

MAY 6 1968

MINUTES OF MAY STAFF MEETING
Psychology Department
May 6, 1968

The Psychology Department held its May meeting in EP 104 at 4 o'clock, May 6, 1968.

PRESENT: Prewett, Higgins, Martoccia, Kinzie, Rogers, Steinberg, Dixon, Mitchell, Long, McLain, Williams, Grossnickle, Fell, Stapleton.

Dr. Long, Chairman of the Graduate Admissions Committee, announced that 10 students have been admitted to the general-theoretical program and 17 to the clinical program. A list is attached showing the school they came from and the student's GRE scores.

Dr. Martoccia reporting for the Library Committee stated that Miss Brantley, a student helper who has been assigned to the Library Committee for the past 2 years, is not graduating as stated previously but is going to be away on an internship and he asked that a replacement for her be secured. He also said that it was not necessary to hold back orders for books simply because the budget had been expended as the library is behind in their orders and it would be sometime before the order could be processed.

Reporting for the Comprehensive Committee, Dr. Martoccia announced that the examination would be given May 11 and at that time those who failed it the last time should re-take it on this date, as well as some students taking it for the first time.

Dr. Long announced that none of the new clinical students planned to take it at this time. It was pointed out that the University's only requirement about time the examination should be taken is that a certain number of hours must have been passed before a student can take the comprehensive, with nothing being said of how long a student may delay taking it.

Dr. Rogers reported on some proposed changes for the graduate handbook. After a lengthy discussion Dr. Long moved that the Comprehensive Committee have another meeting to re-study the problem and the faculty be advised as to when and where the meeting would be held and invited to attend. At this meeting the problem would be thoroughly studied and a recommendation brought back to the staff. Motion seconded and unanimously passed.

Miss McLain suggested that the entire Graduate handbook should be re-done.

Dr. Grossnickle, Chairman of the Psychology 50/100 Committee, announced that a new textbook has been recommended for Psychology 50--Kagan and Havemann's Psychology and that this text be adopted beginning with the fall quarter. Motion made, seconded and unanimously passed that this report be accepted.

Dr. Prewett read a letter from William Schlenger, a graduate student, requesting that he be permitted to take Psychology 311G (Sensation and Perception) and Psychology 426 (Motivation) by examination. A motion was made and seconded that the Committee on Graduate Students' Programs be re-activated to take action on Mr. Schlenger's case. Miss McLain moved that the Committee's recommendations be accepted as final only in Mr. Schlenger's case. Motion unanimously passed as amended by Miss McLain.

Dr. Grossnickle made the following report from the Faculty Senate:

1. Is this Department in favor of having the semester system re-studied (not are we in favor of a semester system but simply in favor of having it studied)? Yes
2. Does anyone from this Department want to serve on the committee to study the problem? Yes
C. R. Dixon
3. Should the committee be appointed to investigate the exemption from finals for a student having a high grade? Yes

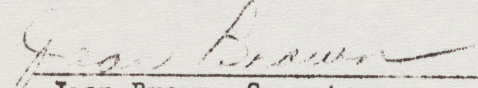

Dr. Prewett asked that the staff please return the faculty research cards either to the Departmental Office or directly to The Graduate School.

Dr. Prewett announced that Dr. Charles Moore, Dr. Stephen Tacker, Mrs. Julia Harris, and Dr. Boice Daugherty had signed contracts and would be joining the faculty in the fall.

Dr. Prewett asked if anyone knew of a person in the educational psychology area that might be interested in joining the faculty at East Carolina to please inform him.

It was announced that Dr. Spurgeon Cole would be leaving at the end of this term to join the faculty at Clemson and Mr. Graham Burkheimer would be leaving to begin his doctoral program the at The University of North Carolina at Chapel Hill.

The meeting adjourned at 5:30.

 Jean Brown, Secretary

 Clinton R. Prewett, Chairman

GRADUATE STUDENTS ADMITTED-1968

Name	School & GRE Scores	Area of Specialization
Audrey McCullen	ECU--500/650/	Clinical
Michael O. Posey	ECU--580/410/550	Clinical
John Childers	ECU--540-580-530	Clinical
Helen Cleveland	ECU--630/710	Clinical
