Brother Moore

You need, I hold
and in reply would say
I dont exactly understand
what Mr Brady means by
paying the expenses — and
2500 = If he pays your
attorney fee and the other
expenses which you know
what they are — and I get
\$2500 Clear of any ^{+ all} expenses
to me I would rather do
that than to be bothered any
further with it — as the extra
trips and necessary expenses would
amount to 2500

Yours Truly
B. Riddick
