The safety of your items is our greatest concern.

We are dedicated to preserving and sharing the history of people, places, and events in Eastern North Carolina. We are honored that you are sharing your part of that history with us, and we're excited to help digitize your memories.

We hope you will allow us to preserve the digital images and share them online in our Digital Collections.

As a library, we try to make our collections available to everyone, whether they are on campus, in town, or around the world. If you allow us to add an item, you'll be listed as the item's donor (unless you don't want to be).

If you have questions, please ask!

I acknowledge that I own the items **to be digitized** and that digitization will involve physical handling of those items. I understand that there is a small risk that my items may be damaged during the examination or digitization process. I give permission for my items to be handled by representatives of Joyner Library, and I agree to hold the Library and its representatives harmless if any damage occurs.

I understand that information about my items, including the digital images, may be added with my permission to Joyner Library's Digital Collections to be preserved and made accessible to the public.

I grant the Library permission to make these items available to the public under a Creative Commons Attribution-NonCommercial 4.0 International License.
