Price: 5 Cents

FRANC SET AT LOWEST LEVEL IN TEN YEARS

Represents Devaluation of About Nine Per Cent

SOLID MONETARY BASE IS SOUGHT

Government Acts Simultaneously to Prevent Profiteering and Rise in Prices

Paris, May 5.—(AP)—The Daladier government, seeking a solid monetary base for a rearming France, today fixed a new bottom for the franc at the level of 2.79 cents or 35.80 francs to the dollar.

This stabilization represented a devaluation of about nine per cent from the average rate of the "floating franc" of the last 10 months and brought the currency to the lowest level since the Poincare stabilization of 1923.

The franc was ordered tied definitely to the pound sterling under the accord for monetary equilibrium among the United States Britain and France.

The Government acted simultaneously to prevent profiteering and price rises under the devaluation. The Ministry of Interior issued a communiqué saying:

The Government has decided to proceed to stabilization of the franc, but this measure should in no way provoke any increase whatsoever in prices. On the contrary.

Prefectures were ordered to take a census of today's prices for use by police surveillance committees to guard against price increases. Unjustified increases will subject merchants to prosecution.

Finance Minister Marchandeau, announcing the new monetary measure, emphasized it was not "legal stabilization" because the gold content was not fixed by law. He called it "an operation whose goal is to achieve first de facto stabilization."

Finance Ministry officials, referring to Marchandeau's "massive repatriation of capital," declared four billion francs (\$12,000,000) returned to Paris this morning.

Indian Sought In Cumberland Death

Fayetteville, May 5.—(AP)—Bill Johnson, 35, formerly of Asheville, was shot to death at home near here last night and Sheriff N. O. McGehee said today he was hunting Seavy Young, a Croatan Indian.

Johnson, an ex-soldier, the sheriff said, had had an argument with Young over family affairs. The pair had married sisters, he said, and lived across a road from each other.

Coroner W. G. Davis said no inquest would be ordered pending the return of Young.

Two Professional Men Given Office

Two Greenville professional men received high honors at state-wide meetings of their respective groups yesterday afternoon.

Dr. R. B. Pace, local physician, was named to the Board of Examiners at the annual convention of the State Medical Society at Pinehurst.

Dr. Paul Fitzgerald, Greenville dentist, was elected secretary-treasurer of the North Carolina Dental Society at the annual session in Winston-Salem.

Kiwanis Club Meets At 7 O'clock Friday

George W. Thomason, assistant executive, Boy Scouts of America, located in Greenville, will be the principal speaker at the bi-weekly meeting of the Greenville Kiwanis club tomorrow night.

The meeting will be held at 7:00 o'clock, club directors having decided this week to change to the summer schedule.

The Committee on Boys' and Girls' Work, composed of Rev. C. H. Patrick, Berry Bostic, G. V. Smith and M. O. Hammond, will have charge of the program.

Philosophy Of Beards.

San Francisco—(AP)—Will Durant, author of "The Story of Philosophy," arrived in San Francisco without his beard.

"I grew it ten years ago to look older," he explained. "I cut it off to look younger. That's a pretty good summary of human life."

CELEBRATE PEPPER'S VICTORY

It was a gay party of friends and office workers of Senator Claude Pepper, Democrat of Florida, that gathered in his office at Washington to celebrate his nomination for re-election in the Florida primary. Pepper, ardent supporter of the Roosevelt administration, won a sweeping victory over four candidates, including Rep. J. M. Wilcox who called Pepper a "Roosevelt rubber stamp."

Plan Seek Legislation To Limit Magistrates

MAKES REPORT ON ABC BOARD

Total \$65,000 Turned Over to County General Fund

The general fund of Pitt county has been swelled by a total of \$65,000 from the profits of legal liquor since the first store was established here, a report issued today by Charles O. H. Horne, chairman of the board, revealed.

The latest sum, \$5,000, was turned over to the general fund of the county by the ABC board on February 12. Other sums paid the county and date of each follow: February 27, 1937, \$20,000; June 30, 1937, \$20,000; December 31, 1937, \$20,000.

During the nine months period ended March 31 sales amounted to \$380,654.10, the goods costing \$249,312.09, leaving a gross profit of \$131,342.01. Discounts taken advantage of by the board amounted to \$3,187.91, swelling the gross profit to \$128,154.10.

Expenses for the nine months were listed as follows: warehouse and delivery, \$1,529.89; administrative, \$8,616.80; store expense, \$17,316.43, making a total of \$27,463.03. This leaves a net profit of \$100,691.07 before deducting sums for state taxes and law enforcement purposes.

The 20 per cent of profits set aside for law enforcement purposes amounted to \$20,138.21, leaving a net profit before sales tax of \$80,552.86. The sales tax paid the state amounted to \$26,587.11, leaving a final net profit to the county for the nine months of \$53,965.75.

A summary of the balance sheet as of March 31 shows: cash on hand, \$58,965.84; stock on hand, \$45,580.52; fixtures and equipment, \$6,076.16, for total assets of \$110,622.52, less accounts unpaid amounting to \$4,593.42, leaving a net surplus on hand of \$106,029.10.

Under the Sells law in force under the French monarchy, women were barred from succeeding to the throne.

Fifty Million Pounds Of Goobers Graded In State

Raleigh, May 5.—State Department of Agriculture inspectors graded 49,861,578 pounds of peanuts for which growers were paid approximately \$1,008,000 this season at 20 marketing points. A. B. Harless, supervising inspector for the department's markets division, announced today.

Making his annual report on the 1937-1938 AAA peanut diversion program, Harless said:

"Twenty-eight licensed inspectors were used at 50 warehouses where 540,227 bags (24,930 tons) of peanuts were graded based on Federal government requirements without cost to the farmer.

More than 2,500 Tar Heel farmers benefited under the inspection program which was conducted by the Peanut Stabilization Co-operative in Edenton.

"Faced with ruinous prices and a chaotic market, growers called upon federal and state authorities for aid and the purchase of peanuts to stabilize prices," Harless said, in explaining the inspection-purchase program that was launched by the AAA this year. "Had it not been for the government buying of the nuts and the inspection work of the State Department of Agriculture, it was certain that peanut growers this year would suffer irreparable losses."

He added that "North Carolina growers are to be commended for the quality of peanuts they produced this year, since 44,000,000 of the aggregate of 49,000,000 peanuts were graded A."

Based on grades the Federal government paid \$5 a ton for Grade "A" peanuts, \$61 a ton for Grade "B" and \$57 for Grade "C."

Of the 49,861,578 pounds of nuts graded, 44,376,768 pounds were in class "A," 4,847,325 pounds were in class "B" and only 637,485 pounds were in the lowest class, "C."

Peanuts purchased by the AAA will be diverted into oil and its by-products but none has been sold to the edible trade to date.

HITLER VIEWS EXHIBITION OF ITALIAN NAVY

Magnificent Demonstration Staged Off Naples Coast

REICHSFUEHRER GUEST OF IL DUCE

Vast Panorama First of Four Spectacles Intended to Show Italy's War Strength

Naples, May 5.—(AP)—Thundering guns and churning propellers broke the calm of the Naples coast today as Italy's navy went into a magnificent demonstration of its prowess in honor of Reichsfuehrer Hitler.

A bright sun shone on the famous Neapolitan shore lines. Stoking Vesuvius in the background framed the blue sea, crowded with 200 fighting ships over which hovered squadrons of sea planes.

In the center of the fleet that moved out of the gulf, each warship attended by satellite craft was the 22,000 ton battleship Cavour, carrying Hitler, Premier Mussolini, King Emanuel and their staffs.

Suddenly submarines broke the surface on all sides of the fleet in mock attack and the warships thundered salvos at the "enemy" craft.

In another maneuver attacking torpedo boats shrouded themselves in smoke screens, darted from them to attack and fled back to cover to escape counter-attacks.

The vast naval panorama was the first of four great spectacles intended to show Hitler Italy's capacity for war during the week he is a royal guest.

The other three spectacles planned in honor of Italy's Nazi visitor, were a gigantic military parade later in the week at Rome, a sham battle showing troops in action, and a great aerial demonstration.

Bethel Woman In Wreck Here Today

George Blount, Farmville Negro, is charged with careless and reckless driving and operating a motor vehicle without a driving license, following a wreck at the intersection of Greene and Second streets this afternoon.

Mrs. G. M. Watson of Bethel, was driver of the other car involved in the wreck.

According to local police officers, Blount, traveling West on Second street, failed to observe a stop sign and crashed into Mrs. Watson's car, going South on Greene street. No one was injured, but both cars were badly damaged.

NAME BISHOPS FOR DISTRICTS

Bishop Paul Purcell Assigned to North Carolina

Birmingham, Ala. May 5.—(AP)—The 12 Episcopal districts of the Methodist Episcopal Church South, were announced today by the College of Bishops.

These include: Fourth District, Bishop Paul Kearn, Tennessee, Holston, Florida, Latin Mission, Cuba, Brazil.

Sixth District, Bishop Lee Holt, Central Texas, North Texas, North West Texas, New Mexico.

ROME GREET'S HITLER WITH GORGEOUS POMP

Gorgeous ceremony rivaling the grandeur practiced in the days of the ancient Caesars was accorded Germany's Adolf Hitler during his visit with Premier Mussolini in Rome. This radiophoto shows Hitler (left), King Vittorio Emanuele (center) and Mussolini as they inspected the guard of the Savoia Grenadiers while thousands lined the streets to watch.

Eighteen More Signatures Needed For Pay-Hour Bill

\$195,000 PAID IN INSURANCE

Sum Paid in Greenville Ranks 15th in State

Life insurance payments in Greenville last year totaled \$195,000, a report released today by The National Underwriter, official organ of insurance, revealed.

Bethel, with payments of \$20,000, ranked second to Greenville in the Pitt county claims paid.

Every day in North Carolina life insurance policyholders and beneficiaries received an average of \$82,731, showing the important part which life insurance is playing in the state.

YOPP TO HEAD UNDERTAKERS

Next Convention to be Held in the City of Wilmington

Raleigh, May 5.—(AP)—The North Carolina Funeral Directors and Embalmers Association elected W. E. Yopp of Wilmington, today as its new president.

The next convention will be held at Wilmington.

Yopp advanced from the first vice-president, succeeding Oscar Breece of Fayetteville.

E. A. Timberlake of Lexington, was named first vice-president and

(Continued on page two)

Both Proponents And Opponents Express Confidence

Washington, May 5.—(AP)—House sponsors of wage-hour legislation, claiming 200 pledged supporters, tried vigorously today to persuade 18 more members—enough for a majority—to sign a petition forcing the controversial bill onto the floor.

The proponents dispatched telegrams to absentees urging them to return at once and sign the appeal, designed to wrest the measure from the House Rules committee, which refused last week to give it right-of-way.

Among the 200 pledges, the sponsors said, were about 26 Republicans. They contended, too, that some Southerners might sign because of the overwhelming primary election victory of Senator Pepper (D-Fla.), who supported the Senate wage-hour bill.

Foes of the legislation, on the other hand, said enough signatures would not be forthcoming and the measure would be dead for the session.

While the Senate considered minor bills, the House took up today a measure assuring states of continued federal highway contributions. It would authorize expenditure of \$476,000,000 in 1940 and 1941.

Meanwhile, Secretary Ickes, calling President Roosevelt the "true leader" of liberals in America, forecast at his press conference failure of the La Follette national third party movement.

"I continue to believe that the President is the true liberal leader," he said, "and in that leadership lies the only hope of liberals getting anywhere."

"I can't see any future for a third party movement at this time."

Other developments: The National Labor Relations Board, already tussling with three major court cases, encountered another today.

(Continued on page eight)

CALLS FOR AID OF LABOR BILL

A. F. of L. Delegates Urged To Support Movement

Charlotte, May 5.—(AP)—President E. Rieve of the American Federation of Hosiery Workers, today called upon New England and Pennsylvania delegates attending the annual convention here to urge Republican congressmen from their districts to join in a movement seeking a vote on the wage-hour bill at the present congressional session.

Rieve told the convention that he had been informed it would be too late after tomorrow to obtain favorable action on the measure which the House Rules committee last week refused to report out.

Rieve, in his report to the convention Monday, charged that the unfavorable action was the result of a "combination of the Republican party and Southern Democrats."

He read telegrams this morning from Chairman O'Connor (D-NY), of the Rules committee, and from Chairman Norton (D-NJ) of the Labor committee, in which they said every possible was being done to get the bill before the House.

A telegram from John L. Lewis, head of the CIO was read calling upon the convention to keep up its efforts in behalf of the measure.

The Federation decided yesterday to continue for another year its policy of empowering the national executive board to obtain labor agreements by individual, district or group negotiations as it deemed expedient.

CHINESE ARMY ROUTS JAPS IN SHANTUNG CITY

Claims Capture Area Regarded as Key to Tancheng

CHINESE REPORT RAPID PROGRESS

Sudden Attack By 57th Army Declared to Have Driven Japs Back on Yellow Sea

Shanghai, May 5.—(AP)—An inspired Chinese army claimed capture of Matowchen, near and northwest of Tancheng, as continued "rapid progress" was reported today in erasing the second big Japanese offensive in South Shantung province.

Matowchen was considered by Chinese commanders the key to Tancheng, which had become the southernmost point of the Japanese advance toward the Lunghai railway, 15 miles away.

Tancheng was encircled and beleaguered, Chinese said, though it had formed the east side of a salient until counter-offensives from the opposite corner at Tancheng apparently straightened out the battle line.

At the same time a sudden attack by the 57th army was reported to have driven the Japanese back toward a point on the Yellow sea, in a battle along the Shantung-Kiangsu border. The attack relieved the threat of a Japanese thrust from the north at a seaport terminus of the Lunghai railway.

Pressure was being increased on Tancheng by a re-invigorated army, which qualified foreign observers on the war front said had doubled its fighting efficiency and striking power. It retired from the salients of Chaipei, in Shanghai, and in the Central Government capital at Nanking.

A month ago it struck decisively at Tancheng, forcing a Japanese retreat, the first major defeat of a modern Japanese army.

V. F. Kasey Wins Honors At State

Raleigh, May 5.—(AP)—Louis V. Sutton, president of the Carolina Power and Light Company, warned students of North Carolina State College today there could be too much specialization in technical courses at the expense of cultural growth.

Sutton spoke at exercises which winners of 25 coveted scholarship awards were awarded.

Awards included: Cups for highest averages among senior and freshmen in ceramics engineering, Arthur Dammann of Amityville, N. Y., and S. R. Millhouse of Wilson, award for excellence in chemical engineering, V. F. Kasey of Greenville; Delta Sigma Phi key for highest four-year average in commerce, R. L. Stallings of Bridgeton.

Extends Rewards For Levine Youth

New York, May 5.—(AP)—Murray Levine announced today that should the Department of Justice can't afford to do it, he is going to send out 50,000 circulars for the return of his son, Peter, 12, kidnapped from their New Rochelle home February 24.

Simultaneously Levine, who is a lawyer, said he had extended from May 10 to June 15 the deadline for payment of rewards he has offered. One is for \$25,000 for the return of the boy alive; the second is for \$5,000 for the return of the boy's body. The rewards were first offered on April 20.

Meanwhile, Pasquale Parisi, 23, who pleaded guilty to attempting extortion on Murray Levine, father of the missing Peter, was sentenced to Sing Sing prison to from two and a half to five years.

Calls Meeting Of Potato Producers

A meeting will be held in the old high school auditorium in Bethel Friday night at 7:30 to discuss the referendum, which is to be held in the near future regarding the marketing agreement on Irish potatoes. This marketing agreement is an agreement between the Secretary of Agriculture and the handlers of potatoes.

The object of the agreement is to improve marketing conditions and returns to the producer of potatoes.

It is important that farmers attend this meeting to hear Mr. Watson, of the Extension Service, explain the object and purpose of the referendum in which they will have a chance to vote a few days.

Annual Mother's Day Theatre Party

The Reflector-Pitt Theatre annual Mother's Day theatre party will be held Monday afternoon, at which time every mother of this community, 55 years of age or older, is invited to be our guest at the theatre.

The picture for the occasion is "A Girl of the Golden West," featuring Jeanette MacDonald and Nelson Eddy. The theatre doors will be open at 12:45 p. m., and the mothers will be admitted free between that time and 1:30 p. m.

Through the cooperation of the Greenville Floral Company and the Carolina Dairy Products, Inc., the mothers will be presented bouquets upon arrival at the theatre and will be served refreshments as they leave the theatre.

The annual Mother's Day party in the past has attracted a large number of mothers and it is anticipated that 200 or more will attend this year's party.

This party is for the mothers of required age throughout Pitt County and adjoining counties where the Reflector circulates, and includes mothers from other sections who might be visiting in this county on Monday.

In order to be admitted to the theatre free, mothers must arrive at the theatre not later than 1:30 p. m. Monday, and present a Reflector coupon ticket properly filled out.

The tickets will be published in tomorrow's and Saturday's issues of The Reflector.

Moore Answers Articles Regarding Liquor Board

The following self explanatory letter was received today by The Reflector from Cutler Moore, chairman of the State Board of Alcoholic Control:

"I am writing this letter in regard to articles which have recently appeared in various papers throughout North Carolina written by Mr. Henry Averill, newspaper correspondent in which he made attacks upon me and others.

"On April 27th he had an article appearing stating that the present Board had been dominated by me and that Mr. Thomas J. Murphy had been merely a figurehead under my control. He also stated that Mr. Murphy would have been made a laughing stock but for the fact that Raleigh newspaper men have hearts. In answer to this, I wish to say that there has never arisen but three controversial issues in this office between Mr. Williams, member of the State Board, and myself. Mr. Murphy voted with me on

two of these occasions and with Mr. Williams on the third occasion. "It is true that Mr. Murphy's health has broken in the past few months and that he is incapacitated now by the infirmities of old age and an automobile accident, the result of which Mr. Murphy has not received for his services but about one-third of the compensation that has been paid to Mr. Williams. T. J. Murphy needs no defense before the people of this State who have known him for many years a man of integrity, charitable and courageous, and Mr. Averill is the first to assail him during his sixty-seven years of useful service to his State and to try to make him the laughing stock which he referred to.

"Mr. Averill well knows that this office has been kept open at all times to newspaper men and the public, and that he is at liberty to be present at all Board meetings or referendums in which they will have a chance to vote a few days.

Social and Personal

Dr. Carey Harrington has returned to Asheville after spending a few days here with relatives.

Mrs. P. E. Wells and Mrs. J. T. Clark have returned from a visit to Tarboro.

Dr. and Mrs. K. B. Pace, and Dr. and Mrs. J. L. Winstead have returned from Pinehurst, where they attended the State Medical meeting. Misses Cotten and Deige Skinner, who accompanied them to Pinehurst, remained for a few days longer.

Mr. and Mrs. N. S. Beard have as their house guests, Mrs. Beard's mother, Mrs. Sam Glenn of South Boston, Va., and Mrs. S. C. Moody of Plainfield, N. J.

J. B. James and Louis Skinner went to Pinehurst today to attend a meeting of the North Carolina Bar Association.

Miss Fannie De Vane of Red Springs, is visiting Mrs. Closs Hearn.

Social Calendar

THURSDAY
4:00-6:00 p. m.—Mrs. J. M. Barrett will be honored at tea at the home of Mrs. E. B. Ferguson, 609 West Fourth street. Hostesses, Mrs. T. H. Boykin and Mrs. Needham Ward.

7:30 p. m.—Memorial Baptist choir will hold its weekly practice.

FRIDAY
3:30 p. m.—George B. Singletary Chapter U. D. C. will meet with Mrs. S. T. White.

7:00 p. m.—The Kiwanis Club will meet.

Entertain At Dinner.
Fountain, May 5.—Mr. and Mrs. M. D. Yelverton entertained at a three-course dinner Saturday evening at their home in honor of Governor Clyde R. Hoey. Other out-of-town guests were Mrs. J. B. Spillman, R. Bruce Etheridge, Miss Evelyn Rogers and E. J. Beamon of Raleigh; L. P. Eagles of Rutherfordton; E. G. Flanagan and D. H. Conley of Greenville; J. W. Bass and D. A. Clark of Farmville; R. H. Forrest of Winterville; Cecil Lang of Walstonburg; H. B. Mayo of Lenoir, and C. F. Eagles of Pinetops.

Assisting in serving were Mrs. Spillman, Mrs. W. D. Divens, Mrs. George Lane, Mrs. F. L. Eagles, Mrs. Bruce Eagles, Mrs. W. E. Lang, Mrs. Russell Williams, Mrs. L. P. Yelverton, Miss Lucile Yelverton, Miss Lorna Brothers, Miss Dorothy Smith, Mrs. C. F. Eagles and Miss Mary Elizabeth Eagles.

Music was furnished throughout the dinner hour by Misses Maude Emily Smith, Mary Carolyn Redick and Nina Estelle and Carol Yelverton.

Immediately after dinner the guests went to the high school auditorium, where Governor Hoey delivered the address to the graduating class.

Whitehurst-Jordan.
Mrs. John Henry Briley announces the marriage of her daughter, Katie Cornelia Jordan to Mr. Willard Thomas Whitehurst on Sunday, the first of May. Nineteen hundred and thirty-eight Greenville, North Carolina.

At Home.
Bethel, N. C.

Mrs. Whitehurst is well known in the county, having been for a number of years a member of the faculty of the Fountain schools. She is a graduate of Greenville high school and received her A. B. degree from East Carolina Teachers College.

Mr. Whitehurst is the son of Mr. and Mrs. Charlie Whitehurst of Bethel, and is engaged in the mercantile business in that town.

Red Shield Club Meetings.
The Red Shield Club under supervision of the Salvation Army, held their usual weekly meetings on Monday, Tuesday and Wednesday nights. All meetings were very successful.

A weiner roast was experienced Wednesday night by the members of the club through kind friends who donated weiners and rolls to the club.

The boys extend appreciation to the following for their fine support: The A. & P. store on Dickinson avenue, Mrs. Morton's Bakery and Mr. C. O. Turner of City Market.

Those attending the meetings were members, club director, Benjie Moore and Captain Bates.

—Reported.

German Club Meeting.
There will be a meeting of the German Club on Friday morning at 11 o'clock at the home of Mrs. J. T. Little on the Ayden highway. Members are urged to be present.

Entertains Bridge Club.
Yesterday afternoon Mrs. Bob Neal entertained the Wednesday Afternoon Bridge Club at her home on Fifth street. A great variety of colorful spring flowers were used most effectively in the home.

After an afternoon of bridge, the club prize, a vase, was awarded Mrs. H. L. Ormond; the guest prize, also a vase, went to Mrs. Knott Proctor. Refreshments consisting of Coca-Colas and sandwiches, were served.

Jessica Dragonette Here Tonight.
When Jessica Dragonette, singing tonight at the college, is asked to name her favorite song, she declares that she can not choose one out of all the songs she loves. However, there are a few that have stood out through her ten years of broadcasting as particular favorites of her listeners.

Radio listeners have asked again and again for Brahms' "Lullaby," Schubert's "Ave Maria," Friml's "Indian Love Call," Victor Herbert's "Italian Street Song" (from "Naughty Marietta"), Rachmaninoff's "In the Silence of the Night," Grever's "Heart Strings," and "Swanee River."

Most of these were in request when she began singing and are just as popular now as they were ten years ago.

Since Miss Dragonette tries to sing over the radio the songs her audiences request, she has developed such a repertoire that, even singing as she does an average of eight songs a week in her broadcasts, she still does not repeat a song in less than six months' time.

When foreign groups, families from Hungary, Italy, Russia, have begged her to sing songs of their homeland, she has sung them in their native tongue.

Miss Dragonette is closing her program here with a group of popular numbers, including "Alice Blue Gown," and "Ah, Sweet Mystery of Life."

Mother's Day Program.
There will be a special Mother's Day program at the Black Jack Free Will Baptist Church, Sunday evening at 7:30 o'clock. The speaker will be Dr. E. C. Hollar of E.C.T.C. family.

There will be prizes for both the oldest and the youngest mother in attendance.

The public is cordially invited to attend.

LAUTARES' WE GUARANTEE WATCH REPAIRING—JEWELRY REPAIRING—Engraving—Reasonable Price.

Bethlehem Commandery.
The convocation of Bethlehem Commandery will be held Friday afternoon at 5 o'clock for the purpose of conferring the degree of Red Cross and Knights of Malta; and at eight o'clock Friday night for the purpose of conferring the degree of Knights Templar. All Knights Templar are urged to attend the night meeting in uniform.

Dr. and Mrs. W. I. Woolen Entertain.
Last night, in their usual hospitable manner, Dr. and Mrs. W. I. Woolen entertained at a brilliant formal reception in honor of Dr. and Mrs. J. M. Barrett, whose marriage was solemnized last week in Baltimore.

The beautiful Woolen home was ablaze with light from top to bottom; the entire lower floor was opened en suite and with tables, sweetpeas, and baby breath everywhere, presented a scene of surpassing loveliness.

Guests were greeted at the door by Mr. and Mrs. J. H. Waldrop, and Mr. and Mrs. W. E. Hooker introduced them to the receiving line. Receiving were Dr. and Mrs. W. I. Woolen, Dr. and Mrs. J. M. Barrett, Miss Alice Lee Hooker, Mrs. J. C. Wooten, and Mr. and Mrs. R. W. Bynum. Mr. and Mrs. Council Bynum, Mr. and Mrs. William Bynum, and Mr. and Mrs. H. T. Taylor, all of Stanfordsburg; Mr. and Mrs. Will Durrie and Miss Dixie Barrett, of Farmville, and Mrs. Glenn Barden of Durham. Mr. and Mrs. B. S. Warren and Mrs. T. H. Boykin ushered guests from the living room into the library. Here punch was served by Dr. and Mrs. S. M. Crisp, and Dr. and Mrs. Needham Ward. Assisting in the library were Dr. W. M. B. Brown, Roy Colburn, Frank Wooten, Alton Barrett and Misses Jane Hadley and Louise Hooker. Mr. and Mrs. W. J. Bundy showed guests from the library into the rear hall. Stationed at the door of the study were Mr. and Mrs. Burke Stancil, and in the study, presiding over the register, were Mr. and Mrs. Tyne Wagner. From the rear to the front hall were Mr. and Mrs. Roy Barrett, Dr. and Mrs. J. L. Winstead, Dr. and Mrs. K. B. Pace, Mrs. Novella Moye Williams, and Mr. and Mrs. Bill Bradsher. Mr. and Mrs. Graham Flanagan greeted guests at the dining room door. The table was covered with an Italian cut-work cloth and centered with a tiered wedding cake. The cake was flanked with bowls of sweetpeas and baby breath. Mrs. Travis Hooker and Mrs. E. G. Flanagan, seated at either end of the table, served ice cream, cake, nuts, and mints. The refreshments carried out a color scheme of green and white. Assisting in the dining room were Misses Louise Golphin, Mozelle Jones, Sue Barrett, Jane Hall, Alice Wooten, Jessie Moye and Lillian Wooten. Good-byes were bid by Mr. and Mrs. Knott Proctor. Approximately four hundred guests called during the evening.

Miss Helen Johnston Hostess.
Miss Helen Johnston entertained at a kitchen shower last night in honor of Mrs. Richard Thornton of Goldsboro, the former Miss Mary Rachel Teel of this city.

A pink and white color scheme was achieved through the use of lovely white roses and pink poppies. Iced Coca-Colas were served the guests upon arrival. Bridge was enjoyed throughout the evening. When the scores were added, high score prize, a vase, was won by Miss Myrtle Musgrave. The hostess presented the guest of honor with silver in her chosen pattern. The surprise of the evening came when Mrs. Thornton was invited into the dining room and there showered with kitchen utensils of every conceivable variety. The hostess, assisted by her mother, Mrs. F. V. Johnston, and her aunt, Miss Addie Johnston, served an ice cream course with mints, nuts and cookies. Mrs. J. B. Smith and Mrs. O. W. Eakes joined the party for refreshments.

Out-of-town guests attending the affair were: Misses Myrtle Musgrave, Barbara and Sara Best, Tennyson Thornton, and Mrs. W. T. Melican, all of Goldsboro, and Mrs. James Britt of Tarboro.

Spanish Cavalry swept down upon them and poured a hot fire upon the tug. But their aim was poor and the distance was too great. In the meantime the Cruiser Wilmington was cruising near, ran into range and fired upon them with small guns. Approximately 16 were killed and 60 wounded. The insurgent force came up behind them and poured hot fire upon them. Only a few escaped alive.

Favor Annexation
Washington, D. C., May 5.—The sentiment of the majority of the House committee favor the annexation of Hawaii. Next Tuesday has been set as the day upon which the vote will be taken.

HINTS TO HOUSEWIVES

To prevent woolen golf hose and sweaters from stretching, fit them over frames after they are laundered. Dry them thoroughly before removing them from the frames.

Flour should be measured at the time it is to be used. If it is allowed to stand it will pack down and accurate measurements will not be possible.

Give your window screens a coat of thin white screen enamel. Doing so will not obstruct vision from the inside, but will make vision from the outside less clear.

Give a crusty top to baked custard. When the custard is half-done sprinkle a thin layer of crumbled cake, macaroon or sugar cookie over the top. Drop the crumbs lightly or they will mix into the custard.

Specially-treated types of drapes may be washed by sponging them generously with warm—not hot—water and soap suds. They should be rinsed in warm water and dried in the sun.

Chopped mint blends with fresh strawberries and diced fresh pineapple. Add two tablespoons of mint for each three cups of fruit. Serve as an appetizer, salad or dessert.

Chill caramels before you remove their paper coverings. If the caramels are warm the papers are apt to stick tenaciously to the candy.

John Rhodes of St. Petersburg, Fla., formerly president of the National Funeral Directors Association, urged North Carolinians to remember that funeral directors should make their plans carefully and to conduct themselves in a manner worthy of their profession.

\$195,000 PAID FOR INSURANCE

(Continued from page one)
The economic life of the state and its communities. The state ranked 20th in life insurance payments among all states. The per capita payment in 1937 was \$8.73, a small decline from the \$8.97 the previous year.

Greenville ranked 15th in payments of all communities in the

state. Among policies paid in Greenville and Pitt county citizens last year were Edgar Duke James Elks, James Galloway, Tom Galloway, Tom Gooor, Jesse Hardy, Robert Jones Mumford and Cary Warren of Greenville, Carrie Gurganus, Fanning Manning and Joseph Whitehurst of Bethel, C. Owens of Fountain and L. Chapman of Princeton.

In commenting on life insurance payments in North Carolina last year, Governor Hoey said: "I have been an advocate of life insurance all my life. I practiced the theory by taking out my first insurance when I was only 17 years old, and I have carried all the life insurance which I was able to pay for ever since. I regard life insurance, as a very stabilizing influence, and as a necessary safeguard for both the estate and the family of the average man."

Income tax receipts constituted 35 per cent of federal revenue in the fiscal year, 1936.

Dixie Weaves

Tailored by
HART SCHAFFNER MARX

There is such a thing as a COOL summer suit—that is smart as well! It's Dixie Weave by Hart Schaffner & Marx.

For a Dixie Weave will keep you crisply cool and comfortable even on the hottest days—because it's porous, absorbs perspiration, permits the circulation of air over your body, maintains an even temperature next your skin.

And Hart Schaffner & Marx have made Dixie Weaves as good-looking as they are comfortable by interpreting the best of the new colors and patterns into this stizzle-proof fabric.

Come in and take a look at these great Dixie Weaves TODAY—everything is represented in one of the greatest collections of fire-fighters we've ever had to offer.

Duke Engineering Exhibit Now Open To General Public

High School Students and Practicing Engineers Especially Invited to View Exhibition

Durham, May 5.—The annual open house exhibition of the Duke university division of engineering is in progress today and tomorrow. The laboratories of the three engineering departments—civil, electrical, and mechanical—are open to

visitors. Students and faculty members are on hand to explain and demonstrate equipment and apparatus during the afternoon and evening.

Among the visitors to the "engineers' show" will be many high school seniors from the surrounding area, who have been given special invitations to attend. Practicing engineers, throughout North Carolina have also been invited to inspect the Duke engineering division during the two-day "open house."

The Duke division of engineering is housed in its own buildings on the Woman's college campus. The

buildings and grounds of the division have recently been renovated and improved, an addition has been made to the mechanical engineering department, and much new equipment has been installed in the laboratories of all departments.

The exhibition is the twelfth annual event of the Duke engineering division. It is sponsored by Delta Epsilon Sigma, local honorary engineering fraternity, which is being assisted by the faculty and the student chapters of the American Society of Civil Engineers, the American Society of Mechanical Engineers, and the American In-

Editor

C. Ray Pruett, Gastonia, who has served this year as the editor of the College newspaper, the Echo, Pruett has been connected with the Men's Student Government Association, both last year and this, having served as secretary last year and the Junior Class representative this year, and has been elected to represent the Senior Class next year. He is a member of Phi Sigma Pi, national teachers' honorary fraternity.

stitute of Electrical Engineers. George Bynum, Winston-Salem senior in charge of arrangements, points out that throughout the exhibition special effort will be made to demonstrate to the layman the practical application of engineering knowledge and principles to everyday activities in other fields as well as to life as a whole.

How's Your Health?

Edited for the New York Academy of Medicine

By John Goldstein, M.D.

POOLS OF BLOOD

The phrase "pools of blood" may suggest horrifying visions to the average person, but modern science "pools blood" for merciful and life-saving ends.

In several metropolitan centers "convalescent serum laboratories" have been established. At these laboratories blood, taken from the recovering sufferers of a number of diseases, is gathered and stored so that it may later be used in the prevention and treatment of certain infectious diseases.

The principle behind the use of such blood is this: In the blood serum of individuals recovering from certain infectious diseases are "immune bodies" capable of overcoming the disease process. When the convalescent serum containing these immune bodies is suitably used it enables the sick individual to offer greater resistance to the disease.

Convalescent serum are now available for the prevention and treatment of measles, scarlet fever, whooping cough, mumps and erysipelas, as well as for certain forms of infections caused by the streptococcal germs.

Wide use is now being made of convalescent measles serum to prevent the disease or make it milder. When this serum is given in proper amounts it is effective for these purposes in more than 95 per cent of the measles cases, if the serum is given not later than the fifth day after exposure.

This is a valuable procedure, especially for children under five who have been exposed, for measles is notably dangerous to infants and young children.

Convalescent measles serum is also of value in treating children who are run down or suffering from any other illness.

With children older than five years, it is not generally thought desirable to prevent entirely development of measles. In such instances a small quantity of the convalescent serum may be administered, after exposure, so that a milder attack of the disease may be developed. The mild attack is practically free from accompanying complications and severe reaction. It also confers a lasting, active immunity against subsequent attacks.

Similar use is made of convalescent scarlet fever serum in dealing with scarlet fever.

New Bishop

Dr. William Walter Peele (above) 56, of Greensboro, was elected a bishop of the Methodist Episcopal Church, South, by the quadrennial conference meeting in Birmingham, Ala. Six other new Bishops also were elected.

ADMINISTRATOR'S NOTICE

Having qualified as administrator of the estate of W. B. Brown, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to Harry M. Brown, Attorney, at Greenville, N. C., on or before the 28th day of April, 1938, or this notice will be pleaded in bar of their recovery. All persons indebted to the estate will please make immediate payment.

This 28th day of April, 1938.
BESSIE R. BROWN, Administrator of the Estate of W. B. Brown, Deceased.
Apr. 28-17w-6wk.

NOTICE TO CREDITORS

Having this day qualified as administrator of the estate of G. W. Hardee, deceased, this is to notify

all persons having claims against the estate to file them with the undersigned administrator, whose address is Ayden, N. C., R. P. D. No. 2, within twelve months from this date or this notice will be pleaded in bar of recovery. All persons indebted to the estate will please make immediate settlement.

This the 1st day of April, 1938.
MRS. EVA HARDEE, Administrator of the estate of G. W. Hardee.

NATIONAL ADVERTISING REPRESENTATIVES
Thomas F. Clark Co., Inc., New York, Chicago, Indianapolis, Philadelphia, Kansas City, Richmond

Washington Daybook
By Preston Grover

Washington—A sacred tradition has been preserved at West Point—at least for a year—so in June, when Commencement comes, the graduates will cheer to the echo the tall-order of the class to make up for him in acclaim what he lacks in scholarship.

The tradition of cheering loudest for the dullest is virtually as old as the academy. As a result, the army contends, the position of class "goat" almost rivals that of top man in distinction and honor.

It was Representative Terry of Arkansas who challenged the tradition. To him this system of advertising to the world the mental shortcomings of the tail-end man is barbarous and humiliating. He put Brig. Gen. Jay L. Benedict, superintendent of the academy, on the spot by suggesting that the cadets be graduated alphabetically or according to height, except for the first few honor students.

They Like It!
The trouble about dropping the system, the general now replies in a letter to Mr. Terry, is that the "goats" like it. "Apparently they don't feel that the custom of presenting diplomas in order of graduation standing is cruel, barbaric and humiliating.... In particular, each of the two cadets who believe themselves most likely to be the goat of the class of 1938 has expressed his desire in no uncertain terms, if the honor fell to him, of being the last to receive his diploma."

"So long as the goat regards his prominence as a privilege and an honor," General Benedict said, "I feel that the method should not be changed."

But not so Representative Terry. Replying to the General, he said: "I am the last person to wish to destroy a traditional observance; merely the fact that the custom is old gives it an interest and attraction for me. But this custom is so completely out of line with modern systems of education and modern psychology that I know it is a bad one."

Moreover, said Mr. Terry, if the superintendent asked the prospective goat if he liked the tradition he would be "obliged to insist that it was swell."

Years ago, he said, the naval academy at Annapolis abandoned the idea of whooping it up for the "anchor man" who came in last and the congressman is determined to carry on for dear old West Point.

Goats Get There
The army is a bit in doubt as to who makes the best officers. Comparisons between the accomplishments of the top 10 men of each class and the bottom 10 men have been "inconclusive."

Great General Robert E. Lee was Number Two man in his class but Richard B. Scriven, the "goat" of that class of 1842, won a citation for gallantry in action in the Mexican War.

George B. McClellan, Northern general, was Number Two in his class but major Civil War fame fell on General Grant, who was 21st in a class of 39. General Pershing came from the middle ranks of his class and so did General Malin Craig, now chief of staff. The goat in Craig's class is David L. Stone, major general commanding the Panama Canal zone. The Number One man retired years ago as a colonel.

General Douglas MacArthur, now marshal of the Philippine army was Number One in his class of 1903 brightest star in the army firmament. He jumped over the heads of dozens of generals to be chief of staff of the U. S. army while still in his early thirties. The goat in that class was dismissed from the army a year after graduation.

Keep a full cookie jar for the youngsters. Plain sugar, coconut, ginger or chocolate cookies are very good—and easy to make. You can save time by dropping the dough from the tip of a spoon onto a greased baking sheet or by spreading a thin layer of dough in a shallow, greased pan and cutting it into squares after it is baked.

SHORT SHOTS

By HENRY AVERILL

Raleigh, May 5—This column hereby offers a prize a combination ungeral clipper and lawn mower for a sane reason why candidates and their managers make such obviously absurd and ridiculous claims.

This offer is brought about by recent statements of Hancock and Reynolds supporters—statements which on their faces were fantastic to the last degree. Nobody above the intelligence of a low-grade moron could possibly have taken either seriously; yet they were given space in the papers and are generally accepted as a necessary part of any political campaign.

Briefly summarized these statements were: (1) a claim by Pierce Rucker, of Greensboro, Reynolds' manager, if anyone can be said to have that title, for the state. He predicted that Frank Hancock would carry only five counties in the entire state.

(2) A counterblast by some Hancock manager or other (the name slips this correspondent's memory) in which it was asserted with the gravity of a sayer that Reynolds will carry only two Eastern counties—Bladen and one other which the prognosticator will not name.

Neither of these statements followed anyone. The fellows who made them were just mentally listed as dealers in political humbug, and the shrug and a smile.

But, in the determined language of "Snooks" a very loud "Why?"

Reports reaching Raleigh from Wayne county are to the effect that Mrs. Frank Andrews, who is running against State Senator E. H. Main, has at least an outside chance to be the first female member of the state Upper House from the east.

Mrs. E. L. McKee, of Jackson county, isn't running this time and so the only possible lady Senators are Mrs. Andrews and Mrs. J. J. of Pamlico.

Nearly fifteen years ago a Mercury College teacher, Miss Mary Seawell, sat in the gallery as Anthony Ashley Flowers Seawell, now a Justice of the North Carolina Supreme Court but then a member of the General Assembly, waited desperately and against great odds for a piece of legislation backed by school people of the state—Miss Porter isn't sure now what the bill was, even.

But she was so impressed with the Seawell personality and methods that she jotted down some of her impressions.

When Mr. Seawell was elevated to the bench last week she recalled the notes, dug them out of her memoranda and showed them to a correspondent, who asked that he be allowed to print them—because they are still entirely descriptive of the Justice.

The notes begin with a word picture of one of the Seawell opponents, whom she likened to a "Sandbag." Mr. Seawell she termed "Rapiet." The notes continue, verbatim:

"Voice? Ringing, incisive. 'Air? Friendly, aggressive."

"No illogical hand yields this side. Body slender; sturdily erect even though the hour is hopeless; persistently fighting for equity for justice. He wears his voice out trying to reach the jouncing, chattering legislators—Indifferent, lazy powerful, these legislators—they 'my dear Sir' the indomitable fighter; they promise compromise, satisfaction; they propose impossible, ruinous amendment; they consume with puerilities the almost priceless moments of the last day."

"Outcome? 'Sandbag' noiselessly swings. 'Rapiet' falls with never a groan, yet indeed not without a healthy threat of return to the lists at the next meeting of the legislature."

"A Rapiet may be down, but never false. There were ancestors to that Rapiet. God willing, may such as he prove ancestor to many keen thrusters, truth tellers."

NOTICE OF SUMMONS
North Carolina—Pitt County.
In the Superior Court,
Pitt County (Plaintiff)
-vs-
Abram Johnston, Charlotte Fleming, Herbert Johnston, et al.

The defendants, Herbert Johnston, Charlotte Fleming and husband, — Fleming will take notice that an action has been instituted by the plaintiff against Abram Johnston and themselves and others, as heirs at law of A. J. Johnston, deceased, to foreclose a tax lien of Pitt County for \$229.44, duly set forth in the complaint filed in this Court on the 30th day of April, 1938, upon three parcels of real property in Pitt County, described as follows:

Parcel 1. Containing 9.11 acres on the banks of the North side of the Tar River. A second tract containing 33.34 acres adjoining the above-said tract of land and covered by a deed of Abram Johnston, Jr. to F. C. Harding, Trustee, and the third parcel being a house and lot in Town of Greenville on the South side of Norfolk-Southern Railroad and East of A. C. L. Railroad, known as Lot No. 23 in a survey made by B. F. Patrick to Henry Harper, containing 1.4 acre, more or less. All three said tracts of land being fully described in these several Deeds of Trust in the Register of Deeds Office Pitt County, in Books V-17, page 368, N-18, page 43, Book I-13, page 131, Book D-12, page 230 and Book G-15, page 542, to which reference is hereby had.

And that the said defendants are required to appear in this Office and file their answer or other plea to the said complaint on or before the 14th day of July, 1938, or the prayers of the plaintiff will be granted by judgment of foreclosure of the said tax lien.

This May 4, 1938.
J. F. HARRINGTON,
Clark Superior Court.
S. J. Everett,
Attorney for Plaintiff.
May 5-11w-4wk.

required to appear in this Office and file their answer or other plea to the said complaint on or before the 14th day of July, 1938, or the prayers of the plaintiff will be granted by judgment of foreclosure of the said tax lien.

NOTICE OF SALE OF VALUABLE REAL ESTATE

Under and by virtue of authority contained in that certain deed of trust executed by W. E. Hooks and wife, Bessie G. Hooks, to S. O. Worthington, trustee, on the 4th day of June, 1937, appearing of record in Book X-21, page 601 of the Public Registry of Pitt County, default having been made in the payment of the indebtedness therein secured, and the holder thereof having called upon said trustee to exercise the powers of sale contained therein, the undersigned trustee will offer for sale at public auction before the court house door in Greenville on Monday, the 23rd day of May, 1938 at 12 o'clock, Noon the following lands to-wit:

Situate and being on the southwest corner of the intersection of Fourth Street and Montague Avenue, known and designated as Lot No. 108 in Block No. 11 of West Haven Annex as shown by map thereof recorded in the office of the Register of Deeds of Pitt County in Map Book 1, at page 62, bounded on the north by Fourth Street, on the east by Montague Avenue, on the south by Otten Wingate and on the west by J. McDixon, being more particularly described according to a survey made by W. C. Draback, surveyor, on the 25th day of September, 1935, map of which is on file with the Home Owners' Loan Corporation, as follows:

Beginning at the southwest corner of the intersection of Fourth Street and Montague Avenue and running thence N. 64 W. 69.12 feet with Fourth Street to J. McDixon's corner; thence with the McDixon line S. 22 W. 183.9 feet to Otten Wingate line; thence with the Wingate line S. 64 E. 69.12 feet to Montague Avenue; thence with Montague Avenue N. 22 E. 183.82 feet to the beginning.

Being the same lot that was conveyed to Bessie G. Hooks by J. A. Griffin and wife, J. I. Griffin, by deed dated Oct. 29th, 1925, filed for record Nov. 18th, 1925, and recorded in the Public Registry of Pitt County in Book X-15, at page 30.

Sale will be made subject to all amounts due the Home Owners' Loan Corporation on note secured in deed of trust as recorded in Book A-20, page 383, and subject to all unpaid town and county taxes.

The purchaser will be required to deposit ten per cent of bid on day of sale.

This April 19th, 1938.
S. O. WORTHINGTON, Trustee.
Apr. 22-11w-4wk.

Don King Hurls Greenies To 11-1 Win Over Williamston

LOCALS POUND OUT 14 HITS

King Fans 7, Walks 2 In Turning Back the Martins

Don King, member of last year's hurling staff who was forced out of play at the beginning of this season to undergo an operation for the removal of his tonsils, returned in triumph yesterday and hurled the Greenies to a 11-1 victory over the Williamston Martins.

King got in trouble two or three times, but always was able to pull out of the hole. Three double plays during the afternoon helped him no little.

A winning team usually looks good, but the Greenies looked unusually good yesterday afternoon, both field and at bat. Only one error was marked up again the locals.

Determined to back King in his return to play, the Greenies rolled up four runs in the second. With three on Huffstetler poled out a

Tuesday—Tarboro at Greenville.
Thursday—Greenville at Snow Hill.
Friday—Snow Hill at Greenville.
Saturday—Greenville at New Bern.
Sunday—New Bern at Greenville.

long triple to clear the bases. The first run of the inning came on a sacrifice fly by King himself.

The Martins' single tally came in the third. Kopak, Martin hurler, doubled, advanced to first on a wild pitch, and came home when Villeque hit into a double play.

The Greenies added another in the third and five more in the fifth. A single run in the sixth by the Greenies ended the scoring for the day.

Several of the local players boosted their batting averages in yesterday's tilt. Thompson led the Greenies at bat, getting four for five. Smith, however, had the best average, getting three hits for three official trips. One of Smith's clouts was a homer. Miller, who got two for five, also hit for the circuit.

Manager Joyner hit safely the first two trips to the plate, then filed out twice for a batting average of .500. Joyner's first hit was knocked down by Stanley of the Martins as he backed up to the pailings in front of the left field bleachers and had to jump for the play. It lacked but inches of being a homer. Pratt replaced Joyner in left in the 8th but was unable to connect in his one time at bat.

Although apparently still going strong, King was replaced at the start of the ninth by Moser, who set the Martins down in order.

Players and fans alike held their breath for a while when was struck on the wrist by a pitched ball. But he soon resumed play and although the injury was painful, it was not considered serious.

The Greenies play Snow Hill there today, return here tomorrow to meet the Billies, go to New Bern—which team is tied with the locals for the lead—Saturday, and the two leaders will mix it up here on Sunday afternoon.

Eagles Rally in 9th to Lick Snow Hill Billies

Kinston, May 5.—Floyd Patton's triple in the ninth sent in the tying and winning runs as Kinston defeated Snow Hill yesterday, 7-6. Patton's hit scored Stringfellow, who had singled, and Wyrostek, on by an error.

Fine relief pitching by Al Nelbonne helped the Eagles to the victory which evened the 2-game series.

Stringfellow was the day's top batter—he hit a single, a double, and a triple.

Lefty Muhlenbein, Kinston's starting pitcher, yielded to Nelbonne with two out in the sixth. Nelbonne gave only three hits. Muhlenbein contributed two runs to the Eagles' score with a timely double in the second.

Score by innings: R H E
Snow Hill . . . 000 221 010—6 13 1
Kinston . . . 120 010 102—7 12 3
Smith, Bertram and Bistoff; Muhlenbein, Nelbonne and Baba.

Tarboro Pays Dearly For Win Over Ayden

Tarboro, May 5.—Tarboro's Serpents paid dearly for a 6-5 win over Ayden's Aces yesterday.

Johnny Dezik, outfielder, hit a single in the 8th to score Maynard with what proved to be the winning run. In trying to stretch the hit into a double, Dezik slid into second. He had to be carried from the field—and examination at a local hospital revealed that Dezik had fractured a bone in his left ankle.

Dr. W. O. House said last night that it was a "clean break" and that Dezik probably would be unable to play again this summer. Until the injury to Dezik, young Walter Sieminski was pitching four-out ball for the home club and appeared headed for a shut-out. With announcement that Dezik's ankle was broken, the local club went to pieces—and Ayden proceeded to get busy on a ninth-inning rally.

The Aces reached Sieminski for four hits and three runs. Johnny Yent, Sieminski's replacement, passed a batter, and then Eddie Malone came in to pitch. He yielded one hit—and Ayden was within a run of a tie—before Campbell caught Schuerholz's long fly to end the game.

Score by innings: R H E
Ayden . . . 000 000 005—5 10 3
Tarboro . . . 030 001 02x—6 9 0
Herring and Purcell; Sieminski, Yet, Malone and Dick.

New Bern Toppled Again By Goldsboro

Goldsboro, May 5.—Goldsboro made it two in a row over New Bern by taking a 7-5 win yesterday. The os dropped the Bears in to a tie with Greenville for the league lead.

Don Kepler and Bill House held the Bruins to seven hits, two less than the Bugs made off Hautz and Berry.

House relieved Kepler in the 6th and pitched two-hit and shut-out ball the rest of the way. Kepler yielded five hits and struck out six. He made two hits for two turns and drove in two runs.

Iross, Goldsboro outfielder, hit a homer in the 7th inning.

The Bugs got four runs in the 2nd. A walk, Baldacci's double and Kepler's single brought in two tallies. A bit later, Jans doubled to send in two more.

Score by innings: R H E
New Bern . . . 220 010 000—5 7 2
Goldsboro . . . 140 010 10x—7 9 3
Hautz, Berry and Parrish; Kepler, House and Overton.

IN BROTHER'S FOOTSTEPS

Hugh Keller, brother of Charley Keller, famous outfielder of Newark, has won a varsity job with the University of Maryland, Charley's old team.

Max Can't Be First to Regain Heavy Title!

By GARDNER SOULE
Sports Editor, AP Feature Service
Contrary to popular belief, Max Schmeling will not be the first heavyweight champion to regain his title in case he defeats Joe Louis next June 22. To be specific, he will be the fifth to accomplish the feat.

For this information we are indebted to T. W. McNeil, one of our Colorado correspondents. McNeil has checked the records. He has discovered four champs who regained titles, namely, William Darts, Jem Ward, William Thompson Bendigo and Ben Caunt.

Darts was the first. On May 2, 1768, he defeated Tom Juchau for the title in 40 rounds. On June 27, 1769, he lost to 'Waterman' Lyons in 45. Then, rather than meet Darts in a return affair, Lyons forfeited the title back to his erstwhile antagonist.

Bill Darts' titular claims were disputed by one Peter Corcoran, a 6-

foot-7-inch Irishman. 'The boys' settled it in Derby Week 1771, at Epsom, Eng. Corcoran immediately was hailed as another Joe Louis, for he stopped Darts with a single punch.

Jem Ward, second two-time titleholder won the title and a \$2,500 bet from Tom Cannon in a 10-round July 19, 1825. Then Ward lost his recognition to Peter Crawley, who retired (to open a Broadway bar). And Ward defeated the Irish champion, Simon Byrne, for the title on July 12, 1831.

Bendigo became champion February 12, 1839, when he beat James Burke, English deaf mute, in ten rounds—on a foul. In 1840, Bendigo fought Ben Caunt hurt his knee and forfeited the crown. In 1845, a well man again, Bendigo challenged Caunt and knocked him out near Stonery, Stratford, Eng. in a breezy affair of 33 rounds. In 1850 after having been "retired" a while, Bendigo knocked out one

Thomas Paddock after 49 rounds of tussles.

Ben Caunt, whose rise to the title in 1840 has been noted, was the fourth to regain a lost position at the top of the heap. He lost to Nick Ward in the seventh round of a bout on February 2, 1841. He won from Ward in 35 rounds the next May 11.

There are others who might arise from the dusty past to claim having regained championships. 'The catch, of course, is that from the retirement of James Figg, in 1730, until Paddy Ryan established undisputed claim to the bare knuckle championship in 1880, there was confusion as to who was king of the heavyweights.

Figg, a great Englishman, is called the father of modern pugilism, but there are other claimants to that honor, also. Figg encouraged boys to settle their arguments with their fists, instead of with weapons of steel, which was quite a step forward for those days. The chief rule in Figg's book was that the men must continue battling until there was a winner. No rest periods were allowed.

Figg was followed by a motley array. Men won titles, discarded them, retired and returned—only to be found things for a century and

TWO SOFTBALL GAMES ON TAP

Three Teams Tied for Lead With One Victory Each

TODAY'S GAMES
Law-Dr.-Ct House vs Water and Life, (3rd St. Park).
Auto Dealers vs. Pur. D-Guaranty (College Diamond).

YESTERDAY'S RESULTS
No games scheduled.

STANDINGS	W	L	Pct.
Blount-Harvey	1	0	1.000
Water and Life	1	0	1.000
Car S-Firemen	1	0	1.000
Car D-P.O.	0	0	.000
Trans-Neh-Ins	0	0	.000
Fur. D-Guaranty	0	1	.000
Law-Dr.-Ct House	1	0	.000
Auto Dealers	0	1	.000

Play was scheduled to be resumed in the Greenville Softball league this afternoon with the Lawyers, Doctors and Court House employees meeting the Water and Light Commission team on field one (Third Street Park), and the auto dealers, Flanagan and White, meeting the furniture dealers and Guaranty Bank employees on the College diamond.

Four games have been played so far, one of which ended in a tie when the Carolina Dairy-Postoffice crew and Transportation-Neh players fought to a 11-all standstill. Victories have been won by Blount-Harvey, Water and Life and Carolina Sales-Firemen, while the Furniture Dealers-Guaranty Bank, Lawyers-Doctors-Court House employees and the auto dealers have gone down in defeat.

A half, Paddy Ryan emerged in 1880 to become the first American to hold the undisputed world bare-knuckle championship. John L. Sullivan kayeed Ryan.

Sullivan carried the bare-knuckle title to his grave. However, on September 7, 1892, he lost the first battle for the heavy weight championship under Marquis of Queensbury rules (the call for gloves) to James J. Corbett. Corbett knocked out Sullivan in 21 rounds, received a cut of \$45,000 to Sullivan's nothing, and the modern era of boxing from which the modern list of champions is dated, was underway.

Winterville Team To Face Two Foes

The Winterville all-star baseball team is facing a tough weekend schedule.

The team will meet a Lucama nine in that Wilson county town Saturday afternoon and on Sunday afternoon and on Sunday will meet the Kinston Spinners in Ayden.

The all-star team is composed of boys from Winterville, Ayden and Greenville.

Tar Heel Catcher

GEORGE NETHERCUTT

George Nethercutt, of Roanoke Rapids, is the energetic and hard-hitting catcher on North Carolina's varsity baseball team which meets Navy at Chapel Hill Friday afternoon at 4 o'clock on Emerson Field in an outstanding intercollegiate game. Nethercutt, a junior, ranks third on the team in hitting with a percentage of .408. He has collected 28 hits in 49 batting turns. George has a fine throwing arm and seldom does an opposing runner steal a base on him. He has made few errors in two years of varsity competition with the Tar Heels.

RIGHT-HANDED HURLER SIGNED

Walter Little Comes to Greenville from Savannah

Dave Moore, secretary of the Greenville baseball club, today announced that Walter B. Little,

right-hand pitcher had been signed by the club and had reported for duty.
Little comes to Greenville from the Savannah, Ga., team of the Sally League. His home is in Savannah, Ga.
The club also has released two outfielders this week. Yesterday Thornton Link of Danville, Va., left the local team and earlier Carl Selph had made his departure.
This yeaves the club with 17 players, although it is allowed 16 at present under the rules.
Around May 15, the exact date to be announced later, the club will have to cut its roster down to 15 men.

Take a HANES Undershirt every morning—fresh, soft, and smooth-fitting. You'll say you never felt better in your life! Gentlemen, there's real comfort in the trim snugness of a HANES as it grasps your chest with its featherweight grip. You look clean-cut. You feel clean-cut. And you have its absorbent knit to blot up perspiration...to save your top-shirt

"Your heart's okay...but you ought to wear Hanes Shirts!"

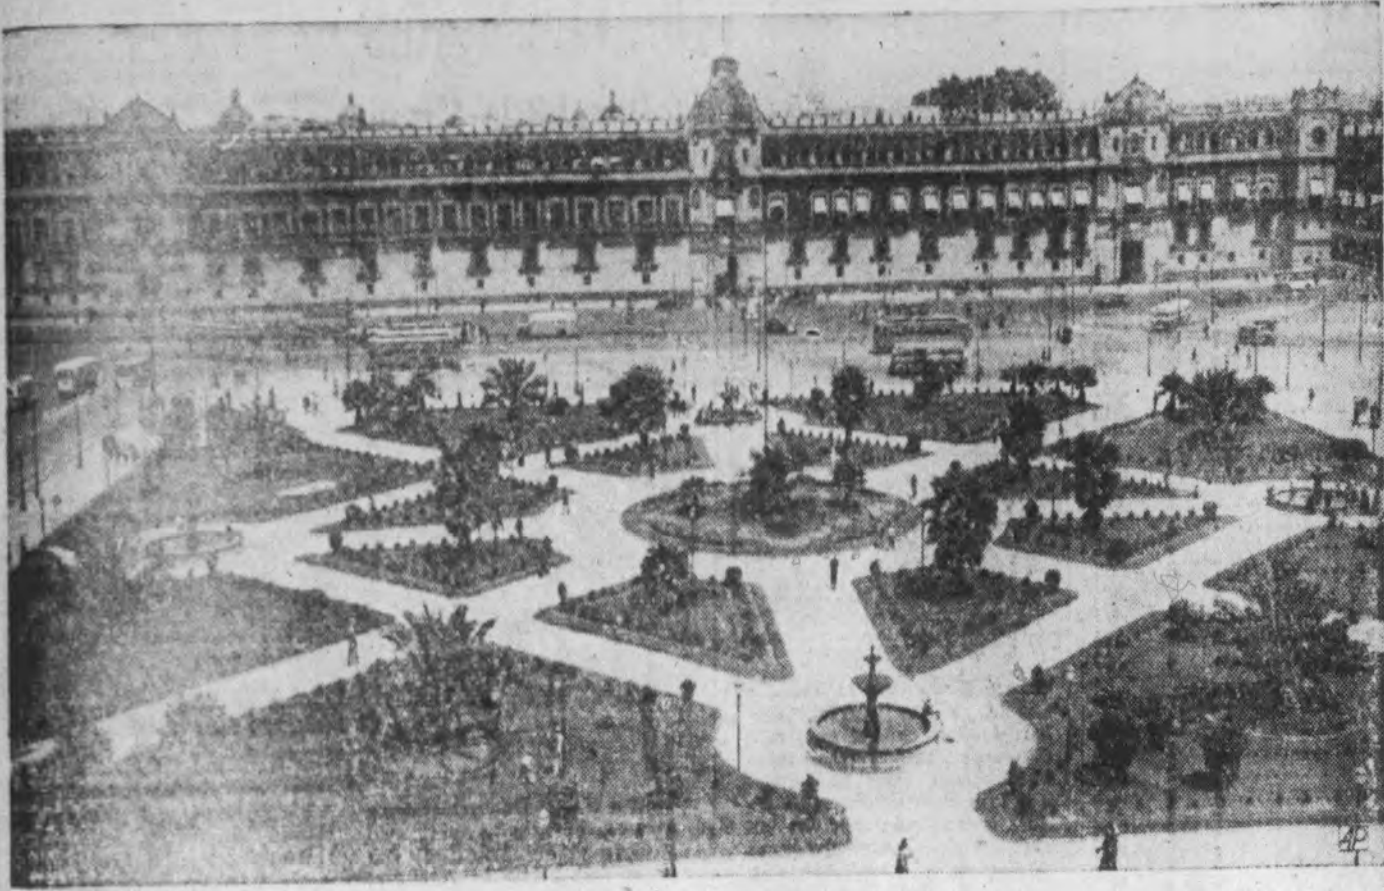

from an unsightly soaking! Every time you pull on a HANES Undershirt, step into HANES Shorts. This is one time you'll have space to spare in the crotch and seat! Bend, stoop, sit, and reach—HANES refuses to pinch or cramp. "Lastex" yarn in the waist... colors guaranteed fast. See a HANES Dealer today. P.H. Hanes Knitting Co., Winston-Salem, N. C.

'HOT DOGS' forced this spectator at the Penn relays in Philadelphia to seek the most natural remedy: she took off her shoes and let her tootsies cool while watching jumpers, relay teams, sprint men striving to set new records.

—THIRD PARTY PUMP-PRIMING AND THIRD TERM MAKE GRIST FOR POLITICAL MILL—

LAUNCHING OF THIRD PARTY by Gov. Philip LaFollette, seen at Madison, Wis., with family, marked definite break of the two LaFollettes—Philip and Senator Robert—with the New Deal. Announcing birth of National Progressive Party of America, the governor declared he opposed "coddling the American people," called the Republican party "bankrupt," and said Roosevelt leadership was "sabotaged, undermined and hamstrung" by dissension within his own party. In this Philip LaFollette group are Robert, 11, Isabel, 2, on lap of father, Judith, 9, and Mrs. LaFollette.

3D TERM opponent, Atty. Bennett Siegelstein (above), New York Democrat, was one of five men incorporating as National League to Oppose a Third Term for President.

REVOLT of Suffern, N. Y., women against government "pump-priming" plan and against high costs was led by Mrs. Charles Elpham, wife of a Protestant Episcopal rector.

POLITICS MINGLED WITH PAINTS of Antoine Jenisch whose "American Episode" is shown in Independent Artists exhibit at New York. Jenisch explains that while FDR gives one of his famous fireside chats, his listeners at right include (back row) Lincoln, Washington, Darwin and Columbus—who influenced America in the past; (front row) a man representing Labor, Charles Evans Hughes as Justice, and Henry Ford as Industry. Beneath the scroll with message that "Old and tried laws can't be changed" is a laborer in the field. At left corner is a non-laborer.

Friends Aided Her

Miss Christine Winter (above), for 37 years a teacher in Savannah, Ga., never had taken out citizenship papers and she had lost document of her birth in Sweden—and so she had difficulty re-entering the U. S. upon her arrival in New York from a visit to her birthplace. But numerous affidavits from Georgia friends soon convinced customs officials she would make a good U. S. citizen.

Pulitzer Winner

Thornton Wilder (above) American dramatist, won the annual \$1,000 Pulitzer prize for his play, "Our Town," which is played without scenery.

The Boxwood Barrier

By BLANCHE SMITH FERGUSON

Chapter 43
Cross Country Run

GARY looked at Judith—vivid, vital, utterly desirable, from angry, skeptical eyes. He loved her but he did not love her enough to humble himself and confess the truth about the timber, or his hatred of Reuben, from whom he had not been able to lure Cissy and her millions; against whom he could not hold Judith—perhaps if he had loved her enough—

He said with a fine showing of his old nonchalance: "Blamed if I can figure out the secret of Oliver's fascination."

Useless to try to tell him. She said helplessly. "I'm sorry. Don't let's talk of it any more, Gary."

"Of course, we'll talk of it," furiously. "Do you think you can make a laughing stock of me?"

"You don't really care—much." "I'll not die of a broken heart if that's what you mean, but I care, Judith. I've proved it. I've been reasonable, generous, even about the children."

"Generous?" "Many men would insist that you leave them here at Goodloe's Choice or ship them back to Oliver but I'm willing to take them, I'm giving you every chance."

"Thanks, Gary, but I don't want it—now or ever." And before he could think of a hurtful thing to say—he wanted to hurt her badly—she had turned from him and was walking rapidly towards the house. She met Jim and Dick making their way leisurely to the paddock.

"I'll overtake you," Judith called to Jim. If Reuben had not reached the Curtis Camp until today maybe she could still get her letter back. She could never hold up her head again if Cissy found out about it. Even if Reuben had received it she could tell him it was written under stress, that she didn't mean one word of it!

She put in a long distance call for the Curtis Camp then sat down by the telephone—waiting. She couldn't take her eyes from it. If Reuben answered—if she heard his voice—

Ten minutes passed. Twenty. A life time. The Christmas angel hanging from the chandelier turned into a grinning, mocking demon—"Peace! Peace!" There was no peace—anywhere. The scent of pine and cedar sickened her. All this stuff would fill the house for a week—intolerable! The telephone tinkled. Like one hypnotized Judith picked up the receiver.

"The Curtis line is busy," operator informed her. "They've been connected with New York nearly all morning. Big business doesn't stop even for Christmas," grumblingly.

Judith murmured something. "I'll try to call you in an hour." An hour! She couldn't sit still another second. On knees that trembled Judith went outdoors, mounted Winona.

In the lower meadow she came upon Paddy O'Hare, lathered and excited, taking his jumps with Dick astride him.

"We got a real jumper at last, Judy!" Jim riding Biddy greeted his sister joyfully.

"I knew he'd be good," she was remembering the morning Paddy was born—her wedding day.

Jim laughed. "You don't know how good. He is the next Maryland Hunt Cup Winner. Ready for a little run across country?"

"Ready." "Ben," Jim called to the watching colored boy. "The two young hounds need exercise. Turn them loose and follow along."

"You won't pick up a scent today," Judith said, "the wind is from the South."

"And the going bad," Dick said. "And we're all due at the Hunt for egg-nog or tea at four-thirty." But he followed Jim's lead happily. Prodding Winona on, Judith envied Jim his mount. He and Biddy shared the same trail—recklessness.

Gunshot

BIDDY was unusually irritable today. The thin, crusty patches of snow and ice hurt her. The wind favored the fox. He doubled and redoubled. When he had his pursuers thoroughly befuddled he made off to his lair. The chase was over almost before it was well begun.

"You'll be in time for your tea, old maid," Jim teased Dick, "I wonder if it's tea or gossip that lures you?"

"Both," Mr. Blout confessed easily. Three abreast they rode towards the highway.

"I'm going home," Judith said as they came out on the road. "Better change your mind and come along," Jim tried to light a cigarette. The wind extinguished the match. He struck another and letting the bribe fall to Biddy's shining neck, cupped the flame with both hands.

In the flash of a second the thing happened. Down the highway Biddy pounded, bridle dangling. Jim, caught unawares, flung his seat and let Biddy run. Jim reached to recover the bribe.

Biddy leaped to a roadside ditch, ran along its slimy bottom. Not three feet ahead a maple swung a low, heavy limb—

"Roll off, Jim! Oh, God!" While Judith breathed her prayer, Biddy swept under the limb. Unable to free himself quickly enough, Jim caught the impact where the horseshoe pin fastened his white stock. Riderless the mare swept on—crazily on—

Even before she touched him, Judith knew. Snow. Water. Mud. Blood and something utterly still, that just a moment before had been Jim, warm, laughing, vital. Where had he gone so quickly that all her love, all her pleading could not reach him?

"Jim! We must go home—home to Gran! Jim, don't you hear, dear?"

The M. F. H. gave no sign. He lay at ease in the mire, a hint of the old reckless smile upon his face.

Dick, his floridness washed pale, climbed down in the ditch. "You must get up, Judy."

She continued to plead with Jim to come home.

"Judy," Dick spoke patiently. "You must get a doctor. Get the house—ready. You must get a doctor!"

Jim did not need a doctor. Judith was sure of it. She wondered, numbly, if some one would stop poor Biddy before she killed herself. Too late. Biddy crashed over the hedge, rolled in agony, tried to get up—

Whimpering, staggering, Judith reached the terrace, crossed it. The telephone was ringing when she entered the hall. Blindly she walked towards it. Must get a doctor—

"Judith Oliver speaking—" Panting she leaned against the wall for support.

Reuben's voice came over the wire clearly. "You called me, Judith?" She made no sound.

Reuben said: "Are you there, Judith? Are you having a—"

A gunshot, shattering the Christmas peace: resounding across the world.

Reuben's voice raised sharply—"In heaven's name what—?"

"Biddy O'Hare is dead. Jim is dead."

"Are you hurt, Judy? I can't hear you!"

The receiver fell from her hand—dangled by its cord. She went out through the snow. She sat down by Biddy O'Hare. She saw three men walking slowly—Carrying something very carefully—Jim.

Gran met him at the door—The last of the Goodloes—Gran was tasting the bitterness of life.

Judith sat on by Biddy O'Hare. Every event of her life and Jim's passed in detail before her. They were gay little lives—not much growth perhaps as reckoned by the realists, but happy little lives surrounded by love, filled with laughter—Just an hour ago Jim had laughed. Now—

Biddy's satiny neck grew cold beneath her fingers. With grief too deep for tears, Judith sat on while the sun went down and the world grew dark.

Is This The End?

NEARLY 2,000 miles away Cissy buttoned herself into a leather windbreaker, fastened a helmet securely over her red head and looked at Reuben from eyes grown hard. Just when her plans were nearing perfection, when all her dreams were coming true, a voice, drifting across the continent shattered them! He was answering that voice, going away from her. If she let him go now—

"Ready!" Reuben turned to the silver plane, impatient to be off. "Hurry a bit, can't you, Cissy?"

Deliberately Cissy pulled on her left glove. "It's like Judith to spoil our Christmas. Helpful little Judith!"

"Cissy—I wish you wouldn't." "Wouldn't what?" "Dislike her so."

"Is there any reason why I should like her?" "Perhaps not, but you speak as though she planned this terrible thing just for spite."

"Rube," carefully Cissy fastened the snap of her glove. "Does this mean the end—for us?"

"Was there ever a beginning, Cissy?" "If she hadn't called you today—"

"I couldn't have held out much longer, Cissy. I was going back, going after her."

"Worm!" scornfully. "Maybe," Unperturbed he looked at her from deep, serious eyes. "Take Judith and the kids out of my world and there's nothing much left in it."

"Suppose, when you get there, she wants a divorce?"

Reuben stopped his restless pacing. He looked across the fields; looked at the long, undulating line of purplish blue mountains without seeing them. If Judith wanted a divorce—

"She's hysterical now, Rube, but her heart is where it always was—with Gary Brent."

Tomorrow: Through the clouds.

WHAT IT MEANS:

China's Spectacular Resistance

By MORGAN M. BEATTY
AP Feature Service Writer
Washington — When it became pretty clear that the Japanese army was having no picnic in North China, I went to one of the few men in the United States who knows his Far East like a book.

"What's the meaning of all this Chinese resistance?" I asked, expecting a tolerant smile and a long-winded, high-sounding discussion of military strategy and economics.

"Why" said he, "it's as simple as pouring water out of a boat, ended his 10-year feud with the

Communist war lords who rule the provinces of North Central China—the very provinces where the hot fighting is now going on.

That means Nationalist and Communist China are at last united in a common front against a common enemy. It took a Japanese invasion to get Chiang and his old enemies together, but they are together. The evidence is overwhelming.

First, Chiang executed able, but double-dealing, General Han Fuchen, the governor of Stantung province, who had failed to resist the Japanese.

Then, Chiang ordered his other generals to snap into hit-and-run guerrilla warfare against the Japs the principal idea behind that being harassment of the invaders, and cutting off their communication lines.

Finally, Chiang won a new title which can be translated to mean "dictator," but is more accurate as "leader." It is "Tsung-Tsai" an honor conferred upon him by his Nationalist Kungmintang party.

Until Chiang gave evidence that he was battling the Japanese to a finish—evidence which has been lacking heretofore—Russian assistance was withheld from the Chinese Nationalists. But when evidence of sincerity was produced, Russia apparently decided to go ahead with a long-term plan to harass a natural enemy, Japan. The easiest way to harass Japan for the time being, is to send war supplies to the Chinese. Direct Russian interference with the Japanese might involve a big-scale war, and Russia is admittedly not ready for such a conflagration just after wholesale execution of army generals.

3. The backs of the Chinese soldiers to their own people, and their morale is bolstered with every step they take in retreat.

As the area of operation spreads beyond the seacoast bases established and controlled by the Japanese, the Chinese receive more and more food, comfort and cheer from their people. Also, as the front widens in the interior, the guerrilla soldier in the Chinese lines is in his own element. Likewise, the training of new recruits proceeds rapidly under fire.

4. Japanese morale drops as the army pushes further into hostile territory.

2. The alliance of the Chinese Nationalist and Communists coaxed into Soviet Russia a continuing stream of war materials for the Chinese armies via the caravan routes from Mongolia to Sian, in the north of North Central China.

The Japanese soldier's biggest brag is that he is as good as five Chinese soldiers. When the Japanese mechanical equipment is working well and the lines wheel like clockwork through well developed territory, the boast is no idle one. But, as the lines spread out, and the countryside grows wilder the Japanese soldier discovers to his own dismay that he is not as good as five Chinese soldiers. It depresses, puzzles him.

5. The Japanese army's fine equipment grows dull, inaccurate, and cumbersome in undeveloped territory far from the seacoast bases, and communications are too precarious to assure prompt repairs and supplies.

The efficiency of a highly mechanized army is at its peak on good roads and in front of adequate supply lines. As the equipment is driven farther away from bases, it breaks down with exasperating frequency. The big calibre siege guns need re-boring. Trucks need repairing. Sensitive firing instruments need adjustment, checking. Ammunition has to move farther, faster. But communications are hazardous in an undeveloped interior. Repairs have to wait. Consequently, the aim of eroded guns is poorer. Trucks limp. Instruments go haywire. Ammunition is not all

ways on hand where it's needed most.

These are the simple facts behind the Japanese faltering in North China. And, unfortunately, the high command of the Japanese army made one big mistake at the beginning of the war. They sold the Japanese people the idea that the expeditionary thrust into China was a "mere incident." The Japanese people supported the army because they thought the Chinese "incident" would be a sort of military picnic.

They sold the Japanese people the idea that the expeditionary thrust into China was a "mere incident." The Japanese people supported the army because they thought the Chinese "incident" would be a sort of military picnic.

The efficiency of a highly mechanized army is at its peak on good roads and in front of adequate supply lines. As the equipment is driven farther away from bases, it breaks down with exasperating frequency. The big calibre siege guns need re-boring. Trucks need repairing. Sensitive firing instruments need adjustment, checking. Ammunition has to move farther, faster. But communications are hazardous in an undeveloped interior. Repairs have to wait. Consequently, the aim of eroded guns is poorer. Trucks limp. Instruments go haywire. Ammunition is not all

ways on hand where it's needed most.

These are the simple facts behind the Japanese faltering in North China. And, unfortunately, the high command of the Japanese army made one big mistake at the beginning of the war. They sold the Japanese people the idea that the expeditionary thrust into China was a "mere incident." The Japanese people supported the army because they thought the Chinese "incident" would be a sort of military picnic.

NURSES' MEET IS SCHEDULED

District Session To Be Held In Kinston Tuesday

The Eighth District of the North Carolina State Nurses' Association will meet in Kinston on Tuesday, May 10, at the Queen Street Methodist church, with Kinston nurses as hostesses.

The Rocky Mount nurses have charge of the program with Miss Winnie Bradley as chairman. The program is to be a Florence Nightingale memorial. Rev. A. S. Parker will read the invocation and Mrs. A. L. Hogan will render special music.

Miss Lula K. Wolf, associate Professor of Nursing Education at the Medical College of Virginia, at Richmond, will speak on the Florence Nightingale International Memorial Foundation. Miss Wolf studied in London last year. The nurses are very fortunate in being able to get Miss Wolf as speaker, and all nurses are urged to be present.

All senior student nurses of the training schools in the district are invited to attend.

DON'T MISS THIS OPPORTUNITY
to be a tobacco auctioneer. Our class has been open a week. Daily lessons at Centre Brick Warehouse, Greenville, N. C. We can train several more pupils. See us at once. O. G. Rucker and Coy Smith. 6-8

N. Y. Stock Market

New York, May 5.—(AP)—Rallying utilities stemmed an early selling tide in today's stock market and leaders converted initial losses, running to two points or so, into advances of as much.

The pace quickened on the upturn, but slowed subsequently as profits were cashed in here and there.

Rails and utility loans tilted forward. Transfers were about 650,000 shares.

Conduct School Here For Leaf Auctioneers

A new type of school is being conducted in Greenville.

O. G. Rucker and Coy Smith, both known in this section, are conducting a class in tobacco auctioneering at the Centre Brick warehouse daily.

Mr. Rucker said today that he could train several more would-be auctioneers if they enrolled in the classes immediately.

Hyde Has Problem For Mathematical Experts To Solve

All Over America, Except in This Coastal Tar Heel County, Land Reckoned by Acres

Raleigh, May 5.—Hyde County has a mathematical crisis to meet—a crisis which may tax the ingenuity of the Weights and Measures division of the State Department of Agriculture, the AAA authorities of the U. S. Department of Agriculture and even the 1939 General Assembly.

It all comes about from Federal farm regulations, widely argued in other sections for different reasons. But these regulations have completely upset all Hyde county reckonings—100,000 of cotton isn't what 100,000 of cotton was ten years ago—and Hyde farmers want to know whether this old world is shrinking, anyhow. It's the same thing as saying 9 inches make a foot.

All over America, except in Hyde county, far out on the eastern edge of North Carolina, farmers reckon land in acres; but down there among the sand dunes, land has been reckoned in thousands of corn hills since a time to which the memory of man running not to the contrary.

Nobody remembers, of course, why but so fixed is the custom that many farmers have no conception whatever of an acre, and some of them are hard put to say how many acres of land they have in cultivation.

A "thousand" means as much land as is required to plant 1,000 hills of corn with rows four feet apart. The reckoning holds good no matter what crop is being planted—by time honored custom land is reckoned in "thousands" just the same.

In measuring land Hyde county inhabitants use a "corn fork"—a wooden triangle with the forks exactly four feet apart.

Whenever outsiders move in and tried to reduce the measurement to acres it was found that 2,000 U. S. Hyde lands equalled one acre. This made no difference to the Hyde folks, for an acre was as foreign to them as a "stere" in the metric system. But now the Federal calculators dealing with "acres" in allotments under the farm bill have departed from the old standards and are estimating an acre at 2,500 of land. Old timers study their allotments and feel that somehow somewhere down the line they lost 250 or corn. Its all mythical and theoretical, of course, but Hyde feels cheated, just the same.

CROCHETED COLLARS? NOT FOR GUINEA PIGS

Hamilton, Mont.—(AP)—A call for bids was issued by the laboratory of the United States Public Health Service here for 20,000 small aluminum collars to be used on guinea pigs as identification tags.

Several days later a letter arrived from New York; inside was a neatly crocheted collar fastened with dress snaps.

A note in feminine handwriting asked if the laboratory officials did not believe the crocheted collars would add to the appearance of the aluminum. The writer offered to supply the 20,000 collars.

The answer was "no."

A dispute between Britain and France over the occupation by the French troops of Fashoda, a town in the Egyptian Sudan, nearly provoked war between the two countries in 1898.

The first recorded shoemaker in the American colonies was Thomas Beard, who came from London in 1629 and started making shoes in Massachusetts.

MOORE ANSWERS TRICKLES REGARDING LIQUOR BOARD

(Continued From Page One)

hearings, and to refer to all records. The State Board has never gone into executive session to keep out anyone. Furthermore, Mr. Averill is the only one of the Raleigh newspaper men who has cast reflection upon our policies.

In another article written by Averill on May 2nd which appeared in several afternoon papers, he states that Mrs. Edna J. Almand, Executive Secretary to the Board told him that I was writing all distillers who advertise in the afternoon papers which he represents to boycott some because I did not like certain articles written by him with reference to the Liquor Board's activities and it's head."

Included in the letter was the following sworn statement:

NORTH CAROLINA, WAKE COUNTY:

"Mr. Averill called at the office of the State Board of Alcohol Control on Saturday of last week and asked me for a statement which Mr. Moore was to give him in answer to some articles which he (Averill) had published previously. I told Mr. Averill that Mr. Moore had not prepared a statement up to that time but probably would have one later. I followed this by saying 'Henry, why are you continually writing things about our Board that is not correct?' He answered by saying he had done nothing but publish the facts and I then asked him whether he obtained his facts and he answered this with 'Oh, well, that is another matter' and I then said 'Well, I don't know where you get your facts but they are certainly not true facts.' He then asked me if Mr. Moore got the list of papers he was asking for and what it was to be used for, to which I replied that I thought he got the list and I judged he wanted the list to make his statement to or probably he wanted to check up on some advertising. Mr. Averill answered this by saying 'Well, that is immaterial, anyway,' and with that he walked out and the conversation closed."

Signed EDNA J. ALMAND.

"That statement is not true and I am enclosing signed statement by Mrs. Almand and attested by Miss Ellis Webb and Mr. Carl S. Wester, who are employed in this office and were witnesses to this conversation, which will speak for itself. I would appreciate your printing this statement."

"Mr. Averill has continuously written articles which would lead people to believe that a continuous friction existed between this Board and County Boards. That is not true, and I would welcome any statement of facts from him to the contrary citing any instance in which I have used dictatorial methods in enforcing the 1937 Control Act that was not written in same."

"I realize that I should not enter into a controversy with him as his business is writing, but I cannot refrain from answering such a gross misrepresentation of facts and I do not contemplate answering any more of his articles."

NAME BISHOPS FOR DISTRICTS

(Continued from page one)

Seventh District, Bishop W. W. Peele, Baltimore, Virginia, West Virginia.

Eighth District, Bishop Claire Purcell, North Carolina, Western North Carolina, South Carolina, upper South Carolina.

Bishop Purcell, an Alabama churchman newly elected Bishop, was assigned by the College of Bishops to the Episcopal District composed of North Carolina, Western North Carolina and upper South Carolina conferences.

He was born in Columbia, Ala., 52 years ago and educated at Birmingham Southern College, Vanderbilt and Emory Universities.

The Bishop has been active in Gadsden civic affairs and a leader in temperance campaigns and in the Red Cross.
