
many under control.

By 1925 the ring was almost  
complete. It consisted of the Little  
Entente nations plus Poland, Rusa-  
sia and Belgium. Britain stood  
aloof.

Now in 1938, Germany is bullied  
by no nation and the iron ring is

her own. Only Czecho-Slovakia  
and Russia stand with France  
against Germany's expansionist  
career.

Germany is linked closely with  
Italy and the influence of these  
two nations is felt strongly in Hun-  
gary and now Austria. Belgium  
has declared herself neutral. The  
Nazi-Fascist influence is strong  
enough in Poland, Rumania and  
Yugoslavia to make their positions  
at least doubtful.

There are 17,831 certified air-  
plane pilots in the United States,  
484 of whom are women. Regis-  
tered aircraft number 9,152.

At the county commencement the  
winners in the group contests will  
again meet in contest.

Some time in April each school  
will have a "Community Fair" or  
"Educational Day." The parents will  
visit the school and observe the work  
done this school year. Each school  
will be "at home" to the parents.  
Many improvements have been made  
in many schools and school grounds,  
and the P. T. A. in almost every  
school has built book cases to hold  
the state books. Individual drinking  
cups and towels have been placed  
by them in many schools. Improve-  
ment on the lunch basket is being  
made also.

### BIG OFFER ENDS TOMORROW NIGHT

(Continued from page one)  
ing class of bank presidents, cor-  
poration officials and the big ear-  
ners in the industrial field.

Practically five of the six weeks  
in this campaign is a matter of past  
history. There are only a few work-  
ing days after today in which to  
insure yourself of a winning vote  
when the final count is made. Don't  
let your efforts go for naught. Pro-  
tect the work you have already  
done by winning one of the big  
"Protect You" Vote ballots this  
week. WIN A BIG BALLOT—WIN  
A BIG AWARD!

# EMPIRE FOR A LADY

BY ALAN LEMAY

**SYNOPSIS:** Our love for a young English girl has kept my uncle, James Clyde, and myself (Paul Thorne) in tropical Balingong through a Dyak revolt and Malay defeat. Christine Forrester, visioning a great empire here, has made Clyde rajah. One difficulty after another blocks our progress in this desperate enterprise. Rentogen, the sultan's Malay representative, promises trouble. I put down one tribal rebellion, but the lid may blow off again. Now we are faced with famine.

rains of September began, it seemed to me that every day brought us new difficulties, new futile labors; and that as fast as we met a difficulty, it took on a new form, so that nothing was really ever finished but only made to change.

Yet Clyde, in spite of his tremendously long hours and the heavy responsibilities that were on him, seemed to thrive. He had not wanted to come in here. He had looked at Anthony Forrester's plans from all angles, and decided that he wished no part in carrying them out. But now that he was committed to the project he was wholeheartedly giving it everything he had. His wound had healed, and the malaria that was always in him a little took no effect, thrown off by his tremendous energy. Perhaps the reason that he believed in the future of Balingong was simply that he wanted to believe in it. But believe in it he certainly did.

To Anthony Forrester's plans he had added new plans that were entirely his own. His smattering of Malay and Dyak languages was developing into a rapid-fire eloquence which outpaced my own ability to understand even one of the several tongues. He was able to learn more from the reticent natives, read their characters better, and get more out of them than any other man. Nothing seemed able to check his bold enthusiasm; I had never seen him looking younger in my life.

I knew what had happened to

## Chapter 34 Drawing Close Together

CLYDE was furious; he wished to swing into the violent sort of action which was natural to him. He would show them once and for all whether he had better be obeyed. He would take the Tenyalang sharpshooters and 500 men, and abolish the biggest village he could find. If necessary, he would take over every village in the raj. He had told them to plant rice, and they were going to plant rice, and if they thought they weren't, he would—

It was a relief to go stumbling through the jungle.

at the first sign of a superior force. Already they were more than three-quarters reduced, to a civilization approximating that of monkeys. Clyde could doubtless finish the work if he wanted to, but it wouldn't get him any rice, because there wouldn't be any rice.

him, of course. It was Christine Forrester that had happened to him. Clyde kept agreeing with me that Balingong was not fit for such a girl. But this appeared to be driving him to carry out his plans faster, instead of hastening Christine's departure.

**Stuck There Forever**  
SHE was with him all the time and it seemed to me that they were drawing very close together. I was so much away from Balingong that I no longer understood what they were talking about more than half the time. They had held so many long, long conferences of which I knew nothing that they were able to talk in a kind of conversational shorthand incomprehensible to me.

They did not mean this; when they remembered me at all, which was not often, one of them would turn aside and explain the incident to which they referred—amusing things, or grim things, which they had shared together, and which I had missed. They had their own private jokes; they knew how to tease each other, and even how to avoid getting on each other's nerves.

As for me, I felt grim and bitter, for I saw that unless Clyde promptly failed I was not going to be able to get out for a long while. It would have been fatal if at this point the white rajah had been forced to take over the police power, such as it was, into his own hands. There had to be another white man to walk out into the jungle and raise blue hell when things went wrong—and they were always wrong. As near as I could see, I was stuck there forever, and I hated it with all my heart.

It would be easier, I thought, after she went away; but she showed no signs of going away. Every day I had to live in the same house with her, hearing her voice, keenly aware of her nearness, until it was a relief to go stumbling, sweating, and cursing through the jungle in pursuit of some fugitive monkey who had caught an old woman doing her washing up the creek, and cut off her head.

(Copyright 1938, Alan Lemay)

# 3 MILLION FREE VOTES

### PRIZE 'PROTECT YOU' VOTES

From beginning of campaign, and continuing until Saturday, February 26, the "Protect You" Vote offer will be in effect. Double Votes this week as per schedule announced at the beginning of the Campaign.

**HERE IS THE PRIZE "PROTECT YOU" VOTE OFFER**  
Three "Protect You" Vote Ballots are offered candidates of The Daily Reflector Cash Offer Campaign from the beginning of the campaign through the present week ending Saturday, February 26. The "Protect You" votes will be awarded by the judges at the end of the campaign to apply on winning the prizes.

Here's How! The first "Protect You" Vote Ballot of 1,000,000 votes will be awarded to the Cash Offer Campaign candidate having to her credit the largest number of votes for both new and old subscriptions turned in FROM THE BEGINNING OF THE CAMPAIGN to and including Saturday, February 26.

The Second "Protect You" Prize Vote Ballot of 1,000,000 votes will be awarded to the Cash Offer Campaign Candidate having to her credit the second largest number of votes for both new and old subscriptions turned in FROM THE BEGINNING OF THE CAMPAIGN to and including Saturday, February 26.

The Third "Protect You" Prize Vote Ballot of 1,000,000 votes will be awarded to the Cash Offer Campaign Candidate having to her credit the third largest number of votes for both new and old subscriptions, turned in FROM THE BEGINNING OF THE CAMPAIGN, up to and including Saturday, February 26.

Thus no one loses the advantage of a single subscription which has heretofore been turned in—for every subscription a candidate now has to her credit automatically counts to apply on the Big "Protect You" Vote Ballots. The "Protect You" Ballot Offer this week will prove a boon to the candidates of the Cash Offer Campaign.

# DOUBLE VOTES AND PROTECT YOU VOTES

PAVE THE WAY TO WINNING \$600.00

# IT'S YOUR MOVE

ONLY ONE MORE DAY TO SECURE DOUBLE VOTES AND "PROTECT YOU" VOTES - - - LESS VOTES NEXE WEEK - - - WIN A 1,000,000 VOTE BALLOT

**New York Cotton**  
New York, Feb. 25.—(AP)—Cotton futures opened five to six points off on lower markets abroad, eight March notices and under liquidation and foreign selling.

May recovered from 9.18 to 9.24 and shortly after the first half hour was 9.22, when the list was two to three net lower.

Prices were ruling at about previous closing levels around midday in quiet trading. May was 9.23.

**N. Y. Stock Market**  
New York, Feb. 25.—(AP)—The stock market shook off "bad news" today with little effort and resumed its climb toward recovery territory.

Yesterday's Chrysler dividend omission brought some selling at the opening, but this was absorbed easily and losses running to a point or more generally were converted into gains of as much.

Bonds and commodities, hesitant on the get-away, quickly attracted support along with stocks.

## THE CANDID CAMERA SHOWS UP GLAMOR

(By The AP Feature Service)

GLAMOR is Hollywood's stock-in-trade, and the studios take no end of precautions to preserve the illusion. Publicity photos, pictures at left in parallel columns below) are censored to keep the public from seeing any which don't show the stars as the movie-makers want us to imagine them. But look what happens (right) when the candid cameras of the news photographers focus on the glamor gals and guys.

**Greta Garbo**  
Not even a studio publicity man could want anything better than this still of the mysterious Swede as she appeared in "Anna Karenina."

**Clark Gable**  
But look at the Glamorous Garbo now, telling newsmen who met her in New York "how sick I've been on a trans-Atlantic crossing."

**Barbara Stanwyck**  
Here are Gable and his sideburns as they appeared in "Parnell"—enough to make any woman's heart leap, if she likes sideburns.

**Robert Taylor**  
Now you see the same Mr. Gable in the act of blowing his nose as the news camera saw him backstage at a Hollywood benefit.

**Miss Stanwyck**  
Miss Stanwyck displays for the still cameraman—and for the film fans—the alluring profile she saw a few years ago in "Baby Face."

**Mr. Taylor**  
Her expression here, however, registers her surprise at being pushed by a cop attempting to protect her from autograph seekers.

**Mr. Taylor**  
This is how Mr. Taylor looked in his 19th century finery for "Camille." You can almost see the love-light burning in his eyes.

**Mr. Taylor**  
Mr. Taylor, on the other hand, has his off moments. This was one—while the ex-country boy was seeing the sighs in Washington.

**Marlene Dietrich**  
In this desert get-up, Miss Dietrich was attractive in "The Garden of Allah"—even if she did keep her famous legs carefully covered.

**Marlene Dietrich**  
Her legs still covered, the German actress drew only boos when she de-trained in Paris in this attempt at masculine disguise.

## Named May Queen

Miss Marietta Muller of Dillon, S. C., has been elected May Queen to reign over the traditional May Day exercises at Woman's College, University of North Carolina, at Greensboro. Miss Muller, daughter of Mr. and Mrs. W. H. Muller and a senior at the college, was chosen by the members of her class on the basis of beauty, charm and poise. She selected Miss Virginia Tatum of Raleigh and Miss Alma Hall of New Bern as her maids of honor.

## DEFEATS MOVE TO STRIKE

(Continued from page one)  
bill to start construction of the project on the Tennessee river.

The House meanwhile heard an assortment of speeches more or less related to the \$124,998,730 Interior Department supply bill which it is considering.

The measure reported to the House at noon by its appropriations committee, proposed \$7,447,557 less for the fiscal year beginning July 1 than was provided for the current twelve months.

The House Military Committee approved meanwhile, a bill to give the President broad authority to prevent profiteering in war times.

The committee's action broke a long committee deadlock over the legislation, which President Roosevelt recommended in his national defense message to Congress.

The measure contains a provision for a universal draft of manpower and industry in war time.

**Plenty Dental Work.**  
Chicago, Feb. 25.—(AP)—There are enough cavities in the teeth of the American people to keep the country's 60,000 dentists busy for 100 years, Dr. Haldee Weeks of New Orleans, told delegates to the Chicago Dental Society's convention.

To which the doctor added that the missing link between all this potential business and the dentist is educating the people to take the cavities to the dental chair.

**MASTERS' NEW IMPROVED 1938 PLANT SETTER**

There is excellent reason for Masters' leadership in the plant setter industry, for it was Masters who built the first practical automatic plant setter over forty years ago. Since then it has been continually improved. Our 1938 model is the last word—it has no competition. Others have tried to imitate, but never have been able to equal Masters' efficiency and durability. It is so simple and easy to use a Masters' A Masters' Plant Setter is assurance of maximum stand and prolific yield.

Tobacco buyers say they can tell when a crop has been planted with a Masters' by its uniform high quality. They gladly pay highest prices for this finer yield. One man can set 8,000 to 15,000 plants a day, and do it without even a crick in his back. Once you use the Masters' you will never be satisfied with any other method of plant setting. Masters' Improved Plant Setter is guaranteed to give perfect satisfaction in setting.
