LEAF EXPORTS DOUBLED WITH TRADE TREATY

North Carolina Farmers Hear State Dept. Expert

HOME AND FARM MEET GOING ON

Chief Speaker Says Reciprocal Trade Agreements Prove Big Aid Agriculture

Raleigh, Aug. 2.—(AP)—Dr. Lynn Ramsay Edminster of the United States Department of State, told North Carolina farmers today that reciprocal trade agreements with foreign nations had resulted in doubling tobacco exports since 1932.

Dr. Edminster was the principal speaker at the first joint session of the annual Farm and Home week at North Carolina State college. Last night welcoming exercises were held with an attendance of more than 1,000 reported by officials.

M. G. Mann of Raleigh, general manager of the two largest farm co-operatives in the state, spoke on the need of better purchasing and marketing systems for farmers. He directs the Cotton-Co-operative and farmers co-operative exchanges.

The object of reciprocal trade agreements, Edminster said, is to expand trade with other nations. Surplus products such as cotton and tobacco must be sold in export trade, he said, if the farmer is to get a good price.

"High tariffs after the war which reached the top in the Hawley-Smoot bill," Edminster said, "caused a serious decline in foreign trade."

"Our tariffs caused foreign nations not to be able to sell their products here and as they could not sell they could not continue indefinitely to buy. A nation to sell products to get money to buy things."

"This condition played a big part in causing and prolonging the depression."

"Now our reciprocal trade agreements grant concessions to nations in return for concessions granted us. As an example France, Belgium, Cuba and five other nations have given us concessions on tobacco. Our exports of tobacco last year were double those of 1932 and were worth about \$134,000,000. The 1932 exports were about half those of 1937."

Named as members of the resolutions committee were: Hugh McRae of New Hanover, chairman for men; W. W. Eagles of Edgecombe, J. H. Sutteliff of Moore and others; Mrs. W. C. Poo of Iredell, chairman for women; Mrs. E. M. Perry of Hertford county and others.

Loan Association Aids With Homes

The savings, building and loan associations made more than \$8,000,000 of home loans during the first six months of 1938, according to Martin F. Gaudin, Executive Secretary of the North Carolina Building and Loan League.

Thirty per cent of these loans were made for the construction of new homes, showing the savings, building and loan associations were doing their part to promote trade recovery through the construction of homes. More than a thousand purchased new homes during the past year through the medium of this popular form of home financing. If the present rate of increase in assets is maintained the savings, building and loan association will show an increase for the entire year of fifteen per cent, which compares very favorably with the 16 per cent increase shown by the associations last year.

With the improved business conditions that exist throughout the year, Mr. Gaudin predicted that the last six months of this year will show an even better record than has been maintained the first half of the year.

J. H. Rose Attends Commission Meet

J. H. Rose, member of the commission named by Governor Hoy to study the public school system and report to the 1939 General Assembly, attended the body's first meeting in Raleigh, at which time Dr. Julian S. Miller, editor of The Charlotte Observer was named chairman.

The commission will meet again in Raleigh on August 23 and the following week open meetings will be held in Goldsboro, Greensboro and Asheville. Any individual or group wishing to appear before the commission at the district meetings will be given an opportunity to air their views.

RIVALRY IN TENNESSEE TEMPEST

Here are two of Tennessee's Democratic candidates whose rivalry partially is responsible for the tense situation which caused an order to send troops to Memphis for guard duty during the primary August 4. An injunction, however, was signed by the courts to restrain the presence of troops. United States Senator George L. Berry (left) is seeking nomination for re-election with Governor Browning's backing. A Tom Stewart (right) of Winchester, one of Berry's opponents, is supported by E. H. Crump, Memphis political boss, who is Browning's arch political foe.

LEAF GROWERS AWAIT ACTION

Look to Washington for Move in Protest on Quotas

Atlanta, Ga., Aug. 2.—(AP)—Georgia tobacco growers looked to Washington today for a solution of the problem raised by leaf quotas assigned by the AAA.

Two official protests were before Secretary of Agriculture Wallace, one from Governor River and one from U. S. Senator George. Both asked Wallace to suspend marketing restricting for the current year, and suggested that if such action was not forth coming the growers should be permitted at least, to sell all tobacco raised on allotted acres.

The general farm program limits the amount of land which may be planted in tobacco. The marketing quotas further limit the amount of tobacco which may be sold without a 50 per cent penalty.

Funeral Held For Mrs. Jane T. Jones

Mrs. Jane Tyson Jones, 77, died yesterday afternoon at 3:45 o'clock at the home of her son, J. L. Tyson of the Farmville community. She had been in declining health for several months and her passing was not unexpected.

Funeral services were held from the home of her son near Farmville this afternoon at 2 o'clock by Rev. Linwood Manning, Free Will Baptist minister. Burial was made in the Avery cemetery near Ballard's Cross Roads.

Mrs. Jones was born in Pitt county November 20, 1860, and spent her entire life here. She was a daughter of the late Nathan and Lillie Moore Brann, and widow of the late Will Jones. She was one of the oldest members of the Arthur Free Will Baptist church.

Surviving are a son and daughter by a former marriage; J. L. Tyson of Farmville, and Mrs. Charlie Capps of Stantonburg; eight grandchildren and 15 great grandchildren.

Her grandchildren served as active pallbearers.

Rural Electricity Lines Now Form Web over State

Reflector Bureau Raleigh, Aug. 2.—Gulford has most rural electricity customers, Johnston most miles of rural electric lines of North Carolina's counties, according to county data compiled by J. M. Grainger, engineer of the state Rural Electric Authority at the request of this bureau.

The county of which Greensboro is the seat had, on July 1, 1938 3,315 rural customers and a total of 392.5 miles of rural lines. Johnston had 36 miles of line serving 1,703 customers, compared with the totals of July 1, 1935 both these counties showed an astounding growth of rural electric service. Three years ago Gulford's scant 864 miles served 433 customers, while Johnston's 19.6 miles brought lights and power to only 98 customers.

Everywhere along the lineup of counties the same picture of remarkable growth is painted. On July 1, 1935 there was not a single county in the state with 100 miles of rural lines. On July 1 this year there were 24 such counties—in three of them there were more than 300 miles (Johnston, Gulford and Caldwell with 287.6) ten with between 200 and 300 miles and 11 with between 100 and 200 miles.)

Three years ago not one county in the state had as many as 500 rural customers (Cleveland's 440 was tops) while on July 1 there were no less than 39 with more than half a thousand. Two (Gulford and Forsyth, 2,192) had more than 2,000. Nineteen had from 1,000 to 2,000 and 18 had between 500 and 1,000. Today Pitt county has 1,074 rural customers, served by 219.70 miles of line, as compared with 81 customers in 1935 and 16.20 miles of line.

Atlantic Coast Line Request Is Heard By Commission

Raleigh, Aug. 2.—(AP)—Scores of Eastern North Carolina citizens attended a hearing here today to oppose petitions of the Atlantic Coast Line Railroad Company for permission to discontinue eight branch line passenger trains.

The morning testimony was given by L. F. Ormond, assist controller of the railroad, on financial details involving the three branch lines involved.

The company contends that after adjustments its deficits for the year ending April 30, 1938, were: for the Washington to Parmele branch, with four trains daily, \$24,475; for the Tarboro to Plymouth branch, two trains, \$107,761; and for the Weldon to Kinston branch, two trains, \$196,556.

M. Allen of Raleigh, counsel for the railroad, examined Ormond two hours. Guy Elliott of Kinston, representing the protesting communities, cross-examined him until the luncheon recess.

Everett Released Under \$500 Bond

Chief of Police S. H. Martin of Bethel revealed today that Hubert Everett had been released from the Pitt county jail after bond of \$500 was furnished by Mrs. Elmer Everett, his mother.

Everett was lodged in jail here late Sunday afternoon after he allegedly made an effort to kill his wife with a shotgun. The police chief was quoted as saying that Mrs. Everett slammed the door behind her as the gun discharged. Chief Martin said her quick action probably saved her life.

Everett will be given preliminary hearing in Bethel next Monday.

City Court Revenue For July Totals \$700

H. B. Drum, clerk of the City Recorder's court, today reported that combined revenues for the month of July amounted to \$700.16.

The revenue proceeds are distributed in the following divisions: Fines, \$158.50; State Department of Justice, \$45; Pitt County Police Officers' fund, \$45; and City of Greenville, \$451.66.

FDR BACKERS HOPE BALANCE MISSOURI LOSS

Expect Victory For Sen. McGill In Kansas

PWA RESCINDS BOSTON GRANT

Agency Begins Weeding Out Inactive Applications; Non-Federal Projects OK'd

Washington, Aug. 2.—(AP)—The Roosevelt administration hopes today to balance the expected renomination of Senator Bennett Clark of Missouri with an overwhelming primary victory for Senator George McGill of Kansas.

These were the only two Democratic Senatorial contests in four statewide primary elections, which provided few out and out tests of the Presidents policies.

Senator Clark opposed the court bill and various other White House measures, but administration advisors took for granted his defeat of two New Deal supporters, because he had the backing of both Democratic factions in the state.

Neither the President nor any of his lieutenants took part in the Missouri campaign. Mr. Roosevelt did not even pass through the state on his western trip.

One of the house contests in Virginia was fought principally on the Roosevelt issue. Rep. Howard Smith, Rules committee member, who helped delay the Wage-Hour bill, was opposed by William E. Dodd, Jr., son of the former Ambassador to Germany.

Other Developments: The PWA rescinding a \$1,125,000 grant approved for Boston, began "weeding out" inactive applications. At the same time it approved 175 additional non-federal projects, and brought total authorized construction since June 22 to \$1,081,484,930.

Grants approved today included one at Dunn, N. C., for a hospital, \$54,000.

The growing controversy over cooperative medicine brought predictions from Federal officials that a broad national health would be introduced next winter in a new government Reorganization Bill.

The program, which would cost the Federal and State governments \$850,000,000 a year, was suggested recently by a Presidential committee.

WILL OPERATE 2 WAREHOUSES

Forbes & Morton Are Making Big Plans For This Season

Forbes & Morton will operate two warehouses here this season. In addition to their old house on Dickinson avenue they will operate the East Keel warehouse, to be known as Forbes & Morton B. This will insure a sale practically every day. Those wishing to sell tobacco with Forbes & Morton will have no delays as tobacco will be sold in one or the other of the two warehouses every day.

W. I. Harris and J. H. Brown will do the auctioneering. J. T. Timberlake, H. H. Morton and O. L. Joyner, Jr., will be with Forbes & Morton to assist their patrons in every way possible.

The book force is made up of efficient men in the business and there will be no delay in the paying off of sales.

This firm has been identified with the Greenville market for 20 years and has built up one of the largest and steadiest businesses of any firm in Eastern Carolina.

Maxwell Supports Special Session

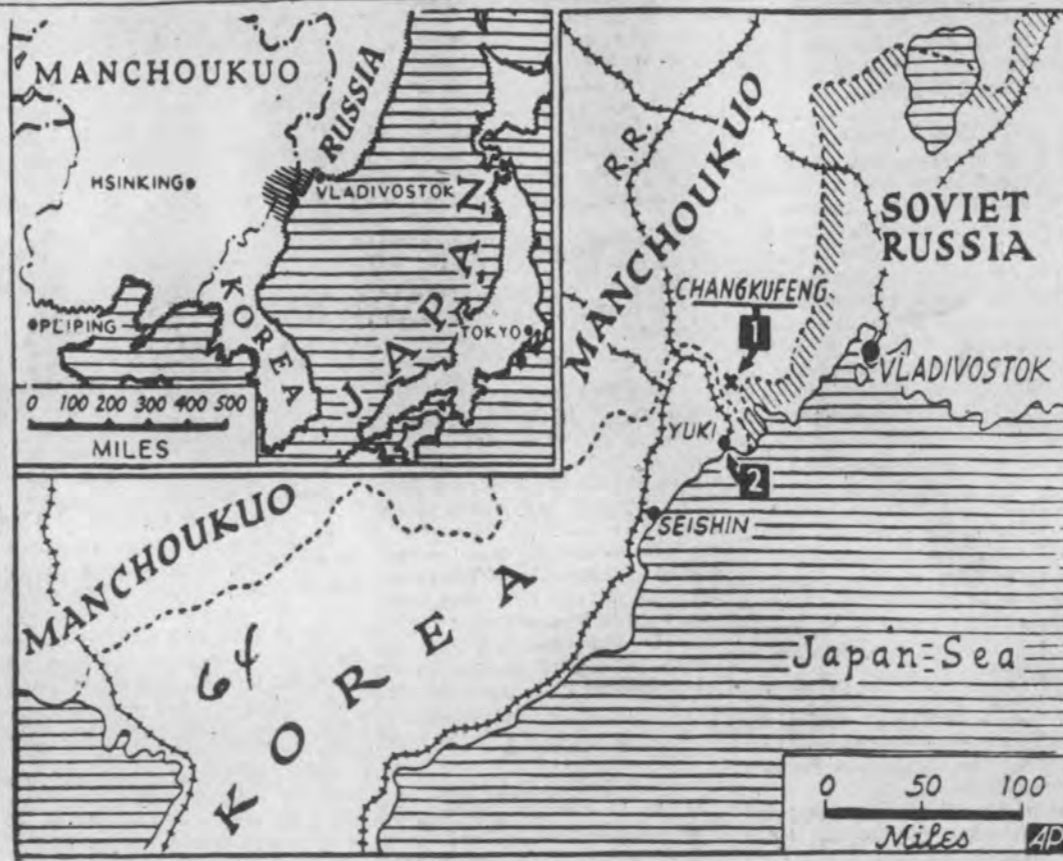

Lexington, Aug. 2.—(AP)—Revenue Commission A. Maxwell praised Governor Hoy today for calling a special legislative session Monday, August 8.

The Governor, Maxwell told Lexington Rotarians is "exercising the sound judgment with which he meets every situation as it arises."

The legislature will consider allocation of state funds for a

SOVIET-JAPANESE SORE SPOT IN FAR EAST

This map illustrates the danger spot in the latest brush between Russian border troops and Japanese as a consequence of their prolonged dispute over Siberian-Manchoukuo border lines. Japanese reported 50 Soviet planes inflicted slight damage on railways near Changkufeng (1) and also raided the Yuki area (2). The report said four Russian planes were shot down. The Japanese attributed the attack to a Soviet desire to avenge the loss of Changkufeng (cross) which the Japanese claim to have captured. The shaded area in inset shows the location of border territory involved in the dispute.

MAKING PLANS FOR PITT FAIR

Exposition to be Held This Year Week of October 17

Directors of the Pitt County Fair Association, meeting last night at Respass' place, began making plans for the 1938 edition of the exposition.

The Greenville and Farmville posts of the American Legion are sponsoring the fair. The last two Pitt county expositions have been operated by the American Legion posts and last night the directors turned over \$200 of the profits realized from last year's exposition to be divided between the two posts on the basis of 1935 membership. The fair broke even in 1936 (Continued on Page Four)

PITT SCHOOLS START SEPT. 1

Announcement Made Today at Education Board Offices

Pitt county schools will open on Thursday, September 1. It was announced at the offices of the Board of Education today. The various units in the county system opened on September 2 last year.

It already has been announced that the city schools would open on September 12, the later date having been decided upon because of the fact that many of the teachers are at other institutions for the summer, either teaching or studying.

In making the announcement of the county schools opening date, D. H. Conley, superintendent, said by starting on Thursday all preliminary work could be completed by the first of the next week and regular class room work be begun on Monday. The Thursday and Friday also will make up for the two days to be observed as a Thanksgiving holiday, making the weeks come out even before the Christmas holidays.

The county teacher list has not been completed, it was stated, although there are only a few places to be filled.

Maxwell Supports Special Session

Proposed PWA improvement program at state institutions involving possibly up to \$11,000,000. Maxwell referred to the state constitutional amendment making it "impossible" for state or local governments to "plunge in creating debts." He said the logic of the amendment was that "there should be a regular consistent and moderate policy of capital expenditures to meet the increasing needs of a growing state."

Tobacco Flowing

Money began flowing in Greenville this week as machinery in the city's only large industry — tobacco factories started turning.

Between three and four thousand people were employed this week by the factories "working" Georgia tobacco. Pay rolls will be turned loose in Greenville this week-end and thousands of dollars will be spent.

COUNTY UNITS TO SELL BONDS

Bethel and Winterville Citizens Vote for Projects

Two Pitt county towns yesterday voted overwhelmingly to issue bonds to finance the sponsors' part of PWA projects.

The two sub-divisions were Bethel and Winterville.

By a vote of 188 to 6, Winterville citizens supported a plan to issue \$37,000 in bonds for the erection of a city water and sewage plant. The project will cost a total of \$65,000, the remaining \$28,000 to be provided by an outright PWA grant.

Work on the project is expected to get under way in the immediate future, it was declared in Winterville. Under rules governing PWA projects, actual work must start within four weeks.

Bethel citizens went to the polls yesterday and supported a proposal to issue \$17,000 in bonds for a street improvement project. The town, therefore, will be able to take advantage of an outright PWA grant of \$14,000, making a total cost of \$31,000. The Bethel bond election carried with only four opposing votes. One hundred and five persons voted in support of the proposal.

It also is proposed to start work on the Bethel project immediately.

CHARGES AIRD IN PITT COURT

Several White Defendants Tried as Hearings Resumed

Wheels of justice turned slowly, but surely, before the noon recess was taken in Pitt County court today, but the docket will likely be completely some time this afternoon.

W. H. Jones, white man, was convicted on three separate charges. They included assault, operating a motor vehicle while under the influence of liquor, and damaging personal property. He was ordered to serve two years on the assault charge; six months for driving while drunk, and 60 days for damaging personal property. The sentences were arranged to run concurrently. Appeal was taken to Superior court and bond was set at \$100.

C. L. Whitfield, white, convicted on a charge of abandonment, was sentenced to serve six months on the roads, sentence suspended upon condition that the defendant make a monthly payment of \$15 to his wife. The case was appealed to Superior court and bond was set at \$100.

Jim Buck, white, and George Grimes, Negro, both charged with assault with a deadly weapon, were adjudged not guilty.

The tribunal resumed sessions this morning after having been in summer recess for several weeks.

Young Boy Held For Stealing From Auto

J. C. Baker, 13-year-old Greenville youth, today was turned over to juvenile authorities after admitting that he took four dozen pocket knives and a 22 calibre rifle from the automobile of H. B. Keck, Greenville salesman, Sunday afternoon.

The youth, nabbed by Greenville police, said he hid the articles behind a chicken coop after taking on the Bethel project immediately.

Dozen Assembly Members Are Ineligible For Session

Reflector Bureau Raleigh, Aug. 2.—At least a dozen of the 170 legislators who comprised the 1937 regular session membership will be ineligible to serve in the special session which convenes next week. One member of the House is dead, while others will be disqualified by the "double-office holding" provisions of the state Constitution and the statutes for such cases made and provided.

Furthermore those who are on the borderline in this respect are liable to be implicated for \$200 or more. If they take a chance, serve in the session and are thereafter judicially determined to have been ineligible, they will be unable to serve, or about whose status there is doubt are Benton Stacy, now director of purchase and contract; E. V. Webb, member of the State Highway and Pub-

lic Works Commission; Archie Gay, member of the State School Commission; A. Hall Johnston, now a Superior court judge; and W. B. Rodman, Jr., of Washington, a member of the Unemployment Compensation Commission's Advisory Commission.

Stacy, Webb and Johnston are undoubtedly "out"; whether the others are eligible to serve remains to be determined.

On the House side, R. H. Rouse of Kinston has died. Both Coopers have public jobs. Thomas of New Hanover as Wilmington's mayor, "Light Horse" Harry of Cherokee as a Federal attorney in "Washington," Lack McBryde of Cumberland is a trial examiner for the National Labor Relations Board; Vincent Leary, Camden, and Mrs. Charles Hutchins Yancey, are probation officers; (Continued on page six)

BORDER CLASH ON BIG SCALE

Soviet Charge d'Affaires in Tokyo Instructed Warn Japan of "Possible Terrible Consequences" Following Most Serious Dispute in Long Series of Skirmishes

Moscow, Aug. 2.—(AP)—The Soviet government instructed its Charge d'Affaires to Tokyo today to warn Japan of "possible terrible consequences" of an invasion into Russian territory, a consequence of the most serious frontier fighting since the beginning in 1931 of a long series of boundary incidents.

Foreign military observers had viewed the current border trouble as likely to be only another of indecisive disputes when it started July 11, but the large-scale battle over the week-end inspired a far more serious outlook today.

A Soviet communique said that more than 400 Japanese were killed or wounded and 13 Russian soldiers were killed and 55 wounded. (Japanese versions estimated Russian casualties at 600.)

Tanks, airplanes and artillery were utilized. (Tokyo dispatches said 50 Soviet planes bombed Japanese positions, and the fighting centered about Changkufeng hill, on the Siberian-Manchoukuo-Korean border area, thus defined and poorly mapped.)

Both Russia and Japan claimed sovereignty over the disputed territory. The Russian account charged that Japanese forces invaded Soviet territory a distance of two and one-half miles before being driven back, but that Soviet troops did not pursue them across the Manchoukuo border.

The Russians captured five artillery pieces and 14 machine guns and lost a tank and field piece. One Soviet plane was brought down, the communique admitted, and the pilot was captured. (Japanese listed five planes shot down, four of them in Japanese Korea.)

Until the communique there had been little public mention of the dispute with Japan.

Dewey Cites High Justice Officials

New York, Aug. 2.—(AP)—District Attorney Thomas Dewey today named former District Attorney William C. Dodge, an active city magistrate as having been involved in bribes or intimidations in connection with the late Dutch Schultz, multi-million dollar policy racket.

In addition to Dodge, Dewey named Magistrate Hulon Capshaw and the late Magistrate Francis Irwin.

The naming of Dodge came as a sensation. Dodge, a former district attorney and magistrate, long has been a power in Tammany Hall.

A special detail of police guarded the crowded court rooms. J. "Dixie" Davis, former Schultz attorney and co-defendant with J. J. Hines, estrawful powerful Tammany leader, appeared to enter his plea. They are accused of conspiracy in the policy racket.

After Dewey had filed the bill of particulars, Davis stepped forward and said "I plead guilty."

The charge was conspiracy and contriving a lottery. Dewey announced last week that Davis had agreed to turn state's evidence and would appear as a prosecution star witness.

Birth Announcement.
Mr. and Mrs. H. B. Drumm announce the birth of a son, Gerald Thomas, on Friday, July 29th, 1938, Pitt General Hospital.

Bullock-Waters.
On Monday evening, August 1st, Miss Mary Louise Waters of Jamesville and Greenville, became the bride of Mr. James Raymond Bullock of Bethel and Greenville. The ceremony, which was marked by simplicity, was performed by the Reverend W. A. Ryan, pastor of the Eighth Street Christian Church of Greenville, at the home of Mrs. W. K. Hurst. Only intimate friends of the couple were present for the occasion.

The bride was becomingly attired in a dress of navy blue lace, with shell pink trim. Her accessories were of matching blue, and she wore a corsage of tulle and roses.

Mrs. Bullock is the attractive daughter of Mr. and Mrs. Warren Waters of Jamesville, N. C. Before her marriage she was employed in Greenville.

Mr. Bullock, the son of Mr. and Mrs. J. H. Bullock of Bethel and Greenville, is connected with the General Electric Appliance Company of Greenville.

After an extended wedding trip through the north central states and Canada, Mr. and Mrs. Bullock will make their home in Greenville.

Collins-Zubiller.

State Firemen Meet
Atlantic Beach, Aug. 2.—Delegates to the 51st annual convention of the North Carolina State Firemen's Association August 8-12 at New Bern will be entertained here next Monday night, August 8, at a gala dance, with fireworks display, as the opening social event in their honor.

Music for the occasion will be furnished by Ray Belaire with his New England Airs. Featuring the vocalist extraordinaire, Lucille Doran. The orchestra is one of the most popular in New England and New York clubs, hotels and colleges, and proved such a favorite at Tanttilla Garden, Richmond, and Myrtle Beach S. C., that it was held over an extra week at both places. There are eleven artists, famous for an ultra-smart swing type of music, smooth and melodious but at the same time modern.

The coastal section next week will have its first annual Coastal Festival and Water Carnival, with beauty contests and boat races, August 10-13. The coronation ball will be held Friday night at the beach casino.

Seeing Through My Windshield

RECIPES
The following recipes were contributed by Miss Ethel Nice, Home Demonstration Agent of Pitt county: **TOMATO CATSUP**
Select re-ripe tomatoes. Small and broken fruit, which will not do for canning, may be used, if it is sound and red. Any green or yellowish parts of fruit will make a catsup inferior in flavor and color and not good for market. Use whole spices tied loosely in a bag while cooking, and remove before bottling to prevent darkening the product.
Cook the pieces thoroughly, put through a colander or sieve, saving all pulp, and measure. For every 2-2 gallons of pulp use the following:

2 cups finely chopped onion, 3 teaspoons cloves, 3 teaspoons cinnamon, 3 teaspoons red pepper, 3 teaspoons allspice, 1 tablespoonful

ground black pepper, 1-2 cup sugar, 1 cup salt, 1 quart vinegar.
Boil all ingredients in a porcelain kettle until the mixture thickens. Add hot vinegar and boil for 30 minutes more. Pour boiling catsup into sterilized bottles and cork immediately. Use new corks.
This recipe will make 22 twelve-ounce bottles of catsup.

WATERMELON RIND SWEET PICKLE
7 pounds prepared watermelon rind, 3 pints vinegar, 4 pounds sugar, 3-4 ounce cloves (whole), 2 sticks cinnamon, 11-2 ounce ginger root.
Prepare 7 pounds of rind. Remove the green part and cut out the pink of melon until the rind is firm. Cut these pieces into uniform strips 1-1/4 inches wide and 2-1/2 inches long.
Let stand overnight in weak brine. Rinse and scald until tender in alum water. (2 level teaspoons powdered alum to 1 quart water). Rinse again in cold water.
Place in porcelain lined kettle, add vinegar, sugar, cinnamon, slightly pounded ginger root, and spice in bag. Cook until rind is tender. Place in jars, seal, and allow pickle to stand 6 weeks before packing into commercial jars. Remove spice bag after 3 weeks. Process packed jars 15 minutes.

GINGERED PEARS
10 pounds pears, peeled and quartered, 4 ounces ginger root, or 2 level tablespoons powdered ginger, 71-2

HAS BIG BIRTHDAY

Rotary To Meet at Beach
Atlantic Beach, Aug 2—The 27th annual district Rotary assembly will be held Thursday and Friday of this week at Atlantic Beach, about 75 club presidents and secretaries being expected to attend the school for Rotary principles and plans. It has been announced by Irvin Morgan, Jr., of Farmville, district governor.

Junius Rose, Jr., celebrated his ninth birthday yesterday, Monday, August 1st, by having his picture taken with Governor Clyde R. Hoey in the executive offices in Raleigh. Young Rose was undoubtedly the most thrilled youngster in North Carolina at the unexpected honor that came his way. He accompanied his father, Supt. J. H. Rose, who attended an official meeting of a commission to study the public school system, held in Raleigh yesterday.

Butchers Gyp Selves

Tulsa, Okla.—(AP)—The last thing that W. Hillinsworth, Tulsa's new inspector of weights and measures expected to find was a butcher who gave his customers too much weight.

But, setting out on his new job, he discovered that about half of the scales did not weigh accurately gave the customer too much weight; the other half short weighted the buyer.

SEES CORRUPT LIVING AS STIMULANT TO DISEASE

Loma Linda, Calif.—(AP)—"Corrupting habits" are endangering the human race, says Dr. George Thomason of the College of Medical Evangelists here.

In spite of effective attacks on infectious diseases, says Dr. Thomason, "a high mortality rate still obtains from diseases representing tissue degeneracy, largely due to pernicious and vicious habits of living."

PROFESSOR UNCOVERS COLONY OF RARE BEETLES

Kingsville, Tex., (AP)—In 14

years of search for the black marking beetle, Prof. O. C. Brown of Texas A. and I. college never had found more than five in any one colony until a recent trip.

Then he discovered 19—more than he had obtained in previous finds combined—under driftwood on an island in Corpus Christi bay.

The life history of the beetle has not been defined and is one of entomology's major question marks. In 1919 the U. S. bureau of entomology offered a prize for complete information on the bug but the reward has never been claimed.

All Coastal Plain Clubs Have Chances Be In Play-Off

LEAGUE CRIEFS TAKE ACTION

Four Tail-End Clubs Given a Percentage Standing of .519, Which is Just Eight Games Out of First Division; Decide On National Association Rules for Next Year

Last glowing embers of certain clubs in the Coastal Plain baseball league were rekindled at Tarboro last night when baseball officials of the league took action to put a foundation under clubs that were gripped in the tentacles of league rulings as related to the status of players.

One of the major decisions of the group last night was to award the four teams farthest out of the first division enough games to make their standings 41-38. These teams

were Greenville, Ayden, Goldsboro and Williamston. As a result of this action, Greenville now remains only eight games from fourth place, and 11 1/2 games from a top-place rung in the Coastal Plain league ladder. If the locals can progress to a fourth place berth, they have an opportunity to compete for pennant-honor eliminations.

During the meeting, Goldsboro suggested that the league be disbanded. G. V. Smith, president of the Greenville club explained the advantage and asset of a baseball team to a town, following which no vote was taken about disbanding the league. Kinston's motion that all games forfeited due to league rule violations be returned, was voted down. It was the opinion of those in attendance that the most logical route to pursue would be to work out some ways and means for offsetting clubs to get into the race again. It was revealed that the deadline

Stokes and Everetts Split Double-Header

Stokes, August 2—Stokes and Everetts divided a double-header here Saturday Stokes winning the first game behind the three-hit pitching of Lefty Roebuck, 5-3, and Everetts copping the five-inning nightcap, 2-0. In the opener, Roebuck struck out 19, and one of the three Everett hits was of the scratch variety. Harold Fleming, Stokes hurler, allowed but one hit in the finale.

Kinston's motion that all games forfeited due to league rule violations be returned, was voted down. It was the opinion of those in attendance that the most logical route to pursue would be to work out some ways and means for offsetting clubs to get into the race again. Hop Goldbug Pitcher in First Frame For Winning Tallies

Goldsboro, Aug. 2—Don King betsed Pete Rehkamp in a mound argument here yesterday afternoon, and Greenville took a 3 to 2 victory over Goldsboro. Don had the Bugs well under control, and yielded but six hits. He was at his best in the pinches. The Greenies got to Rehkamp in the first inning, but Pete settled down to end up with a total of five hits yielded.

An error by Pawlock, a walk to Simpson, and a single, sandwiched around a couple of infield outs, gave the Greenies all of their runs. The Goldbugs scored in the 5th on singles by Ball and Dirmann and a fielder's choice. Earl Hahn hit a homer in the sixth for the Bugs' other marker. The game yesterday was played to make good a rained-out contest.

Doight Morris, former Wake Forest athlete, paced the teams at bat with a single and a double in two trips to the plate. The box:

Purebred Swine Sale Aiding Hog Industry

Raleigh, Aug. 2—The sale of purebred swine during fat hog sales is aiding in building a stronger hog industry in North Carolina. H. W. Taylor, extension swine specialist at State College said today. "This is one phase of our extension swine marketing program that we are encouraging," Taylor said. Through this means, we are able to distribute a large number of purebred animals with a minimum of time and effort. Dozens of progressive swine breeders have been able to strengthen their herds within the past twelve months as a result of these sales.

Baseball's First 99 Years

BY GARDNER SOULE
HEY! WHAT'RE YOU DOING IN THE ROWS POSITION—THE BLEACHERS? YOU NEVER CAN TELL THEY WON'T GET UP HERE!

IN 1876 there were 10 men on a side. The tenth, a right-shortstop, ordinarily backed up the infield. But he had a roving commission, and was likely to be found anywhere on the field—even backing up first, or playing in foul territory.

RAIN AT NEW BERN
Persons returning from New Bern late this afternoon said that rain broke up the scheduled New Bern-Greenville baseball game at that place in the first inning. The Bears come here tomorrow for a double-header, the first contest to begin at 2:30 o'clock. The Greenies hope to take both games and improve their standing.

Eddie Loses Again

Eddie Williams lost his return match with the Masked Marvel at the wrestling show at the Armory last night, and although fans stood tense on the sidelines, none entered the ring in support of their favorite, who was being "downed" by the "big bad man." In the other match of the evening Chin Lee won over Farmer Miller in a rough battle.

Eagles Take Double-Header Froo Aces

Kinston, Aug. 2—Kinston swept a double-header from Ayden, 5-2 and 6-2, here Monday. The locals started Ed Hurley in the first game, but he was relieved in the sixth by McMullan, who received credit for the victory. The Eagles scored two runs in the fifth as the result of singles by Southworth and Crouch, a double by Wyrostek, a walk and an out-field fly. Kinston came in the home half of the eighth with three runs, by mixing Paton's single and Stringfellow's double with a sacrifice, an error and an infield out. Kinston won the nightcap with a five-run burst in the fourth. Wyrostek doubled, advanced on Paton's infield out, and scored on Stringfellow's single. Crouch doubled and West walked to fill the bases. Stringfellow came in on Holt's infield out, and Kratzer's triple scored Crouch and West. Kratzer came in on an error. Stringfellow and Crouch, each with two for four, paced the locals in the opener. Kratzer batted 1.000 in the nightcap, with two triples, a double and a single. The two clubs are playing a double-header at Ayden today—which has been designated as "Ladies' Day." Snow Hill Triumphs Over Martins Again

Williamston, Aug. 2—Snow Hill made it two in a row over the Martins by taking a 3-1 victory here yesterday. The game was featured by a pitchers' duel between Snow Hill's Cecil Longest and Williamston's Bill Averette. Each allowed seven hits. Longest struck out eight. Big Jim Tatum sent in the winning run—after Joyner had singled. Tatum tripled and came home on an infield out. The locals' only run came with a walk to Bowen and successive hits by Lakotas and Averette. Joyner and Tatum paced Snow Hill batsmen, while Shipway was the only Martin to collect two hits. Lakotas, with eight chances, featured the field. Score by innings: R H E

Tarboro Horse First In Bay State Classic

Agawam, Mass., Aug. 2—(AP)—Blackstone, driven by the veteran Dr. Hugh Parshall, today walked off with the feature grand circuit race, The National, at Agawam Park. Blackstone, black colt, which has been one of the outstanding pacers of the season, won the first heat in 2:07 and covered the second mile

heat in 2:08.1. Duke of York turned the contentions in both heats. Blackstone, topflight 2-year old pacer, is owned by Ben J. Mayo of Tarboro, N. C. During his previous starts last month, Blackstone was cheated out of possible victories because of rain. At Old Orchard Beach, Me., Blackstone won the first heat of the 2-year-old headline event, and then a downpour halted the program. Rain continued until the grand circuit

moved here. Last Friday, Blackstone captured the first heat in the featured "The American," and again rain halted the day's racing.

NEW PROGRESS IN SANITATION

More Than 140,000 Privies Built in This State

Raleigh, Aug. 2—More than 140,000 privies, involving a total cost in labor and materials of \$3,804,200 have been built in North Carolina in connection with the Community Sanitation Program. It was announced today by Dr. Carl V. Reynolds, State Health Officer.

This program sponsored by the State Board of Health, is carried on in the co-operation with the Works Progress Administration, and with the United States Public Health and property owners.

outstanding service to the State of North Carolina," Dr. Reynolds said. "It furnishes sanitary conveniences to a class otherwise unable to secure them, but its major importance is that it aids in prevention of typhoid fever and other diseases which may become prevalent thru absence of adequate sanitary facilities."

The program was launched during CWA, continued in co-operation with ERA and reached present proportions as a co-operative project with WPA. During the six months from January 1 through July 2, 1938, 18,983 units were built at an average cost of \$29 for labor and material, plus 99 cents for supervision, which is the lowest of any state whose figures have been tabulated.

During the past six months, total expenditures in North Carolina were \$550,543.45, including \$256,080.40 for labor and \$294,463.05 for materials.

MODES of the MOMENT

ROUND the neckline of a simple white summer frock goes this hand-crocheted collar to sound a gay note in accents. Its central theme is turquoise solid crochet and its trim brown cross-stitch embroidery. The brown felt gaucho hat is chin-strapped chain-fashion with turquoise grosgrain ribbon.

DOZEN ASSEMBLY MEMBERS ARE INELIGIBLE FOR SESSION

(Continued From Page One)

Webb Williams, Pasquotank, is a member of the state ABC board; and R. A. Patton, Macon, served as an investigator for the Unemployment Compensation Commission.

It probably won't do any of these any good if they have already quit their jobs, or if they should immediately quit them. The State Supreme Court has held that im-

mediately an office holder qualified for a second office he "ipso facto" vacates his first office and a subsequent resignation from the second office would not return him to the status of holding the first.

This Patton, if the U. C. C. place made him ineligible has not had his eligibility restored by reason of the fact he is not with the commission now; and Senator Rodman's status as a state senator, if it has been lost, would not be restored

should he resign from the U. C. C. advisory board.

All questions of eligibility will doubtless be referred to Attorney General Harry McMullan, but his advice that a legislator is eligible would prevent suit and recovery for the \$200 forfeiture, if the courts differed from Mr. McMullan in their interpretation of the law.

Here's the statute (Sec. 3,200 which is a word for word copy of Article 14, Section 7 of the State Constitution): "No person who shall hold any office of trust or profit under the United States or any department thereof, or under this state, or under any other state or government, shall hold or exercise any other office of place of trust or profit under the authority of this state, or be eligible to a seat in either House of the General Assembly."

The very issue of the Code provides that if anyone shall violate this "double office holding" provision he "shall forfeit and pay \$200 to any person who shall sue for it."

Incidentally, the case of Rhodes vs. Love, reported in Volume 153 of the North Carolina Reports, at page 468, held that even a "clerk in the city works" or a "sexton" in a public office.

Chief moot point will be the ques-

Pitt Negro Schools On Accredited List

The offices of the Pitt County Board of Education was advised today that the Grimesland and Ayden Negro schools had been placed on the accredited list.

Farmville already was on the accredited list, making three of the

four Negro high schools in the county on the preferred list.

Schools are placed on the accredited list upon compliance with certain standards for teachers, equipment and enrollment, and average attendance.

Have You Tride a 7-Up Float?

A tall glass, a scoop of ice cream, fill up by pouring 7-Up from the bottle on the ice cream. Eat or drink part of it, then use the balance of the bottle. This makes a food and drink "Fresh Up" that simply delights everybody.

After drinking this, many people have been loud in their praise of the unusual taste sensation produced by 7-Up on the cream. It seems to make keener your taste, to make the cream taste better and to bring out the dainty flavors of 7-Up.

Just try a "7-Up Float." For party refreshments the 7-Up Float delights everybody. It likes everyone and everyone likes a 7-Up Float.

WANTED—TWO ROOM APARTMENT, and steels led the stock market today on a rebound that, while lacking real momentum, put leaders up fractions to three points or more at the best.

While the volume was larger than that of yesterday, transfers approximated 800,000 shares, the comparative meagerness of the turnover in relation to the wide distribution of advances was a little dizzy to recovery opponents.

LEAF GROWERS AWAIT ACTION

Daily rejected marketing quotas, and called for all marketing allotment cards "to be re-worked on a more equitable basis." A mass meeting endorsed the action taken earlier in the day by Gandler county tobacco committees. The growers passed a resolution asking an allotment of 900 pounds per acre for all producers. P. G. Daniel, owner of the Metter Advertiser, said the quotas were rejected because they "varied too widely between individual growers, ranging

Washington, Aug. 2.—(AP)

The administration hopes to bring suits attacking the constitutionality of tobacco marketing quotas invoked under the new program before the Supreme courts as early as possible. Attorneys representing the Agriculture and Justice departments will confer tomorrow in Valdosta, Ga., with lawyers for plaintiffs who have filed action in the state courts of Georgia and Florida contesting the validity of the sales allotment.

SCORE OPPOSE PETITIONS TO DISCONTINUE TRAINS

(Continued from page one) asking Ormond questions as the morning recess was ordered. Kerr asked about "big profits" the railroad made between 1900 and 1915; if the railroad had ever paid any "recapture taxes" to the federal government, and "is it not true that the taxpayers built and gave these lines to the railroad?" When Ormond said he could not answer the questions, Kerr said the railroads did make huge profits and that none of "the big railroads" ever paid any recapture taxes. Allen objected, contending "Congressman Kerr just has a speech under his belt and wants to get it off. I object to having the record cluttered with these matters which the judge must admit have no direct bearing on these cases." Kerr admitted his question should not bear on the branch line cases, except the last, but Utilities Com-
