AGREEMENT ON REORGANIZATION MEASURE SEEN

Administration Leaders Agree to Compromise on Bill

WARREN ADVISES OF LATEST MOVE

Newest Amendment Would Permit President be Over-Ridden by Simple Majority

Washington, April 2.—(AP)—Administration leaders agreed today to a compromise—reliably reported to have President Roosevelt's approval—on the government reorganization bill.

Representative Warren (D-N. C.), announced in the chamber that the special House reorganization committee would accept an amendment permitting Congress to overrule presidential reorganization orders by a simple majority.

As the bill now stands a two-thirds majority of both houses would be required to block transfer of bureaus ordered by the chief executive.

Warren said the committee also would sponsor an amendment assuring the office of education would remain in the Interior Department, and not be transferred to a proposed new department of welfare.

Loud applause, in which both Democrats and Republicans joined greeted Warren's announcement, which it was believed, followed a telephone conversation between House leaders and the President, now vacationing in Warm Springs, Ga.

Earlier, administration leaders abandoned efforts, for the day at least, to impose restrictions on House discussion of the bill.

Other developments: Administration leaders discussed a proposal to make "employment" loans to selected railroads to spur industrial production and meet temporarily the rail finance problem.

Senator Schwelb (D-Wash.) who advanced the suggestion, said he believed government money might be used more profitably on railroads than on any other field to promote recovery.

A movement to write processing taxes into the tax revision bill gained new support in the Senate.

Rally Attended by Democrats of Pitt

The Young Democrat of the First Congressional District met last night in Williamston. In spite of the inclement weather quite a large number were present. The large number present was due in no small part to the work of the organizers for this district, Hoover Taft and Bryan Grimes.

The speaking began at 5:30 o'clock at which time the principal speaker was Thad Eure, Secretary of State. Mr. Eure warned of the danger of being lulled into a false security due to the overwhelming Democratic vote of the past years. With the threat of reapportionment according to population it becomes increasingly clear that the more Republican vote will dominate our legislative councils, unless the Young Democrats of the east strive to form an effective hard-working organization, he declared.

Several presidents of county clubs were called upon for a few words, and short talks were made by the district's two organizers. Afterwards, the meeting adjourned to the Sunshine Barbecue Stand where a barbecue supper was served.

Roberson Speaker On Salemanship Course

W. R. Roberson, owner and manager of the Dr. Pepper Bottling Company of Tarboro, will deliver the talk on salemanship at the business course to be held Tuesday night in the high school library.

Mr. Roberson is regarded as a leader in his field and also as an interesting speaker. The talk will be delivered at 7:30 o'clock, after which the individual classes will be held for the local employers and employees joining in the vocational course.

Highway Engineer Claimed By Death

Raleigh, April 2.—(AP)—State Highway and Public Works Commission officials reported the death of their second division engineer S. M. Gibbs, 51 in Kinston today.

Funeral services will be held in Kinston tomorrow and burial will be here.

Gibbs had been with the highway commission since 1921.

PTS, AIDES OF MISSING NAVY PLANE

Three members of the crew of a navy plane, reported lost during Pacific fleet maneuvers near Honolulu are shown above. Lieut. C. E. Signer (center), a native of Tonoloway, was pilot of the plane. F. J. Terrobin (right) of Chestnut Hills, Miss., was an aviation cadet aboard, while Paul B. Pancoast (left), Pensacola, Fla., was aviation machinist mate.

Michigan Utility Workers Assume Control Of Plants

REMANDED BY LONDON POLICE

Cook Jailed for Making Threat Against U. S. Ambassador

London, April 2.—(AP)—George Buchanan was remanded to jail today after a police court hearing on a charge of writing a letter in which he threatened to "shoot an American ambassador."

A detective testified the letter was written to the Mayor, Town of Hill, Long Beach, N. J., and the writer demanded an "apology" for some grievance of undisclosed nature.

"I will shoot an American ambassador for it, and I mean it," the writer continued.

Asked if he had anything to say about the letter, Buchanan, a 42-year-old cook, muttered something about "al the trouble started in September, 1931."

Long Beach, N. J., April 2.—(AP)—Mayor Howard Shiffer of this small ocean county township on the Atlantic seaboard, said today he had never heard of a George Buchanan, jailed in London on a charge of writing a threatening letter to the Mayor, Town Hall, Long Beach, N. J.

Blame Placed For Wreck Of Clipper

Washington, April 2.—(AP)—The Air Commerce Bureau reported today "fire and explosion associated with the dumping of fuel" probably caused the flaming crash of Pan-American Airways Siaman clipper in the South Seas January 11. All seven members of the crew were killed when the plane went down near Pago Pago, American Samoa, while on a non-passenger carrying flight.

Captain Edwin Musick, veteran of many Pacific flights, was one of the crew killed.

Railroads Topic Of Babson Letter

By ROGER BOBSON
Babson Park, Fla. April 1.—It is futile to blame any one group for our current railroad troubles. Let me say, however, that if any group can be blamed, it is railroad managements and railroad labor.

From the moment that the Brotherhoods demanded higher wages early last summer, business confidence and activity started down-hill. The pay increase was finally given last October. It put railroad wage scales at all-time highs—above the 1929 level. No increase was then warranted.

Instead of fighting the Brotherhood's demands, managements paid the increase with their right hand and started firing thousands of workers with their left. Today, only six months later, the carriers are having the worst time in fifteen years. If conditions do not change before the end of 1938, many more rail systems will be in receivership. Already one-third of the country's mileage is bankrupt. Last year about one-half the car-

Continue To Provide Electric, Gas Service, However

Jackson, Mich. April 2.—(AP)—Electric and gas service continued without interruption today, despite seizure of six strategic plants of the Consumers' Power company in southern Michigan by employees belonging to a CIO union.

The employees, members of the Utility Workers Organizing committee, peacefully took possession of the plants last night after negotiations with the management for renewal of their contract were ended.

The company said the union demands included upward revision of wages; the union said it sought assurance there would be no reduction in wages.

Governor Frank Murphy, concluding a Florida vacation, called representatives of the company and the UWO to meet him in Detroit Monday morning.

"We will conduct the strike," said a UWO national director, "so that the consuming public will suffer no inconvenience, at least until every means has been exhausted to settle it."

The director promised there would be no interruption of service for the 350,000 power consumers, "not at least until we have a conference with Governor Murphy."

Adopt Later Hour For Joint Service

Beginning tomorrow evening and continuing throughout the spring and summer months, the Sunday evening union services will be held at 8 o'clock, instead of 7:30 p. m., during the fall and winter.

Tomorrow's service will be held in the Immanuel Baptist church, the sermon topic in the Lenten series being given by the cooperating ministers being "Out of Bethany." Beginning in June, for a three months period, the services will be held in the local Presbyterian church.

Churches of the community participating in these services are Jarvis Memorial Methodist, St. Paul's Episcopal, Eighth Street Christian, Immanuel Baptist and Presbyterian. Visitors to the city are especially welcomed to these services.

DRIVER SLAIN IN AUTO WRECK

Durham Man Killed When Car Strikes Parked Truck

Durham, April 2.—(AP)—An automobile driven by Kenney Crank, about 50, of Durham, and formerly of Elizabeth City, crashed into the rear of a parked transfer truck here early this morning, instantly killing Crank and injuring two companions.

Herman V. Johnson and Thomas Massey, both of Durham.

The truck into which Crank's car smashed belongs to the Billings Transfer Company of Lexington. It was parked half on the pavement and half on the shoulder while a tire was being changed.

William Webb of Lexington, was the driver and was accompanied by Clyde Musgrave, also of Lexington.

Flares had been set up on the highway to warn approaching motorists and Webb was trying to flash down the Crank car with a flashlight when the automobile approached at a high rate of speed.

It narrowly missed running over him and he was forced to jump to save his life.

Crank's head was badly crushed. Sheriff E. G. Belvin said no charges would be preferred against the truck driver.

NEW BUILDING DURING MARCH

Ten Permits Issued For Construction to Cost \$12,125

Ten permits were issued for new buildings or alterations to cost approximately \$12,125 during March, as compared with 16 permits during February for construction to cost \$71,040.

Although construction in March fell far below that of the banner month of February, the figures for the month just closed compare favorably with those of January, when 10 permits were issued for work to cost \$8,240.

Most of the March permits called for alterations, although several provided erection of new buildings. One was secured for the erection of a new store on Dickinson avenue.

Permits issued last month followed:

Taft Furniture company, to add a one-story store building on Dickinson avenue between Evans street and Sutton lane, estimated cost \$3,500.

Mrs. Elvira S. Brown, to alter three dwellings and one store on Pitt street, between Eleventh and twelfth, \$200.

Mrs. Elvira S. Brown, to alter two dwellings on Eleventh street, between Pitt and Clark, \$100.

Mrs. G. E. Harris, to erect one-story shop on Railroad street, between Long and Center, \$100.

Mrs. D. A. Windham, to erect

1937 ORIENTAL TOBACCO CROP ALL-TIME HIGH

Year's Harvest Estimated at 290,000,000 Pounds

10 PER CENT CUT IN 1938 ACREAGE

Hostilities in Far East Expected to Bring About Only Temporary Interruption

Washington, April 2.—(AP)—The Bureau of Agricultural Economics said today reports from a representative in Shanghai showed the 1937 production of flue-cured tobacco in Far Eastern countries was the largest on record.

The harvest was estimated at 290,000,000 pounds, divided as follows: China 210,000,000 pounds; Japan, 76,000,000 pounds; and Manchuria, 4,000,000 pounds.

"This large 1937 production," the Bureau said, "was in line with recent trends which are expected to continue with a temporary interruption in China this year owing to hostilities."

It estimated that acreage planted to the crop in the Orient this year would be about 10 per cent less.

"The most important feature in the Oriental situation this year," the Bureau added, "is the seriously delayed marketing of leaf tobacco in China because of hostilities in areas of production and disruption of transportation facilities generally. It is expected that in a few weeks it will be possible to move tobacco from the Shantung area in China and so relieve the situation to a large extent."

As one Pitt county farmer revealed that he had started setting out tobacco plants, word came from a Richlands grower and patron of the Greenville market, that he had completed the task.

W. M. McRoy, who lives on the B. J. Edwards farm near Galloway's cross roads, started setting out plants this morning, but was halted by the rain. He said he hoped to complete the task Monday if the weather permitted. He added he had enough plants to set out 20 acres.

K. W. Cobb, supervisor of sales for the Greenville market, today received a letter from J. J. Boyd of Richlands, saying that he started setting out his crop Wednesday and completed the job Thursday.

Mr. Boyd is well known on the Greenville market, where he has sold his crop for years.

Tulsa, Okla.—(AP)—Police listed it as a "cold cash" robbery. Burglars took \$300 hidden in the refrigerator at the store of T. T. Carey.

URGED TO SAVE TIMBER LANDS

Heavy Demand Being Made on Pine Pulpwood in Pitt

By R. W. GRAEBER
Extension Forester State College

The heavy demand for pine pulpwood in the South has served to focus attention on the best method of cutting timber on farm wood lands. Vast quantities of pulpwood have been and are being cut from farmer-owned timberlands without any definite plan for future growth or later crops.

How a Pitt County farmer cuts his timber may be a personal question, yet it is of vital importance to the county as a whole. Pitt County farmer cuts his timber may be a personal question, yet it is of vital importance to the county as a whole. Pitt County has 142,866 acres of farm woodland. This is 47 per cent of her entire farm acreage.

The economical future of both her agricultural and her industrial development is dependent to a large degree upon the size and quality of the timber harvest from these forest areas. From such a viewpoint, how a Pitt County farmer cuts his timber crop becomes a vital public question. Success in timber farming depends mainly upon two factors:

1. How the owner protects his forest from fire, and

2. How he uses the axe and saw, or allows them to be used, in his timber. A slight error in judgment here often means no profit and much damage to the timber and

END OF STRIFE APPEARS NEAR

One of Three Points In Triange Held By Loyalist Forces Falls Before Insurgent Offensive toward Mediterranean.

Zaragoza, April 2.—(AP)—Insurgent Navarrese forces under General Valino today occupied Gandesa, only 24 miles from the Spanish Government's eastern coast—the last important stronghold in Tarragona province barring the Insurgent march to the Mediterranean.

Gandesa is at the apex of a triangle, of which Tortosa and the city of Tarragona, both on the coast southwest of Barcelona form the other points. A drive between the two coastal cities would dismember Government Spain.

Gandesa is easternmost point to which Insurgent forces have advanced in their northeastern Spanish offensive.

The city is on the southern flank of the line General Francisco Franco has been extending eastward.

The Insurgent offensive pressed the Government at the equally vital spot of Lerida, ancient fortress barring the way to Barcelona.

Paris, April 2.—(AP)—The French Foreign office announced today that preparations were being made for protection and quick evacuation of French citizens in Barcelona if an emergency developed there.

The United States Cruiser Raleigh at Villefrance could reach Barcelona in 12 hours if United States should deem it advisable to send a warship there.

The perplexing problem of what to do with thousands of Spanish Government militiamen interned at Bagneres de Luchon will be submitted to the French cabinet Monday, sources here said today.

Attorney Seeking Release Of Capone

Chicago, April 2.—(AP)—A habeas corpus petition seeking the release of Al Capone from Alcatraz prison was filed today in the United States District court, bearing the name of Mrs. Theresa Capone, Al's mother. The document asserted the federal prison sentence of the former public enemy No. 1 has already expired under the usual allowance for good behavior.

Attorney A. Teitelbaum, who filed the petition, served notice he would appear Monday before Federal Judge William Holly to press his action.

Capone was sentenced in 1931 to serve 11 years, including one year in the Cook county jail, on charges of income tax evasion.

City Mail Delivery Service In Farmville

Farmville citizens no longer will have to go to the post office to get their mail.

The town yesterday became the second in the county to get city mail delivery service, Greenville being the only other place in Pitt where mail is delivered.

Two Candidates Seek Place Of Constable

Chicked township was assured of a contest for the office of constable today when J. H. Harris gave notice that he was seeking the post.

Jasper Lee Mills publicly declared earlier in the week that he was seeking the job. So far Chicked is the only township to be assured of a contest for constable.

Chief George Clark Cut While Arresting Negro

Assailant Later Taken Into Custody Near Kinston

Chief of Police George Clark was slashed with a knife at the hands of a Negro well known in Police circles last night, but his injuries were not severe enough to prevent him from conducting a successful search for his assailant.

The Chief was slashed several times across the left hand and wrist and once on the back of his head by Milton Reaves just after the officer had taken the Negro in custody after finding him hid in the Perkins department store.

Reaves made good his escape, but was apprehended early this morning near Kinston. He is facing a charge of assault with a deadly weapon.

James Little, found in the store with Reaves, was unable to make his escape and was locked up on charges of breaking and entering.

Curtis Perkins, owner of the store, entered his building last night about 7:30 o'clock and immediately noticed some of the merchandise had been moved and suspicion had someone was in the store.

It developed that the two Negroes had broken in a side window, although it was believed at first that they had concealed themselves in the store before it closed in the late afternoon. Mr. Perkins went to the police station and with Mr. Clark and the chief's son, Preston returned to the store. Little was found and turned over to Preston

Credit New Deal In Saving Banks

Reflector Bureau
Raleigh, April 2.—The New Deal's banking program, particularly the Federal Deposit Insurance Corporation, has saved many a North Carolina bank and is responsible for a sense of security which has never before existed among depositors.

Gurney P. Hood, State Commissioner of Banks, today told this bureau's representative:

"I believe that the banking program of President Roosevelt has removed any possibility of a mass fear or mob psychology which might result seriously for the banks of North Carolina because of 'runs' and systematic withdrawal of funds," the commissioner said.

He pointed out that there hasn't been even the suspicion of a mass movement to withdraw funds from any bank in the state since Uncle Sam became guarantor of accounts of less than \$5,000.

He cited instances which in New Deal days would have forced many a bank to the wall, but which have created hardly a ripple of

SERUM CLAIMS TENTH VICTIM

Former Official of International Harvester Co., Dies

Orlando, Fla., April 2.—E. F. Bolte, 70, retired vice-president of the International Harvester company, died early today, increasing to 10 the number of deaths among a group of persons here given injections of a serum for treatment of cancer.

Bolte, who came here from North Dakota, succumbed while investigators worked intensively to determine what caused the deaths. Eight of the previous victims were women.

Dr. W. G. Workman of the United States Public Health Service, indicated the results of autopsies and analysis of the serum would be known shortly.

Meanwhile four women were in a hospital with the same symptoms as those who died. Their condition was not critical, however.

Dr. T. A. Neal said 13 of those affected had been given injections at his clinic from a single bottle of the serum. He first said the germ was made at Kinston, Canada, and was known as encol. Yesterday he declared he had discovered he had used serum made in Philadelphia.

Celebrates Seventh Birthday.
Little Miss Dorothy Ann Stauffer celebrated her seventh birthday on Thursday afternoon by having an Easter egg hunt. The guests were given Easter baskets to put the eggs to rabbits and chicks in.

Bryce Sigmon was given a large toy rabbit for finding the greatest number of eggs. Games were played, stories were told and "Happy Birthday" was sung. Each child had a chance to blow out the candles on the cake. Refreshments were served by Mrs. Stauffer, assisted by Mrs. Robert Owen.

Those invited were: Violet Harding, Olive Batchelor, Frances Bendall, James Harvey Ward, John Lee Dore, Caroline Rowlett, John Betts, Donald Rose, G. Rose, Betty Sue Harris, Betty Ann Young, Virginia Hall, Tommy Pace, Bobby Hillrup, Barbara White, Charlie Hillrup, Barbara White, Louis White, Jr., Nina Sue Lassler, Louis Clark, Wayne Clark, Marian Morton, Jimmy Morton, Bryce Sigmon, Jr., Charles Watson, Dwight Garrett. The hostess received a number of attractive and useful gifts.

Scout Troop Meets.
The Girl Scout Troop of the high school met in the Armory Friday for their regular meeting. Routine business was disposed of, some new songs learned, and the game of Badminton was played. A variation of Badminton was played so that the scouts could learn the technique of this interesting game. A spirited volley ball game followed between two teams made up of this troop. The scouts are very much pleased that Capt. Brock gave them the use of the Armory. The large cleared floor space is suitable to the activities of the troop meetings and the social room is adequate for the meeting of the Court of Honor.

The next meeting is scheduled for Friday evening at 5 o'clock at the Armory. Scouts present were: Connie Kidd, Virginia Barton, Lula Everett, Hazel Williford, Laura Hearne, Mable Evans, Hazel Gray Evans, Patsy Whittemurst, Elizabeth Pollard, Eldeida Rae Lamster.—Reported

'Clean-up Campaign.'
If you should see a group of Winterville women in a huddle, it isn't a spring wardrobe they are discussing but a "Clean-up Campaign" sponsored by the Home Demonstration Women.

It has been said that "Cleanliness is next to godliness" and we are planning to rid our village of tin cans, rubbish, etc. The time set to begin this good work is from April 1-14. The school and other organizations of the town have agreed to co-operate.—Reported.

Junior Woman's Club Meets.
The Junior Woman's Club met Friday, April 1, and had as their guests members from the Junior clubs of Ayden and Farmville. Refreshments were served by the hostesses, Mrs. Coleman, Mrs. Brinkley, Edna Elizabeth Smith, Mrs. Corey, Mrs. David Evans and Miss Laura Foley.

Mrs. Coleman presented to the club Mr. Vester Mulholland, who gave a very interesting talk on the Passion Play of Oberammergau. He described the village, the villagers, the stage, and read parts from the play. Following the talk, Mrs. Knott Proctor, accompanied by Mrs. Haynes, charmingly sang "My Daffodil" and "When Day Is Done."

—Miss Davis, from the Welfare Department, brought a message about the Seal sale for crippled children and the club voted to help with the sale. Mrs. Vance Perkins and Mrs. Dink James were elected delegates to the convention April 27-29.

Legion Auxiliary Meeting.
The March meeting of the American Legion Auxiliary was held on Monday afternoon at the home of Mrs. Walter Cherry, with Mrs. A. E. Hobgood and Mrs. James L. Evans assisting hostesses.

The meeting was a most enjoyable occasion with a large attendance.

The Auxiliary was glad to welcome as guest, Mrs. Milton Beland, Mrs. Ernest Peace, Mrs. W. C. Harris and Mrs. George Spearman and as a new member Mrs. Nash Joyner.

The president Mrs. W. R. Jones presided over the meeting. Arrangements were made to send Easter lilies to the boys in Ward 3-A at Oteen. A note of thanks for the cigarettes sent them on Valentine Day was received from them.

Mrs. D. M. Clark was made chairman of the committee for Poppy Day and all of the members pledged their hearty support to this worthwhile cause.

Mrs. Arthur Corey gave an interesting description of the Post and Unit deconsecration officers of the American Legion and American Legion Auxiliary held in Goldsboro on March 6 and 7.

The reading of the essays on Americanism was postponed until the April meeting.

The matter of markers for soldiers' graves was taken up. A survey is to be made to determine the number of unmarked graves and markers will be secured.

Following the meeting, the hostesses served a delicious ice course with wafers and nuts.—Reported.

Missionary Circles To Meet.
The circles of the Woman's Missionary Society of Jarvis Memorial Methodist Church will meet Monday afternoon at 3:30 in the following homes:

Circle No. 4 with Mrs. J. S. Barr at her home on Fifth street.

Circle No. 5 with Mrs. E. L. Hester at her home on the corner of Fourth and Jarvis streets.

The Gift.
The production of a one-act religious play, "The Gift," by Ayden high school students under the direction of Miss Frances Barnes, Ayden English teacher, and Principal W. M. Jenkins, was the feature of the East Carolina Teachers College assembly Friday morning.

The devotional spirit of the play was caught by the actors so well that it made itself felt in the audience.

The play is the story of a poor family in Palestine in the days of Christ, a family composed of a little lame boy, a very self-righteous woman, and an old man on his death bed. Its action centers in the gift that the crippled child prepared for the Nazarene, but was not allowed to present, and the gift that he received anyway in return, the curing of his infirmity.

The part of the crippled boy was played with great sympathy by Courtney Pierce, Ayden freshman. Warren Kinlaw took well the difficult part of the old man, Father Marci.

Mrs. Frances Harrington, as Huldah, made the audience feel her intolerance and self-righteousness. A blind man was played by Walter Lee Stroud, a neighbor boy, by William Denton, and the part of a little neighbor girl, by Evelyn Lyons. All entered into the mood of the play.

Miss Frances Barnes, the director, is an E. C. T. C. alumna, having graduated at the college last year. Her co-workers, the Ayden principal, has a brother, John Jenkins, now a senior at E. C. T. C.

Preparing For 'High School Day.'
In preparation for High School Day, Tuesday, April 12, at East Carolina Teachers College, county groups have been organized, on the campus to serve as student hosts and hostesses.

Any county from which schools have sent in acceptance of the invitation to visit the college will find a group of its own people on the campus to welcome its high school seniors, teachers and parents.

Over twenty-five counties are scheduled to be represented by delegations from a total of 73 of their high schools, ranging in number of schools a county from 1 to 10, and in number of individuals of a single school from 3 to 116.

Each county club has a president and a secretary.

Miss Marjorie Spivey of Greenville, was chosen president of the Pitt county club, and Miss Lucile H. Johnson, Ayden, was chosen secretary.

Around 400 visitors from the Pitt county schools have already sent in reservations, with two or three schools in the county still to be heard from before the deadline of April 6.

READY FOR WAR
Some Not Fighters But All Sympathizing With Cuba.

E. B. Higgs left this morning for Scotland Neck. From there he will probably take a western trip.

Louis Skinner has returned home from Baltimore, where he has been attending a medical college.

WAR TALK

All These Squibs Are Hot.

You can get ready for war. Pretty enough weather today. The war excitement has been all the talk on the streets today.

There was frost this morning but it is thought not enough to do material damage in this section.

You should not fail to see the handsome display of Pattern Hats at Mrs. J. S. Tunstall's opening next Tuesday and Wednesday.

Notice

Members of Hope Fire Company are requested to be present at a special meeting Monday evening, April 4th, at 8 o'clock.

F. M. Hodges, Foreman.

IMMEDIATE WAR UPON US

All Negotiations With Spain Ended

The indications now are that war between the United States and Spain is inevitable. All diplomacy between the two countries is at an end and the only thing remaining to be done is for the President and Congress to make a formal declaration of war.

The Reflector received the following telegram Friday night: "War with Spain is almost inevitable. Minister Woodford is making preparations to leave Madrid. The Spanish Government has rejected President McKinley's proposition and the latter is this evening preparing a special message to Congress."

Denver Flies Death Flag

IN TRAFFIC CAMPAIGN

Danver—(AP)—A flag of death is being flung for Denver's police building flag pole.

Black with a white cross in the center, it will fly on days when one or more persons are killed in traffic accidents.

On days when no deaths occur in the city, as the result of car accidents, a white flag will be flown.

It is Judge Philip Gilliam's idea. He believes the flags will remind drivers of the dangers of traffic.

SAFEGUARD PEACE WITH WAR WEAPONS is motto of military specialists who remind the nation that on April 6—anniversary of United States' entry into world war in 1917—the nation's frontiers and hemisphere are at peace. Within those frontiers is Fort Benning, Ga., the largest school for specialized war training in the country, with 650 students and a military population of 6,500. Above, a mock attack by planes and tanks tests theories taught at Fort Benning.

CCC GROWS UP, STARTS ITS SIXTH YEAR

GOOD EXAMPLE for his order to fingerprint 300,000 CCC enrollees was set by Robert Fechner (left), director, with S. Sacco taking impressions.

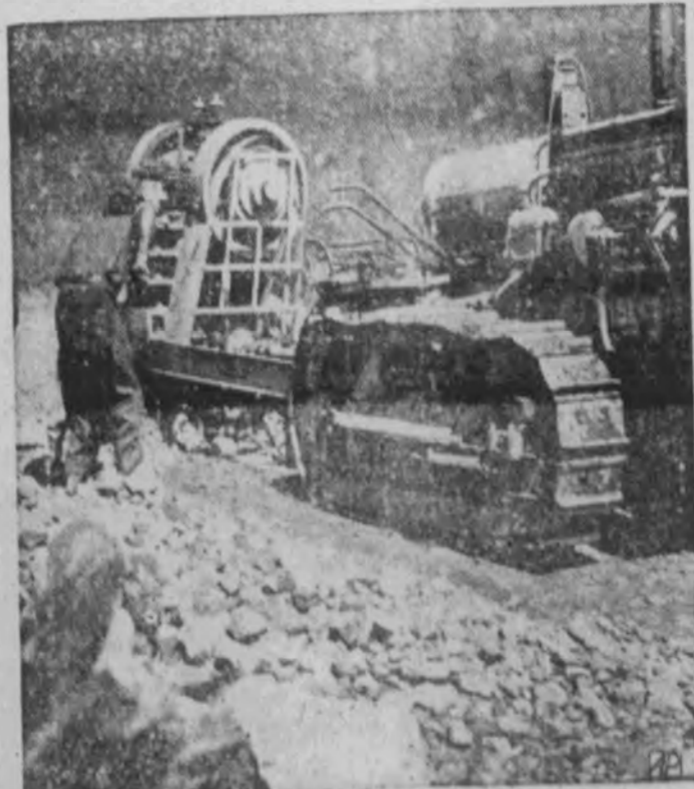

FOR A PERMANENT CCC pleaded Director Robert Fechner, testifying before senate unemployment committee, citing need of supplying work for youths. Included in work of CCC—which succeeded agency known as Emergency Conservation Work established under act of March 31, 1933—is preservation of country's natural resources. Improvement of these resources embraces construction of wild life refuges such as this artificial duck marsh being built at Great Salt lake.

SHORT SHOTS

By HENRY AVERILL

By HENRY AVERILL Raleigh, April 2—Now that Julian Allbrook has announced his candidacy for the State Senate from Halifax county, the 1938 primary campaign can be declared officially opened.

There's only about one county in the state where they take their general Assembly politics more seriously and that's up in Currituck, where they get so hot under the collar that they resort to fist and skull bashing as did the Superior court clerk and a member of an opposing political faction a week or so ago.

Strange to relate there haven't yet been any real political storms on the Currituck front as yet. Last session Ed Johnson beat Chester Morris by a mere score of votes in a House race that had neighborly lightning-rod like wildcatting.

URGED TO SAVE TIMBERLANDS

Timber clear-cut, trees left too weak to produce seed. Land will be idle for many years. No crop—no harvest—no income.

Timber harvest by selective cutting, provides a crop at short intervals, regular income from both stumpage and labor and promotes both greater timber growth and higher quality.

(Continued From Page One) The productive capacity of the land. How Are You Taking Your Timber Harvest? There are two methods of harvesting the timber crop to perpetuate the forest stand by natural means and provide for continuous or future crops.

1 Seed-tree Cutting, or cutting out a few seed trees, and 2 Selective Tree Cutting, or harvesting a timber crop by selecting the trees individually. Both of these are recognized standard methods, but the question is: Which is the better practice for the Pitt County farmer from the standpoint of sound farm economy?

Light Selective Tree Cutting Method This method calls for cutting lightly and frequently, and thus harvest successive crops of timber at short intervals. It means to maintain on the land a good stand of trees of different ages, as growing stock, or capital in the Woods Bank. It means that young timber crops are starting while the other crops are maturing, with a result of a relatively high production of timber per acre.

The cutting interval for any part of the woodland will usually vary from five to eight years according to conditions. The idea is to harvest periodically as much timber as has grown since the last cutting. Following this system a farmer would cut lightly over one-eighth to one-fifth of his woodland area each year, thus giving a regular yearly income. Pitt County farmers will profit from the light selective tree cutting method because:

1 Light selective tree cutting means a frequent or steady income paying dividends on investment, affording money for taxes, and making possible a balanced labor income. It's just as hard for a farmer to wait a long period between timber harvests as it is to wait a long time between meals.

2 The selective method of cutting timber promotes greater growth, higher quality and more valuable crops of poles, piling and lumber.

3 The selective method of timber harvest provides a continuous growth with no loss of plant food or moisture.

4 Light cutting of timber is often the best insurance against damage from wind and sleet. Light cutting makes possible a mutual protection among the trees.

Washington Daybook

Washington — One Senator we know has solved at least part of this hotel tipping business.

Many members of Congress live in some of the nicer hotels during the six or seven months they are in Washington. As in any other business, a certain amount of "front" is essential for a member of Congress.

Tipping in Washington — as most every place else — is one of the penalties of existence even though it is the living of many a good waiter and bell hop. In this Senator's hotel it became a sort of racket. He said the bell boys began delivering the mail at the rate of one letter at a time, expecting a tip for each.

English Lesson One of the jobs of foreign correspondents here is to write dispatches telling their home papers how this country reacts to speeches by President Roosevelt.

In the middle of a small auto parking lot half way between the Capitol and the White House is an anti-aircraft gun, muzzle, aimed upward. It probably doesn't mean anything in particular.

The state department uses so much sealing wax in sending important dispatches here and there that the mailing clerks melt the stuff with a blow torch.

Some White House Luncheons — Some time ago Joseph P. Kennedy, then chairman of the maritime commission but now ambassador to England, complained half jestingly that he could get a better lunch at home than at the White House.

The Boxwood Barrier

By BLANCHE SMITH FERGUSON

The Story So Far: Heartbroken because the man she loves has left her, Judith Goodloe decides to marry Reuben Oliver. This man, who has pulled himself up by his bootstraps, has one thing the aristocratic Goodloes need—money. Desperately in love with Judith, Reuben refuses to heed the warning of his partner, Clem Rogers, that unless he leaves the Maryland valley and gets back into the fight he is due for a financial licking. Clem's daughter, Cissy, who loves Reuben, will be the maid of honor.

Chapter 17

Enter—The Bride

REUBEN'S trip west lengthened from days into weeks. About the failure of the Lutie Justis he was not convinced.

"With up to the minute machinery the well will produce better than ever," he believed that. He had to believe it.

"I'm not sending one more of my good dollars after bad ones," Clem told him flatly.

"I'll go it alone," Reuben said.

"Want to buy my share?" sneeringly.

"Sure," proudly. It was madness.

That was that. For better or worse the well was all his. The installation of expensive new equipment began. The expense was appalling. Reuben's assets began to melt as snow before an April sun. He must have ready cash.

He sacrificed his yacht. He sacrificed his car.

Each day he wrote her short inadequate letters. "Things are panning out all right," he persuaded himself they were, "but I'll be a working man when I come home, darling—I wish I could come today."

During his absence a private wire had been run to Reuben's house. A ticker installed. Secretary engaged. Typists, clerks. The library was turned into an office. Telephone rang. Messengers came and went. Reuben came home a busy man of affairs, with his finger on the pulse of things.

He was his leisure. His dreamy contentment.

He was in a frenzy to recover his losses. This was not entirely due to the natural craving of a fighter for victory. It gained impetus whenever he thought of the Goodloes and he thought of them almost constantly. They respected him—rich. Poor?—He thought of Gary Brent too—an added spur.

He plunged into some not quite sound investments with the recklessness of desperation, depending upon his luck to see him through. If he could stay on the job—

"Would you mind postponing our trip awhile, Judith?" he asked the day he arrived home.

Her vivid face betrayed how devastated she would be. She was holding to that trip around the world with the same tenacious tenacity with which an aerial artist clings to his trapeze. It was the fragile span—with its color, excitement, change, that was to carry her through the first hazardous months of her marriage. "Of course, if you can't leave, Reuben—"

"I can." Why worry about a bride he might never have to cross? Each day was bringing order out of chaos, and when the good old Lutie Justis started again—

But—he knew he should have told her the true state of affairs. He was afraid to tell her. Who ever said love made men strong. Love made men weak.

Wedding Or Funeral?

THEIR wedding day. One of those perfect days that September brings to Maryland.

While it was still morning Biddy O'Hare presented the bride with a leggy, wobbly, sorrel colt. Judith, disdainful the seamy sleep a bride is supposed to get, hurried to the paddock to welcome the newcomer.

"Oh, you precious!" She went down on her knees, helped the new sorrel to his wobbly legs and kissed the slate-gray muzzle.

Reuben watched her with a queer tightness in his throat.

"What will you name him, Judy?" "Paddy O'Hare."

"Well christen him with wedding punch," Cissy suggested.

With a smile on her lips, dark despair in her heart, Cissy had arrived that morning. Her present—a mammoth old Sarouk had arrived ahead of her.

"If it's a wedding, let it be a wedding. If it's a funeral, let it be a funeral. Never mix the two."

It was a good motto. She said it over and over to sustain herself. She felt like a traveler in the desert lost in an endless stretch of hot, shifting sand. And Reuben, the poor sap—sitting over an earthquake and pretending not to know.

The sooner this wedding was over the better, then she could go off somewhere and yowl her fool head off.

At last it was five o'clock. The bishop had taken his place between the long west windows. Sun streamed in on brightly attired women, on black coated men.

An orchestra under the stairway played softly. The bridesmaids—a veritable rainbow—ushers, flower girls, assembled in the hall, in chattering expectancy, among them Cissy, feeling as though she was about to witness an execution, but looking gorgeous as Cleopatra in shimmering, yellow brocaded chiffon velvet with touches of golden brown. Mammoth brown hat. Brown slippers with high gold heels, gold buckles that brought glances of praise and envy to Cissy's lovely feet. They were wasted today.

An unruly tear splashed down her tipped nose to the chrysanthemums in her hands. In five minutes Reuben would be married. All her arcades founded and built years ago in the black mud of Warder were crashing down—while she stood here with a lot of gauding people!

She couldn't bear it! She broke from the waiting line, slipped through the open door.

Savagely she winked back the tears that threatened to blind her. She hurriedly she walked up and down the terrace, regardless of her filmy train dragging over the stones. She mustn't cry—she must not! Her still heels beat it out in sharp tattoo. She must not cry—

She didn't see the messenger boy on a bicycle until he was almost upon her. Startled she asked crossly: "What do you want?"

"Telegram for Mr. Oliver. Important!"

"Give it to me."

Mad, Dizzying Hope

SHE signed for it with not too steady fingers. Her heart was racing like a wild thing. She knew pretty well what the envelope in her hand contained. The new machinery had been tried out yesterday. It had failed then. It failed today. It would fail again tomorrow. The Lutie Justis was done for.

For a long moment Cissy stood like a frozen image, while turbulent emotions seethed within her and a light wind sent the yellow train swirling about her feet. What must she do? If she gave this to Reuben now—would the wedding go on?

Cissy shut her eyes. A mad, dizzying hope surged through her. If the wedding did not go on—?

She crushed the telegram in her hand. Tried to crush her longings with it. No use. This was her chance, her one chance for happiness. She had a right to fight for it. It would be different if Judith loved Reuben—

"I'm not made of the stuff of martyrs," Cissy decided. "I want my happiness—warm, human—here and now—If Judith is a good sport—Everything's fair in love and war—" She was just Cissy—No one expected her to be fine and noble—

"I'll get this to Reuben now!" She walked towards T's house. An usher called excitedly from the doorway: "Hurry, we're waiting!"

Cissy stepped indoors. The bride was coming down the stairs.

An old stairway. A young bride. Youth and courage—descending slowly—step by step.

Judith still walked in a sort of trance, the leading lady in a great drama, which was unfolding magnificently. If there were long hours in the still of the night, when the stage was cleared, when she was seized with panic, it vanished with the rising sun and left her high-hearted to meet this day.

Sweet and untouched as an apple blossom she came faintly smiling. She wore her great grandmother's wedding gown, crowded with age and strouded in folds of priceless old lace.

"Ah-h-h!" A murmur like a June breeze blowing over a field of clover. "The Bride!"

Subconsciously Cissy stuffed the yellow envelope deep into the heart of her bouquet and moved forward with the procession. Moved mechanically—without sense of direction. She saw Dick Blout, rotund and warm beside Reuben, very straight with taut lips. His eyes adored Judith.

"God," prayed Cissy, into her wood-brown chrysanthemums. "Don't let her fall! Help her, please, and forget all about me. I'm used to being my own—"

The bishop impressively began to counsel the young pair before him to be patient, to be true. To bear with one another's weaknesses.

"What does she know about bearing anything?" thought Cissy fiercely. "What does she know except having her own way, and being fussed over and—"

Mechanically she took the shower of white bridal bouquet Judith handed her. She knelt beside the bride. If she drew the telegram out of her own flowers now? Her fingers itched to draw it out.

Owners, Writers, Bat Boys, Fans Swarm To Florida Baseball Camps

Owner Jake Ruppert He Watches The Yankees

By DILLON GRAHAM (AP Feature Service Writer)

TAMPA, Fla. — Just like an army or a circus, the baseball training camps have their hangers-on.

Sports writers have the run of the fields and spend their hours talking to players and dodging foul balls. There are a dozen or more writers at every establishment.

They scribble from back home, local chroniclers, and a brigade of press association and syndicate columnists who hop from camp to camp.

Typewriter keys, tinkle in the makeshift press boxes of the small wooden grandstands as the writers bat out their daily stories of the exhibition games and the feature writers and human interest scribes look for unusual angles to report.

Photographers scamp about snapping shots of the young rookies, making layouts of the better day. It had failed then. It failed today. It would fail again tomorrow. The Lutie Justis was done for.

For a long moment Cissy stood like a frozen image, while turbulent emotions seethed within her and a light wind sent the yellow train swirling about her feet. What must she do? If she gave this to Reuben now—would the wedding go on?

lial back home to be read from their radio stations. The broadcasters who go in for features interview players and make radio transcripts which are sent back.

Owner Sam Breadon often works out with the St. Louis Cardinals and General Manager Warren Giles of Cincinnati romps about with the Reds. Giles was one of the season's first casualties. He was struck by a foul ball and knocked unconscious. When he came to he said: "For once I'm glad I haven't got much power in this club. If a better Joe DiMaggio had hit me, I would have awakened."

Dizzy Vance, the old twirler often comes up from his Homosassa fishing camp to fiddle around with the Brooklyn Dodgers at Clearwater. And Commissioner Kenesaw Mountain Landis occasionally ventures from his golfing retreat at Belleair to see and exhibition game. Owner Jake Ruppert watches all the Yankee games. President William Harbridge of the American league and President Ford Frick of the National move about from camp to camp. Owner Tom Yawkey of the Red Sox goes South to get an early look on his team.

Stationed behind the grandstand an auto-grapher, ready to button-hole any player who happens to pass. And there are more gray-haired auto-grapher hounds than kids who want big names written on their baseballs—folks who've come for Florida vacations from obscure spots in the midwest and have never seen big-league players before.

The youngsters are just as much interested in the activities of the bat boys, who they envy, as they are in the players. Perhaps the most envied youngster of the lot is Tim Sullivan, the Yankee bat boy who came out of New York for the first time in his life as the guest of Col. Ruppert.

The worst pests are the amateur camera enthusiasts, who are always rushing about trying to get snapshots for their albums.

banking program, then I am for them."

Other banking authorities of the state are equally high in their opinion of the banking program, especially FDIC. There is "Bob" Hanes, of Winston-Salem, for instance. When Federal deposit insurance was under consideration he fought it hard—he didn't think it could be made to "tick" but now that it has been in successful operation, Mr. Hanes is convinced that it is an epic achievement in banking.

It is pretty generally agreed that, but for such measures as FDIC the current slack in business, the discovery of numerous shortages here and there in the state, and the depression level to which stocks have dropped would have before now caused numerous North Carolina banks to "go boom."

pany and a railroad system is that the latter can not shut down the interstate Commerce Commission makes the railroads run just as often and employ almost the same number of train men. It is all wrong. During the last depression railroad traffic dropped as low as it is now but they then had an opportunity to slash expenses. Today materials are up about 40 per cent, taxes 25

per cent, and wages 18 per cent over the 1932-34 depression levels.

Five Major Problems

At the same time traffic is no higher now than in 1932-34, and freight rates are 10 per cent lower but will only five per cent lower when new rates go into effect) and passenger fares are 18 per cent less. No wonder that the roads are up against it. Here is a little tabulation showing how specific operating costs have increased since 1933.

Wages (two general advances) \$38,000,000.

Unemployment insurance and pensions \$81,000,000.

Materials (Steel, lumber, coal) \$275,000,000.

Total \$664,000,000.

If conditions do not change, revenues for the entire twelve months will be no better than in the lowest period of the depression—years when the railroad systems, as a whole, failed to earn enough to pay mortgage interest.

What are the basic troubles? First everyone knows that trucks, buses and automobiles have scooped a lot of the railroad business. Second, of course, is the increase in taxation. A third is the molly-coddling of labor for political reasons and the higher costs of such a policy. Fourth is the interference with railroads by ignorant and selfish politicians. (Right now there is a bill before Congress to limit train

Scott Cites Need Of Seed Breeders To Protect Crops

Commissioner of Agriculture Pledges Support of Department in Conducting Research Study

By Staff Correspondent

Goldboro, April 1—North Carolina farmers "who annually spend more than \$6,000,000 for seed" need a plant breeder to make the same contribution to crop production that greater dairymen have made in the livestock field, Commissioner of Agriculture W. Kerr Scott told farmers here today.

He spoke on the "Better Farm Hour" Motion pictures in color, showing the Upper Coastal Plains Test Farm Field Day. Well's Field Day, purebred livestock seed breeding work and eastern agricultural progress were viewed by growers.

"The plant breeding field is wide open in North Carolina today and the State Department of Agriculture is ready to give full support to the scientist or agriculturalist who is willing to adopt our state as a ground to conduct research studies looking toward propagation of better quality, high yielding and more nearly disease-resistant seed" Mr. Scott said. "It is obvious that plant diseases take a heavy toll from the farm cash income of our growers each year."

The commissioner asked livestock growers to "take advantage of the reasonable prices asked for purebred stock in the state today."

"North Carolinians are fortunate in having some of the best livestock breeders in the United States," he said. "These breeders, particularly in dairy animals that will help livestock-minded farmers place the state in its rightful and needed place in dairy farming."

Scott reminded the farmers that lengths to seventy cars. The idea is to make more useless jobs at a cost of \$150,000,000 annually! Fifth is that managements have too small a stake in their total enterprise. As a result, they are not so ready to fight for their real owner's (the stockholder's) rights.

Five Life-Saving Possibilities

Is there any hope of overcoming these terrible problems? Several optimistic developments are on the horizon. First is the increase in rates, already granted. It should turn in around \$200,000,000 additional revenues based on current traffic. It is not all that the roads asked for but too big a boost in rates would force traffic over to ships and trucks. Second is the cut in wages looming ahead. Managements have the courage to push these wage cuts now because they know that if present conditions should continue their own jobs will be in danger. A 10 per cent wage slash would keep another \$200,000,000 from draining out of the railroads' cash register.

Third, other expenses can be slashed. Big strides toward operating economies have been made in recent years. This trend can be emphasized. Loans for modern efficient equipment by the RFC will be a factor. Fourth, real consolidations of competing roads are expected. Duplicate terminals, parallel trackage, dual offices will be eliminated. Equipment will be pooled. This is really bullish. Fifth, there is the hope of general business betterment. A 20 per cent gain in traffic is needed more than anything else. It would give the roads time to catch their breath to purchase efficient equipment and to work out their consolidation plans carefully.

Hold Most Rail Securities Now

Now, what should investors do? The bonds of the best roads may sell off from par but they will continue to pay their interest. The medium-grade roads are more doubtful. Some of them will be forced through the wringer and here is where careful weeding-out will pay well. Most of the weakest group are already in bankruptcy. Some of their first-mortgage, main line issues should be good purchases at present prices. Common stocks of the railroads are another question. With a few exceptions, they are outright gambles although I see little to be gained even by selling them now. But later when the railroads are again feeling good, get out and stay out.

3RD FOLKLORE MEET STARTED

Southeastern Society Opens Sessions at University

Chapel Hill, April 1—The third annual sessions of the Southeastern Folklore Society were to get under way here today.

Registration was set for 3 o'clock after which Administrative Dean K. B. House was to extend a welcome, to which Mellinger Edward Henry of Ridgefield, N. J. was to respond. Then Maurice Matteson of State Teachers College, Frostburg, Md. is to give the president's address.

Music by the University Glee Club and an address by Dr. Arthur P. Hudson of the University English Department on "Some Curious Negro Names" will conclude the afternoon session.

A feature will be a program of early American Folk and Art Music to be given tonight (Friday) in Hill Music Hall at 8:30 o'clock by the Old Harp Singers of Nashville. E. J. Gatwood is musical director and George Pullen Jackson is founder and folklore advisor for the noted group.

After the concert the Folklore Council of the University, which is assisting the Society with the program, will hold a reception at the Carolina Inn.

At the Saturday morning session Professor Martha Beckwith of the Vassar Folklore Foundation, Vassar College, will extend greetings from other folklore organizations and Dr. George Herzog of Columbia University will give an address on "The Study of Folklore in America."

Music by the Carolina Folk Musicians, presented by the Dogwood Festival and an address on "Progress in the Study of Spiritual Folk Songs" by Mr. Jackson will complete the morning's program.

Dr. Frederick K. Koch will be the principal speaker at the annual luncheon. He will talk on "The Making of Southern Folklore Drama." The Carolina Folk Musicians will provide entertainment.

The annual business meeting and election of officers will be held immediately after the luncheon.

On the Folklore Council committee are R. M. Gramman, chairman; Ralph S. Bages, Glen Haydon, Phillips Russell and Alton Morris.

Man About Manhattan

By George Tucker

New York—William Seabrook thinks the foreign element in America is something to rejoice over and not, as you may have supposed, a matter to be cogitated in moments of anger. But whatever your private opinion may be it is a hide-bound fact that New York owes much of its wealth, its culture, its building and its humor to visitors from overseas. Here are a few pertinent observations gleaned from the pages of his new book, "These Foreigners."

There are 20,000 Italian barbers in New York and last year they did a \$25,000,000 business. There are 45 Italian Roman Catholic churches and something like 100 priests. Alfred Salmagrand, an ex-cobbler, is head of the Hippodrome and presents popular priced opera there, with elephants. WOV is the only pure Italian radio station in America and all of its programs are broadcast in Italian. Fiorella LaGuardia, the mayor, is also Italian.

Then there are 350,000 Russians in greater New York, three-fourths of which are Russian Jews. Many of these are White Russians, including executives of shipping lines, noted engineers and documenters. At least 10 members of the Romanov family are in this country, and former Russian generals are a drug on the market. Hurok, the famous tour manager, is Russian; Eddie Cantor and Irving Berlin are Russian. The doorman at the Savoy-Plaza is a former Czarist general, said to be the greatest living authority on Russian aristocracy. Another general is night watchman at a match factory.

As for the Poles, they are legion and leaders in every phase of American life, as are the Germans and Scandinavians. Paderewski, Hofmann, Stokowski, Rodzinski and Wronski (I hope I am not spelling these wrong!) are great Polish names. New York has in all 30,000 Poles.

The Germans hold high place in American universities and in scientific fields. Seabrook thinks the Nazi element is maybe one per cent, 20,000 at most, a pest and an annoyance, he says, but in no sense dangerous.

The melting pot boils says Seabrook and gives over some scum. But what remains is pure gold and an asset to you and to me and the whole lot of us, whether we be high-born or low, wose, Heinies, dumb Swedes, dumb English or dumb Americans. You may not be convinced by reading Seabrook, but you can't help being amazed at the tremendously fine piece of reporting he has done.

RALEIGH LICKS GREENIES, 7-2

Locals Drop Second Conference Game In Row

As a result of the effective pitching of "Preacher" Weeks, Raleigh high's strike-out king, and the hitting at opportune moments of his team-mates, the Capitals handed the Greenville highs their second successive set-back in Class A conference baseball. The score was 7-2. The latter stages of the contest were played in a light rainfall.

The visitors scored a run in the first inning on a single, stolen base, a wild pitch and an error; single. Again in the fourth the Caps scored runs. Weeks got life on an error by McGowan, and promptly stole second. Wood went out on an infield tap and Horton, who had previously gotten on base, scored. The Preacher then scored on an error by Tucker.

Raleigh tallied three times in the fifth. Holt was hit by a pitched ball. Pittman singled and Weeks tripled to score both runners, the latter also scoring on a wild throw to 3rd base. Final scoring for the Caps came in the seventh. Holt and Pittman each singled, advanced on a wild pitch and Holt scored on another wild throw.

The Greenies got all their score in the fifth. Futralle hit a single. Minnis singled and Futralle went to third. On the throw-in Minnis stopped at second. Williams went out on a fly ball to center and Futralle scored. Parrish's single scored Minnie.

Tucker, for Greenville, struck out five and allowed seven hits. Weeks, the visiting pitcher, allowed four hits but fanned seven Greenies.

Probably the most diminutive group are the Dutch, the Holland Dutch, who are but 14,909 in number and are experts, as you might guess, in tulip culture and gardening. Seabrook says the Dutch are the most admirably controlled group in the states. They know exactly where everyone of their countrymen lives, and his occupation. There are, for instance, only 24 Hollanders in South Carolina; Arkansas has 80 and North Carolina has 201.

CHIEF GEORGE CLARK CUT WHILE ARRESTING NEGRO

(Continued from page one) Clark to hold while the chief looked around to see if anyone else was in the establishment. Reeves was found and the officer and his son started to take them to the police station. As they got outside the door, both Negroes made a break. Reeves, after cutting the chief, freed himself and fled. Preston Clark hit Little, knocked him down and turned him over to someone else and started for Reeves. When he nearly caught up with the assailant, the Negro stopped and brandishing the knife, told him to "come on and I will cut you to pieces." Unarmed in any way, Young Clark gave up the chase.

Officers immediately began a search for Reeves and their investigation led them to Kingston, where they found the Negro in bed. He was returned here and officers said he did not deny the cutting.

Both Negroes only recently got off the roads for breaking, entering and larceny. They are declared to have robbed a number of places, including Bossett's drug store. Dal Cox's filling station and the Home Grocery store on the corner of Second and Evans street.

Four other Negroes were taken in custody and charged with aiding and abetting Reeves in making his escape. They are Jack Reeves, Mary Daniels, Martha Joyner and Clint Hardy.

Although his injuries are painful the chief was about his duties today and apparently not seriously hurt.

Philadelphia Pastor Preaches here Sunday

Rev. Ralph Pomeroy Crum, M. A., D. D. of Philadelphia, Pa., will be the guest preacher at St. Paul Episcopal church at 11 o'clock Sunday morning. The subject of his sermon will be "Forgiveness, Human and Divine."

Mr. Crum is known as one of the foremost preachers of the Episcopal church, having held parishes in various parts of the country, including Boston, Mass., Tulsa, Okla., San Antonio, Tex., as well as his most recent charge, St. Andrews Church, Philadelphia. His writings are well known among the devotees of the devotional life, especially his books "Some of Life's Mysteries" and "Help from the Hill."

Mr. Crum will be the celebrant at the Holy Communion, assisted by the rector.

The public is cordially invited to attend this service.

HANDLES OIL ROW FOR U. S.

New York, April 2—(AP)—Leading stocks bounded up the rallying route in today's market extending the comeback of the preceding session by one to more than four points at the best.

Fresh buying support was attached to the list when American Telephone weathered the report of Federal Communication Commissioner Walker on his company's activities, put on one of the briskest start-ups of the two hour proceedings.

Transfers approximated 700,000 shares.

Rail issues followed the rest of the market and carrier bonds, along along with numerous other secondary loans, exhibited strength.

Only Three Cases In Mayor's Court

One wreck case and two drunkenness charges were aired at the regular Saturday morning session of City police court this morning.

Miss Mary Jordan and Tommy Allen were cited to court following a collision of automobiles in which no one was hurt. The drivers agreed to adjust differences and the case was disposed of with Miss Jordan paying the costs of court.

African Smith was given a thirty-day sentence, suspended upon payment of court costs, after pleading guilty to public drunkenness.

J. T. Pope, another white man who pleaded guilty to a similar charge, was fined \$5 and taxed with costs of court.

Pender's Offers Hams At 33 Cents a Pound

Pender's meat market offered some week-end special that are real bargains through the advertising columns of The Daily Reflector yesterday afternoon, but if anyone went to the store seeking to get Onslow hams at 15 cents a pound and was told the price was 33 cents, he should not accuse the butcher of upping the price.

An advertisement of Saturday specials in yesterday's issue erroneously listed the price of the hams at 15 cents per pound. The figure should have read 33 cents per pound and at the price they are regarded a bargain.

Pitt County Biddies Have Surplus Toes

Ring the bell for another Pitt County farmer—or at least one of his hens.

D. C. Barnhill brought the report to Greenville today that two biddies hatched on his farm had 10 extra toes between them. A chicken usually has four toes, but one of those in question had seven on each foot and the other had six on each when hatched.

New York Cotton

New York, April 2—(AP)—Cotton futures opened two to six higher. Lower cables were offset by trade and foreign buying.

July advanced from 8.67 to 8.72, leaving the list six to nine net higher shortly after the first half hour.

Futures closed to 11 higher, spot steady, middling 8.72.

High Point Citizen Declared a Suicide

High Point, April 2—(AP)—Samuel T. Bryan, formerly circulation manager for the High Point Enterprise, was found dead in the basement workshop of his home this morning.

Coroner J. M. Simpson, after investigating, said "It was clearly a case of suicide and no inquest would be necessary."

Bryan was found slumped in a chair, fully dressed, with a .32 calibre bullet wound above his right ear, by his wife this morning at about 7:30. Friends and relatives said he had been despondent for several months.

Funeral arrangements were incomplete.
